"This spring I took a cold which settled on my lungs. I had such a cough I could not rest at night. My friends, and I myself thought I had consumption.

"A friend advised me to try Peruna. I bought a bottle and wrote to you for advice. Before I had taken one bottle, my cough was better so I concluded to give it further trial.

"I followed your directions as closely as possible, and thanks to you and Peruna, I am a well woman to-day."

*Peruna never fails to prevent spring catarrh or nervous prostration, if taken in time.*

**Pe-ru-na Contains No Narcotics.**

One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind.

Peruna is perfectly harmless, if taken according to the directions on each bottle. So used, it can be taken any length of time without acquiring a drug habit.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh.

There are a multitude of homes where Peruna has been used off and on for twenty years.

Such a thing could not be possible if Peruna contained any drugs of a harmful nature.

Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, O.

# MARKET REPORTS.

## Liverpool and Chicago Wheat Futures Closed Higher—Live Stock Markets—Latest Quotations.

Friday Evening, May 17.

Liverpool wheat futures closed to-day ¼d to 1¼d higher than yesterday, and corn futures ⅜d to 1d higher.

At Chicago, May wheat closed 2⅝c higher than yesterday, May corn 1⅛c higher, and May oats 2½c higher.

**Winnipeg Options.**

Following were the closing quotations to-day on Winnipeg futures: Wheat—May 92½c bid, July 86⅝c bid. Oct. 95⅜c bid. Oats—May 39c bid, July 40c bid.

**Leading Wheat Markets.**

Sheep and Lambs—Receipts, 4000; firm to 5c higher; sheep, $4 to $6.25; yearlings, $5.40 to $6.75; lambs, $6.25 to $7.60.

**Two More Dreadnoughts.**

London, May 18.—Orders have been received at the Portsmouth and Devonport dockyards to lay the keel of a battleship of the Dreadnought type in each yard as soon as the battleships Temeraire and Bellerophon, now in course of building, have been launched.

They will be launched in August next.

**Chief of Police Shot.**

Monessen, Pa., May 18.—Thomas Guest, chief of police of Bellevernon, three miles from here, was fatally shot Thursday night by William Cates, his predecessor.

Chief Guest arrested Cates on a charge of disorderly conduct. While searching him at the jail Cates suddenly drew a revolver and fired a bullet into Guest's forehead. Threatening James Frost, another officer, Cates escaped from the jail to Main street, where he began firing at everybody he saw.

**Engineer and Conductor Killed.**

Oil City, Pa., May 18.—A work train on the Pennsylvania Railroad going north from this city to Warren, left the rails near Tidioute, Pa., while running at a high rate of speed, yesterday. The engine and seven cars plunged over the embankment. Engineer O'Flaherty and Conductor Malone of this city, who were in the cab of the locomotive, were caught in the wreck and killed. The cars were piled on the engine. The road was tied up for five hours.

**Chinese for Railway Navvies.**

Mexico City, Mex., May 18.—A despatch from Guaymas says that the steamer Maori King has arrived here with 1,200 Chinese and 300 Russians brought to this country to work on the Guadalajara extension of the Southern Pacific.

During the trip across the Pacific 20 Chinese were killed in a riot on the vessel.

**Crushed to Death.**

Lucknow, May 18.—Yesterday morning James, the eldest son of Peter Torrance, was engaged in rolling in a field, when the horses, frightened by a passing train, became unmanageable and ran away, crushing him to death. He was 24 years old.

**Ravages of Plague.**

Simla, May 18.—The Government returns published yesterday show that the deaths from the plague throughout India for the six weeks ending May 11 reached the appalling total of 451,892. In the Punjab alone 286,777 deaths occurred.

**Found on the Prairie.**

Battleford, Sask., May 18.—Rev. A. Rapson, a Presbyterian missionary in the Swarthmore district, was found in an unconscious condition on the prairie and brought to the hospital here Thursday.

As he is still unconscious little is known of the circumstances of the case.

India has hundreds of dialects, which may all be classed under three great heads—the Sanscrit, Pracrit and Magadhi. The Sanscrit is the fundamental language and that of the Vedas, the Pracrit the vernacular language in many dialects and the Magadhi or Misra is that of Ceylon and the islands.

Girlhood and *Scott's Emulsion* are linked together.

The girl who takes *Scott's Emulsion* has plenty of rich, red blood; she is plump, active and energetic.

The reason is that at a period when a girl's digestion is weak, *Scott's Emulsion* provides her with powerful nourishment in easily digested form.

It is a food that builds and keeps up a girl's strength.

ALL DRUGGISTS; 50c. AND $1.00.

# Do Our School Children Need Medical Examination?

## Other School Boards Have Appointed a Health Examiner and Hidden Diseases Were Found Rampant---Local Board Have Discussed the Matter---Rochester and New York's Results

At the last regular meeting of the Board of Education, in regard to the question of the inspection of the scholars' sight, promoted by Mr. Pringle, Mr. W. H. Hill suggested that the duties of the inspection be more comprehensive. He considered that to a great extent the children were backward in their studies through physical imperfections, and diseases, that the parents were perhaps unaware of. He favoured a broader movement than the mere examination of the children's sight and strengthened his remarks by giving specific examples of marked improvement in the work of children who had been treated by Health Officers. At present the Board of Education in Montreal are discussing this question and other cities have instituted the movement.

**New York's Scholars**

Mr. Hill read the following to the members of the Board as to the results of examinations in New York.

"John J. Cronin, M.D., in the Review of Reviews for April, depicts the beneficent results of medical examination of children in the public schools of this city since the department of health appointed a corps of School Medical Inspectors in 1897. This staff was enlarged under Mayor Low in 1901, a body of trained nurses was added, and the daily visits of inspectors was supplemented by weekly physical examinations of all the classes, defective pupils being singled out and notices mailed to parents, in which abnormal conditions of blood, spine, eyes, teeth and so on were indicated for reference to family physicians. Under this system the percentage of sick and defective children were found to be very high, as these figures indicate:

Of 12,240 children examined in the schools in the Borough of Manhattan from March 27, 1905, to Sept. 29, 1906, 65,741—or about 65 per cent.—needed some form of medical treatment. Of these 92,240 children, about 30 per cent., (30,358) required correction of defects of sight, in most cases by eyeglasses. A still larger percentage (50,778) needed attention to their teeth. There were 38,273 children with swollen glands in the neck, indicating some present or past trouble in the throat, nose, ear, or some abnormal constitutional condition. Enlarged tonsils, with their baneful effects, including liability to tonsilitis and diphtheria, were found in 18,131 children. About ten per cent of all the children examined, (9,950) were found to have adenoid growths in their throats—a condition which predisposes to affections of the ears, the nose and the lungs, and which interferes most seriously with the child's general health and mental development.

As a direct result of notifications sent to parents, Dr. Cronin says that 8,000 children have been fitted with glasses, and the subsequent improvement in their school standing has gratified principals and teachers. The children themselves appreciate the value of the examinations. One little girl in a school on the lower east side came triumphantly to school with the report: "I have got glasses; I had my tonsils cut, and my ringworms cured."

Dr. Cronin remarks upon the benefit, both mental and physical, to children operated on for obstructions of the throat; his article is accompanied with photographs of children "before and after" the operation for adenoids, in which the contrast between gaping, listless expression and brightened countenances is considerable. They breathe better sleep sounder, have keener appetites and sharper hearing, all of whist, of course, reacts favourably on their school work.

In the special classes for "backward children" of Public School 110 it was found that 95 per cent. had adenoid growths. Among 83 truants examined in the Truant School, 87 per cent. had physical defects, mostly remediable. The records of the Children's Courts of this city and of Chicago disclose 85 per cent. of youthful criminals as physically defective. Children who leave school early and become "wage slaves" are uniformly of the defective class, actual poverty being the cause of their seeking employment "in but a very small proportion of cases." The solution of the child labour problem lies fundamentally, it appears, not in schemes of legislation, but in conveying medical advice to parents before their children leave school prematurely."

An account was given in a previous issue of the Examiner of the discussion of the question which seemed to meet with the approval of the rest of the members. No action was taken at the time, the matter being left over for further consideration.

**Rochester's Results**

It may be interesting to those connected with the Public Schools and also to the public in general to learn that the results in Rochester have been highly successful and beneficial, not only to the pupils themselves, but also to the various schools.

The Rochester Post has the following regarding this subject:—

Although little has been said in a public way concerning the work of the Rochester Public Health association, it is evidenced at the clinics held for school children that the results are going to be gratifying. Specialists give their time gratis to clinics on eye, ear, nose and throat diseases and on dentistry, children being sent by the public school principals, by physicians and by the health officer.

In summarizing the cases that came to his notice under such conditions, Dr. F. W. Book said: 'Between January 1st and May 1st I examined 164 children of the average age of 10 years. Of this number 145 had enlarged tonsils, 136 had adenoids, 46 often had earache, 18 had discharging ears, 29 had tympanic membranes with acute inflammation sufficient to rupture or lower their activity, 45 had reduction of hearing, 32 had less than normal hearing and 3 were deaf. Of this number of children, 82 had bad teeth and 6 only had good teeth. Such cases are treated at this institution without charge if desired and the children derive great benefit from our work."

Dr. Snell, eye specialist, speaking to some of the school principals, at one of the clinics, said tests of vision of pupils should be made with each pupil alone, because the replies made by one pupil to questions asked would probably be repeated by other pupils who were examined afterwards.

At public school 15 is a class of pupils who are assembled from schools throughout the city and who are backward in their studies because they suffer from some disease of the ear, eye, nose or throat. Parents of these children have consented to having them treated by members of the health association, under whose observation the children will be held for some time, or until their troubles are corrected."

From the above it is apparent that the movement is rapidly increasing and is also necessary in every school; and judging from the good results it is only a matter of time before Medical Health Officers will be on duty in every school.

# Improvements Completed At The Charlotte Street Park

## Little Beauty Spot Has Been Enclosed by Fence and Other Improvements Made—Presents a Good Appearance.

## ATTENTION IS NEEDED

The special committee of the city council have completed the work of improving and protecting Park Place, the little triangular space left at the junction of Charlotte, Downie and Park streets, and the junction of the street railway tracks. The ground has been raised several inches, levelled and seeded to grass. The space has been surrounded by a wire fence, supported on substantial cedar posts, and provided with gates. Though this enclosing medium is somewhat suggestive of a farm fence, it certainly has the merit of affording a good protection for the young trees, and if the boys can only be persuaded to forego the practice of slack wire performances, the trees will have a chance, and in a few years Park Place will become one of the beauty spots of the city.

It might have been this to-day, if care had been taken of the plot since it was first roughly levelled and planted with trees. It would be interesting to know how many times trees have been planted on this plot, only to be neglected and given over to destruction, which came swiftly when no protection was provided. Some time after the first trees were planted, elms planted in other parts of the city, especially the beautiful elms in Victoria Park, now towering aloft, some of them forty feet, have trunks more than a foot in diameter. It is a great satisfaction to see Park Place put in a way to become a beautiful feature of the vicinity. The occupants of residences facing upon this little park are to be congratulated upon having so desirable an outlook reasonably assured; but in default of the city doing its duty towards this little park, they will be looked to, to see that it is henceforth protected, and it would be as little as they could do to club together to keep it in order—watered and mown. The same applies to the residents in the vicinity of the little grove and lawn at the corner of Park and Hunter streets west. The trees are thriving, the grass well grown, and its only needs a little attention to ensure its beauty, and make it a fine resting place.

# Music and Drama

Tuesday evening, May 21st. Mons. Mercier, of Paris, France, appears in the Grand opera house. He is considered one of the finest tenors in the world, ranking only with Caruso and Bonci; he has as yet only appeared in Toronto, Quebec and Montreal. Over 850 people were turned away in Quebec, standing room being $1. Mons. Mercier is a Canadian born, being well known in Toronto. Mons. Mercier was chosen from 41 applicants to fill the leading tenor roll in all the Grand Operas in "L'Opera Comique," the home of grand opera in Paris.

By Mons. Mercier's special request Mrs. W. J. Morrow will accompany him as well as contribute two piano solos.

Two of Peterborough's popular vocalists, Miss Lavina Hallihan, soprano, and Mr. John King, basso, will contribute numbers.

**"EAST LYNNE"**

Local theatre patrons will be afforded an opportunity next Wednesday at the Grand opera house, of witnessing a highly artistic and enjoyable presentation of the greatest emotional drama, "East Lynne," by Joseph King's New York company.

The intense scene in which the unfortunate heroine's child breathes its last is the supreme dramatic moment of the play. The performance throughout is maintained at a high standard of artistic excellence.

Nothing has been left undone in the way of scenic aids and accessories and competent stage direction will insure a harmonious performance.

**SHAMUS O'BRIEN**

Tom Marks kept a large audience in rounds of laughter at the Grand last night in the title role of Shamus O'Brien, in the Irish comedy drama of the same name. There was a continuous round of fun with a trace of pathos to counterbalance it. Mr. Marks has pleased the Peterborough public and should be greeted with a good house to-night. The specialties were also of the pleasing character, the musical portion being particularly good. Mr. Marks announced that the prize of any dress in Richard Hall's window will be given to the holder of the lucky coupon after the performance to-night.

**OUR STOCK OF MOUNTED DIAMONDS**

was never so large, and for variety it is unexcelled. It also includes other precious stones in combination with the Diamonds making our stock the most attractive we have ever placed before our customers.

**Diamond Rings, $5.00 to $300.**

**Schneider**
JEWELLER and OPTICIAN
Issuer of Marriage Licenses.

## DOES YOUR SCALP ITCH

**Are Your Hairs Dropping one by one**

If your scalp itches you are doubtless suffering from dandruff. The dandruff germ is digging up your scalp in little flakes, called dandruff, and sapping the life of the hair bulb. No hair preparation that is a mere hair stimulant and tonic will cure dandruff, because it won't kill the germ that causes the trouble. Newbro's Herpicide is the latest scientific discovery, and it will kill the dandruff germ. Destroy the cause and you remove the effect; kill the germ and you will have no more dandruff, falling hair or baldness.

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. The Market Drug Store. Two sizes—50c and $1.

## NEW ADVERTISING AGENCY IS FORMED

**Penfold Advertising Company, a Young and Enterprising Firm in Montreal —Places Much Advertising**

A new advertising agency, established two months ago in Montreal, is The Penfold Advertising Co.," No. 107 St. James street, of that city. It is headed by Frank J. Penfold and W. Victor Thompson. For several years Mr. Penfold was advertising manager for E. H. Gay & Co., Montreal. Mr. Thompson was connected with the "Hampton Advertising Agency," of New York City. This agency has already secured some good business, no doubt by their thoroughly up-to-date methods of handling an advertiser's business. The following is a partial list of the different advertisers whose business they are now placing: "Messrs. Dryerlter's, Limited," "Mother's Favourite Soap Co.," "Dominion Tobacco Co.," "Sweet Violet Co.," "Paradise Smoking Tobacco," "Bodes' Chewing Gum," "N. W. Harris & Co., Boston"; "Royal Securities Corporation," "Underwood Typewriter Co.," "H. H. Gay & Co."

## RETURNED FROM A VISIT IN MONTREAL

**Mr. and Mrs. R. J. Winch Spent Some Weeks in the Eastern Metropolis — Attended Torrey's Meetings**

Our respected townsman, Mr. R. J. Winch and Mrs. Winch, have just returned from Montreal, where they spent some weeks visiting their children, Mr. C. H. Winch and Mrs. F. W. G. Johnston, who are residents of that city. Mr. Winch is quite enthusiastic over the evangelistic services which have just closed and which were conducted by Rev. Dr. Torrey, of Philadelphia. These meetings were attended by great crowds and were held in St. James' Methodist church, of which Rev. Dr. Young, formerly of this city, is now pastor. The building will seat over 2,000 and was crowded every night, many being unable to gain admission. On Sunday nights the main building was reserved for men, while the lecture room, seating one thousand, was crowded with women. Miss Parker, Dr. Torrey's secretary, addressed the latter. A very attractive feature of the service was the music. A large choir of over 200 voices led by Mr. Butler, gave a song service before and after the meeting each evening, and resulted in much good. Something over 2,000 conversions were reported. The meetings were union services and quite a large number of the ministers of the city were in attendance.

# Big Bargains in Wall Paper

THE **PETERBOROUGH BOOK STORE**

*Have convinced buyers that it pays to come to us, whether it is ONE ROLL that is wanted or ONE THOUSAND ROLLS. ## SUCCESSFUL CONCERT AT ALL SAINTS'

**Women's Guild Raise Funds for Erection of the New Church**

The ladies of All Saints' church are proving that it is their greatest desire to have a new church built, by making special endeavours to raise the necessary funds. Last night they held a successful concert in the Sunday School room and realized a good sum. There was an encouraging attendance and everything passed off pleasantly and an enjoyable time resulted.

Rev. Wm. Major presided as chairman and introduced the musical numbers with an address in which he stated that he hoped it would not be long before the new edifice was well under way. The young men, he said, were taking an active interest in the project while the ladies were surpassing their former efforts. The programme was as follows:—

Piano duet—The Misses Gladman.
Song—A E Wilson.
Mandolin Sextette.
Recitation—Miss Montgomery.
Song—Miss Edwards.
Comic song—Mr. Coleman.
Song—Miss M. Fanning.

Part II.

Piano duet—The Misses Gladman.
Duet—Messrs. Fowler and Wilson.
Song—Cyril Devey.
Recitation—Mr. E. A. Roe.
Song—Miss Edwards.
Recitation—Gertie Lebar.
Comic song—Mr. Coleman.

God Save the King.

Light refreshments were served by a number of the ladies which was not the least enjoyable portion of the evening's entertainment.

**PILES** Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. 60c. at all dealers or EDMANSON, BATES & Co., Toronto.
DR. CHASE'S OINTMENT.

## CITY COUNCIL'S ACTIONS WITH THE "OCEAN WAVE"

**"Fair Play" Writes the Examiner—Thinks Market Clerk Has Been Given Unfair Deal**

To the Editor of the Examiner:

Dear Sir,—I have been informed that the city council or some of its members have treated the local market clerk very unfairly with regard to the location of the "Ocean Wave." At first, when the owner had decided to place this amusement on the market square, the council placed a license of $20 for the first week and $10 for each week following upon it, which, of course, was so great that it practically prohibits its location there.

In the past the market clerks have always had the privilege, as far as I can understand, to allow amusements on the market without them having to pay a license. However, the "Ocean Wave" has now located in the vacant lot south of the Customs House which, I understand, belongs to one of the aldermen. The owner has informed me that he is paying more for the location than he would have had to pay on the market, but he stated, he had to go there. His license, too, has been cut down to $10 for 4 months. Looks like a made up affair to me.

Yours truly,
"FAIR PLAY."

# GIRLS OF ST. JOHN'S GAVE CONCERT

**A Delightful Programme, Including Cantata, Presented by Junior Women's Auxiliary**

## SALE OF CANDY TOOK PLACE

The school room of St. John's church last evening was the scene of a delightful time when a large gathering assembled to enjoy an entertainment under the auspices of the Junior Women's Auxiliary, given by some of the most refined talent of the junior members of St. John's church. The feature of the programme was a "May Cantata" presented in a very graceful manner by members of the Auxiliary. The cantata is a little story of the May time, told in song and recitation. Two little girls in a dream perceive a number of fairies whose Queen awakens them and they greet her. The May Queen enters the arena, the children hail her and they have a happy time together.

The girls were tutored under the capable management of Miss Hazel Dean and Mrs. Morris, and the former to show their appreciation presented each of their teachers with a bouquet of beautiful carnations. Before the close of the programme several of the girls were presented with prizes donated by the Diocesan Board for regular attendance at the meetings of the Auxiliary.

Rev. Canon Davidson was present and occupied the chair. At intermission there was a sale of candy to provide funds for the mission work.

Two tables, handsomely decorated with pink and white carnations, were liberally patronized by those present, and almost all the delicious home made sweets were disposed of. The young ladies who were in charge of the tables were Miss McKee, Miss Gladys Roy, Miss Daisy Mills and Miss Ola Cavanah.

The following was the programme presented:—

Part I.

Concertino solo — Master Roland Palmer.
Song—Master Arthur Horsefield.
May Cantata—Members of J.N.A.
Sale of Candy.

Part II.

Violin solo—Miss Edwina Palmer.
Club swinging—Miss L. Dean.
Mother Goose—Members of J.N.A.
Presentation of prizes.

The girls who took part in the cantata were the following:—Fairies — Hilda Cubitt, Joyce Davidson, Sarah Emmerson, Vera Long, Marjorie Hewson, Marie Kingscote, Ethel Foster, Grace Thompson, Gladys Mulholland, Stephanie Davidson.

May Pole Dancers—Ada Graham, Madge Graham, Cecilia Clementi, Lillian Crowe, Grace Dobson, Marjorie Hatten, Marian McCabe, Charlotte Dummit, Isabelle Nesbitt, Mabel and Maggie Emmerson, Odee Dutton, Winnie Thompson, Ursula Sisson, Isabelle Morphet, Maud Morris. Queen of the Fairies—Francis Stone; May Queen, Florence Pearce; Bumble Bee, Jack Davidson; Dreamers, Nora Hatten, Amy Clementi.

The characters of the flowers which included various species were represented by May Dunnet, Ella Hogan, Violet and Lillian Hutchinson, Madeline Pearce, Evelyn Lush, Ada Chambers, Stella Wallace; Herald, Allan Kingscote. The costumes of the above cast were of a most appropriate character and were arranged by Miss Hazel Dean.

The prize winners for regular attendance were:—Marion Kingscote, Ella Hogan, Grace Dobson, Florence Pearce, Ada Graham, Cecilia Clementi, Phyllis Hood, Marjorie Hatten, and Madeline Pearce.

# HAS SECURED GOOD POSITION IN TORONTO

**Mr. Norman Miller Will be Head Draughtsman for Machine Telephone Company**

Mr. Norman Miller, son of Col. J. W. Miller, leaves on Monday for Toronto, where he has secured a position as head draughtsman with the Canadian Machine Telephone Co. Mr. Miller has been connected with the draughting department of the Canadian General Electric Co. for a number of years, and is to be congratulated upon the important position which he has gained.

# MANY LOCAL PEOPLE IN TORONTO TO-DAY

**The Special Excursions Were Well Patronized**

A large number of Peterborough people are in Toronto to-day, the excursions which left this morning by the C.P.R. and G.T.R. being well patronized. About 100 left on the special C.P.R. train at 10 o'clock. The King's Plate and the Jersey City-Toronto ball game were two attractions which drew the crowd to the Queen City.

# SPLENDID PAPER ON THE UNIVERSE

**Rev. Dr. Marsh Delighted Members of the Astronomical Society Last Night at Regular Meeting**

## SOME AMAZING FIGURES

The infinite nature of the universe was indicated to the members of the Peterborough branch of the Astronomical Society, at their fortnightly meeting in the Y.M.C.A. Hall last night. The subject was: "The Universe, How Big is it?" and proved one of the most interesting yet taken up by the society.

Rev. Dr. Marsh gave the paper of the evening, and his address was, to express it mildly, a treat. The speaker had prepared some interesting statistics that served to illustrate the immense distances that exist between the different planets, and the fixed stars, and the subject was presented to the audience in a manner such as perhaps they had never heard it given before. The figures offered were stupendous in their magnitude, and will afford the members of the society ample food for reflection.

In beginning the speaker contrasted the methods of the astronomer as compared with those of the philosopher, in connection with the great question of the extent of the universe—"Is it an endless thing, or has it limits?" He showed how the astronomer arrived at nature's laws which to them were facts, while the philosophers based their conclusions merely upon theory.

Passing on the speaker said that he proposed to take the audience on a trip through the universe, taking as a starting point the sun. Ordinary means of transportation would be useless upon such a journey, and, to illustrate that statement, Rev. Dr Marsh said that it would take a railway train travelling at the rate of 60 miles an hour, 166 days to reach the moon; 176 years to reach the sun, and no less than 5,000 years to travel from the sun to Neptune. It would be rather an expensive trip, as the speaker said it would cost $100,000,000 to travel to the sun from the earth at the ordinary railway rate. To reach the nearest fixed star, which is 25 trillions of miles from the sun, would cost 750 billions of dollars. It would take a cannon ball 415 years to go from the sun to Neptune.

For their journey then none of these things would avail, and the speaker suggested a car of light, travelling at the awful rate of 186,000 miles per second. In this car it would be possible to travel from the earth to the sun in 8 minutes. From the sun to Neptune 4 hours would be required, and it would take 4 1-2 years to arrive at the nearest fixed star, which was only on the threshold of the planetary system. To the familiar North Star one would have to travel 37 years. After travelling 3,000 years there might possibly be a thinning out in the stars. After 10,000 years that great rain of stars, the Milky Way might be reached. At this point the speaker gave a graphic description of the splendour of the heavens as seen from this point.

At the conclusion of Dr. Marsh's remarks, the chairman, Mr. W. H. Collier, expressed the thanks of the gathering to the speaker.

Before the address, Mr. S. M. Lowry gave an account of some observations he had made with the naked eye.

Miss Mollie Meldrum gave a splendid piano solo, while Mr. Mackie was heard to advantage in a vocal solo during the evening.

The minutes of the previous meeting were read by Mr. W. H. Collier in the absence of the secretary, Dr. Neal, and were adopted.

A number of names were added to the membership of the society.

**BETTER THAN SPANKING**

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. 61, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

# DEPUTATION WAITED ON MR. BECK

**Hydro-electric Commission Will Not Interfere—City to Proceed with Purchase.**

A deputation, composed of the Mayor, Ald. Bradburn and Stevenson, was in Toronto yesterday for the purpose of waiting upon the Hydro-Electric Commission in connection with the proposed purchase of the Peterborough Light & Power Co.'s plant by the city. The committee saw Hon. Mr. Beck, chairman of the Commission, who gave them an attentive hearing. The stand taken by the Commission was that unless a bargain was made that was manifestly unjust they would take no action in the matter, and would not interfere between the municipality and a private company.

The Council will now go ahead with the negotiations with the company, and when they have reached the proper stage will bring the matter before the Commission again.

# CHIEF CALLS ATTENTION TO BY-LAW

**Inflammable Material Within Fire Limits Must be Cleared Up**

The following is a copy of clause 23a of bylaw 612, and is an amendment to this bylaw regarding the disposal of inflammable material in yards and on premises within the fire limits. It is as follows:—

"That no person shall place, or shall have, or shall allow, suffer or permit to remain or be in any yard, or near any building within the Fire Limits in the City of Peterborough, any boxes, barrels, paper, straw or other inflammable waste or refuse material.

Regarding this amendment Chief Rossel wishes to state that those persons who break this bylaw are going to be punished. This is the time of the year that the yards and lanes within the fire limits and in fact throughout the city should be cleaned up. This is a warning to all who have as yet neglected to attend to the matter, and those within the fire limits are liable to a fine not exceeding $50.00 if they do not have their premises cleared of all objectionable material. This is all that will be said about this subject, but there will be trouble for those who ignore the warning.

# A MAN'S PET BOASTS

**In These He Shows a Conservative Clinging to Old Customs**

Even the man of conservative instincts, who prides himself upon the fact that he never reads ads and has other little boasts, will be persuaded at last to learn that it is only in a Semi-ready store that he can forejudge the real effects of cloth made up. If a man is still wedded to the disappearing custom tailoring, he is still welcome to study the effect and individual expression of clothes when they are made up to the "Semi-ready" stage, where the tailor can finish the coat in two hours.

# POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column,—

Sir, — It is very regrettable that the Teachers' Institute should choose Tuesday, May 23rd, for its convention. I learn that the intention is not to have any school on May 24th, so that the scholars will have holidays from Tuesday to Monday. The regrettable part is that thereby the intention of Empire Day, May 24th, is neglected, and no opportunity is given to celebrate with the children the significance of the 24th of May. Surely the Inspector should look into this matter, and veto the apparent neglect of so important an event as Empire Day.

PATRIOT.

Editor Post Card Column:

Dear Sir,—We would like to know if the city has a right to force the new sidewalk on Mark street, one part inside the tree line and the other outside, and spoil the looks of the street, against the votes of every one who owns property on the street?

Yours truly,
"MARK STREET."

# BUILDING PERMITS NOW REACH $400,000

**Applications Being Received Daily by the City.**

To date ninety building permits have been issued at the city clerk's office, bringing the total estimated cost very near the $400,000 mark.

Five permits have been issued since yesterday morning, as follows:

Stephen Holland, three dwellings, Concession street; estimated cost of each $1000.

John Arthur, dwelling, Perry street; estimated cost $1600. Contractors Letellier & Bennett.

Arthur Woods, dwelling, Romaine street, estimated cost $1500.

# MR. J. B. MACDONALD THE NEW OFFICER

**Will Commence Duty To-morrow—His Work in Chicago Some Years Ago**

Mr. J. B. MacDonald, the newly appointed member to the police force, was sworn in this morning, and will report for duty to-morrow afternoon at one o'clock. Mr. MacDonald is a brother of the late Alfred MacDonald, and he has had considerable experience in police, and especially, detective work, and should greatly strengthen the already efficient force.

For 22 years Mr. MacDonald was engaged by the Chicago, Burlington and Quincy Railway as a chief detective. His headquarters were at Chicago, and 206 miles of the road came under his surveillance and he was usually in charge of a large number of men.

One of Mr. MacDonald's greatest coups was the recovery of $16,000 worth of silk that had been stolen, and the arrest of the perpetrators. The silk had been stolen from a car on the way to Chicago, and Mr. MacDonald with a number of men was despatched to clear up the robbery, if possible. After diligently searching in different parts the silk was found hid in a straw stack, and Mr. MacDonald and his party waited to catch the thieves, which they were eventally successful in accomplishing. The robbers were placed under arrest after an exciting chase in which guns played a noisy part, at least the detectives barked theirs, but the robbers' cartridges were wet, which fortunately saved Mr. MacDonald, for one of them fired point blank at him.

It may thus be seen that Mr. MacDonald is not new to police work, and should do good work in the city, if called upon.

# CARELESS DOG OWNERS PAY DEAR FOR TAGS

**The Fun Has Started and the City's Treasury Will be Slowly Swelled**

Two dollars fine and costs of three dollars and thirty-five cents, was imposed upon one of our citizens this morning, for neglecting to purchase a tag for a bitch which he owns. Magistrate Dumble considers that sufficient warning has been given regarding this matter, and since people will show a contempt for the law they must abide by the consequences. In this case the gentleman was careless in purchasing a tag for a dog when he knew that it should have been otherwise. This should be a warning to others who have not already bought their tags; buy now and save four dollars and thirty-five cents.

# IMPORTANT TREASURE DISCOVERED

### Erie Bonds Found In An Old Fire Place.

### MURDER THEORY REVIVED

**They Had Been Missed for Over Thirty Years—Owner Probably Met With Foul Play—Carried Secret of Hiding Place to the Grave—Will Search for Dead Man's Heirs—Bonds Dated 1857.**

Cleveland, Ohio, May 18—Erie Railroad bonds worth $116,740 and $575 in blackened gold coins were found Thursday when the rusted tin box which Contractor B. W. Hollingsworth recently unearthed in the ruins of the century-old Ohio City Inn at 2,811 Detroit avenue, was forced open. The original owner of the treasure was George U. Moran, who mysteriously disappeared in 1874. A heap of charred bones found several days before the box was dug up by Hollingsworth in a bricked-in fireplace now seems to substantiate the theory then held that Moran was murdered.

The Erie Railroad Co. made a systematic effort to locate the bonds between 1876 and 1879. Practically every newspaper in the country carried advertisements of the lost bonds, which were of the issue of 1859. Originally they had a par value of $40,000. Accumulated interest, dividends and market rises have brought their value up to $116,740.

Because he was to have all the material in the building as compensation for tearing it down, Hollingsworth claimed the entire contents of the box. He finally compromised with the present owner of the property, and divided the gold with him. The bonds have both placed in the custody of United States Judge Taylor. The latter will hold them for five years. During that time a search will be made for Moran's heirs, if any are living. If none are found the bonds will revert to Hollingsworth. If a claimant turns up the contractor will get one-fourth of their value.

### STRANDED IN A FOG.

**Steamer Saxon on a Reef at Caribou Island.**

Sault Ste. Marie, Mich., May 18.—The steel steamer Saxon, owned by the Pittsburg Steamship Co., stranded Wednesday during a fog on the north side of Caribou Island, Lake Superior. It is said she will be a total loss.

"We were running a short distance ahead of the Saxon," said Captain Brown of the steamer E. W. Oglebay, "and my steamer must have missed the reef which the Saxon struck by only a few feet. The Saxon was going along at full speed and struck the rocks with terrific force. I tried to get near enough to take the Saxon's crew aboard, but my ship was unable to do anything because of the danger of running my own steamer on the rocks in the storm. The Saxon's men were able later to reach the island in small boats."

The wrecked steamer registered 2,348 tons and was valued at $110,000. She was built in 1890.

### THROWN FROM MOTOR CAR.

**Automobilist Killed Instantly While Preparing For Race.**

Dieppe, France, May 18.—Albert Clement, son of the well-known automobile builder, was killed instantaneously yesterday during a run in preparation for the auto clubs' grand prize, which is to be competed for July 2.

Clement was thrown out of his automobile at a sharp turn and sustained a fracture of the skull. His chauffeur escaped with comparatively slight injuries.

Clement was well known among automobilists in America. He finished second in the first race for the Vanderbilt Cup in 1904, over the Long Island course.

### ROYAL HONORS FOR FUSHIMI.

**Government Will Entertain Japanese Prince In Canada.**

Ottawa, May 18.—Prince Fushimi of Japan, who is expected to arrive at Quebec on June 7, will be royally received and entertained by the Canadian Government while in Canada.

In Quebec the prince will be entertained by Lieutenant-Governor Jette, in Montreal by Sir Montague Allen, in Toronto by Lieutenant-Governor Mortimer Clark, and in Winnipeg by Lieutenant-Governor Sir Daniel McMillan.

At all points there will be military guards of honor, and all the detail of ceremony which was carried out when Prince Arthur was in Canada. The Dominion Government will provide a special train for Prince Fushimi and his suite.

It may be noted as one reason for Canada being especially gracious to Prince Fushimi that there is a very good chance of Prince Fushimi being Emperor of Japan some day. The only person between him and the present occupant of the throne is a delicate boy.

The present visit of the prince may have considerable influence in promoting good trade relations between Canada and Japan. Prince Fushimi is accompanied by four members of the Japanese aristocracy.

Mr. Joseph Pope, Under Secretary of State, will be at Quebec to meet the party and will accompany them across the continent.

Earl Grey is so much impressed with the importance of this visit that he is cutting down his stay in England to a bare fortnight that he may accompany Prince Fushimi to Canada and entertain him while in Ottawa.

**Postoffice Entered By Burglars.**

Watertown, N. Y., May 18.—The postoffice at Hermon, St. Lawrence County, was entered by burglars yesterday, the safe blown open and wrecked and about $700 in money and stamps taken.

The work is evidently that of expert cracksmen.

# GRAIN TRIMMERS NOW OUT ON STRIKE

### Nearly Three Thousand Men Now Idle In Montreal.

### OFFER OF ADVANCE REJECTED

**Men Discuss It All Night Without Avail—Shipping Is Seriously Inconvenienced—Steamers Sail With Light Cargoes—Strike Will Likely Continue—Efforts at Conciliation—Lemieux Won't Go.**

Montreal, May 18.—The longshoremen met last night and for over five hours discussed the offer made by the shippers in the afternoon to grant an increase of two and a half cents an hour and leave the rest to arbitration board.

The result of the meeting was that the men again turned down the offer of the shipping companies, although they were strongly advised to accept it.

G. W. Stephens, president of the harbor commissioners, suggested that the strikers should appoint a committee of three to meet him and two others to see what could be done, and the men agreed to this.

The result of last night's decision is that the strike will continue, unless some other efforts at conciliation succeed.

This is the fourth day of the longshoremen's strike in the port of Montreal, and it has already tied up the business of the port so effectively that it will take many weeks to straighten things out, and every day is making it harder for the shipping companies.

**Experiencing Difficulties.**

The steamship companies are still trying to unload and load their steamers, but are experiencing greater difficulty, as the members of the crews, who were willing, even if inexperienced workers, every day in the week finding they have made quite a little money, are laying off from work. Steamers due to sail to-day and Sunday will now have to be content with very light cargoes.

A despatch from Ottawa states that Hon. Mr. Lemieux will not come to Montreal unless his presence is absolutely necessary.

Mr. McNicholl, vice-president and general manager of the C. P. R., is disappointed in the attitude of the men, and sees no other way out than to let the matter take its course.

**Grain Trimmers Quit.**

The grain trimmers stopped work yesterday, and they were followed by a series of resignations from men who load and unload the craft engaged in inland navigation. This made four hundred more to add to the idle wharf laborers, and made a grand total of almost three thousand men out of work as a result of the longshoremen's demand for increased pay. The number of longshoremen who originally quit work amounted to 1,800. Their ranks were afterwards swelled by 900 tearsters of the Shedden Company, 350 freight handlers, and yesterday 200 grain trimmers and 200 men employed along the canal basin and at St. Paul to handle the cargoes of vessels plying between Montreal and interior ports.

### $150,000 BLAZE IN ST. JOHN.

**Girls of Big Store In Danger—Stock Is Ruined.**

St. John, N.B., May 18.—Fire broke out about noon yesterday in the basement of McAulay Bros & Co.'s large dry goods store on King street, the second largest establishments of its kind in the city, and damage to the extent of $150,000 was done.

Cotton and other heavy goods were stored in the basement, and from these immense columns of smoke poured through the building.

Girls on the second, third and fourth floors had to be taken out on ladders.

**Pastor Begs Forgiveness.**

New York, May 18.—Rev. Dr. John L. Clark, pastor of the Bushwick avenue Congregational Church, Brooklyn, who officiated at the marriage in this city of W. E. Coey, president of the United States Steel Corporation, and Miss Mabelle Gilman, submitted to the credentials committee of the church, at a meeting Thursday night, a letter in which the minister begged forgiveness for having performed the marriage ceremony in question. He also said that he had returned the fee he received for his services.

The committee decided to recommend in its report to the congregation that, in view of the pastor's integrity and righteousness and his letter of apology, no further action in the matter be taken.

**Killed by Fall From Bed.**

New York, May 18.—Alonzo J. Jones, a well-known retired architect and yachtsman, died at Bellevue Hospital Thursday night as a result of injuries sustained in falling from his bed.

Jones was found unconscious on the floor of his apartment.

A piece of a broken china cuspidor was imbedded in his side, and he had lost a large quantity of blood.

**E. T. Press Association Protest.**

Sherbrooke, May 18.—The Eastern Townships Press Association has adopted resolutions protesting against the new postal regulations.

The reasons given are that it affects about 30 per cent. of their circulation in the border towns of the New England States, and among former Canadians scattered throughout the republic, that insufficient notice was given, that it has injurious effect upon the repatriation movement and discriminates against country readers, who cannot, like those in the cities, obtain their publications through newsdealers.

**Two Men Fatally Hurt.**

Evansville, Ind., May 18.—During an attempt here yesterday to break a street railway employes' strike, a street car, manned by a non-union man, jumped the tracks, dashing into a corner building and wrecking the entire store front. Two men and a baby were fatally hurt.

# A TERRIBLE SLAUGHTER OF MILLMEN

### Fifteen Killed and Thirty Wounded At Lodz.

### TERRORISTS ROB THE MAIL

**Cossacks In Revenge Attack Employes at Spinning Mill—Great Indignation Prevails—Plot to Assassinate Czar—Suspected Soldier One of Czar's Personal Bodyguard—Had Very Narrow Escape.**

Lodz, Russian Poland, May 18.—Because a band of terrorists attacked a mail wagon in the neighborhood, killed a Cossack guard, and wounded another Cossack and two postoffice officials, 45 officials and workmen of Kuttner's spinning mill were shot down yesterday by a patrol of Cossacks.

While the wagon was passing through Lonkewa street, the terrorists suddenly appeared from a side street, opened fire on the Cossack escort, whom they shot, seized $1,000 from the wagon, and escaped.

A moment later a patrol of Cossacks arrived on the scene, and, infuriated by the fate of their comrades, the soldiers rushed into the Kuttner factory, which was near the spot where the robbery occurred, and began firing indiscriminately, killing 15 and wounding over 30 persons.

The employes of the factory had nothing to do with the attack on the wagon.

**Another Band Gets $5,000.**

Warsaw, May 18.—A band of terrorists held up the city office of the Vistula Railroad in Dluga street yesterday and got away with $5,000 after a severe fight, in which four persons were killed and nine others wounded.

The soldiers fired a volley at the fleeing terrorists, but only succeeded in hitting some bystanders, two of whom were killed and five wounded.

**Russia's Jesse James.**

Moscow, May 18.—Belezoff, the man who carried out the great Moscow bank robbery on March 20, 1908, when a band of terrorists secured $27,500, and who made an alleged sensational escape from a train while being extradited from Switzerland, died in the prison hospital here Thursday of consumption.

### CZAR'S NARROW ESCAPE.

**Conspirators In His Personal Escort —Plot Deep Laid.**

St. Petersburg, May 18.—Further details of the plot at Tsarskoe-ye-Selo against the life of His Majesty the Emperor indicate that his escape during Passion Week was very narrow.

The plot was deep laid, and the conspirators were members of the Emperor's personal escort. The arrest of one man, a Cossack sergeant, has made it possible to trace the conspiracy back for four months, and shows that preparations were being made on the second of February.

### SCHEME IS IDEAL ONE.

**But Fate of All-Red Trade Route Is Sealed.**

London, May 18.—Lord Strathcona is correcting misleading rumors regarding the alleged damage to the Canadian wheat crop.

In some quarters it is believed the Cabinet's decision to refer the scheme for an all-red trade route to a departmental committee practically seals its fate. It is feared, the entire cost may fall on British taxpayers.

If this becomes generally believed there is no chance of it passing the House of Commons. City opinion is that the scheme is an ideal one, but not likely to admit of practical realization. The Vancouver-Australasia service is especially criticized, it being generally agreed that fast steamers are too costly.

**Wheat Nearly All In.**

Brandon, Man., May 18.—Reports from various points in the Brandon district, the most important in the province, indicate that the wheat is practically all in.

About 50 per cent. of the farmers have completed their wheat seeding and have been putting in oats.

In localities where the land is lowlying, the seeding is well advanced, though not finished.

It is reported, however, that 1907's crop of wheat in the Brandon district will be entirely seeded by Monday at the latest.

**Dynamited the Wall.**

Oakville, May 18.—Some time ago a fire destroyed Oakville's opera house, but the walls stood intact. W. S. Cummings was often requested to raze the walls. Thursday night, shortly after midnight, and after the lights went out, a gang of men attacked the wall facing Dundas street, and cutting a hole in it blew it up with powder. Cummings says he will find out those who took the law into their own hands if it costs him a small fortune.

It will cost the town a neat sum to remove the debris from the corner.

**Just Tired of Life.**

New York, May 18.—Surrounded by every evidence of luxury, Edwin M. Bidwell, aged 60 years, a photographer and publisher, well known in New York's exclusive circles, ended his life yesterday by taking poison.

He left a note "To whom it may concern," which read:

"My mind is sound, but my body is weak. I am no longer capable of making a living." It was signed E. M. Bidwell.

**Fort William Crowded.**

Fort William, May 18.—During the last 24 hours the greatest fleet that has ever gathered in a Canadian port has been tied up in the local harbor. Although the number of vessels have been somewhat lessened by the departure yesterday morning of 11 vessels, which have been tied up since Monday, the docks yesterday still present a busy scene and there is still a formidable array of lake carriers in port.

At the sheds one would almost think that the fall rush was in full blast and the men are all working at a fast clip to keep up with the demands.

### CHASED BY STRIKERS.

**Detective Who Shot Among Crowd Is Nearly Lynched.**

New York, May 18.—A fatal shooting and an attempt to lynch the man who fired the shot marked the strike of longshoremen in Hoboken yesterday.

The man who lost his life was an innocent bystander, Harry Marshall. He was struck by a bullet fired by Benj. Vincent, a private detective, who had been employed on one of the docks affected by the strike. Vincent shot at some strikers with whom he had quarreled and by whom he was being pursued.

The trouble began when Vincent entered a saloon near the docks and asked for a drink. As the bartender passed the bottle to him, one of several striking longshoremen, who were in the saloon, shouted, "Don't give it to him; he's a scab." Vincent denied the charge, but the bartender refused to serve him.

Just what happened then is not known, but a moment later Vincent dashed into the street with a revolver in his hand, and a crowd of strikers at his heels. As he reached the street he turned and fired. Marshall was standing on the sidewalk, and the second bullet from Vincent's revolver struck him in the head and killed him instantly.

When Marshall dropped to the sidewalk the strikers started toward Vincent with cries of "Lynch him, lynch him." Vincent sped down the street with the revolver still clutched in his hand, and the angry crowd only a few feet behind him.

When a policeman barred his way the fugitive brandished his revolver as if about to fire, but the policeman was took quick for him and sent him rolling into the street with a bullet in his leg.

When the furious pursuers came up and demanded that the man be turned over to them, the policeman held them back with his revolver. He stood over the prostrate detective and held the mob in check until several other policemen arrived.

### STRIKERS HELP FIREMEN.

**Big Blaze Destroys New York Piers and Freight Sheds.**

New York, May 18.—Fire last night destroyed the piers of the Morgan Line, owned by the Southern Pacific Railway, on the Hudson River, at the foot of Canal street, Manhattan. A large quantity of the freight stored on the pier and in the sheds, was destroyed, and several ships which were berthed there narrowly escaped. The loss will reach $500,000.

The firemen worked shoulder to shoulder with hundreds of striking longshoremen from other piers, who did all that was possible to save the freight stored under the sheds. The Morgan Line was the first of the lines reaching New York to grant the demands of the striking stevedores.

**Longshoremen Make Gain.**

New York, May 18.—Joseph Cuneo, stevedore contractor for the Cuneo Steamship Company, the Trinidad Steamship Company and the Donald Steamship Company, whose vessels dock in Brooklyn, yesterday granted the demands of the striking longshoremen.

President Conners of the Longshoremen's Union, announced that the joint Executive Council of the United Teamsters of America had decided to support the longshoremen.

The Cederic, of the White Star Line, sailed on time yesterday with a light cargo.

### BLAZE AT PITTSBURG.

**Two Firemen Injured and Five Buildings Destroyed.**

Pittsburg, May 18.—Two firemen were injured, five manufacturing plants destroyed and a number of small residences badly damaged yesterday by a fire of unknown origin, which started in the Brush & Stevens Co. pattern and model plant, 106-108 Penn avenue. The loss was $100,000.

**Price of Flour Up.**

Winnipeg, May 18.—The jumping wheat market has had its inevitable effect of still further raising the price of flour.

Yesterday a further advance of ten cents a bag on all grades of flour took effect. This is the third advance in price in less than a fortnight, making an increase of 60 cents on some grades of flour all told, and 50 cents on others.

The poor consolation is offered the Winnipeg public of knowing that so far the price of flour has not been increased by the mills in proportion to the advancing prices of wheat.

### SHOULD BE PROSECUTED.

**Neglect to Provide Medical Care for Children Is Homicide.**

New York, May 18.—A recommendation that a law be passed in New York State subjecting to prosecution on a charge of homicide all persons responsible for failure to provide proper medical attendance for children suffering from dangerous diseases, was made by a coroner's jury yesterday.

The jury heard the evidence in the case of a girl four years old, who died without medical attendance on May 4.

The verdict also censured the father of the child, and charged him with criminal negligence.

According to the evidence, the child died of pneumonia. Her father testified that the treatment consisted of prayer. He said that before four other children of his died he called in physicians, but did so simply to comply with the law. He did not administer prescribed medicines as he thought nothing could serve better than prayer.

### JAILED FOR GRAFT.

**English Judge Says It Is Growing Curse of Country.**

London, May 18.—With a single exception all the members of the West Ham board of guardians and the workhouse and infirmary officials whose trial began at the central criminal court April 24 on the charge of receiving bribes, were found guilty yesterday and sentenced to prison.

In summing up, Justice Jelf characterized the practices disclosed in the evidence as being a curse to the country. He added that he was afraid it was a growing curse, and that the people were losing their hold on all that was best in the civic life of the country.

**Guilty of Perjury.**

Toronto, May 18.—Mrs. Jessie Alexander of Holland Landing was found guilty of perjury and remanded for sentence at the Court of General Sessions yesterday. At a case of a domestic quarrel heard before Magistrate Woodcock of Newmarket, prisoner swore that defendant had never beaten his boy, knowing same to be untrue.

Mrs. Alice Taylor will also be tried for perjury in the same case.

The following true bills were returned by the grand jury yesterday: Pauline Fevie, theft, on three charges; Herman Benda, abominable crime; William Lount, theft.

**France Will Be Safe.**

St. Petersburg, May 18.—The Paris correspondent of The Russ, in a despatch to his paper, published yesterday, announced that he had obtained information from alleged authentic sources to the effect that the Franco-Japanese agreement, now in course of negotiation, will contain conditions applying to the eventuality of a European war, and binding Japan to place at the disposition of France 300,000 men, while the British will land a contingent of 100,000 to 150,000.

**Dr. English the Choice.**

Toronto, May 18.—Dr. Walter Murray English, of London, Ont., has been appointed medical superintendent of Hamilton Asylum in succession to Dr. James Russell, resigned.

Hon. W. J. Hanna, Provincial Secretary, officially made this announcement yesterday.

In so doing the Minister intimated that Dr. Russell had resigned on Jan. 19 last, and his resignation had been accepted on Jan. 27. Dr. Russell, however, was asked to continue in the position, without further change or announcement until notified otherwise. No reason for the resignation was given.

**New Governor on Deck.**

Kingston, Jamaica, May 18.—The steamer Port Kingston arrived here Thursday from England, with Sydney Olivier, the new governor of Jamaica, on board.

There was a great gathering of officials and the populace at the wharf to welcome the new administrator.

**Winnipeg's Loan.**

Winnipeg, May 18.—The city treasurer has completed a statement showing that the loan secured by the city from the Bank of Scotland cost within a fraction of eight per cent. The amount secured was $1,314,000.

**Eruption In Sicily.**

Messina, Sicily, May 18.—A violent eruption of the Stromboli volcano occurred Thursday. It was preceded by a tremendous detonation, and followed by continuous less violent explosions.

# "FIGHTING MAC" ALIVE

## TRAVELER DENIES THAT FAMOUS GENERAL IS DEAD.

**Discredits Suicide Story—Declares Sir Hector Macdonald Is In China—Asserts He Saw Soldier Who Was Believed to Have Killed Himself In Paris—Is Now Organizing Powerful Chinese Army.**

A singular story that has both astonished and amused England and Scotland was published in The Manchester Sunday Chronicle last week. It relates to the late renowned soldier, Major-Gen. Sir Hector Macdonald.

The general, it will be remembered, was reported to have committed suicide in an obscure Paris hotel, March 25, 1903, while en route from Ceylon, where he had been in command. He fought with distinction in Afghanistan, in the Boer War of 1881 and also in the recent Boer War, in which he commanded the Highland Brigade, and he also figured conspicuously in the fighting against Arabi Pasha in Egypt and the Mahdi in the Soudan.

**Claims He Still Lives.**

The publication in the Manchester paper is to the effect that "Fighting Mac," as Sir Hector was known in military and Scottish circles, is still very much alive, and is now organizing a powerful army for China.

The most circumstantial story bearing on Sir Hector's alleged survival emanates from Johannesburg from a man who recently arrived there from the Far East. He asserts that he saw "Fighting Mac" at Nanking, China, last year, putting his astonishing declaration in the following form:

"I knew Hector Macdonald very well, both in Egypt and South Africa. I was in Nanking in December last. I saw a battalion of Chinese soldiers being drilled in European style on a space in the centre of the city, and, feeling curious, I walked up to where three officers were standing. One of them was Sir Hector Macdonald. He was clean-shaven, but otherwise he had altered very little since the occasion of my last meeting him in Pretoria.

"I was almost breathless with astonishment. I was about to speak to him when his eyes met mine. He turned rapidly round to one of the other officers and said something quickly in Chinese.

**Ordered to Leave at Once.**

"The officer, almost springing at me, shouted: 'Leave this ground at once, or we will put you where your friends won't find you in a hurry.' I left Nanking that day for Shanghai, and I found that the fact that Sir Hector Macdonald was in that country was believed by a great many English people."

As strengthening the story, it is pointed out that no inquest was held on the body alleged to be that of Sir Hector Macdonald; but in official and other quarters little attention has been paid to the matter. The paper's Johannesburg informant, officials believe, was mistaken in his man.

**Humanity and Progress.**

The British state—that is, the Government of England, Wales and Scotland—now feeds children who have reached school age and are not properly cared for at home. In view of the increase of infant mortality in London and other populous centres it is proposed to care for poor mothers in hospitals supported by the state some weeks before and after the birth of a child. In London alone 120,000 babies under one year of age die annually, and the idea of the hospital is to protect the infants born to poor parents from exposure to cold, impure food and other ills which tend to increase infant mortality. All of this will help the offspring of the poor to survive, whether this class is the fittest or not.

On the other hand, a scientist has recently pointed out the declining birth rate noticeable in England is among the professional and middle classes and that these classes are being steadily re-enforced by recruits from the lower and less intelligent strata of society. The humanitarian measures of the Government give direct encouragement to the poor to produce large families. Mothers are cared for, infants looked after during their critical period and children fed as well as educated. Evidently the day of the poor man is dawning in the British isles. There will be Dick Whittingtons of fact as well as of legend, and the future Disraelis and Gladstones may be born to tenement house parents but in a Government asylum and nursed and fed as well as educated by the state.

# TO HAVE "LADY GODIVA"

## ANCIENT TOWN OF COVENTRY TO REVIVE FAMOUS PAGEANT.

**Young Women Anxious to Adopt Historic "Costume" for Great Carnival—Clad In Their Innocence — To Ride Through the Town Like Their Prototype—Powers That Be Are Exercised Over the Dress.**

The young woman who in a freak was reported in the guise of Lady Godiva to have ridden a horse through the streets of the brave old town of Coventry in the dead of night, very much to the disgust of the townspeople when they knew of it, is soon to have a rival by the sanction or rather the desire of these same good people.

The ancient town of Coventry is to have a Godiva pageant next August. But the Historical Committee, which has been formed to preserve "the unities," is just now divided on the important question of how the twentieth century impersonator of the famous wife of Earl Loofric should be dressed.

Historical purists assert that Lady Godiva should not be dressed at all. Her historic "costume," as far as Coventry is concerned, consisted of her innocence.

On the other hand, certain members of the committee believe that this limited costume is beneath the dignity of a countess. It is not a case where the good old British principle of splitting the difference can be applied.

It is believed that the adherents to the historic costume, which Du Maurier described as "the altogether," will win, so that Coventry, a city of so many brave traditions, will not be shocked by a pageant in which Lady Godiva, in frills and furbelows, will repeat the famous ride through the gray stone city.

Several ambitious young women have written to the committee offering to wear the "historic costume" in the ride through Coventry, just "for the fun of the thing." But the matter of selecting a Godiva is in the hands of a theatrical agent.

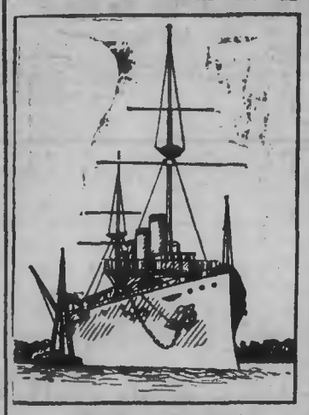
One curious fact in connection with the pageant is that the young woman to impersonate Lady Godiva will not be allowed to arrive in the city till the morning of the procession and will have to leave immediately after the pageant is over.

# WARSHIPS AT JAMESTOWN.

**England Represented by Several of Her Largest Vessels.**

Warships of at least twelve nations were assembled in Hampton Roads at the opening of the Jamestown Exposition last week. All the great naval powers are represented, except Japan, whose ships will come later. The great vessels of England, France, Germany, Austria, Sweden and other nations are side by side with the ships of the United States and those from South America.

In the harbor of Hampton Roads and neighboring waters probably about 100 war vessels are anchored, the flags floating from their mastheads indicating the peculiarly international character of the gathering.



THE GOOD HOPE (BRITISH).

England's squadron is the largest and most formidable of those to visit the United States and is exceeded in size only by the magnificent American fleet under Read Admiral Evans, which is now mobilized at Hampton Roads during the Exposition. Japan and France send the next largest squadrons.

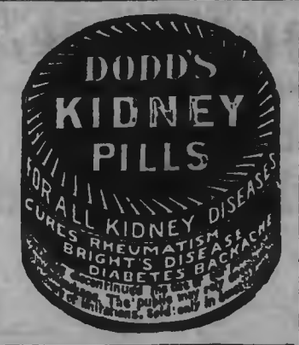
The foreign vessels are, in nearly all cases, armored and protected cruisers. England's largest ship is the cruiser Good Hope, sister ship to the powerful cruiser Drake. The Good Hope's displacement is 14,100 tons and her trial speed 23 knots an hour. Her armament consists of two 9.2-inch guns mounted singly in barbettes; sixteen 6-inch in casemates, fourteen 12-pair and three 3-pair quick firers, nine machine guns and two submerged torpedo tubes. With the Good Hope are the armored cruisers Hampshire Roxburg and Argyll, each with a displacement of 10,850 tons. The English squadron is commanded by Rear Admiral Neville.

**Fake Antiques.**

People are buying English antiques from taste or as investments, and as they do not part with them the supply is becoming shorter and shorter. A result is that the country is full of imitations. The "antiques" to be found in country shops are frequently bogus. We are flooded with copies of antique furniture and engravings. There are shop auctions in London of whole stocks of bogus engravings, silver boxes, Battersea enamels, miniatures and the like.—London Spectator.

**Value of a Shekel.**

The shekel was a unit of weight, and two authorities estimate the shekel of silver at 54 cents and 64 cents, the same authorities differing still more in their estimates of the present value of the gold shekel, one saying $5.69, the other $9.60. The varying purchasing power of money makes accurate statement of equivalents impossible.



# HOSTESS OF PREMIERS.

**Lady Chosen By Government to Entertain Colonial Visitors.**

Lady Beauchamp has been paid a pretty compliment in being chosen as the official Government hostess of the Colonial Premiers. The compliment is the more marked as her husband only holds, for the time being at any rate, the politically unimportant post of Captain of the Corps of Gentlemen-at-Arms, though he is pretty sure to receive promotion on the next reshuffling of the Ministerial cards. As Lady Lettice Grosvenor, Lady Beauchamp was brought up by one of the most charming and delightful women in the great English world, her mother, Lady Grosvenor. Lady Lettice was too young to feel the loss of her brilliant and original father very deeply, and both she and her sister, Lady Shaftesbury, found in Mr. George Wyndham the most devoted of stepfathers. It is curious that both the sisters should have married earls, and that both their husbands should be High Churchmen, and inspired with a very lofty ideal of public duty. At Madresfield Court Lady Beauchamp has already given some notable entertainments, including a magnificent fancy dress ball, and also a garden-party, in honor of her elder son, little Lord Elmley, who has inherited his mother's bright blue eyes. She is passionately fond of gardening, and has been successful in bringing to Madresfield some notable ideas from the gardens at Saighton Towers, where she spent her happy youth.

LADY BEAUCHAMP.

# ENCOUNTER WITH A CAT.

**Young Lad Is Severely Bitten While Defending Kittens.**

A young lad named Boyce, living near Glen, County Donegal, participated in a strange encounter recently with an immense cat, and ere the animal was subdued he was severely bitten. Three kittens made their appearance at Boyce's house and for several nights young Boyce was annoyed by a great grey cat which persistently kept prowling around the doors and windows where the kittens were. A few nights ago, in the absence of the other members of the family, the young fellow, who is about thirteen years old, was attracted on entering the kitchen by a slight noise under the table. In an instant he realized that the big cat had got into the house. In the centre of the floor lay one of the kittens with its head torn off. Under the table was the big cat, tearing and pulling at the throat of another of the kittens, while the third one, together with its mother, had escaped from the room. Boyce procured a stout walking stick and attacked the vicious intruder. For more than a quarter of an hour cat and boy fought around the room, the cat now and then making a tigerish lunge at his throat. After a lengthened struggle, in which the cat got some severe blows, the boy decided to wait until his people came home. When the members of the household returned they found young Boyce standing before them at the door holding a stick. As soon as he explained the situation the whole family armed themselves and went after the feline murderer. The father took a strong club, the mother a broomstick, and together they routed the cat from behind a dresser. The fight began again and it was to a finish. The desperate animal was game to the end, and after they had beaten it almost to death and thrown it out into the street it still showed fight.

**Keeping Naval Secrets.**

The decision of the naval authorities to keep secret the particulars of the new cruiser just launched on the Clyde is a wise proceeding, and the surprise is that they should not have taken such a step years ago, says the Court Journal.

All the British Isles knows about the ship is that she is the world's largest cruiser, but it is just possible the vessel is not a mystery to our continental friends, for they are lavish with secret service money. There is a stringent act which was passed to prevent official secrets leaking out, but it has failed in its object to an extent, inasmuch as it has not put an end to the nefarious career of the professional traitor, but simply made his method of earning a living more dangerous.

Up to eighteen years ago, until the passing of the Official Secrets Act, the sale of valuable secrets, both naval and military, went on almost with impunity.

# HELD UP KING'S MOTOR.

**French Agent of Police Was Officious But "Got Left."**

Some amusing stories are current about his Majesty's luxurious Mercedes motor-car, which he took over with him on his recent short visit to France. Possibly it is not generally known that the car bears no number, and the absence of this gave rise to some ludicrous incidents.

One day the car, then only carrying the chauffeur, an Englishman, was stopped by an "agent de police," as the Gallic brothers of our men in blue are called.

This officer produced his pocket-book, and began to question the wretched driver, who could not speak French well enough to explain. He therefore contented himself with pointing towards the side doors, upon which the Royal Arms, exceedingly small, were emblazoned; but the policeman did not deign to look. The crowd, which had collected, however, was not so haughty, and thus the policeman was the only member of the, by now, very large gathering who did not know who owned the car.

He therefore, headed a procession to the nearest police-court. Walking majestically before the motor car, and his alarmed expression, says the chauffeur, when he at last understood, afforded ample compensation in amusement for the trouble he had unnecessarily given.

**Tiger Hunt In Corea.**

"The tiger," said George Robertson, of Scotland, who has had many exciting experiences in hunting tigers in Far Eastern countries, "is usually looked on as a tropical beast, but, as a matter of fact, he is found pretty much throughout the Continent of Asia. He is an animal of great power, resource and intelligence, and exerts a large influence on the lives of the people.

"In Corea, where I have hunted, there are no forests on the seaboard, but the inland ridges are heavily timbered, and here the tigers are found. The beasts are numerous and are pursued on foot. After two or three vain chases I was told by the natives that no tigers could be found unless a sacrifice were offered and accordingly I gave up some coin for the necessary rice and wine. The sacrifice was accordingly made, and the next day I shot a very handsome specimen. In every Corean village there is an official horn-blower, whose duty it is to sound his horn whenever a tiger gets into a village at night. The natives are sorely afraid of them, and many a human life is annually destroyed by the savage beasts.

"In the Province of Amoy I ran across the cave tigers. The land is bare of woods or brush, and the tigers live in long tunnels in the rocks. The Chinese hunt them with torches, carrying three-pronged spears, and the boys who go on these dangerous expeditions proceed with as much coolness as the average youth in this country does a rabbit hunt. A tiger, however, will not charge a light, but woe to the hunter whose light goes out.

"In Java there are more tigers than anywhere I have hunted. In some places the brutes were so numerous that the inhabitants slept on piles, so as to be protected from their assaults. The Javanese hold them in such awe that many of the natives abstain even from using the name of the beast."

**An Egyptian Nationalist.**

In an obscure street in Cairo, friendless and broken in his old age, lives Arabi Pasha, the man who contested with England for the control of Egypt a quarter of a century ago. He was the Egyptian Minister of War and represented the national party opposed to the "dual control" by England and France. He was crushed by the English under Lord Wolseley at Tel-e-Kebir near Cairo, and was long a prisoner on the Island of Ceylon. Four years ago he was permitted to return to Cairo. He is described as still a man of great size though in his seventieth year. His hair and beard are snow white. He has kindly eyes, dulled somewhat by age, but lighting up wonderfully when he talks about things that interest him. His nose is straight and powerful. A large mouth, once hard and cruel upon occasion, has been much softened by adversity. He must look with a degree of grim interest upon the present national movement which represents the ambitions of those who wish to see a termination of British control of Egyptian affairs.

**A Domestic Tragedy.**

Passengers in an L. C. C. tramway-car traveling from Tooting to Westminster recently witnessed what they probably regarded as the most comical scene they ever beheld outside a Drury Lane pantomime. A woman belonging to the working class entered the crowded car with a dirty and diminutive youngster. Firmly wedged over the child's head was a black and grimy saucepan, which came down to the boy's mouth, while behind, the handle stuck out like a Chinese pig tail. "Tommy's been playing soldiers," said the irate mother, "and been an' jammed the saucepan over 'is 'ed. I can't get it orf. I shall 'ave to take 'im to St. Thomas' 'Orpital." At length an old gentleman sitting next the boy turned to him and said in a kindly tone, "Well, my lad, how did it all happen?" The boy who had been in tears all this time, turned sharply to his questioner to try and speak when—crash went the handle through one of the plate-glass windows of the car!

**Cat Adopts Rabbits.**

At the White Lion Hotel at Spalding the landlady, Mrs. Betts, has a cat which is rearing a litter of young rabbits. Mrs. Betts had an Angora rabbit which died, leaving a litter of six 8-day-old ones.

At the same time she had a cat bringing up three kittens, at that time five days old. As an experiment two of these were taken away and two of the young rabbits substituted. As the cat took kindly to her unusual proteges the other four young rabbits were added, and the cat is now bringing up the litter of six young rabbits.—London Standard.

**Rounding a Curve.**

A wagon rounding a curve has a tendency to go over outward, the inside wheels being the ones to leave the ground. For this reason the outer rail is raised on a railroad curve.

# GUARDIAN AS A TRAMP.

**Passes Night In Casual Ward of Workhouse As a Test.**

A. H. Lee, the member of the Swandon, Eng., board of guardians, who, posing as a tramp, passed the night in a local casual ward, has related his experiences. Mr. Lee is secretary of the local branch of the Social Democratic Federation, and said that his action was the outcome of a consultation between his comrades, who had heard that the food, bedding and bathing in the casual ward were not all that they should be.

In order to test the conditions for himself he posed as a bona-fide working shoemaker, walking from town to town in search of employment. He had no complaint to make as to the manner of his reception and said the food which was given to him was wholesome and served in a cleanly manner, but he did not think it sufficient for a healthy man.

Mr. Lee was not so eulogistic concerning the cell arrangements. The bedding and heating, he remarked, left a good deal to be desired. He received only two blankets—one to lie on and one as a covering. The cell was by no means adequately warmed, and if heating arrangements were no better on a bitterly cold night the treatment would be most cruel.

Mr. Lee also thought that the bathing arrangements were open to improvement. It was not right, he said, that three men (as was the case with himself and two others) should have to bathe in one lot of water. He had intended to stay at the house during Sunday, and to have performed the usual task on Monday morning, but owing to the crowded state of the tramp wards he was discharged.

**Quick Coffee.**

A way to make quick coffee always possible is to have it on hand ready for heating. It takes six hours to make it in this way in the first place, but it remains fresh and full of flavor till the last is used. Use the usual recipe for drip coffee, one tablespoonful of fine coffee for each cup of water. Put all the coffee in at once and measure the water, which must be cold. Pour the water on half a cupful at a time and let it percolate through. When ready bottle and cork tightly. Heat, but do not boil, as it is needed.—New York Post.

**Relics of Crime.**

Two interesting additions have just been made to the trophies gathered by the London police in the grim "Black Museum" at Scotland Yard.

The latest exhibit, which arrived recently, is the small morocco jewel case, containing two lumps of coal, which led to the recent conviction of Lord William Nevill on the charge of defrauding a pawnbroker.

On a bench, facing the door, among an armory of murderers' weapons, is the other addition—the revolver with which Horace George Rayner murdered William Whitney.

# PLIED INDIAN WITH DRINK.

**Squaw Gives Evidence Regarding the Death of Jake Dixon.**

Nanton, Alberta, May 17.—The inquest to enquire into the death of Jake Dixon, an Indian, who died from the effects of drinking whiskey to excess on the C. C. ranch on April 20, was opened here. Squaws belonging to the same band as Dixon testified that a rancher named Dan McDonald induced him to drink until he was helpless, and then attempted to assault them, but was beaten off. They fled, leaving Dixon in the rancher's house. They went back next day, and got him in an unconscious condition, and carried him to the camp, where he died. McDonald was arrested, and is now in jail in MacLeod.

Stomach Troubles Of Long Standing

WHEN DOCTORS' TREATMENT FAILED THIS SEVERE CASE WAS ENTIRELY CURED BY

DR. CHASE'S KIDNEY-LIVER PILLS

Doctors failed to cure Mr. De Courcey because they were satisfied to treat the stomach instead of getting at the cause of trouble in the liver and bowels.

The most complicated and deep-seated digestive troubles yield to Dr. Chase's Kidney-Livre Pills, because of their direct and combined action on the liver, kidnye and bowels. We are continually receiving such letters as the following in regard to the failure of mere stomach treatment:

Mr. Patrick De Courcey, Midgell, lot 40, P.E.I., writes: "For some time I had stomach trouble, and was scarcely able to do anything at all. I was treated by doctors, but they did not seem to do me any good. A friend advised me to try Dr. Chase's Kidney-Livre Pills, and I did so, to very great advantage, for my old trouble has disappeared, and, though past middle age, I feel young and hearty again. I have great confidence in Dr. Chase's medicine."

Another interesting case of liver derangements and stomach troubles is that described in this letter:

Mrs. James Monteith, Saurin, Simcoe County, Ont., writes: "I have used Dr. Chase's Kidney-Liver Pills for liver complaint, biliousness and terrible sick headaches, and have found that they are more effective than any treatment I ever tried. They cleanse the system thoroughly, remove the cause of pains and aches, and make you feel fresh and strong again. Dr. Chase's Kidney-Liver Pills are also excellent for stomach troubles."

By means of their direct and specific action on the liver—causing a healthful flow of bile—they regulate and enliven the action of the bowels and ensure good digestion in the intestines. At the same time they stimulate the kidneys in their work of filtering poisons from the blood.

Dr. Chase's Kidney-Liver Pills, one pill a dose 25 cents a box; at all dealers, or Edmanson, Bates & Co., Toronto.

**ROYAL**
**Baking Powder**

Made from pure grape cream of tartar, and absolutely free from lime, alum and ammonia.

ROYAL BAKING POWDER CO., NEW YORK.

# News Of The City And District.

The Weather—To-day and Sunday, variable winds, a few local showers or thunderstorms, but mostly fair and moderately warm.

**Piano Tuning.**

Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. Phones, Bell, 199 A; Machine, 199.

**The Pharisee's Talk**

The Conversations of Jesus at "The Parisee's Table," will be studied at the Saturday Bible Club at the Y.M.C.A. to-night at 7.45.

**Nordheimer Pianos**

Catalogues and full information regarding Nordheimer Pianos, at McDermid & Jury's drug store. It will pay to see these pianos before purchasing. 1m111

**Appetizing Fish**

We are receiving some very fine, mild-cured Lake Ontario cisoes. Also delicious, fresh caught salmon trout. H. A. Oke, 376 Georga street. Both 'phones, 18.

**Roller Hockey**

Two roller hockey teams intend to give an exhibition game next Friday night after the usual skating. The band will be present, and the picked teams promise a lively game.

**Appointed Administrator**

The Trusts and Guarantee Company, Limited, Toronto, has been appointed administrator of the estate of the late H. F. White, of Toronto, who died, leaving an estate of over $150,000.

**That Soiled Suit**

That suit, with soils and spots on it, will take on all the freshness of a new suit if sent to "My Valet"—cleaned, pressed and repaired, ready for the summer. Wesley Bros., 204 Charlotte street.

**New Stock at C. G. E.**

The Toronto Star of last night said: Canadian General Electric sold at 126 this morning, a drop of two points from yesterday on selling, caused, no doubt, by the talk of a new stock issue.

**Lantern Service**

There will be a special lantern service at the Salvation Army Barracks to-night, when Captain Hurd will deliver an address, illustrated with stereopticon slides. A large attendance should be on hand.

**Funeral at Newmarket**

The funeral of the late Mrs. Hollingshead, mother of Mr. A. A. Hollingshead, manager of the local branch of the Bank of Ottawa, took place this afternoon at Newmarket. She passed away on Wednesday night.

**Salvation Band**

The Salvation Band have secured a small hall on Simcoe street, which will be used until larger premises can be obtained. This hall will be open to the public on Sunday, May 26, 1907, at 3 p.m. and 7 p.m. Further announcements later. M. T. Butcher, Secretary.

**An Egg Freak**

Mr. R. E. McKee of Smith township called at the Examiner office this morning with a curiosity in the shape of a soft-shelled egg. The reproductive organisms, instead of being inside the egg, hung from the outside of the soft shell.

**The Great Storm**

This will be the subject of the evangelistic meeting for men at the Y.M.C.A., on Sunday at 4 o'clock. It will be in charge of the Evangelistic Band. Miss Grey and Mr. Thornton will sing, assisted by the male choir. Every man in the city would enjoy this meeting.

**Mr. Fife the Speaker**

Mr. H. A. Fife will speak again to-morrow night at the evangelistic meeting in the Gospel Hall. The Sunday school will be held at 3 o'clock, when any strangers in the city are invited, as also others who would like to see a non-denominational Sunday school carried on.

**At Springville Church**

The subject at the morning service at the Springville Presbyterian church to-morrow will be "The Responsibility of the church to the World" and for the evening service Dr. Marsh will preach the second of the series on "What Science says relative to the Future State."

**Campbell's Varnish Stain**

In reading advertisements of Varnish Stain we notice one man claiming that his varnish stain has pigment in it, it would be a paint, not a stain. The makers of Campbell's Varnish Stain come out square and guarantee that their stain does not contain any pigment, does not require any stirring up and will not obscure the grain of the wood over which it is applied. Guess we'll buy Campbell's. For sale at the Peterborough Hardware Company.

**Special Notice**

So great has been the attendance at Scott's Coliseum, 432 George street, to see the wonderful moving pictures of the Thaw-White Trial, that it has taxed the capacity of the premises, and the management have decided to continue the series for the coming Monday, Tuesday and Wednesday, May 20, 21 and 22, to give everyone a chance to see something really good. Doors open, 2 to 5 and 7 to 10 p.m. Admission, five cents.

**First Trip of Season to Stoney Lake Per Steamer Stoney Lake**

Spend the 24th of May and the following day up the lakes. The steamer Stoney Lake has arranged her first trip to Stony Lake, leaving Lakefield on May 23rd on arrival of the noon train from Peterborough. On May 24th will leave Lakefield on arrival of the morning train, and returning same day in time to connect with last train for Peterborough. On Monday, May 27, the steamer will leave the lakes in time to connect with the 4.40 train for Peterborough. 4d117

**GRAND OPERA HOUSE—TO-NIGHT**

**TOM MARKS** AND HIS COMPANY IN **"The Hypocrites"**

The costume now on exhibition in Richard Hall & Son's window, will be drawn for to-night. Good Specialties between acts—Prices: 10, 20 and 30c.

# Personal Mention.

Rev. Father Keilty is registered at the King Edward Hotel, Toronto.

Mrs. G. H. Dawson, 216 London street, will not receive again this season.

Mr. Sidney Smithson of Norwood is spending a few days with friends in the city.

Mr. Jno. Peace left the city last night for Sault Ste. Marie, where he has secured a position.

Mrs. Laing of Peterborough and Miss Day of Rochester, N.Y., were the guests of Mr. and Mrs. J. Maude this week.—Lakefield News.

The friends of Mr. Fred Sanderson will be pleased to learn that his condition to-day is favourable. He underwent an operation for appendicitis.

Mrs. Wm. Hudson has gone to Toronto to-day to visit her niece, Miss Lillie Londell, 210 Robert street, and her son, Mr. Carl P. Hudson, for a few days.

The Rev. Finlay Matheson, B.A., of Chatsworth, who will preach at St. Andrew's Church to-morrow, will be the guest of Mrs. Robertson, of Reid street, while in the city.

Mr. J. Lang, Mr. Whittaker and the Misses Clara and Pearl Mitchell, of Peterborough, were guests at the home of Mr. and Mrs. T. J. Lang on Sunday.—Millbrook Mirror.

Miss Matthews, who has been spending the past few days with friends in the city, has returned to her home in Lakehurst, accompanied by her friend, Miss Lillian Fife.

**Celluloid Starch**

Easier froning gives better finish on things starched with Celluloid Starch, the only no-boil cold-water starch that can't stick. You will like it best, once you try it. Buy it by name. Any good dealer.

## SOME IMPROVEMENTS TO THE RINK FRONT

**New Cement Walk Installed and General Appearance Enhanced**

Under the supervision of Mr. Jack Thirnbeck the appearance of the front of the Brock street rink has been greatly enhanced. A cement sidewalk has been laid from the sidewalk to the entrance, covering the whole space in front of both doors. This portion of the work has been neatly done by Mr. Thirnbeck.

The remainder of the front of the building has been raked and cleaned, which greatly improves its general appearance.

With rye, scotch or brandy, York Sparks adds zest and improves flavor, because no salts overload it; it does wonders in bringing out the bouquet of spirits. Ask for it at good hotels and clubs; or tell your wine merchant you want it.

# Latest News Of Various Sports

## Norwood Was An Easy Mark For The Champion Quakers

**Latter Won Handily by the Score of 4 to 1—Exhibition Game Watched by a Large Crowd of Spectators—Some New Additions to Quaker Ranks.**

**WAS A GOOD EXHIBITION**

The Peterborough Quaker football team played in their old-time form last night when they won from the Norwood eleven in an easy manner by the score of 4 goals to 1. The score at the turn of the game was 2-0 in favour of the winners, whose citadel at no time during the match was in very great danger. The Quaker line-up, although still short three of its regular players, was strengthened from that which contested the exhibition game in Norwood one week ago. The defence had little exertion to make owing to the vigilant watch of the halves. The latter followed up well and were always on hand to feed the local forwards, who were called upon to do the greater portion of the work.

The match was played on the Exhibition grounds between 7 and 8 o'clock, and, although the weather was threatening, it was witnessed by a large gathering, enthusiastic over the success of the followers of William Penn.

The Norwood team, although somewhat stronger than that which played last week, is not the best the village can secure, and on the 24th should make the Keene kickers go some to win. Doherty, the centre forward, was their star, and was the only one who got behind the local backs. He scored the only goal of the visitors, by a pretty individual rush in the latter half. Cummings at centre half put up a strong game, relieving splendidly, and Rodgers on the forward line was also conspicuous for the visitors.

There were two additions to the Quaker ranks—Brodie and Robert Evans—both of whom did some gilt-edged work. The former held down the outside right wing on the forward line and invariably secured the pigskin when he went after it. He and Baker combined neatly on several occasions. Ray and Ernie Best played the opposite wing, and their combination work could scarcely be improved on. Jim Archibald, who made such a valuable half-back on the champion Quaker team of last year, played in excellent form considering that it was his first practice of the season. Deforge assisted him on the back division and played his usual effective game. Crouch, Fitzgerald and Evans played half, and seldom did they allow their opponents to get past.

The Quaker goals were scored by E. Best, Baker and Huston. The fourth was put through by one of the Norwood men while attempting to relieve his goal.

Mr. Kennedy of Norwood acted as referee and handed some penalties to a couple of the Quakers charged with the tripping offence. His refereeing was quite satisfactory to both teams. The line-up of the teams was:

| Norwood | | Quakers |
|---|---|---|
| | Goal. | |
| Rodgers | | McFadden |
| | Backs | |
| Bettan | | Deforge |
| Kidd | | Archibald |
| | Half-Backs | |
| Huyoke | | Crough (Capt.) |
| Cummings | | Fitzgerald |
| J Doherty | | Evans |
| | Forwards | |
| Rodgers | | R Best |
| Gresham | | E Best |
| F Doherty (Capt.) | | Huston |
| Hendren | | Baker |
| Pickard | | Brodie |

**FOOTBALL**

On Wednesday afternoon, May 29, the famous Fall River Football Team of Massachusetts, will meet the Quakers on the Riverside Park. The game will no doubt attract many lovers of association football, as the Fall River team are the best amateurs in the United States. They have won the New England championship for the past seven years, and were the only team which defeated the "Old Country" "Corinthians" last year. They are coming strong and will give a superb exhibition of how the game is played across the line.

**BASEBALL**

The Central School baseball team played a runaway game with a nine from the Norwood Public School last night on the Oval. The score was 18 to 6 in favour of the Central School boys. Hendren and McMaster composed the Norwood battery, the former in particular playing an excellent game behind the bat.

If you have not had Tisdall's Ice Cream, try it.

## COMPANY WILL PUT UP NEW BUILDINGS

**Special Meeting of Shareholders of Colonial Weaving Company Being Held This Afternoon to Consider It.**

This afternoon a meeting of the shareholders of the Colonial Weaving Co. is being held for the purpose of considering the advisability of increasing the capital stock of the company, the object being to spend the additional funds derived from the sale of the new stock in erecting new buildings, made necessary by the rapid growth of the business. Since this company commenced manufacturing its product it has made rapid strides, and for some time it has been felt that the present buildings were inadequate to the demands for space made upon them.

**You have read the Sailor Boy's Plea Buy to-day for your dinner to-morrow, Sailor Boy Canned Goods Tomatoes, Corn, Peas and Salmo Your money does not buy bette Goods. Do you get Sailor Boy or Substitute?**

## "FISHING AND SHOOTING" ON THE KAWARTHA CHAIN

**Canoe Trips Throughout Canada Described—A Wealth of Information**

A handsome little pocket book issued by the Canadian Pacific Railway entitled "Fishing and Shooting" has just been received at the Examiner office. It gives details of canoe trips throughout Canada and a wealth of information about Canadian summer resorts. Speaking of the Kawartha Chain it says:—

Take the Lindsay branch of the Canadian Pacific Railway. Put across in the water at Scugog Lake, then down Scugog River through Lindsay to Sturgeon Lake, then eastward to Bobcaygeon and Pigeon Lake, Buckhorn Lake, Deer Lake and Clear Lake to River Otonabee, Lakefield and Peterborough. A fine trip, with good fishing. Time, from one to two weeks. Easily reached from Toronto, Buffalo, Pittsburg and Rochester.

***MONS. F. X. MERCIER, World renowned Tenor and Artist in Grand Concert, May 21st. Prices:—50c, 75c, $1.***

# LOCAL PARTIES IN LEGAL CASE

**Peterborough Hydraulic Power Company Versus McAllister Board**

The Osgoode Hall news to-day has the following notice of a case in which local parties are interested:—

Peterborough Hydraulic Power Co., vs. McAllister.—A. B. Morine, for Ontario Bank, third parties, moved for order to consolidate or stay action. D. O'Connell (Peterborough) for defendants. C. W. Kerr for plaintiffs. Order made staying proceedings in this action until after trial of first action. Costs reserved.

Tisdall's for Ice Cream.

# QUIET MARKETS ARE NOW THE GENERAL RULE

**Young Pigs Sell at Six Dollars Per Pair —Other Prices**

To-day's market was of the usual quiet variety. It seems that the local market is retrograding, and this fact is becoming more apparent as week follows week. There was a time when crowds were to be expected at the weekly market, but now it is generally a small number of farmers that bring their produce to sell on the market.

Butter sold at 26 and 27 cents, and eggs were firm at 16c. Potatoes have undergone no change since last week, but veal was sold at 7 and 9c. Russet apples were offered at $1.25 per bag. They were of good quality and were soon disposed of. Other prices were as follows:

| | | | |
|---|---|---|---|
| Potatoes, per bag | | to | 90 |
| Onions, per peck | 25 | | |
| Beets, per peck | 15 | | |
| Cabbage, per head | 5 | | |
| Parsnips, per peck | 15 | | |
| Butter, per lb | 26 | to | |
| Eggs, per doz | 15 | to | 16 |
| Chickens, each | 75 | to | |
| Hay, per ton | | to | 15 00 |
| Pork, per lb | 10 | to | 11 |
| Veal | 7 | to | 6 |

**Surpasses Everything.**

For artistic elegance of case, scientific precision and excellence of construction, the New Scale Williams Piano is unequalled in Canada to-day. 26

J. M. Greene Music Co., Opera House Block, Peterborough.

# THE SKATING CONTEST WAS INTERESTING

**Miss Nellie Graham and Miss Annie Brooks Were the Winners Last Night**

The skating contest at the Charlotte street roller rink last night, proved one of the most interesting events of its kind held this season. After considerable difficulty the judges names as the best couple, Miss Nellie Graham and Miss Annie Brooks, and they will each receive a handsome ring. The judges were Mrs. Barber, Miss Whiteroft and Miss King.

If You Want the Best, 16 is Tisdall's Ice Cream.

# The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, May 18.—The stock market was weak from start to finish to-day. St. Paul was the most prominent with a decline of 3 points, while the Hill stocks and Chesapeake & Ohio were under heavy pressure. Union Pac., Reading, Penna. and Copper stood up well against the declining tendency and lost but fractions. The bank statement was as favourable as had been anticipated and stocks were inclined to rally a little after its appearance. The close was quiet.

Wheat sold off six cents a bushel from yesterday's high figures. The weather was more favourable and cables lower but most of the sales came from people taking profits after the big advance of the week. Snow's report says sixty per cent. of the Kansas wheat crop is damaged and that the oats crop is entirely destroyed. It had but little effect in stemming the decline, however. Corn and oats sympathised and sold off a cent or more. The close was near the low for the day.

## FAMOUS CARTOONISTS.

**Sir John Tenniel, Veteran Punch Artist, Celebrates 87th Birthday.**

Sir John Tenniel, the famous Punch cartoonist, who celebrated his eighty-seventh birthday the other day, is still a fine military-looking man, with all his faculties intact and as keen a mind as when he drew his first cartoon, says M. A. P. At a very early age he displayed a marked talent for drawing, although his great ambition as a small boy was to be a circus clown! That interesting period passed, however, he made up his mind to become an artist, and he was only sixteen when his first picture was exhibited. Henceforth he progressed steadily, and gained wide-spread praise for some illustrations to "Aesop's Fables," which were so admired by Douglas Jerrold that when Richard Doyle resigned from the staff of Punch, that famous wit advised Mark Lemon to give young Tenniel a chance. The advice was acted upon, and in 1851 the future Knight began his fifty years' connection with The London Charivari. After that all was plain sailing, and in a comparatively short time his name was known all over England. Among his many admirers was the late Prince Bismarck, who became the possessor of one of the artist's original sketches. In 1893 Tenniel received his Knighthood, and his retirement from Punch came in 1901. Apart from his work for that famous paper, nothing that he ever did was cleverer than his illustrations to Lewis Carroll's "Alice in Wonderland" and "Through the Looking-glass." Sir John lives quietly in a pretty house near Maida Vale, where, surrounded by his favorite pictures, he enjoys a well-earned retirement.

**King Edward's Perquisites.**

Among the most curious of his Majesty's perquisites is his right to every whale or sturgeon captured on the coast of the United Kingdom and brought to land. Both of these perquisites date back to the days of the Norman Kings, and it appears that in the case of the whale the monsters were divided between the Sovereign and his consort, the Queen taking the head in order that her wardrobe might be replenished with the whalebone needed for the stiffening of her royal garments.

Another of the King's perquisites is a certain number of magnificent cashmere shawls, which are despatched to him every year from the kingdom of Cashmere. They vary in value, as a rule, from £60 to £250 apiece.

Another class of royal purveyor is called upon to present annually a tablecloth, while from other sources again he is entitled to an annual contribution of such varied "tips" as white doves, white hares, currycombs, fire tongs, scarlet hosiery, nightcaps, knives, lances and crossbows. Moreover, at the coronation, the Lord of the Manor of Addington must present to the Sovereign a "dish of pottage" composed of "almond milk, brawn of capons, sugar, spices, chickens parboiled and chopped." At the same ceremony the Lord of the Manor of Haydon is obliged by virtue of his tenure from the Crown to present the monarch with a towel, the Lord of the Manor of Worksop giving the Sovereign a "right-handed glove. These are only a few of the various perquisites to which King Edward is entitled by tradition and usage.

**His Desire.**

A patient in a hospital was ordered by the doctor a diet of chicken and old madeira. When asked how he liked that regimen, he replied:

"It would be all right if the chicken was the age of the wine and the wine that of the chicken."—Il Mondo per Ridere.

## THEFT COMMITTED ON HUNTER STREET ON SATURDAY NIGHT

### Miss Bridget Hagarty Robbed of Her Purse by Tall Man ---A West End Citizen Charged With Being the Guilty Party---Pleaded Not Guilty---Judgment in One Week---Park and Hunter Streets Scene of Robbery

Saturday night between nine and ten o'clock Miss Bridget Haggarty, who resides at 91 Elm street, was walking north on Park street, returning home, when she was accosted by a man who had followed her, and after asking if a Mr. Brown resided nearby, snatched at a handsatchel she was carrying and broke it from the chain. The affair took place at the corner of Park and Hunter streets, and the man disappeared towards St. Peter's cathedral.

The police were immediately notified, Officers Newhall and George Meharry responding, and as a result of their work, a west end citizen was arrested, charged with committing the theft. He appeared before Magistrate Dumble this morning, elected to be tried by His Worship, who will give judgment a week from to-day at 10 a.m.

**Miss Hagartys' Story**

In court this morning Miss Hagarty told her story in giving evidence. She left her sister's residence shortly after nine and when on Charlotte street going west she heard a man following her. He disappeared for a time but after she had passed Simcoe street on Park, she heard him again. At Hunter street the man passed and turned abruptly, and Miss Hagarty's worst fears became actual facts.

**Called For Help**

She had gradually becom excited and nervous as she heard him approach and she screamed as she vainly endeavoured to prevent him from getting possession of her satchel. She followed him up Hunter street, calling out "Stop thief! Stop thief!" and was met by two ladies living at hand. They took her in and calmed her, for she was in a state of nervous collapse. She gave a description of the man as she remembered him to one of the ladies, and the police were notified. The ladies accompanied her home after she had regained her usual composure.

**Newhall's Work**

In the box to-day P. C. Newhall said he and P. C. Geo. Meharry met a man at the corner of Hunter and Rubidge street whose appearance tallied with that given over the 'phone. Being questioned he said he had not seen anyone pass, but had seen two drunken on the corner of Reid and Brock, and heard them sing "In the Good Old Summer Time." The officer said "Good night!" but did not depart. The man was the accused, and as he turned off Hunter street going north on Stewart, P. C. Newhall ran down from the Conservatory of Music and saw him running up the sidewalk. Newhall gave chase and caught him at Brock street. He said, "Newhall, Newhall, I am innocent," before the officer had even asked his name. The three men went out to Elm street and although Miss Hagarty said she could not recognize the face, the man's bearing and appearance were very like the accused.

**Returned to the Corner**

They then went to the scene of the theft and the prisoner said, "I remember I heard a woman shout 'Oh!' but I did not investigate the matter." Miss Hagarty was with them and while she was explaining the route the man took the accused said "You say he crossed the road up there (pointing east on Hunter street); I did not, I ran straight on—so it could not have been me." She replied "You look like the man." The accused was then arrested. Newhall asked him if he had seen any other man on the corner, and he said, "Yes, I did see a man on the opposite corner but I did not take any particular notice of him." Miss Hagarty said that there was only one man in that vicinity when the robbery was committed.

Officer George Meharry corroborated P. C. Newhall's testimony.

**Testimony of the Accused**

Witness said that he left his home at the corner of Brock and Stewart streets, at ten minutes after nine o'clock. He walked west on Brock to Rubidge, south to Hunter, west on Hunter to Park, south on Park to Simcoe, east on Simcoe to Reid, north on Reid to Brock, where he saw the drunken men, east on Brock to Rubidge and south to Hunter, where he met the policemen. The rest of his story was just as P. C. Newhall related, except that he did not say, "I ran up Hunter street," but rather went up the street. This constituted all the evidence. There was nothing found on the accused to implicate him with the theft.

**Purse Found**

Yesterday morning a member of St. Peter's Cathedral found the purse while on the way to church. It was announced at the three services by Rev. Father McColl and returned to the owner. The contents of the purse were a key, two rosaries and ninety cents.

The Magistrate reserved judgment for one week.

## Rich Brewer's Wife Faces Charge Of Horrible Crime

### Sioux Falls Woman Alleged to Have Cruelly Murdered Her Servant—Her Inhuman Treatment.

### ON TRIAL FOR HER LIFE

Examiner Special.

Sioux Falls, S.D., May 18.—The case of Mrs. Emma Kaufmann, wife of a rich brewer of this city, charged with the murder of Miss Agnes Polreis, her 16-year-old domestic, will be taken up for trial in the state circuit court here next week. Since a week or two after her arrest last June Mrs. Kaufmann has been at liberty on bonds of $25,000. The best obtainable legal talent in the Northwest has been engaged to defend the accused woman and the trial undoubtedly will be among the most notable in the history of the judiciary of South Dakota.

The girl whom Mrs. Kaufmann is alleged to have killed, Agnes Polreis, was a Bohemian and could speak but little English. She died in terrible agony at a local hospital early last year, a few months after taking employment as a maid in the Kaufmann household. Her body was interred at Parkston, S. D., the home of her parents.

It was but a short time until dark rumours regarding the manner of the girl's death were circulated. The remains were exhumed and according to the statements of the physicians then the body was a mass of bruised and scalded flesh, covered with gashes and scars. Through the testimony of other servants of the Kaufmann household, who told tales of almost fiendish brutality, the wife of the millionaire brewer was placed under arrest, charged with having caused the death of the girl.

**Poured Hot Water**

At the preliminary hearing the coach man declared that he had seen Mrs. Kaufmann knock Agnes Polreis down, and that many times he had witnessed the girl on her knees pleading pitifully for mercy while her mistress was beating her. Shortly before the girl was sent to the hospital, suffering from the injuries which caused her death, the coachman testified that he was called to the house by his mistress, where he found the maid lying on the floor in a pool of water, which he believed had been hot. The coachman was told by Mrs. Kaufmann to carry the girl to her room. Shortly afterward he said Mrs. Kaufmann followed him with a solution containing a strong admixture of lye and instructed the coachman to bathe the girl's feet and legs with it, saying that it would take the soreness out.

Other fiendish acts, alleged to be true, were related by other witnesses and Mrs. Kaufmann was bound over and placed in the custody of the sheriff. It is rumoured that the attorneys for the accused woman will enter a plea of insanity. The statements of former servants in the Kaufmann household sustain this view to some extent. The death of Mrs. Kaufmann's only daughter is said to have caused a temporary derangement from which the woman never entirely recovered. Many witnesses stated that they often seen Mrs. Kaufmann sitting before a life sized portrait of her dead daughter, staring at it moodily for a time and then bursting forth into blasphemous curses against God for bereaving her. After these spells, it is said, she would be seized with fits of anger in which she was cruel and vindictive against all young girls who came in her way.

## To Erect New Factory With Double Capacity

### Colonial Weaving Company Shareholders Ratify Agreement to Increase Capital Stock to $110,000

### THE BUSINESS IS INCREASING

A special meeting of the shareholders of the Colonial Weaving Company was held at the head office of the company on Saturday, the 18th day of May, for the purpose of taking into consideration the sanctioning of a bylaw, passed by the directors, providing for the increase of the capital stock of the company from $60,000 to $110,000, and further providing that such increase be created as 7 per cent. cumulative preference stock.

A very large number of the shareholders attended the meeting, which represented about 80 per cent. of the paid-up capital of the company. Among the shareholders present were noticed: Messrs. Walter Fowlds, Andrew Hall, Samuel Edwards, Henry Edwards, Robert Tudhope, F C Howson, F J Jamieson, Mrs. Howie, John Watson, M Robinson, J G Armstrong, R R Hall, John Hutchinson, Dr. Carmichael, R H Kells, A E Coultbard, A Robinson, William Hanstone, and others.

The directors recommended to the shareholders the passage of this bylaw for the purpose of providing funds with which to erect a new building and for the purpose of installing additional new machinery.

**Ask For Free Site**

The directors further reported that they contemplated making application to the City Council to obtain a free site and fixed assessment on the same terms and conditions as had been extended to the Canadian Cordage Company, the Shovel Company, the Rapid Tool Company and other factories which have recently located in Peterborough. The directors have reasonable grounds to believe that the City Council will give their application, when it is submitted to them, fair and reasonable consideration.

**Bylaw Ratified**

The shareholders, after learning full particulars in regard to the prospects of the company, unanimously ratified and approved of the bylaw, and intimated their willingness to subscribe for a very large block of the new issue.

Just as soon as the proposed bylaw is passed by the City Council, the plans and specifications of the new building will be in shape to commence operations. The company now employs upwards of 45 hands, and it is contemplated that the capacity of the mill will be doubled.

## TWO YOUNG MEN UPSET IN LITTLE LAKE

### Canoe Overturned a Few Yards From Cemetery Point.

The waters of Little Lake, yesterday afternoon, were the scene of an unpleasant episode for two young city gentlemen, who involuntarily took their first out-of-door bath of the season off Cemetery Point. The boys were canoeing in the evening, about 5.30 o'clock, on Little Lake, and, seeing a couple of bright objects on the cemetery grounds, they made haste to investigate. One, a prominent bank clerk, attempted the daring feat of standing up in the canoe, and the other had to suffer the consequences.

Luckily, the boys were within a few yards of the shore, and little time was lost in getting there. The banker called at his office, and was soon attired in a military costume, in which he wended his way homeward.

## OBITUARY.

**ELLA FALIN**

The death occurred in Toronto on Sunday, May 19, of Ella Falin, wife of Mr. Joseph McClelland. The funeral will take place from the C.P.R. station on Tuesday morning at 11.38 o'clock, on the arrival of the express from Toronto, and will proceed to Little Lake Cemetery.

Lots of compliments are coming in about Tisdall's layer cakes. Take one home.

## REV. A. BRIGHT WAS INDUCTED

### New Pastor of Presbyterian Church, Ingersoll, Formally Installed in His Office

### AN INTERESTING EVENT

The Ingersoll Chronicle of Friday last had the following reference to the induction of Rev. A. Bright into the pastorate of the Presbyterian church of that town:

In the presence of one of the largest congregations that ever assembled in the spacious edifice, the ordination and induction of Rev. Alfred Bright into the pastorate of St. Paul's church took place yesterday afternoon. Important as the occasion was to Mr. Bright, marking as it did a great day in his career, it was also of much interest and importance to the members and adherents of St. Paul's church, who have been without a pastor for several months.

Prior to the induction ceremony, Mr. Bright was duly examined by the Paris Presbytery, and the announcement made to the congregation that if anyone had any objections to make, to make them known at once.

**Steps Leading to Call**

The Rev. Dr. Dickie, pastor of Chalmers church, Woodstock, narrated the steps leading up to the call being extended to Mr. Bright. He mentioned that several able and eloquent preachers had been heard by the congregations and that the call was a unanimous one.

**Reception to Mr. Bright**

On Wednesday evening next at 8 o'clock a reception will be tendered Rev. Mr. Bright in the lecture room of the church.

## TOO MUCH LAW-MAKING

The Farmers' Advocate with, it must be confessed, no little justification, criticizes the legislation enacted in the Ontario Legislature, and argues that there is altogether too much law making. It says:

"There is a tremendous amount of unnecessary as well as conflicting and sometimes mischievous legislation passed at Toronto, so that our statutes have become a confusing aggregation of ill-assorted acts, without system or unity. The result is a puzzle to the most expert solicitor, let alone a layman. The situation is aggravated by the fact that in indexing the statutes insufficient care is observed on correlating acts that bear on one another.

"It is true that every ten years a revision of the statutes takes place, and a competent body prunes and dresses them into shape; but in the period intervening between these decennial revisions a great mass of legislation is passed which lawyers and the public are left to make out as best they may.

"There are far too many bills introduced into the Legislature anyway. Every new member who wants to shine in the white light of legislative celebrity feels that the thing to do is to father a bill. He accordingly casts about for some real or fancied defect in the existing statutes, and forthwith introduces a bill to amend the assessment act, the municipal act, or some other statute, on which he thinks he can improve. In the session just closed the number of bills passed was well up in the three figures. Many were trivial, some useless, and a great many would be better omitted in the interests of simplicity."

There is no reason to doubt that, under the present Government, there has been a greater amount of superfluous legislation placed upon the statute books of the province, than in any antecedent two sessions, or even four sessions, in the history of the province. It is well known that Hon. J. M. Gibson, in his capacity as Attorney-General, held the reins with a rather firm hand, and, in the public interest, placed a veto upon a good deal of the frivolous and uncalled for legislation introduced by ambitious members. It seems that almost every member, not even excluding the back bencher, is anxious to justify his election by introducing some amendment to the much worried Municipal Act, the favourite field for legislative weeding and over-seeding. In default of getting a grant for side-line improvements, he must make a law of some kind, not that such a law is needed, but to show his constituents that he is doing something besides drawing his sessional indemnity. And the back bencher, or ordinary member, is not the only sinner. Members of more experience, even members of the legal profession, are fond of tinkering with the laws, till, as the Advocate says, a puzzle is presented to the most expert law interpreter. Under the present regime, the expenses of legislation and civil government show a percentage of increase more than double the increase of any other period of corresponding or even double length. Owing to the multiplicity of laws passed, the annual statute book has become a fat volume rivalling about twice the size of the normal volume of Dominion Statutes, and reaching the wind-distended proportions of a volume of Hansard.

In addition to the specific objection to excessive legislation on the score of expense, there are reasons of a general character which forbid the making of laws of which there is no end. The great bulk of these laws are deservedly held in little respect, and are dead wood in the legislative thicket. It is history that laws which are not respected, and not enforced, tend to generate disrespect for all law — a calamity in itself. We have proof of this in the late lamented Dunkin and Scott Acts. They were not enforced, and instead of being measures of repressive influence, they became an excuse for disrespect for law in the abstract. It is the same with many bylaws passed by the city of Peterborough. We have now some thirteen hundred odd bylaws on the civic statute book. Nobody would feel the effect, the city and its people would move on just the same, if, perhaps, half of these inert bylaws were repealed at one sitting of the council. We have the dog tax bylaw, that is not enforced. It is a safe assertion that not three quarters of the dogs that infest the town at the present time, have a right to live by virtue of having paid taxes. There is the bicycle bylaw, which is generally disregarded. If all the offenders who ride on the pavements in defiance of the bylaw, and to the danger of pedestrians, were convicted and fined, the resulting funds would be enough to pay on the streets where the offence is committed, the street watering rate, or the sewer or pavement assessment. We have the boulevard bylaw, which forbids trespassing upon and tramping out the life of boulevards, which citizens of taste have fitted up at large expense. This is utterly and outrageously disregarded. Now we have the anti-spitting bylaw. Will that be enforced—can it be enforced?

The cumbering of the bylaw book with so many lumberous bylaws, which no attempt is made to enforce, is putting a premium upon law-breaking. They can only exercise a moral effect. But is it not rather an immoral effect, for it leads to the contempt of good laws. The remedy is to make fewer laws, and to have them command respect by good enforcement.

## INGRATITUDE

The many friends of Mr. George W. Fitzgerald, game warden for Eastern Ontario, will regret to learn that his services in that capacity have been dispensed with—he has been dismissed from his position. It will be remembered that last winter Mr. Fitzgerald suffered from a paralytic seizure while on duty at Pembroke. Since that time his son has been performing the father's duties satisfactorily, to the general public and in the interests of the service with which his duties are concerned. The service was in no way suffering, the young man performing his work diligently and satisfactorily. Even the bad and ungrateful "Grits" would not have been guilty of so unkind a cut, of so much unfeeling haste. The Fitzgerald family have not been the most slothful or least influential workers in the interests of the Conservative party in this riding and county, and Mr. George Fitzgerald certainly deserved a little gentler and more considerate treatment at the hands of the party for which he has always so zealously worked. We know of those who have been longer in infirm health than Mr. Fitzgerald, who are still on the provincial pay roll. The fact is, George, your position was wanted for somebody who had unsatisfied ambitions in regard to your office and who could, as evidently was done, persuade the party managers that you should be placed on record as a "back number." Your infirm state of health forbids you to get out and "hustle" for the party; your past services are conveniently forgotten—and with rather indecent haste, your political friends pronounce your influence gone.

**Young Girls**

**Avoid The Dangers and Sufferings of Womanhood**

Many a girl who graduates from high school or female college with a brilliant record and high standing is broken down before she is twenty.

Nowadays girls are pushed to the limit of their endurance both in school and society.

They must make a success —even if they are forever unfitted for the larger school of life and debarred from the happiness of motherhood.

At this time of life, when just entering upon womanhood, nature makes heavy drains upon the vitality, especially at each monthly period,

**Lydia E. Pinkham's Vegetable Compound**

the most wonderful of all tonic restorative medicines for women, will tide a young girl over this trying time and bring her safely into strong, noble, beautiful womanhood.

**Experience of a Beautiful High School Girl**

Her First Letter.

MY DEAR MRS. PINKHAM:—I write to see if you can suggest some means to cure me. A little more than a year ago I was unwell for the first time and since then I have been sick all the time in some way or other and suffered with painful and irregular periods. I went to a summer resort for my health and was doctored all summer, but to no effect. I have not been unwell for two months and thought I would see if you could do me any good. I attend High School and would not like to miss any time if it is possible. MARION BARBER, North Adams, Mass.

**Miss Barber writes again after two years**

MY DEAR MRS. PINKHAM:—Sometime ago I wrote to you for advice, being troubled with irregular and painful periods and female troubles. I began taking Lydia E. Pinkham's Vegetable Compound and Liver Pills and using the Sanative Wash, and I am glad to say I am completely cured and have not had any sickness since. I wish to thank you for your kind advice and shall recommend your medicine to my girl friends. MARION BARBER, 101 Bracewell Ave., North Adams Mass.

**Free Advice for Young Girls**

All young girls are earnestly urged to write to Mrs. Pinkham, at Lynn, Mass., for advice. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham, and for twenty-five years under her direction, and since her decease, she has been advising sick women free of charge. Thousands of women are well, strong, and beautiful to-day because they made a confidant of Mrs. Pinkham and followed her instructions at this critical time of their lives.

**Zutoo Is a Boon for Women**

It Stops their Pains.

"I received your sample of Zutoo Tablets, and took them for severe pain (monthly) and headache. At the end of 30 minutes I was entirely free from pain and experienced no more throughout the period. I suffer a great deal at these times and feel grateful that I now have a remedy which affords quick relief. Every woman in the land should know about Zutoo Tablets and what they will do." MRS. ALLEN WRIGHT, Fulford, Que.

# New Fire Alarm System Is Said To Be An Ineffective One

**Statement That Bells Cannot be Heard in Firemen's Houses—Batteries Are Too Weak.**

## NOT AS LOUD AS OLD

The statement is made by some of the members of the Peterborough Fire Brigade that the new alarm system recently installed is not efficient in, at least, one respect — and that, apparently an important one—and that the alarm given in the homes of the firemen, indicating a fire, is not nearly loud enough, the belief being that the batteries connected with the bells are too weak. At any rate the Examiner is informed that the bells at the present time can hardly be heard in one or two rooms removed from that in which they are placed, even in the day time, and at night, when the firemen are asleep, it would be utterly impossible to waken them.

If this is a fact, and those who have heard the bells—or rather, those who have tried to hear them—state that it is, the main claim to superiority, advanced for the new system is discredited, because unless the firemen are made aware of the existence of fire the fire hall equipment is practically useless.

If it can be remedied by supplying stronger batteries with the bells, this may be accomplished, but it is evidently imperative that something should be done. The new alarms are not nearly as loud as those in use before the new system was installed, and this is a condition which one would naturally think, would not be tolerated.

It is also stated that the ring on the city clock giving the alarm, can with difficulty be heard outside the central area of the city.

It is understood that the system has not yet been accepted by the city, and in that event it is possible that the company supplying it can be induced to exchange the present batteries for stronger ones, and in that way the fault complained of can be remedied.

## NOTED TENOR MET WITH AN ACCIDENT

**And By Reason of This Fact Concert Announced for To-morrow Night by Mr. Mercier is Postponed**

Word was received in the city yesterday from Toronto to the effect that Mons. Mercier, who was to have given a concert in the Grand Opera House to-morrow night had met with an accident, and that by reason of this fact the concert would have to be postponed. No details of the nature of the accident of which the noted tenor was the victim, have been received, but it is not believed that it was serious, because it was stated that he would be able to resume his engagements next week.

Those who have bought tickets for the concert to-morrow night may have the matter adjusted on application to the box office at the Opera House or those from whom they purchased their tickets.

If You Want the Best, it is Tisdall's Ice Cream.

## TWO BARNS BURNED ON SATURDAY

**Struck by Lightning—Owned by Mr. McCarrol, of Emily**

On Saturday afternoon during the electric storm, the barns of Mr. Jno. McCarroll, of Emily, were struck by lightning, and burned to the ground. Mr. McCarroll was, perhaps, the heaviest loser in the vicinity, as both barns, which were frame, were destroyed, together with a number of hens, and a quantity of hay. Luckily as the fire had just started, the Omemee football team hove in sight and assisted the owner in getting out everything except the above mentioned things. The barns were almost new so that the owner's loss will be considerable.

## A Message for Pile Sufferers

FROM TWO LADIES WHO HAVE BEEN CURED OF EXTREMELY TORTURING CASES OF PILES BY

**Dr. Chase's Ointment**

Mrs. Geo. H. Simser, Grant, Russell county, Ont., writes:—"Eleven years ago I began to suffer from piles, and as they caused keen distress, and became worse, I doctored for them, but with little or no avail. They were bleeding, itching and protruding, and oh! the torture suffered at times can never be described. It was with suffering that the bowels moved, and, as nothing brought relief, I could only endure the misery with an aching heart and without hope of cure.

"Finally a lady friend told me about Dr. Chase's Ointment curing piles, and to my surprise I felt relief at once on using this ointment; the little tumors soon disappeared, the ulcers healed, and the bowels became regular. This was five years ago, and I have never been troubled with this terrible ailment since, a thousand thanks to Dr. Chase's Ointment."

Mrs. Capt. Chinansmith, Salvation Army, Essex, Ont., writes: "It is with pleasure that I write to you in praise of Dr. Chase's Ointment. Two years ago I was taken with a severe attack of protruding piles, and became so bad that I had to keep my bed, and could lie in no position except on my Stomach. Doctors could give me no help, and the various oils and ointments used proved of no avail.

"One Saturday night, when I was suffering untold agony, my husband went to the drug store, for a box of Dr. Chase's Ointment, which I had heard of as a cure for piles. Although I had almost given up hope, to the wonder of those around me, I was able to be up and on my feet by Monday, and have had no difficulty from piles since. As a treatment for all kinds of sores and burns, Dr. Chase's Ointment works like magic."

To persons who have given up looking for a cure of piles or hemorrhoids, this letter should bring new hope. There is, we believe, no more effective treatment for piles than Dr. Chase's Ointment, 60 cents a box at all dealers, or Edmanson, Bates & Co., Toronto.

## CARD OF THANKS

St. John's College,
Winnipeg, April 17, 1907.

R. A. McLelland, Managing Director Cereals, Limited:

Dear Sir,—I received your kind letter and thank you very much for the enclosed express order for ($30.00) thirty dollars, being the prize offered by the Company for the Orange Meat competition. It was indeed a very pleasant surprise as I did not think that I should win it. Thanking you again and the Company, I remain,

Yours truly,
BENJAMIN CROOK.

## AMERICAN WHEAT IS NOT AFFECTED

**To Such an Extent as to Cause Any Alarm for the Crops, Says Henry Clewes**

Henry Clewes' weekly market letter, dated May 18, has a reference to the present high price of wheat, and attributes a cause for it. Mr. Clewes says:

Operations on the Stock Exchange have been of a dull and insignificant character. Speculation for the time being appears to have been largely diverted to wheat and cotton. A backward spring has undoubtedly been the cause of considerable damage to the wheat crop, and acreage has been diminished. Of course, a few weeks of favourable weather would quickly compensate for much of the damage thus far reported, and there is no doubt that much of the acreage already plowed up will be planted in corn or other crops. Nevertheless for the time being fluctuations on the side of the bulls in wheat, and the speculative following, which is considerable, readily jumps into the favourable stream. There is a large supply of wheat left over from last season, and indications do not point to any serious shortage, although crop reports from abroad are also somewhat unfavourable. Cotton has been strong, mainly owing to the enormous consumption of the staple, the backward condition of the crop, and the probability of only an average increase in the acreage. Although a wet and backward season is adverse to some crops, it should be noted that it is extremely favourable to hay and to oats, and a big hay crop will go far towards making good all known deficiencies in wheat.

## EVANGELISTIC BAND CONDUCTED MEETING

**An Interesting Service at the Y. M. C. A. Yesterday Afternoon—Members of the Band Speak**

Yesterday's evangelistic meeting for men at the Y.M.C.A. was a very interesting and impressive one, when the members of the Evangelistic Band took the subject. There was a fair attendance of men. The theme was "The Great Storm," the incident in the life of Jesus in the storm of the Lake of Galilee was taken to illustrate the storm on the sea of life. Miss Grey and Mr. J. F. Thornton sang a duet which was most appropriate to the subject, and appreciated by those who heard it. Those who attend the meetings are always glad to hear the members of the Band, which has recently been strengthened by two new members.

## IS THIS BRIDGE IN DANGEROUS STATE?

**Driver Complains of the King Street Bridge Over Creek**

To the Editor of the Examiner.

Dear Sir,—Might I state, through your valued columns, that whoever has the duty of repairing the bridges in the city has neglected the bridge over the creek on King street. It is in a rather dangerous condition and needs new planks. Besides, it is too much below the level of the street. I think that someone should give the bridge some attention before a horse breaks a leg, or receives other injury.

Yours, etc.,
DRIVER.

Peterborough, May 18.

# Mat Armstrong Stabbed In Northern California

**Former Peterborough Boy Lies in Critical Condition in a Eureka Hospital—Left for the South Last Autumn—A Member of Last Year's Quaker Football Team.**

## HAS MANY FRIENDS HERE

The Peterborough friends of Mr. Mat Armstrong who left this city last Autumn for the south will regret to learn that he lies dangerously ill in an hospital in California, having been stabbed in the neck a few weeks ago by a man at an hotel at which he was staying. Full particulars have not been received of the occurrence yet, but it appears that Mr. Armstrong was taken for another person and viciously stabbed. A report states that the knife almost pierced the jugular vein and that he is lying between life and death in the Siquira Hospital, in the town of Eureka.

A Peterborough lady is a nurse in that hospital and through her the news of the affair has reached here.

Armstrong while in Peterborough was employed at the C.G.E. and had many friends there. He was a member of the Quaker football team of last season and in this sport he was an accomplished player. Originally he came from Scotland, but for the past few years had made his home in Canada. He is a young man of about 22 years of age and of genial and attractive nature.

He has many friends here who greatly regret his critical condition and who will hope for a speedy recovery.

# Peterborough Delegate Off To Winnipeg Convention

**Mr. H. A. McCollum, the Representative to Brotherhood Gathering, Leaves for the West.**

## PREPARATIONS MADE

To-day Mr. H. A. McCollum leaves for Winnipeg to attend the annual convention of the Brotherhood of St. Andrew as a representative of the local branches of that organization. The first session of the convention will be held Thursday, and will close on Sunday. A despatch from Winnipeg to-day has the following with reference to the preparations for this gathering:

Definite preparations for the fifteenth convention of the Canadian Chapters of the Brotherhood of St. Andrew, to be held in Winnipeg on May 23, 24, 25 and 26, are now being made. The musical, hospitality, finance, transportation and publicity committees are all hard at work putting the finishing touches to their labours, so that the convention will be truly a success. The convention will be the first to be held in the West, and will be attended by members from all parts of Canada and the United States. It is expected that more than 500 delegates will attend. Many members of the Brotherhood, prominent in religious work and in the business world will be present and will give impressive addresses that will be of far-reaching effect, and will gain new ideas for the members and also the citizens of Winnipeg who will be present at the conference. The Dominion Council decided to hold the convention in Winnipeg owing to the great prominence which the Western Provinces have assumed. The decision has met with the cordial endorsement, not only of the members of the Brotherhood in Winnipeg and Western Canada, but throughout the Dominion. In Winnipeg the Brotherhood, though comparatively new, is strong in numbers, and very active.

# WILL SOON TOTAL HALF A MILLION

**Building Permits Now Amount to Over $480,000**

The total of building permits issued in Peterborough since May 1 will soon be over the half-million-dollar mark. Already, permits totalling over $180,000 have been issued. Since Saturday, eight permits have been taken out, representing an estimated cost of $81,200. The list is as follows:

Jas E Mellmoyle, two dwellings Gilmour matreet; estimated cost of each, $2,000. Contractor, Thomas Houlihan.

Joseph Gray, dwelling, Park street. estimated cost, $300.

D. Guthrie, re-modelling dwelling, Elm street; estimated cost, $100.

Canadian General Electric Co., new factory building; estimated cost, $70,000. Contractors, Dominion Construction Co.

W J Lundy, dwelling Pearl avenue; estimated cost, $1,950.

W J Lundy, dwelling, Margaret avenue; estimated cost, $1,950.

W G Fresburn, dwelling, Maitland avenue; estimated cost, $2,000.

# SPECIAL SERVICE FOR EMPIRE DAY

**Will be Held in St. Luke's Church on Sunday—Will Sing New Hymn by Kipling**

A special service will be held in St. Luke's Church next Sunday morning in celebration of Empire Day. For this service the rector has published a special order of service, printed in the royal colours. An interesting feature of the service will be the singing of a new hymn, written for this day by Rudyard Kipling. The new hymn is entitled, "The Children's Song."

# CUSTOMS OFFICE STAFF RECEIVES INCREASE

**A General Increase in Salaries of Members of the Peterborough Office, Taking Effect April 1st**

Mr. R. R. Hall, M.P., has received word from Ottawa to the effect that, in response to Mr. Hall's recommendation, the salaries of the staff of the Peterborough Customs office had been increased, the increased salaries taking effect from April 1, 1907. The schedule of salaries before and since the increase is as follows:

R. Hall, $1,500 to $1,700.
J. Cameron, $700 to $800.
A. R. Kidd, $750 to $850.
W. Long, $500 to $800.
J. Galvin, acting officer, $500 to $700.

# A TRANSFORMER BURNED DURING THE STORM

**Cow Killed in Douro—Dickson Company's Barn Struck—Rain Not General**

Considerable damage was done by the electric storm which passed over the city on Saturday afternoon and which was accompanied by a great quantity of rain.

In the sub-station of the C.G.E. a transformer was completely destroyed by fire caused by the lightning. A valuable cow belonging to Mr. Albert Curtis, of Douro, was struck and instantly killed.

The barns belonging to the Dickson Company a short distance east of the city, were struck but not burned. The electric fluid tore up part of the ridge board, ran down a post into the ground but strange to relate no fire resulted—another example of the peculiar freaks of the electric fluid.

Mr. Roberts, who is employed by the Dickson Company to look after their property was in the stable at the time together with his two boys and a number of colts and almost all of them were stunned by the shock.

The rain was by no means general. The cloud-burst seemed to pass over the city with a breadth of about three miles. Lakefield in the north escaped and there was little rain in Otonabee.

# SOMETHING YOU SHOULD KNOW

We want the people of Peterborough and vicinty to know that the most valuable and delicious cod liver preparation known to medicine is Vinol.

Vinol contains all the medicinal elements of cod liver oil actually taken from fresh cods' livers, but not a drop of the useless, greasy oil to upset the stomach and retard its work, and to this is added peptonate of iron (tonic iron).

For this reason Vinol is recognized throughout the world as the greatest health restorer and strength creator known to medicine, and we did not believe there is a man, woman or child in Peterborough but what Vinol will benefit them at this season of the year.

Vinol creates health and strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Vinol cures lacking coughs, chronic colds, bronchitis, and all throat and lung troubles.

Try Vinol on our offer to return money if it fails. McDermid & Jury, Druggists. Also at the Market Drug Store (The Ormond & Wolst. Old Stand).

# USES DOG TO CATCH CRIMINALS

**A Local Writer Suggests That This Plan Might be Used to Apprehend the Dog Poisoners**

A writer who signs himself "A Lover of Dogs," writing to the Examiner, sends a clipping from an English paper in reference to the performances of a dog detective, and says in connection with it: "There is a hint here to people as to how to keep their dogs from the brutal poisoner. Of course, seeing that we are governed by our enemies, it is only natural that our best friends, the dogs, suffer." The clipping referred to reads as follows:

Vienna's latest sensation is a wonderful detective dog which has just been put on the strength of the police force there. The animal is a fine white and brown German collie, five years old and marvellously intelligent.

Harras, for such is his name, has been specially trained to catch criminals. He was rendered famous by the discovery of the assassin of a child three days after the murder took place. His second feat was the detection of a carpenter who had killed a servant girl. In both instances, till Harras came upon the scene, the police were utterly at fault.

The dog relies entirely on his keen scent to follow and pick out the criminal. A wonderful instance was his finding of a missing woman who had not been heard of for a week. Harras was left for two or three days in her room. When released he went straight across country to a river, dived in and brought the woman's body to bank.

Harras, who is to be exhibited in the Schwarzenburg Park shortly, is very jealously guarded. He eats nothing but what is given him by his attendants, and lives chiefly on Brunswick sausages.

# MAKING PAPER FROM PEAT NOW

**This Commodity Being Put to a New Use—A Promising Field of Investment.**

Local shareholders in the Condensed Peat Fuel Co. will be interested in the following article from the Brockville Recorder, indicating, as it does, that there is a new and promising field opening up for the use of peat:

That peat can be manufactured into more commodities than one has been fully demonstrated. At present it is being made, and successfully, too, into a paper board which is largely used in the manufacture of boxes, and the quality of the article is said to be very superior.

In Canada a company has been formed, called the Standard Paper Company, for the manufacture of this board from peat, and the promoters have been making thorough investigation.

The peat property at Brockville has been looked over, and the quality declared all right for the purpose.

To-day Mr. Geo. I. Mallory left for Cupac, Michigan, to visit the large mills and satisfy himself as to the practicability of the enterprise. It is altogether probable that Canada's peat, of which there is a great abundance, will shortly be utilized in this new way, and prove a good thing for the country and a source of profit to the owners.

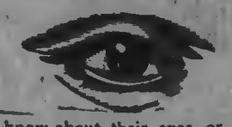
**Specialist is Here and Busy!**



Hundreds of people were fitted with glasses, and some with artificial eyes, (many of whom were difficult cases) by MR. BROWETT, during his recent visit to Meaford, Collingwood and Toronto, where he tought his methods to opticians of those places, and now this gentleman will spend a few busy weeks at his home office. We invite all who wish to know about their eyes, or if glasses are suitable, to call and arrange for time to see the specialist, where skill and wide experience has made him so successful and his work so much appreciated. For particulars inquire at

## A WOMAN'S GRATITUDE

**A Mountain Woman Writes in Praise Of Newbro's Herpicide**

"For several years I have been troubled with dandruff, causing me much annoyance, and my hair became very thin. I have used Newbro's Herpicide for a month, and the dandruff has entirely disappeared, and my hair is becoming much heavier than formerly. New hair is growing where there was none, and I am very thankful to you for the benefit I have received from Newbro's Herpicide. Yours very truly,

"MRS. C. B. FOSTER,
"No. 985 Utah Ave., Butte, Mont."

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. The Market Drug Store. Two sizes—50c and $1.

## STRANGERS' TEA IN ST. JOHN'S CHURCH

**About Seventy Men Were Served Tea Last Night—Mr. Rush Donated It**

The St. John's Chapter of the Brotherhood of St. Andrew held their ninth fellowship tea in the school room yesterday at 5.30 p.m. About seventy sat down. After tea many of those present spoke of their doings since coming to this country. Most of the company attended Evensong at 7 p.m., the service being fully choral, and the choir, which mustered 33 last night, sang all through the service in excellent form. The anthem was Barnby's "Rejoice Ye with Jerusalem," the solos being admirably sung by Mr. George Chandler.

The whole of the expenses in connection with the Brotherhood tea were most kindly paid by Mr. H. Rush, at present in England.

***Owing to a slight accident to MONS. F. X. MERCIER, the Concert which was to have taken place to-morrow evening has been postponed until Tuesday, May 28th, '07.***

## INSTRUCTORS SECURED FOR BUGLE BAND

**Bandsman W. Hughes and Sergt. R. Beach will be the Tutors**

Bandsman W. Hughes and Sgt. R. Beach, who have been secured to instruct the buglers and drummers of the 57th Regiment, will be at the drill hall to-night at 8 o'clock, and are anxious to meet all old members of the bugle band. Practices will now be held regularly, and although the season is already well advanced, it is expected that under such competent instructors, the band will be found up to its usual efficiency by the date of the annual outing.

## PLAINTIFF'S SOLICITOR CANNOT BE CHANGED

**Decision Given in Case of Brewing and Malting Company—Cavanagh Case at Osgoode Hall**

The Toronto Globe to-day has the following in reference to a local legal case of interest:

Port Hope Brewing & Malting Co. v. Cavanagh. — Judgment (L.) on motion to set aside praecipe order changing solicitor taken out by one of two plaintiffs. Held, that plaintiffs, however numerous, can have only one solicitor, and must act jointly in order to effect a valid change. Praecipe order set aside with costs. See re Matthew (1905) 2 ch. p. 463 and cases there cited, also 2 ch. p. 747. D. O'Connell, Peterborough, for plaintiff and solicitor on record. A. B. Morine for new solicitor.

# Western Farmers Have Scarcely Begun Seeding

**Mr. C. B. McAllister Returned on Saturday Night from British Columbia — The Saskatchewan Weather has Been Very Backward—Good Prospects for Fruit**

## TO RETURN IN THREE WEEKS

The weather conditions prevailing in the provinces of western Canada have been up to the present very uninviting to the farmers. Such is the opinion of Mr. C. B. McAllister of the Nakusp Fruit Lands Company, Limited, who returned to the city on Saturday evening accompanied by his wife, and who during the past couple of weeks has travelled across the greater portion of the western part of the Dominion.

Mr. McAllister stated to the Examiner this morning that there is very little wheat sown in the west on account of the cold, backward weather. In Alberta the farmers are no further ahead than in Manitoba, and in Saskatchewan the seeding is later than either. It was only last week that the seeding begun, making the season about six weeks later than last year.

The weather conditions, however, do not appear to have a depressing effect upon the western farmers who are always optimistic and are not grumbling over the backward season. They are always in hope of a warmer wave and although the harvest will be much later than usual they cannot but believe that the crops will be good.

Mr. McAllister states that there are yet large quantities of wheat in the country elevators which condition is greatly due to the poor transportation facilities during the winter.

The first good weather that Winnipeg has yet experienced came last week. The spring has been cold and snow falls were frequent occurrences.

The Nakusp Fruit lands in which Mr. McAllister is interested, are situated in the Columbia Valley in the Kootenay District of British Columbia. The Company have 8,000 acres of land which they are selling in 10-acre farms. They have disposed of considerable land and are making better progress than they anticipated. The principal fruits grown in the Kootenay district are peaches, pears, apples, plums, cherries and prunes. The prices of fruits in British Columbia are very high, and the purchasers of the fruit lands are making good profits. There are no off years for fruit harvest, Mr. McAllister states, and this year the trees are already in bloom, although the spring has not been so late for some fourteen years.

While passing through Winnipeg, where the head office of the company is situated, Mr. McAllister met Mr. Denniston last Thursday. The latter, he states, is pleased with the new work, and he wished to be remembered to his Peterborough friends.

At Fort William the ice, which was broken some time ago, has drifted back into the harbour, preventing the return of the Lake Superior steamships. At White River there is yet two feet of snow on the ground.

Mr. McAllister expects to return to the West in about three weeks' time.

## INCREASED GIVINGS IN MARK STREET CHURCH

**A Gratifying Statement Made Concerning Affairs in Mark Street Church**

At the Mark Street Methodist Church last night, the pastor, Rev. J. G. Lewis, made a statement in reference to the funds of that church during the past year. He stated that the missionary givings of the congregation had increased very materially during the last year over those of 1906, and that during the the four years of his pastorate the missionary offerings of the church had trebled. Almost without exception the funds of the church showed an increase this year over 1906.

There had also been a gratifying increase in the membership, the net increase for the year being 20.

## SNOW THIS MORNING, FROST TO-NIGHT

**Most Unseasonable Weather Being Experienced Still and Worst to Come**

In the early hours of this morning there was some snow, a record which has, perhaps, not been duplicated in the memory of the oldest resident. Judging by the probabilities to-day, too, the worst is yet to come. The forecasts for to-night indicate the presence of frost, and no one will doubt that such a condition is possible.

The thermometer last night registered just one solitary degree above the freezing point.

Stratton's make up window blinds any size you want—prices right.

## M'CALLISTER PROPERTY OFFERED BY AUCTION

**Sale of Beautiful City Residence, With Grounds Will Take Place on May 31st**

On May 31, the beautiful residence and grounds, belonging to Mr. C. B. McAllister, will be sold by auction, Mr. J. Haggart, the auctioneer, making this announcement to-day. In addition to the property, consisting of residence, stables and extensive grounds, the household property will also be offered for sale at the same time.

Tisdall's bakers pay a little more for the ingredients that go with their cakes.

## THE FAMINE FUND NOW TOTALS $93.50

**Treasurer Would Like the Fund to Reach $100 Before He Sends It Away.**

The China Famine Fund in connection with the Bethany Tabernacle now amounts to $93.50, and of this sum $50, has already been forwarded. Mr. A. J. Johnston is the treasurer of the fund and wants to send the money away to-morrow and would like th fund to total at least $100. With but $6.5 0more to make it reach the century, he hopes that the balance will be received before he sends the money away to-morrow.

Take home a treat of Rex Chocolates to-night from Tisdall's.

# CHINESE PEOPLE MAY BE INFIDELS OR CHRISTIANS

**Either One of Two Things Must Happen—Are Losing Faith in Their Idols—Rev. Mr. Shantz Gave Interesting Address.**

## CAUSE OF THE FAMINE

One of two things will happen in China, according to the opinion of Missionary Shantz, who preached in Bethany Tabernacle yesterday on missions in China. Either China, which is rapidly becoming a military nation will demand her rights from the other nations of the world at the point of the sword, or she will become Christianized, and secure her rights in a more peacable, but equally effective manner. Mr. Shantz was of the opinion that the latter alternative would be realized, though the present was a very critical time in the history of that nation. The people with their increasing education were becoming tired of their idols, in which many of them have lost faith, and the idol temples are being transformed into schools. But, with their lack of faith in the idols which they have worshipped for centuries, there is coming the inclination to infidelity. Unless the people are Christianized they will become infidels, according to the opinion of the speaker.

Mr Shantz referred to the present famine, which, he said was caused by the flooding of the Yellow River. Over 4,000,000, he said, were in immenent jaanger of starvation, from the flooding of the valley in which 40,000,000 people lived.

*FOR SALE.*

***That well built brick house and lot situated at the corner of George and Dublin Streets, also excellent corner lot. This property is to be sold to wind up an estate, and all particulars may be had at 580 George Street.*** dtf

# SALVATION ARMY LATEST HAPPENINGS

**Sunday Evening Service—Complete Arrangements for Excursion**

The Sunday evening service at the Salvation Army Barracks took the form of a memorial for the late Willie Macdonald, who passed away during the past week. The parents of the boy gave addresses, mentioning the Christian spirit that seemed to imbue their boy, young as he was. The mother sang his favourite song, which he was taught in the Public School, entitled "We Shall Walk Through the Valley in the Shadow of Death." The service was very impressive, and general regret was expressed to the parents in their great loss.

**Captain Hurd**

On Saturday evening Capt. Hurd gave his impressive service, "Our Father's Care," with fifty stereopticon slides. There was a good attendance and all were highly pleased with the clearness and excellence of the views, as well the pathetic story related by Capt. Hurd. It was the story of a little girl, whose parents were ill and who had to look after the rest of the family.

The open-air meeting yesterday morning, at the corner of Dublin and Union streets, attracted a fairly large gathering.

**To-night**

This evening, Capt. Hurd, assisted by Adjt. Wiggins will conduct a special service, commencing at 8 o'clock, entitled, "In Danger's Hour." It is based on the wreck of the Larchmont, when ten heroic Swedish-American officers met death with hymns and prayers on their lips. A special brigade of singers will assist, and a good attendance should be present.

**Excursion**

Complete arrangements have been made for the excursion to Idyl Wild on Victoria Day. The steamer Water Lily and barge will leave the Wolfe street wharf at 8 o'clock, and the street railway wharf at 8.30 a.m. Returning, the steamer will leave Idyl Wild at 4 o'clock, to allow an early return to the city. Everything is being done to assure a good time, and a large number is expected to attend.

# A BIG REWARD FOR A THIEF

**$25.00 Offered by Mr. G. N. Graham for Apprehension of Person Who Stole His Game Cock.**

Mr. G. N. Graham, the proprietor of the Oriental Hotel, had a valuable game cock stolen from his stables on Friday night, and offers a reward of $25 to the person who will give him information which will lead to the apprehension of the guilty party. To any such person immunity for any connection he may have had with the theft is offered. Mr. Graham is naturally greatly annoyed at his loss and if the guilty party is caught it will likely be a serious matter for him. The bird was stolen between 8 and 9 o'clock at night and was taken from the coop.

# THE LATEST SPORTS

## BLACK CLOUD WAS THE WINNER

**McCollum Horse Won Matched Race at Driving Park on Saturday**

Despite the unfavourable weather on Saturday afternoon, a large number of local horsemen gathered at the driving park to see the matched race between Bert McCollum's Black Cloud and Silver Queen, owned by W. Whitham.

The race was for $100, and created considerable interest among the sporting fraternity. In spite of the heavy track the time made was fast and the race decidedly interesting. Black Cloud won the event, taking two out of three half mile heats. Silver Queen won the first heat in 1.36 1-4, but the black horse came back handily, winning the next two heats in 1.41 and 1.38 respectively. Messrs. Martin Connors and W. Leahy were the judges and P. Cronin, the starter.

Judging by the interest displayed in this matched race there should be a big crowd on hand for the programme of races on the 24th.

## THREE BIG GAMES FOR THIS WEEK

**Artics and Peterborough Will Battle for the Melbourne Cup**

Great interest is being taken in the baseball series between the Artics of the Don Valley League, and the local nine, which begins on May 24th. Three games will be played for the silver cup donated by Mrs. Melbourne of Toronto, the first at Riverside Park at 10 a.m., on the holiday, the second in the afternoon and the third on Saturday afternoon.

The locals will practice to-night at the Riverside Park, and every player is asked to turn out.

## BRAMPTON LIKELY HERE ON MAY 24TH

**Lacrosse Game May be Arranged for the Holiday After All**

There will likely be a lacrosse game on May 24th, after all. Negotiations are on foot for a game with Brampton, and it is likely that the Emas will be here for the holiday. They have one of the strongest Intermediate teams in the C. L. A., and will give the locals a hard game.

## MILLBROOK PLANS BIG CELEBRATION

**On Victoria Day—A Good Programme of Sporting Events Will be Given**

Posters have been received from Millbrook, giving the details of the big Victoria Day celebration, to be held in that town on Friday, under the auspices of the lacrosse club.

At 12.30 a big calithumpian parade will be held, and following it a lacrosse game will be played between Peterborough and Millbrook. In addition to this a varied athletic programme will be run off and good prizes will be given the winners in the different events.

At night a concert will be given, and among those taking part in it are the names of Mr. Frank R. Clarke of Peterborough and Mr. C. E. Coleman, both of Peterborough. Mr. W. J. E. Gillott, who is well known in Peterborough, has worked energetically for the success of this celebration and that his labours will be crowned with success there seems little reason to doubt.

You'll like them — Tisdall's spiced buns—fresh this morning.

## CRICKET TEAM WILL GO TO WARKWORTH

**Practice Will be Held This Evening on Nicholls Oval**

The Peterborough Cricket Club had an excellent work-out on Saturday afternoon, and will again meet on the Nicholls Oval this evening for practice after 6 o'clock. The club intends sending an eleven to Warkworth for a game on the 24th of May.

### LACROSSE

A full practice of the Peterborough Lacrosse Club is called for this evening at the Riverside Park, and every member of the team is asked to be out to get into shape for May 24th.

# A NEW TOURING CAR BEACHED CITY

**Mr. G. L. Stevens' New Russell Made Trip From Toronto in Four Hours, Which is Going Some**

Mr G. L. Stevens' fine new Russell touring car has reached the city, and was on the streets to-day. Mr. Stevens brought his car back from Toronto, where he purchased it last week. The engine is twelve horse power capacity, and the trip from Toronto was made in four hours, and she took the hills easily. The car has yellow gearing and a blue body, and has seating capacity for five persons.

### FOOTBALL

The Quakers will hold a full practice to-night on the Exhibition Grounds.

The Dundas Association football team, the W.F.A. champions of last year, tied the Fall River eleven on Saturday afternoon, the score being 1—1 at the finish of the game. This was their opening game in Canada and according to reports they are a great team and play most scientific football. The Fall River team play in Peterborough on May 29th.

## MORE MONEY FOR THE NEW CHURCH

**$100 Additional Donated For New Park Street Baptist Church Last Night**

The enthusiasm for the new church manifested on Friday night is spreading. Sunday evening's service by Rev. A. H. Brace was in direct line with recent developments. The text was David's charge to Solomon,—"Arise, therefore, and be doing, and the Lord be with thee."

The first point made was that it was a call to service, "Arise, Purpose;" second, there was the distinct character of the work in verse 19. "Arise, therefore, and build." Thirdly, there was the vision of the future. At the close of the service, a member voluntarily handed in $100, making $1100 since Friday.

The meeting for the week are B. Y.P.U. to-night; Tuesday, annual meeting of the Mission Circle with an address by Rev. J. R. Webb. Refreshments and programme provided. Wednesday public service; pledging committee meets after.

## FINE WEATHER BRINGS OUT LOCAL CANOEISTS

**Mr. Rye's Boat House Open May 24th—New Wharf an Added Improvement**

The fine weather is bringing unusual activity to the owners of the various boat houses and the yacht owners are also preparing for the summer and, as the poet says, "Are dragging down their vessels to the shore."

Mr. Rye, at the south end of the street car line, will open his well-equipped boat house on Victoria day, although, on Saturday quite a flotilla of canoes were in use.

Mr. Allen, owner of the yacht Tootsie, took his first trip of the season and found everything in good shape.

The Otonabee below the Locks, will be the scene of many pleasure outing during the coming summer.

## MISS ISABEL ROGERS DIED THIS AFTERNOON

At 3.30 this afternoon word was received of the death of Miss Isabel Roger, the eldest sister of Mr. G. M. Roger, at her home, "Cordaer," following a stroke received yesterday.

## The New York Stock Market

(Furnished by J. R. Heintz & Co.)

New York, May 20. — The stock market was reactionary. It started in on Friday and maintained this status, until to-day another break followed Saturday's weakness. There seems to be a feeling on the part of the large interests that it is not wise to do anything more than extend some support, permitting investment absorptiont o occur where it will. The tone of the list is good and there is no demoralization, but the sagging continues. We think stocks a purchase on this break. The close was about the low, for the day.

Wheat, after opening strong, fluctuated wildly for the rest of the session, and closed with from 1 to 2 cents' gain over Saturday's final prices. Corn was very firm, and the strength in oats was the feature of the day in grain.

## Omemee Opened Midland League Season With A Win

### Defeated the Intermediate Quaker Team by Score of 1-0 ---Teams Were Evenly Matched---Exhibition Grounds the Scene of the Struggle

The Midland Association Football League was opened here on Saturday Afternoon, when the Intermediate Quaekr team lost their first game to Omemee by the close score of 1—0. The play was just tobout as close as the score would indicate, but the visitors had a shade the better in combination on their forward line. The line up of the Quakers was somewhat different from what was intended owing to the violent storm which kept a number of their men away. Scrimshaw, Brodie, Coleman and Robert Evans were absentees on this account and had they been present there might have been a different story to tell.

The match was played on the Exhibition Grounds at 5 o'clock, with only a few spectators on hand. The play was fast in spots. One of the features was the brilliant rushes of Crough who on a couple of occasions carried the ball from centre field by individual rushes, within scoring distances. His shooting, however, was somewhat erratic so that the score was never evened up.

The strongest parts of both teams were their defences. The backs played brilliant football and scarcely made a mis-kick. The combination of the local forwards in particular was weak and seldom noticeable, thereby greatly handicapping the team.

For the visitors, MacPherson, who distinguished himself last year on the forward line, was probably the star. His long punts three-quarters the length of the field, were features and he was always quick at relieving. He was given good support from the remainder of the defence. Mitchell, on the outside left wing, played good ball and had the happy faculty of placing the ball on goal from the touch line. It was through one of these that Omemee scored their only goal in the latter half of the game.

For the Quakers Wart Laing in goal was conspicuous and was invariably on the right spot at the right time. Sullivan and Donaldson guarded well, both doing excellent long punting as well as Archibald and Hamilton at half. The Quakers expect with their full intermediate line-up to turn the tables on Omemee in the return game which will probably be played on May 24th.

The line-up of the teams was:—

| Omemee. | | Quakers. |
|---|---|---|
| | Goal. | |
| Ingram | | Laing |
| | Backs. | |
| MacPherson | | Donaldson |
| Hayes | | Sullivan |
| | Half Backs. | |
| Sisson | | Archibald |
| Graham | | Hamilton |
| H McGee | | Jones |
| | Forwards. | |
| M McGee | | Rose |
| Jardine | | Hayes |
| Nugent | | Crough |
| Mitchell | | Greer |

Referee—B T Huston.

## SCHEDULE OF INTERMEDIATE LEAGUE

### Drawn Up on Saturday Evening—First Game to be Played May 25th

The committee appointed to draw up a schedule of the games in the Intermediate Baseball League met on Saturday night in the Y.M.C.A. parlours and made arrangements for games, which should prove satisfactory to all the clubs concerned. The committee was composed of Messrs. Ray, Campbell and Curtis. The first game is booked for Saturday, May 25, when the Stratheonas and Excelsiors will meet on the Oval. The following is the schedule:

May 25—Stratheonas at Excelsiors.
May 27 and 29—Lilys at Karenots.
May 27 and 29—West Ends at Lakeviews.
June 1—Karenots at Stratheonas.
June 3 and 5—Stratheonas at Lilies.
June 3 and 5—West Ends at Excelsiors.
June 8—Excelsiors at Karenots.
June 10 and 12—Lilies at West Ends
June 15—Karenots at Lakeviews.
June 17 and 19—Lakeviews at Lilies.
June 17 and 19—Stratheonas at West Ends.
June 22—Lakeviews at Stratheonas.
June 24 and 26—West Ends at Karenots.
June 24 and 26—Excelsiors at Lilies.
June 29—Excelsiors at Lakeviews.

From the above it is seen that ther are six games to be played on Saturdays. These will be the ordinary nine innings games, while the other games will be played in the evenings, four innings one evening and three the next. So far the rivalry between the different teams is of the friendly nature, and it is hoped that this will continue through out the series. The schedule should meet with the approval of the teams and it is hoped that everything will evolve harmoniously.

## HARRIER CLUB IS CALLED TO MEET

### Important Business to be Considered at Meeting on Wednesday Night.

An important meeting of the Y.M. C. A. Harriers' Club will be held in the Association parlours at 8 p.m. on Wednesday, at which all the members, and any who wish to become members, are asked to be present. After the meeting the club will hold the usual Wednesday night run.

## BRANTFORD OPINION OF DUBBY SHEA

### The Most Aggressive Player in the League, Says Expositor

The Brantford Expositor, in a write-up of the different City League players, has the following to say of "Dubby" Shea:

"Dubby" Shea, sailing from Peterborough, is looked upon as the most aggressive player in the league. "Dubby" has a habit of telling the umpire in the nicest of language that, in his own private opinion, the indicator-handler is quite capable of being a brigand obied, and that the decisions he is getting rid of are positively criminal. Shea is a really good man behind the bat, and as a thrower to first and third he has made so many base-runners bite the dust that they take no chances, and hug the bases tenaciously. Last season "Dubby" was laid up with a fractured rib, and it took the most powerful arguments of the attending physician to convince him that he was not to get out of bed and into the game before the week was out.

How "Dubby" must have changed, was the quietest man on the team when he played here.

## THE NEW UNIFORMS HAVE ARRIVED HERE

### The Peterborough Baseball Club's Suits are Blue and White This Year

The new uniforms of the Peterborough Baseball Club have arrived and have been distributed to the players. They present a very natty appearance and are made in Peterborough's favourite sporting colours, blue and white. The shirts are white, with "Peterborough" in blue letters across the chest, and blue collar and cuffs. The caps are white, with a blue peak, and the stockings are blue, with a broad white stripe.

## OPEN AIR TRAINING FOR ATHLETES

### A New Method About to be Adopted—Member of the Y. M. C. A. at Head of the Project

Mr. Percy Redgrave of the Y.M. C.A. desires to organize an open-air training school for young athletes who desire to go into athletic work or into training for any athletic event. In his past experience he has found the value of this physical training also in the training of other athletes, and it is the building up of the physical system and the body. In athletic work of any sort the team training is asked to signify a course of preparation, to which the athlete is subjected, in order to enable his frame to successfully undergo the most severe physical test. The preparation simply means a building-up of the body into a state of perfect health organically, combined with a system of physical exercise which strengthens and schools the muscle to withstand the tremendous strain which athletic contests nowadays entail.

Any young man desiring to become a member of this camping school will please leave his name with Mr. Williamson, Secretary of the Y.M.C.A., or Mr. P. Redgrave.

## PREPARATIONS FOR Y.M. C.A. MEET

### The Event on Victoria Day Promises to be a Good Success

The 24th of May will soon be here, and with it, the Y.M.C.A. athletic meet. The events will be started on the oval at 9.30 in the morning, and will be run off in the following order:

100 yards dash.
Running high jump.
Hop, step and jump.
440 yards dash.
Running broad jump.
Putting the shot.
1 mile run.

The prizes are:

First, a beautiful silver cup, donated by Mr. J. J. Howden, and to be held for one year.

Second and third prizes, gold centred medals, to become the property of the winners.

This competion is open to any amateurs in the city, and all are invited to send in their names to the Y.M.C.A. Entries close on Wednesday night.

Additional Sporting News on Page 6

**KIDNEY DISEASE COMES ON QUIETLY**

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some form of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposit in the urine, highly colored scanty or cloudy urine, bladder pains, frequent or supressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes.

On the first sign of anything wrong

**Doan's Kidney Pills SHOULD BE TAKEN.**

They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush off all the impurities which cause kidney trouble. Mr. Thomas Petty, Massey, Ont., writes: "After I arrived in Canada from New Zealand, a couple of years ago, I suffered very much from kidney trouble. I tried several remedies, but they did me no good. Finally my back became so lame I could scarcely work. I was advised to try Doan's Kidney Pills and after taking them I felt like a new man.

Price 50 cents per box or 3 boxes for $1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

**St. Johns' Church**
The regular society meetings will be held in St. John's church this week.

**No 6 Company**
All the members of No. 6 Company are asked to turn out for drill tomorrow evening.

**Water in Canal**
The water has been let into the canal at the south end, and is now as far up as the lift lock.

**For a Trial Spin**
The tug Bob Hull is now almost completely painted, and will probably be out for a trial spin this week.

**Glass Was Broken**
The glass in one of the fire alarm boxes in East City has been broken, contrary to law. No. 53 is the one damaged.

**Trustee Board**
There will be a meeting of the Trustee Board of the Mark street Mark street Methodist church tomorrow night.

**Missionary Meeting**
The meeting of the Epworth League of the George street Methodist church to-night will be of a missionary character.

**Board of Managers**
An adjourned meeting of the Board of Managers of St. Paul's church will be held to-morrow night in the Dominion Bank Chambers.

**Piano Tuning.**
Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. Phones, Bell, 199 A; Machine, 199.

**Deacons to Meet**
There will be a special meeting of the Diaconate of the Murray street Baptist church to-morrow night at the residence of Dr. Scott.

**Peptist Young People**
At the meeting of the Young People's Society in Murray Street Baptist Church to-night Miss Amy Hardwicke will be in charge.

**Cottage Meeting**
Rev. E. A. Langfeldt will hold his weekly cottage meeting on Thursday, May 30th, at the residence of Mr. Albert Carpenter, Otonabee.

**Oval Tennis Club**
A meeting of the Nicholls Oval Tennis Club will be held to-night at the Y.M.C.A. at eight o'clock at which every member is asked to be present.

**Nordheimer Pianos**
Catalogues and full information regarding Nordheimer Pianos, at McDermid & Jury's drug store. It will pay to see these pianos before purchasing. 1mlll

**Appetizing Fish**
We are receiving some very fine, mild-cured Lake Ontario ciscoes. Also delicious, fresh caught salmon trout. S. A. Oke, 376 George street. Both 'phones, 18.

**Missionary Auxiliaries**
The regular monthly meeting of St. Andrew's Woman's Foreign Missionary Auxiliary will be held on Tuesday afternoon, May 21, at 3 o'clock in the school hall.

**Epworth League**
At the meeting of the Epworth League of the Mark Street Methodist Church to-night Miss Brisbin will be in charge, and the topic will be taken by Miss Stewart.

**Sunday School Convention**
Following the regular prayer meeting of the Mark street Methodist church on Wednesday night, called for 7.30, there will be a meeting of the Sunday school committee.

**Patriotic Service**
Next Sunday night there will be a patriotic service in the George street Methodist church, when the pastor will preach a sermon on patriotism, and there will be a song service.

**Torrey Meeting**
At the prayer meeting in the George street Methodist church on Wednesday night Mr. R. J. Winch will give a talk on his impressions of the Torrey meetings in Montreal.

**Police Court**
The mill of justice is grinding out abeokies from the careless who did not take a warning and buy their dogs the necessary bit of aluminum. A tidy sum was collected this morning.

**Musical Programme**
An interesting musical programme will be given at the meeting of the Charlotte street Epworth League tonight, and an invitation is extended to all young people interested to be present.

**That Soiled Suit**
That suit, with soils and spots on it, will take on all the freshness of a new suit if sent to "My Valet"—cleaned, pressed and repaired, ready for the same. Wesley Bros., 204 Charlotte street.

**Imported From Scotland**
Mr. R. D. Dundas of Springville, imported two Clyde stallions from Scotland, last week. They are very handsome animals, and two of the best that could be procured in the old country.

**Lawn Roller Missing**
A few weeks ago a lawn roller was taken from a house near the corner of Smith and Aylmer streets. The owner would like to use the roller now, and will be obliged if the one who borrowed it will return it.

**Stop Limping**
Have your feet attended to. Corns extracted without pain. Ingrowing toe-nails cured. Bunyons and all diseases of the foot successfully treated. See W. Claygome, foot doctor, Room 25, Oriental Hotel. 6d118

**Parcel Lost**
On or about May 8th, from Noble's express or delivered at wrong house number. Parcel was made up in one of our tent cases and addressed 733 Water street. Return to Merrell & Meredith, clothiers, 375-377 George street. 23118-3459

**Rush Call For Phlox**
Messrs. Jordan Bros. wish to remind the members of the Horticultural Society that their perennial phlox are now at the city store of this firm, and they are asked to call there for them. It is high time that they were in the ground now.

**Handled by Cable**
The dredge Trent moved farther up the river Saturday, and is now ready for the season's work. The scows on which the dredgings are being placed will be handled by cable, as the current above the Hunter street bridge is too strong for the use of the tug.

**St. Andrews Church**
The following meetings are arranged for this week at St. Andrew's church:—To-night the Young People's Society. Tuesday afternoon, Women's Foreign Missionary Society. Tuesday night Young Men's Guild. The Rev. Dr. Sinclair will preach in St. Andrew's next Sunday.

**Roll Call of Members**
On Wednesday night a Society meeting will be held in the Charlotte street Methodist church. At this meeting, following a half hour spent in religious exercises the roll of church members will be called, and each member is expected to be present to answer to his or her name.

**All Saints' Meeting**
The following will be the meetings to be held in All Saints' church this week: Monday, 7.30, Girls' Guild, St. Andrew's Brotherhood, 8; Tuesday, W. A., at 2.30; Wednesday, cottage meeting at 135 Lansdowne street; Thursday, Junior W.A., at 4.15; public service at 7.45, and choir practice at 8.30; Friday, Boys' Brigade, 7.30.

**A Progressive Merchant**
Mr. J. J. Cocks is thoroughly progressive and enterprising in his business. He has just placed on the road a new delivery wagon, and it presents a smart appearance on the streets, giving one the impression that the proprietor of the store conducts his business along modern lines, which impression is justified by the facts.

**Special Notice**
So great has been the attendance at Scott's Colosseum, 432 George street, to see the wonderful moving pictures of the Thaw-White Trial, that it has taxed the capacity of the premises, and the management have decided to continue this series for the coming Monday, Tuesday and Wednesday, May 20, 21 and 22, to give everyone a chance to see something really good. Doors open, 2 to 5, 5 and 7 to 10 p.m. Admission five cents. 1d

**First Trip of Season to Stoney Lake Per Steamer Stony Lake**
Spend the 24th of May and the following day up the lakes. The steamer Stoney Lake has arranged her first trip to Stony Lake, leaving Lakefield on May 23rd on arrival of the noon train from Peterborough. On May 24th will leave Lakefield on arrival of the morning train, and returning same day in time to connect with last train for Peterborough, On Monday, May 27, the steamer will leave the lakes in time to connect with the 4.40 train for Peterborough. 4d117

**Auction Sale of Pompadour Island, Stoney Lake**
There will be offered for sale by public auction, about the beginning of June, the whole portion of Pompadour Island, Stony Lake, situated in the rear of the Lech and Thomas cottages, comprising over three-quarters of the 14 acreage of the island, on which are a number of beautiful building sites. Interested parties will have a good chance to inspect this property on trips running about the 24th May. For information, apply to Dumble & Johnston, or R. E. Wood.

**Important Auction Sale of Handsome Residence and Building Lots**
There will be sold by public auction on Friday, May 31st, on the premises, the beautiful home and property of Mr. C. B. McAllister, on Lake street, East City. It comprises a number of the best building lots in the city, together with all the household furniture and stable equipment; also two gasoline launches. This is an excellent opportunity of obtaining an excellently located building lot as well as the newest and best selected furniture to be had in the city. See large bills for all particulars. John Haggart, auctioneer. 4d29 25 27 30

# Personal Mention.

Warden McNeil of Cavan was in the city to-day.

Mr. Bert McCollum is in Toronto to-day on business.

Mr. H. A. McCollum has gone to Orangeville on business.

Mr. Ernest Brownscombe spent yesterday at Stony Lake.

Mr. and Mrs. Cunningham of Orillia are visiting in the city.

Mr. W. R. Morris, C.A., is in New York and Philadelphia, this week on business.

Mr. James T. Ridpath, of the News, Lakefield, was in the city this morning.

Mr. Jno. Gilman, proprietor of Jubilee Point Hotel, was in the city on Saturday.

Mr. Wm. Graham, of the firm of Graham & Son, Lakefield, was in the city this morning.

Mrs. Wm. Kerr and Miss Mabel of Cobourg are visiting Mr. F. D. Kerr in the city.

Mr. Enoch Marriam, Fish Inspector, of Harwood, was in the city Saturday on business.

Dr. W. Claygone, foot doctor, is registered at the Oriental, where he will be for a month.

Mr. Geo. R. Cameron of Collingwood is the guest of his son, Dr. Cameron, at the National.

Mr. D. A. Murphy, of the Dominion Bridge Company, Montreal, is registered at the Oriental.

Miss Lila Bell, of the St. Joseph's Hospital nursing staff, London, is home on a two weeks' vacation.

Mr. J. J. McAvoy, proprietor of the Central Hotel, Brighton, and Mrs. McAvoy, were in the city to-day.

Mr. and Mrs. Frank Wood, of Toronto, were in the city over Sunday visiting Mr. Wood's parents, Homewood Avenue.

Mr. D. Corkery, proprietor of the Lakeview House, Harwood, was in the city Saturday on his first up-the-river trip of the season.

Dr. C. B. Coughlin, Medical Superintendent of the Belleville Institute for the Deaf and Dumb, was in the city yesterday, and was registered at the Oriental.

Mr. and Mrs. A. D. Mann, of Chicago are the guests of the former's father, Mr. R. Mann, Aylmer street, and will remain in the city for the next two weeks.

Miss Mary Paterson, daughter of the late Walter Paterson, will receive with her cousin, Mrs. Robert Hicks, to-morrow afternoon, the 21st inst., at 480 Aylmer street.

Miss A. Ravelle of Quebec City is visiting Mr. and Mrs. E. A. Peck.

Mr. and Mrs. W. H. Andrews have returned to Peterborough after a year's residence in Lakefield.

The many friends of Mr. Leo Desrosiers will be sorry to learn that he is in St. Joseph's Hospital suffering from an attack of appendicitis. His speedy recovery is hoped for.

Mr. John Londerville, the new manager of the Idyl Wild summer resort, left on Saturday afternoon for that point to make preparations for the reception of guests to this popular resort.

Miss Kate Reid and Miss Mary Twomey, accompanied by the latter's brother, Mr. T. Twomey, who is home from Calgary, Alta., spent Sunday at King's Wharf. Emily, visiting relatives and friends.

Mr. Arthur McCollum will leave to-morrow for Winnipeg as a delegate to the convention of the Brotherhood of St. Andrew, representing the chapters of St. Luke's and St. John's Churches, Peterborough.

Mr. Wm. Anderson, M.P.P., is still confined to his room in the Hospital, Toronto. Mr. Anderson, his many friends will regret to learn, is not making the improvement his physicians would like to see. Mr. Anderson is not suffering except from a pain in his side and heart trouble.

Dr. Cameron was taken to the Nicholls Hospital on Tuesday suffering from appendicitis. It is not necessary, as Dr. Campbell is reanticipated that an operation will be ported to-day to be improving, and hopes are entertained that he will be able to be out again in a short time.

# INSINUATION WAS MOST UNFAIR

The Mayor Explains the Facts in Connection With the "Ocean Wave" Machine

## ANSWER TO "FAIR PLAY"

To the Editor of the Examiner:

Sir,—In your issue of Saturday appears a letter over the inaptly chosen signature of "Fair Play" with regard to the application for the Ocean Wave to run on the market square, and with an altogether unfair insinuation against one of the aldermen. The facts are these:

Mr. Heffernan, the owner of the Ocean Wave, and Mr. McIlmoyle, the market clerk, had negotiations for the use of the market square, and before closing the deal, Mr. Heffernan came to get my consent. I informed him that there was a license fee covering such amusements wherever shown within the city limits. In consequence of this he made inquiries and found that there was a bylaw with a license fee, which in his case was absolutely prohibitive. He appealed to me to have a modification made in the bylaw and I advised him to apply to the council, which he did. Mr. McIlmoyle, the market clerk, also wrote the council. The application came up in open council last Monday night and the matter was discussed in the presence of both gentlemen as well as others.

It was agreed that the license fee was extremely high, and had not been intended to cover such a case as Mr. Heffernan's, and the Finance Committee was given authority to reduce the license. At a subsequent meeting the committee reduced the license to $40 for the season.

With regard to Mr. McIlmoyle's rights he was informed in the presence of all parties present, exactly what his rights were, viz., that on a matter of contract, he had no right to make use of the market for any other than market purposes but that his predecessors, having been allowed to sell space on the market square, without interference so long as it did not conflict with the market, he could do the same. There was, therefore, no interference with the market clerk's rights. On the contrary, he was allowed to exceed his legal rights and he has nothing whatever to complain of.

The bylaw fixing the licenses was passed months ago, without any regard to the market clerk of any other property holder, and the application for the reduction from the license, was dealt with as soon as made.

The insinuation that any influence was used to have the application changed to a lot owned by one of the aldermen, is absolutely false. The alderman was not even one of those particularly favourable to a low license, and no member of the council, or of the Finance Committee, knew or cared where the amusement was carried on.

I make it a rule, Mr. Editor, especially as Mayor, to take no notice of anonymous communications to the press. But I cannot permit to pass such an insinuation against one of the most efficient members of the council.

Yours truly,
R. F. McWILLIAMS,
Mayor.

Peterborough, May 20th, 1907.

# Western Preacher Was Refused Ordination

**A Sensational Incident in the Baptist Church—Young Man's Views Were Not Considered Sound.**

**PEOPLE STAND BY HIM**

The Lethbridge Herald says: Alberta is having a heresy affair of its own. A young preacher, Mr. Guyatt, a graduate in arts and theology from McMaster College of Toronto was to be ordained as pastor of Ponoka Baptist Church. The elder brethren questioned the young brother diligently as to his orthodoxy and other qualifications to be the leader of a flock. Unfortunately for the success of the ordination service, the young man had ventured into independent research and told the assembled brethren that he believed that the theory of Paul and Christ, that there was no need for an atonement, and that he believed in an open communion and in the ultimate universal salvation of all men. The older heads of the church finally decided that the young graduate was hardly ready for ordination, especially as he said he was still in doubt regarding many matters.

The congregation at Ponoka are staying by their preacher and desire him to remain as their pastor though not recognized by the Church Councils. All the Baptist preachers were present, including Rev. W. Reid, of this city.

# THE KIRKFIELD LIFT LOCK OPENING HAS BEEN POSTPONED

The lift lock at Kirkfield will not be opened on May 24th. The original intention was to have had the official opening of this lock on Victoria Day, and hopes were entertained that the event might be made an important function. It was found, however, that it would be impossible to have the lock ready by that date and those in charge were reluctantly compelled to postpone the opening until a later date. This date has not been decided on yet, but it will be as early in the summer as possible, and the announcement will be made as soon as the date is decided on. Since spring opened it has been found necessary to do considerable work to the lock, to place it in readiness for continuous operation, and the contractors, in whose hands the work still rests, have been unable to get the lock completed as soon as expected.

# BETTER PRICES PREVAILING ON EASTERN CHEESE BOARDS

Cheese prices are going up. Despatches from the east indicate an upward tendency in prices on this commodity, and if the same conditions continue until the next meeting of the Peterborough Board the salesmen may expect to receive over 12 cents. The Montreal Star, referring to the situation yesterday said:—

The country markets on Saturday were rather a surprise to the majority of the trade, as high as 12 7-8c. havings been paid. This is the highest figure at which cheese has sold for a long time.

While the English market shows an improvement on account of the lightness of the stock, it is hardly considered that the extreme price paid at Brockville is justified.

To-day is a holiday all through England, and naturally there are very few cables this morning from the trade there, so that it will be to-morrow or later in the week when the demand comes, if it comes at all.

On spot the prices show a rather wide range, owing to the differences in first cost, being all the way from 12 1-4 to 13c, though at the present time there is no report that the latter figure has been realized.

# BRIEGENORTH FOOTBALL TEAM FIRES SOME RED HOT SHOTS

**A Writer in Their Behalf Pays His Compliments to the Quaker Team, Otherwise "Porridge Boys."**

**THE TEAM'S GOOD RECORD**

Editor Examiner.

In the sporting column of the Evening Examiner of May 13 there appeared an item as follows:

The Bridgenorth Football Club is dead—absolutely dead. Their practice ground has been ploughed up, their sweaters and trousers were hung up, and even their records were almost destroyed.

The once famous "Kelly's Pets" are now forgotten in the Soccer World, and their once doughty line-up is heard of no more as bringing alarm to an opposing eleven.

As the battle of Zama was to Hannibal, and Mark Antony's orations to Junius Brutus, so were the Peterborough Quakers to the Bridgenorth team. The Porridge Boys proved their undoing and destroyed in a sporty little hamlet the general love of the only game played. The Kelly team was unused to defeat, and when the Quakers conquered them they were never the same. Just as Young Corbett never recovered confidence after his defeat at the hands of Jimmy Britt, so the Bridgenorth team have never played with the same vim and snap that once characterized their play.

Perhaps in the next generation there may spring up another football team, but there will never be another Jopling, Coons or Kelly.

Had the above been written in general terms it would have passed unnoticed, but when personalities are indulged in, there must be a protest, and, on behalf of the people of Bridgenorth, I take up the glove which has so rudely been thrown down. The writer of the above delectable essay is evidently a big chief in the Quaker tribe, and no doubt he lost several nights rest while juggling with truth, fiction, ancient history and prize fights, in order to get them in the proper proportions. The Bridgenorth team has disbanded, and notice was given to the secretary of the Midland League to that effect, and we contented ourselves with quietly minding our own business, but it seems that some city duffers do not practise that virtue, and hence the original Mr. Buttin coughed up the aforesaid spasm. The Quaker representative has opened the can, and they must now eat the contents without any equirming or wry faces.

He remarks that "Kelly's Pets" are now forgotten, but they seem to have made a lasting impression on his fertile memory, as he states that we had a doughty line-up, and brought alarm to an opposing eleven, and were unused to defeat, and that snap and vim once characterized our play. The Quaker team he designates as the "Porridge Boys." What an appropriate name for a soft, slushy, mushy combination! Then he climbs a tree to announce that "the Porridge Boys' proved their undoing." Yes, the very sound of the name would undo most anything, even to a shirtwaist that buttons down the back.

These two teams have met on only three occasions, viz.:

1—At Nicholls Oval, Peterborough, May 30, 1903, a Midland League game was played, in which Bridgenorth won by 4 goals to 0.

2—At the Exhibition grounds, Peterborough, September 27, 1905, there was a contest for the R. R. Hall trophy, score 1-1.

The result of this tie game was a newspaper battle, in which the Quakers suffered crushing defeat and Bridgenorth got the cup.

3—At the Exhibition grounds, Lakefield, a game was played for a cup, presented by Father Phelan, and was won by the Quakers by the small score of 1-0. This was their tenth game and our first game of the season, and they brought a football giant all the way from Hamilton.

In point of goals scored, Bridgenorth still leads by 5 to 2, and each team has won a game and a trophy. So history shows we are pretty badly undone.

The Quakers never would face Bridgenorth on the home field, and, although they had five opportunities of meeting us on neutral grounds, they took chances only at Lakefield.

But the author completely exhausted himself when he thought of the next generation, and to these youngsters he would say:

My son, consider, now, the Quaker man, how he is puffed up like unto a balloon,

For great is the fullness thereof, and, likewise, great is the emptiness of the fullness.

But he shall soon explode, and the loss thereby shall not be great,

Also observe how he riseth up early in the morning to throw mud at his inoffensive neighbours.

And when he entices thee, tell him to go on his way and beat it.

Selah.

And we have the honour of three good football players—just the same number as the City of Peterborough.

To this our friend's consideration of the Bridgenorth Football Club.

Now, let us throw the limelight on the Quakers and see:

The team that defaulted to Locust Hill in 1904.

The team that defaulted to Bridgenorth at Ennismore picnic in 1906, without giving proper notice.

The team that appropriated two of "Kelly's Pets" in a vain endeavour to land the championship in 1905.

The team that has the word "Quaker" on its sweaters because it gets a thriving graft for so doing.

The team that won the junior and intermediate series in the league last year with the same team.

The team that so dominates the Midland League that its name will eventually be the Quaker League.

As to the so-called Midland League let it be said with all sincerity that outside teams have only a poor show against a team that selects its members from among hundred of young men, and the average life of a team in that league is two years. The Quaker team is the only one of the original teams in the league at its formation, and they hang on with the hope that they will gain permanent possession of the trophies and then they too will disband. They have even set aside the donor of the first trophy, from the list of officers. Locust Hill got such bad usage that they withdrew and as a protest a new league called the Central Ontario has been formed near Toronto. Every spring a long schedule is drawn up and published, and the uninitiated are led to believe they are in a "big thing," but when actual play begins, only about one-quarter of them participate.

On account of the writing of this letter, some comments may be made thereon, but if anyone has anything to say, let him not crawl in the back door of the printing office or hide behind an assumed name. As we are done with football, a challenge or anything of that sort will be superfluous and so long as we are left unmolested or even treated as good citizens no protest will be raised.

Now, Mr. Editor, I thank you for this portion of your valuable space in defence of one of the "little fellows."

ERNEST E. BRUMWELL.

Bridgenorth, May 21, 1907.

# NOTED TENOR MET WITH AN ACCIDENT

**And By Reason of This Fact Concert Announced for To-night by Mr. Mercier is Postponed**

Word was received in the city yesterday from Toronto to the effect that Mons. Mercier, who was to have given a concert in the Grand Opera House to-night had met with an accident, and that by reason of this fact the concert would have to be postponed. No details of the nature of the accident of which the noted tenor was the victim, has been received, but it is not believed that it was serious, because it was stated that he would be able to resume his engagements next week.

Those who have bought tickets for the concert to-night may have the matter adjusted on application to the box office at the Opera House or those from whom they purchased their tickets.

Stratton sells dainty wall paper cheap.

# REV. J. R. WEBB TO OPEN SUNDAY SCHOOL HALL

**Has Consented to Preach at Anniversary in Cold Springs**

Rev. J. R. Webb, of Murray street Baptist church, has been secured by the Cold Springs Union Sunday School of Otonabee, to preach their 19th anniversary sermon at the opening of the new hall on June 9th. The following night a tea and concert will be held when the anniversary services will be continued.

# THE CHEMONG PARK SUMMER RESORT

**Fully Open for the Season of 1907 Under the Management of Geo. H. Brown**

Chemong Park Hotel and summer resort is now open for the season. Everything is in readiness for the reception of guests. Mr. and Mrs. Brown, whose experience in catering to tourists and summer visitors, has made so many friends for this favourite resort, expect to be well patronized this season. Peterborough citizens will also appreciate the opportunity afforded of a pleasant drive to Chemong Park during the summer season.

# CLIMBED VERANDA POST TO ENTER ROOM

**Suspicious Character in Otonabee Young Lady Startled in the Night**

Residents of Cold Spring, Otonabee and especially the feminine portion of the inhabitants, are living in fear of suspicious characters who have recently been hanging around that vicinity. A few nights ago a young lady, while in her bed room, was startled by a noise upon the roof of the veranda. On looking out she noticed a man climbing up the roof towards her window. She called to her brother and the mysterious character disappeared. From observations in the dark she noticed he was roughly dressed, wore a slouch hat and a handkerchief was tied round his neck.

Next morning the footprints were traced from the road to the veranda. The paint was scraped off the post which assisted him to the roof and two large heel marks were visible in the lawn where he had jumped from off the roof. The occurrence has caused considerable excitement in Cold Springs and the residents are now sleeping with their doors and windows barred.

# ONTARIO WHEAT HAS THE FLAVOR

**One Strong Feature of Superiority of Ontario Wheat Over That of Manitoba**

During the last ten years the grain milling industries of the West have been so extensively advertised in Ontario that many farmers have given up raising wheat. The farmer who formerly helped to make a market for his home-grown product to-day buys the western flour for family use, and thus contributes to western prosperity instead of putting money into his own pockets by patronizing an Ontario industry. Ontario millers have been unable to run more than eight or ten hours a day, and as a result the price of bran and shorts has risen to twenty and twenty-two dollars a ton as compared with the former prices of twelve to fifteen, in the palmy days of wheat growing in Ontario.

This competition of the western wheat lands is a tremendous fact; it is the aggregate the decline in the market in Ontario for the flour manufactured in this province has amounted to a loss of millions to the farming community.

No proof is needed to convince the general public that the western flour is "stronger," that is, richer in gluten, than its Ontario rival. But that the flavour and colour of Ontario flour is superior must be conceded even by those most interested in pushing the product of the prairie provinces. Down East, in the Maritime Provinces, the demand for a first-class flour has led to the blending of the eastern and western wheats in such proportions that enough gluten is added to the Ontario product to bring it up to the strength of western flour, while retaining the delicate and tasty qualities for which Ontario flour is famous.

Considerable progress has been made in flour blending in Ontario and after a early ten years of experiment on the part of expert millers and bakers, the superior quality of the blended flour has been demonstrated by the demand already created.

There seems to be every reason in favour of the adoption by the people of Ontario of the use of such a flour as an increase in the milling of Ontario wheat means an enlarged market and money in the farmer's pocket. If the manufacture of the blended flour were merely in the experimental stage arguments in favour of its use generally throughout Ontario might prove ineffective; but now that some of the largest wholesale bakers in Toronto are enthusiastic about the increased sales of bread made of blended flour for Ontario people, it is surely worth while to purchase an article which means increased prosperity all over the Banner Province of the Dominion.

Tisdall's bakers pay a little more for the ingredients that go into their cakes.

## FIND PEARL OYSTERS

**RICH DEPOSIT OF GEMS DISCOVERED IN NEWFOUNDLAND.**

**Clergyman and His Guide Stumble Upon Source of Wealth While Caribou Hunting—Pearls In Lobster Cans—Micmac Indians Excel As Hunters and Trappers—Single Gem Found Worth $1,500.**

Somewhere in one of the many small streams which flow into the Bay of Islands, Newfoundland, is a valuable deposit of pearl oysters. From that deposit hundreds of pearls have been taken, one at least valued as high as $1,500. Its exact location is known to but two men, one Rev. Elwood Worcester, rector of the Emmanuel Church, Boston, and the other his trusty Indian guide, who has accompanied the clergyman year after year during his caribou hunting expeditions into the island.

Deposits of pearl oysters are not rare in North America by any means. Hundreds of them have been discovered, but they are located as a rule in southern waters, in the Gulf of Mexico, in the Caribbean Sea, and on the Pacific coast. Even in some of the rivers in the northern part of the continent the pearl mussel is abundant, yet the occurrence of good pearls in these shells does not appear to be frequent.

**Trusted Writings of Explorers.**

Many good pearls have been found from time to time in the rivers of New England, and the Canadian rivers have yielded fresh water pearls to considerable size and beauty, especially in the small streams in the country north of Quebec.

Columbus found pearls plentiful among the Indians when he discovered America, and took back to Ferdinand and Isabella hundreds of beautiful stones. The Indians recognized them as stones of beauty and Indian maidens wore strings of pearls which would create a sensation at an up-to-date horse show or opera. The Cabots, John and Sebastian, sailing westward from England under direction of King Henry VII., found a few in the Newfoundland rivers and took them back to their patron, who was delighted with them.

It was from the writings of these latter explorers, says Dr. Worcester, that he gleaned the information which led to his finding the pearl deposit. He conceived the idea suddenly while on a caribou expedition into Newfoundland, and, having read in their reports to the King of the early discovery, set out to find the pearl oysters, with but a vague idea of their location and little hope of finding them.

It happened some years ago. Dr. Worcester has for many seasons journeyed to Newfoundland to hunt caribou, and has there a small schooner which he calls into use occasionally in going from place to place along the bleak coast.

Being much interested in Newfoundland, Dr. Worcester had read all of the history and much of the literature about the island. While he was serving as rector of a prominent Philadelphia church he made his annual visit to the country, and when his schooner was anchored in the Bay of Islands he recalled the pearl discovery of the Cabots and determined to make a search.

**Struck a Rich Deposit.**

Going up into one of the streams with his faithful Indian guide, they watched the bed of the stream closely. Some distance up they discovered an oyster bed, and the Indian began to dive from a small boat after them. Time and time again he dived and came up with one or two shells. He had gone down perhaps twenty-five times when he returned to the shore where Dr. Worcester was standing, bringing with him two shells which seemed to be pearl bearers. They opened the first one, but it was empty. On opening the second the sight they beheld almost took their breath away. Reposing snugly in one corner of the shiny white shell was a beautiful gleaming pearl.

It was a most encouraging start. They had found a deposit. Whether it was the one referred to by the Cabots or not Dr. Worcester did not know, and he didn't care much. Persevering, they found 305 pearls, large and small. But Dr. Worcester had made the tiresome trip to Newfoundland for hunting and recreation, and so he left the pearl deposit, and with his guide set off into the interior of the country in search of the mighty caribou. Later, in Philadelphia, Dr. Worcester was offered $1,500 for the first pearl he found. It was a gem of unusual size and luster and perfectly round.

Some months after returning to Philadelphia, Dr. Worcester received a half-dozen cans of lobster from his Indian guide. They were put away in the cellar until one day, feeling that he would like some lobster, a can was brought up and opened. In it were a number of small pearls. Opening the other cans, Dr. Worcester found sixty in all. The Indian had sent them as a surprise, and a surprise they were.

**Hunting the Big Deer.**

But it is the glorious opportunity for sport in the island that inspires enthusiasm in every sportsman who has visited it. Caribou are numerous in the interior and, not being very much hunted, have little fear of man so long as they do not wind him, and often allow a man to approach without making off. Terrible battles take place among them, and it is rare to find a full-grown stag whose antlers are not battered. In these battles the powerful antlers are used, sometimes with fatal effect, and instances have been known where the antlers have interlocked and both participants died of starvation.

Without an Indian guide the caribou hunter in Newfoundland is at a tremendous disadvantage The Indians there are of the Micmac tribe, and are unexcelled as hunters and trappers and in lumbering, boat building, poling up rivers and all the incidents of the backwoodsman's craft.

**Women Suffer Agonies from Kidney Trouble**

**GIN PILLS CURE THEM**

There is Mrs. Ripley, for instance. She suffered terribly with her back. It ached, ached, ached—all the time. Even in bed, it seemed as if she could not get easy. It finally became so bad that housework was impossible.

She certainly was a discouraged woman when she began to take GIN PILLS. And there isn't a happier, healthier woman in the Dominion than this same Mrs. Ripley to-day.

Williamsdale East, May 9th.

I cannot refrain from writing you the benefit I have received from Gin Pills. Before I had taken Gin Pills I suffered dreadfully with my back, and had suffered for twenty years. I have tried almost everything but got no relief until I got "Gin Pills."

I have taken six boxes and now I have not the sign of a pain or an ache in my back. I am now well and feel as well as I ever did in my life. There is nothing can hold a place with Gin Pills for pains in the back to which women are subject. Yours truly,

MRS. WILLIAM P. RIPLEY.

Mrs. Ripley had serious Kidney Trouble. And the sick kidneys were making her back ache—were giving her those splitting headaches—were sapping her strength—and dragging her down. GIN PILLS really saved her life. GIN PILLS cured her kidneys. She has been well ever since. GIN PILLS are a grand medicine for women.

Try them at our expense. Mention this paper when writing and we will send you a free sample so you can see for yourself just what GIN PILLS will do for you. The Bole Drug Co., Winnipeg, Man. 91

## LOST RELATIVE SWINDLE.

**Clever Ruse to Entrap the Unwary—Poor Widow Duped.**

A particularly despicable kind of fraud has been invented by ingenious swindlers in connection with the inquiries for missing relatives published in newspapers of to-day. Many people have probably noticed that at the head of the "Missing Relative" column a notice is generally printed to the effect that those making inquiries are advised not to forward pecuniary assistance to persons who may reply to the same, until it has been definitely ascertained that the *applicants are the persons* actually sought for.

The necessity for this warning is amply illustrated by a case which came under the notice of the writer recently. A poor widow, living in the North of England, asked a well-known London newspaper to publish a description of her son, who had been missing for over 15 years. This was done, and, to the woman's great delight, she received a letter written from the East End of London a few days after the publication of the details, in which the writer stated that he was well acquainted with the person about whom she inquired.

**"Kind Stranger."**

The letter went on to say, however, that the son was in very poor circumstances. In fact, he was practically destitute, owing to misfortune and ill-health. His failure had made him ashamed to send home, although he (the writer of the letter) knew that the son would be only too glad to return to his mother if he had the means to do so.

Then followed the suggestion that the widow should send the cost of railway fare and a few shillings for general expenses to her son, care of the writer, who would see that he started for the north as soon as the money was received.

All unsuspecting the widow managed to get £3 together, and this she sent to the "kind stranger," who, of course, had never seen her son, and of whom she had heard nothing more. It was only after she had communicated with the police that she learned, through them, how she and others had been swindled by this trick.

**"Homing" Turtles.**

From earthquakes to turtle-fishing is "a far cry," but Sir Alexander Swettenham, in the course of his comprehensive duties, has to take cognizance of both.

As Governor of Jamaica, The Manchester Courier points out, he has official authority over the Cayman Islands, where the quest for turtles engages no fewer than 33 schooners and sloops, two-thirds of the number fishing round the Cays, of the Nicaraguan coast. The green turtle, of which 3,400 were caught in 1905, are shipped to Great Britain and America.

Sir Alexander Swettenham mentions that these chelonidae display an extraordinary sense of locality, or what pigeon fanciers would call the "homing" instinct. It has happened that turtles have escaped from Grand Cayman and within three months have been recaptured at the fishing ground, a distance of 300 miles.

Their identity has been established beyond question by their owners' initials cut upon their shells,

**Hoaxed by "Ad."**

A mysterious advertisement, which is apparently a hoax on intending emigrants, is occupying the attention of the Australian Government. Attention was first drawn to it in England by the receipt from the Governor-General of the following cablegram addressed to Capt. Muirhead-Collins, C. M. G., who represents the Commonwealth in London: "I understand that advertisements are appearing in the press of Great Britain as follows: Wanted, about 50,000 men with a knowledge of agriculture, etc., and a capital of seven or eight pounds. —Apply Federal Government of Australia. This is unauthorised; applications now being received here." Capt. Collins has searched English and Colonial newspapers without finding the advertisement, but replies are still pouring in to the Government offices in Melbourne. He warns intending emigrants against parting with any money.

## WORLD FULL OF ROGUES

**BERNARD SHAW'S SEVERE CRITICISM OF THE IDLE RICH.**

**His Sermon on Socialism—Paralysis From Lead-Poisoning—"We Are All Rascals"—Drink Evil Among Poor—Any Atrocity to Gain Money—Chicago Meat Horrors — Poverty Breeds Crime.**

Mr. George Bernard Shaw preached a sermon on socialism recently in Caxton Hall to an audience composed of many of the elite of the west end.

His text was, "Poisoning the proletariat," and the address was delivered under the auspices of the Christian Social Union, London branch, who are engaged in a crusade against the lead-glass industry. Mr. Shaw wanted to know if his audience really cared whether the plate off which he ate dinner had or had not given the poor wretch who made it paralysis from lead poisoning. If they did care they were getting on.

"The great majority of industrial people are rascals," he went on. "We are all more or less rascals—(laughter)—even you good people who have what you facetiously call 'independent means.' A great deal of the profit which you enjoy is made in a rascally way, those profits which I see in so many beautiful hats and costumes before me to-day."

**Severe Bob For Boozer.**

Mr. Shaw said he had heard of a family in London living on 21s. a week, and wondered how they did it. He later found they lived on 14s. a week, for the father required 7s. a week for drink. "I would like some of the richer members of this audience," said Mr. Shaw, "to say how much a week they spend on drink. The wine for the family would probably come to more than 7s. a week." If a family spent a guinea a week on liquors, then, on the basis of the treatment that the misery of the poor was wholly due to drink, a family five times poorer than that family should spend five guineas a week. The fact was that the very people who talked most about the drink evil among the poor, and who attributed their improverished condition to that cause alone, spent out of all proportion more on drink than any laboring man.

**Commit Any Atrocity.**

Vice and virtue, he said, tended to get distributed very much according to the view point of the person—the rich thought vice the peculiar attributes of poverty and virtue of the well-to-do.

"Provided you don't ask us to be poor, we'll exercise every known or possible virtue, we'll be perfectly charming people, but we must have money—to get it we'll commit any atrocity—(laughter)—we'll turn helpless people out of their homes in the dead of winter, tear the sick from their beds and evict them in the roadside snow, but we must have money or we can't be virtuous."

"Then, again," went on Mr. Shaw, "there are other ways of getting this kind of money—by making human beings work at deadly trades in the Potteries, at noxious metal industries, but to the people who must have profits—money—that doesn't make any difference."

We were throwing away about 800 millions a year on extravagances of every sort, much of it, that was so badly wanted at home, being spent abroad. There must be a better distribution of wealth, for it was the poverty of men who made them helpless and led to sweating, misery and crime.

Turning to a consideration of "the life of pleasure" lived by idle rich, Mr. Shaw said that he was now in a position to live that life, he possessed all the material concomitants, but he would infinitely rather sweep a crossing. (Laughter.) He thanked heaven he had strength of mind enough, sanity enough, to despise that life which riches could enable him to live, and he pitied, not envied, those who lived the life of luxury and so-called pleasure.

Referring to the Chicago meat horrors, Mr. Shaw said it was most curious to observe that not one note of concern was uttered or printed about the poor wretches who tinned the meat; it was all for the consumer, and about the beef itself.

"Your own interests will yet force you to do what my words will never persuade you to do," was Mr. Shaw's parting shot.

**Chinamen In Australia.**

A traveler in northern Queensland, Mr. Hansford, a Melbourne lawyer, brings a story of a hitherto unknown colony of Chinamen in the country near the Gulf of Carpentaria. The news, which has been confirmed, has come as a shock to the advocates of a "White Australia."

The Chinamen, who are said to number thousands, are, it appears, camped on arable river flats, and are growing vast quantities of opium, which is now a prohibited article in the Commonwealth, except for medicinal purposes. Presumably a market for the drug is found among the rich Chinese storekeepers of the north.

The interlopers have made their way to Australia by way of the East Indian Islands, and the Commonwealth Government is now being called upon to turn them out.

Large tracts of Persia are uninhabited. The total population is about 9,000,000, which is only fourteen to the square mile. The nomads (Arabs, Kurds, Leks, Turks, Lurs, Baluchis and gypsies) move from place to place according as their animals need pasturage or other interests decree.

## HAS MANY PRIVILEGES

**QUEEN ALEXANDRA MOST FAVORED OF BRITISH CONSORTS.**

**Number of Quaint Prerogatives May Be Exercised by Her—Is Considered Single—Only Lady of the Garter — Separate Household — Some Minor Perquisites—May Use Motor-Car Without Any Number.**

It is interesting to know that in certain circumstances Queen Alexandra is assumed to be a single woman. This is in case of legal proceedings. As everybody knows, the law takes a very different view of married women and a femme sole—which means either spinster or widow in the old Norman-French law jargon As a single woman, Queen Alexandra can purchase and convey land, hold leases, and do many other useful things without His Majesty's concurrence. To aid her in her legal work Her Majesty has the power of appointing her own Attorney-General and Solicitor-General, though this privilege has not been exercised during the present reign.

The Queen can be tried only by the House of Peers, as was Queen Caroline, of unhappy memory. But, unless expressly exempted by law. Her Majesty is as much a subject of the King as any other lady in his wide dominions. The reason of the *immemorial law which made* the Queen Consort of the reigning monarch a femme sole in legal matters, is supposed to be the necessity that the sovereign, being immersed in affairs of state, should not be worried by domestic matters.

**A Favored Queen.**

Queen Alexandra is more favored than any other consort who ever shared the British throne. She is the only lady member of the most exalted order of English chivalry—a degree of "Lady of the Garter" being especially created for her. A new verse has been added to the National Anthem in her honor. She can ride by the side of her royal husband in the great coach of state, which no Queen Consort of England has ever done before. In fact, in honor of his beautiful Queen, Edward VII. has torn precedents to tatters. Indeed, the King was never a respecter of precedent, as he showed when he lighted a cigar in the sacred hall of the Middle Temple, where he attended the wedding of one of the Rothschilds—the first time a Jewish ceremony had been so honored — and when he resigned from a certain celebrated club which had presumed to blackball the late Mr. Cecil Rhodes.

**Her Own Household.**

Her Majesty has, of course, her own household, quite separate from that of the King. It comprises a Lord Chamberlain (Lord Colville of Culross), Vice-Chamberlain (Earl of Gosford), Treasurer (Earl de Grey), and Private Secretary (Hon. Sidney Greville), among the gentlemen. The ladies of the household include a Mistress of the Robes (the Duchess of Buccleuch), five Ladies of the Bedchamber, four Bedchamber women, and four Maids of Honor.

Though the ancient privilege of "queen-gold" is never claimed now, Queen Alexandra has some quaint perquisites. For instance, if a whale is caught off the British coasts, the tail part of him belongs to the Queen, the King taking the head. The Archbishop of York is her chaplain in perpetuity. It is interesting to know that though the Queen is a subject of her husband, none of His Majesty's courts may fine her or cast her in damages.

**Numberless Automobile.**

In common with the King, the Queen enjoys the privilege of riding in a numberless motor-car. Not long ago an officious country policeman stopped the royal motor because it bore no number-plate. On learning whom he had held up, he was ready to faint with confusion, but the Queen reassured him and drove off smiling.

It is high treason to plot against the Queen's life while His Majesty is alive, though it would cease to be so after the demise of the King. Should Queen Alexandra survive his present Majesty, an annuity of $350,000 will be hers, on which to keep up the state and dignity proper to a queen-dowager.

In the very unlikely event of Her Majesty wishing to marry again, she would be perfectly at liberty to do so, provided that the bridegroom did *not mind having all his property forfeited* to the Crown. A special license from the reigning King is necessary to the re-marriage of a queen-dowager.

**To Encourage Sleep.**

Many people suffer constantly from a sense of overtatigue which entirely prevents sleep at night. A hot bath taken before retiring is a capital antidote in some cases, but in others the bath acts as a stimulant rather than a narcotic and prevents rather than engenders sleep. One of the best means of obtaining rest is a cup of warm milk to which have been added a pinch of salt and a dash of pepper, while many people ignore the fact that sleeplessness is caused by shut windows and a lack of fresh air.

**Saves A Lot of Bother**

The starch that needn't be cooked..that won't stick..that gives a brilliant gloss with almost no iron-effort..isn't that the starch you ought to have them use on your clothes? Buy it by name.. your dealer sells it.

## CRIMINAL APPEAL COURT.

**Measure Introduced With View Prevent Miscarriage of Justice.**

A bill constituting a Court of Criminal Appeal, which has not heretofore existed in Great Britain, was introduced in the House of Commons recently by the Attorney-General, Sir John Lawson Walton. He explained that the measure would create the right of appeal against conviction for crime, similar to that now existing in civil cases.

The new court will consist of seven judges of the King's Bench Division of the High Court of Justice, to be selected and presided over by the Lord Chief Justice of England. The right of appeal in matters of law will be unqualified, and in matters of fact it will be left to the discretion of the new court. There will be no new trials, but the court will have ample powers to get at the truth. It will be able, if necessary, to summon fresh evidence, and when the court has satisfied itself of the true merits of a case it would be the duty of the court to determine whether the conviction shall stand or be set aside or be modified.

**Not a Rich Man's Bill.**

The Attorney-General added that this was not "a rich man's bill." An official would be appointed, whose duty it will be to collect the material necessary in order to have a case reheard, and professional assistance is required solicitor and counsel would be provided for poor prisoners. The prerogative of the Crown, in regard to mercy, will be left untouched, but the Home Secretary will have the inestimable advantage of being able to have the opinion of the Court of Criminal Appeal. The judges constituting the new court will be expected to perform the duties attached to the new positions in addition to the functions they now discharge.

The bill passed its first reading, the Attorney-General saying the bill was not a party measure and he hoped it would be regarded as non-contentious. It would end a controversy which had engaged the attention of Parliament for 50 years, and its adoption was necessitated by the fact that justice had blundered. Innocent persons had been convicted and the number of victims of judicial miscarriages in recent years was not inconsiderable. Enterprising newspapers had rushed in where jurists feared to tread. Retrial by newspaper had taken place instead of rehearing before a judicial tribunal.

**Interrupting a Fox Hunt.**

After a good hunting run the pack seemed within measurable distance of getting hold of their fox, when suddenly he disappeared in a most unaccountable way.

But some gypsies, with a lurcher dog, were observed by the roadside, and upon their being questioned as to the whereabouts of the fox it was discovered that they had him in a bag. Moreover, before they would part with him they wanted half a crown—which for pure unadulterated cheek has seldom been equalled in fox-hunting annals. Not only had these business-like nomads, with the help of their dog, stopped the run and purloined the fox, but they did not mean to restore him to the members of the hunt unless they got something out of it.

The situation was not without its humorous side, and it was with mingled amusement and indignation that the Burstow men "parted." Then the fox was liberated, the hounds were soon on his line again and eventually got hold of him.—Bystander.

**A Tree That Smokes.**

In Japan there is a wonderful tree. Every evening after the sun has gone down smoke can be seen coming from the top branches of the tree, just as if some one had set it on fire. It is quite a live tree, and no one knows a bit what this strange smoke really is.

**Blood Poison**

Speedily and permantly cured by INDIAN SALVE, the greatest remedy ever discovered for BLOOD POISON, GANGRENE, POISONOUS BITES, CANCER, PIMPLES, etc.

INDIAN SALVE is purely vegetable, non-poisonous, and can be taken internally as well as applied externally.

## WALTZED THROUGH STREETS.

**Lord Mayor Leads a Dance With Silk Hat and Cornish Maid.**

The features of the merry spring festival at Helston, Cornwall, was the sprightly dance of London's Lord Mayor through the streets of the little town. Many other townsfolk were celebrating the custom, centuries old, in a similar manner; but it was odd to see the dignity of London thus unruffled. The Lord Mayor is a native of Helston and visited his native town at the time of the spring festival, where, according to custom, the day is spent in dancing through the streets, and through the house, the doors being left open for the purpose. These are all modern forms of the ancient rites of the goddess Floria.

The Lord Mayor, in silk hat and immaculate frock coat, led off the dance with a pretty Cornish girl for a partner. He only stopped in his brisk waltz when lack of breath demanded it.

Many couples followed suit until the whole town was at it. Every now and then the whole procession passed through a shop or house, waltzing to the rear and then through another house.

After half an hour the Lord Mayor gave out and had to escape into seclusion to rest and recover his dignity.

**Sunday a Necessity.**

The wisdom of cessation from hard labor one day out of the seven is almost universally acknowledged. The world has found out that it can do less work in seven days than in six, and that the fifty-two days of the year devoted to rest are an addition rather than a subtraction. Experiments have been made in all departments.

The great Castlereagh thought he could work his brain three hundred and sixty-five days in the year, but after a while broke down and committed suicide; and Wilberforce said of him:

"Poor Castlereagh! This is the result of the non-observance of the Sabbath."

A celebrated merchant declared:

"I should have been a maniac long ago but for the Sabbath."

The nerves, the brain, the muscles, the bones, the entire physical, intellectual, and moral nature cry out for the Sabbatic rest.

What is true of man is; for the most part, true of the brute. Travelers have found out that they come to their place of destination sooner when they let their horses rest by the way on the Sabbath.

What is the matter with those forlorn creatures harnessed to some of our city omnibuses? Why do they stumble and stagger and fall? It is for the lack of the Sabbath rest.

**The Red Badge of Bravery.**

Once in Northern India a detachment of soldiers were led against a band of robbers who had intrenched themselves in a strong position at the head of a narrow gorge. The troops were marching along the valley between the steep sides, when a sergeant and eleven men separated from the rest by taking the wrong side of the ravine. The officer in command signalled them to return, but they mistook the signal for a command to charge. For a moment they looked up the rocky heights, and saw their enemies above the ramparts. Then, with a ringing cheer, they clambered up the steep side. At the top were seventy robbers sheltered behind a breastwork. It was a desperate encounter, but against such odds it could not last long. Six fell on the spot—the rest were hurled backward into the depths below.

Now it was a custom in that nation when any of their bravest fell in battle to distinguish the most valiant by a thread tied round the wrist—a thread of red and green silk, red denoting the greatest courage. Some little time afterwards the English troops found the twelves bodies stark and gashed, but round the wrist of each was tied the scarlet thread—the distinction of the hero.—Rev. Mark Guy Pearse.

**Bees Attack Royal Party.**

An exciting experience befell the Duchess of Connaught and Princess Patricia while visiting Ceylon. An excursion had been made from Colombo to the famous ruins of Anuradhapura, and a portion of the party visited another show place of the island, Sigiri, and on reaching the top of the hill were attacked by bees.

The Duchess of Connaught and the Governor, who awaited the party below, came in for a share of this unwelcome visitation and had to run. After the first encounter the party on the top took refuge in a hollow and the Governor sent mosquito nets from the rest house. The Princess, Capt. Ponsonby and Mr. Hodgson accomplished a dangerous and difficult descent under the nets without mishap, though the bees were attacking all the time.—Daily News.

**Living Statues Condemned.**

A number of members of the Royal Academy and other prominent artists have joined in the condemnation of living statues. Alma-Tadema says that living statuary is certainly not so artistic or elevating as the art it represents. Messrs. Riviere, Richmond, Solomon, Orchardson, Lucas, Hacker, and others speak to similar effect, some declaring that the whole thing is degrading. Mr. Dessler, whose bust of the Queen of Spain will be exhibited at the Academy, by the King's command, despite its rejection by the Academy Committee, says it is impossible to get at the beauty of statuary with living models.

**English Girl Shoots Thief.**

Miss Nellie McCarthy, an English girl of 19, who had gone to Paris to take a situation as a governess, had an exciting adventure with a would-be robber in the Rue Rambuteau.

She lost her way among the Paris streets, and asked a woman named Bassett to direct her to her hotel in the Rue St. Honore. The woman offered to show her the way, and led her instead to her own apartments.

The woman induced her to enter, and then locked the door and demanded Miss McCarthy's jewels and money. The English girl answered by producing a revolver and shooting the woman in the shoulder.

The police were called by the neighbors, and explanations at the police station led to the release of Miss McCarthy. The woman Bassett is in the hospital, and will be charged with attempted robbery.

## LONELY NEW ZEALAND.

**The Colony Not Altogether a Paradise —Vast Stretches of Vacant Land.**

As nothing in Europe astonishes the New Zealander as much as the crowds, so nothing in New Zealand is so surprising to the Englishman as the vast stretches of uninhabited land.

Even the tourists on the coach-roads may easily travel twenty miles without passing a single house, says a writer in Macmillan's Magazine. On the road leading to one of the most popular resorts of the North Island, along fifty miles of highway there is but one small inn where the horses are changed, and one Maori village with a solitary white teacher for its school. The rest is scrub or swamp where wild horses roam, or cleared bush where blackened stumps still stand, or fern-land with patches of rough pasture.

And to reach the far-famed lakes of the South Island, beautiful enough when they are reached, the coach toils for two whole days through inches of dust or mud, according to the season, dragging its slow way past miles of seeming desert where even the yellow tussock-grass is supplanted by thistles or by patches of green lichen resembling nothing so much as verdigris.

In New Zealand they appraise land by the number of sheep it will carry, and this is five or six acres to a sheep, and a merino sheep into the bargain.

The driver, as he passes, flings out letter-bags at the little wayside post-offices, or tucks them into wooden boxes perched by the highway. In this way the post is delivered twice, or possibly thrice, a week in summer, and once in winter. But this is along the coach roads; any map will show how few they are, and even they are often impassable for wheeled traffic in winter. Then the post cart, sunk to its axles, lumbers along at the rate of two miles an hour, or the postman rides in mud up to his horse's girths, and those who have business abroad do likewise, or wait at home for better weather.

Luckily, in no part of New Zealand are the winters so long and so severe as in England; but metal for road-making is scarce in New Zealand, and labor is scarcer and dearer. When one thinks of all that has been done and of the fifty years or so that it has been done in, the wonder is, not that the roads are bad, but that there are so many roads of any kind.

The newcomer, however, does not think of that. Probably he knows nothing of the early history of the land he proposes to adopt. When he turned his back on England it never occurred to him that there the loneliest farm in the most remote district is in the centre of a crowd as compared with many of the isolated settlements where he may easily find himself. To be only eight or ten miles from the nearest shop, or from any sort of a church, is to be a fortunate exception.

On many big runs, which years of toil have gone to make, all the winter's stores must be housed not later than April, because when the rains come only an ox, dray or a pack-horse can travel along the road to the township, and that with difficulty; and the storekeepers must bring all their wares from the nearest railway station or coast town before the weather breaks, standing out of their money for months, or else they must suffer the loss of oxen and horses bogged or exhausted with the heavy winter's work.

No wonder store goods are dear. "Four foot deep and four foot wide," is the familiar description of roads in "the roadless north," which has a pre-eminently evil reputation in that way; but even in the old settlements southwards walking is often out of the question, not only because there is nowhere to go within walking distance, but also because of the roads and the unbridged rivers. Nor is that the worst that can befall, for in many districts even yet there are no roads, only bridle-paths, or foot-tracks ending at the water's edge, whence a boat can be rowed to the nearest port of call for coasting steamers.

**Fruit at Cape Town.**

A correspondent in Cape Town in writing to a friend in Toronto about the fruit inspection by the Government officers in Cape Colony, states: "I saw the Cape Colony Government officers inspecting the fruit that they were just shipping to the London market. My, but I wish our Canadian fruit packers could see the way the fruit here is put up for export. It would be an object lesson for them. But the disadvantage that all the colonies are under is that when the fruit reaches there it must be sold. I was telling the people here that if all the colonies could join in the erection of a commodious cold storage warehouse in London, and then put their fruit and perishables on the market from time to time, just in sufficient quantities to meet the demand. It would mean millions to the colonies in the long run. As it is, the arrival of a fair shipment means a glut in the hand to mouth existence in the London market, and, of course, a marked decline in the prices. Under such circumstances as I suggest the colonial fruit trade between the colonies and Great Britain would always be a sure thing, and not at all subject to the uncertain conditions that now prevail. Apart from that aspect of the business it is worth considering that none of the colonies would enter into competition with any one of the others. The different seasons between Canada, South Africa and Australia would give each the control of the market in its own season. I would rather have that business than all the gold mines in the country."

**Sincere Conversation.**

It is very certain that sincere and happy conversation doubles our powers; that, in the effort to unfold our thought to a friend, we make it clearer to ourselves, and surround it with illustrations that help and delight us. It may happen that each hears from the other a better wisdom than anyone else will ever hear from either. If everyone recalled his experience he might find the best in the speech of superior women—which was better than song, and carried ingenuity, character, wise counsel, and affection, as easily as the wit with which it was adorned. No one can be a master in conversation who has not learned much from women.—Emerson.

## LUCK OF EDENHALL.

**Story of a Famous Legend Interestingly Retold.**

The fascinating old story of the "Luck of Edenhall" is published in the March number of Pearson's Magazine. The "Luck," it should be said, consists of a small goblet or drinking-glass, with the safety of which the fortunes of the Musgrave family are, according to the tradition, inseparably connected:

"This is the legend of the cup which has been handed down from generation to generation of the owners of Edenhall.

"In times long past, Hugo, the butler at Edenhall, going one night, as was his custom, to draw water from the Well of St. Cuthbert, in the grounds of the mansion, heard, to his great astonishment, the sounds of laughter and revelry and looking down beheld a glorious company of fairies making merry round their queen on the greensward.

"The butler was nearly frozen with amazement, and pinched himself to see if he was awake or asleep; but so intent on their dancing were the fairies that, all unaware of the approach of mortal footsteps, they continued to dance and make merry, circling round their queen, and dancing, with twinkling feet, in and out so quickly that the eye could scarcely follow them. The butler watched them spell-bound, and saw the fairy queen raise her drinking-glass to her lips. As she did so some of the fairies caught sight of the intruder, and with cries of terror the whole bright band began to disperse, melting away over the greensward like myriads of flashing jewels bound in floating rings of mist.

"In their hasty flight, however, the fairies left their drinking-cup by St. Cuthbert's Well, and seeing this the butler seized it, and held it fast, determined, at all costs, to keep the cup as a souvenir of the fairy folk and a proof of their existence at Edenhall. But, quick as he was, the fairies discovered the loss of their festal glass before he had time to bear it away, and returning in angry bands, headed by their queen, demanded that the cup should be given back to them. The butler held it fast, and refused to restore it, though the 'little people' begged for its return, whereupon the queen, greatly enraged, tried to take it away from him, but without success. At last, seeing that her efforts were fruitless, she turned to go, but before disappearing she uttered the threatening and ominous words:

If this cup should break or fall,
Farewell the luck of Edenhall.

"When she had melted away into silence, the butler found himself standing alone by the side of the well. At first he thought he had been the victim of a strange dream, but clasped tightly in his hand was the glass drinking-cup of the fairies, and still ringing in his ears was the mocking fairy prophecy.

"Returning to the house he told his strange story, and in confirmation of it produced the cup, which was at once added to the family treasures, and has since been guarded, as can well be imagined, with the most scrupulous care."

**How M.P.'s Kill Time.**

An entertaining little picture of how M.P.'s really spend the time that credulous constituents believe is devoted to the affairs of the nation was drawn recently by Mr. Willie Redmond.

The House spent half a dozen hours on the discussion of a number of new procedure rules, the main object of which is to give more of the detail work now done by the whole House to four important committees.

Lord Robert Cecil, who severely criticized the new procedure, said home rule all round would mean the destruction of the House of Commons.

"You are professing to cure congestion in the way that suggests suicide to avoid death. It is like the man in Dickens who shot himself after eating too many crumpets in order to prove that the doctor was wrong in saying that too many crumpets would kill him."

The ever-youthful Mr. Willie Redmond, who has been in the House of Commons for twenty-four years, welcomed the new procedure rules.

"There is a great deal of talk of the amount of work M.P.'s have to do," he said. "What do they do?" Members come down here in the afternoon, and after listening to the questions for an hour, seven-eighths of them promptly get up and walk out of the House.

As many as can possibly find places go to the smoking room. It is too small to accommodate all. Others go out and stroll on the terrace, or sit in the library, or go showing friends around the place. For the vast majority of the members there is absolutely no work to do.

"These new procedure proposals will enable members to take an active and intelligent interest in their work."

**What Englishmen Read.**

To my relief there are no one-hundred page Sunday papers here. The only news from American in the papers is about how Buffalo Bill chases desperadoes, or how masked men held up and robbed travelers in Colorado, or how a bank was broken into in Arizona; and I suppose this accounts for a shopkeeper telling me that we have only one or two trains a day over there, and for his asking me if I always carry a revolver when I travel in America. Nearly all the papers give pages to crime, and the magazines are full of detective stories. People do not subscribe to magazines by the year as freely as we do. They say its extravagant, and in some cases they're right.—Bohemian.

**Another Kipling Yarn.**

Among the amusing stories told about Kipling is one of a young woman admirer who after years of waiting at last met the man of the "Plain Tales."

"You!" she cried, staring at the author. "You, you are Rudyard Kipling!"

Naturally Kipling felt embarrassed. "Yes," he murmured modestly.

The lady continued to marvel.

"But I thought," she finally explained—"I thought you were—oh, how shall I say it?—something quite, quite different!"

"Oh, I am," Kipling hastened to tell her in a very confidential tone—"I am, madam. Only, you see, this is my day off."—Book News.

*The Name Guarantees the Quality*

Do you want to be sure of getting the same quality of tea every time you buy? Not good one time and poor the next, but always good, always that rich pungent flavor which is so delightful.

If you do, ask your grocer to send you a package the same as the one above. After you use Red Rose Tea once, you will buy again and you will always find the quality the same.

**SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS**

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

**Synopsis Of Canadian North-West HOMESTEAD REGULATIONS**

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act, as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

**Department of Railways and Canals, Canada**
**Trent Canal**
**Holland River Division**
SECTION NO 2.
**NOTICE TO CONTRACTORS**

Sealed tenders addressed to Alex. J. Grant, Superintending Engineer, Trent Canal, Peterborough, and endorsed, "Tender for Trent Canal," will be received until 16 o'clock on Wednesday, the 29th May, 1907, for the works connected with the construction of Section No. 2, Holland River Division of the Canal.

Plans and specifications of the work can be seen on and after this date at the office of the Chief Engineer of the Department of Railways and Canals, Ottawa, at the office of the Superintending Engineer, Trent Canal, Peterborough, Ont., and at the office of A. T. Kerr, Division Engineer, Newmarket, Ont., at which places forms of tender may be obtained.

The lowest or any tender not necessarily accepted.

By order
L. K. JONES,
Secretary.

### KING'S PLATE WINNER.

**Kelvin at 15 to 1 Secures Big Event at Toronto.**

Toronto, May 20.—Never before in the history of the Ontario Jockey Club has there been a larger attendance than that which characterized the opening day of the Spring meet on Saturday. Society was strongly represented in the arena devoted to members of the club, while the lawn was crowded so that those in attendance found it difficult to move about. Fully 12,000 were present.

Shortly after one o'clock those whose devotion to this form of pastime is keenest commenced to arrive, and long before the first race was called the success of the opening day, from the standpoint of attendance, was abundantly assured.

The racing was good, the surprise of the day being the victory of Mr. Ambrose Wood's horse Kelvin, in the King's Plate, at 15 to 1. Hon. Adam Beck's Photographer, around which so many hopes had gathered was hopelessly left, while the Seagram stable had to be content with second place, although with Half A Crown, the popular president nearly captured the King's guineas. The weather was ideal for racing. Following were the results:

First Race, 6 furlongs—1 Purslane; 2 Boanerges; 3 Temeraire. Time 1.13 3-5.

Second Race—1 Clell Turney; 2 Col. Favordale; 3 Ena. Time .49 1-2.

Third race—1 Earl Rogers; 2 Sir Ralph; 3 Thistle Do. Time 1.49.

Fourth race, Steeplechase, mile and three-quarters—1 J. G. C.; 2 Toots; 3 Carola. Time 3.26 4-5.

Fifth race, the King's Plate—1 Kelvin (Foley); 2 Half a Crown (Nicol); 3 Bilberry. Time 2.12 1-2.

Sixth race, Carlton pure.—1 Cobmosa; 2 Suzanne Rocomora; 3 Picaroon. Time 1.47.

### EMPEROR IS PLEASED.

**Well Satisfied With Results of Austrian Elections.**

Vienna, May 20.—The Austrian elections, which have occurred during the past week, are of far reaching effects.

The elections were the first under the new law giving equal and universal suffrage, a reform brought about after a protracted struggle. Even more important than this is the change which the law brings about in the political strength of the various mixed races — Germans, Czechs, Bohemians, Poles, Italians, Ruthenians—making up Austria's population.

The Lower House of Parliament is practically reconstructed, on new radical lines, and from now on it will consist of 516 members, of which there will be 233 Germans, 107 Czechs, 82 Poles, 33 Ruthenians, 24 Slavendians, 13 Serve-Cretians, 19 Italians, and five Roumanians.

Emperor Francis Joseph was well pleased with the result of the elections in spite of the victory of the Socialists.

### SLAVE OWNER ARRESTED.

**Millionaire Accused of Cruelty to Men In His Employ.**

San Antonio, Texas, May 20.—A special to The Express from Vera Cruz says:

Charged with subjecting peons in his employ to such cruelties that some of them died from the effects, H. Miller, a millionaire American, has been arrested in the Town of Acayucan in this state and is being held in jail pending an investigation. Miller is general manager of the Miller Plantation Company, in both of which concerns he is heavily interested.

He threatens to make an international question of the matter and prosecute the authorities responsible for his arrest.

**After the Moths.**

Halifax, N. S., May 20.—A bounty of 3 cents per nest of browntail moths will be paid by the department, to be delivered to school teachers, and collected night and morning, when the caterpillars are in their nests.

Improve your spirits with York Soda, the highly-charged, sparkling water with the snappy, dry tang that betters the flavor of any liquor it dilutes. Bottled at the Springs for surety of purity, and sold wherever gentlemen drink. Compare it with the imported sodas and learn that

## SHIPPERS HOLD OUT AT MONTREAL

**Federation Has Refused to Recognize the Union.**

**CONDITIONS LAID DOWN**

**Door Against Preference Is Banged To, Locked, Barred and Belted—Canada's Contribution to All-Red Route—Subsidy May Be $1,000,000 — Comments on Proposed Supreme Court of Appeal.**

Montreal, May 20.—The strike came near being settled yesterday, but it was not, for the reason that the Shipping Federation refused to acknowledge the union.

Yesterday afternoon at 2.30 the acting deputy Minister, Mr. Acland, visited the union and addressed the members on the question of arbitration, after which he received a letter from Local 313 of the International Longshoremen and Transportation Workers' Association, authorizing him to inform the Shipping Federation and the C.P.R. that the longshoremen were willing to accept an increase of 2 1-2 cents per hour by day and night, and submit a claim of a further increase of 2 1-2 cents per hour to arbitration on the lines proposed.

The longshoremen agreed to return to work on these terms on Monday May 20, at 1 p. m., provided no discrimination was shown against those who have ceased work.

This letter having been communicated to the Shipping Federation, the latter held a meeting and decided they could not recognize the union, hence the failure of the negotiations.

### WILL SPARE NO EXPENSE.

**Shippers Determined to Defeat the Longshoremen.**

New York, May 20.—Announcement was made on Saturday that the Finance Committee of the International Mercantile Co. has approved every act previously done by its officers, and has ordered that the strike of the longshoremen be fought to the end.

The committee has also taken from every officer the power of compromise or arbitration, and has authorized the expenditure of any amount of money to carry out the agreement entered into with 35 other deep sea lines to fight the strike.

Among those at the meeting of which this action was taken were J. P. Morgan, Jr., and Charles Steele, and J. Bruce Ismay.

The strikers show the same determination as the companies do to fight it out and the prophecy in some quarters that they would be starved into submission has not materialized. The men generally are orderly.

**Tanners Strike.**

Quebec, May 20.—A number of tanners employed in local tanneries were on strike Saturday asking for an increase in wages of about 20 per cent. The strikers are union men.

Although the present immigration season to this port is but about two weeks old, almost 20,000 immigrants have arrived.

### TRADE TROUBLE IN GERMANY.

**Lock-Out In Berlin Seriously Affects 100,000 Men.**

Berlin, May 20.—The lockout of bricklayers and other employes of the building trades began here Saturday, the attempts of the past few days to effect a settlement having proved fruitless.

A committee, representing the Berlin mercantile trades and manufacturing societies offered a compromise, which both parties were disposed to consider favorably, but it came too late to check the lockout, which had already been ordered.

The proposal embraces the maintenance of the nine-hour day, but provides for increased wages upon a two-year contract. Both sides evidently are anxious to avoid a struggle, which must mean a heavy loss to each, and it is believed that negotiations on the basis of a compromise proposal will be resumed after the Whitsuntide vacation, with good prospects of success.

The lockout affects directly about 60,000 men, and indirectly some 40,000 more. It is the most serious labor difficulty in Germany since the great coal strike of 1905.

### ONLY WANTED NEWS.

**Attorney Finds That Orchard Was Not Wrongly Interviewed.**

Boise, Idaho, May 20.—Prosecuting Attorney Koelsch on Saturday completed his investigation of the circumstances under which Harry Orchard, the principal witness for the state in the Stuenenberg murder case, was interviewed, and presented to the district court a report exonerating from the charge of improper motives all persons connected with the incident.

He found that the only motive the newspaper men had in interviewing Orchard was to obtain news of him. In announcing the report, Judge Wood said that it called for no action, and directed that it be filed.

Progress toward the completion of a jury is being made by expending the peremptory challenges allotted by law to state and defence, if by no other means. Up to adjournment the state had used five of its ten challenges, and the defence four of its ten, so that there remain unexpended only 11 peremptory challenges.

The special venire of 100 talesmen that reported in court last Monday was, at the close of Saturday's session, reduced to 26 men, and it is predicted that another special venire must be called about Tuesday in order to complete the jury.

The proceedings showed a sharpening of the contest between opposing counsel. Differences will be fought out and left to the court for decision.

### KILLED THE HACKMAN.

**Prominent Figure In Society Arrested For Shooting.**

Washington, May 20.—Frank Macabey, a local hack driver, was shot Saturday at the Harlington Hotel by Easton P. Philip of this city, and Cloverock, N. Y. He was removed to the Emergency Hospital, where he died.

Philip, who is well known in social circles here, was placed under arrest immediately after the shooting.

While there are no eye-witnesses to the affray, there are two versions, Macabey made a statement at the hospital, in which he is reported to have said that because of his refusal to take a drink with Philip, the latter shot him; that there was no quarrel whatever between himself and Philip.

The other version gives as the cause of the trouble the refusal of Philip to pay a $150 cab fare bill he is alleged to have owed Macabey. At first Philip maintained that Macabey tried to collect the bill from him, and that he was endeavoring to explain to Macabey that he would pay the bill in time.

Later, Philip said that at the time in question, there was no dispute in regard to the bill for $150.

### CRASHED INTO ROUNDHOUSE.

**Engine Wrecked After Passing Through Building—Narrow Escapes.**

Amherst, N. S., May 20.—The most serious accident that ever occurred on this division of the Intercolonial Railway happened here on Saturday, when a special freight train turned to the wrong line and took a siding at the west side of the station and crashed into the roundhouse, near the Robb Engineering Co.'s works.

Both ends of the building were demolished, while the timbers at the sides were forced from the foundation, and the forward end of the building was carried a hundred yards.

The engine turned over after passing through the building, and is a complete wreck.

The fireman and engineer jumped, thus saving their lives.

Besides the engine and tender, three flat cars were utterly demolished, and two new cars being built for the Canada Northern were destroyed by fire.

Some thirty men at work on the adjoining building had a close call from flying timbers.

**Immigrants Protest.**

Fort William, May 20.—A number of Scotchmen are petitioning His Majesty the King, protesting against what they term the deceitful methods employed by agents in the old country in securing immigrants for the west.

They state that very bad treatment was accorded several contingent, who were given very poor accommodation, paid less than contract wages and were forced at last to throw up their jobs.

The Government immigration office at Port Arthur denies the story that Englishmen are being discriminated against.

**Officers and Directors Re-Elected.**

Trenton, Ont., May 20.—The annual meeting of the shareholders of the Central Ontario Railway was held here Saturday, when the old board of directors and officials were all re-elected.

Directors—S. J. Ritchie, C. E. Ritchie, George Collins, R. Fraser, J. H. Stewart, W. S. Jaques and S. S. Lazier.

Officers—S. J. Ritchie, president; C. E. Ritchie, vice-president; George Collins, manager; J. D. Rowe, treasurer.

**Tolstoi, Jr., Acquitted.**

St. Petersburg, May 20.—Count Leo Leonovitch Tolatoi, son of the famous author, who was arrested in February last, charged with high treason in publishing his father's latest political pamphlet, has been acquitted.

The court decided that the count had no criminal intent in republishing the pamphlet, which was printed abroad, but ordered the Russian edition to be burned and the plates destroyed.

**Buffaloes For the West.**

Calgary, May 20.—A train load of the buffaloes, which the Dominion Government have purchased from Montana will pass through Calgary within the next week. There will be eighteen cars in the train and about 200 head of the old prairie kings on board.

The second train will leave some time in August, and will take more animals than the one coming through this week. It is expected that there are nearly 500 head in the entire herd, which is being shipped to Canada.

The buffaloes will be shipped to Lamont on the Canadian Northern, near which place their range will be.

**Foul Play Suspected.**

Albany, N. Y., May 20.—With a gash over the right eye and the pockets of his clothing turned inside out, the body of Charles Dawson, aged 30 years, was taken from the Hudson River in front of the dock of the People's Line, at Albany Saturday night. Foul play in connection with Dawson's death is suspected by the police.

Dawson lived with his parents on Chapel street in this city. He has been missin since last Thursday. An autopsy will be held to determine the cause of death.

**Lineman Electrocuted.**

Elizabeth, N. J., May 20.—James Holland, a lineman in the employ of the New York and New Jersey Telephone Co., was killed Saturday while at work on a pole.

He came in contact with a live wire, and his body hung on one of the crossbars of the pole, 35 feet from the ground, for some time.

**Lamp Explosion Causes Panic.**

Fort Gibson, I. T., May 20.—At the graduation exercises of the Fort Gibson colored schools Saturday, a lamp on the stage exploded, causing a panic among the 300 negroes present. The audience stampeded, trampling to death three persons. A score were seriously injured.

**Jumped From Window.**

New York, May 20.—Emilio Balari a Spanish music instructor, aged 69 years, committed suicide Saturday by jumping from a window of his room on the seventh floor of an apartment house on West 57th street. He was instantly killed.

Balari formerly enjoyed the patronage of many prominent New Yorkers, but lately has been suffering from nervous prostration, which is believed to be the cause of his suicide.

## YOUNG ALFONSO IS BAPTIZED

**Prince of Asturias Is Christened In Royal Chapel.**

**WAS IMPOSING CEREMONY**

**Function Is Marked With Great Pomp—Royal Babe Is Showered With Names—Pope and Principal Monarchs of Europe Sent Representatives—Prince Arthur Attends for the King of England.**

Madrid, May 20.—The baptism of the heir to the Spanish throne, Prince Alfonso of Asturias, who was born May 10, took place in the private chapel of the palace here at noon on Saturday.

The ceremonial at the baptism was even more imposing than that connected with the first presentation of the royal child. The chapel of the palace had been richly decorated.

In the centre was the famous baptismal font of Santo Domingo de Guzman, and before the high altar were two benches covered with gold embroidered tapestries for the sponsors. The walls were hung with tapestries and decorated with the banners and insignia of the various royal orders of Spain.

**Royal Salute.**

The starting of the procession from the royal apartments to the chapel was announced by a royal salute, fired by a battery of artillery stationed in the courtyard of the palace.

The royal babe was carried in its nurse's arms, accompanied by the mistress of the robes, and escorted by Cardinal Rinaldini, representing the Pope, and was followed by the royal household, the King and the members of the royal family and the representives of the foreign powers, including Prince Arthur of Connaught, representing King Edward; Prince Frederick Leopold of Hohenzollern, in behalf of Emperor William; Archduke Eugene of Austria, representing Emperor Francis Joseph, and the Duke of Oporto, representing King Charles of Portugal. Then came the ambassadors and ministers to the Court of Spain, the Cabinet Ministers and the great state functionaries and others.

When all had reached their allotted places in the chapel the halberdiers formed up around the walls, the macebearers took up their positions at the doors and four kings-at-arms stood around the font, the whole forming a brilliant color picture.

**Receives Ten Names.**

The ceremony of giving the names to the royal child, Alfonso Pio Cristino Eduardo Francisco Guillermo Carlos Enrique Fernando Antonio was only of short duration, and after the usual prayers the procession reformed and returned to the royal apartments, the child being taken back to Her Majesty.

**Garland Badly Injured.**

Washington, May 20.—Alajandre Garland, the attache of the Peruvian legation, who, it is charged, was stabbed early Thursday morning by Chas. A. Edwards, secretary of the Democratic congressional committee, has taken a turn for the worse.

His physician refuses to give any specific information to his patient, but stated to an Associated Press correspondent, that while his condition was serious, he did not think he would die.

**Blown to Pieces by Dynamite.**

Belleville, May 20.—An accident occurred Saturday afternoon near Hallowell, in the County of Prince Edward, when Elisha Huff was blown to pieces by dynamite. A hole for a telephone pole was being blasted out, and Huff, who was engaged in the work, did not get away from the blast in time.

**Injured By Firecracker.**

Hamilton, May 20.—Hugh Patterson, 46 1-2 North James street, bent over a giant firecracker Saturday evening to see why it was so long about exploding. It exploded in his face, and his eyes were so badly burned that he had to be taken to the city hospital. He is 13 years old.

**Stricken In His Bath.**

Winnipeg, May 20.—W. F. Luxton, former editor and proprietor of The Free Press, was stricken with paralysis yesterday and is in a critical condition.

He lay for three hours in his bath tub, where he was stricken for three hours before being found.

WEAK HEART SYSTEM WAS RUN DOWN

When the heart is healthy and performing its functions naturally, it should beat regularly seventy-two times a minute without causing its owner the slightest inconvenience or distress.

When it begins to beat irregularly or intermittently, palpitate and throb, skip beats, beat fast for a time, then so slow as to seem almost to stop, it causes great anxiety and alarm.

The least excitement or exertion seems to affect it.

Many people are kept in a state of morbid fear of death, become weak, worn and miserable, and are unable to attend to either social or business duties, through unnatural action of their heart.

To all such sufferers

MILBURN'S HEART AND NERVE PILLS

can give prompt and permanent relief. Mrs. F. Flatther, Sault Ste. Marie, West, Ont., says: "I have been troubled for four or five years with weakness, and run down system. My feet were always cold and I felt almost dead. My heart was weak and I was so nervous I could hardly walk across the street. I started taking Milburn's Heart and Nerve Pills, and after using three boxes I felt much better. I continued their use until I had taken twelve boxes and I am now well."

Price 50 cents per box or 3 boxes for $1.25 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## GOES TO JAIL IN AUTO.

**Abe Hummel Will Work as Baker for Next Year.**

New York, May 21.—In a handsome touring car Abraham Hummel left his home in East 72nd street yesterday, to go to Blackwell's Island to serve a year in the penitentiary for conspiracy in the celebrated Dodge-Morse divorce case.

A few years ago Hummel enjoyed an extensive practice as a lawyer, having as clients some of the best-known actors and actresses in the country, but his conduct of the now famous divorce case resulted in his disbarment, and the humiliation he suffered yesterday.

His method of going to the penitentiary was almost on a par with his farewell dinner given a few night ago, at which he bade farewell to about a dozen friends, prior to his imprisonment. About 100 curious spectators and reporters were gathered in front of his residence at 11 yesterday, when Mr. Hummel endeavored to depart for Blackwell's Island without observation.

An automobile had been standing at the curb for several hours. One of Mr. Hummel's friends left the house, and entering the machine, was whisked away in it. The spectators followed it a short distance and returned to the house as it drew up to the curb again. Then Hummel, holding a handkerchief before his face to prevent a snap-shot picture being taken of him, ran from the basement door, jumped into the tonneau and it dashed away.

For about three hours he took a ride around the city, and then surrendered himself to a deputy sheriff, who took him by an unfrequented route to Blackwell's Island. He will be put at work in the bakery.

## LEVANTED WITH MESS FUNDS.

**Alleged Embezzlement and Scandal at Army Quarters, Kingston.**

Kingston, May 21.—It has now become public that a man named Jeffreys, who was caterer of the officers' mess at the barracks, left for parts unknown the other day with, it is said, $400 of the mess funds. His previous conduct was invariably good.

The explanation of his escapade, as learned yesterday afternoon, is as follows:

On the day of the theft Jeffreys went to his home earlier than expected by his wife and there found an officer in her company. Jeffreys took in the situation and reasoned with himself that there was nothing to be gained by protesting, and that he would probably lose his position. He then packed up his belongings, went over to the mess room, found $400 of the mess funds, put it in his pocket and left, feeling assured that he was immune from arrest and punishment.

## CLAIMS $30,000 DAMAGES.

**Libel Suits Arising Out of Recent Trial at Cayuga.**

Toronto, May 21.—Mattie Perkins of Cayuga has issued a writ against The Stratford Herald Printing Co., claiming $10,000 damages for alleged libel. Similar actions have been begun by Ralph Currie of Cayuga and Thomas A. McDonald of Canfield.

The Hamilton Spectator has also been served with writs for damages totalling $30,000.

Each of the parties have likewise issued writs against The Star Printing and Publishing Co. of Toronto, claiming $10,000.

Another writ has also been issued by Mattie Perkins against W. M. O'Beirne, publisher of The Stratford Beacon.

The actions arise out of the recent trial of Mrs. Perkins on a charge of murder.

## DOCTOR POISONS HIS SON.

**Arrested With His Wife on Charge of Murder.**

Raleigh, N. C., May 21.—Dr. D. S. Rowland, a prominent physician here, was arrested yesterday on a warrant from Henderson, Vance County, charging him with the murder of his 11-year-old son near Kittrell, in Vance County, to obtain $900 insurance money and property left to the boy.

The boy died two weeks ago after taking a walk in the woods with his father, and it is alleged that the lad said his father had given him an orange which tasted bitter. The warrant charged murder by poison.

Rowland's wife, to whom he was married last week, was arrested as an accessory.

**Criminal Libel Proceedings.**

Fredericton, N. B., May 21.—Hon. Mr. Emmerson last evening announced that he had instructed his attorneys to begin criminal action to-day against James H. Crockett, publisher of The Fredericton Gleaner. Preliminary examination will take place next week, and the trial will be before the supreme court in July.

The civil action is also going on.

**Lad Drowned In Canal.**

St. Catharines, May 21.—A lad named George Wedemeyer, son of John Wedemeyer, Decotah street, was drowned in the new canal near the Niagara street bridge, Sunday evening.

His hat blew into the canal and in endeavoring to secure it he fell in.

## TERRORISTS KILL POLICE.

**Detectives Shockingly Dismembered by Explosion of Bomb in Office.**

Odessa, May 21.—The Superintendent of Police of Odessa and the two chief detectives of this city were shockingly dismembered and killed and seven other persons were seriously injured by the explosion of an infernal machine in the central police bureau yesterday.

The machine was deposited in the bureau just before it exploded by two men and a girl. The police captured the men, but the girl escaped.

The two detectives were bitterly hated by the terrorists, one of them for participating in inciting the outbreak of 1905 here, and the other, who was nicknamed "The Hangman," because he had tortured political prisoners.

**"Black Hundreds" Riot.**

Following the assassination of three police officials here yesterday, serious rioting occurred, and at 8 o'clock last evening the black hundreds were running wild through the streets, mercilessly beating people, particularly Jews, more than a hundred of whom were seriously injured, the police apparently remaining passive spectators of the disorders.

**Warrant Issued For Member.**

St. Petersburg, May 21.—A warrant has been issued for the arrest of Nikolai Lenin, alias Vladimir, leader of the majority faction now attending the social democratic congress in London, on the charge of high treason. He will be taken into custody if he returns to Russia.

It is said that the police have identified him as a noted radical leader of the early nineties, and a brother of Ulianoff, who, with four comrades, all armed with bombs, was arrested in 1887 while lying in wait for the carriage of Emperor Alexander II., and was condemned to death and executed.

**Douma Is Glad.**

St. Petersburg, May 21.—The Lower House of Parliament yesterday passed a resolution expressing the great joy of the House at His Majesty's escape from the danger and deepest indignation at the criminal conspiracy, so fortunately frustrated, was unanimously adopted.

The Social Democrats, also revolutionists, part of the group of toil and others, were absent.

## CANNOT GET A JURY.

**Much Delay In Haywood Trial—General Wells to Testify.**

Boise, Idaho, May 21.—The number of talesmen to fill the constantly occurring vacancies in the jury that is being formed to try William D. Haywood for the alleged murder of Frank Steunenberg, continues to shrink and it now seems certain that another special venire of 50 or 100 talesmen must be issued early this week.

**Looking For Revenge.**

Among the witnesses who have arrived here is Gen. Bulkley Wells, who has been a picturesque figure connected with the story of difficulties between the Western Federation of Miners and the mine owners. Gen. Wells is now prominently connected with the Mine Owners' organization. He is a wealthy mine owner himself, and it was at his mine—the Smuggler Union Mine of Telluride, Col., that Arthur Collins, the manager, was killed during the latest trouble in that section.

Gen. Wells, since that time, has been unremitting in his determination to hunt down the men concerned in the assassination of Collins. He was in command of the train which brought Haywood, Moyer and Pettibone from Colorado to Idaho, at the time they were arrested in Denver under extradition warrants.

He will be one of the witnesses for the state.

## POSTOFFICE CHANGES.

**Department Busy Organizing Free Delivery for Certain Towns.**

Ottawa, May 21.—The Postoffice Department is organizing the extension of the free delivery system upon the lines announced by Hon. Mr. Lemieux last session. These were that cities or towns which had a population of 12,000 and a postal revenue of $20,000 should be entitled to the privilege.

The first places to be given the free delivery will be Calgary and Edmonton, and plans to that end are now under way. When this is done other cities and towns will be attended to, but it is laid down as a principle that the two conditions must coexist.

For instance, a place of 12,000 population cannot claim free delivery unless it comes up to the revenue standard, neither can a place with the revenue of $20,000, but with less than 12,000 population, be given the privilege.

**Girl Terribly Burned.**

Port Arthur, May 20.—Lillete Thompson was almost burned alive Saturday evening. She was playing at a bonfire when her dress caught. A man passing by saw her and went to her assistance. He had to cut her clothes off and with her clothes came almost all the skin on her body. She is not likely to live.

**Body Found In River.**

Guelph, May 20.—The body of Michael Hart, a well-to-do farmer, about 58 years of age, residing two and a half miles from the city, was discovered Saturday floating in the River Speed in front of the C. P. R. passenger station. This was in the opposite direction from his way home.

## MARKET REPORTS.

**Liverpool Exchange Closed—Chicago Wheat Futures Closed Lower—Live Stock Markets—Latest Quotations.**

Monday Evening, May 20.

**Toronto Junction Live Stock.**

TORONTO JUNCTION, May 20.—Receipts of live stock at the Junction Market were 100 car loads, composed of 2092 cattle, 55 sheep and 47 calves.

**Exporters.**

Prices ranged from $5.20 to $5.45, with one or two lots at $5.50; the bulk sold at $5.20 to $5.35. Export bulls sold at $4.15 to $4.30.

**Butchers.**

Prime picked butchers' sold at $5 to $5.25; loads of good, $4.90 to $5.10; medium, $4.50 to $4.75; common, $4.25 to $4.50 per cwt. Cows sold from 25c to 50c per cwt. lower, as the demand for them has eased off.

**Feeders and Stockers.**

A few loads of feeders for short-keep purposes were reported as selling at $4.40 to $5.15 per cwt. Many of those bought had been brought on the market as exporters.

**Milch Cows.**

A limited number of milkers and springers of fair to good quality sold at $40 to $60 each.

**Veal Calves.**

Veal calves sold at $4 to $6.50 per cwt.

**Sheep and Lambs.**

Export sheep sold at $6 to $7.25 per cwt.

**Hogs.**

No hogs were offered, but prices were quoted at $6.75 for selects, and $6.50 for lights and fats.

**Montreal Live Stock.**

MONTREAL, May 20.—(Special.)—Cable advices from Liverpool and London on Canadian cattle were stronger and prices show a slight advance over last week's, with sales at 12¼c to 12½c. Exports for last week were 2263 cattle. Longshoremen's strike delaying vessels and in consequence the demand for space is quiet. At the Montreal stock yards' west end market, the receipts of live stock for the week ending May 18 were 4682 cattle, 92 sheep and lambs, 2846 hogs and 1654 calves, while the offerings to-day for local consumption were 1200 cattle, 1085 hogs and 100 calves. Choice beeves sold at 5¼c to 5⅝c; good at 5c to 5¼c; fair, at 4¼c to 4¾c; and lower grades at 3¼c to 4¼c per lb. The firmer feeling which prevailed in the market for hogs early last week has since developed into strength and prices to-day advanced 15c to 25c per cwt. This is to some extent due to the continued strong and encouraging advices from European sources on Canadian bacon, which on Saturday noted a further advance in prices of 2c to 4c per cwt. which tended to increase the demand for hogs this morning, and the competition between buyers for supplies was keener than it has been for some weeks past, consequently an active trade was done and sales of selected lots were made at $7.25 to $7.40 per cwt. weighed off the cars. The market for sheep and lambs was quiet, owing to the continued small supplies coming forward, for which the demand is keen from the leading butchers and prices are firmly maintained, with sales of sheep at 5¼c to 6c, and lambs, at 6¼c to 7c per lb. A few spring lambs were on the market, which sold at $4 to $6 each. Receipts of calves are decreasing some, but supplies are still ample to fill all requirements and a fair trade was done at prices ranging from $3 to $6 each, as to size and quality.

**East Buffalo Cattle Market.**

EAST BUFFALO, May 20.—Cattle—Receipts 3300 head; active and steady to 10c higher; prime steers, $5.75 to $6; shipping, $5.40 to $5.75; butchers', $4.90 to $5.60; heifers, $4 to $5.50; cows, $3.50 to $4.85; bulls, $3.50 to $5; stockers and feeders, $3.75 to $5; stock heifers, $3 to $3.75; fresh cows and springers, steady to $2 lower; $20 to $56.

Hogs—Receipts, 18,000 head; fairly active and steady; heavy, $6.50 to $6.80; mixed and yorkers, $6.80; pigs, $6.80 to $6.85; roughs, $5.90 to $6; stags, $4.50 to $5.

Sheep and Lambs—Receipts, 17,400 head; active; sheep, steady; lambs, 15c higher; lambs, $5.50 to $8.15; yearlings, $7 to $7.25; wethers, $6.25 to $6.50; ewes, $5.25 to $5.75; sheep, mixed, $3 to $6.

**New York Live Stock.**

NEW YORK, May 20.—Beeves—Receipts, 4738. Steers, more active and steady; fat cows, firm; others, unchanged; bulls, generally steady. Steers, $5.25 to $6; oxen, $4.65 to $4.75; bulls, $3.50 to $4.75; cows, $3.10 to $4.25.

Calves—Receipts, 3100; market steady. Veals, $5 to $8.25; some early sales of choice, at $7.37½ to $7.50; a few extra veals, exceeded quotations; culls, $4 to $4.50; buttermilks, $4 to $5.

Sheep and Lambs—Receipts, 11,547. Sheep, steady; lambs, firm to 10c higher; spring lambs, steady. Clipped sheep, $4 to $5.75; all ewes, clipped lambs, $6.50 to $8.15; southern spring lambs, $5.50 to $8.75 per head.

Hogs—Receipts, 13,612. Market steady, at $7 to $7.10.

# THE MONTREAL STRIKE COLLAPSES

**Longshoremen Are Arrested For Breach of Labor Act.**

## MEN ARE RESUMING WORK

**Shippers Claim They Are Getting All the Help They Want — Desertions From Ranks of the Strikers—Men In Custody Are Released on Bail—Vessels Being Loaded and Unloaded With Despatch.**

Montreal, May 21.—The longshoremen's strike has collapsed. Yesterday the companies had more men offering than they could give work to, the workers being made up by strikers who wanted to go to work and outsiders.

There are a thousand men at work and it looks as if the whole lot will bow to the inevitable to-day.

As a matter of fact the meeting of strikers called last evening to discuss the situation had to be abandoned owing to a lack of attendance. Over a hundred men returned to work on the Manchester liners, and this appeared to be a signal for a general break up of the strikers.

At eight o'clock this morning there was a meeting of those who had not returned to work, and it is expected that by noon to-day the strikers will be past history.

At noon yesterday warrants were issued by Recorder Weir for the arrest of the following longshoremen: J. Crichton, T. Waterson, H. Cunningham, J. Smith, J. Traill, A. McKenzie, W. Redpath, W. Anson, W. Monagh, J. Rudie, A. Scott, R. Forbes. These men were found and taken to the lockup about 12 o'clock, awaiting arraignment. It is understood that warrants are out for others, who have not yet been arrested.

The proceedings were taken by Messrs. Ferns and Ives, stevedores, through Messrs. Meredith and Holden, the complaint being that the defendants, having been engaged by contract, in March last, were now violating the law governing the relations between masters and servants by quitting work.

The men were allowed out on bail.

### FREIGHT HANDLERS QUIT.

**Two Thousand Go Out On Strike At Buffalo.**

Buffalo, N. Y., May 21.—Two thousand freight handlers on the docks quit work yesterday morning, demanding an increase of wages from 17 1-2 cents to 20 cents an hour. The freight house of the New York Central was the principal one affected.

It is said that the strike affects all the transportation companies having freight houses along the docks, and that the strike was in the nature of a surprise to many of the leading officials of the freight houses.

It has been known for some time that the men were dissatisfied, but it is said that there was a general belief that all difficulties had been smoothed out, and that there would be no strike. The strikers are what are known as inside men, and are mostly Italians. They are said to be well organized.

Neither the longshoremen nor outside freight handlers are involved in the strike. It is stated that the Anchor Line is not affected, as they began some time ago paying the 20-cent scale.

At the Erie transfer house all of the men did not strike, while others went out reluctantly. The officials there say they do not believe that the strike will continue long.

### BLOWS HIS HEAD OFF.

**Retired Lumberman Ends Life In a Horrible Fashion.**

St. Stephen, N. B., May 21.—Benjamin Anderson, a wealthy retired lumberman and farmer, committed suicide yesterday.

He had been acting strangely some time, and Sunday told his son he intended to shoot himself. His son talked to his father, who promised to give up such thoughts. Yesterday, however, Anderson took a gun and fired a charge into the side of his head, blowing it completely off the body.

He was about 50 years of age and at one time actively engaged in lumbering business.

### Lineman's Fall.

Belleville, May 21.—John Munro, foreman of linemen employed by the Trenton Electric and Water Co., was shocked and fell 30 feet yesterday, and was probably fatally hurt. Some seven years ago he met with an accident in a similar way.

# THE GROWTH OF CANADA WONDERFUL

**The Times Says British People Cannot Understand Its Needs.**

## DRIVEN FROM THE EMPIRE

**Dominion Is Compelled to Maintain Close Relations With the External World—Sir Wilfrid Is Satisfied With Result of Conference—Improved Means of Transit—Cannot Grant Free Trade.**

London, May 21.—Laurier authorizes The Chronicle to say that he is perfectly satisfied with the work and results of the conference. Great progress has been made, and the way has been prepared for good work in the future. The Chronicle adds that the Canadian Premier advocates preference, but it not disappointed because preference has not been obtained. He sees the difficulties in connection with applying the preference and the impossibility of the colonies offering the Mother Country free trade.

"We depend," he says, "on our custom duties for our national revenues, they could be lowered, but not extinguished. As it is impossible for us to find other sources of revenue. We could not introduce the income tax nor the land tax, which would check the development of our resources."

Sir Wilfrid's alternative for preference is a scheme for providing quicker and better means of communication between Great Britain and the colonies. He hopes by the time he returns in July the Government will have arrived at a decision of the question, as it is important that there should be no delay.

As the reports of the conference will show Laurier is opposed to having the reports of the proceedings published, his fear being that publicity would turn the conference, which should be a serious businesslike assembly, into a parliamentary debating society.

**Canada and Britain.**

London, May 21.—The Times, commenting on opinion in Canada on the conference, says the people at home do not understand, and party interests require that they should be prevented from understanding, the currents of opinion and feeling in a great territory like Canada.

They do not realize how Canada's growth compels extensive close commercial relations with some part of the external world or how these relations inevitably dictate a policy without regard to sentiment.

Canada wants to stay in the Empire, therefore, they think the thing settled. We have only to let her alone and to go on reciting our own dogmas. They forget the abiding relations of the states are governed in the long run by economic causes, which operate as silently but as irresistably as gravity.

### DEAKIN DISAPPOINTED

**Conference Did Not at All Come Up to His Expectations.**

London, May 21.—Premier Deakin, interviewed prior to his departure yesterday for Australia, was asked whether the result of the conference had come up to his expectations.

He replied: "If you mean by results the resolutions which have been unanimously passed at the conference, I should be obliged to say 'no,' because on several most important subjects we not only failed to induce acceptance of our proposals, but even to receive definite approach towards them.

"Something, I trust, was done in nearly every case, but that something could have been accomplished by correspondence. Whatever friction may have occurred during our visit was but individual and transitory; it is forgotten already, and will not be recalled."

**Arrested For Kidnapping.**

Kingston, May 21.—Mrs. Joseph Snyder of Belleville is under arrest here for kidnapping her brother's son, aged 11. Mrs. Snyder, her husband, and the lad were en route to Watertown, N. Y., when apprehended here.

Mrs. Snyder alleged that the brother, George Babcock, did not take care of the child.

The case comes up to-day, the police here meantime making enquiry in Belleville as to affairs there.

**Stole Registered Letters.**

Winnipeg, May 21.—William M. Candline, letter carrier, was charged in police court yesterday with stealing registered letters. He pleaded guilty to six separate charges and was given three years in penitentiary on each charge, terms to run concurrently. He came here a year ago from Scotland.

# SEVEN MEET DEATH IN A MINE

**Victims of Disaster In Mine At Engleville, Colorado.**

## BURNED OR SUFFOCATED

**Fire Which Had Been Burning for Year Swept Across Incline Tunnel and Cut Off Escape—Supt. Jacobs Among the Dead—Bodies Have Been Recovered After Digging a Tunnel to Get to Them.**

Trinidad, Col., May 21.—Seven miners, including Superintendent Alexander Jacobs, were burned or suffocated Sunday night at the Engleville mine, at Engleville, Col.

The bodies were recovered yesterday. The men went to work Sunday night, and when they did not come out yesterday morning an investigation was started. It was discovered that fire, which broke out in the mine a year ago, suddenly spread and swept across the incline tunnel preventing the men from reaching the outside.

The point where the flames crossed the tunnel is three miles from the opening, and it was necessary to dig a temporary tunnel around to reach the dead bodies.

### JAPS' VISIT PAYS.

**Orders Amounting to $12,000,000 Placed With U. S. Firms.**

New York, May 21.—Simultaneous with the presence of Gen. Kuroki in New York City, comes the announcement that the Tokio Government has placed in this country, mostly through New York City agencies, $12,000,000 in orders for equipment for the South Manchuria Railway.

The line, which traverses 1,500 miles of sparsely settled territory, is to be completed in the next two years, which will be record-breaking time.

To ensure quick delivery, Japan has bought 50,000 tons of rails at the Carnegie mills for $28.50—considerably above the market price. Another order of 13,000 tons was placed at $29.

Other orders are pushed aside to rush the rails to the Japanese. One car concern has received an order for 1,000 freight trucks. The bodies of the cars will be built in Dalny.

Over $2,000,000 has been spent for American locomotives, of which 200 have been sold for the South Manchuria Line. From Dalny to Mukden the traveler will ride in American cars, pulled by Yankee locomotives over United States Steel Trust rails.

**Boating Accidents Begin.**

Winnipeg, May 21.—R. McKenzie was drowned while boating on Red River here Sunday afternoon.

### O. J. C. MEETING AT TORONTO.

**Mr. J. E. Seagram Captures Queen's Hotel Cup With Deuce.**

Toronto, May 21.—There was a large attendance at the Woodbine yesterday,, the second day of the Ontario Jockey Club's Spring meeting. The afternoon was bitterly raw and cold, but some good sport was witnessed. Following are the results:

First race—Rous purse, for three year olds and upward, six furlongs—1 Preen, 2 Merry England; 3 Charlie Eastman. Time, 1.13 3-5.

Second race—Mayflower purse, selling, for two year olds, four and a half furlongs—1 Oscar T., 2 Ketchumike, 3 Boll Weevil. Time, .56.

Third race—Falmouth purse, selling, for three year olds and upward, one mile and a sixteenth—1 Earl Rogers, 2 Cobmosa, 3 Nellie Burn. Time, 1.49.

Fourth race—Athol steeplechase, selling, for four year olds and upward, two miles—1 Flying Plover, 2 Rising Sun, 3 Picktime. Time, 4.27.

Fifth race—Queen's Hotel cup, handicap, for three years olds and upward, one mile—1 Deuce, 2 Edwin Gum; 3 Ormonde's Right. Time, 1.41 1-5.

Sixth race—Rideau purse, selling, three year olds and upward, six furlongs—1 Wabash Queen, 2 Niblick, 3 Paul Clifford. Time, 1.15.

### ABANDONED BY CREW.

**Iron-Laden Steamer Bound for Toronto With Pig Iron.**

St. John's, Nfld., May 21.—The crew of the steamer Morena, which went on a reef off Cape Race Saturday, abandoned the vessel at sundown Sunday night, her bottom having been beaten out by pounding on the rocks.

The Morena is a total wreck and will break to pieces probably in the first storm. She was a new vessel, bound from Liverpool for Toronto with a cargo of pig iron and stranded during a heavy fog.

### REDMOND ANTAGONISTIC.

**Will Move Resolution Opposing Irish Bill.**

London, May 21.—The correspondent at Dublin of The Morning Post says he understands that at the Irish Nationalist convention next Tuesday John Redmond will move a resolution hostile to Chief Secretary for Ireland Birrell's Irish bill. The correspondent adds:

"This will be a conspicuous victory for the priests, against whose local influence over education the bill is secretly aimed."

**Shoulder Admits Guilt.**

Toronto, May 21.—George McGrath and Michael Burns were convicted in the general sessions yesterday on a charge of robbing J. Oxborough, alias Charles Shoulder, of Massilon, Ohio, of $235 on April 20.

Shoulder, it is alleged, came to Toronto with $300, which he had stolen from his employer in Massilon. With the prisoners he went out to see the town and when in a lonely spot they jumped on him and took his money. When Shoulder complained to the police, they took him in on a charge of stealing the self-same day in Ohio. At court yesterday Oxborough admitted his guilt. He will go back to Ohio to stand trial.

### RIOT ON LINER.

**Two Men May Be Fatally Injured—Charge of Ill Treatment.**

St. John, N. B., May 21.—A riot which broke out Sunday night between white and black members of the crew on board the West India liner Olenda resulted in several men being laid out and serious, if not fatal, injuries to two. Brass knuckles, knives and iron bars were freely used.

Trouble had been brewing since the ship left West Indies and the blacks in the forecastle began to get saucy with the whites. About midnight the first officer, chief, second and third engineers went aboard and after the mate had given an order to a negro watchman, the latter called to his companion, who rushed on the officers and would have murdered the second engineer, whom they had down, if the whites in the forecastle had not come to the officers' assistance.

A bloody struggle ensued, with the result that the leaders of the blacks were overpowered and put in irons, but only after one of their number had his face pounded almost to a jelly. He was simply a bleeding mass when taken to the police station yesterday morning.

The blacks charge the officers with ill-treatment, while the charge of assault has been laid against them.

The whole matter will go into the police court.

**Two Years For Breaking Jail.**

Woodstock, May 21.—Frederick Forbes, who escaped from the local jail on March 12 last, and was captured a few weeks ago in Pontiac, Mich., was yesterday morning sentenced to two years for escaping. Forbes is a Tillsonburg man of good family, and was serving time for theft.

**Canadian Killed In New York.**

Brockville, May 21.—William Henry, whose home was in Prescott, was instantly killed at Syracuse, N. Y., by the 20th Century Limited while in the act of crossing the tracks.

The body was brought to Prescott for burial.

**Fire Works Exploded.**

Newton, Mass., May 21.—One person was killed and four others injured by an explosion in the fire works factory of Masten and Wells at Newton upper falls yesterday.

## Roller Rink

**LADIES' CONTEST**
at the
**ROLLER RINK**

There will be a Two Night Contest at the Roller Rink on Thursday and Friday of this week. Ladies skating in couples. PETERBOROUGH TUESDAY MAY 21 1907

# PETERBOROUGH MAN TELLS STORY OF THE NORTH SEA DISASTER

**George Pert, who Now Resides Near Downer's Corners, Present When Russian Warships Fired on British Deep Sea Fishing Vessels**

**INTERESTING TALE OF WAR**

George Pert is probably the only man in Canada to-day who, in the autumn of the year 1904, passed through the great North Sea disaster, when the British deep sea fishing vessels were fired on by the Russian Baltic fleet under the command of Admiral Rojestvensky on its voyage to the east. Mr. Pert now resides in a cottage in East City, near Downer's Corners, with his wife and family, and although he had not been long in Peterborough, he is making progress in his new home satisfactory to himself. An Examiner representative called upon Mr. Pert yesterday and heard a most graphic and picturesque tale of the singular circumstance which occurred in the month of October, 1904, off the coast of England.

The incident, as all will remember, was one of the most remarkable of the many of the Japanese-Russian war, and one which will form an important paragraph in the histories of three nations.

The affair, said Mr. Pert, happened shortly after 12 o'clock in the middle of the night, when the fishermen least expected it. The fishing fleet lay 80 miles from Hull, where the owners made their headquarters.

**Three Shots Fired**

In the stillness of the night, with no sound but the rolling of the waves breaking in on the ears of the reposing fishermen, the boom of heavy cannon from the large Russian vessels caused intense excitement. At first, those who escaped destruction from the shells thought the firing to be from some ship in distress, as the North Sea is one of the most treacherous in the old world.

The heavy searchlights of the Russian ships were turned upon the fishermen's fleet, and, as alleged by the admiral of the former, they were taken for Japanese vessels.

The first shot fired fairly struck one of the boats, and in a few seconds it sank to the bottom and two of the crew met a watery grave. The others were, with great hazard, rescued by their fellow fishermen, and all but one, who afterwards died from wounds received by a splintered mast, survive.

The first cannon was rapidly followed by two others, one of which took effect in the bow of a boat, disabling it. The consternation that reigned among the men was indescribable. It was some time before they actually realized the nature of the incident, and its effect came slowly. Had they been armed even slightly they would have attacked their big antagonists, but they had to submit to the inevitable and stay their wrath until afore was reached and the news of the blunder telegraphed to the British Government.

**Aid for the Widows**

The fishing fleet next day steamed into Hull where the story of the midnight episode of the sea was related. There was a three masted Russian schooner at Hull with three Russians on board and to save their lives from the angry mob were forced to go out to sea under the protection of a strong police force.

"Injure or insult one of those burly fishermen of the deep sea, and you do an injury to them all," said Mr. Pert.

The funeral ceremony at Hull was one of the most touching scenes of its history. Only one of the three dead men was left for burial, but the ceremony covered them all and the whole town turned out to witness it. A subscription was taken up for the widows and orphans of the unfortunate men and in a short time more than £1,000 was collected.

**About The Fisheries**

Mr. Pert had also an interesting story to relate of the occupation of hundreds of the inhabitants of the east coast of Great Britain. Hull, Grimsby and Yarmouth are among the important towns containing the fishermen.

The steamers from Hull belong principally to the deep sea fishing grounds and make their catches 80 miles from the coast. The cod, halibut, etc., are caught in fathoms of water, while the herring are found in shoals near the coast.

As an example of the amount of herring captured along the coast Mr. Pert stated that from Yarmouth alone 600 fishing vessels went out to sea for herring. Each boat secures on an average of 30 lasts of fish and each last consists of 10,000 herring making a total of over one billion fish. The herring start in the far north around the Shetland Islands and come down the eastern coast of Scotland and England followed by the Scotch fishermen.

Mr. Pert has seen on the Yarmouth wharf at one time a quantity of herring a mile in length, 40 feet in width and from 15 to 20 inches in depth. The work of packing the fish is usually done by Scotch girls of the Gaelic race, who Mr. Pert considers, are among the finest workers in the world. About 4,000 of these work along the coast of England,

## THE FREE POSTAL DELIVERY COMING

Ottawa, May 20. — The Post Office Department is making arrangements to extend the free delivery system upon the lines announced by the Postmaster-General during last session. Towns which have a population of 12,000 and a postal revenue of $20,000 will have a free delivery system.

The system will first be extended to Calgary and Edmonton, and then other towns and cities which qualify under the new regulations will be attended to.

## BE SPECTED LADY HAS PASSED AWAY

**Miss Isabel Roger, Died Suddenly Yesterday at Her Home in this City.**

But when the sun in all his state,
Illumed the eastern skies,
She passed through glory's morning gate,
And walked in Paradise.
—James Aldrich.

The many friends of Miss Isabel Roger were shocked to learn of her sudden death yesterday afternoon, after an illness of but a few days.

Returning from Preston Springs, on the 11th of this month, improved in health and greatly benefited by her visit to that resort, Miss Roger's illness was entirely unexpected, and although she has been in indifferent health for some time, her death was altogether unthought of. She was suddenly stricken with paralysis on Sunday, which quickly proved fatal.

Her demise has occurred at a very unfortunate time, inasmuch as her only surviving brother, Mr. G. M. Roger, of the farm of Roger, Bennet & Goodwill, is in the western states on a trip, and at ten o'clock this morning could not be communicated with. Mr. Roger left Peterborough on Monday, the 13th inst., in company with Messrs. E. H. D. Hall and Mr. J. G. Shook.

The late Isabel Roger was born in Peterborough in 1836, and was one of a large family of boys and girls. Her father, the late Rev. J. M. Roger, was the first minister of St. Paul's Presbyterian church. The parents are both dead a long time, the father having passed away about 25 years ago. Miss Roger was the third member of the family to die during the past year, Rev. W. M. Roger, whose lamentable death occurred in May, 1906, and Mrs. Fairbairn, who was called to her reward December 18, 1906, were the other two. Mr. G. M. Roger, the surviving member, has only three near relatives living, the two sons and daughter of Mrs. Fairbairn.

Miss Roger during her long and eventful life, formed many friendships in this city, and was widely known. In her own family, the duties of a mother fell to her lot when she was young, and it may be partially due to this that her character was so beautifully moulded. She was always present when her friends were in trouble to help share their lot and lighten the burdens of the trials of life. The little sentence from Virgil, is most applicable to her unselfish life, "Non ignara mali, miseris succurrere disco." She occupied a high position in Peterborough society. She was also prominently connected with the Peterborough Protestant home Trust for many years, being treasurer, and latterly, president.

Funeral from the family residence, "Cordach," 561 Park street, on Wednesday, May 22nd, at 3 o'clock, p.m.

## WALLS OF TRANSFORMER BUILDING ARE COMPLETED

**Work on the Inside is Being Rapidly Completed.**

The cement work on the new transformer building at the C. G. E. is now practically completed. In fact, the main walls are finished, and there remains only a small building at the rear of the large new building. The appearance is one of solidity and strength, and is not rugged and gloomy looking to possess any marks of beauty. It is understood that a kind of paint will be put on the outside walls, which may relieve the dull appearance of the cement. The interior work is being rapidly pushed, and, in fact, the whole construction has been advanced without any tardiness. The extension of the building nearest Park street has not yet been commenced, but a large pile of bricks is already on the grounds, and, with the necessary labour to do the work, a start may be expected at any time.

## COLD WEATHER UNTIL MIDDLE OF JUNE, THEN NOT UNTIL LATE IN THE FALL

Examiner Special.

Havelock, May 21.—An old hunter and trapper from the northern part of the county was in Havelock on Saturday, and makes a prediction that the present cold weather will continue until about the middle of June and that then it will become intensely hot, the warm weather continuing until late in the fall. This opinion he has formed by watching the habits of different kinds of animals, which, he claims may be accepted as a guide to the weather conditions likely to prevail.

## American People Want To Be Given Amusement

**Mr. Peter Thompson, Jr., a Former Peterborough Boy in the Business of Providing it For Them.**

**A NATIONAL FANCY**

After having been away from Peterborough for nine years, Mr Peter Thompson, Jr., is in the city on a visit to his father, Mr. Peter Thompson, Plumbing Inspector. Mr. Thompson, Jr., is associated with the Rochester Amusement Co., a concern which operates 33 moving picture establishments throughout the United States and Canada, three only being operated in this country by this company, however.

The American people are just now in the mood to be amused, and the result is that amusement places are exceedingly well patronized, and millions of dollars are invested in this business, which, at the present time, is about the most profitable of any in America. Fabulous sums are paid for good locations in the larger cities, for in this business a good location is the best asset next to a good show. On of the locations owned by the Rochester Amusemnet Co., Mr. Thompson states, was secured only on payment of $150,000, and since his company secured it a bank offered $175,000 for the building.

Canadians, though more conservative than their Canadian cousins, are beginning to take a fancy to the amusement idea, too, and Mr. Thompson expects that in a short time the business here will be as profitable as it is in the United States.

The object of Mr. Thompson's visit, apart from that of visiting his home, is to secure a location in Peterborough for a branch of the business of the Rochester Amusement Co., and if he is successful one will be opened here during the coming summer.

## Pontypool Man Heavily Fined For Selling Liquor

**An Interesting Local Option Case Heard at Port Hope Yesterday —Whitney Spies Responsible.**

**PORT HOPE MEN GET OFF**

There was a lively session at the Port Hope Police Court yesterday morning when some liquor cases were disposed of. Incidentally the question of local option was introduced into the case. W. J. Coulter, of Pontypool, in the township of Manvers was fined $50 and costs for selling liquor without a license, the offence having been committed the day that local option came into effect. Referring to the cases the Port Hope Guide says:—

Local Option came in force in the township of Manvers on the first of May last. On the 30th of April three strangers arrived at Mr. Coulter's hotel and asked for a night's lodging. This they were granted, and after breakfast next morning, May 1st, they approached Mr. Coulter for liquor. He informed them that local option was now in effect in Manvers and he could not sell them any. Then one of the trio remarked that they were total stangers and as this was the first day for the local option, he might give them one drink. Mr. Coulter obliged them and they at once informed Inspector Kennedy who laid the information. Mr. Coulter had disposed of all his liquors to a Peterborough firm and shipped them that afternoon, so it can readily be seen that he intended to observe the law. However, these three whiskey spies, sent out by the Whitney Government were there bright and early and by their sneaky tactics were successful in their mission. We do not for a moment wish to uphold any man who will violate the law, but, at the same time, we think that the plan for trapping men adopted by the Whitney Government is about the lowest and most contemptible ever heard of.

The same trio visited Hutchinson's hotel in Cavan and Crooker's at Millbrook, and were successful there also. They arrived here on a Saturday evening, but the local hotel men were wise, and consequently their mission was not accomplished.

## DUFFERIN RIFLES ADOPT PLAN OF LOCAL REGIMENT

**Had They Funded Their Pay Last Year They Could Have Paid Visit to Peterborough.**

**A NEW DEPERATURE**

The Brantford Expositor of Saturday, refers to the financial condition of the Dufferin Rifles, and compares the system of funding the men's pay, as adopted by such regiments as the 57th, with that hitherto in vogue in the Rifles, and points out that if the regiment is to be a success, the pay must be funded. For the first time the real reason why the Dufferin Rifles will not be able to come to Peterborough, on the invitation of the Rangers, this year is given. The Expositor, referring to it, says:

It had been hoped that the Dufferin Rifles would be able to make a trip to Peterborough this year, and had the money received from the government last year been funded, there would have been sufficient on hand to have enabled the Regiment to make the trip, but as matters stand it is impossible. So well do the members of the regiment appreciate the wisdom of this plan that two of the companies have already decided that the pay of the coming year will be funded in full, "including the efficiency pay, which the men are entitled to draw.

The future prospects of the regiment under this new arrangement are very bright indeed, as it may be safely inferred that in the near future the regiment will be in a position to take the annual trip.

## TAMPERING WITH FIRE ALARM BOXES

**Curious People Open Them and Find that They Cannot Close Them Again.**

Contrary to expectations, not much trouble is being experienced in connection with the new fire alarm boxes. It was thought that with the key so easy of access that at first mischievous boys would be continually sending in false alarms. So far this has only occurred once, the firemen being called out on a wild goose chase yesterday morning when a call came in from Box 35 at the corner of Park and Hunter streets.

Foreman Fakenham, however, states that while they are not sending in alarms, people have been tampering with the boxes. They seem to have an idea that they can take out the key, unlock the box and after inspecting the interior, lock the box again and put back the key. They soon find out their mistake for as soon as the box is unlocked it cannot be relocked nor can the key be removed from the door except by means of another key. Thus the foreman has found boxes left open.

The general public should remember that interfering with the fire alarm boxes is a punishable offence and that they should be left alone except in case of a fire.

## WEDDING BELLS.

**BRYAN-CASHMORE**

Havelock, May 21.—The marriage took place on Saturday night at Toronto of Miss Amy Cashmore, daughter of Mr. and Mrs. Cashmore, of Belmont Lake, north of Havelock, to Mr. Fred Bryan, of Toronto. Mrs. Bryan is well known in Havelock and her many friends extend felicitation.

You'll like them — Tisdill's spiced buns—fresh this morning.

# Effort Made To Secure The Release Of Alex. Shairpe

**Man Sentenced to Fifteen Years, and Who Has Served Six, May be Released — Petition to This Effect Being Circulated.**

**THE CIRCUMSTANCES**

**Rev. E. A. Langfeldt Interesting Himself in the Case—He Saw the Prisoner at Kingston Recently.**

An effort is to be made to secure the release from the Kingston Penitentiary of Alexander Shairpe, who was sentenced to fifteen years' imprisonment on a charge of manslaughter for having shot William Hull in the autumn of 1900.

In the endeavour to secure his release, a petition will be circulated and forwarded to the Minister of Justice. Rev. E. A. Langfeldt, who is taking a deep interest in the case, saw the prisoner on a recent visit to Kingston, and was so impressed with the pathetic circumstances of the case that he decided to take active steps to ask for his release. In this connection, he has written the following open letter to the people of the city and county of Peterborough.

To the Citizens of the City and County of Peterborough—

In the interest of Alex. Shairpe, who, since March, 1901, is serving a fifteen year sentence in the Kingston Penitentiary, I am appealing for assistance in having him pardoned.

The facts of the lamentable incident will be remembered by a great many. His wife was enticed, by threats and persuasion, to leave him, and live with another man. The prisoner, frantic with grief, searched widely the countryside before he found his wife's whereabouts. He also sought aid of the Chief Constable of the county, as well as legal advice, thinking the law offered him some protection, but, of course, found that the only recourse was a civil suit for damages against a man who was worthless.

At last, learning the abode of his wife, he went to the place where he discovered her and the deceased sitting close together in the kitchen. Not knowing what he was doing, and with a sudden rush of madness, he fired his rifle and killed the man. The man who was shot, everyone admits, had no enviable reputation. He was twenty years younger than the prisoner, and had been known to have made frequent threats against the latter.

The evidence of all at the trial showed that Shairpe was always a most kindly disposed man, who would not willingly hurt anyone, and who had never been before the courts for any offence, or even been charged with any.

For over six years he has suffered imprisonment. He is now nearly 70 years of age, his right leg was amputated, and he stands probably very near his grave. I saw him and spoke to him the other day at the Penitentiary, and he most pitifully requested me to help him and get others to help him obtain his liberty, so that he might be permitted to spend the remaining time of his life as a free man. His son has promised to look after him. While in no way trying to belittle the crime, yet I submit that regard and consideration must be given to the circumstances which led to the offence. His domestic life and happiness were ruined, and through his wife, he and his family disgraced.

Fifteen years' imprisonment for a man advanced in years means much more than the mere period of time would indicate. More than six years' imprisonment has been served, and I think the time has come when one may justly do what one can to secure this aged man his liberty, for what must be the short remainder of his life. The chaplain and other prison officials tell me that Shairpe is an exemplary prisoner, and they all expressed the hope that he would be pardoned.

A petition to the Minister of Justice on behalf of this man may be signed at the office of Denniston, Peck & Kerr. Those who live in the country districts can receive, upon application, blank forms for circulation and signature.

I appeal to our citizens to aid in this effort to procure liberty for Alex. Shairpe. "Blessed are the merciful, for they shall obtain mercy."

Faithfully yours,
E. A. LANGFELDT,
St. Luke's Rectory, Peterborough.

## CANNOT HANDLE THE SECOND CLASS UNITED STATES MATTER

**American Publications Cannot be Sent Here by Express and Mailed as Second-class Mail Matter.**

**RETALIATIVE MEASURE**

Examiner Special.

Washington, May 21.—The Government of Canada has notified the Post-office Department that it will be impossible for the Canada Postal Department to handle second-class mail matter sent to that country from the United States by their express of freight and mailed there. The Canadian second-class rate is lower than the second-class rate of this country. Postmaster-General Meyer explained to-day that as soon as a special case of refusal on the part of the Canadian Government to handle Canadian second-class is called to his attention he will be forced into circumstances to issue an order that Canadian publications in this country cannot be handled at the second-class rate.

## FURTHER DONATIONS MAY BE SENT

**Collection of Rubbers Has Been Success —Thanks Extended to Contributors**

**THE HAMILTON SANITORIUM**

The ladies who have in charge the collection of old rubbers, wish to thank the school children who so generously helped them to collect.

Owing to a recent bereavement in Mr. Robert Neill's family, and his absence from the city for a day or two, the sale of the collection will be left over until the latter part of the week, Mr. Neill having kindly promised to take charge of the sale part of the work. This delay will afford an opportunity to any who have not yet contributed, to do so. Any parcel left at the Metropolitan Grocery will be added to the already large collection.

Several donations of money have been handed in, some from the schools, and a list of these will be published, with the result obtained from the sale of the collection, very shortly.

In this connection the following from the Canadian Courier should be of interest:

The Hamilton Health Association Sanatorum for Consumptives, was officially opened on May 28, 1906, by His Excellency Earl Grey. The grounds, originally a farm, were the gift of Messrs. Long and Bisby, and are situated on the brow of the escarpment, above the city, and two miles west of it. The main building, which was the farm house, is now used as the staff quarters and patients' dining room. The present accommodation is for 31 patients; the majority are in the shacks and a few in the tents. The shacks face the south and are constructed in the form of an open verandah, having a central portion closed in, and heated for a dressing room; the verandah is fitted with canvas curtains and doors which swing inward, latching to the ceiling. This style of shack has been found very satisfactory in all weathers. A recreation Hall donated by Mr. R. D. Crerar, is one of the buildings; entertainments are given here for the amusement of the patients. At present the physician in charge is Dr. Unsworth, and he has a small shack for his laboratory and sleeping quarters.

There are now seven buildings on the property, the main building, the men's, women's and doctor's shacks, recreation hall, laundry and barn. An infirmary is to be added this season, the gift of Messrs. Grafton of Dundas. The sanatorium has been made possible by voluntary subscriptions, to date fund and buildings — (erected or planned) $25,000 — cash $40,000. This generosity on the part of the citizens has been most gratifying, especial mention being made of the Daughters of the Empire under the able regency of Mrs. P. D. Crerar, who have given so much time and effort to the raising of funds.

**Choice Dairy Butter, 25c. a lb.**
**Creamery Butter, 28c. a lb.**
**Fresh Halibut 12 1-2c. a lb.**

## GEORGE ST. EXTENSION STARTED

**Thoroughfare is Being Rough-graded and Fences Removed.**

**AYLMER STREET THE NEXT**

Actual work upon the extension of George street south, the problem that has occupied the attention of the council for several years, has begun. A number of men under the supervision of Mr. Jas. O'Brien, are at work south of Lake street, rough grading the thoroughfare. The buildings and fences on the right-of-way are being removed and the work will be carried ahead as fast as possible. There is a slight hitch with the G.T.R. in connection with the crossing of their track, but it is expected that this will be smoothed over without trouble.

The Aylmer street extension will also be begun in a short time, although there is not the same need of haste with it as there is with the extending of George street, as the portion from Romaine street to the new school is already open.

## A MUSICAL PROGRAMME RENDERED

**An Interesting Meeting of the Charlotte Street Epworth League Last Night.**

Last night's meeting of the Epworth League in connection with the Charlotte street church, was one of more than usual interest. The meeting was in charge of the Literary Committee of the League and under its auspices a pleasing musical programme was given. The meeting was presided over by Miss Frowde, and a varied programme was rendered. A piano duet was given by Mrs. Treemer and Miss Elliott, while Miss Ruth and Miss Chrisman gave piano solos and Miss Manning, a vocal solo.

## OTONABEE FARMER HAD NARROW ESCAPE

**Lightning Struck Roller on Which He Head Been Sitting—Five Pigs Killed**

Jno. Hebens, an Otonabee farmer, had a very narrow escape from death on Saturday afternoon during the electric storm. When the storm was threatening he left work in the field where he had been rolling, and hurried to the barn. He had just unhitched his team when lightning struck the roller, breaking it to pieces.

At the same time 5 pigs belonging to Mr. Hebens were struck and instantly killed.

## A HUGE IRON BEAM FOR WESTERN BRIDGE

**Required Three Flat Cars to Convey It —Detained Here Over Sunday.**

A large iron girder for a bridge in the Northwest passed through the city the other day and was detained in the city while one of the flat cars on which it was being carried was repaired. It required three flat cars to carry it, and it was as long as the three together. It was an immense iron beam and contained thousands of rivets. One of the cars broke under the heavy weight, although it was not rendered useless, and while here an iron rail was placed along the car to support the iron and the girder was taken on to Carleton Place and will be transferred to the main line of the C. P. R. and taken to its destination.

## THE WEATHER

The weather still keeps decidedly cool and backward. Last night there was one degree of frost, accompanied by a cold north wind. The weather still keeps cold and backward in the western provinces and until there is a change to better conditions there, we will not have continued warm weather here.

**Nurse Tells Of Eczema Cure**

Mrs. C. Stanley Jones, professional nurse, 283, Simcoe street, Toronto, writes: "In my occupation as nurse I have come across many cases in which Dr. Chase's Ointment has been used with extraordinary results. One case is that of a sixteen months old child who was scared of scald head and another that of a woman cured of eczema on the face after the doctors had given her up."

Call at our New Office and get full particulars and list your property with us. One door outh of the Colloseum. Open until nine every evening. Phone 54

## A LOVELY HOME OF YOUR OWN

RENTERS! Why continue to pay rent when there is nothing to prevent you securing a home of your own on as easy terms as the rent you are now paying to enrich your landlord, and impoverish yourself.

STOP AND CONSIDER! If you buy, in ten years you will own a valuable property, whereas if you continue to rent you will very likely be as poor as you are to-day.

I offer you a block of 4 Lots for $350, or 8 Lots for $600. Choice garden land on "Western Ave." adjoining The Sand Stone Brick Co.'s grounds, fifteen minutes walk from Electric, Shovel and Cordage Factories, close outside the City's Taxes and Restrictions, with school at hand and in the way of the city's most rapid growth. Can you afford to let this pass to wiser men for a paltry $10 cash and $5 monthly? Buy at once and plant your garden — delay means loss to you.

Farm 100 acres near city for Sale, Exchange or Rent. Terms to suit a quick buyer. Only $35 per acre for short time.

T. HURLEY, Owner,

332 Hunter Street

## THE AGITATOR

The agitator, of whatever genus, from the walking delegate, who stirs up strife among working men, to him who seeks to breed national revolution, is a pest, who should receive corresponding summary treatment to that given the potato bug, and the San Jose scale. For centuries the agitator has operated in Ireland, sometimes beneficially, or with well-meaning intent, but often otherwise, as illustrated by the remark of a native wit, who said, apropos of the famine situation, "When Ireland asks for a 'tater, she is given an agitator." The unrest in a part of western Ontario, and the secession propaganda, while somewhat justified by the neglect, if not misgovernment of the party in power, could, if we could get at the bottom of the situation, perhaps, be traced in inception to the work of a few agitators, whose sole motive may not be patriotism. A despatch says that the trouble in India, is the result of the work of agitators, and the vicious unrest in Morocco may be traced to a similar source. In all these cases there is some basis of legitimate grievance, some point d'appui, by which the agitator can work a leverage, or his work would be vain. In most of these cases, as illustrated by the success of the oily policy of conciliation in Canadian labour disputes, if proper means were adopted by the governing powers, to redress grievances, and modify conditions conducive to complaint, the occupation of the agitator would be gone. Effects disappear with the removal of causes.

## THE ORANGEVILLE CASE

The Orangeville case, will not down. It was referred to in detail in these colums a day or two ago. A man named Jackson was charged with criminal practices which led to the death of a young woman, which was not the first, and, perhaps, not the lesser wrong committed against her by the accused — but subsequently confessed—criminal. He plead, not not guilty, when first arraigned and in an interval of the trial some collusion between justice and crime caused him to change his plea to guilty, and he was allowed to go free on suspended sentence, tantamount to aquittal of a confessed crime. Great indignation was aroused in the vicinity over the gross miscarriage of justice, and the matter was called to the attention of the Ontario Government, which issued a weak statement provocative of suspicion, that political influence was a factor in causing the machinery of justice to go wrong, and of a more insistent demand for thorough investigation. In Orangeville where the circumstances of the case are best known and most keenly appreciated, the shiftily, evasive "explanation" of the Attorney General issued with the knowledge and consent of Mr. Whitney, to the effect that "the interests of justice were best served by disposing of the case in the manner adopted," is laughed to scorn. The Orangeville Sun a Conservative journal, commenting on "the peculiar and unsatisfactory termination of the trial," says editorially:—

"It can only strengthen the opinion that the administration of the law in Ontario is becoming a bowling and ridiculous farce;" that "much harm is bound to result if many more cases like this one are throttled in our courts; that "the accused in this case was charged with a serious offence, but there were others behind him who were suspected of being guilty of a much more serious crime;" that "from the day Lizzie Wolfe died as the result of a criminal operation there has been a desire in certain circles to hush up matters;" and that now "the Government does not seem to have been any improvement on local machinery" as "there seems to have been some 'fixing' done some place" which "looks like a clumsy miscarriage of justice."

There should be no more "paltering in a double sense" with the nice ethics of justice. There is too much tendency, these days, in the direction of relaxing the rigid claims of justice, of looking with lenient eye upon crime, of salving the conscience by delusive arguments, to permit the Whitney Government to not only wink at, but condone and cloak, what public opinion, and even a newspaper organ friendly to its general policy, describes as "a clumsy miscarriage of justice."

**D&A Corsets**

They are the smartest models known to the Corset Manufacturer's art, science and sense having achieved a wonderful triumph.

Prices range from $1.00 to $6.00.

Will Improve Your Figure.

## DOUBLE RIDING

One of the chief planks of the platform, on which the Whitney Government was wafted into power, was the removal of the administration of the License Act from politics. We all know what attention has been paid to this promise—how little it has been kept, and how largely broken. We have in this very city a situation, which does not by any means argue a violent divorce of license administration from politics. Mr. James Kendry, ex-M.P., was appointed, and still remains, a License Commissioner for the West Riding of Peterborough, and seems to have lost none of his rabid political bias, or none of his activity as a politician, in the process.

For an official, appointed to administer the license law, without politics, Mr. Kendry has, and keeps a pretty firm grip, upon his political wires. He is president of the West Riding of Peterborough Conservative Association. He is also Honorary President of the Young Conservative Club, and general endeavour director and "boss" of the Conservative party of West Peterborough.

It is also well known that he is laying pipes for nomination as the Conservative candidate in West Peterborough, and that he has, practically, been in the field for more than a year. The Examiner has by no means, any objection to Mr. Kendry, the private citizen, being a candidate, as much as he likes. But Mr. Kendry, as License Commissioner, administering the License Law in the interests of the moonshiny "no-politics" policy of the Whitney Government is, as good old Shakspere says, "a horse of another colour." Mr. Kendry, as License Commissioner, and Mr. Kendry as a practical and active politician, may think he can play the double role without mixing the parts; but it cannot be denied that he exposes himself to the temptation of making his official position, as a servant of the public, subservient to the promotion of his political plans. It is probable that he is not likely to resist the temptation very strenuously, in fact, it is stated that the place is not a thousand miles distant from Peterborough, nor the time a quarter of a century from the present year, when he made the office and influence of James Kendry, License Commissioner, play into the hands of James Kendry, the politician. Douglass Jerrold, the satirist, describes one of his characters, by saying, "Take temptation away from the hands, fingers, eyes and ears of Job Pippins, and he as honest a man as walks the earth." Under similar conditions a certain License Commissioner in West Peterborough, would not use his powers as License Commissioner as a wheel horse to his political ambitions. To a man who embodies in one individual the License Commissioner and the practical politician, the temptation is a cruel one.

***FOR SALE.***

***That well built brick house and lot situated at the corner of George and Dublin Streets, also excellent corner lot. This property is to be sold to wind up an estate, and all particulars may be had at 580 George Street.*** dtf

## THE LAUNCHING WILL BE TO-NIGHT

**New Steamer Otonabee Will Take to Her Native Element This Evening.**

The launching of the new steamer Otonabee, of the Otonabee Navigation Company's line will probably take place to-night at the East City wharf, where she has been constructed.

Preparations for the launching of the new steamer are proceeding rapidly and it is expected that this first chapter in her life's history will be written to-night, unless some unforseen trouble intervenes. It is, of course impossible to foretell definitely in regard to this action.

If launched, as anticipated, to-night, the company's steamer, Water Lily will, at once tow the new boat to the Wolfe street wharf, where her new 12-ton boiler, now ready on the dock, will together with the other machinery and elaborate electric light plant, will be installed at once. Every arrangement has been completed for getting this splendid steamer into active service at once.

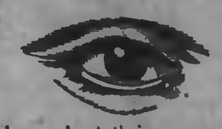
## DR. DOUGLAS RETURNED FROM WINNIPEG

**Has Decided to Live in Western Metropolis—Seeding Hampered by Backward Weather.**

Dr. Douglas, of Warsaw, arrived in the city to-day from Winnipeg, where he has spent the last three weeks, and this afternoon drove out to his home. The doctor gave up his practice in Warsaw some weeks ago, having decided to go to Saskatoon. He, however, became enamoured with the City of Winnipeg where he has purchased some property and where he has decided to reside.

Dr. Douglas states that the weather in the west has been very backward and as yet little seeding has been done.

**Specialist is Here and Busy!**



Hundreds of people were fitted with glasses, and some with artificial eyes, (many of whom were difficult cases) by MR. BROWETT, during his recent visit to Meaford, Collingwood and Toronto, where he tought his methods to opticians of those places, and now this gentleman will spend a few busy weeks at his home office. We invite all who wish to know about their eyes, or if glasses are suitable, to call and arrange for time to see the specialist, where skill and wide experience has made him so successful and his work so much appreciated. For particulars inquire at

McDERMID & JURY'S Drug Store, Peterborough, Ont.

## MUST KEEP PEACE FOR YEAR

**Jas. Young Was Bound Over This Morning to Make no more Threats Against His Daughter**

**A FAMILY'S DARK HISTORY**

Peter McCrae was fined two dollars this morning for being found drunk in a public place on Aylmer street yesterday. He was given 10 days to pay it.

Jas. Young was charged with having made threats against his daughter, Mary, saying that he would have revenge on her, and as a result he was bound over to keep the peace for twelve months and in default of giving bonds, is to spend 6 months in the county gaol. In the meantime he will sojourn in quietness within the "four grey walls and four grey towers" of Castle Nesbitt.

Mr. Young pleaded not guilty and the case was proceeded with, Mr. Scott said that he had heard the father say that he would have satisfaction and send the girl to the reformatory. Many left home and would not return against her father's wishes.

Mary Young next took the stand and said that her 16th birthday is in July. She left home on the 27th of March because she was afraid of her father. She said that he had assaulted her on March 3rd. The girl aired a family history of very unsavoury nature. The father said nothing in his own behalf, merely exclaiming from the prisoners' box: "I never thought that I would raise a child that would come here and tell lies like that."

His Worship then said that prisoner would have to get two bondsmen to guarantee that he would keep the peace for one year and in default of this he would be sentenced to six months in gaol.

## THE CHRISTIAN SCIENCE CASE OPENS

**Big Suit Opens in Concord N. H.—A Legal Battle of Interest.**

Concord, N.H., May 20.—Although the celebrated suit in equity to secure an accounting of the property of Mrs. Baker G. Eddy, has been a matter of record for almost three months, the first legal battle of counsel engaged in it took place here to-day when arguments were heard on the motion of the trustees of Mrs. Mary Baker G. Eddy's estate that they be substituted for the "Next Friends," as plaintiffs in the original suit.

## TEACHERS' CONVENTION OPENS TO-MORROW

**Business Session in the Morning and Lecture by Prof. Auden in the Evening**

To-morrow morning the annual convention of the Peterborough Teachers' Institute will open at 9.30 in the Central School, where the sessions, except that of to-morrow night, will be held. The morning session to-morrow will be devoted to business, the reading of the minutes, president's address, etc., while in the afternoon the educational features of the convention will be taken up. The session at night will be held in the Y.M.C.A., and the feature will be the lecture by Prof. Auden, principal of Upper Canada College. In addition, there will be some interesting musical numbers.

## IMPERIAL TAXATION OF FOOD

**Situation at Montreal Not Yet Relieved—Longshoremen Were Willing to Accept Arbitration — Advance of 2 1-2 Cents an Hour — Negotiations Have Failed But Speedy Settlement Is Hope For.**

London, May 20.—(C. A. P.)—The speeches of Deakin, Lyne and Jameson since the termination of the conference are keenly criticized by the Radical press.

Winston Churchill, in making a strong speech at Edinburgh, referred to these efforts of the protectionist press, and said the sacred laws of hospitality imposed obligations upon guests as well as hosts.

The Government not only banged the door against the imperial taxation of food, but locked, barred and bolted it.

The Liberal party stood like a rock between the hard-working masses and all who would exploit their food supply to squeeze some shameful profit out of a scanty pittance of the weak and poor.

### APPEAL COURT OF EMPIRE.

**Link Which Parliament Should Hesitate to Break.**

London, May 20.—(C. A. P.)—Messrs. Laurier, Brodeur and Lord Strathcona paid a private visit to the Duke of Sutherland at Trentham Hall, Staffordshire.

Commenting on Jameson's resolution at the conference re the establishment of a supreme court of appeal. The Yorkshire Post says: "Let us by all means reform in any way that seems desirable the machinery by which the crown exercises the right of doing justice to any subject of His Majesty, who may wish to make a final appeal, but the Parliament and Colonial Legislatures should hesitate long before they weaken this golden link of common citizenship."

A correspondent of The Birmingham Post credits Laurier with saying "more was not to be expected at the present time," and says, judging from his conversation with friends, Premier Laurier is well satisfied at the results achieved.

### EARL GREY DELIGHTED.

**Thinks All-Red Route O.K.—Fielding Will Not Talk.**

London, May 20.—(C. A. P.)—Earl Grey, interviewed, expressed himself delighted with the prospect of the all-red route. Hon. Sydney Fisher also considered the scheme the finest thing that could be done, and expressed gratification at the cold storage provision being made here for Canadian produce. He stated that he was still endeavoring to remove the cattle embargo. Hon. W. S. Fielding declined to say whether he was en route to Berlin on fiscal matters, but said he was over here for a lot of things affecting the Dominion, none of which he could discuss.

**Canada's Contribution.**

London, May 20.—While neither Sir Wilfrid Laurier nor any of his colleagues would say what Canada was prepared to pay as a subsidy to the all-red mail route, it is understood from other sources that the Canadian Premier has suggested that the annual Canadian contribution for a 20-knot Atlantic service and faster trains across the continent be $1,000,000.

Sir Joseph G. Ward, Premier of New Zealand, has placed his colony's share of the subsidy at $500,000, but Alfred Deakin, the Australian Premier, has not committed himself.

With a strong element in the Liberal party opposed to subsidies of any kind, it is considered doubtful whether the all-British scheme will be carried out, despite the saving of time which it would make It is possible, however, that Canada may, by using the Cunard subsidy as an example, induce the British Government to assist in improving the Atlantic service to Canada. It has already been pointed out that if the Canadian lines only had the subsidy given by Great Britain for the New York service they could successfully compete with those lines running to the United States.

### AUSTRALIA DISAPPOINTED.

**Preference Regarded as Only Way to Preserve the Empire.**

London, May 20.—A gentleman who for many years has been in close touch with Mr. Deakin, the Australian Commonwealth Premier, both in public and private life, in an interview with a representative of The Pall Mall Gazette, said it had been hoped that the Government would view the preference resolutions not as a question of party, or even of national politics, nor wholly or even primarily as an economical problem, but in the broader light, as an Imperial issue. It was in this hope that Australia sent Mr. Deakin to the Imperial Conference. Should he return without this hope being in any way realized the universal feeling will be one of disappointment that another great opportunity for the consolidation of the British Empire has come to naught. What people seemed to find it difficult over here to realize was that to the Australian, preference in the sense of free trade within the Empire, is not in the first place even mainly a business proposition. It is to him primarily a factor, and in the opinion of many the most important factor, in the great work of consolidating the Empire.

**Bowlers Set World's Record.**

In the tournament of the western bowling congress at Denver recently L. B. Everhart of the Kansas City Brunswicks and Tony Voght of the Kansas City Crescents broke the world's record for two men teams in the tournament bowling with a score of 1,299. Everhart rolled 668 and Voght 631 in the three games. C. W. Turner and F. Makepeace, two other Kansas City bowlers, scored 1,173, giving them second place in the two team class.

### RESCUE WOULD BE SUICIDE.

**Three Men Save Girl — Thief Was Also Busy.**

New York, May 20.—A spectacular searchlight rescue was affected in the swirling waters of Hellgate on Saturday, when Frances Horr, aged 17 years, was saved from suicide by drowning by three young men, after a hard struggle.

The girl, after brooding long over her troubles, threw herself into the river.

Then the love of life temporarily overcame her desire to die and she screamed lustily. Joseph Lazarus, Michael T. Flynn and Valentine Zealander heard her cries and ran to the water's edge. They sought the source of the appeals for help. They could see none and were about to leap blindly into the river, trusting to chance to direct them. when the searchlight of a passing steamer revealed the struggling woman.

They dived in the direction of the light. Lazarus reached the girl first and was nearly throttled by the would-be suicide, whose desire to die had returned with the prospect of rescue. His companions reached them just in time to save the pair from drowning, and the girl was borne ashore and removed to a hospital. She will recover.

While the men were in the water, some one stole Lazarus' coat and shoes which he had cast off on the shore before plunging into the water.

**Wheat Practically All Sown.**

Winnipeg, Man., May 20.—It is surmised, from reports coming in from all over the country, that from 85 to 90 per cent., or practically all of the wheat is sown.

A decrease of from 10 to 15 per cent. of the amount sown last year is estimated, but it is thought that the decrease will not materially affect the farmers, as it has been proven in former years that, with good weather, the crops that were late sown turned out an average yield.

Many farmers were through seeding a couple of days ago, and though others have not been as fortunate, the general opinion amongst them is that the outlook is very satisfactory.

Seeding has been completed on Portage Plains, and the acreage will be the same as last year in wheat, but considerably more barley will be sown.

**Haunted House.**

A strange story comes from Hebdenbridge, near Halifax. In an old cottage on the moorland heights above the town a young married couple, who have recently become tenants of the place, have been worried by noises for which they could not account.

There were knockings and creakings, but an investigation failed to explain their origin. After a time they ceased, but were renewed a week or more ago with greater violence than before.

Lying awake in bed one night the husband saw a yellowish light appear, apparently from the room below. Wondering if the house were on fire, he was just about to get up when the light grew brighter, and the figure of a man garbed in black seemed to come through the wall.

With fixed gaze the apparition passed across the room, vanishing in the direction of the stairs. There was no sound, and the man in bed was too much surprised to challenge the spectre.

A former occupant of the cottage witnessed a similar apparition, and afterwards became familiar with its appearance. This person declares the spirit to be that of an old man who lived alone for many years in the cottage.

**Tyranny of Caste.**

Notwithstanding the general trend of opinion and practice in favor of familiarizing the natives of India with the methods of modern civilization, the forces of reaction make themselves at times unpleasantly felt. An Urdu weekly published at Benares, says: "Salig Ram Singh, a Khatri ex-student of the Central Hindu College, went to Japan in 1903 to learn glass blowing. He returned to Benares this year, but his narrow-minded brotherhood refuses to take him back into caste. Certain Brahmins offered to accept his 'praschit' (repentance or penance), but people of his own caste have refused to recognize him and have outcasted those who have given him the right hand of fellowship. Among the enemies of Salig Ram Singh there are some educated people, but their education must have taken a peculiar turn."

**How to Become a Billiard Player.**

I recommend all players to train their touch and gauge of strength by practicing with only one ball, sending it up the table from balk until it can be made to stop with some certainty at the same place always. Then that place should be moved, so as to present a different test of touch and strength, and so on with constant variations.—R. W. Stevenson in C. B. Fry's London Magazine.

**Relics of Old Newgate.**

It is perhaps a little curious that nothing of old Newgate survives in London's magnificent new sessions house beyond two insignificant relics —a portion of the old gallows' beam, showing the groove worn by the executions' ropes, and part of the door of the press yard. Other more interesting relics of this historic prison have been widely scattered. Not long ago the door of the condemned cell was sold by auction for £13 (an ominous figure), and the fittings of the cell, together with the old bell, were bought for £100 for Mme. Tussaud's exhibition, the bell, which was cast in 1775, bearing the inscription, "Ye people all who hear me ring, be faithful to your God and king." The steps by which so many doomed men have mounted to the scaffold found a purchaser for £1 12s. —Reynold's Newspaper.

**A Laundry Hint.**

Allow all starch to become lukewarm before using. Hot starch is apt to spoil colors and make them fade. A little gum arabic—in the proportion of an ounce of powdered gum arabic dissolved in a quart of boiling water, strained and bottled for use—added to starch will give the garments an appearance of newness, and they will keep stiff and clean longer than if plain starch is used.

# China Hall's Formal Re-Opening

CHINA HALL will formally re-open for business in its New Premises 394 George Street, on THURSDAY and SATURDAY, May 23rd and 25th, on which date all Lovers of the Artistic are cordially invited to visit the store and see the lovely NEW GOODS. We will show—

# Havelock Presbyterians To Lose Their Pastor Soon

**Rev. A. E. Camp Accepts Call to Become Pastor of Church in Sault Ste. Marie, Ont.**

## OTHER HAVELOCK NEWS

Examiner Special.

Havelock, May 21. — Council met on Friday night at 8 p.m. Present, Councillors Knox, Young and Campney.

Councillor Campney was appointed chairman in the absence of the reeve.

Moved by Coun. Knox and Young, that the following accounts be paid:

| | |
|---|---|
| Chas. Williams | $16 66 |
| Electric light for April | 63 33 |
| Jas. Backus | 35 25 |
| Art. Young | 5 70 |
| Alex. Smith | 75 |
| Dave Hogg | 75 |
| Dan Grieves | 75 |
| Mat. Leitle | 54 95 |
| S. E. Davis | 20 23 |
| R. J. Graham | 7 13 |

The council then adjourned.

A number of our young people drove to Norwood on Thursday night to a little hop given by the Misses Smith of that place in the town hall. A number from Hastings were also there, and all enjoyed themselves.

Mrs. Fitzsimmons of Toronto, formerly of Havelock, is in town renewing old acquaintances. Mrs. Fitzsimmons intends leaving on Tuesday to visit her mother in Farnham, and from there she will go to Boston, where she will visit her daughter for a few weeks, going from there to Vermont, then home to Toronto by way of Havelock. Her son, Ralph, will accompany her.

Mr. Crawford of Toronto, is at present spending a few days in town as the guest of his cousin, Dr. Crawford.

Mrs. J. W. Bryans and daughter, Bertha, returned home on Saturday, after a week's visit with friends in Peterborough.

Mr. and Mrs. Muir of Toronto, are the guests of Mr, and Mrs. Isaac Barlow.

Rev. A. E. Campbell exchanged pulpits with Rev. Dr. McLellan of Norwood on Sunday last.

Mr. Jack Linton of Campbellford, was in town on Sunday.

Mr. P. McWilliams of Marmora, visited Havelock on Sunday.

Rev. Mr. Camp has received a call to Sault Ste. Marie. He has accepted the same and will leave in a short time to take up his residence in that place. His many Havelock friends regret to hear of his departure but wish him every success, and God-speed in his new field of labour.

Miss Timmerman of Ivanhoe, spent Sunday with Miss Claudia Richards, of town.

Mr. Thompson returned home on Saturday from a trip to the west.

Miss L. Wright has been advised by the doctor to take a trip to the west. She will give up her position as bookkeeper in A. E. Barrett's store until improved in health.

The agent for Oudahy's Ivory Soap pany was in town over Sunday inspecting the work done at the ice house here. He reported everything in the best of order and was well satisfied with the work of the agent of Swift & Co's ice house in Havelock.

## MORE IMMIGRANTS HAVE PASSED THROUGH CITY.

**Sixteen Hundred Arrived at Quebec Yesterday Morning.**

The passenger service through Peterborough has been heavier than usual during the last few days, owing to the late arrival of several immigrant steamers from the Old Country. The C.P.R. vessel Lake Champlain, sailing from Liverpool, entered the Quebec harbour yesterday morning with 1600 passengers. The boat sailed on the 8th of this month and had fairly decent weather during the passage. Several trainloads passed through the city yesterday, and about fifty got off here. They were mostly for points on the G.T.R., but some remained in the city.

**You have read the Sailor Boy's Plea buy to-day for your dinner to-morrow, Sailor Boy Canned Goods Tomatoes, Corn, Peas and Salmon Your money does to buy better Goods. Do you get Sailor Boy or ubstitute?**

## BODY FOUND WHILE DIGGING FOUNTATION

**Was Re-Interred in St. Peter's Cemetery on Saturday.**

On Friday afternoon while engaged in making the exeavations dor the new armouries the men found a a rough box containing a coffin near the old pump. The grounds were formerly used for burial purposes. The body was re-interred in St. Peter's Cemetery on saturday afternoon, Mr. M. McFadden having charge of the burial.

BARRISTERS. 134 Hunter St., Peterboro

# Peterborough Lift Lock To Open In A Short Time

**Considerable Work Has Been Done Above the Locks and Machinery Has to be Tested Yet.**

## WORK BEING RUSHED

The Peterborough Lift Lock will probably be ready for operation sometime during the present week. It is impossible at the present time to give any very definite idea as to the exact date upon which the lock will be open, because of the fact that the nature of the work being done preparatory to the opening is such that it is impossible to tell when it will be completed. A job costing several thousand dollars has been done in the canal above the lock, during this spring, and until the water was let into the lock it has not been possible to test the machinery, so that even after the water is allowed into the reach, and into the lock chambers, it will probably be a few days before the lock will be ready to operate. There is considerable machinery in connection with the lock, and, since it has not been used since last fall, it is natural to suppose that it will require some adjustment before putting it into a season's work.

# Brilliant Function Was The Opening Of Belfast Exhibition

**Lord and Lady Aberdeen, who are Known and Beloved by Canadians, Attended the Opening Ceremony.**

## PROGRESS IN IRELAND

Miss Watt of the postoffice staff has received a copy of the Belfast News-Letter of May 6, in which an account of the opening of the International Exhibition is given. In view of the fact that there are many persons in this city who are interested in Ireland, either because of personal associations with it or on account of the increasingly prominent place which Ireland is taking in the affairs of the British Empire, the Examiner re-publishes a portion of the article giving the details of the opening ceremony. It will be of special interest to Canadians, too, by reason of the fact that Lord and Lady Aberdeen, who are well known in Canada, are the representatives of Royalty in Ireland, and were present at the opening of the Exhibition. The News-Letter says, in part:

The Irish International Exhibition of 1907 ranks to-day in the annals of Ireland, and also in the history of exhibitions as a memorable fact, demonstrating, in the words of the King's message of hope to his Viceroy, who conveyed it to the vast assemblage at the opening ceremony, "International progress made in Ireland." It was the proud boast of the Executive Committee in their address to His Excellency the Lord Lieutenant that Dublin was one of the first cities in the world to embark in an international exhibition. That was 42 years ago, when, on the 12th May, the then Viceroy, the Earl of St. Germans, opened Ireland's great industrial exhibition in Merrion Square in the presence of 15,000 persons. The Executive Committee might have claimed further credit—namely, that Dublin was the first city in the world to hold an exhibition of merit. That was in 1829, and the Royal Dublin Society, the most beneficient institution this country possesses, deserves all the credit, as it does to-day, of producing the finest horse show in the world. But reverting to the exhibition of 1865, there were many present yesterday who recalled the State opening by Lord St. Germans, and still more, the visit to the exhibition in the end of August of that year of Her Majesty Queen Victoria of blessed memory and Prince Albert and the Prince of Wales. The statue of the Prince Consort, which is in the centre of Leinster Lawn, and the statue of William Dargan, the projector of the exhibition, in the front of the lawn, on the west side of Merrion Square, perpetuate the memory of the exhibition and of the Royal visit. It is for King Edward, who participated in that visit, to verify for himself next August the "international progress" which is the aspiration of His Majesty's thoughtful, kindly message. Such was the thought and such the hope that filled the minds and the hearts of many well-wishers of Ireland's prosperity and progress when they read the address and the Viceroy's announcement of His Majesty's message, which evoked a burst of enthusiastic plaudits. The occasion was one that appealed to Irish feeling and love of display. Democracy is marching on; but all the same, in Ireland there is an inherent liking for the pomp and circumstance of Court pageant and the stirring music of military bands. How was it on Saturday? At Cork Hill, in College Green, along the route taken by the Viceregal procession, all the way to Ballbridge, the footpaths were crowded with eager sight-seers. Lord Aberdeen was respectfully greeted, and there was a general manifestation of sincere pleasure at seeing his popular countess once more able to resume her public duties as Vicerine. Lady Aberdeen acknowledged with beaming smiles the joyful demonstrations at her recovery from her trying and painful indisposition.

# A Young Kingston Cadet Had An Expensive Shave

**Cleaned His Upper Lip and Was Reduced to the Ranks as a Punishment for His "Crime."**

## THE COMMANDANT'S ORDER

A cadet in the R. M. C., Kingston, enjoyed an expensive shave a few days ago. The Ottawa Free Press, referring to it, says: Considerable comment has been caused throughout Canada at the announcement from Kingston that a cadet-sergeant at the Royal Military College, Kingston, had been reduced to the ranks because he had dared to violate the regulations by shaving his upper lip. The lad in question, who is a Montrealer, would, it was expected, have graduated next month and been eligible for a commission in the Imperial army; but his degradation for so trivial an offence will carry with it forfeiture of all his marks, and, unless something unexpected happens, will deprive him of his chance of passing this year.

The Czar-like ukase of the commandant, Lieut.-Col. E. Thornton Taylor, compelling the wearing of moustaches by the cadets, is condemned on all sides as un-Canadian and unfair. It is not every boy of the age of the R. M. C. cadets who can "raise" a moustache sufficiently large to be respectable, and even if he does he has to meet the objections of his young lady friends, who nowadays, it is said, have a preference for clean-shaven youths and men.

But it is claimed that this moustache regulation is not the only "fool order" promulgated by the commandant. For instance, it is an offence for the cadets to decorate the walls of their bedrooms with the photographs of their mothers, their sisters, or even some other fellow's sister. What spirited youngster would consent with equanimity to an order such as that?

Again, it is declared to be a "crime" in the eyes of the commandant for a cadet to wear a dressing-gown in his bedroom. Surely that is nonsensical in a free country such as this.

The situation seems to be that Col. Taylor, who is himself a graduate of the R. M. C. (having passed in 1882) seems determined to enforce at Kingston the same rules that are existent at Sandhurst. The effect is likely to lessen the attractiveness of the Royal Military College for young Canadians. They do not object to discipline in moderation, but they do decidedly object to regulations which interfere with their personal habits in the style which Col. Taylor practises.

## IT IS FOR LADIES, TOO

**They Can Stop Their Hair Falling Out With Herpicide**

Ladies who have thin hair and whose hair is falling out can prevent the hair falling out and thicken the growth with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed the root will shoot up and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, and it will not stain or dye.

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. The Market Drug Store. Two sizes—50c and $1.

# 24TH BATTERY HAD ANOTHER GOOD DRILL

**Some Twenty Men Were Out in Uniform Last Night**

The 24th Battery had another good drill last night when a score of officers and men were present at the 57th armouries. The issuing of uniforms at the East City armouries interfered to some extent with the drill but in spite of this some useful work was done under the supervision of Sergt.-Major Fee.

Lots of compliments are coming in about Tisdall's layer cakes. Take one home.

## CHRONIC CONSTIPATION

**Bilcans a Certain Cure**

"I had chronic constipation for five years," says Mrs. M. O'Brine, of Agnes street, Toronto, "It brought on headaches and dizzy bouts, and robbed me of health and vitality. I spent a lot of money in trying various useless remedies. At last I tried the right one—Bilcans — and they cured me."

One of the finest scientific papers in the world (Scientific Siftings) says of Bilcans in this connection: "They cure constipation without causing gripping, and do not cause after-constipation, as other purgatives do."

Piles, debility, anaemia, indigestion, biliousness, heartburn, headache and female ailments all disappear before a short course of Bilcans. All druggists and stores at 50 cents, or Bilcan Co., Toronto, for price.

# FIRST DRIVE REACHES THE CITY

**20,000 Pieces of Timber Going Down the Otonabee—Owned by the McBurney Co.**

The first drive of logs of the season has reached the city on its watery way to Campbellford. The timber belongs to the McBurney Lumber Company of Toronto, and the drive is the first that has come from the upper lakes for that company, they having but recently acquired some timber limits in the northern part of the country from the Rathbun and Gilmour Companies.

The drive consists of 20,000 pieces of excellent timber. It was brought to Young's Point last week by the steamer Majestic, which to-day came down the canal as far as the lift lock with boom timber to catch the logs before they enter Little Lake.

The McBurney Lumber Company's mills are situated at Campbellford which will be the termination of the drive.

# TWO COMMITTEE MEETINGS FOR TO-MORROW

**Fire, Water and Light and the Property Committee Scheduled**

The usual Board of Works meeting will not be held to-morrow night, but all the aldermen will not have a night off as a result. Two committees will meet instead of the Board of Works. The Fire, Water and Light Committee has some routine business to dispose of, after which the Property Committee will have another session with the Garbage Bylaw, which they hope to have in shape to present to the Committee of the Whole Council on Monday night next.

***Owing to a slight accident to MONS. F. X. MERCIER, the Concert which was to have taken place this evening has been postponed until Tuesday, May 28th, 1907.***

# CHEAP RATES FOR THE HOLIDAY

**Single Fare for Return Trip Good From Thursday Until Monday on Both Railways.**

The special railway rates for the holiday are announced. Return tickets will be sold over both railways for single fare. They will be good going on May 23rd or 24th, and will be good to return up to and including Monday, May 27th. This is an unusually long period for the cheap fares and is given by reason of the fact that the holiday come so close to the end of the week.

# ONLY TWO PERMITS SINCE YESTERDAY

**Smallest Number Since the By-law Came Into Force, May 1st.**

Fewer building permits have been taken out in the last twenty-four hours than at any time since the bylaw came into force on May 1st.

Since yesterday morning, only two permits have been issued. One was taken out by Walter Evans, for a stable, the estimated cost of which is $150; and the other by Mr. F. D. Armstrong for a new dwelling on Margaret Avenue. Geo. Shearer is the contractor and the estimated cost is $2200.

Take home a treat of Rex Chocolates to-night from Tisdall's.

**DIED**

ROGER—Suddenly, on Monday, May 20th, 1907, at "Cordoch," Peterborough, Isabel Roger, eldest daughter of the late Rev. J. M. Roger.

Funeral from the family residence, 561 Park street, on Wednesday (to-morrow), May 22nd, at 3 o'clock p.m.

**There's Danger in Every Cold**

Once you come to realising the danger of neglecting coughs and colds you will not run the risk of depending on any cough mixture the druggist may choose to hand out to you, and you will insist on getting a medicine with a reputation such as Dr. Chase's Syrup of Linseed and Turpentine. Croup, bronchitis, asthmas and coughs and colds are promptly and thoroughly cured by this treatment.

# CANADIAN BREEDER IS GIVEN SHOW

**In New Prize List Issued by Toronto National Exhibition This Year**

The prize list of the Canadian National exhibition of Toronto, is just out. Many changes are made, making it more convenient for reference by exhibitors. The regulations are changed, so that all animals exhibited in the live stock sections must be registered in the Canadian Herd Book Registers.

In the horse section the Canadian breeder is put on a fair footing with the importer. The directors have endeavoured in every way to protect and encourage Canadian-bred horses. The prizes in the breeding classes of the horse section have been increased over $600. Several new classes have been added, especially the one for strings of ten horses, which is expected to be one of the features of this year's exhibit. In the harness, hunter and jumping classes the prize list remains the same as last year, including the King Edward Hotel Cup, which is again being given for the best horse in the runabout class.

In the speed division the prizes have been increased by $1000. A new class has been added, providing for horses that are not fast enough for the "free for all," but that are too speedy for the 2.30 classes. The conditions are the same.

In the cattle section A. T. Gordon of Combscauseway, Scotland, has consented to judge the Shorthorns, which is the largest class in that section. The prizes in the Herefords and the Holsteins have been considerably increased.

The general arrangement throughout the prize list this year is alphabetical so that the finding of any section is made easy. The aggregate amount of the prizes is $39,000, not including the $3,600 given in the speed department. This is the largest purely agricultural prize list on the American continent.

## Latest News Of Various Sports

### GAME WITH BRAMPTON FOR HOLIDAY

**Excelsiors Will be Here on Friday to Meet the Peterborough Club**

Word was received from the Brampton Excelsiors last night that they will be here on Friday for an exhibition game with the Peterborough team. The Excelsiors have always made things interesting in the intermediate C.L.A., and their team this season is stronger than ever, so that a great game may be looked for at the Riverside Park. The first game of the season should attract a big crowd, as it will give the local lovers of the game an opportunity, of getting a line on the team which promises to be the strongest that has represented Peterborough in many moons. The team will be in good shape. They had a fairly well attended practice last night and will be out again tonight. Help the team off to a good start by giving them a bumper house on the holiday.

### FORMAL OPENING OF OVAL TENNIS GROUNDS

The Nicholls Oval Tennis Club held a general meeting in the parlours of the Y.M.C.A. last night, to make arrangements for the opening of the tennis season. Besides adding a number of names to their membership list they decided to formally open the tennis grounds on the oval next Monday evening, when a tennis tea will be held. The courts will be marked on Wednesday night of this week and any of the club who wish may use them.

### MARATHAN ROAD RACE ON MAY 24TH

**Runners Will Start on the Track—Other Events of the Turf Club Meet.**

With good weather there promises to be a big crowd at the Driving Park on the afternoon of Victoria Day, when a big programme of races will be run off under the auspices of the Peterborough Turf Club. Three horse races are scheduled, a named race, 2.30 class, and free-for-all. A large number of entries have been received and it is certain that a big field will face the starter in each event. The track is now in splendid shape, and some fast time should be made.

A special feature that will prove an extra good drawing card is the five-mile foot race on the track, for which three splendid prizes are offered. A number of entries have been received, and more are expected before the holiday.

### A GOOD BALL GAME FOR MAY 24TH

**Artics Will Bring Down Their Strongest Line-up.**

The ball team had a good workout at Riverside Park yesterday, and will be in fair shape for the double-header on Friday with the Arctics of the Don Valley League, Toronto. Three games in all will be played for the handsome silver trophy donated by Mrs. Milbourne, of Toronto. The games on the holiday should attract a big crowd to Riverside Park.

It will be the first opportunity the fans will have of getting a line on Manager Johnston's pets, and the new men should make a big hit with the patrons. The locals will have to play great ball to beat the visitors, who defeated the Strattmonas of Toronto in a league game on Saturday by a big score. Word has been received from their manager, to the effect that they will have four pitchers with them, including Greer, of the St. Mary's.

### THE CRICKET CLUB WILL MEET TO-NIGHT

**For The Election of Captain and Team Committee.**

There will be no practice of the Cricket Club to-night, but instead, there will be a meeting in the Y.M.C.A. at 8 o'clock for the purpose of selecting a captain, appointing a team committee and other important business. All members of the club are asked to be present.

The game arranged for Saturday with the Lindsay Collegiate Institute team has been cancelled. The club will play their first game on Friday in Warkworth with the team of that village.

It is not likely that Jackson Park will be opened before June 1, owing to the backward nature of the weather. It had been thought that the summer season would open on May 24, but under existing conditions this is impossible. Just what the attractions this year at the park will be have not yet been decided upon, but they will surpass those of other years.

**BASEBALL**

One of the fastest games seen in the Midland League for years took place Saturday afternoon at Oshawa. The contesting teams were Cobourg and Oshawa, and the former team won by a score of 3—1. Both clubs have some excellent material and the Midland League this year should furnish some exciting contests. Downs and McKinnon did the battery work for Cobourg, and Hawkins and Gay for Oshawa.

### NO LACROSSE GAME ON HOLIDAY

**Grounds Could Not Be Secured for Game with Brampton.**

There will be no lacrosse game on May 24th after all. Arrangements had been completed to have the Excelsiors of Brampton play here on the holiday, but this morning it was discovered that the ball team had secured the Riverside Park for the day, and thus the lacrosse management had to call the game off. This will prove a disappointment to the many enthusiasts who were looking forward to the game on Victoria Day. However they will have an opportunity of seeing the team in action before long. In spite of the decidedly frigid weather last night, the team had a lively work out. A number of the juniors were out to get into shape for the game on Friday in Millbrook.

### A BIG PROGRAMME OF RACES

**Turf Club Matinee Promises to be Well Attended.**

The Executive of the Peterborough Turf Club met last evening at the Crown Hotel to make final arrangements regarding the meet on Victoria Day. In connection with the 5-mile Marathon Road race they will have the runners start on the track and run ten times around, finishing at the starting point. This race opens the sports and will begin at 1.30. The Turf Club will accept entries up to Thursday night at 8 o'clock.

In regard to the named race which is now filled they decided to bar Godfrey's Pride. The 2.30 class and the free-for-all are filled and the meet promises to be one of the best day's sport seen for a long time at the Driving Park.

### THE HAVELOCK TEAM MET DEFEAT

**Marmora Won From Havelock Footballers in Return Game Played on Friday**

Examiner Special.

Havelock, May 21.—The football team journeyed to Marmora on Friday to play the return match with the Marmora eleven. The game ended in a score of 3—1 in favour of Marmora. Not having the regular men on, Havelock's defence line was a little weak and hence the dauntless Havelock team were defeated for the first time of the season.

The line-up was as follows, of the Havelock team:—

Goal—B. Graham.

Backs—C Robinson, W Andrews.

Half-backs—E Bennett, H Shaw, K Morris.

Centre forward—M Neil.

Right wing—K McKay, B. McBurney.

Left wing—P Lancaster, H Mathipson.

The best place to buy sporting goods is Stratton's.

### FALL RIVER CHAMPIONS PLAY GREAT FOOTBALL

**Meet the Quakers on May 29th. at Riverside Park.**

The Canadian tour of the great Fall River Association Football Team, is arousing considerable interest in Peterborough from the fact that they play here on Wednesday evening of next week on the Riverside Park.

The Fall River eleven are New England Champions for seven consecutive years; they were the only team on the North America continent that defeated the Old Country Corinthians last year, and at the Buffalo Exposition a few years ago, they defeated the reputable Toronto Scots.

Their game with the Quakers will certainly be the best ever seen here, as the latter are last year's Midland League champions and went through the season without a single defeat.

Stratton's make up window blinds any size you want—prices right.

**ROLLER HOCKEY**

There will be big doings at the roller hockey rink on Friday night when a roller hockey game will be played between the Kendrys and Victorias, two strong local teams. The game will be called at 9 o'clock sharp, so that there will be an hour's skating previous to the contest. The band will be present all evening, and there should be a big crowd in attendance. The proceeds are in aid of the roller hockey team, who are anxious to secure a game with Ottawa.

### FOOTBALL MATCH ON EXHIBITION GROUNDS

**Two Quaker Teams Will Play Game To-morrow Night.**

A football match will be played to-morrow evening on the Exhibition Grounds between two Quaker teams. The players are requested to be on the grounds at 6.45 to be ready for the game at 7 o'clock.

The line up of the teams will be:

First Team. — Goal, McFadden; backs, Doris, Evans; halves, Scrimshaw, Dingman, Sisson; forwards, Brodie, Robert Evans, Hamilton, Coleman, C. Fitzgerald.

Second Team. — Goal, Laing; backs, Donaldson, Sullivan; halves, Archibald, Fitzgerald, Deforge; forwards, Crough, Baker, Huston, E, Best, R. Best.

Cannift, Roe, McKenna, Sallis, and other members of the club are requested to turn out also.

### NEW MACHINE PHONES INSTALLED

**A Number of New Subscribers Since Publication of the Last Issue of the Directory.**

The Canadian Machine Telephone Company has recently installed a number of new telephones in the city, and the following additions should be made to the directory recently published. Subscribers are advised to cut the list out and paste it on their directories until the company issues its new list. Those who have the 'phones in are said to be well satisfied with them and pleased with the service, and requests for new machines are being received daily. The following are the new telephones installed since the publication of the last directory:

6—Allin Ice Co., office, 314 Aylmer.
343—Banks, C R, sporting goods, 321 George.
271—Bradshaw, H, Grocer, 352 Charlotte.

263—Porter, W M, butcher, 325 George.
170—Webb, Rev. J R, residence, 344 Rubidge.

**Without Colds no Lung Trouble**

A person may be predisposed to consumption by heredity; he may be in unsanitary surroundings and breathe impure air; but the beginning of trouble is always a neglected cold. In thousands of Canadian homes Dr. Chase's Syrup of Linseed and Turpentine is kept at hand as a sure cure for coughs and colds and a protection against disease of the lungs.

**Thaw Pictures**
Only two more days to see these great moving pictures at Scott's Coliseum, 432 George street. This is the last chance you will have of seeing these pictures in this city. Change of programme, Thursday, "The Jilted Lover," a very comic picture. Admission 5c; Matinee, 2 to 5; evening, 7 to 10.

**Orangemen's Meeting**
A special meeting of L. O. L. No. 80, will be held on Wednesday evening, May 22nd, in the Orange Hall, Simcoe street, at the hour of eight o'clock. A cordial invitation is extended to the officers of L.O.L., No. 1175; also the 'Prentice Boys and True Blues, to be present at the meeting, as matters of importance are to be discussed.

**First Trip of Season to Stoney Lake Per Steamer Stony Lake**
Spend the 24th of May and the following day up the lakes. The steamer Stoney Lake has arranged her first trip to Stony Lake, leaving Lakefield on May 23rd on arrival of the noon train from Peterborough. On May 24th will leave Lakefield on arrival of the morning train, and returning same day in time to connect with 6.30 train for Peterborough. On Monday, May 27, the steamer will leave the lakes in time to connect with the 4.40 train for Peterborough. 4d117

# Personal Mention.

Mr. William Dunlop of Tara, Ont., is in the city visiting relatives.

Mr. Charles Stapleton is confined to [illegible] through illness to-day.

Mr. H. Bradburn, 814 Rubidge [illegible] not receive again this [illegible]

Mr. J. S. McWilliams moved up to his cottage, "Tecumseh," Stony Lake, yesterday.

Miss Darcy Dunlop, of North Monaghan, is in the city visiting her sister, Mrs. Edward Shurter, 465 King street.

Mr. J. B. Leitch of Toronto, manager of the McBurney Lumber Co., of Toronto, was in the city yesterday on business.

Miss Walton and Miss Bryant left this morning for Toronto, where they will visit for a time before going to Muskoka for the summer.

Mr. Amos McWilliams, formerly of town, but now engaged in the Oriental barber shop, Peterborough, spent Sunday in town.—Lindsay Post.

At the meeting in the Y. M. C. A. parlours to-morrow night, in connection with the Teacher's Convention, Mr. Freeland will sing "The Bugler."

Mr. Frank Young, manager of the Stony Lake Navigation Company, left for his home in Young's Point, at noon to-day after spending a day in the city on business.

Mr. Arthur McCollum left to-day for Winnipeg as a delegate to the convention of the Brotherhood of St. Andrew, representing the chapters of St. Luke's, All Saints' and St. John's Churches, Peterborough.

Miss Gertie Finn leaves for her home near Kingston to-day, after spending a pleasant three months' in Peterborough. Miss Finn has made many friends while here who will regret to learn of her leaving the city.

# Benefits Of Cow Testing Shown By N. G. Somerville

## How the Farmers Can Raise the Standard of Their Dairy Here---Convincing Figures From Keene and Shearer Associations Illustrate the Benefits

The interest that has been manifested during the past year in the cow testing associations throughout Canada has been remarkable. Mr. N. G. Somerville of Brockville, through whose industrious work the associations have been formed, is in the city to-day and gave the Examiner some interesting figures regarding the associations at Keene and Shearer's cheese factories to demonstrate the great value of such organizations.

Mr. Somerville stated that at the present time there were 43 associations in Canada, almost all formed during the past few months. These are distributed as follows: Ontario, 19; Quebec, 19; Nova Scotia, 2; Prince Edward Island, 1; British Columbia, 2. He had in his possession a large number of figures showing average production of milk from various herds, the highest and the lowest productions from single cows in the same herds, wherein lies the principal benefits of the associations.

**Some Plain Facts**

For the month ending April 25, Mr. Somerville showed the figures pertaining to the productions of the various herds in the Keene Cow Testing Association. The average monthly production of one particular herd for the month was 660 lbs. of milk. The average test was 3.2 lbs. of butter fat to 100 lbs. of milk, and the average number of pounds of butter fat per cow was 21.6.

In the same herd, the highest individual production of milk for the month was 855 lbs., the average test being 3.1. The lowest individual production was 340 lbs., the average test being 3.3. It will thus be seen that the best cow in that farmer's herd gave 515 lbs. of milk more than the poorest, both being fed by the same fodder and living under similar conditions. The farmer is therefore in a position to know just what cows are making the most money for him, and those which he should fatten and dispose of.

The average milk production of another herd belonging to a farmer of the Keene Association was 779 lbs. The average test was 3.1 and the average production of butter fat, 24.6 lbs. The highest individual productions of milk was 1,120 lbs., and the lowest was 425 lbs, a difference of almost 700 lbs. In round numbers the best cow earned $7.00 per month more than the poorest, but the best part of the calculations is that the owner knows the figures and the poorest cows in his herd.

**Shearer Association**

Figures were also taken from the paper showing the standing of the farmers in the Shearer Association. For one herd the average milk production was 605 lbs. for a month, the highest individual production, 755, and the lowest 310 lbs, making a difference of 445 lbs. or about $4.50 for the month.

The best cow Mr. Somerville has met in his travels was one in the Brockville section, which in one month produced 2,200 lbs.

From the above it will be seen that if the farmers belonging to associations do as they should, the average production of the Canadian Dairy cow will be raised considerably by fattening or disposing of the poorest of the herds.

Mr. Somerville will see that testing is done at any cheese factory in the county where patrons of the factory will agree to take samples of milk from the individual cows. To do this it will be necessary to weigh the milk of each cow three days per month, place samples of the milk of these three days in a separate bottle for each cow so that it may be tested. As soon as the calculation are made, statements will be sent to the various patrons.

Mr. Somerville was pleased to hear that the salesmen selling on the Peterborough Board were refraining from selling cheese too green. He heard some complimentary remarks from Mr. Publow at the meeting of the Brockville Board last week along this line. Mr. Somerville will remain in this district for a few days looking after the various associations.

# English Immigrant Answers Charges Of Dissatisfied One

## Harry Neville Points Out That if Englishmen Are Willing to Work They Can Get Along Here.

## HIS OWN EXPERIENCE

Cavan, Ont., Canada.
May 17, 1907.

Dear Sir, — I read with both amazement and amusement, the account of your interview with Mr. Pitcher, published in your weekly issue of yesterday's date, and I shall esteem it a favour if you will kindly allow me space in the next week's issue of your valuable paper, the Examiner, to offer to you the other side of the question (for, as you know, there are always two sides to every question) and at the same time to apologize to the farmers of Canada, and to those particularly in Cavan to whom Mr. Pitcher refers, not for the fact that I am an Englishman, but because I am sorry indeed to know they have been "pestered" with such a greatly "dissatisfied" one. I can only hope that no more of this sort will "dump" themselves around here.

I came to Canada twelve months ago, landed in Peterborough May 26, began work on a farm next day, and stayed with my then employer till fall; and I may say that he was not at all a bad sort.

Incidentally, I had never been on a farm in my life before, and my first job was to handle 200 loads of manure right away—not at all a bad test for a man who had up till then led a "free and easy" life, was it? But I managed to pull through all right.

However, I am not writing of myself or of my doings in particular, but I should like to say that I have met Mr. P., on several occasions, and can assure you that on each one he has had a "grumble" about something or the other which did not suit his ideas, as an "English gentleman's son."

I can personally assure Mr. P. that he is not the only son of a gentleman who has come out here, but because he happens to be one, he must not expect people to "bow down and worship" him, but he must, when he lives with a farmer either accept the situation and fight it out, or retire gracefully, and say nothing about it.

I have good authority for telling you that when Mr. P. left his last place, he was very anxious to be reinstated, but his "boss," good man, though I know him to be, could not see his way to keep him, and, I presume, in his usual gentlemanly way, told him so.

If Mr. P. does write to the leading English papers about receiving bad treatment at the hands of farmers around here, I give him the "lie direct," and challenge him to find a "wrong" man in Cavan, as most certainly his employer is not.

The farmers around here are certainly not intending to sell out on account of not being able to obtain Mr. Pitcher's assistance, and I venture to predict that, if it takes him as long to learn a trade as it did to learn even the most elementary rudiments of farming, it will be a long, long time before Canada sees him again.

Finally, may I say that I personally am quite satisfied with the place I am in and also with the people, and I can assure you that I have met with nothing but kind treatment and cheering words from them as well as from all our neighbours with whom I have from time to time come in contact, and which I am sure would be extended to every genuine man who settles here, but which a man who is "looking for work, and hoping to goodness he doesn't get a job," certainly has no right to expect.

Apologizing for troubling you, and wishing you and your paper every success,

I am, dear sir,
Very faithfully yours,
HARRY NEVILLE.

To the Editor of the Weekly Examiner, Peterborough, Ont.

# CANADIAN NORTHERN CARS SHIPPED

## This Company Sends Many New Cars Over the Lines of the C. P. R.

That the Canadian Northern is making a big effort to place its rolling stock equipment in such shape that it will be able to cope with the demands being made upon it in the west, is evident by the number of cars being shipped to the Company over the lines of the C.P.R. Every day for some time now whole trains of new cars for the Canadian Northern are passing through Peterborough, and these cars serve two purposes. In the first place the C.P.R. loads them with merchandise for the west, which does away with the necessity of using one of its own cars and at the same time it adds to the equipment of the C.N.R., which during the past winter has been sorely in need of cars.

# WILL PROBE WRECK AT MYRTLE

## Summons Issued for Engineer, Conductor and Despatcher, all of Whom Are Charged with Negligence.

Whitby, Ont., May 20.— Crown attorney Farwell proposes to probe to the bottom the Canadian Pacific Railway wreck that occurred near Myrtle. High Constable Calverley has served summonses on Hugh Kyle, engineer of the freight train; J. J. Cook, conductor, and Geo. H. Wilkinson, train despatcher.

All three are charged with negligence, leading to the infliction of grievous bodily harm on Harry Howe, brakesman. Crown Attorney Farwell intends to institute a vigorous investigation into the method of despatching trains on the Canadian Pacific Railway.

Nerves Gave Out, Almost in Despair

TWO SEVERE CASES OF NERVOUS PROSTRATION WITH WHICH DOCTORS COULD DO NOTHING CURED BY

Dr. Chase's Nerve Food

Mr. Wm. Graham, Atwood, Ont., writes: "My wife had been ill for some time with nervous prostration, and we had two of the best doctors we could get, but neither of them did her any good. She gradually became worse and worse, could not sleep, and lost energy and interest in life. She was almost giving up in despair, when a friend advised a trial of Dr. Chase's Nerve Food.

"From the first box of this preparation my wife used we noticed an improvement, and after using six boxes she is completely cured, and as well as ever she was—eats well and sleeps well, and feels fully restored. I cannot say too much in praise of this valuable medicine, and am satisfied that my wife owes her life to the use of Dr. Chase's Nerve Food." This cure is certified to by Mr. C. H. McFarlane, druggist, Atwood, Ont.

Mrs. Alf. Stevens, Burgessville, Oxford County, writes: "Two years ago last November I was run down, and did not know what was wrong. I could not sleep nor eat, and at last my nervous system gave way entirely, and I had to go to bed. The doctor told me I had nervous prostration, and, though he doctored me for some weeks, I did not get any better.

"I then began the use of Dr. Chase's Nerve Food, and by the time I had used six boxes I was entirely cured. People remarked how well I looked, and I said, 'Yes, and I feel well, that is the best of it, and Dr. Chase's Nerve Food did it.'"

Dr. Chase's Nerve Food cures diseases of the nerves in the only natural and effective way—by enriching the blood and creating new nerve force; 50c a box, six boxes for $2.50, at all dealers, or Edmanson, Bates & Co., Toronto.

Mallory CRAVENETTE HATS

We want you to see this new line of fashionable hats, if for nothing else than to learn what are the latest and most approved metropolitan hat styles

The famous Priestly Cravenette process, which makes the Mallory Cravenette Hat rain-proof, gives it added wearing qualities. A Mallory Cravenette Hat will stay new until you get the value of several new hats, and yet it costs no more than other hats of equal quality and style.

All the fashionable shapes and shades. See them before you choose your Spring headwear.

# ANNUAL MEETING OF MISSION CIRCLE

**Interesting Address Was Given Last Night at Park Street Baptist Church by Rev. J. R. Webb**

## ANNUAL REPORT PRESENTED

The annual meeting of the Women's Mission Circle was held last night at the Park street Baptist church. The president, Miss M. Mann, occupied the chair, and the friends rallied well, a large delegation being present from the Murray street Circle. A long table, the whole length of the church, was temptingly spread with refreshments.

The president, in introducing Rev. J. R. Webb, referred to the fact that eleven years ago to-morrow, the Circle was organized. Miss Walton of Gilmour, who was present, and gave an address, was present at that historic meeting. The Circle had done some splendid work, and the motto for this year was that taken by the World's Sunday School Convention now in session at Rome, viz., "It is the whole business of the Church, and it is the business of the whole Church, to give the whole Gospel to the whole world."

Mr. Webb's address was a comprehensive pronouncement on Missions from Acts first chapter, "Ye shall be witnesses unto Me in Jerusalem," which was home — Park street. Here the Kingdom of God should be extended and established. He spoke of the new church enterprise and believed that every man, woman and child would make a real sacrifice to complete the building of the new church. "Judea," was Home Missions; "Samaria," was Grand Ligne work, among the Roman Catholics of Quebec. "The uttermost parts of the earth" was the Foreign Mission work in India, and Bolivia, especially in charge of the Canadian Board.

The choir mustered in great force. Miss Lee and Mr. Jas. Tranter sang a duet most effectively, "There is no love like His love to me."

The secretary, Mrs. Joseph Johnston, read the following report:

We have a successful year's work to report for our Circle. Ten meetings have been held during the year, and ten new members have been added to our roll. On May 8th the the annual meeting for the election of officers was held; in December the entertainment with thank offering and social. The proceeds were divided between Home and Foreign Missions. We are entering upon another year with every prospect of still greater success for our circle. There are twenty members on the roll.

The following is the treasurer's report:

| | |
|---|---|
| Circle members | $17 20 |
| Thank offering | 5 00 |
| Huntsville church | 2 00 |
| | $24 20 |

The ladies worked hard to make the evening profitable. Mrs. Bruce and Mrs. Mowry welcomed the visitors, while the other members were busy with the programme and the refreshments.

An interesting service with a liberal thankoffering rewards their efforts. A short congratulatory address was given by the pastor, who introduced a very important item of the programme when all made for the richly laden tables.

# MR. HARRY NASH MET WITH AN ACCIDENT

**His Knee Pierced With a Large Needle**

The many friends of Mr. Harry Nash of North Monaghan will regret to learn that he met with a rather serious accident at the Cereal Works last night, which necessitated his removal to the Nicholls Hospital. He was engaged in bagging by machine. The bags are sown by needles, and it was one of the large needles that entered his knee and inflicted a severe wound. He was given immediate medical attendance, and it is hoped that he will soon be around again.

Photographs OF Most Desirable Property

# 50 New Appointments For Normal Schools

**The Staff at School in Peterborough to be Filled From Existing Staffs—Education System to be Re-organized.**

## NEW NORMAL SCHOOLS

Toronto, May 21.—(Special.)—It is understood that the reorganization of the staffs of the Normal Schools of the Province, to meet the demands of the newly established institutions, will shortly take place. Though nothing may be announced for some time, it is thoroughly understood that the education authorities have the matter of new appointments in consideration. The educational system of Ontario is really on the eve of complete reconstruction. The new Department of Education in Toronto and another in Queen's University are being organized in place of the Normal College at Hamilton for the training of High School teachers.

The four new Normal Schools that are to be established at Peterborough, Hamilton, Stratford and North Bay are in course of construction, and the accommodation of the existing schools at Ottawa, Toronto and London is to be increased to 200 students each, the reconstruction of the buildings to take place this summer. This increased accommodation has been rendered necessary by the abolition of the county Model Schools, which formerly furnished teachers for the rural schools.

The new Normal Schools will open a year from September. This and the increase necessitated by the enlargement of the existing schools will mean the making of at least fifty new appointments to positions on the teaching staffs of the Normal Schools and on the faculties of educations in the universities.

It is believed that some of the vice-principals of the new active Normal Schools will be transferred to principalships of the new schools, and the subordinate staffs appointed from the ranks of active teachers who have proved their ability in their respective spheres.

# PETERBOROUGH BOY ALMOST MURDERED IN MICHIGAN

**Rival in Love Shot His Lady Friend on the Street and Put Three Bullets Through Him—Joseph Turcotte the Victim of Murderer's Wrath.**

## HE HAS RELATIVES HERE

A remarkable instance of jealousy in love in which a former Peterborough boy was one of the central figures has just been heard of in the city. As a result of the romantic complications a tragedy has occurred in the town of Oscoda, Mich., and Joseph Turcotte, formerly of this city lies dangerously ill in a hospital in Bay City, with three bullet holes through his body. The alleged perpetrator of the deed is now behind iron bars in the prison in Oscoda awaiting trial for the murder of a young girl and the attempted murder of young Turcotte.

The Turcotte family once resided in Peterborough. They left a number of years ago for Michigan and have been living in Oscoda ever since, where Joseph Turcotte, Sr., is the owner of a foundry. His son, however, returned to Peterborough, and remained here until 2 years ago. He is a cousin of Mr. Frank Fountain, who resides at the corner of McDonel and Donegal streets, and is well known to many in Peterborough. Mr. Fountain yesterday received the "Oscoda Press," giving a lengthy and detailed account of the terrible crime in which his cousin barely escaped death, and in which a young girl was shot through the heart and killed.

**Jealousy the Cause**

The murder occurrred one week ago to-day, and, according to the Press, was done in a fit of jealousy by a man named Mundy. Young Turcotte was walking along the street in front of his father's foundry with the lady when they were suddenly accosted by the prisoner. He first fired on the lady whom he claimed had played him false in love and killed her. His wrath was next spent upon her escort and Turcotte was shot in the abdomen, shoulder and elbow.

The wounds did not prove fatal and the young man is now in a hospital in Bay City. Mr. Fountain has since received a letter stating that the young fellow is improving under medical treatment and that he may recover.

Mundy, who is accused of committing the crime was captured by the police and is now in prison awaiting trial for his life. The whole trouble is ascribed to jealousy which, according to immortal Shakspere is, "the green-eyed monster that doth mock the meat it feeds on," and the trial is expected to be a prominent one in the courts of Oscoda.

# SALVATION ARMY PLACES NEWCOMERS WITH FARMERS

**About Twenty Immigrants Arrived in City From Steamer Southwark—Places Found For Them.**

## TWO HOLLANDERS HERE

Yesterday, passengers from the S. S. Southwark, the special steamer chartered by the Salvation Army to transport their immigrants to Canada, arrived in the city, and the majority of them have been placed with farmers in the county, preliminary arrangements to this effect having been made. About twenty immigrants remained at Peterborough, and the majority have gone to the farmers. About six were at the Barracks, among them two Hollanders, electricians, for whom places were sought by Staff Capt. Wiggins. They could speak only what English they learned on the steamer on the voyage across. They will be sent on to Toronto in the hope that they can be placed in positions there.

Over 1,000 persons came by the Southwark this trip, all of them Army immigrants. They were distributed mainly between Montreal and Toronto. The whole passenger accommodation had been reserved, and this is the fifth exclusive charter that the Army has had on trans-Atlantic boats this season.

One contingent of domestics, numbering over 40, was placed in the Army Servants' Hostel on Yonge street, Toronto, where they will be accommodated until they enter the situations provided for them. Work had been secured for all, the majority entering the service of farmers in New Ontario. The party included many families.

A special feature was a party of 100 Dutchmen, who have come direct under the management of an Army officer.

You'll like them — Tindall's spiced buns—fresh this morning.

**Roll Call**

To-night the annual roll call of the members of the Charlotte street church will be held.

## OBITUARY.

**MRS. WM DOBBIN**

The death which occurred at the Nicholls Hospital this morning of Mrs. William Dobbin, removes an old resident of the city at the advanced age of 84 years. The deceased was a sister of the late Mrs. Jos. Ford, and came to Canada in 1853. A few weeks ago she had a very serious fall, resulting in a fracture of the hip. It was thought by the physician in attendance that at her age very little hope could be held of even partial recovery, and, gradually growing weaker, she passed away to-day. The funeral will take place to-morrow from the residence of her son-in-law, Mr. F. H. Dobbin, and will be private.

**MR. FRED LOGAN**

This morning Mr. Wm. Logan, 221 Brock street, received a telegram from Rochester, N.Y., informing him of the sudden death of his son, Fred, in that city last night. Beyond the bare fact that he died suddenly while sitting in a hotel, nothing definite is known here. The deceased was 30 years of age, and had been a resident of Rochester for several years. Before leaving Peterborough he was employed as a clerk with Mr. H. LeBrun, and was respected by those who knew him. He was a member of Otonabee Lodge, I.O. O.F. Deceased was unmarried and leaves his father and mother and four sisters, all of whom live in this city and are most highly respected, and have many friends who will deeply sympathise with them in their bereavement.

# THE TUG "BOB HALL" HAD MAIDEN TRIP

**Is a Success and a Credit to the Builder, Mr. Hickey**

The new tug Bob Hall made her initial run yesterday, and her performance was a source of gratification to her builder, Mr. Geo. Hickey. The trip was a success, and Mr. Hickey's venture in tug-building has proved that he is as skilful as in the building of larger vessels. The Bob Hall will be busily engaged in different work in this locality, and especially if there is as much dredging on there was last summer.

# DISTRICT MEETING WAS HELD

**Annual Gathering of Methodist Church Representatives in This District Held in Mark Street Church**

There was a full attendance at the opening of the annual meeting of the Peterborough District of the Methodist church, at the Mark street Methodist church this morning, when the Ministerial session was held. Those present were: Rev. Dr. Crothers, chairman; Rev. J. G. Lewis, Financial Secretary; Rev. H. M. Manning, Peterborough; Rev. G. R. Clare, Millbrook; Rev. W. J. Wetherell, Fraserville; Rev. M. E. Sexsmith, Cavanville; Rev. Dr. Marvin, Bethany; Rev. J. F. Chapman, Pontypool; Rev. J. Bedford, Lakefield; Rev. Dr. Metzler, Bridgenorth; Rev. Geo. Nickle, Warsaw.

The following probationers were were present and passed an oral examination on doctrinal questions with credit:—A K Edmison, Millbrook; J E Robinson, Victoria College; A J. Jones, reported from college district circuit meeting. The character and conduct of these men passed under view.

Provision was made for the revision of the different reports of the circuits, and Rev. Dr. Metzler was appointed to do the work.

This afternoon the open session is being held, opening at 1.30.

**Nurse Tells Of Eczema Cure**

Mrs. C. Stanley Jones, professional nurse, 283, Simcoe street, Toronto, writes: "In my occupation as nurse I have come across many cases in which Dr. Chase's Ointment has been used with extraordinary results. One case is that of a sixteen months old child who was cured of scald head and another that of a woman cured of eczema on the face after the doctors had given her up."

Call at our New Office and get full particulars and list your property with us. One door outh of the Colloseum. Open until nine every evening. Phone 54

**A LOVELY HOME OF YOUR OWN**

RENTERS! Why continue to pay rent when there is nothing to prevent you securing a home of your own on as easy terms as the rent you are now paying to enrich your landlord, and impoverish yourself.

STOP AND CONSIDER! If you buy, in ten years you will own a valuable property, whereas if you continue to rent you will very likely be as poor as you are to-day.

I offer you a block of 4 Lots for $350, or 8 Lots for $600. Choice garden land on "Western Ave.," adjoining The Sand Stone Brick Co.'s grounds, fifteen minutes walk from Electric. Shovel and Cardage Factories, close outside the City's Taxes and Restrictions, with school at hand and in the way of the city's most rapid growth. Can you afford to let this pass to wiser men for a paltry $10 cash and $5 monthly? Buy at once and plant your garden — delay means loss to you.

Farm 100 acres near city for Sale, Exchange or Rent. Terms to suit a quick buyer. Only $25 per acre for short time.

T. HURLEY, Owner, 332 Hunter Street

## THE RAILWAY RACE.

Has the Whitney Government made an entry for the railway race to Hudson Bay? The Dominion Government has taken steps to test the feasibility of a railway from Saskatchewan to Fort Churchill, on that great inland sea. An exploration has been made of the entire route, and information secured showing that such a railway would not be a very expensive undertaking, and that at small cost the harbour of Churchill can be kept open all the year. The government has already expressed the opinion that such a railway would relieve the congested condition of traffic in the Northwest, and has also favourably received the suggestions of Northwest members to assist such an undertaking. Such a railway is called for; if it will help solve the problem of the transportation of Western wheat to the British markets, and constitute a branch of Van Horne's metaphoric "spout." Though pessimistic views are taken of the wheat crop this year, this is only one year of many decades to come. There is no doubt that in the next few years there will be a tremendous increase of acreage and yield of Western wheat. Immigration is pouring into the West and there is land for the people of a continent. Not one-tenth of the wheat growing area is under crop. There are vast stretches of grain growing land in the Northwest of which the general public have little or no idea. There is a settlement at Fort Vermillion on the Peace River, several hundred miles north of Edmonton. This is the most northerly point in Canada at which agriculture is pursued, as a regular occupation. This fact is the distributing point for an area of six hundred miles in length by two hundred in width. The region is very fertile, harvests of wheat, oats, and other cereals are constant and good. They are said to equal in quality and quantity the harvests per acre of Manitoba or Saskatchewan. The warm currents from the Pacific cross the mountain and find their way down the mountain passes and maintain a fairly even temperature. With the prospects ahead of immense grain production the duty of providing outlets is urgent. Railway construction to Hudson Bay and elsewhere, and enlargement and construction of canals are imperative. Though the same reasons do not suggest the extension of our Provincial Railway to Hudson Bay, yet, there are sentimental, as well as substantial, reasons why the first province of Confederation should be the first to open access to the northern seaboard. There are, besides, substantial reasons. The country which will be opened up by railway will thus have an outlet and medium of development of its great natural wealth.

As far as Mr. Winston Churchill, Under Secretary, for the Colonies, and the present Administration, are concerned, there is no hope for British preference for colonial food stuffs imported into Great Britain. He declares that the present government has not only banged the door against imperial taxation of food, but has locked and bolted it, and will never give a farthing preference to as much as a single peppercorn. If Mr. Churchill is speaking the mind of the present Liberal Government, the masses need not fear that the food of the poor of Britain will be taxed. No chance will be permitted speculators to exploit the food supply of the people, and "squeeze some shameful profit out of the scanty pittance of the weak and poor." This is the attitude we should expect a government to take, actuated by Liberal principles, which always stand for protection of the rights of the masses and equal justice to all.

**High Standards.**

The high standard of workmanship demanded by the makers of the New Scale Williams Piano have attracted to them the very best of skilled labor. Every workman in their large factory at Oshawa is an artist in his particular line, and the pride they all take in the product of their united labor "The New Williams" is one of its best guarantees of excellence.

## THE TREE AND ITS FRUIT

The temperance people are not always as deep thinking as enthusiastic. They enthusiastically condemn the Whitney Government on the head of the three-fifths clause, and as enthusiastically applaud the same Government for declining to grant licenses in municipalities where local option bylaws have been quashed on account of technicalities. Fancy a man cursing a thief because he stole his money, and gushing with gratitude because he left him his purse. Thankful for small favours, these temperance people seem to ignore the fact that infinitely fewer local option bylaws have been voided on technicalities than have been killed by the three-fifths clause. If the Government would refrain from granting licenses in municipalities where local option was defeated by what many may call an overt-technicality — the jug-handled majority clause—there would be some excuse for gratitude, and some indication of the first condition of amendment—repentance. The Simcoe district meeting, which recently blamed and praised the Whitney Government on the lines indicated above, expressed its faith in the speedy attainment of Provincial prohibition. Temperance people will never see prohibition so long as they permit themselves to be made the sport of politicians and, as a measure of their sincerity, combine to defeat, at the polls, a premier who was a true and avowed friend of prohibition, and take in his stead an avowed enemy of prohibition. 'Do men gather grapes of thorns, or figs of thistles?"

Miller's Compound Iron Pills. Only 25 cents for 50 doses. Sold by W. Madill

## EDITORIAL NOTES

A Toronto clergyman wants a law passed to compel store blinds to be pulled down on Sunday. He is, says the London Advertiser, one of the extremists who discredit nearly every good cause.

The recent successful negotiation of notes to which a prominent farmer's name was forged, by a swindling stranger, would not have been so easy if the managers of some banks in Guelph had not themselves been so "easy."

Canada is not doing badly under the blessing of Divine Providence, and of a progressive Liberal Government. It is not a bad showing that in the past year the trade of Canada has increased over ninety-two millions of dollars; that with a decrease of the public debt of $10,000,000, there remains a surplus of $18,000,000, an amount about equal to half of the total revenue of ten years ago. The trade of Canada is now $612,581,351, an increase of $142,420,062, in two short years.

The Toronto News in one of its frequent relapses from the independent role, comes to the aid of the Government in the Orangeville case. It asserts that the case is "discussed in too much in what looks like an endeavour to strike the Whitney Government over the shoulders of the court." Why not? If the Whitney Government is responsible for the administration of justice, it naturally follows that it must accept responsibility for the miscarriage of justice, such as has too evidently taken place in the Wells-Jackson case. It is asserted that political reasons dictated the course pursued, but no one fixed the blame on any particular party until the News assumed to "accept service" on behalf of the Whitney Government.

At a "holiness" meeting at Stittsville, near Ottawa, a young "evangelist" named Johnston, undertook to work a miracle by faith. He had selected a cripple named Green, and placing him on the platform, after an address, took the lame man by the hand and commanded him to walk, but he didn't walk and the miracle didn't materialize. This circumstance does not necessarily discredit the fact of miracles in the earlier days of Christianity. The would-be miracle worker at Stittsville failed in the first condition of miracle-working—honesty of intention and suppression of self. He wanted glory of it himself. He advertised his miracle, got a large crowd to witness his proposed triumph and was of course, disappointed. If he had had as much faith in a higher power as he seemed to have in himself, he might have been the medium of a miracle instead of being the author of a failure.

**THIRTY-THREE MEN ON ONE COTTAGE**

This Number Employed on New Palatial Summer Residence of Mr. A. L. Davis at Stony Lake

Mr. Jas. Froude, who is building the palatial cottage at Stony Lake for Mr. A. L. Davis, was in the city yesterday, and left this morning for the lake again with three more men, making thirty-three men now on the job. This residence, which will be the finest at Stony Lake will, it is expected, be ready for occupancy in time for this summer.

**TUMORS CONQUERED**

SERIOUS OPERATIONS AVOIDED

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

The growth of a tumor is so sly that frequently its presence is not suspected until it is far advanced.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse monthly periods, accompanied by unusual pain, from the abdomen through the groin and thighs.

If you have mysterious pains, if there are indications of inflammation or displacement, secure Lydia E. Pinkham's Vegetable Compound right away and begin its use.

Mrs. Pinkham, of Lynn, Mass., will give you her advice if you will write her about yourself. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge.

Dear Mrs. Pinkham:—

"I take the liberty to congratulate you on the success I have had with your wonderful medicine. Eighteen months ago my periods stopped. Shortly after I felt so badly that I submitted to a thorough examination by a physician and was told that I had a tumor and would have to undergo an operation.

"Soon after I read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After trying five bottles as directed the tumor is entirely gone. I have been examined by a physician and he says I have no signs of a tumor now. It has also brought my periods around once more, and I am entirely well."—Fannie D. Fox, 7 Chesnut Street Bradford, Pa.

**StopsHeadache**

Zutoo, the Japanese headache cure, is a friend in need.

Don't without a trial, condemn it as something that will hurt you.

Taken when you suspect a headache, it will ward it off. Taken later it will cure the headache in twenty minutes. In every case it will leave you feeling good. It is harmless as the soda which is one of its ingredients.

If it does not do all that is claimed for it, then discard it. But don't confound it with the drug cures and condemn it without a trial. That isn't fair to

**Zutoo**

# W. M. S. HELD THEIR ANNUAL MEETING

**Charlotte Street Methodist Church Ladies are Doing Excellent Work to Aid Missions—Past Year Progressive One**

## ADDRESS BY MRS. MORROW

The annual meeting of the Woman's Missionary Society of the Charlotte Street Methodist Church was held last night in the Sunday school room. There was an encouraging attendance, showing an increased interest in mission work, proving that the ladies are doing their share in spreading God's Word among the unenlightened.

Mrs. (Rev.) Kilgour, president of the society, occupied the chair, and led in the usual opening exercises.

Mrs. Morrison gave a reading that was in taste, and was well received Mrs. H. B. Collier favoured the assemblage with a vocal solo, after which Mrs. Morrow, late of Victoria, B. C., gave an interesting address on the greatly improved opportunities for missionary work in China. In late years, the speaker said, the doors of that country have become opened to missionaries, which is a matter for thankfulness. She gave instances of Chinese girls who became Christians and who worked a great change in the home life of the family. The address was an excellent one, and brought home to the members of the society the actual work being accomplished.

**Greetings From Visitors**

Following Mrs. Morrow's address, the representatives from the missionary societies of the other churches spoke, referring to the progress being made in the movement.

Mrs. (Dr.) Hunter, of Murray Street Baptist Church, addressed a few words to the gathering, thanking the ladies of the Charlotte Street Church for their kind invitation. She mentioned the wonderful work that has been done in China in the past few years, and expressed the hope that it would continue. Mrs. (Rev.) J. G. Lewis gave a greeting from the Mark street society on behalf of the president, Mrs. Spier, who was unavoidably absent.

Mrs. Alum, treasurer of the society, presented her report as follows:

In presenting our annual financial report, we are glad to tell of an increase of nearly $12 over the previous year's income.

| | |
|---|---|
| Annual members... ..... ..... ..... | 42 |
| Honourary members..... ..... | 1 |
| Life members... ..... ..... ..... | 3 |
| Total... ..... ..... ..... ... | 46 |

**Receipts**

| | |
|---|---|
| Balance in treasury from previous year... ..... ..... ..... | $ 2 70 |
| Annual members' fees..... ..... | 43 00 |
| Missionary sermon..... ..... | 5 56 |
| Mite Boxes..... ... ..... ..... ..... | 1 63 |
| Donations from auxiliary members..... ..... ... ..... ... ... | 29 20 |
| Easter thank offering..... ... ... | 30 00 |
| Bank interest..... ..... ..... ..... | .22 |
| | $112 31 |

**Expenditures**

| | |
|---|---|
| Sent to branch treasurer... ...$104 19 | |
| Treasurer's receipt book... ... | .14 |
| Delegate's expenses... ... ... ... | 1 60 |
| Life member's pin and certificate..... ..... ... ... ... ..... | 3 25 |
| Postage and money orders..... | .68 |
| Balance in treasury... ... ..... | 2.45 |
| | $112 31 |

We notice among our members a growing interest in the mission work. This has been evidenced in a very practical way, for, while during the year 1906 we had received nearly $30 from public meetings, last year we had only one collection, $5.56. So that, with that exception, our whole revenue was contributed in straight giving by the ladies of our auxiliary.

**"Olive" Mission Band**

Miss Sophie Elliott read the report of the Olive Mission Band, showing that considerable progress had been made by this society of young ladies. The report was as follows:

In reviewing the past year we are thankful to be able to report progress and increasing interest in the Mission Band, and we appreciate very highly the interest shown by the mothers and the practical assistance given us by many friends.

During the year we have quilted two quilts, kindly donated by Mrs. Hawley. We have now three quilts on hand. If any of the congregation know of a needy case we would be delighted to dispose of the quilts in this way.

Our Easter thankoffering amounted to $8.03. In June a picnic was held at Jackson Park, and although the weather was unfavourable an enjoyable time was spent. Our "Sock social" in November was well patronized. Proceeds, $42.68, a larger amount realized than by last year's social, as some of our friends has such generously big feet.

During Christmas week the girls prepared and sent a box of fruit, candy and nuts to the Indian children at Hiawatha.

Our total receipts for the year amounted to $105.02. Of this amount $25 has been donated to the Chentu school, China.

The membership is 72; average attendance 3.

It is with regret that we report the loss of one of our brighest members by death, little Gladys Lyle.

We hope that the interest in the work will broaden during the coming year, as we have added to our officers Mrs. (Dr.) Neal as assistant President, and Mrs. John Williams as overseer of the Sewing Department.

We again ask the hearty cooperation and help of the mothers, and all friends who have been so kind to us in the past.

The membership is not so large as last year owing to the organization of a Mission Circle of the older girls of the church. Thirty have enrolled their names already, and it is hoped that many others will make use of this opportunity of cooperating in the great missionary work.

SOPHIE ELLIOTT,
Rec-Sec.

Mrs. Kilgour, on behalf of the society, expressed her gratitude to all those who had lent assistance at any time. The meeting was brought to a close by singing "God be with you till we meet again." Mrs. Mrs. (Rev.) Campbell led the meeting in the closing prayer.

**D&A CORSETS**

## COLD KILLS THE GERM

**Lieut. Perry Says There Are No Bald Heads in the Arctic Region**

The people who come back from Klondike testify to the fact that no native bald heads are there. The evidence is that the cold climate kills the germs that eat the hair off at the root. Lieut. Perry, who went to the Arctic regions, gives the same evidence. Newbro's Herpicide has the same effect as the cold climate. It kills the germ that eats the hair off at the roots, and the hair grows again. Herpicide is the first hair remedy built upon that principle of destroying the germ that eats the hair off. Its phenomenal sale demonstrates the correctness of the scalp germ theory.

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. The Market Drug Store. Two sizes—50c and $1.

# THE INSTITUTE WILL STUDY AGRICULTURE

**New Departure Decided Upon by Lindsay Board of Education—Will Benefit the Farmers**

The Lindsay Board of Education has decided to accept the offer of the Ontario Government, and will establish a department for the teaching of scientific agriculture at the Collegiate Institute. That there would be some little risk in entering into the scheme seemed to be the general opinion of the members, but they also felt that, if successful, the venture would greatly benefit Victoria County. The hearty support of the County Council is, however, necessary to secure the success of the project.

If your tongue is coated, try Miller's Granules. Sold by W. Madill.

# SILK FLAG GAVE GOOD SATISFACTION

**Messrs. J. J. Turner & Sons Receive Compliment Upon Excellent Quality of Flag Supplied**

This morning Messrs. J. J. Turner & Sons received the following letter from the secretary of Salisbury Lodge, S.O.E., Brantford:

J. J. Turner & Sons,
Peterborough.

Dear Sir,—The silk Union Jack received: I am well pleased with it. We shall use it on the 26th, when it will hang in Grace Church during our annual service. You will find enclosed order for payment of the flag.

Yours truly,
A. J. STEVENS,
Secretary.

# REGIMENTAL DRILL LAST NIGHT

**Strength of Regiment was 213—Company Manoeuvres on Central Park**

## TARGET SHOOTING ORDERS

Central Park was again the scene of company manoeuvres by the 57th Regiment last night when the weekly drill of the Rangers was one of the best of the season. The regiment is now getting into superb condition and by the first of July, the date of the annual outing, should make an excellent showing in the city of St. Catharines.

The target practices which occur almost nightly are being well attended and the men are taking a great deal of interest in them. Before efficiency pay is received, each man must qualify in the shooting practices and will be required to continue shooting until he does qualify.

The total strength of the regiment last night was 213, officers and men.

The following orders, issued by Lieut.-Col. Miller, were read by Major Clegg, in the absence of the adjutant:—

1.—Detail of duty for week ending May 28, 1907: Captain for the week, Capt. Watt; next for duty Capt. Bennet. Subaltern for the week, Lieut. Comstock; next for duty Lieut. Best.

2. Every N.C.O. or man who fails to qualify for efficiency pay in the first shooting practice will continue to shoot at each practice of his Company until he does qualify.

3. The Commanding Officer has been pleased to make the following promotions:—"B" Company to be Corporal, provisionally, Pte. Austin Gray; "C" Company, to be Sergt., provisionally, Corp. E. Wood.

4. Leave of absence from parade is hereby granted the following officers: Capts. Walker, Cluxton, Lieut. Comstock and Lieut. James Clarke.

CAPT. WALKER,
Adjutant.

# PUT CROP IN AT THE HOUSE OF REFUGE

**Prospects for a Good Yield—Another Inmate is Admitted**

The crop has been put in at the farm in connection with the House of Refuge, and it is reported to be in excellent condition, with good prospects for a satisfactory yield.

Another inmate has been admitted, Mr. John Farthing, of Lakefield, who applied for admission to the institution, and was accepted.

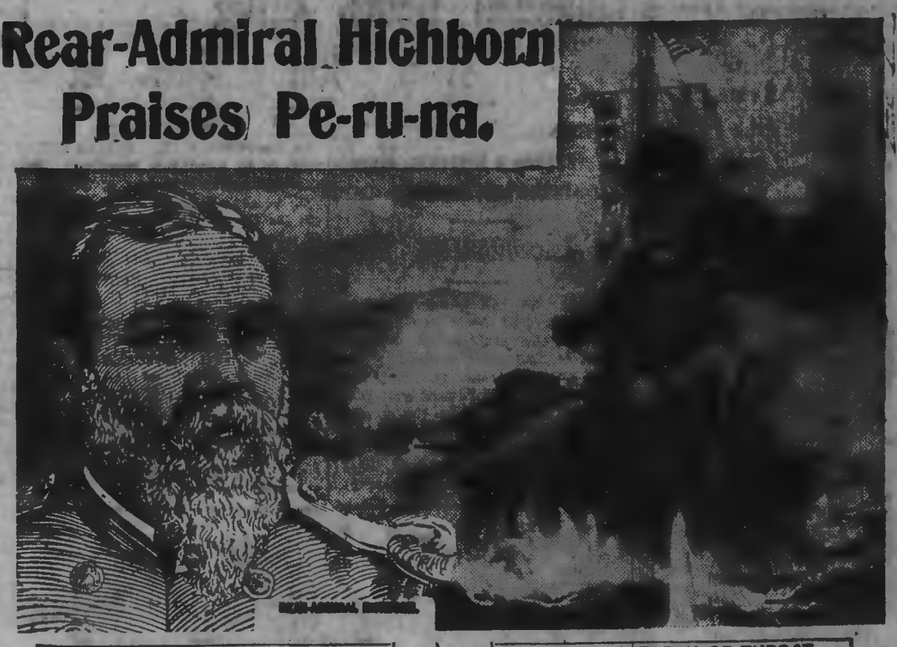
# Rear-Admiral Hichborn Praises Pe-ru-na.



**ADMIRAL'S WORDS CARRY WEIGHT.**

REAR-ADMIRAL HICHBORN is one of the best known admirals of our navy.

His statement concerning Peruna will have much weight as it goes out into the world.

What he says is echoed by many other naval officers of high standing.

**WHAT THE ADMIRAL SAYS.**

Philip Hichborn, Rear-Admiral United States Navy, writes from Washington, D. C., as follows:

*"After the use of Peruna for a short period, I can now cheerfully recommend your valuable remedy to any one who is in need of an invigorating tonic."—Philip Hichborn.*

**AN EVERPRESENT FOE.**

The soldier and the sailor are especially subject to catarrh in some form or phase.

Exposed as they are to constant changes, subject as they are to various vicissitudes, and all kinds of climate, wet and dry, night and day, they find catarrh to be their most insidious and everpresent foe.

In the barracks and on the field, Peruna is equally efficacious.

Taken at once after exposure, it should prevent catching cold.

**PE-RU-NA A RELIABLE REMEDY.**

After a cold has become established, Peruna will break it up as quickly as any other remedy known.

Even after a cold has become settled in some organ of the body, Peruna can be relied upon to promptly dispel it.

Peruna will relieve catarrh, whether acute or chronic, but a few doses taken in the first stages of the disease will be more effective than when the disease has become chronic.

If you suffer from catarrh in any form, do not neglect it. Take Peruna at once. Delays in such matters are dangerous.

**CHRONIC CATARRH OF THROAT.**

"I was troubled with catarrh of the throat particularly, and suffered considerably as a result thereof for a period of about five years, and my general health was affected.

**SOUGHT CHANGE OF CLIMATE.**

"Three years ago I was forced to give up business, and took up my residence in the Western country, looking for relief in change of climate as well as a change in the method of treatment for my ailment.

**RELIEF IN PE-RU-NA.**

"After much expense, both here and in the West, I was induced by a friend to try Peruna. I continued the use of it for about five weeks, at the end of which time I returned to New York, both well and happy."—Wm. H. Switzer, 235 E. 83rd street, New York City.

**USED PE-RU-NA IN HIS FAMILY.**

"I have used Peruna in my family with very satisfactory results for the last two years. Besides I have recommended it to all whom I think are in need of it.

"I urge all who are afflicted to buy a bottle and begin its use at once. I have never heard of any who have used it to be dissatisfied with the results."—Frank W. Harris, box 26, Basic City, Va., member A. F. & A. M.

**A TYPICAL TESTIMONIAL.**

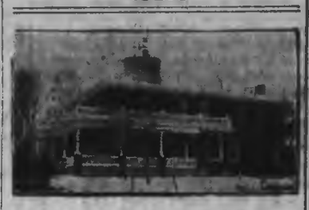
Mr. J. H. Galbraith, 820 West Second Ave., Columbus, Ohio, writes:

"I have been a sufferer of catarrh of the stomach and kidneys for seven years. Doctors did me no good, and after taking Peruna for six months, at intervals, I believe I am cured. My appetite returned, I sleep well and work every day. I always have it in the house."

No remedy ever yet devised has received such unstinted eulogy from so many renowned statesmen and military men as Peruna.

We have on file thousands of testimonials like those given above. We can give our readers only a glimpse of the vast array of endorsements Dr. Hartman is receiving.

## MUSIC



**PETERBORO' CONSERVATORY OF MUSIC**

# Canadian Banks Bring Their Money Back Here

**Investments in Call Loans in New York, Show a Decrease, According to the Last Report.**

## AN ENCOURAGING SIGN

In view of the recent discussion in the Board of Trade here in reference to the practice of Canadian banks sending their surplus to New York on call loans, the statement issued by the Government yesterday, showing a decrease in the amount held in the United States on call loans, will be of interest. The Toronto News, referring to it, says:

The Government statement of the condition of the thirty-five Canadian chartered banks on April 30th, 1907, is to hand this morning. It shows a note circulation of $72,849,909, a shrinkage of about $3,500,000 for the month, but an expansion of about $6,300,000 over the same date a year ago. The liquidation in stocks is reflected by a decrease during April of $2,309,326 in call loans in Canada, and of $3,000,000 in call loans elsewhere, i.e., in the United States. Current loans in Canada increased about $7,000,000 during April to $580,149,739. Current loans elsewhere, i.e., in the United States, decreased $4,400,000. It is thus seen that the Canadian banks are still pursuing the policy of bringing funds home to meet the requirements of business in Canada. The value to the country of these bank reserves abroad is thus again proven.

# City Teachers' Institute Spring Meetings Begun

**Interesting Papers Were Read at This Morning's Session—Miss McCarthy's Address on Water Colours.**

## INTELLIGENT DISCUSSION

The first session of the annual spring convention of the Teachers' Institute, was held this morning at the Central School, and the meeting proved a most profitable and interesting one. There was a large attendance of the teachers of the city present, with the president, Mr. J. W. Kelly in the chair.

The feature of the session was the reading of three useful papers which were listened to with close attention, and which were followed by an intelligent discussion of the subjects dealt with.

The minutes were read by secretary-treasurer, Mr. F. E Kerr, and it was found that the Teachers' Institute was in excellent shape financially.

The President, Mr. Kelly, gave an address. He thanked the Institute for the honour conferred on him, and spoke of Peterborough as being now quite a centre of education. He spoke of the value of teachers' institutes in that it developed the teachers, and that papers prepared by the teachers do more service than those given by outsiders. He hoped that next year other teachers would take part in the various subjects.

Miss McCarthy read a most interesting and intelligent paper on "Water Colours," the subject being dealt with in a manner that made it most enjoyable, and, at the same time, instructive. At the conclusion of her remarks a vote of thanks was tendered to Miss McCarthy for her splendid paper, on motion of Mr. McDonnell and Mr. Hodgson.

Mr. T. J. Wallace read an interesting and well prepared paper on "Composition," in which he stated that the subject should be taught informally, in a conversational manner. Definitions, he stated, were deadening, if taught in a formal way. If a child memorizes his self activity is not called upon. Composition should be objective. Speech is the muscular activity resulting from perception. Let the child see the object and he will express his ideas. A sentence is simply the unit of expression. The child expects approbation for his composition and becomes discouraged if the teacher finds continual fault. Encourage the child and you help him to greater efforts. Do not find fault unless you must. Bring out the individuality of the pupil. Mr. Wallace here illustrated his remarks by means of some compositions.

A general discussion followed the paper.

Mr. F. E Kerr then gave an interesting paper on Cardboard Modelling, dealing with the importance of the subject in character training, especially in promoting the qualities of accuracy and method. He declared that these are taught in all subjects, so that it scarcely seems necessary to have one subject for promoting these features. He showed some models and dwelt on the necessity of accuracy in the drawings preceding the models. In this work proper tools must be used, or inaccurate work would be the result.

# UNION SERVICES IN STEWART'S HALL

**Methodist and Presbyterian Churches Will Combine to Hold Them**

Commencing next Sunday afternoon, union services will be held in Stewart's Hall, Otonabee, and the services will be conducted on alternate Sundays by Rev. Mr. McKenzie, Presbyterian minister at Centreville, and by Rev. J. G. Lewis, pastor of the Mark Street Methodist Church of this city. Next Sunday at 2.30 p.m. Mr. McKenzie will take the service, and Mr. Leiwa will officiate the following Sunday. This is with a view of eventually building a union church here, but this is, of course, a consideration of the future. In view of the service in Stewart's on Sunday. Rev. J. G. Lewis will preach at Salem in the afternoon.

Tisdill's bakers pay a little more for the ingredients that go into their cakes.

# WILL SPEND SUMMER IN MISSIONS

**Mr. A. Taylor Will Go to Diocese of Rupert's Land During the Summer Months**

Mr. A. Taylor has returned from Toronto, where he has been pursuing his studies in theology at Wycliffe College, and will visit his parents, Mr. and Mrs. Anthony Taylor, Wescott street, before leaving for the diocese of Rupert's Land, where he will be engaged in mission work during the summer.

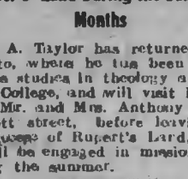
Take home a treat of Rex Chocolates to-night from Tisdall's.

# POLICE COURT PRODUCES NOTHING STARTLING

**A Few Dollars Were Received From a Man Who Had Been Drunk**

There was but little doing at the Police Court this morning, not even a genuine dog tag case being on the programme. However, the court made an attempt to collect dog dues, but the gentleman summoned has not owned a dog for the last year, so someone did him an injustice when they informed on him. Five dollars and seventy-five cents was taken from a friend of Thos. McGinty, who was taxed for being drunk and disorderly last night. Ten days on the hill stared him in the face if he did not pay his fine, and he did not have that amount of loose currency in the depths of his pockets, so a friend produced the necessary greenbacks, and Mr. McGinty walked out a free man, with these words ringing in his ears, "Let it alone."

**KODAKS CAMERAS AND SUPPLIES**



We have never before been in a position to offer our customers Kodaks, Cameras, and Supplies from such a big line as is now at their disposal.

KODAKS of different sizes, of different prices, of different styles,

CAMERAS of many different styles and prices.

SUPPLIES of every description.

Keep this advertisement in mind and constantly remember that when Kodaks, or Cameras or anything in the Kodak or Camera Supply Line is desired, it is worth your while to come right here to our store.

**McDERMID & JURY'S DRUG STORE**

**TENDERS**

— FOR —

**Text Books and Supplies**

— FOR THE —

**Public Schools and Kindergartens**

For the school year September 1907 to September 1908, will be received up to and including Saturday, June the 1st 1907.

Full particulars regarding supplies and conditions of tenders will be given by Duncan Walker, B. A., Inspector of Public Schools.

A marked cheque of $100 must accompany each tender. The lowest or any tender not necessarily accepted.

**W. G. MORROW,**
Secretary, Board of Education

# AFTER SICKNESS

**Our Local Druggists, McDermid & Jury, Advise Peterborough People to Take Vinol**

The one thing to aid recovery is to give the patient a blood building and strength restoring tonic, one that will impart new life and strength to every organ in the body.

For this purpose, Mr. McDermid says: "Nothing equals Vinol."

Vinol is not a patent medicine, but a real cold liver preparation which contains besides peptonate of iron, every one of the body building, medicinal elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of the nauseating, greasy oil to upset the stomach and retard its work.

Vinol is delicious to take and acts directly on the stomach, tones up the digestive organs, creates a healthy appetite, makes pure, rich, red blood and muscle tissue and creates strength for every organ in the body.

If Vinol fails to build up the run-down and convalescent, give strength to the aged, cure stomach trouble, hard colds and hanging on coughs, we cheerfully refund every dollar paid us for it.

McDermid & Jury, also at the Market Drug Store, the Ormond and Walsh old stand.

# CLAIMS NEW SEWER IS DEFECTIVE

**Many Houses in Section Designed to be Served by It Cannot Secure Connection**

A resident of the north end of the city called the Examiner's attention to what he declares is the inefficiency of the new sewer, being constructed along the G.T.R. track. He states that at one point it is only five and a half feet deep, and that there is a large section of the city which it was designed to serve, from which connection cannot possibly be made with it. He stated that a number of those owning property in that district, who had looked into the matter, had reached the conclusion that their houses could not be connected with the sewer, built, as it is, at the west side of the tracks, and so high that it would be necessary, as one gentleman jocularly remarked, to make the connection through the upstairs window.

# RANGER RETURNED FROM VISIT TO LUMBER CAMPS

**Mr. Lucas States Weather in the North is Similiar to Ours**

Mr. R. S. Lucas, Government timber ranger, has just returned from an official visit to the northern part of this county, and Victoria county. He visited Norland, Coboconk, Minden and Kinmount, collecting the timber returns from the various lumber companies in those districts.

The drives, Mr. Lucas stated, were in full swing in the northern country and they will soon be reaching their destinations at the various sawmills.

The weather up north is very similar to what we are experiencing here. The snow has all disappeared but little warm weather has prevailed.

# MARKET CLERK REPLIES TO THE MAYOR

**Tells How the "Ocean Wave" Was Driven From the Market Square, Contrary to Past Customs**

To the Editor of Examiner,—

Sir, — I noticed in Monday's issue of the Daily Examiner, a letter signed by the Mayor of Peterborough, in reply to a letter signed by "Fair Play," who so kindly defended me in regard to the Ocean Wave situation. Since "Fair Play" was good enough to point out the injustice of the Mayor's action, I am glad to have the opportunity your columns to reply, and give to the public what I consider to be the facts of the case.

In the second paragraph of the Mayor's letter he states that before Mr. Heffernan closed the deal with me for a site on the market for the Ocean Wave he went to him for his consent. The fact is Mr. Heffernan and I had closed our negotiations before the former saw the Mayor and discovered he had to pay $20 license to the city for the first week, and $10 for each successive week. This enormous sum, which, by the way, was never collected from any amusement company on the market before, so far as I can discover, practically prohibited Mr. Heffernan from using the square, and thus doing me out of the money I would have received.

Now, Mr. Editor, at the council meeting at which the question came up the majority of the aldermen agreed that as no license had ever been paid to the city by amusements on the market in the past, the same conditions should exist, at least this year, and the contrary should be made known next year at the time of the sale of the market tolls.

But the Mayor from his high throne—which I consider will be occupied by another next year—denounced the past practices and was determined to have all the bylaws on the statutes enforced. He referred the matter to the committee where personally he would have a better opportunity to carry his point, and as all know the license fee was changed to $40 for the season, and Mr. Heffernan has located elsewhere.

Thanking you, Mr. Editor, for your valuable space, I am,

Yours, very truly,

W. A. McILMOYLE,
Market Clerk.

# MINISTER DEFENDS THE THEATRE

**Ottawa Preacher Says a Good Comedy is Better Than a Poor Sermon**

Ottawa, May 21. — Rev. Chas. E. W. Cusson, of the church of Our Father, Unitarian, on Sunday night made a strong comment on a recent discourse in an Ottawa pulpit, in which theatre going was denounced as anti-religious. He said:

"It is a duty to get all the pleasure we can out of life. The more joy that goes into a human life the more can come out. Pleasure is to a life what sunshine is to a flower. A good comedy in a theatre is more conducive to the interests of real religion than a poor sermon in a church, or a sermon enunciating fallacious principles. It is better to leave a place of amusement with a light heart, feeling that life is worth living, than to leave a place of worship, feeling that God frowns upon His world and that all of human nature is bad.

# SMALLPOX SITUATION IS DESPERATE

**And Dr. Bell Thinks Compulsory Vaccination May be Rendered Necessary**

Dr. Bell, Provincial Health Inspector, and a former resident of Peterborough, is an advocate of compulsory vaccination. The Toronto News of last night had the following:

Dr. Bell, Inspector of the Provincial Board of Health, is at present in the vicinity of Windsor, where he went to examine into a report regarding small-pox. It is said that no less than 74 cases are under quarantine in Anderton township, 12 miles from Windsor. Dr. Hodgetts told the News this morning that the outbreaks of small-pox throughout the province during the past twelve months have been so alarming as to suggest the need of an act of Parliament rendering vaccination imperative.

**There's Danger InEvery Cold**

Once you come to realising the danger of neglecting coughs and colds you will not run the risk of depending on any cough mixture the druggist may choose to hand out to you, and you will insist on getting a medicine with a reputation such as Dr. Chase's Syrup of Linseed and Turpentine. Croup, bronchitis, asthma and coughs and colds are promptly and thoroughly cured by this treatment.

# BIG PROGRAMME FOR FRIDAY NIGHT

**At the Charlotte Street Roller Rink —Hockey Match Arranged**

Friday night will be a great occasion at the Charlotte street roller rink, the chief attraction being a roller hockey game between two strong local teams, the Kenoras and Victorias. There will be skating from 7 until 9 o'clock, when the game will be be called after which there will be another half hour's skating. The band will be in attendance all evening and the whole programme should prove an irresistible attraction to the young people of the city.

The roller hockey team is in good shape. They had a splendid practice last night and will be in the best of trim for the game on Friday night. The fine points of the game have been mastered now and the public may be assured of seeing a good game. The receipts will be in aid of the hockey team.

# DIRECTORS VISIT CITY OF THE DEAD

**Annual Spring Tour of Little Lake Cemetery Yesterday Afternoon**

The Directors of the Little Lake Cemetery Company took their annual spring tour through the city of the dead yesterday afternoon and mapped out the improvements and alterations to be executed this year.

A number of repairs to the buildings will be made and provision was made for the draining of an additional portion of the grounds.

The directors found the cemetery grounds in excellent condition and were greatly pleased with the work of Superintendent Frank Wise.

# CONGRATULATIONS TO ARCHBISHOP

**Resolution Passed at Congregational Meeting of St. Luke's Church**

Congratulations to the Bishop of Toronto, upon his elevation to the office of Archbishop were extended at a recent meeting of the congregation of St. Luke's church, when the following resolution was passed:—

St. Luke's Church, Ashburnham, Peterborough, May 21, 1907.

The Most Reverend Arthur Sweatman, D.D., Archbishop of Toronto, and Primate of all Canada:

May it please Your Grace:

At a Congregational Meeting of the members of St. Luke's Church, Ashburnham, held on April 29, the undersigned were appointed a Committee to convey to Your Grace their hearty congratulations upon your elevation to the highest office in the gift of the Church, of Archbishop, and Primate of all Canada. In doing this, we express the hope that you may long be spared to occupy your exalted position for the glory of God and the benefit of the Church.

Pledging to Your Grace our loyal attachment, we remain on behalf of the Congregation of St. Luke's church,

Your obedient servants,
E. A. LANGFELDT,
Rector of St. Luke's.
E. A. PECK.

Lots of compliments are coming in about Tisdall's layer cakes. Take one home.

# THE BUILDING PERMITS ISSUED

**Yesterday's List Contains Some Small Items**

There is no large contract in the list of building permits taken out since yesterday, nearly all being for repairs, kitchens, etc. The only important ones were by Jas. B. Brown and Patrick Heffernan for new dwellings.

Following are those issued since yesterday.

Jas. B. Brown, dwelling, Sherbrooke street, estimated cost $1600.

J. A. Ash, repairing No. 700 Water street, estimated cost $150.

Patrick Heffernan, dwelling, Reid street, estimated cost $2000; contractors, Jones and Davidson.

W. D. Dixon, summer kitchen, estimated cost $75.

Joseph McCarthy, kitchens to 137 and 139 Lake street, estimated cost $250.

STATE OF OHIO, CITY OF TOLEDO, } s. s.
LUCAS COUNTY.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONe HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A.D. 1886.

(Seal.) A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O.

Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

# "OLD MAID'S" AT HOME WAS GREAT SUCCESS

**Delightful Affair in the Foresters' Hall Last Night**

The at home given by "The Old Maids" of Peterborough last night, in the Foresters' Hall, was one of the most delightful affairs of its kind held held this season. The young ladies, particularly Miss Geraldine King, who acted as Secretary treasurer, had made every effort to make the event one long to be remembered and its success must have been most gratifying to those in charge. Some fifty couples were present and delightful music was supplied by Mr. Musgrave of Toronto. Refreshments were provided by the ladies and Mr. Hooper furnished the ice cream.

# IMPROVEMENTS TO THE RECTORY

**New Verandah and Fence Will be Built at St. Luke's Rectory in Near Future**

At a meeting of the Advisory Board of St. Luke's Church, held recently, it was decided to effect considerable improvements to the rectory building and grounds. The house will be thoroughly renovated, and a new verandah will be erected, as well as a new fence along the front of the property.

Miller's Grip Powders cure. Sold by W. Madill.

# NO WONDER THE DOGS ARE BEING POISONED

**A Nuisance to Drivers—Jump at Horses' Heads and Frequently Cause Trouble**

What might have been a very serious accident happened last Sunday afternoon as Mr. and Mrs. W. Jackson were driving up Rubidge street with their spirited colt. A little dog jumped out at the horse and it made a bolt, breaking the shafts and frightening it. Mr. Jackson, being an expert with horses, kept it under his control until assistance came. Mr. P. Abbott, who was passing at the time, caught the animal and held her until the occupants got out of the buggy. Residents who own dogs of this nature should keep them off the street before more serious accidents happen, as this might have proved fatal to Mr. and Mrs. Jackson.—Com.

# FARMERS' EXCURSION TO GUELPH

**Will be Held on June 12th This Year—Will Go by C.P.R. Special**

The annual union Farmers' Institute excursion to the city of Guelph has been arranged for Wednesday, June 12. The excursion will be run by the Canadian Pacific Railway and is under the united institutes of East and West Peterborough and East Durham. Those participating will be given excellent opportunities to visit the Agricultural College, the McDonald Institute, where domestic science is taught; the Massey building, poultry plants and horticultural building, the new Rural Consolidated School, and many other places particularly attractive to the ladies.

***Owing to a slight accident to MONS. F. X. MERCIER, the Concert which was to have taken place this evening has been postponed until Tuesday, May 28th, 1907.***

## Safest Medicine for Women's Complaints

Women certainly do neglect themselves. They work too hard—over-tax their strength—and then wonder why they suffer with diseases peculiar to their sex.

Most cases of female trouble start when the bowels become inactive—the kidneys strained—and the skin not cared for. Poisons, which should leave the system by these organs, are taken up by the blood and inflame the delicate female organs.

**Fruit-a-tives** OR (FRUIT LIVER TABLETS.)

remove the CAUSE of these diseases. "Fruit-a-tives" sweeten the stomach—make the bowels move regularly every day — strengthen the kidneys—improve the action of the skin—and *thus purify the blood.*

"Fruit-a-tives" take away those distressing headaches, backaches and bearing-down pains, and make women well and strong. "Fruit-a-tives" are fruit juices, intensified, with tonics and antiseptics added. 50c. a box—6 for $2.50. At all druggists'—or from Fruit-a-tives Limited, Ottawa. 116

# HE GOT SAW BUT FAILED TO PROVE CASE

### Augustus Dundas Had No Evidence—Youths Pay Costs of Action

Yesterday afternoon through the complaint of "Gusty" Dundas, of the township of North Monaghan, an East City resident, Mr. Geo. Stevens, appeared before His Worship Magistrate Edmison at the County Police Court on a charge of house-breaking. Augustas, however, could present no evidence to incriminate the accused and the case was dismissed. The complainant's story which he told to the magistrate some time ago was to the effect that, while he was spending a term in the county jail, the accused broke into his residence in Monaghan and confiscated a quantity of his household goods, including bed-clothes, apples, etc., and that he also destroyed the ancient family Bible.

In police court yesterday he was not able to substantiate his claims by satisfactory evidence and the case was thronw out by the magistrate.

Following the above case, that of the two boys—Manson Giles and Harold Bestard—accused of stealing some tools from Mr Jas. Arnott, of North Monaghan, came before the magistrate. The boys pleaded guilty to taking the tools but stated that they did not carry them away. They were assessed with the costs of the action and allowed to go.

# REV. B. W. MERRELL WILL GIVE ADDRESS

### At Annual Meeting of Sunday School Association Next Monday

The annual meeting of the City of Peterborough Sabbath School Association will be held in the Y.M.C.A. Hall on Monday evening, May 27, at 8 o'clock. There will be the election of officers and other necessary business. Rev. B. W. Merrill, General Superintendent of Baptist Sabbath Schools for Ontario and Quebec, will give an address. All teachers and workers are urged to be present, and the general public is also cordially invited.

On Sunday afternoon, May 26, at 4.15 o'clock, there will be a mass meeting of all the Sabbath schools of the city in St. Paul's Church. At this meeting Rev. Mr. Merrill will also give an address. An interesting and profitable time is assured, as Mr. Merrill is an able and instructive speaker, and was heard with pleasure during the recent Baptist Convention in this city.

# HORSE FELL THROUGH THE OVERHEAD BRIDGE

### Peterborough Lumber Co's Bridge Over C. P. R., is Being Replanked

Owing to the heavy traffic on the overhead bridge that crosses the C. P. R. tracks at the Peterborough Lumber Co.'s mill, the planking had become in a bad condition and needed new boards in many places. The company decided that the best thing to do was to re-plank the whole bridge. A number of men is engaged in that work at present and will soon have it completed. Last week a horse went through one of the planks and fortunately escaped unhurt.

# WHEELS REPORTED TO HAVE BEEN STOLEN

### Mr. A. J. Quinlan Lost His Wheel Last Night—Another Stolen Last Week

The latest reported mania is bicycle stealing at least there have been several cases recently which would lead one to believe that a certain class is on the verge of being attacked with an epidemic of this nature. Mr. A. Quinlan left his wheel in front of the T.A.S. rooms last night and some one else rode it home. It is a Cleveland make, black finish and is too good to allow someone to walk away with it and the owner make no effort to recover it. Again, on Friday night a Planet wheel was taken from in front of the Crown Hotel and has not been returned. It's number is 4135, and is valued at $56.00. This stealing game is a dangerous one to play and if the culprits are caught they will be severely dealt with. The authorities are working in an endeavour to recover the stolen articles and it is hoped that they will meet with success.

FAIRFAX—Smart, yet comfortable for business wear. 1¾ in. at back; 2½ in front. Top edge gutter-seamed—won't get saw-edged.

### O. J. C. SPRING MEETING.

Toronto, May 22.—Following are results at Woodbine yesterday:

First race—1 mile and 70 yards, 4-year-olds and up, selling, purse $400—Bon Mot, 1st; Widow's Mite, 2nd; Thistle Do, 3rd. Time, 1.46 4-5.

Second race—1-2 mile, 2-years-olds, foaled in Canada, purse $700—And. Somers, 1st; Cannie Maid, 2nd; Out of Step, 3rd. Time, .49 1-5.

Third race—1 1-8 miles, Breeders' Stakes, 3-year-olds, foaled in Canada, $1,000 added—Sea Wall, 1st; Glimmer, 2nd; Kirkfield, 3rd. Time, 1.56 2-5.

Fourth race—4 1-2 furlongs, 2-year-old maidens, selling, purse $400—Aquilene, 1st; Meadowgreen, 2nd; Tamme, 3rd. Time, .56 2-5.

Fifth race—3-4 mile, 3-yearolds and up, Prince of Wales Handicap, $1,000 added—Tongorder, 1st; Lord Boanerges, 2nd; Purslane, 3rd. Time, 1,13 1-5.

Sixth race—1 mile, 3-year-olds and up, selling, purse $400.—Merlingo, 1st; Suzanne Roc, 2nd; Schroeder's Mid, 3rd. Time, 1.42 1-5.

### Judge Showed Clemency.

Toronto, May 22.—Mrs. Alice M. Taylor, 19 years of age, appeared yesterday before Judge Winchester charged with perjury. After being deserted by her husband, Mrs. Taylor lived for some time with a man named Fisher in Holland Landing. Fisher when intoxicated abused the woman, who complained to some neighbors regarding the treatment. Later she denied the statement and was committed by Magistrate Woodcock. Judge Winchester yesterday allowed the woman to go on suspended sentence, on furnishing a bond for $200.

### Death In Cave-In.

London, May 22.—By the caving in of a sewer on Bruce street, South London, Frank Bickley, a laborer, met his death yesterday.

Bickley, who was 67 years old, was in the trench with a number of other workmen, when the shoring gave way and a quantity of earth fell in on him. He was partly buried, and was being extracted when a second cave-in occurred. Bickley was pinned under five tons of earth, and before he could be released life was extinct.

### Two Negroes Lynched

Reidsville, Ga., May 22.—Two negroes were lynched and four other persons are dead and six others injured, as the net result of an attempted criminal assault made Monday night on Mrs. Loma Lorro, white, a widow, about six miles from here, by Flem Padget, a negro.

Padget and a negro woman are the ones lynched, and the death or injury of the others followed the efforts of a posse to capture Padget.

It is reported that the mob is on its way here and the sheriff has moved the other prisoners to a place which he will not reveal.

### Trainmen's Case Adjourned.

Whitby, Ont., May 22.—The trial of the three C. P. R. employes implicated in the wreck on that road near Myrtle, March 25, set for yesterday, before Police Magistrate Harper, has been postponed to the 28th.

This is to enable Crown Attorney Farewell to secure some documentary evidence necessary to the profession. The three defendants are: Hugh Kyle, engineer freight train, which ran beyond Myrtle causing the accident; J. J. Cook, conductor and Geo. H. Wilkinson, train despatcher.

### Handy Saw-Offs.

Winnipeg, May 22.—The election petition against W. J. Roche, M. P. for Marquette, was yesterday dismissed.

This makes seven Dominion election petitions similarly treated in Manitoba, saw-offs having been arranged by both parties.

### Broke Through Ranks.

Winnipeg, May 22.—J. B. Gunn, who tried to force his way in an auto through a regiment on parade was yesterday fined $150.

Hon. Mr. McFadden, former Provincial Secretary, may succeed W. E. Loxton as inspector of public institutions.

### Grain Case Dismissed.

Winnipeg, Man., May 22.—Judge Phippen yesterday gave judgment in the famous grain case in which Messrs. Love, Gage and McHugh, members of the Grain Exchange, were charged with restraint of trade. His lordship dismissed the case.

### Collision Kills.

Pittsburg, May 22.—A laborer killed, seven others fatally injured and 19 received minor hurts and bruises yesterday in a wreck near Stubenville, Ohio. A freight had stopped on a curve and a work train, backing, ran into the rear of it.

**CONSTIPATION CLOGS THE BOWELS**

No other cause produces so much sickness as constipation, and therefore it is dangerous to allow the bowels to become clogged up. Bad blood, dyspepsia, headaches, biliousness, boils, pimples, and piles, are all caused by constipation.

Avoid all of these troubles by the use of

**BURDOCK BLOOD BITTERS,**

nature's remedy for all diseases of the stomach, bowels and blood. It acts on the bowels and promotes their free and regular action, curing constipation and all troubles which arise from it. It has been on the market for over thirty years so you are not using a new and untried remedy. B.B.B. has cured thousands of others and will cure you. Mr. B. Woodcock, Nashwaak Bridge, N.B., writes: "For over two years my wife was troubled with constipation. She tried several physicians but could get no relief, but after taking three bottles of Burdock Blood Bitters she was completely cured and is to-day in good health. My wife and I cannot speak too highly of B.B.B.

# Latest News Of Various Sports

## Angling Club Quarters To Be Erected During The Week

### Members of This Organization will Spend the Holiday and Saturday Putting Up Club House.

### ALL HANDS TO JOIN

The new club house of the C. G. E. Angling Club, one of the most enterprising and progressive organizations in the city, will be erected this week. The occasion of the holiday this week will be taken advantage of by the members of the club to take a trip down the river to the site of the new building, and it is expected that by Saturday night it will be erected. Each member of the club is expected to join the outing on the 24th, and each must be equipped with tools to work with, and with many willing and skilful hands the building will be an accomplished fact before the stroke of midnight on Saturday.

The material is already on the ground, and the plans prepared. The members of the club are enthusiastic, and the site of the new club house will be a busy spot on Friday and Saturday.

## DRVE BELLAND WON 100 YARD RACE

### Report from Quebec to the Effect That He Won $500 Purse

Word was received in the city today by Mr. T. Guerin, from Quebec, to the effect that the 100 yards foot-race, run in that city for a $500 purse, was won by Dave Belland, a former resident of Peterborough.

## LEAGUE MEETING DID NOT MATERIALIZE

### Only Two Clubs Represented at City League Gathering.

Another effort was made without success to organize a senior City Baseball League last night when a meeting of those interested was called for the Oriental Hotel. Only two clubs responded, the Stratheonas and Rapid Tool Company's teams. There is no reason why a league should not be formed with great success, if the teams would only take hold of the project. A meeting will be held in the Oriental Hotel on Saturday evening and if this is not a success all efforts to form a league will be dropped.

### BOWLING

A meeting of the Peterborough Bowling Club will be held to-night in the Dominion Bank Chambers for the purpose of selecting skips for the season. Every member of the club is asked to be present.

## MAKE ENTRIES FOR THE Y. M. C. A. MEET TO-NIGHT

### Events Are Expected to be Well Contested —Good Prizes Are Offered

The outdoor athletic meet, to be held under the auspices of the Y.M.C.A. physical department at 9.30 on May 24, promises to be an interesting event. Quite a number of men have entered, and more are expected to enter to-night. Any who wish to enter are requested to send in their names to the Association by to-night. The prizes are: 1st, the Howden trophy, which is a beautiful cup, standing about 13 inches high; 2nd and 3rd prizes, gold centred medals. The prizes are to be won by the men securing the most points in the competition.

*Call up Phone 579 if you wish to be taken to the Races in an Automobile.* 2d120

## ARCTICS WILL HAVE THEIR STRONGEST TEAM

### For Games on May 24th with Local Aggregation

There promises to be a big crowd at Riverside Park on Friday, when the Arctics of the Don Valley League, will meet Manager Johnston's braves in the first two games of the series for the Milbourne cup donated by Mrs. Milbourne, of Toronto. The Arctics will bring down their strongest line-up and expect to carry off all three games from the locals. The latter will have a strong team, however, and will not go down to defeat without a struggle.

The best place to buy sporting goods is Stratton's.

### FOOTBALL

The Quakers are reminded of the football match on the Exhibition grounds this evening. The line-ups of the teams appeared in yesterday's issue of the Examiner.

• • • •

On May 24 a Quaker team will go to Omemee to play an exhibition game at the athletic meet there with the Omemee intermediate team. The players will be chosen this evening after the game at the Exhibition grounds.

New life for a quarter. Miller's Compound Iron Pills. Sold by Wm. Mudill.

### BASEBALL

The Peterborough ball team had a good practice at Riverside Park last night in spite of the chilly breeze that blew across the field. Among those out were Burridge, Burns, Johnston, Connors, Quinlan, Callaghan Flaherty, Sheridan, Parnell and Shaw. The team will practice to-night after which the team to meet the Arctics on Victoria Day will be selected. Every player is asked to be out in uniform to-night.

• • • •

The Central School baseball team is playing a game in Norwood today with the Public School team of the village.

• • • •

The Karenots and Stratheonas of the Intermediate City League will play an exhibition game to-night at Nicholls Oval. The following members of the Karenots are asked to be on hand in uniform:—Carton, Laing, Boriadaile, Laing, V Craig, Gaele, Ray, Bravender and Conroy.

## NO BATTERY DRILL ON TO-MORROW NIGHT

There will be no drill of the 24th Field Battery to-morrow night on account of Friday being a holiday and and some of the members will therefore be out of the city. Drill will be held as usual on Monday night of next week and every member of the battery is asked to be out. There are only some three weeks before the battery will go into camp and they must be in good shape by that time.

## EXCURSION COMMITTEE IS AT WORK

### T.A.S. Excursion Will Receive the Time of Those in Charge.

The T. A. S. excursion committee intend to provide entertainment this year that will eclipse anything that they have ever before attempted. They have made an early start and propose to continue until the day of the outing, when it is expected that the grounds will be in excellent order. Yesterday, Messrs. Chas. McDonnell and P. Kane went down the river to the location of the picnic grounds and obtained an idea of what must be done. The grass will be cut, the grounds will be levelled, the trees will be trimmed, and extensive improvements will be made. A large number of swings will be hung, and everything that will tend to provide pleasure and amusement will be found on the grounds.

It is early in the season to begin this work, as it is more than a month before the date of the excursion, but the committee believe that the best way is to make the preparations beforehand and have everything in readiness, thus avoiding all confusion, and, at the same time, assuring that everything is in a completed state.

## HULL OF THE "OTONABEE" SAID TO BE WELL MADE

### Gives Promise of Riding the Water in Queenly State

The Otonabee Navigation Co.'s new steamer Otonabee gives promise of being one of the best, if not the premier vessel that has ever floated on these waters. There is not an old board from stem to stern or from the top deck to the keel; all the timber is new, and, in fact, it is a different vessel entirely from its former self the City of Peterborough. Inspector Davis, who recently inspected the hull, is reported to have said that it is the best that he has seen in 25 years, which is surely a fine compliment. It is believed by the builders that she will take the water in a neat style and will make a fast sailer, even better than generally expected.

Uric Acid Stones In the Kidneys

CAUSED EXCRUCIATING PAIN—CURE EFFECTED SIX YEARS AGO BY

DR. CHASE'S KIDNEY-LITER PILLS

The passing of stones or gravel, as the uric acid formation is called, from the kidneys through the ureters to the bladder probably produces the most terrible pain that human being was ever called upon to bear.

Mrs. Walter Hornbrook, Coddy's, Queen's county, N.B., writes:—

"I was a great sufferer from kidney disease, which the doctor described as the uric acid stones passing from the kidneys to the bladder, I heard of similar cases being cured by Dr. Chase's Kidney-Liver Pills and sent for some. Altogether I used seven boxes and was completely cured. That was six years ago and I have never had a pain in my kidneys since. We are never without Dr. Chase's Kidney-Liver Pills in the house."

Mr. Daniel Brown, English River, Ont., writes:—"For three years I suffered with urinary troubles, partaking of the nature of stones in the bladder or gravel, and the pain which I endured can scarcely be described. I was unable to do any work, and frequently discharged blood. Though I spent hundreds of dollars in doctors' bills I received no relief, and at last decided that I would never be able to work again.

"While in this condition I was advised to try Dr. Chase's Kidney-Liver Pills, and though I had no faith in them or or in anything else, I decided to give them a fair trial. After using one box I felt a decided change for the better, and after taking five boxes I feel like a new man. I am entirely out of pain, and have no more discharge of blood. I can honestly recommend Dr. Chase's Kidney-Liver Pills to any fellow-sufferer, and will cheerfully verify this statement to anyone writing me."

There could scarcely be a more severe test of any treatment for the Kidneys and when Dr. Chase's Kidney-Liver Pills prove successful in such cases as this they can surely be depended upon in less severe kidney ailments. One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. 5

# News Of The City And District.

Weather To-day—Moderate to fresh winds; a few local showers chiefly at night, mostly fair. Thursday—Showers, partially fair and warm.

### Ladies' Golf

There will be an approaching and putting match on the 24th of May at 3 o'clock, followed by a medal round.

### Board of Managers Meet

The Board of Managers of St. Paul's Church held a meeting last night, at which routine business was transacted.

### Piano Tuning.

Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. Phones, Bell, 199 A; Machine, 199.

### Executive Committee

A full meeting of the executive Committee of St. John's A. Y. P. A., will be held to-night in the Guild Room at 7.3 0sharp.

### Mr. Clare to Speak

Rev. G. R. Clare of Millbrook, will speak at the prayer meeting in the Mark street church to-night.

### New Oak Walks

A gang of carpenters is placing a new oak floor on the C.P.R. bridge over the canal. This is a good thing for the public that uses this bridge.

### Trustee Board

A meeting of the Trustee Board of Mark Street Methodist Church was held last night for the purpose of closing the business of the year.

### Nordheimer Pianos

Catalogues and full information regarding Nordheimer Pianos, at McDermid & Jury's drug store. It will pay to see these pianos before purchasing. 1m111

### Special Meeting

At a special meeting of L.O.L. No. 80 to-night a number of matters of importance will be discussed, and a full attendance of members is desired on this account.

### Deacons Meet

The deacons of the Murray Street Baptist Church met last night at the residence of Dr. Scott, when matters of interest to the congregation were discussed.

### Chain Found

The chief has a gold chain with heart attached. It is hoped that she keeps a closer guard over her real heart than she has done with this little golden counterpart.

### Shipped Hogs

Mr. Breckenridge to-day shipped a double deck of hogs, consisting of about 150, to Montreal. Part of his load was obtained at Lakefield, and the remainder at the Market here.

### Sunday School Committee

An adjourned meeting of the Sunday School Committee of the Mark street Methodist church will be held to-night, following the prayer meeting, which, on this account, will be held at 7.30.

### Committee Meetings

The Fire, Water and Light Committee and the Property Committee will both meet to-night at 8 o'clock, and it is likely that there will be a meeting of the Board of Works to-morrow night.

### Torrey Meetings

Mr. R. J. Winch, who attended, and who was deeply impressed with the Torrey meetings recently held in Montreal will give an address on them at the George street Methodist church to-night.

### That Soiled Suit

That suit, with soils and spots on it, will take on all the freshness of a new suit if sent to "My Valet"—cleaned, pressed and repaired, ready for the summer. Wesley Bros., 204 Charlotte street.

### Alley Cleaned up

As a result of a call of P. C. Newhall on the merchants whose rear doors open on the blind alley off Hunter street, the latter were seen this afternoon gathering up the inflammable material and having it drawn away.

### Stop Limping

Have your feet attended to. Corns extracted without pain. Ingrowing toe-nails cured. Bunyons and all diseases of the foot successfully treated. See W. Claygone, foot doctor, Room 25, Oriental Hotel. 6d118

### Mr. Langfeldt to Speak

At the forthcoming Anglican Synod of the Diocese of Toronto, Rev. E. A. Langfeldt, rector of St. Luke's Church, will be one of the speakers at the Synodical missionary meeting, to be held in the Church of the Redeemer, Toronto, on June 12.

### Harriers to Meet

The Y.M.C.A. Harriers' Club will hold an important meeting to-night at 8 o'clock, in the Y.M.C.A. parlours. After the meeting the club will hold their regular Wednesday night run. All the members are urgently requested to be present.

### Holiday Friday May 24th

Will customers be sure to place orders early on Thursday for Friday's fish. We are now receiving those delicious Canadian hot-house tomatoes; also Canadian hot-house cumcumbers and head lettuce. S. A. OKE, 376 George street; both 'phones, 18.

### Barber Shops Closed

Friday, being a public holiday, the union barbers of the city have decided to keep their shops closed all day, and the public is asked to keep this fact in mind. The shops will, however, be open until a late hour on Thursday night for the benefit of their customers.

### The Truth About the Baby

Carriage business is that the Peterborough Bookatore's bold stroke of twenty per cent. off all carriages has caused a rush for best choice. Only twenty little equipages now left to dispute their claims with eager mothers, at the one-fifth off discount. A. H. Stratton & Co.

### New Resident

Mr. B. Fleming, for some time past engaged as a blacksmith at the Sinclair Carriage Works, left last evening with his family for Peterborough, where he will in future reside. Mr. Fleming, we understand, has secured a position with the Canadian General Electric Works.—Lindsay Post.

### Last Day of the Thaw Pictures

Your last chance, to-day, to see these great moving pictures, at Scott's Colosseum, 432 George street. They will not be shown in Peterborough again, so come early. Matinee 2 to 5; evening 7 to 10. Admission 5 cents. Change of programme Thursday. "The Jilted Lover" and "Difficult Arrest," two comic pictures.

### New Coal Sheds

The Peterborough Fuel and Cartage Co. have finished the building of large coal sheds just north of Perry street, on the east side of the G.T.R. tracks to Port Hope. A siding that formerly branched into the old sheds has been extended, and the switch placed close to the diamond. The new sheds have a capacity of at least 4,000 tons of coal, which is sufficient to meet the demands of the company's customers for an extended time.

### Auction Sale of Pompadour Island, Stony Lake

There will be offered for sale by public auction about the beginning of June, the whole portion of Pompadour Island, Stony Lake, situated in the rear of the Lech and Thomas cottages, comprising over three-quarters of the 14 acres of the island, on which are a number of beautiful building sites. Interested parties will have a good chance to inspect this property on trips running about the 24th of May. For information apply to Dumble & Johnston, or R. E. Wood. 3d120.

### First Trip of Season to Stoney Lake Per Steamer Stony Lake

Spend the 24th of May and the following day up the lakes. The steamer Stoney Lake has arranged her first trip to Stony Lake, leaving Lakefield on May 23rd on arrival of the noon train from Peterborough. On May 24th will leave Lakefield on arrival of the morning train, and returning same day in time to connect with 6.30 train for Peterborough. On Monday, May 27, the steamer will leave the lakes in time to connect with the 4.40 train for Peterborough. 4d117

# China Hall's Formal Re-Opening

CHINA HALL will formally re-open for business in its New Premises 394 George Street, on THURSDAY and SATURDAY, May 23rd and 25th, on which date all Lovers of the Artistic are cordially invited to visit the store and see the lovely NEW GOODS. We will show—

The Finest Retail Collection of ROYAL CROWN DERBY in Ontario.

**CHINA HALL CO.,** New Premises Next to H. LeBrun & Co. **394 George St.**

## Personal Mention.

Mr. W. Sherin of Lakefield was in the city to-day on business.

Mr. Charles Rishor is in Hastings and Campbellford to-day on business.

Dr. T. H. Prust has gone on an extended trip to Prince Albert. — Quill Lake Quill.

Mrs. Alice Coolidge, who has undergone an operation for appendicitis, is recovering rapidly.

Mr. and Mrs. Hetherington of Jersey City, N.J., are visiting Mr. and Mrs. J. A. Armstrong, 69 McDonel street.

Mrs. W. Spilsbury and little grandson, Lorne Hillier, have returned home after spending a month with her grand-daughter, Miss G. Falkner, Havelock.

Mrs. F. H. Falkner of Havelock, who spent three weeks with her brother, Mr. T. W. Spilsbury, in Rochester, visited her sister, Mrs. W. Jackson, Albert street, on her way home last week.

Mrs. P. Meagher, accompanied by her son, P. J. Meagher, and Mr. and Mrs. Fred Cook, were in Toronto yesterday attending the funeral of the late Mrs. D. D. Savage, of Bay City, Michigan.

## POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column,—

Dear Sir, — At noon to-day I noticed a man riding full skelter up the pavement on the north side of Hunter street, and the people who walked, and have the right to the use of the pavement, had to stand from under. The street alongside the pavement was in first-class condition for wheeling, too. If the Mayor is so anxious to enforce by-laws, that he digs up musty old ones from the junk box, I think he might instruct his new policemen, who may be called the new broom, to sweep our walks clean of wheels, which swoop down on pedestrians from behind, with noiseless tread, who have to dodge a man who is breaking the law, and would make no bones of breaking our bones, if we didn't hustle out of the way.

Yours truly,
STREET-WALKER.

## INDUCTION OF THE NEW PASTOR

### Special Service Will be Held at warsaw on Thursday—Personal Items

Examiner Special.

Warsaw, May 22. — The induction service of Rev. J. W. Currie will be held in the Presbyterian Church on Thursday, May 23, at 2.30 p.m. A public tea will be served in the town hall in the evening. Miss Margaret Bryce of Keene will be present to take part in the programme, which will be given after the supper.

Mr. W. F. Dunn, of Peterborough, was in town on Saturday attending the Court of Revision in the interests of the Bell Telephone Co.

Messrs. R. G. Hendren and T. O. Hawthorne spent Sunday at Norwood.

Dr. Robinson and Miss Phyllis Robinson of Norwood were in town on Saturday.

Mrs. N. E. Bell of Peterborough is a guest of Mr. A. F. Choate.

Mr. B. W. Squire of Norwood was in town Monday last.

Mr. T. O. Hawthorne, of the Bank of Montreal, Peterborough, is home for his holidays.

The Warsaw Rifle Club has entered a team in the C.M.R.L. matches, which will be held each Saturday during June and the first Saturday in July. A practice will be held on Victoria Day.

## GENERAL MANAGER OF MINING COMPANY HERE

### Mr. J. A. Jamieson, of Cloyne, Tells of Eastern Ontario Gold Fields

Mr. J. A. Jamieson, of Cloyne, Ont general manager of the Big Dipper Mining Company, is in the city to-day calling on the secretary, Mr. Walden. Mr. Jamieson states that the mining district in eastern Ontario is springing into great prominence and that the companies located there are progressing favourably.

The Big Dipper Mine is situated a few miles north of Kaladar, next to the property of the Star of the East company. The mines are now in operation for the season and the prospects are good. Their property contains gold, copper and iron.

The Golden Fleece Company of New York, consisting of two capitalists, have located recently in that district and have their plant installed and in working order.

About the first of June a number of the directors and members of the Big Dipper Company will pass through here from the United States in motor cars on their way to the gold fields of the company.

## OFFICERS OF REBEKAH LODGE WERE ELECTED

At the regular meeting last night of Golden Link Rebekah Lodge, No. 81, the following officers were elected:

P.N.G.—Mrs. A. Gibbs.
N.G.—Mrs. A. Jackson.
V.G.—Mrs. M. Jobbitt.
Rec. Sec.—Mrs. L. Parsons.
Financial Secretary—Mrs. M. Watts.
Treasurer—Miss C. Mann.

## Roller Rink

ROLLER HOCKEY
—ON—
MAY 24th

The first Roller Hockey Match for the season will be played at the Roller Rink on the evening of May 24th. There will be skating before and after the game. The rink will open at 7.30, skating till 8.30, then first half will be played, there will be skating at half time; then the last half will be played and after that there will be skating until 10.30. The band will be in attendance. Don't miss this game as it will be worth seeing.

Skates can be reserved without extra charge, speak for them soon as they will be taken on that night. See poster for further particulars.

Admittance and Skates 25c
Spectators 15c.

## You are a Mighty Funny Man

If you have Kidney or Bladder Trouble, and wont try Bu-Ju. Because Bu-Ju is the one remedy that is guaranteed to cure you. You can get your money back if Bu-Ju does not live up to every claim made for it.

**Bu-Ju**
The Gentle Kidney Pill

It gives relief from the headaches, pain in the back, aching, swollen hands and feet. It heals and strengthens the Kidneys as nothing else will. It enables the Kidneys to filter impurities from the blood, allays irritation of the bladder, and gives grateful help in Rheumatism and Sciatica.

THAMESVILLE, ONT.

"I have taken three boxes of your Bu-Ju Pills, and feel greatly benefitted by their use. They have entirely removed the pains from my back, and the spots before my eyes have entirely disappeared. My ankles were badly swollen, and now I feel quite well." WM. MCKENZIE.

50c. a box. At druggists, or sent direct on receipt of price.

# Anniversary Of Epworth League Was Celebrated

**Interesting Services Held in the Methodist Church in Norwood on Sunday—Addresses by the Members.**

## OTHER NORWOOD NEWS

Examiner Special.

Norwood, May 22. — On Sunday, the anniversary services of the Epworth League were held in the Methodist Church. Rev. Mr. Adams of town took the service in the morning. In the evening he was assisted by several of the young men and officers of the league. An interesting and instructive address was given by the president, Mr. J. G. Keefer, followed by an appropriate recitation by Mr. Geo Andrews, treasurer. Each department of the league's work was dealt with by the several officers, namely: Missions, by Mr. W. Girven; Temperance, by Mr. H. Fife; Athletics, by Mr. Carl Pickard; Social, Miss Fanny Squire. The general progress of the league was dealt with by Mr. J. Marks, and a short address given by Mr. Taylor about the Wesley Guild in England. The musical part of the programme consisted of an anthem by the choir, a solo by Mr. Taylor, and a duet by Mr. Duffield and Miss Una Duffield.

On Monday evening a very successful social was held in the Sunday school room.

Mr. Spotton, High School Inspector, visited the school here on Monday.

Messrs. Jno. Weir and H. Andrews of Havelock were in town on Tuesday.

Mrs. P. W. Reynolds, accompanied by her sister, Mrs. T. Dunnigin of Warkworth, left on Tuesday for Chicago, where they will spend a few weeks with the latter's daughter, Mrs. (Dr.) Conklin.

Mrs. A. Breault was in Peterborough on Monday.

Mr. Mills and daughter, Miss Lillian Mills, of Belleville, were in town last week.

Mr. Elias Williams of Havelock was in town Tuesday.

Mr. Geo. Gardner of Buffalo, N.Y., was in town last week visiting his sister, Mrs. Jos. McCracken.

Messrs. T. Hawthorne and R. Hendren of Warsaw were in town on Sunday.

Mr. J. W. Rork was in Peterborough Saturday.

Dr. Robertson and Miss Robertson were in Warsaw on Saturday.

The annual district meeting was held in the Methodist Church here Wednesday.

Mr. Norman Patterson of Peterborough spent Sunday with his parents, Mr. and Mrs. A. Patterson.

Miss Helen Davies of Peterborough is a guest of Miss Sherry.

Miss Julia Choate of Peterborough spent Sunday and Monday the guest of Miss Gertrude MacLachlan.

Miss Hermes Nicol was in Peterborough Monday.

Miss Zella Stevenson is visiting Zwith friends at Toronto Junction.

Rev. G. A. MacLennan preached in the Presbyterian Church, Havelock, on Sunday, the pulpit here being occupied by Rev. A. E. Camp of Havelock.

Mrs. W. P. Plant and Mr. Chas. Plant, Hastings, were guests of Mrs. Jas. Calder on Saturday.

Master Stanley Weir was in Peterborough over Sunday visiting his aunt, Mrs. Butcher.

Mr. Chas. McGrath of Lakefield was in town for a few days last week.

Messrs. H. Choate and S. McClelland of Warsaw were in town Sunday.

Mrs. Levis and Mrs. Cuthbertson, who have spent the past two weeks in town, returned this week to their home in Alton, Ill.

Mrs. Kemptom of Campbellford was a guest of Mrs. G. E. Mills Tuesday.

Dr. A. M. Weldon was in Peterborough Tuesday.

Miss M. Tucker spent Sunday at her home in Hastings.

Mr. Gordon Fitzgerald of Peterborough was in town last week.

Mrs. H. L. Grover arrived in town last week and will spend the summer at her residence here.

Mrs. C. J. Searight is spending a few days in Peterborough with her daughter, Mrs. Ira D. Moore.

The Misses Pearce have been visiting with friends in Marmora.

Mr. Bert Neibel is confined to the house with an attack of pneumonia.

Mr. and Mrs. B. Cardwell, Westwood, were in town Friday.

Mr. and Mrs. Chas. Brookenridge of Otonabee were in town on Tuesday.

Mrs. Jno. Knox, who went to Toronto a few weeks ago to undergo an operation, returned to her home here last week. The many friends of Mrs. Knox will be pleased to know that she is rapidly recovering.

Miss Vida Wilkins, who has been attending Toronto University, returned Saturday, and will spend her vacation at her home here.

Mrs. Jno. Forsythe is visiting her parents, Mr. and Mrs. Losey, near Dartford.

Dr. F. C. S. Wilson has moved into the house just vacated by Mr. J. Guerin.

Mr. Claude Williams of Havelock was in town Sunday.

Mr. E. C. Squire was in Campbellford Tuesday on business.

Miss M. Morrison and Miss Gledhill were in Hastings on Sunday visiting the former's sister, Mrs. E. W. Valleau.

Mr. Jos. Christie spent last Sunday with friends here.

Miss Wynn, school teacher, No. 7, Douro, visited friends at Indian River on Thursday evening last.

Miss Maggie O'Sullivan, organist, Douro, spent last Monday with her friend, Miss V. O'Brien, here.

# THE CONVENTION OF SUNDAY SCHOOLS

**Otonabee Association Will Hold Annual Meeting in Keene on May 28th**

Keene, May 22. — The annual convention of the Otonabee Sabbath School Association, will be held in the Keene Presbyterian church on Tuesday, May 28. There will be both an afternoon and evening session.

Among those taking part in the programme will be Rev. L. S. Steadman, Rev. D. D. McDonald, Rev. N. D. Harrison, Dr. W. T. Harrison and Mr. R. Lees, M. A., County Public School Inspector.

A special feature of the programme will be the music provided by the combined choirs of the two churches. Each Sunday school in the township is expected to be represented by two delegates who will give reports of the work done in their respective schools.

# DEMISE OF A NORWOOD LADY

**Mrs. W. H. Tucker Passed Away on Monday Morning**

Norwood, May 22. — It was with deep regret that the citizens of Norwood learned on Monday morning of the death of Emily A. Stewart, beloved wife of Mr. W. H. Tucker, of this place. Deceased had been confined to her bed for the past month, and, although death did not come unexpectedly, it is none the less sad. The late Mrs. Tucker had been a faithful member of the Methodist Church for a number of years and an earnest worker in the W. M. S. She leaves to mourn her loss her husband, one daughter and three sons; also her parents, Mr. and Mrs. Wm. Stewart of Belleville. The funeral took place from the family residence on Wednesday afternoon and proceeded to the Norwood Cemetery for interment. The bereaved family have the heartfelt sympathy of a large circle of friends in their sad affliction.

# REV. DR. TORRANCE TO BE PREACHER

**At Preparatory Service in Keene—Lecture by Dr. Marsh—Medical Doctor Leaves for Havelock**

Examiner Special.

Keene, May 22.—Dr. Harold Kindred, who has practiced in Keene for a couple of years, succeeding to Dr. J. M. Shaw's practice, moved to Havelock this week.

Mr James Edwards, Jr., who has been suffering from a severe attack of brain fever, is, we are pleased to state, much better, and hopes are entertained for his recovery.

Mr J. Harry Scriver was in Keene Tuesday.

Mr. Clarry, Peterborough, visited friends in the village Sunday.

Rev. David Thompson, Hastings, preached Sunday in the Presbyterian church, in the interests of the Lord's Day Alliance.

Miss Clarry, Millbrook, visited in Keene last week.

Mrs. N. Gall and family, who have been visiting in the village, left for Napanee Saturday.

Rev. Dr. Torrance, Peterborough, will preach Thursday, preparation day, in the Presbyterian church.

Mrs. (Dr.) V. H. McWilliams is spending the week in Toronto.

Dr. Marsh will lecture in the town hall Friday evening, May 24th, under the auspices of the Y.P.S.C.E. His subject will be Astronomy, and lime light views will be used to illustrate his lecture.

Miss Sadie Kempt is visiting relatives in Toronto.

Mr. James Speirs returned Monday from a trip to the Northwest.

Mr. James Weir, Peterborough, spent Sunday in Keene.

# BIG PREPARATIONS AT OMEMEE

**The Celebration on Dominion Day will be an Event of Wide Interest—Other Omemee News**

Examiner Special.

Omemee, May 20.—The weather is again changed to winter.

Quite a number attended the market on Saturday.

Our football team was agreeably surprised at giving Peterborough such a close game. The boys speak highly of the game in every way.

The Victoria Day celebration promises to be an attractive one. A reception to the Trent Valley Canal engineers will be a feature. A football match between Peterborough and Omemee will be played, as well as other sports on land and water.

Many of our citizens are anxious about Dr. Cameron, who is now in a Peterborough hospital. Dr. Cameron has assisted in treating many cases successfully during his career here.

There will be a missionary service conducted in the Presbyterian Church here next Sunday by Mr. Potter.

## POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post Card Column,—

Sir, — I would like to ask through the columns of the Examiner, if the anti-spitting bylaw is in force. If it is, why is it not enforced; and, if it is not in force, why is it not? The Mayor and Aldermen expended considerable energy on the Sign Bylaw enforcement, but this nuisance continues unabated. What is being done about it?

ANTI-HUMBUG.

Editor Post Card Column,—

Sir, — It has occurred to me that it would have been a graceful act on the part of the 57th Band, to have given a concert on Victoria Day. There are not many attractions in the city to-morrow and a patriotic concert, given, say in Victoria Park, would have been appreciated by the citizens, and in view of the fact that the band was recely given a grant of $500, this would have been a good way of showing its appreciation.

PATRIOT.

# BUILDING A PUNT FOR RIVER FERRY

**It Will Be Used Near Healy's Falls—Building Below Peterborough Locks**

Carpenters are at work building a large punt 35 feet long, at the locks below the city. It will be used by the Trent Valley engineers as a ferry, in the neighbourhood of Healey Falls, being provided with a hand-winch with which to propel it back and forward across the river.

# ROUTINE BUSINESS TAKEN UP

**Fire, Water and Light Committee Decided on Position of Hydrants Last Night**

## SIGN FOR NEW FIRE HALL

Routine business was taken up by the Fire, Water and Light Committee, at its meeting last night. Among other things, the position of certain hydrants that the Water Commissioners have asked the city to use was discussed. The location of lights was left over and the members of the committee will make a tour of the city in two weeks time before coming to any conclusion on the matter.

There were present, Ald. Johnston, chairman; Ald. Bradburn, Morgan, Duncan and the Mayor.

Letters were received for hydrants at the corner of Conger street and Barnardo avenue, Stewart and Dublin streets, and Stewart and Edinburgh streets. These are on the line of the extensions planned by the Water Commissioners, and they want the city to take the hydrants now.

The request for a hydrant at the corner of Conger and Barnardo avenue, was granted.

The commissioners will also be authorized to place a hydrant at the corner of Haslett and Concession streets, instead of at the corner of Dufferin and Concession streets.

In connection with the request for hydrants at the corner of Stewart and Edinburgh and Stewart and Dublin streets, it was decided that one hydrant should be placed at a point determined upon by the chairman.

Ald. Morgan moved that a hydrant be placed at the corner of Hunter and Concession streets. There was no seconder to the motion.

A communication was read from a Dennistoun avenue resident stating that the light at the corner of Dennistoun avenue and Smith street was out one-half the time. The clerk was instructed to write the company in reference to the matter.

**Coal For the Fire Hall**

The committee next took up the question of buying coal for the new hall. It was suggested that the Property Committee were taking up the same matter and that the committee might purchase 12 tons of coal for the hall at the same time. This was consented to by the Property Committee.

**Sign For the Fire Hall**

The committee next dealt with the question of a sign, such as "Central Fire Hall," or "Fire Station," for the new hall, and the chairman was instructed to have the sign painted and erected.

# BANK OF MONTREAL CLERKS GET BONUS

**17 1-2 Per Cent. on Year's Salary will be Given Clerks of This Bank This Year**

It will be interesting news to the local Bank of Montreal clerks to learn that at Tuesday's meeting the directors of the bank voted a general bonus of 17 1-2 per cent. to its per cent. to its staff.

The bonus system is regarded as more equitable than an annual increase, in that it distinguishes between the lean years and the fat ones. A profitable year, for instance, results in a gratuity. A less satisfactory year does not warrant the grant, and as it's a bonus and not a permanent increase, it need not be made.

The Bank of Montreal is not the only one that gives bonuses.

**Chosen Friends**

The regular meeting of the Chosen Friends will be held on Friday evening at eight o'clock, in the S. O. E. Hall, Hunter street. Proposed amendments to the constitution, laws, bylaws, rules and regulations governing the Grand and Subordinate Councils, will be submitted to the members for consideration.

# PREMIERS MADE FREE

## ADMITTED TO BE CITIZENS OF THE BRITISH METROPOLIS.

**Colonial Statesmen Honored by the City of London—Ministers Attending Conference Presented With Gold Caskets Containing Certificates as Freemen—Description of the Box Presented to Sir Wilfrid.**

Each of the Prime Ministers attending the Colonial Conference were presented with 18 carat gold caskets, together with the freedom of the City of London by that great municipality. The illustration is that of the casket presented to Sir Wilfrid Laurier.

The casket, which is strikingly original in its bold conception and freedom of design, as will be seen, takes the form of the Globe, surmounted by a finely-modelled figure of Britannia, as represented on coins of the realm.

The Globe, which contains the Scroll of Freedom of the City, rests on a framework particularly graceful in character. The four supports are beautiful curved, their lower portions having the Maple Leaf and Wheat, the floral emblems of Canada, entwined around them. Pendant from the frame, to which they are attached by artistic scrolls, are four escutcheons, bearing the arms of four colonies enamelled in proper colors.

The Globe and frame stand upon an oval plateau of solid silver, richly gilt, rendered light and graceful by four supporting open arches, and on the plateau beneath the Globe appears the following inscription:

Presented, with the freedom of the City of London, to Right Hon. Sir Wilfrid Laurier, K. C. M. G., Prime Minister of the Dominion of Canada, by the Corporation of London. Guild Hall, E. C., April 16, 1907.

The finely modelled figures of lions flanking the casket and its supports

CASKET PRESENTED BY CITY OF LONDON TO SIR WILFRID LAURIER.

are representative of the power of unity, as exemplified by the union of the Mother Country and her colonies.

The obverse of the base has a background formed by the Union Jack and the royal standard both in enamel, with the full blazon of the arms of the City of London in the centre, the Dragons being modelled in silver, and the shield, crest and motto enamelled in proper colors, while on the reverse appears the arms of Canada, and on the ornament above the recipient's monogram, which is thus associated with the arms of the colony for which he acts.

At each end of the plateau are given the arms of the two remaining colonies.

Caskets were also presented to the Hon. Alfred Deakin (Australia), the Hon. Sir Joseph George Ward, K. C. M. G. (New Zealand), the Hon. Leader Starr Jameson, C. B. (Cape Colony), the Right Hon. Sir Robert Bond, K. C. M. G. (Newfoundland), the Hon. Frederick Robert Moor (Natal), General the Hon. Louis Botha (Transvaal), which were identical in all respects with the exception of the position of the various coats of arms and the floral emblems, which are as follows: Australia, wheat; New Zealand, ferns; Cape Colony, arum lily; Newfoundland, bushes, with berries and reeds; Natal, silver leaf; Transvaal, Dis a Grandi flora.

The caskets were designed and manufactured by the Goldsmiths & Silversmiths Co., Limited, London, W.

### Under a Spell.

An English lady has become possessed of a mysterious necklace, which has brought her persistent illfortune since the day she received it as a gift.

The necklace, which is composed of pearls and turquoises, has a curious history. Originally it belonged to the Maharanee of Cooch. While it was in her possession she was robbed of a quantity of valuable jewelery. Her husband, the Maharajah, also lost some of his best racing ponies by death and breakdown.

At last, matters reached such a crisis that it was determined to ask the advice of a "wise man" or pundit. His advice was startling. He declared that the necklace was to blame—and that it brought bad fortune to everyone who possessed it. He prescribed a change of ownership and a voyage across the sea for the necklace, in order that the spell might be broken.

Accordingly, the beautiful string of precious stones was given as a present to an English lady. Since then good fortune has returned to the Maharajah and his wife, while bad luck has persistently dogged the footsteps of the new owner of the necklace.

### Wages "Smellers" Earn.

There are several trades which provide men and women with good livings simply because they enjoy an exceptionally keen sense of smell. Scentmakers, for example, need some one with a very delicate sense of smell to aid them in mixing the ingredients of perfumes in proper proportions. Queen Alexandra's favorite perfume—violet—costs £10 per ounce bottle, and it has to run the gauntlet of five professional "smellers" before it is passed as being correctly blended and ready for Her Majesty's use.

Some of the leading firms of perfume makers pay their "smellers" from £4 to £7 a week. Contractors for the lighting of streets, large public buildings and pleasure grounds very often engage "smellers" to find escapes of gas, 1 shilling being generally paid for each escape reported. Some of these men frequently make over £5 in a single week, the result being that in many cases the fee has been reduced to ninepence per escape reported.—London World.

## AN ENGLISH RAND.

**Discovery of Gold Reef In the Forest of Dean.**

The discovery of a gold reef in England has filled people in the "West Countree" with visions of another Klondyke. The reef has been traced from a place called Eurocyldon to Wigpool Common in the Forest of Dean and thence to Upper Soudley. A syndicate has been formed, but up to the present there has been no visible rush of fortune seekers. Perhaps that is due to the fact that the auriferous conglomerates in the Forest of Dean are supposed to contain only six grains of gold per ton. There are two gold mines at present being worked in Wales, one of which makes a substantial profit. The discovery of the new reef has set gold seekers wondering whether Gloucestershire is going to turn out a miniature Rand. The syndicate has secured mining rights over nearly 2,000 acres. The Commissioners of Woods and Forests are at present considering an application for a lease to work the mine upon which the mining inspector for the district is said to have reported favorably. The reef is reported to bear a remarkable resemblance to the basket formation in the Rand.

### A Lesson In Courtesy.

A splendid lesson, both in English and courtesy, was that taught a 16-year-old girl, recently in a Hyde Park market. One of the characters around Fifty-fifth street is an old colored mammy, at times so eccentric that she is thought mentally irresponsible. She seems always kind, however, and grateful for words of greeting from "de white folks" she meets upon the street or in the shops. She came into the market and after acknowledging with low obeisance our "Good morning, Auntie," she went into the back of the shop and brought out a rabbit's foot. She stood examining it with the quaintest comments about:

"Dis heah a funny rabbit's foot—it only got four toes-es 'at I kin see, but it a hind right foot all de same, and guess it bring me luck; maybe de boss gives me a chicken more cheaper."

We were thoroughly enjoying her monologue when a pert miss came in and said: "Hello, auntie." The old dame was at once incensed. She gathered her scant skirts about her and walking to the other side of the store she said, oh, so scornfully:

"Hello!" Don' you say 'hello' to me. Ain't yo' got no manners? Why don' yo' talk stylish and say 'Good mawnen.' I suppose yo' say 'hello' to yo' teacher, do yo'? Girls down South never say 'hello.' Dey never did heah such a word."

The girl was truly embarrassed and seemed to feel the rebuke even though its source was humble.

### Rescued From Raft.

On its last voyage to Port Adelaide, South Australia, during a south-easterly gale, the British ship Barcore sighted a mass of wreckage. On the wreckage, which consisted of the afterhousetop of the American ship Great Admiral, there were 15 men and a woman. The Barcore was hove to, but it was then too dark for the captain to locate the floating wreckage. At daylight next day the ship was brought close, and with great difficulty the lifeboat was lowered. A crew volunteered to try to reach the castaways; and, with the help of quantities of oil, the boat eventually reached the much exhausted survivors, who were taken on board. They had taken refuge in two separate portions of the housetop, and had it not been that the wreckage acted as a breakwater they must have perished. The shipwrecked party included the master of the Great Admiral, the mate, the mate's wife, and twelve seamen. The cook and steward had succumbed during the first night on the raft. The survivors were in a pitiable condition, having spent two nights and part of two days clinging to the housetop without food or water.

### Lady Waterford's Thrilling Experience

No less enthusiastic than Lady Lechmere, Lady Delamere and Lady Stewart-Richardson—to mention three intrepid titled British ladies who find chief pleasure in big game hunting—is Lady Waterford, daughter of the Marquess of Lansdowne. And yet Lady Waterford had an experience shortly after her marriage in 1897 which, it might have been thought, would have completely extinguished any fondness on her part for hunting in the wilds of Africa. She and her husband were trekking in the open in East Africa when a lion bounded out at them. Lord Waterford was knocked down, but his two gun-carriers came instantly to his assistance. In despatching the lion they were severely mauled. Lady Waterford, with rifle in hand, was forced to stand helplessly by and witness the struggle, being afraid to fire for fear of hitting her husband or the bearers.

### Cathedral In Danger.

Many of the worshipers at Exeter Cathedral have been alarmed by the erection of scaffolding around the south tower for the purpose of ascertaining the extent of a crack discovered some time ago.

They absent themselves from the services, despite the efforts of the dean and chapter to prevent a scare.

The crack extends from near the ground to the battlements. Trenches have been sunk, but no change in the foundations has been revealed, and the cause of the crack cannot be ascertained.

The external stonework of the tower is in a very unsatisfactory condition.

### A Deal In Buffaloes.

The Canadian Government has closed a deal for the purchase of a herd of buffalo from M. Pablo, of Flathead Reserve, Montana. This herd is the largest in America. This herd is 50 strong. Some of them will be shipped to Western Canada in May, and the balance in August. They will be located for the present at Elk Park, east of Edmonton, but it is the intention at a later date to transfer them to the New National Park, which is to be established at some point in the Rocky Mountains.

### A Queer's Bedchamber.

Queen Alexandra's bedroom is paneled in pale rose silk, with hangings of white satin, those of the bed being surmounted by the imperial crown. The curtains of her boudoir are of ivory silk, bordered with heliotrope. Here the panelings are of ivory silk in gilt moldings, and other accessories are Beauvois tapestry, French carpet and Louis XVI. furniture. Her majesty's bathroom is quite new and was specially built out. It is fitted with a bath of Grecian marble from quarries which had been disused a thousand years.—London M. A. P.

## FUTURE OF THE SOUDAN.

**Antiquities and Ruins Prove Very Profitable Assets.**

A recent issue of The Windsor Magazine contains a very interesting article on "The Future of the Soudan," by Mr. John Ward, the well-known Egyptologist. He says:

"Five hundred miles south of Khartoum mission stations have been established under the care of the best sort of missionaries—those who pay more attention to teaching simple industries rather than abstruse doctrine to the poor savages, whom nobody ever strove to teach before. The fierce Dinka, the crafty Shillonk, and the loyal and intelligent Isalin, and many other inferior tribes, are gradually beginning to see the respectability of labor, and that if they are industrious and cultivate more crops and rear more cattle than their own families need, they can sell and make money by their surplus. Their cattle will command a market, and the steamers that regularly ply on their rivers will carry them and their produce to the market towns. Thus there is always a British officer or a native head man, recognised as such by the Government. Once a year or more, the Governor-General makes a peaceful excursion up the principal rivers, visiting the towns and villages, and the inhabitants have all the right of petition to him or his officers — a contrast this to the progress of the Dervish chief, with his entourage of brutal soldiers, the sources of bribery, corruption, immorality and injustice, and the infliction of every cruelty possible. Added to this the frequent famines, owing to the thousands of armed men and the recruits torn forcibly from the villages, none but old women being left to till the fields. Omdurman was one vast charnal-house. Khartoum a head of ruins, when the British took possession. Both are now thriving cities, with electric tramcars, fine stores, warehouses, markets, and public buildings being constantly added to. The Soudan possesses an important asset not yet developed—that of its antiquities. Egypt's pyramids and temples are a profitable asset, bringing crowds of tourists, every year, constantly on the increase. These visitors spend some £100,000 annually on the banks of the Nile.

## NEW ZEALAND SERVANTS.

**Domestics and Lady Helps Combine Forces In Trade Union.**

There is a great disturbance in the drawing rooms of the good ladies of New Zealand and Australia; domestic servants and lady-helps have combined forces in a trade union. The union is the first of its kind under the Southern Cross, and marks the latest development under the New Zealand Conciliation and Arbitration act. It is known as the Wellington Domestic Workers' Union, and is already asking for an award.

The domestic servants' charter is divided into provisions covering eight classes of work. The following are among the main features of the charter:

1. A week's work to consist of sixty-eight hours' labor, commencing each morning at 6.30, and cease on four days a week at 7.30 p. m., with three intervals of half an hour each for meals and one hour interval in the afternoon of each day.
2. On Thursdays work shall cease at 2 p. m.
3. On Sunday work to cease at 2 p. m., but if required the servants to prepare tea between 5.30 and 6.30 p. m. on alternate Sundays. Two hours to be allowed to attend church in the morning.
4. On Wednesdays work to cease at 10 p. m., with three intervals of half an hour each for meals and one interval of an hour in the afternoon.
5. Eight holidays a year to be allowed and all statutory holidays to be given, work done on those days to be paid for at the rate of 1s per hour.
6. Domestics are to be in every night at 10 p. m., except on Thursdays, when they are to be allowed out till midnight!
7. Where uniform has to be worn, the mistress must supply the dress, caps, collars, cuffs and aprons.
8. Well-ventilated bedrooms to be supplied to all servants.

The wages demanded by the new union range from 12s 6d a week for nursemaids to 25s a week for housekeepers. The poor abused "general" is listed at 15s a week. It will be noted that the scale is very much higher than the English average.

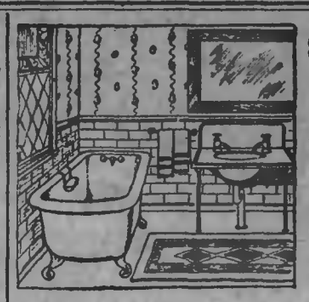
### Nothing Lost.

He swore off half a million,
Yet he didn't feel bereft.
He had the property all right;
The tax man 'twas got left.

### Evolution.

"Don't you believe in evolution?" asked the scientific man.

"Certainly," answered Miss Cayenne. "No change that centuries bring about in natural history can be more remarkable than that which a woman undergoes in a single day as she progresses from curl papers to evening gowns."—Washington Star.



# SANITARY PLUMBING

THE Modern Bath Room is to-day, an important factor in the health of our homes. By insisting one Sanitary ware and fixtures and a plumber who knows how to instal Sanitary Plumbing, you have the assurance of safety, luxury and comfort.

We give estimates and make contracts for all kinds of Sanitary Plumbing and guarantee perfect satisfaction.

Best grades of Porcelain Enameled Baths, Basins, Lavatories and Nickel plated Fixtures of modern design.

## ELECTRIC WIRING

We have expert men who do all kinds of Electric Wiring in the most skilful and safe manner. Showroom of Electric Fixtures and Supplies, plain and ornamental. See our showroom display. Electric Water Heaters, Irons and other specialties.

Calling a water
does not certify it safe for you to drink. Water can be pure and yet be harmful. Boiled water is pure, in one sense, because heat destroyed the bacteria it contained, but heat does not remove harmful salts from water, nor the organic matter. ¶ Distilled water, used so much on shipboard, is chemically pure; but seafaring men will warn you against drinking too much "condenser" (distilled) water. It brings on bowel trouble, because the salts it should contain have been distilled out of it. ¶ Some spring water is fairly pure; but even the purest spring water contains dissolved mineral matter—sulphate of lime, carbonate of lime, magnesia, common salt, potash, iron. ¶ Even pure water, if it contains *too much* of some of these salts, does you harm. ¶ So what are you to do? You shouldn't drink boiled water because the salts are *not* boiled out of it. You musn't drink distilled water because the salts *are* boiled out of it. Most spring waters have too much of the wrong kind of salts. What are you to drink? ¶ Why not drink a water that is not only ideally pure, but in which are *naturally* present exactly the salts that are good for anybody, in exactly the proportion that is right for everybody? ¶ Why not drink a water that is zestful, sparkling, limpid, with no excess of mineral, no trace of harmful salts? That is
York Springs Water
Wholesome — Limpid — Refreshing
Bottled at the Springs for surety of purity and sold in your neighborhood by merchants who discriminate.
Ideally Pure York Springs Water is the basis of these beverages: York Springs Water (natural), York Sparks (York Springs Water charged with purified carbonic gas), York Ginger Ale, York Sarsaparilla, York Soda, York Potash Water, York Aperientia (the perfect laxative)

# THE DRUMMER'S GHOST

WEIRD STORY FROM CORTACHY CASTLE.

**Wicked Earl's Terrible Revenge—Fastens Boy Inside Drum—Hurled From Castle Walls—Ghostly Drum Beats Now Heard Whenever Death Occurs In Family—Lad Vowed He Would Haunt the Place.**

More extraordinary than any ghost story in fiction and equally inexplicable is the grim tale of the phantom drummer boy of Cortachy Castle, the seat of the Airlie family. An authentic account appears in "Pearson's Magazine." The story runs as follows:

"A certain wicked Earl of Airlie had a quarrel with one of his friends, and his passionate temper and haughty pride made him refuse to acknowledge himself in the wrong.

"The friend, who was an officer in the same regiment as the Earl, sent an emissary to the latter in the shape of a young drummer boy, who fearlessly carried a message of some kind to the castle, was conducted into the presence of Airlie, and awaited the proud Earl's pleasure. Either the wording of the message or some indiscreet action on the part of the lad himself angered the wicked laird, and he prepared to take a terrible revenge. Having called on his retainers to seize the boy, he ordered him to be fastened inside his own drum, and then thrown from a high rampart on a tower of the castle, knowing that his body would be dashed to pieces on the hard stones below.

*Cursed His Captor.*

"The helpless boy heard the fiendish order given, and while it was being carried out he cursed his captor bitterly, swearing that if his life should be taken he would haunt the Airlie family forever.

"No heed was taken of his threats, and the unfortunate boy went to his doom over the steep wall of Cortachy; but some years afterwards, just before the death of the wicked Earl, the faint rub-a-dub-dub of a drum awoke the echoes round the stately castle, and ever since then, before the death of an Earl or Countess of Airlie, soft music, accompanied by the sound of drumming, is distinctly heard, often by persons having no knowledge of the legend whatever, and always when least expected or listened for.

"For instance, in August, 1849, a young Englishman, a friend of the heir of the Ogilvies, was invited to Tulchan for a week's shooting, and on his way to the shooting lodge on the estate he rode a stout Highland pony, and was accompanied by a gillie.

*The Death Warning.*

"As he neared his destination he was surprised to hear, stealing over the wild lonely Forfarshire moor, the sound of faint music, accompanied by the hollow rub-a-dub-dub of a drum. Tulchan stood quite alone, the only house for many miles round, and as darkness had already fallen the lad could not understand the weird sounds, and questioned his guide.

"The Highlander muttered something inaudible and appeared greatly perturbed, but presently the music and the drumming ceased, and the riders drew rein before the front door of the lodge.

"Before dismounting the Englishman was told that his host, young Lord Ogilvie, had been hastily summoned to London on account of the dangerous illness of his father, the ninth Earl (who already lay on his deathbed), and was asked to excuse his absence.

"The gillie then solemnly related the family legend to the new guest, and on the following day the Earl of Airlie died, thus fulfilling the drummer's warning."

*Lord Milner's Views.*

"It is extremely unfortunate that the one form of Imperial partnership, the one new tie of a practical kind, which all the colonies, including Canada, are as yet unanimous in desiring, should have met with no better reception in the Mother Country. 'Preferential trade relations' with our own fellow kinsmen, a position of permanent advantages, in some of the greatest and most promising markets in the world, is a boon which—apart entirely from its political consequences, great as they must be—would be worth securing at any price, and the price we should in fact have to pay is a bagatelle."—Lord Milner, in The National Review.

*Japs Coming to Canada.*

The Japanese Government has notified immigration companies in Japan that all restrictions have been taken off immigration to Canada, owing to the unqualified agreement of Canada to the Anglo-Japanese commercial treaty. Formerly only a limited number of coolies could be sent annually from Japan to Canada. Now as many will be sent as can pay the price. A great influx of Japs has already begun into British Columbia.

## What To Eat and When to Eat

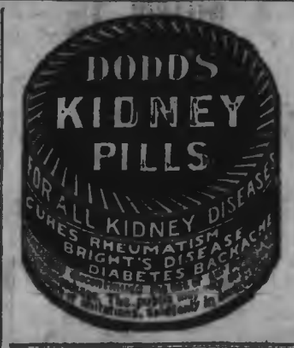
**Two Important Questions Answered Easily After Reading This.**

Every nutritive element of the best white wheat grown is found in Malta-Vita. This famous food is the whole of the wheat thoroughly steamed and cooked in absolute purity and mixed with the finest malt extract that was ever made, thus it is the richest, strongest food in the world. You understand, of course, that the cooking and steaming of the wheat gelatinizes its starch, and then the malt extract, a powerful digestive agent, quickly converts this starch into maltose, or malt sugar. Maltose is great food, and the weakest stomach digests and assimilates it without effort.

We all know that for many years physicians of high standing in their profession have prescribed malt extracts, which contain a large percentage of maltose. Malta-Vita, the crisp, delicious whole-wheat food, contains from eight to ten per cent of maltose.

When Malta-Vita comes from the ovens, it is the crispest, most delicious food in the world, containing only one per cent of moisture. The other 99 per cent *is food*—brain and bone and nerve and muscle food—and most easily digested.

Malta-Vita is always fresh and crisp, and ready to eat. Delicious, refreshing, invigorating. No other food like it. All grocers, now 10 cents.



## A SURE CURE.

Abou Ben Had'em—may his tribe increase—
Awoke one night from a deep dream of peace.

He rolled him over, and his form he eased,
He fixed his pillow—then, behold, he sneezed!

He cooled his forehead with a pillow-slip;
He said: "By jingo! I have got the grip!"

He called—his household angel quickly came,
With lamp in hand; a good and portly dame.

She gave him barks, she gave him boneset tea,
But naught relieved his fearful miseree.

She gave him stuff that made poor Abou sweat,
Then rubbed him down, but still he suffered yet.

She gave him pills and squills both thin and thick,
And still her patient was most awful sick.

And must poor Abou die? O fearful thought!
She got some whiskey and she made it hot.

She filled up Abou to his noble throat,
And made him fuller than an alley goat.

He rose and dressed himself—he left his bed,
And then he painted half the city red.

L'Envoi.

Next day beneath the magisterial crest
Abou Ben Had'em's name led all the rest.

—The Khan.

## LAWYER'S SHARP PROTEST.

**Refuses to Be Subdued By Judge and Throws Up Case.**

R. A. Bonnar, of Winnipeg, the leading criminal lawyer of Western Canada, caused a startling sensation in legal circles last week by withdrawing from the prosecution of the famous "grain conspiracy case" because of a sharp reprimand from the sitting judge, Mr. Justice Phippin, one of the members of the recently appointed Appeal Court of Manitoba. Mr. Bonnar was retained as Crown prosecutor in the case and the preliminary hearing at the police court during the past winter occupied many weeks, but according to the ruling of the magistrate, failed to secure any startling evidence of a conspiracy, but, nevertheless, the case was sent up for trial before a judge. As is his habit when dealing with witnesses in criminal cases, Mr. Bonnar attempted somewhat to crowd a witness and to use rather stronger language towards him than the judge deemed fit and proper. His lordship intimated that the witnesses were not brought to the court to be insulted. (The witness in question had been called by the crown.)

"I have examined hundreds of witnesses," said Mr. Bonnar, "but never a more stubborn one than the one on the stand."

*Would Inflict Penalty.*

The storm burst. "If things are repeated," declared the judge, "I shall have to inflict a penalty you will not forget."

Mr. Bonnar suddenly stopped examining the witness and sat down. He left the court in a few minutes, though it was early in the afternoon, and the case was proceeding. Next morning when court opened he was not present, but Attorney-General Campbell appeared and informed the court that Mr. Bonnar had withdrawn from the case and refused to continue the prosecution. His lordship said that in accordance with the rules of the Law Society, Mr. Bonnar could be punished for breaking a contract. Speaking to the Attorney-General the judge said, "For some time past I have seen witnesses in the box blackguarded. That is the only word I can use to express it. While I was at the bar, and as long as I am on the bench I consider it is the duty of the presiding judge to protect the witness."

The case was enlarged to allow of time to instruct new counsel for the prosecution.

*Fruit Fly in Australia.*

A new terror for fruit farmers has arisen in New South Wales and Victoria. This is the fruit-fly, whose advent, unless strong measures are taken, promises to be as disastrous to the orchards as the introduction of the rabbit was to the pastures. How to get rid of the insect when once it has established itself is a problem for which a solution is being anxiously sought by cultivators, not only in the states that have been attacked, but in other parts of the mainland and in Tasmania, where inspecting officers are feverishly examining all imported fruit, with the knowledge that sooner or later the enemy will certainly defeat them. The only sure remedy that can yet be suggested is the drastic step of the destruction of infected orchards, for it seems that no amount of spraying will avail against the fruit-fly, which multiples with amazing rapidity.

*Tar Cure For Snakebite.*

The child of F. Grobelar, of Waterval Boven, Transvaal, was bitten by a puff-adder, and was in danger of losing its life, when the father applied a poultice of common tar to the wound. The swelling soon subsided and the child recovered.

## M.P.'S SWORE TERRIBLY.

**Used Torrent of Oaths and Blasphemies Says Mr. Blacksteck.**

"I stood in a hotel some time ago whilst a lady was signing the register, and at the same time I heard a torrent of the foulest oaths I ever had to listen to, oaths and blasphemies proceeding from some members of the House of Commons. So long as we allow that to go on, so long will we be on the greased skid of destruction."

Mr. George Tate Blacksteck, K. C., made this remark in the course of an address delivered recently before the Canadian Club, Toronto, on "Some Tendencies."

"Democracy works better in Great Britain than in any other country on earth, because it is an evolution, and the old grandee system which governed at one time has been broadened out and has become democratic, and you have an aristocratic governing body, while at the same time that body is in constant touch with the democracy."

He proceeded to point out how the House of Lords, although aristocratic, was yet democratic, because the poorest boy might, by industry, perseverence and ability rise to a seat in that high body, and many had so risen.

In 1875 the people of this country rose in their might and hurled from power the idol of their heart, because they believed he had betrayed his trust. Now what have we to-day? There sits in the House of Commons a man disqualified by seven judges, declared to have been guilty of almost every electoral corruption; and on the other side, a man convicted and sentenced for voting twice.

The first Parliament of the Dominion contained such men as Sir John Macdonald, Sir Geo. Cartier, Hon. Alexander Mackenzie, Hon. Edward Blake and other great men. When we compare that Parliament with to-day's, we are compelled to exclaim "How are the mighty fallen."

There are some men, such as Sir Wilfrid Laurier and Mr. R. L. Borden, who are absolutely above all thought of wrong. They, however, are not the whole Parliament. Now how are we to wipe out this evil? By individual effort and by exercising our vote and our influence for the return of men of honor and uprightness.

## SHORT TOMATO CROP.

**Much Wheat Killed and Fruit Trees Backward Through Cold.**

This has been a very disappointing month to fruit-growers of the Niagara Peninsula. Owing to the remarkably cold weather in April, fruit trees, vines, etc., are not in as good condition as they were a month ago, when prospects seemed to be of the very brightest. The fruit trees, owing to the unseasonable weather, are very backward in growth, though apparently not otherwise harmed, the growers say, and wheat around here looks decidedly bad. The cold nights during the past month are what killed the wheat, for in the day time the weather was comparatively mild, while at night there was heavy frost. "Hundreds of acres of wheat will be plowed up around here," said a prominent grower to your correspondent last week. "Then the weather has been so dry of late that grass is decidedly backward, and the farmers are seriously handicapped by lack of pasture for their cattle. This has caused butter prices to be phenomenally high for this time of the year."

*Short Tomato Crop.*

Tomato growers predict that the tomato crop will be short this year, too, on account of the cold weather. It is the practice of tomato-growers to set out the seeds in hotbeds, relying on the warm April sun to nurture the little plants. This April there has been little or no sunshine, with the result that thousands of the little plants died in the hotbeds, and when the plants are set out about the middle of May there will be considerable of a shortage of the usual acreage.

The canning factories have again contracted for their season's supply of tomatoes at 25 cents a bushel, the attempt of the growers to raise the price to 30 cents having met with defeat.

*Many New Arrivals.*

The number of immigrants who came into St. John, N. B., during the season which ended with the arrival last week of the steamship Montreal from Antwerp, will run close up to 30,000. The lists are not yet tabulated, but it is known that the C. P. R. Liverpool boats brought over 16,000, and the Antwerp boats more than 9,000. Then there was a goodly number by the Donaldson line and the Allan line, although the Allan line landed the greater majority of their passengers at Halifax. The total number of passengers arriving at St. John during the winter of 1905-6 was about 17,000 so there is an increase of upwards of 10,000 for the season now at an end.

In "King Solomon's Mines" Rider Haggard made an odd scientific error. He described a lunar eclipse taking place at the new moon instead of at the full. Richard Proctor, the astronomer, said that when a novelist attempts to describe a scientific phenomenon he should take care to be exact, because people pay more attention to the descriptions of the novel than to those of scientific text books.

Makes
Ironing
Easier—
This cold-water starch gets froning-day over quicker, with less wear on the ironer's muscles and far less on the starched pieces. Gives a beautiful gloss. Needn't be boiled...yet cannot stick. It's a starch you'll like.

Celluloid
Starch

# SUNSHINE FURNACE

UNBREAKABLE FIRE-POT

The lower portion of a fire-pot is usually nearly or partly filled with dead ashes, leaving the live, red-hot coals in the upper part. The result is that the upper portion expands much more than the lower.

This uneven expansion causes a strain too great for a one-piece fire-pot to stand. Sooner or later it will split, allowing precious heat and sickening gases to escape.

But the fire-pot of the Sunshine is constructed to meet this condition. It is in two sections. The upper half expands, as much as necessary, independently of the lower. When cool, it contracts back to its original size, fitting to the lower half perfectly.

And this strong, unbreakable, gas and heat-tight, two-piece fire-pot is just one of the many superior features of the Sunshine.

If your local dealer does not handle the "Sunshine," write direct to us for FREE BOOKLET.

# A FIRE DESTROYED THIS BOAT

Steamer Naomi is Burned to the Water's Edge.

FOUR COAL PASSERS DEAD

Imprisoned by the Flames—Perished In Their Bunks—Passengers Rescued In Their Night Clothes—Captain Remained Till Last Had Narrow Escape—Ship Burned Like Tinder—Loss $225,000.

Grand Haven, Mich., May 22.—The steamer Naomi of the Crosby Transportation Co. was burned to the water's edge yesterday morning while on her way from Grand Haven to Milwaukee. Fifty passengers were taken off by the steamer Stratford and transferred to the steamer Kansas of the same line. Four members of the crew were burned to death. Among the injured is J. M. Rhodes of Detroit who is in a hospital badly burned, and probably will die. Those rescued were taken off in small boats. The dead men were all coal passers.

The loss on the Naomi, which was in command of Capt. Thomas Traill, is estimated at $225,000. After the passengers and crew were rescued a barge put a line on the burning hulk and is towing her into this port.

The fire started near the kitchen, between decks, and spread so rapidly that the whole ship was a seething furnace before the crew could get out the fire apparatus. Fire swept the whole length of the ship, and the upper works burned like tinder. It is considered miraculous that the passengers all escaped. Many of them were taken off in their night clothing, while scarcely any one was more than partially clad.

The fire was not discovered by any of the Naomi's crew, but was first seen by the lookout on the steamer Kansas, which was proceeding in the opposite direction from Milwaukee to Grand Haven. The Kansas made directly for the Naomi and in the meantime the passengers of the ill-fated boat were awakened.

Capt. Thomas Traill was the last man to leave the steamer alive, and his clothing was almost burned off.

The coal passers who perished were below in their bunks, and are believed to have been penned down there by the flames. They are believed to have shipped from Milwaukee.

It is said by the passengers that the screams of the dying men in the hold were heard, but that it was impossible to reach them.

### NO BEER, NO WORK.

New Foreman Cuts Out Practice and Men Strike.

Paterson, N.J., May 22.—Because they have been denied the privilege of bringing beer into the shops during working hours and also because the company refused their demands that George Browne, a foreman, be removed, 250 men walked out of the Rogers Locomotive Works of the American Locomotive Company here yesterday.

Browne a few weeks ago assumed charge of the blacksmithing department. One of his first acts was to order that no beer be brought into the works and that the men were not to leave the shops during working hours to get beer.

### Item Increased Revenue.

Quebec, May 22.—In the Criminal Court yesterday afternoon Mr. Dufault, Deputy Minister of Mines, was questioned as to the taxation of the rich mining companies, and stated no tax nor rayolty was imposed on them and that they practically paid no taxes.

Since the publication of the article in The Nationaliste, a classification of the mining lands had been made and fees for permits of exploration and for letters patent or mining lands had been increased so that the revenues for the province were on an average 50 per cent. larger.

### Sent Back to Ontario.

Halifax, N. S., May 22.—F. E. Todd, chief of police of Turks' Island, arrived on the steamer Beta yesterday, having in charge W. Hartley of Ontario, who was deported from the island on account of being of unsound mind. Hartley arrived on Turks' Island three months ago from New York. He has been handed over to the immigration authorities here, who will have him sent to his native place in Ontario.

# IRELAND WANTS HOME RULE

Ireland Rejects Council Bill Offered By Mr. Birrell.

IS INADEQUATE IN SCOPE

Details of New Measure Not Favored—Convention Turns Down Proposals—Want Complete Self-Government or Nothing—Priests Are Against It—Bill to Be Dropped in House of Commons.

Dublin, May 22.—The Nationalist convention, called to decide whether the Irish Bill, introduced in the House of Commons, May 7, by the Chief Secretary for Ireland, Mr. Birrell, was acceptable to the people of Ireland, yesterday unanimously accepted John Redmond's resolution condemning the bill.

The resolution was as follows: "That this convention, representative of National opinion, emphatically places on record its profound conviction that nothing can satisfy the national aspirations of Ireland or bring peace and contentment to our people but a measure of self-government which will give the Irish people complete control of their domestic affairs.

"That while we have never wavered in our belief that it is impossible to produce any logical or workable scheme for the extension and development of popular power and responsibility in Ireland short of the concession of Home Rule, at the same time, in accordance with the resolution of the National Directory of the 5th of February, 1907, and with the public declarations made from time to time on our behalf, we have been willing to give fair consideration to any scheme prepared by the British Ministers which, in their opinion, would be 'consistent with and lead up to larger policy' to which they were pledged.

### Will Let Bill Drop.

London, May 22.—The Nationalist convention at Dublin, having rejected Mr. Birrell's Irish bill, it is understood that the Government will drop it for this session at least, and will proceed with the other reforms.

That the Government cannot grant any wider measure of self-government to Ireland without causing dissension in the Cabinet is not denied.

Mr. Redmond's action in moving the rejection of the measure, although anticipated in some quarters, generally caused surprise, as it is understood that he had agreed, after a conference with his colleagues, to accept what the Government offered as a partial concession to the demands of Ireland. With the majority of his party, including the clergy, opposed to it, however, there was no other course for him to pursue, in the opinion of the politicians here.

### DOCTOR'S TRAGIC DEATH.

Charged With Being Drunk—Was Heart Failure.

New York, May 22.—Following an autopsy performed on the body of Dr. Charles A. Foster, who was found dead in a police cell, announcement was made that death was due to uraemia, and heart trouble.

Dr. Foster was in the station, charged with intoxication.

The coroner declares that he will immediately offer a bill in the state Legislature calling for the placing of physicians at various police stations to examine all men and women charged with intoxication.

### C. P. R. PROSECUTED.

Accused of Violating Lord's Day Act In the West.

Calgary, Alta., May 22.—Fred English, local agent of the C. P. R., has been served with four notices of infringement of the Lord's Day Act by the C. P. R.

This is the first action in Alberta arising out of the Lord's Day Act, and probably the first case against the C. P. R.

It is said that work similar to that done in the places complained of is done every Sunday in Calgary. The alleged offence occurred on March 31.

### Cadet Lost No Marks.

Kingston, May 22.—The anthorities at the Royal Military College say that the alleged reduction of a cadet sergeant to the ranks for shaving his lips so that a speedier growth might follow, is unfounded.

True, a reduction has been made of the Montrealer, but the shaving of his lip was only a culminating episode which led to the taking way of the stripes. He loses no marks by the reduction. The despatch to the outside papers, alleged to have been sent from Kingston, did not emanate here.

### Reform Officers Elected.

Drayton, May 22.—West Wellington Reform convention held here yesterday.

The officers elected are as follows: President, D. G. Robertson, Drayton; vice-president, Jas. McMurchie, Harriston; second vice-president, Mr. Hazelwood, Clifford; secretary, A. G. Campbell, Harriston; treasurer, Dr. Flath, Drayton.

### Hotel Burned.

Aylmer, May 22.—Fire at 2 o'clock yesterday at Smuck's notel at Richmond did considerable damage before it was extinguished.

# SIR WILFRID LAURIER IN FRANCE

Will Discuss Franco-Canadian Tariff Proposals.

FRANCE NOW HAS A CHANCE

Rejection of Preference by Imperial Government Gives Opportunity—Churchill Loses By It—Criticism of Edinburgh Speech—Proposed Educational Campaign—Hon. C. Sifton Favors the All-Red.

London, May 22.—Sir Wilfrid Laurier Premier of Canada, started yesterday for Paris, where it is understood he will discuss the proposals for a new Franco-Canadian tariff.

The failure of the imperial colonial conference to arrange a preferential tariff within the British empire is supposed to enable France to obtain more favorable terms from Canada.

### Churchill Loses By It.

London, May 22.—The Australian press comments on Winston Churchill's Edinburgh speech, and says it may help Churchill with a section of his party, but not with the colonies, the good opinion of which from the day he took office he has been doing his best to forfeit.

The Canadian Associated Press is informed that colonials may be brought here to assist in educating the electorate in the doctrine of preference, and fiscal missionaries despatched to the colonies to preach the same gospel.

### All Red Service.

London, May 22.—Hon Clifford Sifton, who, with Mrs. Sifton, sailed for Canada yesterday per Cunarder Caronia, was seen prior to his departure. He says the all-red fast service scheme is in such condition that a successful termination can be expected.

### EXHAUSTED THE PANEL.

Haywood Trial Still Delayed Owing to Lack of Jurors.

Boise, Idaho, May 22.—Court in the Haywood murder case opened at 8.30 yesterday morning. This was the ninth day of the hearing. At 9.35 a. m. the defence peremptorily challanged John Fusher, in the tenth chair, the examination of John Witlock, in the sixth chair, having passed temporarily.

After this challenge both sides had four left, with only nine members of the special venire of 100 to draw upon.

James Afler, a teamster, was excused because of his strong opinion.

One after another the remaining talesmen were excused because of opinions, until Levi Smith, the 92nd member of the special venire, was reached. Smith said he was a railroad employe, and declared he had never formed opinions regarding the case. He was finally accepted by both sides.

Juror Orric Cole, at No. 9, was excused on account of illness.

John A. Lawrence, a farmer, declared he was opposed to capital punishment, and was excused.

The panel was exhausted at 10.45, and a new special venire of 60 persons was ordered. The trial was adjourned until to-morrow.

### FAVOR FEDERAL SUBSIDY.

Both Parties Have Views In Common In British Columbia Legislature.

Ottawa, May 22.—J. A. Macdonald, leader of the Liberal Opposition in the British Columbia Legislature, is in the city.

Interviewed regarding the claims of the province for a larger federal subsidy, he replied that the two parties had some views in common on that issue. Both parties had always contended for larger federal subsidy. As to the method employed by the Premier to get an increase he would not commit himself.

Mr. Macdonald affirmed that the present state of prosperity surpassed that of any previous period in the history of British Columbia. He attributes this to the big price of copper and other metals and to the exceptional demand for lumber in the northwest and all over the world.

Besides the fruit growing industry had received a wonderful impetus lately.

### TROOPS MOVING SOUTH.

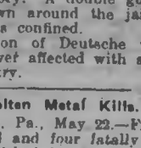
Getting to Guatemalan Frontier on Pan-American Roads.

Mexico City, May 22.—Mexican troops are moving to the Guatemalan frontier, according to information received in a private telegram. The troops are traveling over the Pan-American Railroad. In what numbers or what purpose these soldiers are moving southward is not known, outside of official circles.

It is said that the transfer of these troops may simply be the carrying out of previous orders issued by the War Department, in pursuance of a plan of mobilization, which carries with it no special significance.

At the State Department nothing could be learned of the situation. Meantime it has been learned that the scene of the greatest activity has been divided between Guatemala City and San Salvador.

**PEN-ANGLE**



Pen-Angle Underwear is form-knit so it can't help fitting your figure,—it's made of long-fibred wool so it won't shrink—and it's guaranteed besides. The whole idea is to make it so good you can't afford not to buy by the trademark (in red). 206

in a variety of styles, fabrics and prices, for men, women and children. Form-fitted. Dealers are authorized to replace instantly and at our cost any Pen-Angle garment faulty in material or making.

**UNDERWEAR**

HOUSEKEEPERS who are wise will not be persuaded into purchasing the unreliable baking powders which some dealers wish to sell for the sake of the additional profit derived therefrom. Crudely mixed from low-grade, impure ingredients, such powders cost but half as much to make as the highly refined, absolutely pure Royal Baking Powder, although retailed at the same price. They are unwholesome and lacking in leavening strength.

ROYAL BAKING POWDER gives the greatest value for its cost, and there is no other baking powder or leavening preparation that will give such satisfaction, or make such pure, wholesome and delicious food, or which in practical use will be found so economical.

ROYAL BAKING POWDER CO., NEW-YORK.

### HOSPITALS FULL OF RIOTERS.

"Black Hundreds" Inflict Serious Injuries On Jews At Odessa.

Odessa, May 22.—Fifty-three persons were taken to the hospitals suffering from broken heads or limbs, or otherwise dangerously injured as a result of the outbreak of the Black Hundreds here Monday, following the assassination of three police officers.

In addition about a hundred persons were less seriously injured. The victims included women, children and students.

It is alleged that, out of revenge for the assassination of the three officers, whom the Jews had nicknamed the "heroes of the anti-Jewish riots," the police turned the Black Hundreds loose, armed with clubs and rubber sticks.

Jewish pedestrians were brutally beaten and many houses in the Jewish quarters were looted and their occupants assaulted. Disorder lasted for some hours, the police making no attempt to suppress it.

### Reign of Terror.

Odessa, May 22.—The Black Hundreds took advantage of the funeral yesterday of the three police officials, assassinated Monday, to renew their attacks on the Jews.

The whole Jewish population became terror-stricken, all the stores were closed and the streets were almost deserted.

### TO REVISE VULGATE.

Pope Will Leave the Work to the Benedictines.

London, May 22.—In a despatch from Rome, the correspondent of The Times says he learns the Pope has issued a decree entrusting the entire revision of the Vulgate to the Benedictine Order.

This is the most important decision yet announced, the correspondent continues, as an outcome of the Biblical commission appointed towards the end of the pontificate of Leo XIII.

In an editorial article, The Times says it is difficult to overestimate the importance of this step.

"No book," the paper declares, "has exercised a wider and more powerful influence in molding the faith, morals, thought, and traditions of the literature of the European world than the Latin version of the Scriptures, which we know as the Vulgate. For 1,500 years it has been setting its impress upon the whole mental heritage of countless millions of men."

The paper adds the step is a bold one, but it will be hailed with satisfaction by many within as well as without the Church of Rome.

### ABSCONDING BANKER TAKEN.

Closely Guarded for Fear of the Poor People's Violence.

New York, May 22.—Shackled in irons and closely guarded by detectives, Joseph Deutsche, the Perth Ambey, N.J., banker, who is alleged to have defaulted with $17,000 belonging to his clients, eight weeks ago, was brought back to the United States yesterday on board the Holland-American steamship New Amsterdam.

Deutsche was captured in Holland, and fearing that he might commit suicide, he was kept in irons during the entire voyage. The manacles on his hands and feet were only removed at meal times.

Numerous threats have been made against Deutsche by the poor people whom he is charged with robbing, and to prevent any attempts on his life, Deutsche was secretly taken to Perth Ambey. A double guard has been thrown around the jail where Deutsche is confined.

Extradition of Deutsche was the quickest ever affected with an European country.

### Molten Metal Kills.

Pittsburg, Pa., May 22.—Five men were killed and four fatally injured about six o'clock last night at Laughlin Steel Co.

Molten metal was thrown over the men, almost cremating them.

Last January fifteen men were killed.

### King Will Give Cup.

London, May 22.—The King will give a hundred-pound cup for the artillery competition of British and Canadian teams in Canada in July.

**THE RECORD ADMIRAL FURNACE**

possesses one of the largest feed doors of any furnace manufactured. The advantages of this are obvious when one considers that, with such a door, it is possible to use large, rough and unmerchantable wood. The construction of the "Admiral" is such as to permit of either wood or coal being used. The only change necessary when using wood is the insertion of a perforated metal wood-grate, which is easily placed inside on the grates, or removed, according to the fuel used. 103

## TO MAINTAIN PREFERENCE.

### Sir Wilfrid Has Perfect Confidence In Canada's Future.

London, May 23.—(C. A. P.)—The Paris correspondent of The Express says Sir Wilfrid Laurier has enabled him to state that it is proposed to negotiate treaties with certain countries, including France, Italy and Switzerland. The policy of the Canadian Government, which is thoroughly understood and appreciated by Downing street, may be said to be the maintenance of the preference given Britain and the development of trade with Britain's least dangerous competitors under the intermediate tariff.

Sir Wilfrid Laurier believes that the idea of colonial preference is growing very fast in England. He entertains a hope that it is being put into practice. For that reason it is unlikely that he will consent to any scheme which might prevent Canada at some future date from joining in a commercial union of the empire.

The Standard's Paris correspondent, confirming the statement in The Express, says he was struck by Sir Wilfrid Laurier's perfect confidence in the future of Canada, his loyalty to Great Britain and the British Government, and the practical philosophy with which he accepted its decision on preferences, but as to the soundness and wisdom of which he had great doubts. It is evident that he regrets sincerely the Government's refusal to take it up. It appears certain that his attitude towards the preference proposals at the Conference was dictated by the necessity of admitting the fact that Britain must judge what suits her best.

## WEALTHY BREWER HELD.

### Wanted In New York on a Charge of Perjury.

Welland, May 23.—The extradition case of Herman Bartles, the millionaire brewer, wanted in New York State on a charge of perjury, was resumed yesterday morning before Judge Wells. Crown Attorney Cowper appeared for New York State, and H. H. Dewart, K. C., Toronto, for the defendant. Bartles' wife and son were in court.

Albert H. Clarke, assistant district attorney at Cayuga County, New York, identified a certified copy of an indictment by the New York grand jury, charging Bartles with an attempt to burn one of his breweries in Auburn, N. Y., in 1904. He also identified Bartles as the man who was accused.

The indictment for perjury against Bartles, in that he had sworn falsely while giving evidence in his trial for arson, was also identified by the witness. Clarke stated that Bartles was in the witness box for over two days.

The hearing was enlarged until May 29, on the understanding that a further adjournment until June 6 will take place, when argument will be heard.

### Found Dead In Creek.

Brighton, May 23.—Grand Trunk section foreman Griffin found the body of a man lying face downward, in a small creek about three miles west of Brighton yesterday morning.

There was nothing whatever by which he could be identified, but he was a man about 60 years of age, hair and whiskers half grey, 5 feet 7 or 8 inches in height, and weighed about 160 pounds.

He had every appearance of being a tramp.

Coroner Sanford of Brighton, viewed the remains. He found no marks of the man having been struck by a train, or of violence, and deemed an inquest unnecessary. The supposition is that the man either committed suicide or had a fit and fell into the creek and drowned.

### Ex-Alderman's Confession.

Buffalo, May 23.—A special to The News from Lockport, N. J., says former Ald. William J. Fredericks was arrested on the charge of bribery in connection with the granting of contracts for the new $500,000 water supply from Niagara River, and released on $2,000 bail furnished by his wife.

Fredericks in a statement is alleged to have said that a pool of $39,000 was divided among members of the city council by a pool of contractors, who put in bids for the construction of the plant.

Fredericks' time expired last December. He is in bad health and in his statement he says he doesn't expect to live more than six months or a year.

### To Ensure Pure Wines.

Paris, May 23.—The Cabinet yesterday agreed on the text of a bill which will be introduced in the Chamber of Deputies providing for the suppression of fraudulent and adulterated wines, in the interest of the distressed French growers in all sections of the country.

It will increase the tax and control the sale of sugar used in the adulteration of wines, restrict the number of wine shop licenses and close those which make a practice of selling spurious wines.

### Mysterious Explosion.

New York, May 23.—A terrific and mysterious explosion in crowded Mott street yesterday seriously injured eight Chinamen, three of them possibly fatally, and struck terror to the hearts of hundreds in the crowded quarter.

For a time a condition verging on panic prevailed.

### Tried to Murder Wife.

Ottawa, May 23.—A man named Naubert attempted to murder his wife with an axe at Cascade, Que., Tuesday night. The woman is badly hurt, but neighbors prevented the man from murdering her.

### Killed In Runaway.

Dresden, May 23.—In a runaway yesterday afternoon, Mrs. J. Wright, attempted to jump from a covered carriage, but fell and received a fracture of the skull which resulted in her death.

### Haywood Trial Delayed

Boise, Idaho, May 23.—The Haywood trial was at a standstill yesterday, while Sheriff Hodgin summons a venire of 60 men.

### Canadian Is Moderator.

Pittsburg, May 23.—When the general synod of the Reformed Presbyterian church convened in Allegheny yesterday, Rev. Thomas McFall of Nova Scotia was elected moderator.

### Liverpool Grain and Produce.

LIVERPOOL, May 22.—Wheat, spot strong; No. 2 red western winter, 6s 10½; No. 1 California, 7s 1d; futures quiet; May, nominal; July, 7s 1¼d; Sept, 7s 3d. Corn, spot firm; American mixed, new, 4s 4½d. American mixed, old, 5s 2d; futures, quiet; July, 4s 10½d; Sept., 4s 10d.

Bacon, Cumberland cut, strong, 53s; short clear backs, firm, 51s. Lard, prime western, in tierces, firm, 46s 9d; American refined, in pails, firm, 47s 6d.

### New York Dairy Market.

NEW YORK, May 22.—Butter, steady, unchanged; receipts, 8974.

Cheese—Firm, unchanged; receipts, 4918.

Eggs—Firm, unchanged; receipts, 23,488.

## CATTLE MARKETS.

### Cables Steady — American Prices Make Few Changes.

LONDON—May 22.—Liverpool and London cables are firmer, at 11¼c to 12¼c per lb., dressed weight; refrigerator beef is noted at 9c to 9¼c per lb.

### Montreal Live Stock.

MONTREAL, May 22. — (Special.)—Receipts were 300 cattle, 50 milch cows, 300 sheep and lambs, 900 hogs, 1500 calves. There were no prime beeves on the market and 5c per lb. was about the top price paid. Milkmen's strippers were very numerous, and sold at 3c to 4½c per lb. The milch cows were a common lot, very few of them selling at over $45 and only two or three brought less than $30. Calves sold at from $1.25 to $10 each. Joseph Richard bought 11 good calves at a little over $8 each. Sheep sold at 4¾c to 5¾c per lb. Lambs at $3.50 to $6 each. The market for hogs was firm under a good demand and small supplies, and sales of selected lots were made at $7.25 to $7.40 per cwt., weighed off cars.

### East Buffalo Cattle Market.

EAST BUFFALO, May 23.—Cattle, slow, prices unchanged. Veal—Receipts, 900 head; active and 25c higher, $5 to $8.

Hogs—Receipts, 2600 head; active and a trade higher; heavy, $6.60 to $6.90; mixed, yorkers and pigs, $6.85 to $6.90; roughs, $5.80 to $6.10.

Sheep and Lambs—Receipts, 6000 head; steady; handy lambs, active; sheep and heavy lambs, slow; lambs, $5.50 to $8.15; yearlings, $7 to $7.25; wethers, $6.25 to 6.50; ewes, $5.25 to $5.50; sheep, mixed, 3 to $6.

### New York Live Stock.

NEW YORK, May 22.—Beeves—Receipts, 708. Steers, slow but generally steady; bulls and cows, unchanged. Steers sold at 5.30 to $6 per cwt.; bulls, $3.50 to $4.70; cows, $2.10 to $4.40. Export steady, 17 cattle and 100 quarters of beef; to-morrow, 20 cattle and 3000 quarters of beef.

Calves, 2832. Trade active and veals 25c to 75c higher. Common to prime veals sold at $5.50 to $8 per 100 lbs.; a few choice lots at $8.25.

Sheep and Lambs—Receipts, 10,268. Sheep steady; lambs, 10c higher, but low. Clipped sheep are quoted at $4 to 6.30 per cwt.; good to choice clipped lambs sold at $7.75 to $8.25.

### Chicago Live Stock.

CHICAGO, May 22.—Cattle—Receipts about 24,000; market steady to 10c lower; medium to good steers, $4.50 to $6.50; heifers, $3 to $4.25; cows, $3.25 to $5; bulls $3.50 to $4.60; calves, $2.75 to $6.50; stockers and feeders, $3 to $5.30.

Hogs—Receipts, about 28,000; market steady to 5c lower; choice heavy shippers, $6.30 to $6.42½; butchers' weights, $6.40 to $6.60; good to prime mixed, $6.35 to $6.50; packing, $6 to $6.25; pigs, $5.50 to $6.35.

Sheep—Receipts, about 12,000; market steady to 10c higher; sheep, $3.50 to $6.75; yearlings, $5.75 to $6.75; lambs, $5.50 to $8.75.

## MILBURN'S HEART and NERVE PILLS

For Weak People Having Heart or Nerve Troubles.

### SYMPTOMS

Palpitation of the Heart, Irregular or Skipped Beats, Dizzy Spells, Smothering Feeling, Shortness of Breath, Bluish Color of the Lips, Pain in the Region of the Heart, Thin Watery Blood, Cold Hands and Feet, Nervousness, Sleeplessness, etc.,

If you have any of these symptoms

MILBURN'S HEART AND NERVE PILLS

will bring the whole system into healthy action, and give power, force and vigor to every organ of the body thereby strengthening the weak heart and unstrung nerves.

Mrs. Harmon Daybell, Welland, Ont., writes: "I write to let you know what good Milburn's Heart and Nerve Pills have done for me.

For over three years I suffered with pains under my left breast and my nerves were completely unstrung. I purchased two boxes of your pills and before I had the first box finished I felt much better and now I am cured."

Price 50 cents per box or three boxes for $1.25 at all dealers or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## APPEALED TO ROME.

### Conflict Between Priests Leads to Church Being Locked Up.

Woodstock, May 23.—The doors of St. Mary's Church were looked yesterday, and it is said that when they are opened again a new pastor will be in charge.

Two priests from London were at the church in the morning. The doors had been open daily before their arrival, they were closed and locked up on their departure.

It is stated emphatically in the church circles that next Sunday there will be no service of the church, or else Father Stanley, the appointee to the position, will be in charge.

Last spring, Father Cook, who had been in charge in Woodstock parish for some time, was transferred to Raleigh, a country parish in the neighborhood of Chatham. Father Stanley was appointed to Woodstock.

Father Cook was to have taken the new charge in June, but he appealed from the decision, and it is understood that the appeal was carried to Rome. The result of the appeal is not known.

According to prominent Catholics, Father Stanley is expected in the city immediately to take over the work of the parish, and is expected to conduct his first service on Sunday.

## STOLE COPPER WIRE.

### Nervy Thieves Run Risk of Being Electrocuted.

Hamilton, May 23.—The police announced a theft last evening, which they think takes the cake. One night last week an enterprising and cheeky gang of thieves stole several hundred feet of copper wire that is used to convey the electric current for the Hamilton, Grimsby and Beamsville Railway. The gang cut the wire right off the poles about three miles east of the city, while it was carrying a heavy current. How it was done is a mystery to the police.

Last night they arrested a man, who gives his name as Harry Smith, and locked him up on the charge of having had a hand in the theft.

### For the "All-Red" Line.

London, May 23.—Sir Charles Cayzer of the Clan line says he is prepared to tender for an all-red route with the speed quite obtainable if England and the colonies were prepared to pay for it.

Mr. Williams, manager of the R. M. C. Co., says the Pacific route is too monotonous for passengers to try more than once. The scheme would require very heavy subsidies.

### Western Crop Bulletin.

Medicine Hat, May 23.—Nearly all the seeding is completed here now in both wheat and oats.

The wheat of many farmers in the district is an inch high and the weather is warm, thus accelerating growth.

As the acreage sown is in excess of last year old-timers are predicting as large a return as in any former year.

### Dock Workers May Strike.

Halifax, N.B., May 23.—The longshoremen of Halifax will demand from the steamship agents an increase in pay from 20 cents per hour for day work and 25 cents per hour for night work to 25 cents and 30 cents.

Unless granted by 12 o'clock Sunday night, the men will strike work. Some 1,000 men will be affected.

There is no union.

### Six Were Killed.

Chattanooga, Tenn., May 23.—A special from Dayton, Tenn., says that while returning from the mines of the Dayton Coal and Iron Company, six white miners met death. Two heavily loaded freight cars plunged into the train carrying the miners.

### Threaten to Strike.

St. John, N.B., May 23.—Mill hands are preparing for a general strike if a ten per cent. wage increase is not granted.

## GIRLS WERE SMUGGLED.

### Shipped as Freight They Are Betrayed by a Sneeze.

Port Townsend, Wash., May 22.—Six Japanese girls, each nailed in a pine box, were nearly killed by sulphur fumigation on board the steamer Canfa at Victoria. A sneeze betrayed them. The girls were consigned to K. Sesokein, a steerage passenger, alleged to be Taki Kaijoro, who was deported from San Francisco two years ago as a result of a crusade by Christian societies.

Food and water supply was ingeniously placed in each box, which was fitted like a toy room.

### Shortage In Wheat Crop.

Ottawa, May 23.—Reports from the Northwest, at Ottawa, indicate that there will be a shortage in the wheat crops amounting to about 50 per cent., and with that great wheat-growing area producing but 45,000,000 bushels, as against 90,000,000 bushels last year. There is almost certain to be a still further advance in price.

At all events the present advance will be indefinitely maintained.

It is stated that the leading milling companies are now buying wheat at $1.50 per bushel. Partly the backward spring and partly the short stocks are given as the cause.

### Strikers Now Meek.

Montreal, May 22.—Seeing their ranks depleted by desertion, the union and non-union longshoremen held a meeting yesterday and resolved to return to work, deciding at the same time that they would apply to-day to have the 2 1-2 cents arbitrated upon.

They go back for 27 1-2 cents and the shipping federation declares they cannot break faith with those already engaged, hence their inability to take all the strikers back before ten days.

New York, May 23.—General Baron Tamemoto Kuroki at 1 o'clock yesterday took his departure for Boston. His suite were engaged early yesterday in the onerous task of packing baggage.

Each bell-boy, waiter, clerk or other employe who contributed to his comfort received some money, the total bounty amounting to nearly $500.

To the hotel proprietor he gave a gold cigarette case incrusted with dragons, and similar cases of silver to other hotel officials.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. 35c. at all dealers or EDMANSON, BATES & Co., Toronto.

DR. CHASE'S OINTMENT

THE STANDARD BRED STALLION

"QUEEN'S BARON" 2.18¼

Sired by Baron Bell, 2.11¼; Dam Queen of the West, 2.11¾. Queen's Baron obtained his record of 2.18¼ at Williamsport, Penn. in a 7 heat winning race.

Queen's Baron is the most fashionable bred Stallion in Canada or the United States. For tabulated pedigree and history, ask for cards.

Horsemen have now an opportunity for the first time of breeding to a standard bred horse with a record below 30. He traces to all the greater producers of speed—his sires, G. Bl. and G. G. sires have all been winners. Look him up and judge for yourself.

FOR PUBLIC SERVICE AT DR. T. JOHNSTON'S Veterinary Infirmary, Chambers St., Peterborough

TERMS—To insure a Foal $15.00, payable 1st February, 1908. Mares must be returned to the horse regularly or they will be charged for insurance whether in Foal or not. Good pasture provided for mares from a distance.

## SYNOPSIS OF CANADIAN NORTH-WEST

### HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

## Synopsis Of Canadian North-West

### HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

# DIED IN DEFENCE OF HER HONOUR

### Young Woman Brutally Murdered Near Killarney.

### FARM HAND'S AWFUL DEED

**Lawrence Gowland Assaults His Master's Sister — Then Cut His Own Throat—Had Committed Dastardly Assault—Girl Fought Hard to Shield Herself — The Man Will Most Likely Recover.**

Killarney, Man., May 23.—A horrible tragedy occurred shortly after noon yesterday on the farm of John Brown, about three miles from town, when his sister, Georgina, was murdered and her murderer is seriously wounded by his own hand.

When John Brown left his home after dinner yesterday to come to Killarney he left his sister, who keeps house for him, dressing, getting ready to go to a neighbor's, and his hired man, Lawrence Gowland, sitting outside the house. When he came back about three o'clock he found him in his room with his throat cut. Thinking his sister had gone to the neighbor's, he went for her, but, not finding her there, his suspicions were aroused, and, returning with one of his neighbors, they discovered her in her bedroom with her throat cut and dead.

Indications point to the fact that Gowland criminally assaulted the girl before committing the murder. It is also evident that she fought for her life, as there are gashes on her hands and face other than the fatal wounds. The murderer's hands are also badly cut, and the razor used in the dreadful deed was broken, the blade being found on the bureau in the girl's room, and the handle downstairs.

The murderer, after committing the deed, wandered all over the house in search of some instrument to end his own life, for blood stains from his wounded hands were found in every room. At last, securing the butcher knife, he attempted his own life, as this was discovered behind the bed on which he was lying when found. He only succeeded in partly severing his windpipe.

Coroner McKee and Dr. Whyte dressed his wound, and it is quite probable he will recover. Gowland is said to be a Barnardo boy, having spent a year on a farm at Russell. Afterwards he worked for a farmer north of Manitou, and has been with Mr. Brown nearly two years. He was considered by those who knew him to be rather intelligent, but possessed of a violent temper.

An inquest is being held on the body. The murder was committed in the girl's room upstairs. The murderer had taken off his shoes and noiselessly crept up to the room and overpowered the girl while in the act of dressing.

T. D. Brown, barrister, of Moosomin, is a brother of the murdered girl, and Mrs. A. A. Cummings, Rosthern, a sister.

### LONGSHOREMEN FREE.

**Shipping Federation Were Complainants, But Not Employers.**

Montreal, May 23.—Recorder Weir yesterday discharged Robert Forbes and J. White, two of the striking longshoremen on trial for breach of contract. Mr. Meredith, who is acting for the shipping federation in the matter, stated that every possible steps had been taken to prove the signatures of these men to the alleged contracts, but without result. As he could not put the accused in the box to give evidence, he would therefore ask for their discharge.

After the discharge of their two men Recorder Weir heard the concluding evidence against the other ten accused.

At the close of the case he stated that he had no hesitancy in dismissing the charge against all, as the civic bylaw did not apply, since the shipping federation was not the actual employer of the men. He therefore ordered the release of all the accused.

**Looking for Eskimo.**

London, May 23.—A Copenhagen wire says Herr Knud Rasmussen and his sister, Wilhelmina Rasmussen, have started for Smith's Sound to find a tribe of Eskimo who are said never to have had communication with the civilized world. They will ultimately make for the Canadian mainland, which they hope to reach next year.

**Two Steamers Burned.**

Giollopis, Ohio., May 23.—The Ohio River packet Chevalier and the transfer steamer City of Huntington were burned to the water's edge near Huntington yesterday.

The crews narrowly escaped with their lives.

# A FAST TRAIN WAS WRECKED

### Devilish Ingenuity Displayed In Throwing Cars Off Track.

### RIDE STEALER WAS KILLED

**Was Deliberate Work of Train Wreckers—Pulled Loose Rails Apart as Train Approached — Twenty-Two Persons Were Injured, Three of Them Will Likely Die—Train Was Crossing Trestles.**

Los Angeles, Cal., May 23.—Train No. 20, one of the Southern Pacific's coast line flyers, due at nine o'clock Tuesday night, was wrecked at West Glendale, near here, at 12.30 o'clock yesterday. The wreck was the deliberate work of train-wreckers. One man who was stealing a ride was killed, and 22 other persons injured, three probably fatally.

In accomplishing the wreck of the train, which was the Coast Line Limited, a devilish ingenuity had been exercised. At a point on a trestle over the Arroyo Seco, the fish-plates and bolts of two connecting rails on the south-bound track had been removed, and in the apertures whence the bolts were taken, strands of heavy wire were fastened at the end of each rail. From the appearance of the track after the wreck, it was evident that some persons hidden on a hillside close to the trestle, had pulled the wire as the train approached and spread the rails outwards towards the edge of the trestle.

The train, three hours late, was traveling at a rate of between 35 and 40 miles. The engine wheels were first to leave the rails, and the engine took to the ties, traveling near 100 yards before it was brought to a standstill. The tender, the diner, two Pullmans, the buffet, mail and baggage cars plunged over the edge of the trestle, falling a distance of 16 feet.

The buffet car, the express car and one of the Pullmans were turned completely upside down, and the others landed on their sides. All were badly crushed and splintered.

### JUMPED FROM EXPRESS.

**Lunatic Leaped Out of Window—Train Going 30 Miles an Hour.**

Moncton, N. B., May 23.—With the train running 30 miles per hour, a French lunatic, handcuffed, jumped through the open window of the Maritime Express late yesterday, and before the train could be brought back he disappeared in the woods and has not been found.

He had been walking up and down the car aisle, moaning as if in pain, while his guard kept close watch.

Suddenly he made a dash for an open window in the smoking compartment, and, with almost inconceivable rapidity, wriggled his way through. He was all but out when the keeper clutched him by the foot. He clung desperately for a few minutes, but the lunatic kicked and tore himself clear, and before the passengers could come to the guard's assistance, the man dropped to the gravel roadbed below.

Later he was seen to get up and run away.

**Million Dollar Furnace.**

Sault Ste. Marie, Mich., May 23.—Because they cannot get pig iron fast enough to supply the plant without buying in the American market at exorbitant prices, the Algoma Steel Co. will at once commence the erection of a $1,000,000 blast furnace.

Supt. Lewis says it will be the largest furnace in Canada, and its erection will be followed at once with a big coke plant to supply the steel plant.

**Recovers One Child.**

Detroit, May 23.—Mrs. Hattie Tilden of Guelph, Ont., has recovered the younger of her two chidren who, she claims, were kidnapped by her stepson, William Tilden, while she was in Hamilton attending the funeral of her husband, who died in a hospital. The child was found at the home of Tilden's mother-in-law in Detroit.

**Young Woman Drops Dead.**

Stratford, May 23.—While proceeding home at noon yesterday Isabel Kelly, a student at the Central Business College, dropped dead on the street, supposedly from heart trouble.

She had only been here about three weeks, and came from the neighborhood of Paisley, Bruce County.

She was about 25 years of age.

Scranton, Pa., May 23.—No. 2 breaker of the Jermyn Coal Company at Old Forge, near here, was destroyed by fire yesterday. The loss is $100,000.

# GAS KILLED FIVE MEN IN STEEL PLANT

### Awful Fatality At Pittsburg Steel Furnace.

### FOUND ONLY THE BONES

**Explosion While Drawing Off Molten Metal—Overstepped and Fell—Ten Men at Furnace—Only One Escaped Without Injury — Others Were Cremated and Burned—Only Charred Bones Found.**

Pittsburg, May 23.—Two Americans, well-known millmen and three foreigners were cremated and four foreigners seriously burned Tuesday night when an explosion occurred at the Eliza Furnace No. 1, of the Jones and Laughlin Steel Company. Of a crew of ten men at the furnace when the accident happened only one, a foreigner, escaped unhurt.

The dead are E. B. Williard, assistant furnace superintendent; John A. West, head blower; and three unknown foreigners.

The names of the four foreigners who were injured are not known. They were hurried to a hospital horribly burned. The accident occurred without a moment's warning. The ten men were about ready to draw off the molten metal when the ore slipped, falling to the bottom of the furnace. The heavy weight of the ore forced the gas with terrific pressure through the first dust catcher which was unable to stand the strain and therefore burst. Williard, West and the three foreigners were directly in front of the furnace. The five other men were back several yards.

For fully ten minutes the flames shot out of the furnace for a great distance and when finally the gas was turned off only a few bones of the five men were found.

### REFUSED TO BE GLAD.

**Radicals Would Not Congratulate the Czar on His Escape.**

St. Petersburg, May 23.—The concerted absence from the Lower House of Parliament of the four Radical groups during the formal announcement May 30 of the discovery of the plot against the life of Emperor Nicholas and their frank refusal to congratulate the Emperor on his escape, has made a deep impression in court and Government circles.

The Rossia in three editorials characterizes the action of the Radicals as being openly revolutionary.

The police have made further arrests at Tsarskoe-Selo in connection with the conspiracy against the Emperor and have found among the correspondence seized letters from American anarchists and Russian deserters in the United States.

Premier Stolypin has refused the request of the city council of St. Petersburg to appear before the committee on the unemployed of the Lower House of Parliament.

### SEVERE ON HINDUS.

**One Gets Two Years for Spreading a False Report.**

Lahore, British India, May 23.—A Hindu revolutionist, who aroused the fanatics of the Punjab into a state of great excitement by circulating the fantastic statement that the alleged plague did not exist and that the 100,000 deaths weekly attributed to it were really caused by the poisoning of drinking wells by Government emissaries, was sentenced yesterday to two years' rigorous imprisonment.

An accomplice, who dropped harmless balls into the wells, alleging that he did so by order of the Government, was condemned to 18 months' imprisonment.

### IRISH BILL DEAD.

**Government Organs Depressed Over the Dublin Rejection.**

London, May 23.—It is the opinion of all the London morning papers that Mr. Birrell's Irish bill already is dead, and the Government organs bitterly lament the misfortune of the Irish secretary, in seeing two important Government measures, the education bill and the Irish council bill, miscarry in his hands.

There is keen disappointment felt at the discredit thrown upon the Government, specially as John E. Redmond, the Nationalist leader, himself moved the rejection of the bill and, as the Liberal papers remark, "thus closing the door upon any future half-way measure to home rule."

It is believed that Premier Campbell-Bannerman will withdraw the bill and substitute measures dealing with evicted tenants and the Irish university question.

**A Sterner Struggle.**

Dublin, May 23.—T. P. O'Connor, M. P., in a speech before the United Irish League of Great Britain, which met here yesterday, said that the political situation created by the convention's rejection of the Irish bill Tuesday, imposed upon all new and large duties, and may necessitate some change of policy. He added:

"Instead of reaching the end of the chapter of Irish misgovernment, we have to open a new chapter. I believe the House of Lords was determined to destroy the Irish bill in any case, but if it had been satisfactory, the bill would have marked the close of a certain chapter in Irish history. Now we have to recommence the work, as we have done many times before.

"There is now imposed on the Irish race the obligation of making a stronger, sterner and more energetic struggle than it has ever made before. I believe that the rejection of the bill has not retarded for a single hour the erection in Ireland of a great assembly to make the laws of Ireland on Irish soil."

Mr. O'Connor was re-elected president of the league.

**Two Years With Lashes.**

Petrolea, May 23.—Lorne Brydges and T. D. Brown appeared before Magistrate McKenzie yesterday morning at the police court on a charge of criminal assault.

Brydges was sentenced to two years and twenty lashes, and Brown got six months with hard labor.

### O. J. C. SPRING MEETING

Woodbine Track, May 23.—There was a good attendance at the races yesterday and some capital sport was witnessed. Following are the results:

First race—5 1-2 furlongs, 3-year-olds and up, Flash purse, $400 added—Merry England, 1st; Charlie Eastman, 2nd; Preen, 3rd. Time 1.06 2-5.

Second race—5 furlongs, 2-year-olds, selling, $400 added—Oscar T., 1st; Boll Weevil, 2nd; Frescati, 3rd. Time, 1.02.

Third race—1 1-16 miles, 3-year-olds and up, selling, $400 added—Picaroon, 1st; Thistle Do, 2nd; Cursus, 3rd. Time, 1.48 1-5.

Fourth race—Helter Skelter Steeplechase, 2 miles, 4-year-olds and up, $580 added—Picktime, 1st; Toots, 2nd; Goatfell, 3rd. Time, 4.20.

Fifth race—1 mile, 3-year-olds and up, Leamington Handicap, $600 added—Inferno, 1st; Col. Jack, 2nd; Sir Edward, 3rd. Time, 1.39 1-5.

Sixth race—3-4 mile, 3-year-olds and up, selling, $400 added—Miss Gaiety, 1st; Court Martial, 2nd; Fire Fang, 3rd. Time, 1.14 2-5.

Seventh race—5 1-2 furlongs, 3-year-olds and up, $400 added—Scarfell, 1st; Zelina, 2nd; Reside, 3rd. Time, 1.07 4-5.

**Grape Crop Ruined.**

Messina, Sicily, May 23.—Frank Alvord Perret of Brooklyn, N. Y., assistant director of the royal observatory on Mount Vesuvius, telegraphed yesterday from Stromboli, saying that the grape crop had been entirely ruined by showers of wet ashes from the volcano, and adding that the explosive force of the eruption was diminishing.

**Blown Into River.**

Brockville, May 23.—William McLear's little daughter, while playing upon the dock at Dana's Island, was blown into the river during a gale.

Her father jumped in and rescued her.

**Queen Alexandra at Rome.**

Rome, May 23.—Queen Alexandra and Princess Victoria arrived here yesterday from Naples, where they landed from the British royal yacht Victoria and Albert. They are going to Paris and London, owing to the health of the princess, who, it is reported, is suffering from anaemia and wishes to consult some noted physicians.

**Find Gold Near Ottawa.**

Ottawa, May 23.—A four-inch gold vein has been discovered at the celebrated Oiseau Rock, upon which Champlain looked during his historic voyage up the Ottawa River, in a vain endeavor to find a new route to China and the Indies.

The vein also has showings of copper, iron, mica and other metals.

**Killed By Bear.**

Dauphin, Man., May 23.—On Sunday, while John May, the cook of camp No. 4 of the Red Deer Lumber Company at Etiomami, was taking a stroll, he came across a black bear, which pursued him.

He was struck down and instantly killed, his vitals being torn out and the body partly eaten.

**Two Hundred Lives Lost.**

New York, May 23.—A despatch from Sydney, N. S. W., says:

It is reported that a hurricane and tidal wave swept over the Caroline Islands April 30.

Two hundred persons are said to have been killed and immense damage done to property.

**Asking For Rain.**

Bucharest, May 23.—Special prayers for rain have been ordered in almost all the districts of Roumania, in consequence of the abnormally prolonged drouth.

The harvest prospects are most discouraging and widespread anxiety prevails.

## The Peterborough Rag and Metal Co'y

Cor Bethune and Simcoe Sts

## To-Morrow the Birthday of the Late Queen Victoria Will Be Celebrated

# MANY VERY PLEASANT DIVERSIONS ARRANGED FOR VICTORIA DAY

### No Lack of Attractions Both in the City and Outside, for the Holiday—Cheap Rates on Railways.

### SPORTING EVENTS HERE

### Many Going to Stony Lake—What Those Who Stay at Home May do to Enjoy the Day.

Victoria Day is usually looked upon as the first holiday in the summer season, but, unless the weather conditions change during the next twenty-four hours, the day which commemorates the birth of the late Queen Victoria will not remind one very forcibly of the near approach of the summer, and, in view of conditions during the last few weeks, it is not easy to imagine that the Twenty-fourth of May is really but a day off. This is the fact, though—to-morrow will be the "Queen's Birthday" and a holiday.

Peterborough people are going to make a big attempt to convince themselves that the period of summer holidays has really arrived, and there will be the usual sporting events to-morrow, incidental to a warm-weather holiday.

There will be attractions both in the city and abroad, and it is probable that many who usually spend the 24th in the city will take advantage of the cheap rates and visit relatives or friends in other places, in view of the fact that the cold weather will, to a certain extent, affect the success of the sporting events being held in the city. Both the railways are offering return tickets at single fare, good from to-day until Monday, and from the number of persons travelling on the morning and noon trains to-day the prospects are that the exodus this year will pretty nearly constitute a record. The Woodbine races in Toronto and the baseball games there are proving strong attractions, and the prospects are that a great many will go up to the city to-morrow to spend the day.

For those who prefer to remain in Peterborough, however, there will be plenty to amuse them, and the time will pass pleasantly. There will be a series of games between the Peterborough baseball team and the Arotics of Toronto for a silver cup. Two of these games will be played to-morrow, one in the morning and the other in the afternoon. They will be played at Riverside Park.

At Exhibition Park the Turf Club will give a matinee with horse races and other features, including a five-mile foot-race, in which there are likely to be a number of entries.

A great many Stony Lake cottagers take advantage of the 24th to take a trip to their summer homes and make a preliminary inspection before moving there for the summer. For those who wish to do this to-morrow, the steamer Stoney Lake will make a special trip, meeting the G.T.R. train at Lakefield in the morning, and returning in the afternoon. The majority who go up to-morrow, however, will no doubt spend the week-end there.

The only boat excursion to-morrow will be that under the auspices of the Salvation Army. The steamer Water Lily has been chartered to convey those who patronize this excursion, to Idyl Wild, where the day will be spent. The band will go along to provide music.

Celebrations will be held in three neighbouring towns, Norwood, Omemee and Millbrook, and it is expected that each of these will attract a goodly number. The junior lacrosse team will go to Millbrook, and the Quaker football team to Omemee.

At night "The Hottest Coon in Dixie" will be the attraction at the Grand Opera House, and there will be a roller hockey match at the Charlotte street rink.

There will be 8 teams from the Golf Club in Toronto playing a match with the Lambton Club.

**Violent Form of Itching Piles**

Rev. S. A. Dupraw, Methodist Minister at Belleville, Ont., writes: "I was troubled with itching and bleeding piles for years, and they ultimately attained a very violent form. Large lumps or abscesses gathered and I suffered great pain. A single box of Dr. Chase's Ointment cured me and saved me from a very dangerous and painful operation. The lumps and swellings disappeared and I am an entirely different man.

## FINE WEATHER FOR TO-MORROW

After the cold weather of the last few weeks, it will be refreshing to learn that the prospects for to-morrow are that it will be a fine day. Warmer weather will prevail, and there is at present every indication that it will be fine — Queen's weather, in fact. The Examiner gives this information freely, and is delighted that at last there is an opportunity of giving some pleasing forecasts. Plan to spend to-morrow out of doors, because it will be a fine day.

## OBITUARY

### JOHN WESLEY DOXSEE

Another sad death occurred yesterday evening at six o'clock, when John Wesley Doxsee passed away after a lingering illness, extending over 15 months. The deceased was 60 years of age and was born at Shannonville, Ont. The family moved to the city just a year ago today and it is a matter of regret that the anniversary of that event should spread such a gloom over the family.

The late Mr. Doxsee married Miss Rosina Kent, 34 years ago, near Tweed. Mrs. Doxsee and a family still survive. They are: Misses Edith and Myrtle, and Messrs. Earle and Wesley at home; and Violet, of Kingston; Douglas, who resides at 165 Charlotte street; Harry, of Schenectady; Mrs. Kenyon, of Odessa, Ont.; Mrs. R. S. Fenel, and Mrs. J. McAllister, of Kingsford, Ont.

The funeral will take place to-morrow morning, leaving the house in time to connect with the 8.30 Belleville train. Interment will be held in Lonsdale about two o'clock in the afternoon.

### ANN MALCOLM

At the ripe old age of 94 years, Ann Malcolm, relict of the late Duncan Cameron, passed away at the residence of Mr. J .H. Cameron, corner of Bethune and Hunter streets, last night, at 8 o'clock. With her death the county loses one of its oldest residents, and one who was highly respected by all those who knew her.

The late Mrs. Cameron had reached her 94th year and had passed almost three-quarters of a century in Canada. She was born in Dollor, Southand, and, coming to this country in 1837 with her mother, resided near S. S. No. 3, Otonabee. Later, the family removed to Asphodel and took up their abode near Westwood. Some 12 years ago the deceased moved to Peterborough and had resided here since then. She became the wife of Mr. Duncan Cameron in the year 1840. As mentioned above, her husband died 19 years ago.

The surviving members of the family are: Duncan, of Bolivar, N. Y.; Mrs. Lancaster, 20 Gilmour street, city; Mrs. Anderson, North Baltimore, Ohio; Mrs. Brown, and Mr. J. H. Cameron, at home. There is also a sister in Smith township, Mrs. Frank Sanderson.

The deceased was a member of St Andrew's Church.

The funeral will be held from the family residence, corner of Hunter and Bethune streets, on Friday afternoon at 1.30 p.m., and proceed to the Westwood Cemetery for interment.

This morning Mr. and Mrs. Fred. Bissonnette were bereaved of their eldest daughter after an illness of two weeks. The cause of her death was pneumonia. She was 12 years of age and a very bright little girl. There are four other children surviving. As yet no funeral arrangements have been made.

## School Teacher A Hard Worker

The lot of the school teacher is generally considered, by those who are unfamiliar with the nature of the duties of those who practise this profession, to be an enviable one. They argue that a teacher goes to work at nine o'clock, in the morning, has an hour and a half at noon, and is through his day's work at four o'clock—the middle of the afternoon.

As a matter of fact, though, this is not the case, and a teacher who is really trying to do his or her best spends a great many hours in work, which the public knows nothing of. The Examiner is informed that in a certain school in this city, in which the scholars are regarded as having made a better showing in recent years than in any of the other schools, judged by the number of scholarships won, the male teachers are at the school no later than 7.30 in the morning — and they are there for work, too—and that they go from the class room at four o'clock in the afternoon to work, either in the school or at their homes, and they often work late into the night.

There are teachers, of course, whose hours of work are represented by those they spend in the class room, but they are not the best—teachers, and their scholars are not the ones that take the highest standing in the examinations. The point is that to be a successful teacher, as well as to be successful at anything, one has to work hard. These facts should dispel the idea that the teachers practically belong to the leisure class, and that they should be paid in proportion to the hours they are supposed to spend in the class room. A good teacher has no time to supplement his salary by working side issues, and he should not have to do it.

## THOUGHT IT WAS EASTER AND LAID A BIG EGG

There's one hen in this town that has got things mixed. In the belief that this was Easter time, instead of the 24th of May—the mistake probably occurred by reason of the weather—a hen belonging to Mr. Jinks, who is employed in J. J. Turner & Sons' factory, yesterday got busy and laid an egg which weighed six ounces. About two and a half of these eggs would have weighed a pound, whereas of ordinary eggs eight are required to weigh sixteen ounces.

You'll like them — Tisdall's spiced buns—fresh this morning.

## KNIGHTS OF COLUMBUS HERE FOR TO-MORROW

### About 300 Visitors Coming—Many Initiations to Take Place

To-morrow there will be about 300 members of the Knights of Columbus and visiting candidates, in the city, coming from St. Thomas, St. Catharines, Guelph, Toronto, North Bay, Ottawa, St. Mary's, Brockville, Kingston and Cobourg. Most of them will arrive in the city this evening, and the remainder will be here on the early trains in the morning.

The Knights will attend mass at 9 o'clock at St. Peter's cathedral, and initiations will take place during the day. The visitors will be accommodated at the National, Oriental, Snowden House and White House.

## DUST NUISANCE BRINGS A COMPLAINT FROM A LADY

A lady complained to the Examiner this morning of the splendid way in which the street watering is not done. She says that on George street north, the man supposed to sprinkle the street makes a bee-line through the middle of the street and entirely neglects the dusty sides of the street. Consequently when the wind blows, which at this season of the year is often, the dust is driven into houses and the fruits of a strenuous and laborious house-cleaning are wasted. This lady also wanted to know why this alleged street watering is done in so imperfect a manner? She further wished to know who was the head of the street watering business anyway—who is responsible? Whoever this head is, judging by results, the opinion was expressed, that it must be attached to a pin.

## CONDUCTOR JOBBITT'S PROMPT ACT SAVED A LIFE THIS MORNING

Conductor Jobbitt this morning saved a man's life. At least this is the testimony of those who saw the occurrence. It appears that five men, among them one named A. E. Wilson, were unloading a heavy wheel from a car at the G.T.R. station, to a wagon, preparatory to taking it to the C. C. E. Company's works, to which company it was consigned. The wheel weighed 1550 pounds, and while it was being taken through the car door, it fell to one side, knocking Wilson against the wagon wheel and injuring his shoulder. But for the prompt action of Mr. Jobbitt, who was standing near, and who jumped to the assistance of the injured man, the heavy iron wheel would have crushed his life out against the wagon.

# New Cereal "Wheat Berries" On The Market Saturday

### Plant With Daily Capacity of 1,000 Cases Now in Operation of Quaker Oats Company's Mills.

### IS A POPULAR PRODUCT

"Berries are ripe"—at least, they will be ripe on Saturday. The berries referred to are the "Quaker Wheat Berries," the new breakfast food being prepared by the Quaker Oats Company. It is a new breakfast food that has caught on with the American public to such an extent that, with a daily output of 4500 cases, the market is oversold by 100,000 cases. The new food, which is used with cream and sugar, and which is represented to be most delicious, will be placed on the Peterborough market on Saturday.

"Quaker Wheat Berries" will be sold in two-quart cartons, and the retail price will be ten cents. The capacity of the berry mill here is 100 cases, or 36,000 packages, a day, and, if the food proves as popular here as it has done in the United States, the mill will soon be running to full capacity.

# A PETERBORO' BOY IN THE WEST

### Mr. W. J. Lacheur is One of the Prominent Business Men in Craik, Sask.

### HAS MADE GOOD PROGRESS

A special edition of the Craik (Saskatchewan) "Sentinel," issued recently, gives a description of that rapidly growing town, with sketches of some of its most prominent citizens and business men, among them a former Peterborough boy, Mr. W. J. Lacheur, who went to the west some years ago and who has become one of the most prosperous and enterprising of the business men of that pushing western town. A cut is given showing Mr. Lacheur's livery, feed and sale stable, with the following reference to him:—

Among the prominent and progressive business men of Craik is W. J. Lacheur, proprietor of the Western Livery, Feed and Sale Stable. Mr. Lacheur came here last spring and engaged in the feed and sale business with John Gibson, under the firm name of Gibson & Lacheur. Last June he purchased the interest of his partner and has since conducted the business. He has made many improvements in the business, among which is the erection of a larege addition to his stables recently, which now gives him a floor space 60x120 feet, sufficient for the stabling of 150 horses.

Mr. Lacheur was born in Peterborough, Ontario, in the year 1873. In connection with his sale and feed stable he conducts a dray line and is now putting in a full modern livery equipment. His business career has been successful, and the business methods practiced by him have won him a host of friends and a large patronage.

## THE FIRECRACKERS MUST BE CUT OUT

### These are the Orders Eminating From Office of the Chief of Police

The Chief of Police reminds the youngsters that to-morrow is Victoria Day, and that the fire-cracker bylaw is still in force, and that the members of his staff have received instruction to enforce it to-morrow. In view of this fact, the jubilant youngsters are warned that they will not be allowed to give expression to their exhuberance in this way.

## PRESIDENT KELLY, OF THE TEACHERS' INSTITUTE

MR. J. W. KELLY

Who is presiding over the present convention, under the auspices of the City Teachers' Institute

## VICTORIA DAY IN THE LOCAL SHOP WINDOWS

### Merchants Have Embodied the Spirit of Occasion in Decorations

The fact that to-morrow is Victoria Day has been taken advantage of by some of the local merchants, who have embodied the spirit of the occasion in tastefully and appropriately decorated windows, in which pictures of the late beloved Queen and British and Canadian flags display a prominent part. Among the merchants who have special windows are A. W. Cressman, Robt. Fair, the Peterborough Hardware Co., Jas. Kyle, Grafton & Co., and Fred. A. Clarke.

## SALTPETRE AND WHISKY MADE TROUBLE

### Gusty Dundas, Kidney Trouble Cure Lands Him Behind the Bars

Augustus Dundas, better known to most people as "Gusty," is a man who has lately become a frequent visitor at the Police Court. Yesterday he was unsuccessful in the Division Court in a case against Mr Geo Stevens, who was charged with having broken into Gusty's house while he was serving a term of three months on the Hill. Gusty was, himself, in the prisoner's box this morning on the charge of being drunk and making a nuisance of himself. He considers that he is not being given fair treatment and is not conscious of any guilt. The Reeve of Monaghan wants to send him to the House of Refuge, but Augustus says that they will see him in Central Prison first.

In speaking of the whisky to had drunk, he stated that all he had was a little whiskey and saltpetre. Magistrate Dumble remarked that it was the latter ingredient that caused the trouble. Gusty said that it is a good cure for kidney trouble. He was remanded until Tuesday next.

Robert Coleman, a big, husky looking fellow, paid $2 for being guilty of drunkenness in a public place.

Young Raymond, the lad who broke Chas. Stevens' leg a week ago, appeared again to-day. Although but a mere youth, he can say that he is married. His counsel, Mr. F. D. Kerr, asked that the young man be allowed to go until the time of his trial, as he is a labourer, and if confined in the jail will lose considerable money that he might otherwise be earning. The case was enlarged for one week, and he had to guarantee $100 to appear for his trial whenever young Stevens is able to attend the court, which will not be for several weeks more.

# HAD A GOOD VOYAGE

### Rev. Dr. O'Brien Writes to His Father From Ireland — First Letter Since He Left the City.

### HE DESCRIBES THE TRIP

### A Palatial Steamer—Every Comfort Provided Passengers—Interesting Letter From Rev. Doctor.

Mr. Jas. O'Brien has received a letter from his son, Rev. Dr. O'Brien, written on Board the steamer Empress of Britain, as she was nearing the coast of Ireland. In the letter the writer states that he has had a splendid trip, he was not sick a minute, and never had the first symptom of sea-sickness, but his companions, Mr. Mitchell and Rev. Father Joseph O'Sullivan, were not such good sailors. When he wrote, Dr. O'Brien was in the very best of health and had not missed a meal since he went aboard.

Describing the trip across, he said that they left Halifax early Sunday morning in a dense fog, and during Monday and Tuesday they were sailing in sight of icebergs, and the weather was cool, but since then an overcoat was too warm. The steamer made about twenty miles an hour during the trip, and the passengers were supplied with every comfort & convenience. Four hundred and forty men comprised the crew, and about 160 of these are employed about the engines. Two hundred and forty tons of coal are burned every twenty-four hours.

## "VICTORIA DAY" AND A PUBLIC HOLIDAY

To-morrow will be Victoria Day, the day on which the birthday of the late Queen Victoria is celebrated. During her lifetime it was the most popular holiday of the year, and since her death it has been celebrated with a reverence for the memory of the best ruler Britain ever had. There will be no issue of the Examiner to-morrow.

## THE MEMBERSHIP IS TO BE SOLICITED

### Park Street Baptist Church Congregation Hot After That New Church Now

The members of Park Street Baptist church are going about the building project in a business-like way, and at a meeting last night the membership was divided into four sections, two men taking each. The solicitors are as follows:—Rev. A H Brace and J Johnston; Deacon G T Gillespie and H Jewett; Frank Coon and L Hicks; Deacon Inkpin and Geo. Sloan. These are authorized to solicit and receive contributions, and the committee will report at a meeting of the Building Committee to be held on Friday, May 31st.

Tisdall's bakers pay a little more for the ingredients that go into their cakes.

# Rev. J. G. Lewis Elected As Chairman Of This District

### Concluding Session of the Peterborough District of the Methodist Church — Representatives to Conference Committees.

### A VERY SUCCESSFUL YEAR

The open session of the Peterborough District of the Methodist Church, was held yesterday afternoon at half one, in the Mark street church. In addition to the ministers who were present at the morning session the following laymen were present: Messrs. William Yelland, A. W. Cressman, Joseph Batten, Thomas Johnston, R. W. Clarke, R. S. Staples, R. J. Strong, J. Hall, R. C. Hurd, J .B. Foster, T. R. Graham, W. J. Northey, A. Jakeman and J. L. Hughes.

Rev. Dr. Crothers occupied the chair and the meeting was opened with a hymn and prayer.

The first business was the election of a new chairman, owing to Rev. Dr. Crothers moving to St. Catharines, and being transferred to the Hamilton Conference.

Rev. J. G. Lewis was unanimously chosen to succeed Rev. Dr. Crothers.

Other officers elected were:

Financial Secretary — Rev. Dr. Metzler, Bridgenorth.

Statistical Secretary — Rev. J. F. Chapman, Pontypool.

The following committees were appointed to represent the district at conference on the following different subjects:

Stationing Committee — Rev. G. R. Clare, and Mr. M. E. Sexsmith.

Sunday School Committee—Rev. H M Manning and Mr. John Hull.

Epworth League Committee—Rev. J F Chapman and Mr. R C Heard.

Contingent Committee—Rev. Geo. Nickle and Mr. Thos. Johnston.

Superintendation Fund Committee—Rev. J Bedford and Mr. R S Staples.

Temprance and Moral Reform—Rev. J F Wetherell and Mr. T H Graham.

Memorial Committee—Rev. H M. Manning and Mr. Wm. Yelland.

Sabbath Observance — Rev. Dr. Metzler and Mr. W J Northey.

Church Property Committee — Rev. G R Clare and Mr. R W Clarke.

State of the Work Committee—Rev. M E Sexsmith and Mr. R J Strong.

Nominating Committee—Rev. J. G Lewis and Mr. J D Foster.

Education Committee — Rev. Dr. Marvin and Mr. A W Cressman.

Class Leaders — Rev. Dr. Marvin and Mr. Jos. Batten.

**Encouraging Statistics**

The statistical report of the district showed an increase in the membership of the churches. There was a large increase in the missionary contributions. The funds of the different churches were in a most satisfactory condition. The ministers' salaries have been paid with the exception of two cases. This concluded the business of the Peterborough district for the year.

## TEACHERS' CONVENTION REPORTS CROWDED OUT

Interesting addresses were given at the sessions of the City Teachers' Convention yesterday afternoon and this morning, but lack of space prohibits the reference to them which their excellence deserves in to-day's issue of the Examiner.

## HAND CRUSHED WHILE COUPLING AN ENGINE

Mr. E. Curry, of McDonel street, met with a painful accident this morning at the G.T.R. station while coupling the engine on to a car. His little finger and part of his hand was badly crushed and he will be compelled to stop work for a few days.

## G. T. R. OBJECTED TO CROSSING

### It is However Expected That Matter Can Be Amicably Arranged

There is a hitch in the extension of George street south owing to the fact that the city has neglected to come to terms with the Grand Trunk Railway in connection with the crossing of their tracks by the new street. The City Engineer was going ahead with the work and had part of the fence at the tracks removed, when a telegram was received from Mr. Tiffin, divisional superintendent of the G.T.R., objecting to the crossing. The company have had the fence put back.

The city will have to apply to the Railway Commission for permission to cross the tracks. Mr. Tiffin will be here in a few days, and it is expected that an amicable arrangement will be arrived at without difficulty.

Hurrah for Idyl Wild with the Salvation Army! A delightful sail across the lake. Band in attendance and refreshments served on board. Probabilities promise a delightful day. The prettiest spot on Rice Lake. Boat leaves Wolfe street wharf at 8 o'clock, and street railway wharf at 8.30. Tickets, 50 cents; children, 25 cents.

**Nurse Tells Of Eczema Cure**

Mrs. C. Stanley Jones, professional nurse, 283, Simcoe street, Toronto, writes: "In my occupation as nurse I have come across many cases in which Dr. Chase's Ointment has been used with extraordinary results. One case is that of a sixteen months old child who was cured of scald head and another that of a woman cured of eczema on the face after the doctors had given her up."

## A LOVELY HOME OF YOUR OWN

**RENTERS!** Why continue to pay rent when there is nothing to prevent you securing a home of your own on as easy terms as the rent you are now paying to enrich your landlord and impoverish yourself.

**STOP AND CONSIDER!** If you buy, in ten years you will own a valuable property, whereas if you continue to rent you will very likely be as poor as you are to-day.

I offer you a block of 4 Lots for $350, or 8 Lots for $680. Choice garden land on "Western Ave." adjoining The Sand Stone Brick Co.'s grounds. Fifteen minutes walk from Electric, Shovel and Cordage Factories, close outside the City's Taxes and Restrictions, with school at hand and in the way of the city's most rapid growth. Can you afford to let this pass to wiser men for a paltry $10 cash and $5 monthly? Buy at once and plant your garden — delay means loss to you.

Farm 100 acres near city for Sale, Exchange or Rent. Terms to suit a quick buyer. Only $35 per acre for short time.

**T. HURLEY, Owner,**

283 Hunter Street

## VICTORIA DAY

"Be not weary in well doing" is a divine injunction, easy to heed, when its mandate concerns a recognition of Victoria Day, the anniversary of the birth of the late Queen Victoria. To those of the present generation who lived in the years of the life of the late Queen, the memory of her stainless life and lustrous reign is as grateful at present as in the days when these were facts and not mere memories in human history; and to our children and children's children, Victoria Day will be a traditionary event. No monarch who ever reigned has, departing, left behind so sweet and gentle, so lasting a memory as Queen Victoria, and no other case has there been of a monarch who has died, and yet still lives so warmly in the hearts and minds of the people. History affords no precedent where a succeeding sovereign has decreed a day, set apart, as perpetual memorial of the life and reign of a predecessor on the throne, as has done King Edward, in respect of his illustrious mother. While he may be credited in this action with filial piety he was under a splendid moral compulsion. The late Queen, honoured and glorified, queenhood and womanhood in all the relations of life, she so beautifully sustained, as woman, wife, queen, mother. As any one, or as all of these, Queen Victoria will for all time, be held as a model, and with all reverence it may be said that therefore Victoria Day should be regarded not more as a holiday than as a holyday. We bless the memory of Queen Victoria for what it represents in her life, but we have cause to be grateful that its good influence can be held responsible in no small measure for the circumstance that to the best Queen who ever sat upon the throne of Great Britain, has succeeded the best King, who, under Divine Providence, is a good King because he is the son of his mother.

## NATIONAL SENTIMENT

Rev. Canon McNab deplores, and protests against, the tendency, which he notes, to a distinct Canadian national sentiment. This, he argues, in turn, tends to disruption of the Empire. The reverend gentleman may dogmatize on theology, but when he comes to defining bounds to national development of sentiment in a country like Canada, he enters into a fight with the inevitable. The Kipling idea—daughter in her mother's house, mistress in her own—is the key note, and its development will produce harmony and closer union, not discord and disruption. As the family grows to manhood, its members separate and form distinct establishments and homes, yet with all the greatness or happiness of the new home, the sentimental tie with the old home still remains intact and strong. Though material interests may be separated still the bond of common origin and affection holds them together, with hooks of steel. While as a part and parcel of the Empire, Canada may seem to be drifting on its own way, still it retains, and will retain, its sentimental and constitutional relation to the central power. To develop our heritage to the best advantage we must rely largely upon ourselves. If we continue to choose the place of underlings, if we continue to be tied to the mother's apron strings, we shall miss the conditions necessary to our true growth — Canada first in national growth and development. We must develop and keep a peculiar interest for our own country, as the young man on leaving home, gives his first loyalty to his new home, while still remaining loyal to the old. Conditions of population, environment and need, differ so greatly as between the mother country and Canada, that conditions of development must correspondingly diverge. We must be earnest, we must have a definite aim, a definite national aspiration. These argue a "distinct national spirit. We can give our first loyalty to our own country, but that need not, and will not, lessen our love for the Old Land, any more than a young man's love for his wife can overbear or overcome that for his mother. Both can consist. We, who have lived the larger part of our lives in Canada, and have noted the loyalty and enthusiasm with which as a measure of our loyalty and oneness in sentiment with the Old Land, we have celebrated the Queen's Birthday in her life time, can note no difference in the spirit that marked such occasions in our callow days, from the spirit with which we hold in memory Victoria Day, when we have become, practically, a nation with a future. We have come in our national life, not to the parting, but the widening of the ways, and that is about all the significance there is in the growth of Canadian national spirit, which Rev. Canon McNab protests against,

## EDITORIAL NOTES

Tales are now coming in of persons who have bought alleged vineyard lands in British Columbia, and found them ramping up the precipitous and uncongenial sides of the Rocky Mountains; also of Regina suburban lots which turned out to be two or three miles from the nearest habitation. "Evidently," remarks the Montreal Herald, "the Florida orange groves of a few years ago have found their successors. People who buy real estate on the faith of a newspaper map are tempting fate for the bunco-steerer." Making haste to get rich, without the necessary lack of conscience and abundance of opportunity, is not always a success.

The Globe says:

The Peterborough Examiner calls attention to the importance of the completion of the Trent Canal system, claiming that when it is in operation, it will cut four cents a bushel from the cost of transporting grain to Montreal. The Examiner, however, will find its punctuation has got misplaced when it calculates that a saving of three cents on a million bushels would amount to $3,500,000, and that in a few years the grain growers of the country would save the cost of the canal ten times told. The Trent is all right, but the figures are bigger than the waterway.

It is worth misplacing a comma, if it brings the Globe to a belated acknowledgment that the Trent Canal "is all right." And, in spite of the misplaced comma, the Examiner is still right in its contention, that, at a saving of three cents per bushel on the carriage of wheat to Montreal, "in a few years the grain growers of the country would save the cost of the canal ten times told. A few years in the life of a nation means more than five or ten years.

## ELECTRICAL SMELTING AND WHAT IT MEANS FOR CANADA

There has recently been issued from Ottawa a report on the experiments carried out by Dr. Haanel, under instructions from the Dominion Government, in electric smelting at the Sault. The report deals with more than the Sault experiments. It tells us a good deal about the new process in general and the possibilities for Canada which lie therein. We are told that the experiments conducted by the Government, and the work since done by the Lake Superior Corporation, which has acquired the Government's experimental plant, have proved that the process used can be applied to the production of ferro-nickel pig without other modifications than an increase in the capacity of the plant.

One of the most important sections of the report is that which deals with the advantages of the system of smelting with the aid of electricity as compared with the ordinary blast furnace. These include the perfect control of temperature; small cost of the furnace and absence of bulky machinery, and the fact that an electric smelting plant would be in several small sections, and the breaking down of one would, therefore, not involve the shutting down of all. A still further advantage in the electric system is that ore high in sulphur, valueless in a blast furnace, can be melted by electricity, and with the latter system again there is none of that brittleness in product which has been the cause of so many broken rail accidents.

The greatest point in favour of the electric system, under conditions existing in Canada, is that we have the water power which can be used to generate electrical energy and iron ore almost side by side. Even where these two elements are not in close proximity it will be possible, as pointed out by Dr. Haanel, to carry the electric current by wire to the pit's mouth, and thus reduce the ore to pig, or even to steel, before the work of transportation begins. The advantage of this, as compared with the cost of bringing coal from one point and ore from another, at heavy cost in transportation, need not be enlarged upon.

With ore in unlimited quantities, electric power available at $4.50 to $6 per horse-power, and the possibility, stated in the report, that improvements will soon add one-fourth to the efficiency of the electric system, Canada's iron age is in sight. Indeed, it may be said to have already arrived, as an electric smelting plant, capable of producing 35 to 40 tons of pig iron per day is at present under construction in Welland. There is nothing which promises so much for the development of the natural resources of the Dominion as this system of electrical smelting, which the Dominion Government, through Dr. Haanel's investigations and demonstrations, has done so much to promote.—Farmers' Sun.

## CHANGING SENTIMENT

### Oliver Goldsmith's "Deserted Village

Goldsmith, in his "Deserted Village," spoke of a certain chapel where those who "went to scoff, remained to pray." So in life, one often laughs at what he does not understand, and, later, when he does understand, his laugh turns to praise. There were some who doubted the merits of Newbro's "Herpicide," the scalp germicide and hair dressing; but, since they have tried it, they are now among its best friends and strongest endorsers. Herpicide kills the germ that eats the hair off at the root, and the hair then grows again. As a hair dressing it is incomparable. Try it. Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit Mich. The Market Drug Store, Two sizes—50c and $1.

## BLOW TO THE RANCHES.

### Severe Winter Has Meant Heavy Loss In the West.

The winter has been an exceptionally hard one on the ranches of Western Canada, and of the Northwestern States. The many reports of losses on the range from storms have not been exaggerated. Almost whole herds and flocks have been decimated. One rancher says that the loss will be about 75 per cent. Out of 3,500 cattle rounded up last fall by a prominent Alberta man, only 400 can be counted this spring. Others are hit even worse.

Where the ranchers had made better provision than the others, by a good supply of hay, and some sheltering sheds, the losses are big enough with all their care. Now is the time that the destructive work of the past winter is getting in its fullest showing. The weakened animals are dying now in large numbers. Ranchers are seeing their herds slowly dwindling from them, and the vision of wealth are fading away as rapidly as they come. The whole Canadian ranch country is suffering a depression almost equal to the celebrated year of 1902 among the New Mexican ranchers.

### Effect on Trade.

What effect will this have upon our West, and upon the cattle trade of Canada? This is a question not easily answered because of several subsidiary situation. Kansas cattle never came through in better shape; the sugar-beet factories are successfully feeding their thousands. There is a big supply in Ontario of feeders. Against this we have the dearth of good butchers' stuff in Ontario. The prevailing disposition to go into dairying in many sections, owing to the good outlook for cheese, has had its effect in the supplies of good cattle. Sheep are more plentiful throughout the country, and hogs are increasing in numbers also, although the latter have not made the ratio of gain that the recent good prices would warrant.

### Demand For Cattle.

Many people say that the demand for shorthorn breeding stock in a few months will take a joyous turn, and those who have laid in the good breeding type will have their innings. It is true that the Angus and Herefords have obtained quite a hold on the West, but there will be a tendency in the future, in all probability, to go in for smaller herds with better care. These smaller holdings will demand more shorthorns than before, and it is because of this prospect that many base their predictions.

Beef cattle ought to rise in value as the season advances, but this is an uncertain question. Butchers' cattle will tend to be fairly good sale for some time, and, taking all things into account, the outlook is not at all pessimistic for the cattle breeder.

### State Care of Insane.

Ontario has done nobly in the care of its sick and defective classes, but too often the cry of economy has prevented the best results being attained. In no department has this criticism had greater application than in the State management of the insane. Too much attention has been paid to the care rather than the cure of this class.

It is a matter of comment that all modern authors on insanity insist that recent and acute cases should be treated in small hospitals perfectly isolated from the large establishments for chronics.

No buildings in America meet the modern requirements, and it is here that the Ontario Government will score a triumph with its Psychiatric Hospital.

The stigma which always, rightly and wrongly, attaches to confinement in an asylum will disappear and psychiatry will be put on a footing that will keep it in touch with other departments in medicine. The important moments in the treatment of mental cases are in the incipient stages, and people will not send their friends at such times to the large asylums. They would be willing, though, to accept treatment in a small hospital, where a legal committal would be unnecessary, and where the methods of treatment adopted were on purely hospital lines.

Of course a Psychiatric Hospital will be an expensive institution to build and equip, but the investment will be a good one, as every patient saved from chronicity means a saving of $2,000 to the province. Its cost would soon be saved by the cases restored to sound mental health, for, after all, insanity is a purely physical disease, just as amenable to early treatment as many other diseases.

### Sir Wilfrid's Prophecy.

The following paragraph from Sir Wilfrid Laurier's speech at the Guildhall in London is worthy of being read, and re-read, and then pasted in every scrap-book:

"In 1902 a strong pressure was put upon the British Government to suspend the Constitution of the Cape Colony. The British Government would not listen to any such thought; they did more—the British Government did not hesitate, four years after the war, to give the full citizenship of the British Empire to the Colony of the Transvaal. I tell you this—when I think upon matters of this kind, I, coming from French Canada, can express an opinion. There was only one nation in the world who could have dared to do what Britain has done, and that nation is England. Now, the wisdom of this policy has been fully vindicated. It had been vindicated many years before, when the British Government did not hesitate to give to Canada—to French Canada—the same power, the same privileges, which have been given in South Africa; and, if anything could justify the wisdom of such a policy, it was the words that I was proud to hear yesterday from my friend Dr. Jameson—words which filled my heart—to the effect that possibly at the next Conference we may have a united South Africa represented here. It is possible that at the next Conference we may have another Confederation within the British Empire composed of the Cape, of Natal, of the Orange Colony, of the Transvaal, of Rhodesia, and of other domains yet to be added as time goes on. This is truly Imperial policy, and, so long as the British Empire is maintained upon these lines, I venture to assert that it rests upon foundations firmer than the rock and as endurable as the seas."—Courier.

**FOR THIS WEEK**

We will offer you the greatest value ever offered in Peterboro in

**5c and 10c**

**WALL PAPERS**

With 16 yards Border to match— at the same price.

**See These Papers Before You Buy!**

***R. J. SODEN, 369 George St.***

**NOVEL ADDITION TO LIVERY EQUIPMENT**

**Handsome Landau Purchased by Dr. Robinson—Expressly for Wedding Parties**

An addition has been made to Dr. Robinson's livery equipment, unlike anything in its line in Peterborough. It is a landau—a cab made especially for wedding parties—manufactured by A. B. Grear, of London, Ont., and it arrived in the city yesterday. The vehicle is certainly a handsome result of the carriage-maker's art, is prettily painted in three colours, and manufactured expressly for bridal parties.

It is so arranged with glass windows that the bridal principals sitting on the rear seat are able to see everything going on outside, and yet they cannot be seen. The upholstering of the interior is done in a finished manner, and it is also fitted up with an electric bell, by which the driver may be given instructions. The body is painted black, and the gear a green with carmine trimming.

**Eczema's Itch Is Never Ending**

EXCEPT BY ACTIVE AND PERSISTENT TREATMENT WITH THE GREAT ECZEMA CURE,

**Dr. Chase's Ointment**

When left to itself, eczema runs on indefinitely, causing keen distress from itching and covering the body with sores that refuse to heal.

Even with careful treatment, eczema is obstinate in yielding to curative measures, but the regular and persistent use of Dr. Chase's Ointment is the most certain means known of overcoming this torturing disease.

Internal treatments for eczema have long since been discarded, except the use of medicines to regulate the bowels and enrich the blood, while local applications are used to relieve the itching and heal the sores.

It is the remarkable success of Dr. Chase's Ointment in the cure of eczema which has given it world-wide recognition as the standard ointment for itching skin diseases.

Mrs. Robert Clendenning, Welland Station, Ont., writes:—

"For three years my daughter, Fanny, was afflicted with eczema in an intense and persistent form, and for nine days she was totally blind. The burning, itching and disfigurement were horrible, her entire face being completely raw for months, and the distress so great that she could not sleep.

"The best efforts of two eminent physicians failed to even mitigate her awful suffering. One day when I was low-spirited over my daughter's condition Dr. Chase's Ointment was recommended to me and to our surprise Fanny was helped with the first box and she has since been entirely cured by this treatment.

"Her face is now as smooth as a baby's and she is in splendid health. The credit for this cure is entirely due to Dr. Chase's Ointment, and I cheerfully give you permission to state my daughter's case, hoping that it will lead many others to secure the same good results."

There are a score of ways in which Dr. Chase's Ointment, with its extraordinary soothing, healing properties, is useful in every home; 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. 6

**Quit Paying RENT**

Quit paying rent and come and secure one of our Nice Homes, we have many to choose from, prices from $750 to $10,000, lots of lots in all parts of the city. A few Thousand Dollars of private funds to loan.

## ART IN THE CITY SCHOOLS

At the opening session of the City Teachers' Convention yesterday, an interesting paper was given by Miss Mamie McCarthy on Art. At the request of some of those who heard the paper read, the Examiner publishes it to-day. It is as follows:—

It will be unnecessary for me to dwell upon the advantages to be derived from a study of the art of painting or from an application of the principles underlying that art. These advantages are well known to you. Many amongst you, I feel certain, are fully qualified to set forth these advantages in their proper light, and you all, no doubt, have the aesthetic taste sufficiently developed to enable you to value them at their proper worth. I shall leave that part of the subject, therefore to yourselves. Moreover, I trust you do not expect me to outline for you any elaborate theory, or to develop any great principles which must necessarily find their application in the lowest as well as the highest grades of perfection in this art: I shall leave all that to dreaming philosophers, or to modern Raphaels. My aim is a more modest one. I shall merely offer in this essay a few practical suggestions, which will, in my opinion, turn to advantage the study of painting so recently introduced into our schools by our educational leaders.

Before a child is allowed to begin the study of water-colour, he should be thoroughly drilled in the drawing of simple objects. In the lower classes charcoal is the best medium, as it tends to develop the large, broad style, in which little children are so lacking. The coloured crayons, which you have been using, are good enough for small children, and, if rightly employed, often produce pleasing effects. Coloured chalks, on the contrary, are usually crude and glaring in colour, and tend to destroy, rather than cultivate, a refined colour sense; and, as the real motive in bringing colour into the schools is to lead the child to see beauty in Nature, and in his surroundings, I would condemn the use of them altogether.

Charcoal work is a most important branch in drawing, and should be carried into the higher as well as the lower classes. It is the best medium that I know of for training the eye to see things as it should, and it has this great advantage that false lines may be rubbed out with the finger, or a very soft rubber, and drawn over again, without spoiling either the drawing or the paper. For small children, who do little else than outline drawing, the sticks should be sharpened to a point. In teaching a child to draw a simple object, such as a flower or a box, the teacher should give the child some definite point from which to begin. I will illustrate. Not long ago, I gave a little girl crayons and paper and told her to draw for me something she had lately done at school. She attempted a violet, which she informed me, she had been taught. This is how she commenced —. Now, that child had no more idea of how to commence a violet than if she had never seen one. I then showed her how to take a point for a centre, and how to arrange the petals around it. This was the result —.

In the second and third classes, when children commence to draw from objects, the intelligent teacher of drawing knows that one of the greatest difficulties in his way is the failure of the eye to see properly. This difficulty arises from two sources. In the first place, everything we look at is inverted when pictured on the retina, and this, no doubt, is one of the important factors in the difficulties with which the student has to contend. Then the child has to take into consideration the knowledge of what IS, and substitute for it the APPEARANCE of the FACT. Thus, little children, and even larger ones, knowing that a cube has a number of square plane surfaces, will often try to represent it by a drawing like this —.

It is the plan of some teachers to have children learn to draw by making continuous efforts, and then by continuous and persistent criticism of error, endeavour to bring about true conceptions of perspective. This plan, in my opinion, is altogether wrong, for in addition to added work for the teacher, the child also suffers by it. Every time he makes a mistake a receives an erroneous impression. The teacher has now to correct the evil done and also instil a new idea. This method, therefore, has a great disadvantage, since every teacher knows that it is harder to correct an error than to teach a truth. I shall give you an example of the method I prefer. Let us take for our subject a long cigar box. The teacher will place this before the class of children, and before allowing them to draw a line, will teach them all they can learn about it, asking for the number of planes, corners and edges. He will ask whether all the planes are of the same size, and whether they are all visible to the eye at once. He will then show the children how these things change to the eyes, by lowering and raising the box. A class thus drilled will make drawings entirely correct as to principles, although the proportions may not be so well shown. The latter is the result of practice, while the former is the result of absolute knowledge, upon which the child will always act when he has once acquired it. Another great advantage of this system, and one which will appeal to you as teachers, is the interest the class always feels in the work, and the utilization of every moment with each child.

In using charcoal for drawing, from still-life, the object should first be outlined with a few strong strokes, and then massed in values. In drawing from Nature, one must be very careful to get objects correctly shaped, as in leaves or flowers. The shape of a rose leaf is different from that of a pansy leaf, which, in turn, is not at all like a clover leaf, while the shape of a violet differs entirely from that of a carnation. The flower or subject for sketching should be placed at some distance from the child in order to get the correct ideas of values, shapes, etc. In studying flowers, a teacher must remember that variety of shape adds much to the beauty of the drawing, and the flowers to be drawn should therefore be placed in such a position that it will show a variety of shapes.

When the outlining is finished, the values must be massed in. Values are the solid masses of light and shade. (Illustrate.) They can be found most accurately by half closing the eyes, thus excluding strong light. This causes all details to disappear, and softens the sharp outlines, allowing the lights and darks to stand out clearly and distinctly. Several drawings of this sort should be made before attmerting to finish one, as it gives the child such a knowledge and appreciation of values as cannot otherwise be acquired. This is most necessary to good drawing or painting, as children are too prone to leave out the proper depth of shade, thereby causing the drawing to appear flat and unreal. In drawing, children need much practice in the fearless, definite stroke, so essential to good work, and without which fine sketches can never be obtained.

I have insisted thus far on drawing as fundamental to all painting, because many persons seem to think that it is not really needful to draw well in order to paint. But this is a much mistaken idea, for drawing and painting are one; without the former you cannot accomplish the latter. I think, however, I have said enough on the best method of teaching drawing. If these suggestions are acted upon, I feel certain that good results will be obtained when the study of painting is taken up.

In commencing colour work, the child should first be taught the proper care of the brush. In cleansing the brush of colour, children have a habit of flattening it on the bottom of the water pan. This should be stopped at once, as it ruins the brush. The brush should be well rinsed in clean water after using, and wiped dry before putting away. Never leave it standing upright in the water. Moreover, do not allow children to put the brushes in their mouths, as it is good neither for the brushes nor for the children.

Next comes the use of the colours. We have here the three primary colours, yellow, red and blue. You have no doubt learned from the study of physics that the three primary colours are violet, green and red. These, however, are the three primary spectral colours. But at present we have not dealing with spectra nor with spectres. We shall therefore set aside this finding of physicists, and merely observe that pigment colours differ in their combination from colours of the spectrum. The former, we are told, combine by subtraction, whereas the latter combine by addition. Why this should be so we shall leave to the learned physicists to determine, and shall return at once to the consideration of the primary pigments. A primary colour is, in painting, one that cannot be compounded or formed by any combination of other colours.

A secondary colour is formed by admixture of two of the primaries and consequently contains two equivalents of one of the primaries, and one of each of the others. The tertiaries are three in number, citron, russet and olive. Thus—purple and orange make russet (a reddish brown), purple and green make olive (a brownish green), orange and green make citron (a yellowish green). Perhaps we had better explain this further. Russet is made by mixing purple, which is red and blue combined, with orange, which is a combination of red and yellow. Therefore, in russet there are two parts of red, one part of blue and one part of yellow. The same proportion of parts is found in each of the other tertiaries. Olive contains two parts of blue, one part of red and one part of yellow. Citron contains two parts of yellow, one part of red and one of blue.

Broken colours are compounded of all the primaries in indefinite proportions, and form three classes, brown, maroon, and gray. Facility in mixing the colours can be gained only by practice, and though it will seem a little difficult at first, you may, by persistent effort, become quite expert.

Neutral colours are compounded of the three primaries in their neutralizing proportions, in which no trace of the positive colours exist. They are neutral black, and its shades, neutral gray. More strictly speaking we have, theoretically, but one neutral; as the neutral grays are to black what the light tints of a colour are to its full tone, viz., the same colour diluted. But, in art, the pigments of black and white, as well as their intermediate shades, are termed neutral colours.

We are now at the painting itself.

The sheet of paper should first be evenly dampened all over, then allowed to dry. The object to be painted is first lightly sketched in pencil. This outlining should not be carried into the higher classes, but the children should be taught to paint objects in solidly, working with the brush alone. When the drawing is finished and ready for painting, the subject is given a light wash of water, and the colour is then applied quickly and evenly in a massing manner. In mixing two or even three colours, I seldom use the palette part of the box, but simply take up one colour on the brush, and dip it lightly into another, thus obtaining the required colour and leaving it pure and clear. This, however, is not feasible for the smaller children, as they are apt to confuse the shades. But too much "handling" of the colours makes them muddy and dead, as it breaks,—what we call,—the "grain" of the paint.

Simple flowers and fruits should be given at first, as apples, pears, beets, oranges, violets, tulips, different kinds of leaves and grasses—anything that they can execute with ease. Do not, however, in selecting a fruit subject, choose the roundest and smoothest specimen in the lot. Too many teachers do this. Choose, rather, a piece that is somewhat uneven in shape, and make the child draw it just as he sees it. The result will be much more satisfactory and artistic than if you give him something representing a circle.

Grasses are good and simple subjects for beginners, as they can be painted with one stroke of the brush. Hold the brush lightly and it will respond to the least movement of your fingers. A slight pressure of the brush upon the paper will widen the stroke for the broad part of the grass. Tinting paper is also a good exercise. Dampen a sheet of paper well and then apply a very little red, blue and yellow, washing the three colours down the sheet. A little practice will teach you how to use the colours to get a green-gray, a yellow-gray, or a blue-gray tint. Tint several sheets at one lesson, and lay them aside to be used as backgrounds for simple subjects.

The next step is in arranging two or more objects for a sketch. It is not enough to draw or paint a number of shapes or lines without regard to their relation to each other. We must study to place things where they will best satisfy our idea of beauty.

A large and small object look much better together than two large or two small objects. A tall plant or bowl should be balanced by a wide, low object. Dark and light objects, that contrast strongly in value, look well together.

Allow me again to suggest that before rendering anything in colour, a charcoal sketch of the subject be made in values, as it is often quite difficult for the untrained eye to discover in colour just where light ends and shade begins. If this preliminary sketching be followed for a time, at least, the child will soon have so thorough a knowledge of values as to be able to find them in colour, and will be far better instructed than if he be allowed to enter at once upon colouring.

In painting a flower in which many blossoms are clustered, as the geranium, lilac, hyacinth, etc., the shape of the whole cluster is washed in, single petals showing more plainly near the outside of the cluster. Flowers that show strong contrast in light and shade, or in flower and leaf, should be chosen, if possible. In painting, put in the light parts in the flower, stem and leaves first; then touch in the dark parts, before the other is quite dry. These touches seem to give life and freshness to your work. Notice how bright the colours look in the light, and how the parts away from the light seem soft and dark. Children should be taught to see beauty in all things. Few realize the priceless gift of an artist's eye, a gift which all the wealth in the world could not purchase. The child that can see and enjoy beauty in nature and in the common things about us is richer far than the man who can buy all things with gold. An artist sees many beauties in nature that are entirely hidden to the unpractised eye. If we only knew how to find beauty, and if we were able to conceive something beautiful ourselves, how we should enjoy giving expression to it, and how useful to the world we might become.

Colours, like tones of music, may produce harmony or discord when used together. The most perfect colour harmonies occur in nature, and there are certain colours so frequently found together in nature that we have come to think of them as companions. They contrast strongly, but together they form a sort of harmony. Colours which contrast most strongly, and yet seem to enrich each other when combined are called complementaries. There are many complementaries, but the most important are three pairs, yellow and deep violet, red and green, orange and blue. These colours show strong contrast, yet when used together emphasize and enrich each other. For example—how much redder a red rose looks among its green leaves; how effective the yellow and purple colours of the pansy are together; and often a blue ridge of hills or the deeper blue of trees is seen to best advantage against the gorgeous orange colour of a sunset sky. Artists see many colours in nature which escape the untrained eye, and therefore their pictures are sometimes criticized as untrue to nature by people who do not see such effects. An anecdote in which Turner, the great landscape painter, figures, might here be appropriately related. That great colourist was one day working at his easel, when a friend remarked: "Mr. Turner, I do not see the ocean as you represent it." The artist painted on for a moment, and then said, quietly: "Don't you wish you could?"

An artist seldom uses complementaries in their full intensity, as they would appear loud and harsh. He tones them down by graying each colour. Everything we see in nature is affected by the atmosphere. No doubt you have often noticed how the landscape is changed in appearance by the condition of the air. On a clear, sunny spring or summer day, one can see to a great distance, and colouring appears more vivid and cool than at other times. Then again, there are the glorious October days, when all the air seems liquid and golden, and a soft haze hangs over everything. The whole landscape is changed; the whole earth seems bathed in a soft golden light that subdues all bright colours. Then, as evening falls and the sun goes to rest, the haze takes on a violet hue, again transforming the whole scene. And, again, you must have all remarked a how subdued are the colours of winter, a neutral violet shade predominating throughout.

Let us return now to flower painting. If you place a flower of bright colouring at some distance from you, it will not appear as bright as it will if you hold it in your hands. Therefore, we must gray our colour to give this softened effect. Any colour may be made less bright by adding a touch of its complementary, but it must be only a touch, or the beauty of the shade will be destroyed. For example, in painting a red flower, a little green blended with the red will make it grayish, while a bit of red added to the green of the leaves will change them to a soft gray-green. A small portion of the two colours, red and green, mixed with plenty of water will make a soft gray background.

The larger children should be taught to paint simple landscapes. The first thing to consider is the drawing. Landscapes must be drawn as they appear, not as they actually are. For instance, a tree in the foreground (that is, the part of the scene nearest you) appears very much larger than it would appear if farther removed from you. Distant hills and trees look blue, instead of green, their true colour. A tree at dusk is not at all like the same tree, in the light of the noon-day sun. A winter scene is easiest for beginners. Trees are best studied at this season, when they lift their bare branches against the sky. We must know how to draw the shape of a tree truthfully in order to determine and show its right shape in full foliage, just as a figure painter must study the anatomy of the human form before he can clothe it properly.

In painting leaves from nature do not try to draw the veins, as that practice ruins the artistic effect. It is the same with all objects which you may wish to draw or paint. Grasp the big truths, and express them as simply as you can.

A sky should be washed in with plenty of water; but before putting in the distant line of trees that may appear on the horizon, allow the sky to become almost dry. The green of the ground can be put in in the same way as the sky. In painting anything a second time the first coat must be perfectly dry before applying the second. There are three principal parts in a landscape, the foreground, which is that part of the scene nearest you; the distance, which is that part of the picture that meets the sky, and the middle distance, which is the part of the picture half way between the foreground and the distance. Let us suppose that some object near us shows strong contrast of light and shade, for example, a large sail boat, with black painted boat and pure white sails. In the foreground these colours appear in all their purity and intensity. If the boat were placed far enough from us to appear at middle distance, we should find that the black seemed a shade lighter, and that the white of the sail had taken on a gray hue. If we saw the same boat in the distance, we could not tell which part of it was black or which white; it would simply appear as a gray violet speck on the horizon. All this is due to the veil of the atmosphere, which I mentioned before.

One thing more before closing. Pencil measurement is not only a help but a necessity in finding the true proportions of many objects. Hold a pencil at arm's length, and close one eye. In fixing measurement on the pencil, it is best to get the smaller measurement first. Suppose we are finding the difference in the height and width of an oblong. We should find how wide it is and then see how many times the width is contained in the length. We can then make our drawing any size we wish, but care must be exercised to have the length just so many times its width.

Much more, of course, might be said or written on this subject; but I have presented what appears to me to be the most practical, and at the same time one most helpful suggestions for teachers of painting. If these suggestions meet your approval, endeavour to reduce them to practice. What is faulty in them, or what you judge to be not in accordance with the principles of taste, reject without fear of committing a grievous error of judgment. Talents differ, we are told, and so do tastes.

# China Hall's Formal Re-Opening

CHINA HALL will formally re-open for business in its New Premises 394 George Street, on THURSDAY and SATURDAY, May 23rd and 25th, on which date all Lovers of the Artistic are cordially invited to visit the store and see the lovely NEW GOODS. We will show—

## THE TAP BELLS ARE NOT STRONG ENOUGH

### Mr. Murdoch Will Return to Peterborough to Look Into Complaint

A complaint is being made in connection with the tap bells of the new fire alarm system, to the effect that those in the firemen's houses are too weak, and cannot be heard when the men are sleeping.

The matter came up at the meeting of the Fire, Water and Light Committee last night, when the chairman stated that a letter had been written to Mr. Doan, of the Bell Telephone Company, in connection with the complaint, and that a reply had been received to the effect that he had written to Mr. Murdoch, the gentleman who installed the system, and that he was to come to Peterborough as early as possible to investigate. Mr. Doan also expressed the opinion that five-inch gongs might serve the purpose better than the tap bells. It was decided to leave the matter over until Mr. Murdoch arrives in the city.

Take home a treat of Rex Chocolates to-night from Tindall's.

## IS NEW HALL AS IT SHOULD BE?

### Ald. Morgan Says No and Wants the Matter Remedied at Once—Sliding Poles in Wrong Place

### COMMITTEE TO INVESTIGATE

Ald. Morgan is evidently of the opinion that the condition of the new fire hall is not what it should be, and is determined that affairs shall be improved as soon as possible.

At the meeting of the Fire, Water and Light Committee last night, he brought up the matter, taking particular objection to the position of the poles down which the firemen slide from their sleeping quarters to the hall beneath. The present position of the poles, he stated, would cause the firemen to drop almost on top of the horses as they came running out to take their places and he thought that there was great danger of an accident taking place on this account.

The alderman also objected to the doors leading from the stables into the hall proper. He said that they should be double doors, instead of single, and should also be higher than they are at present. If the architect or contractor were to blame for the defects he thought that they should have them remedied and pay the cost of the same.

Ald. Morgan stated that he in no way held Ald. Johnston, chairman of the committee, in any way responsible for the trouble, but he would like to see the condition of affairs remedied.

On the suggestion of Ald. Bradburn the committee decided to visit the hall some evening in the near future.

## HAPPENINGS OF THE WEST

### Can the Custom Tailor Retain His Business Without Improving His Methods?

In the new provinces of Canada, in years gone by, a custom tailor would open a shop in a small town and soon be busy with orders for $40 and $50 suits. The same field is occupied by the Semi-Ready tailoring with the same suits at $20, $25 and $30, and each Semi-Ready store now carried a lot of sample worsteds and fine tweeds from which special orders are taken, the exact measurements, with height, weight and physique type, being sent to the Semi-Ready shops in Montreal.

"This beats me," said a merchant tailor of Coleman, B.C., and forthwith he sent and secured the Semi-ready agency. "They make the suit in ten days, finished, complete."

# THE TENDENCIES IN EDUCATION

**Subject of An Excellent Address at the Teacher's Convention by Mr. H. W. Auden of Toronto**

## A MUSICAL PROGRAMME

The concluding session of the Peterborough Teachers' Convention was marked last evening by an address on "Tendencies in Education" by Mr. H. W. Auden, principal of Upper Canada College, Toronto, given to a large and refined audience of not only teachers, but other thinking citizens of the city. The address was one, the value of which was not alone confined to the pedagogic portion of the audience, but of interest and benefit to all citizens who take pride in the education of the young.

The meeting was presided over by the president, Mr. J. W. Kelly, and previous to the address of the evening a violin duet was pleasingly rendered by Misses Wallis and Burnett, and a solo, "The Bugler," was efficiently sung by Mr. Freeland, Mrs. Greenslade playing a most satisfactory accompaniment.

Mr. Auden's address followed the musical programme, and was listened to with undivided attention.

Some people, he said, in judging an educational question, think it must be decided by the criterion of how many votes will be gained or lost by such and such a measure. Many regard education as a mere question of stepping up the social ladder; others want education because it gives them a feeling of intellectual superiority to others, a sort of spiritual pride which sets us above the other man. Another viewpoint, too, is that professional education is a sort of temporary employment, taken up until something better turns up, or even that it is a sort of refuge of the destitute, as the Greeks used to say in one of their proverbs. And, again, a very general opinion, and one of great influence, is that all educational questions must be considered according to the number of dollars to be gained or lost. The question, he considered, was a complicated one, but he did not think that a clear, crystallized idea is wanted of what education is, but that what we do want is to consider the modern tendencies of educational thought and consider whether they are right or wrong. We should discuss, as thinking people, these tendencies, and the results that they produce.

The first tendency, he thought, was that towards a utilitarian view of education, that what is practical and what pays was of the greatest importance. Canada, like Scotland, was anxious to obtain education. Education is not a question of amassing knowledge, but rather an understanding of the principles of attack, the power to use one's knowledge quickly, accurately and economically. Putting it briefly, he said, education consists in teaching how to think. Some subjects are educative in the proper sense and do really train and strengthen the mind; others are matters of mere technical adroitness, and every subject of education has got to be judged by its *merit, not its market.*

Plato points out that education is training. He has told us long ago how it is music for the soul and gymnastic for the body, both for the benefit of the soul. Education is training, and, unless that belief underlies all our theories, our estimate of educational values is awlys likely to go astray.

**Of National Importance**

"Not many things, but much" was a maxim we are too prone to forget. University matriculation is the education upon which all secondary educations centres and what it prescribes,—the schools must follow. The number of subjects prescribed ought to be limited, and it should be the duty of all to impress upon university authorities that it is the aim of education to produce scholars, not smatterers, and to teach subjects, not text books.

Public opinion should be persuaded that cultural studies and idealism are of the greatest importance to a nation in education. We want to maintain high ideals as the necessity of idealism in a commercial age is very great. Prof. Wm. Osler, in a recent address, stated that there was too little idealism and too little intellectuality in Canada; that there was a large number of vigourous, hard-headed, plodding men, but too few, such as Huxley, Emerson, Tennyson or Ruskin, who left the world better than they found it as regards its ideals.

Mr. Auden strongly believed that the educational ladder should be complete; that a boy of ability should be able to make his way, by his own efforts, from a kindergarten to a university, yet he believed that a judicious system of scholarships or bursaries was of the greatest service in assisting the able boy to go to a university, whereas, if the steps of the ladder were too easy, and the cost too little, there is the risk of having too many students entering the professional life who would have done better otherwise.

**Boarding School Question**

The question of day schools versus boarding schools was as old as Quintillian, who argued that point at considerable length. One might even go further—Confucius, in 550 B. C., decreed that no father should educate his own son, as he held that a father's love for his son naturally warped a man's judgment, and prevented him from dispensing justice with an even hand when his son was in question. Originally, it was the duty of fathers to instruct each other's sons. This may have been the origin of residential schools. The same question is still argued. The following is a criticism by one who was for many years head master at Clifton: "The boarding school is deemed to excel in turning out strong, self-reliant, sociable, practical men of affairs, men who have learned by early experience not to make too much of small injustices, to rough, if need be, with equanimity and cheer, and to count it as man's part to endure hardship in a manly spirit."

Continuing, Prof. Auden, thought that one or two points with reference to ideals of schoolmasters in English public schools might be interesting. The first aim is to make boys honourable and high minded and probably spiritually minded. The public school man should be a man who always takes the highest line, who is straight in everything, who shows a generous spirit and loathes as poison anything that is low, sordid, mean or sneaking.

**Discipline Necessary**

The second aim of a public school master is to produce a well disciplined boy. Every teacher knows what is called the "ill-conditioned boy," and no worse title can be given to a boy. In England very great stress is laid on this discipline and the consciousness of strength which develops out of it. An English school is full of it and yet he did not think it was ever irksome. The discipline of the boarding house, of the playing fields, of the class room, the discipline exercised by strongly by public schools of the boys, on small boys, on small matters of good form and manners, were to his mind simply invaluable in giving a boy a right estimate of himself, and teaching him his proper position as a member of any community in relation to his fellow men. A boy learns to obey and so to rule. Religion plays a very important, but most unobstrusive part in public school life. In after life an old public school boy looks back to the quiet hours spent in the chapel as some of the tenderest memories of his school times.

A man's education in character certainly continues until he is fifty, consequently it would be rather hard to judge of definite results when a boy is sixteen, yet the seeds of good character are sown during school time, though they may germinate but slowly. More intercourse between pupil and teacher helps to keep boys young, and this was, to the speaker's mind, an important point. During boyhood a boy should be a plain, healthy-minded boy, and not a young man, or a cheap imitation of one. Life is not a play ground, but a schoolroom."

Great stress should be laid on three views,—the broad view, the big view and the clear view in matters educational. A broad view is needed and the teachers and the public should appreciate the difficulties of the teaching profession and to get a sound idea of educational values. Again the big view is needed in education, that is the avoidance of what might be called the parochial attitude.

The public at large should appreciate that in education lie some of the largest issues of state welfare, that true patriotism demands; that a state should make the teacher's position a really satisfactory one. The teacher should have every support, of society, support of sentiment and the support of salary.

**Know Thyself**

Lastly, the clear point of view is needed. Teachers should know their own minds, to be quite certain what their real aim and ideal in education is. Nothing is worse than experimenting in education. Education is a serious thing and requires very definite views. The tinkering policy cannot amount to anything. Public opinion must be taught to adopt a clear view.

In conclusion, Prof. Auden, spoke as follows:—"We want to lead public opinion and influence the community at large so that in educational matters it may act sensibly, scientifically and without prejudice. We want to preach to all and sundry, the view that the whole man must be educated; an all-round education is what the nation needs, and we must preach high ideals. If we were to apply the doctrine of evolution to educational ideals, I think we may say that it we add together the Greek idea of culture, and the Roman idea of thoroughness, the Hebrew idea of moral goodness, the medieval idea of studentship and the modern ideal of work in the service of mankind, we have a composite ideal to which none of us could refuse allegiance as good citizens; and as citizens in all our thoughts we must lay to heart the truth of the words of the kingly poet of three thousand years ago: "Righteousness exalteth a nation," which is very much the sentiment expressed by a poet of our own day, Rudyard Kipling:

The tumult and the shouting dies,
The captain and the kings depart,
Still stands thine ancient sacrifice,
A humble and a contrite heart.
Lord God of hosts be with us yet,
Lest wer forget, Lest we forget.

A vote of thanks moved by Mr. G. J. Stubbs and seconded by Messrs. C. Fessenden and D. W. Dumble, was extended to Mr. Auden before the close of the meeting.

## Music and Drama

**"EAST LYNNE"**

The old favourite of emotional plays, "East Lynne," was the presentation at the Grand last night to a fairly good house. The audience seemed to enjoy the production as it was noted, the company giving the piece a fair interpretation. Miss Gertrude Arden, in the role of Lady Isabella, had the heaviest part to play and did so in a charming manner. Miss Avis Page as Barbara Hare was a pleasing actress, and Ruth Emerson in the role of Miss Carlyle took that part in an acceptable manner. On the whole, the company was well balanced, and did justice to the piece. William Wagner, as Archibald Carlyle, the husband, and A. Seymour, who took the part of the scheming Sir Francis Levison, were strong actors, and helped strengthen the production.

# The Victim Of Shooting Affray Passes Away

**Joseph Turcotte, Formerly of Peterborough, Passed Away This Morning in Bay City, Michigan, Hospital—Shot a Week Ago.**

## THREE BULLETS IN HIS BODY

Joseph Turcotte, the Peterborough boy who was shot three times on Wednesday of last week at Osceola, Mich., passed away early this morning in a Bay City, Mich., hospital, where he had been under treatment since the shooting. Turcotte received three shots in the abdomen, shoulder and elbow.

The story of the shooting was told in last night's issue of the Examiner. The deceased was walking along the street in company with a young girl, when a jealous rival named Mundy shot and killed his companion and fired three times at Turcotte, every shot taking effect.

It was thought that he was recovering, but a relapse evidently set in yesterday. His cousin, Mr. Frank Fountain, of this city, received a telegram this morning conveying the sad intelligence of his death.

The news will be received with regret in Peterborough, where the deceased had many friends and acquaintances. He left this city three years ago for Osceola, where his father is the owner of a foundry.

The funeral will take place at Osceola.

# Steamer Otonabee Took To The Water Yesterday

**She Was Reluctant to Take to Her Native Element, but Launching Took Place After Six O'clock.**

## A VERY GRACEFUL CRAFT

The launching of the steamer Otonabee, yesterday afternoon, was several hours after schedule time, but the new boat was finally placed in her native element, and was this morning brought to the Wolfe Wolfe street wharf, where the new boiler will be installed and the completion of the upper works effected. The launching was timed to take place at 2.30, but it was after 6 o'clock before the steamer finally took to the water. There were no public ceremonies attending the event, although it attracted a large number of interested spectators.

Those who were accustomed to the appearance of the old City of Peterborough, would not recognize in the graceful lines of the new steamer any resemblance to that boat. As a matter of fact the boat is practically new, and is one of the prettiest boats that ever sailed into Peterborough. That she will be popular with the public there is no reason to doubt.

The Otonabee was designed and built by Mr. William Hickey, the local ship carpenter, whose work has for years given evidence of his ability in this particular line of work. Her length is 116 feet, and the breadth 24 feet. Her hull is of seasoned oak, with ribs 6 x 7 inch oak, and new throughout. She will be fitted with ample deck accommodation, and will have a passenger capacity of about 700.

The new steamer has been built with the idea of combining speed with safety, and while she will be perfectly safe even for the largest possible crowd, she will also be able to make good time. She is fitted with twin screw engines made by the Doty Engine Company, Toronto. The boiler, which is a massive 12-ton affair, is at present lying at the Wolfe street wharf, and will be installed at once, and the upper works of the steamer will be completed, when she will be put into commission.

Captain White will be in command of the new boat.

## Many People Go Up To Stony Lake For Holiday

### G. T. R. Train at Noon To-day Carried a Large Crowd—Many Toronto People Will Visit Their Cottages for First Time This Season.

### THREE COACHES CROWDED

The scene at the Grand Trunk station at noon to-day prior to the departure of the train for Lakefield, almost made one think that it was midsummer and that the annual rush for Stony Lake was on in earnest. A very large number of local and Toronto people were on hand, to go up the lake for the first time this season for the purpose of inspecting their cottages and getting them ready for the summer, and at the same time to spend a few days in the region of happy lands and bright waters. An unusually large amount of baggage was taken, many people taking advantage of the opportunity to take up many needed articles. The three coaches on the train were crowded, and many had to stand for the ten mile trip.

Mr. D. W. Dumble, and son, Fred, went up to "Ballyraggit," to spend a few days.

Mr. John Sawers went up to his cottage at Eagle Mount.

Mr. Henderson and family, of Toronto, were among the Queen City contingent.

Mr. A. L. Davis of Toronto, went up to his new cottage.

Mrs. R. J. Winch, and daughter, Mrs. Pentland, went up to "Yarrow Brae," where they will stay until Monday.

A large party went up to "Belle Chasse," Mr. H. LeBrun's pretty summer residence. It included Mr. and Mrs. LeBrun, Mr. and Mrs. W. J. Morrow and family, and Mr. John King.

Mr. and Mrs. H. O. Fiske will spend the holiday at "Fern Rock."

Mr. and Mrs. A. Gibson and Miss Mary Gibson, went up to their cottage to spend the holiday.

Mr. W. G. Ferguson will be at "Boschink" for the holiday.

Mr. Fred Addison was one of the Toronto gentlemen who went up this morning.

Mr. and Mrs. H. Thompson and Mr. Hubert McBain, went up to "Bona Vista."

Mr. and Mrs. Jas. Hamilton will spend the holiday at "Headlands."

Mr. Clarence Acton was among the Toronto passengers for the lake.

Mr. George Cochrane went up to his cottage at "Eagle Mount."

Mrs. Knapman and children will spend a day or two at their cottage.

Mr. John Nugent will be at Little Otter Island.

Mr. and Mrs. H. P. Lindsay and daughter, went up to "Britannia."

**Insure Against Serious Colds**

Of the many forms of insurance probably that which protects you against the serious results of colds is the most valuable at this time of the year when so many are becoming victims of la grippe and pneumonia. By the prompt use of Dr. Chase's Syrup of Linseed and Turpentine you can keep the cough loose, prevent further development of the cold and cure it in a few days.

## GARBAGE BY-LAW WAS DISCUSSED

### Progress Made With the Measure Last Night—Old Fire Hall

The Property Committee of the city council met last night to discuss the Garbage Bylaw and good progress was made with the measure which will be introduced to the Committee of the Whole Council on Monday night.

The only other business in addition to the Garbage Bylaw was in connection with the old fire hall. Mr F. E. Darcy waited upon the committee to urge that the ground floor be leased to him for use as an automobile show room, instead of being fitted up for offices. No action was taken in reference to the request.

There were present Ald. McIntyre, chairman, Ald. Stevenson, Ald. Elliott, the Mayor and Sanitary Inspector, George Ball.

## FORMAL OPENING OF THE NEW CHINA HALL

### Beautiful Store With Some of the Finest Crockery in Canada

The formal re-opening of the China Hall since the change of premises was held to-day and will be continued on Saturday. Mr. Wilson's new store has been fitted up in a most handsome style. The general appearance of the interior of the store is very attractive. The second floor contains nothing but dinner sets of one hundred distinct patterns, ranging in value from $5 to $125 per set, the Royal Worcester being the most expensive.

The window of the store is handsomely decorated with the finest china that can be procured. The Royal Vienna, Royal Crown Derby, the Copeland and the Royal Saxony are among the best. Wedgewood, Japanese ware, Moriage ware and hand-painted Austrian ware are all represented with the best and most finished material in Mr. Wilson's store. The cut glassware is a specialty. There are four silent salesmen in the store containing attractive glassware and chinaware. Adderly's jardinieres, hanging and banquet lamps are also conspicuous, and, collectively speaking, the China Hall is one of the handsomest looking stores in the city. Visitors who wish to look through have the freedom of the store.

**Without Colds no Lung Trouble**

A person may be predisposed to consumption by heredity; he may be in unsanitary surroundings and breathe impure air; but the beginning of trouble is always a neglected cold. In thousands of Canadian homes Dr. Chase's Syrup of Linseed and Turpentine is kept at hand as a sure cure for coughs and colds and a protection against disease of the lungs.

## The New York Stock Market

(Furnished by J. R. Heintz & Co.)

Chicago, May 23rd. — The wheat market opened 1 to 1 1-2 cents lower although the cables were strong, but reports of better weather caused a general rush of selling orders and July was forced down to 98 3-4; Sept., 99 3-4; Dec., 100 7-8. Then good buying turned the market for a rally of 2 cents. The situation is practically unchanged. This is a splendid place to buy wheat. The market has been very nervous but prices will reach much higher levels. Primary receipts, 533,000; clearances, 185,000. Price Current says winter wheat shows a slight improvement. The close was weak, from 2 1-4 to 2 3-4 under last night.

## ENNISMORE PICNIC ON THURSDAY JUNE 20TH

### Annual Event Will be Held at Tara Grove —Will be Record-Breaker

At a meeting of St. Martin's T.A. S., held last week, it was decided to hold the annual picnic on Thursday, June 20th, in Tara Grove. Nothing will be left undone to make the year's picnic a record breaker. The committee is composed of new men, all anxious to do their best to make the day's outing agreeable and pleasant to those who visit Tara Grove on the 20th.

## MANY HOLIDAY VISITORS

Miss Helen Collins of Millbrook is in the city to-day.

Mr. Victor Carton will spend the holiday in Toronto.

All Y.M.C.A. men competing in the meet to-morrow morning on the Oval are requested to be at the Association building a little before 9 o'clock, to be able to get ready and be on the Oval ready for the games to begin sharp at 9.30.

**The Truth About the Baby**

Carriage business is that the Peterborough Bookstore's bold stroke of twenty per cent. off all carriages has caused a rush for best choice. Only twenty little equipages now left to dispute their claims with eager mothers, at the one-fifth off in discount. A. H. Stratton & Co.

**First Trip of Season to Stoney Lake Per Steamer Stony Lake**

Spend the 24th of May and the following day up the lakes. The steamer Stoney Lake has arranged her first trip to Stony Lake, leaving Lakefield on May 23rd on arrival of the noon train from Peterborough. On May 24th will leave Lakefield on arrival of the morning train, and returning same day in time to connect with 6.30 train for Peterborough. On Monday, May 27, the steamer will leave the lakes in time to connect with the 4.40 train for Peterborough. 4d117

**Auction Sale of Pompadour Island, Stony Lake**

There will be offered for sale by public auction about the beginning of June, the whole portion of Pompadour Island, Stony Lake, situated in the rear of the Lech and Thomas cottages, comprising over three-quarters of the 14 acres of the island, on which are a number of beautiful building sites. Interested parties will have a good chance to inspect this property on trips running about the 24th of May. For information apply to Dumble & Johnston, or R. E. Wood. 3d120.

# Latest News Of Various Sports

## THE LINE-UP FOR BIG GAME TO-MORROW

**Manager Johnston Will Work Three Pitchers Against the Arctics**

There should be a big crowd at the Riverside Park to-morrow, when the Artics of Toronto, will play a double-header against Peterborough in a series of three games for the Melbourne Cup. The third game will be played on Saturday afternoon. The games promise to be decidedly interesting. The Artics are bringing down their strongest team, including four pitchers. Manager Johnston will work three box artists, Yebbie Flaherty, Correy Burns and Quinlan, each pitching a game. Either Flherty or Burns will twirl the first game to-morrow morning with Burridge doing the receiving. The local team is a strong one and should make things decidedly interesting for the visitors. Barnes, the well known Toronto umpire, will handle the indicator, during the series.

To-morrow's games are called for 10 a.m., and 3 p.m., and Saturday's contest for 3.30 p.m.

Following is the line up:

Peterborough — Burridge c; Burns p; Quinlan p; Flaherty p; Bellegheim 1b; Callaghan 2b; Johnston ss; Sheridan 3b; Connors, Parnell, Flaherty or Quinlan, outfield.

Artics. — Moran c; Greer p; Anstey p; Harding p; Biffin p; Lawson 1b; Clewes 2b; Poulter ss; Halliburton 3b; Gibson lf; Cowle cf; Avison rf.

## INITIAL GAME IN NEW LEAGUE

**To be Played Saturday Between Strathconas and Excelsiors.**

The opening game in the Intermediate League takes place on Saturday afternoon on the Nicholls Oval, when the Stattroonas and Excelsiors meet in a nine-innings game. The former nine seems, on paper, to be the stronger team, but the Excelsiors can be depended upon to hold their own, and it is their determination to come out with the lion's share of the runs. The game will be called at 2.45, and it is necessary to have the full composition of the two teams on hand so as to cause no unnecessary delay.

Mr. Stacey will be asked to umpire the game, and full power is given him to enforce clean ball, so that in this respect the games will be a credit to the league.

To-morrow morning at half-past nine the Karenota and Lakeviews will play an exhibition game on the Oval. These two teams are as anxious as the others to land the cup, and will loosen up in this clash. Manager Craig will have on his best man in order to pick out a likely nine, and the South End boys intend to do the same. The following members of the Lakeviews are requested to be on hand sharp on time in order that a good work-out may be had: Menzies, Wilson, Carson, Holland, Mahoney, Doherty, McGill, Letellier, Henry, Kennedy, Houston, Winch, and Pentland. After the game the team that will represent the lake-side aggregation will be picked for the game on Monday night against the West Ends.

On the same evening the Lilies will take a jaunt to the Oval, and if Manager Campbell's bunch does not make it warm for the Karenota it will be through no fault of his. This should be an interesting game and will no doubt attract a large crowd of supporters. The West Ends are the dark horses in the league, and the others are guessing as to what kind of a team they are going to produce. They fully intend to trim the Lakeviews, and, considering everything, the coming games should be worth watching if the players cut out the rough-house tactics.

President Mr. Jas. Lang is expected to be on hand on Saturday afternoon and open the league.

## TEAM CHOSEN FOR MATCH IN TORONTO

**The Members of the Peterborough Golf Club Who Will Play Lambton Club on Holiday.**

The following team will represent the Peterborough Golf Club in the match with the Lambton Club in Toronto to-morrow: Messrs. Stuart, Burnett, McDonald, Stratton, Merritt, Walker, Campbell, Matthews, Denham and Bradburn. They will leave on the C.P.R. local to-morrow morning, and will be the guests of the Lambton Club during the day.

***Call up Phone 579 if you wish to be taken to the Races in an Automobile.*** 2d120

## THE CRICKET TEAM TO PLAY AT WARKWORTH

**Final Practice for the Game Will be Held at the Oval To-night—Captain Elected**

The Cricket Club has chosen Mr. Lovekin as the captain of the team for the year, and he has issued a call for the following players to be at the Nicholls Oval to-night at 6 o'clock for the final practice for the game in Warkworth to-morrow: — Lovekin, Hill, Rowe, Reaston, Clarke, Cameron, Duggan, Edwards, Moore, Coleman, Wood, Breer and Hall. The team will be chosen from these players, and they are asked to be at the G.T.R. station to-morrow morning at 8.15 sharp. An interating game is anticipated in Warkworth. Mr. Chas. Seymour will be the official scorer, to-morrow.

## THE BIG ROLLER HOCKEY MATCH

**Victorias and Kenoras Will Play To-morrow Night**

The roller hockey team had another good practice last night, and will be in splendid condition for the big game to-morrow night. It has been decided to play five men a side, which will make the game considerably faster. Mr. S. J. Sheridan has been agreed upon as referee, and the teams will line up as follows:

| Kenoras | | Victorias |
|---|---|---|
| | Goal | |
| B Fortune | | Thorpe |
| | Point | |
| Seymour | | Gibbs |
| | Forwards | |
| McDonald | | Clancy |
| Staunton | | Agnew |
| Deforge | | Miller |

There will be skating from 7 until 9 o'clock, and for half an hour after the game. The band will be in attendance all evening, and there will doubtless be an unusually large crowd present.

## SOME GOOD RACES ON THE CARD

**Promises to be a Big Crowd at the Driving Park To-morrow Afternoon.**

Good weather and a fast track seem assured for the big programme of races to be held to-morrow at the Driving Park under the auspices of the Peterborough Turf Club. There are three horse races on the card, a named race, 2.30 class and free-for-all. The entry list in the named race is a large one, the following horses being entered: Godfrey's "Pride," Ridpath's "Jimmie Mac," P McGuire's "Black Mac," Sam Fee's "Keswick," Whitham's "Silver Queen," R. Hickson's "Nellie Keswick," Jas. Stubbs' Brown Pacer, J. Keeliher's "Black Mac," Andrew Hogg's "Arkland Jr.," Wm. Leahy's Bay Horse, R. Hull's Bay Mare, T. Lee's Keswick Mare.

The Marathon foot race, five miles, on the track, will commence at 1.30 o'clock, and there are a number of entries for this event which promises to be one of the most interesting of the day.

The best place to buy sporting goods is Stratton's.

## INTERMEDIATE TEAMS PLAYED A TIE GAME

The Intermediate City Baseball League promises to supply some fast ball this season, judging by the article dished up in an exhibition game between the Strathconas and Karenots, two league teams. The score at the end of seven innings was a tie, 2-2. The game was played at Nicholls Oval and the teams were as follows:

| Strathconas | | Karenots |
|---|---|---|
| | Pitcher. | |
| F Parnell | | Long |
| | Catcher. | |
| Wilson | | Carton |
| | First Base | |

### LACROSSE

SHAMROCKS AT MILLBROOK.

The following players will represent the Peterborough Shamrocks in the game with the Millbrook lacrosse team in Millbrook to-morrow: McFadden, White, Devlin, Dusty, Doris, Quinlan, Cameron, Tucker, Saunders, Kelly, Long, Dobson, Barber, Rush, Cahill, Jewell and Donovan. The team will drive down, the 'bus leaving the post office at 9.30 o'clock sharp to-morrow morning.

### FOOTBALL

The Fall River champions, who play here next Wednesday, defeated the Berlin Rangers yesterday by the score of 3—0.

* * * *

Norwood and Keene play their first game in the intermediate series of the Midland League to-morrow at Norwood. Mr. L. Bolin of Peterborough will referee.

* * * *

Warsaw and Lakefield play an exhibition game to-night at Warsaw.

* * * *

Two teams from the Peterborough Quakers played a practice match last night on the Exhibition grounds, which resulted in the best workout of the season. Among those out were McFadden, Sullivan, Donaldson, Hamilton, Crough, P Fitzgerald, Laing, R Best, E Best, Dingman, Scrimshaw, Archibald, Evans, Brodie, Caniff, Doris, Merrit, Coleman and Baker.

* * * *

The following football players are requested to meet at the G. T. R. station at 11.30 to-morrow morning to go to Omemee: Laing, Scrimshaw, Deforge, Dingman, Archibald, Caniff, Hamilton, Crough, R Best, Brodie and Evans.

* * * *

Last Saturday Oshawa Intermediates defeated Port Hope in Oshawa by 4—0. Wilson of Cobourg refereed.

### BASEBALL

"Yebbie" Flaherty's appearance in a Peterborough uniform to-morrow should prove a big drawing card. It is some years since the clever local twirler has pitched a game in Peterborough, and a good many will be on hand merely to see him perform.

## HAD GOOD TIME IN CANADA.

**Scottish Bowlers Pleased With Reception Received Everywhere.**

The following reference was made to the tour in Canada by President S. Fingland in the annual report of the Scottish Bowling Association:

"An event of great importance during the past year was the visit of a team of British bowlers to Canada. It was a return visit for one which a team of Canadian bowlers paid to this country in 1904. The British team consisted of 40 players, of whom 25 were selected from constituent clubs in Scotland. The team played 23 matches, winning 21 and losing 2. After deducting the 22 shots which were lost in the two matches referred to, the team's majority of shots numbered 1,067. In their tour the team played in 21 towns, and engaged in contests with rinks representing 67 clubs. A synopsis of the results of the various matches has been issued to constituent clubs.

"The reception which the team received at every place visited was cordial in the extreme, and from the time of arrival in Canada until the time of departure for home, the greatest kindness and hospitality were extended to every member of the team by their Canadian hosts. The committee desire to record their appreciation of the kindness of the Canadians, and at the same time their thanks to the Scottish representatives who contributed so largely to the success of the tour.

"Such intercourse as that which took place between the British and Canadian bowlers cannot fail to be of importance to the Motherland, as well as to the great colony which was visited. The date for a return match by the Canadians will be considered by the International Board, and when they come to the old country they will get a hearty welcome."

It is understood that the invitation, which will be sent shortly, will be for eight rinks in 1908.

## PRIVY COUNCIL APPEAL.

**Canadian Courts Should Suffice In All Ordinary Cases.**

If the members of the Imperial Conference wish their labors to bear any practical fruit, let them turn their attention to the jurisdiction of the Privy Council as an Imperial court of appeal. The colonies had not in early days, but each of them now has a satisfactory bench and bar of its own. In cases affecting Imperial interests or law suits between citizens of different colonies it may still be necessary to have an Imperial court of appeal. But in cases between citizens or private corporations of the same colony such a necessity cannot be said any longer to exist, while the inconvenience and cost of sending cases to Westminster is very great. The English, no doubt, know a good deal more about Canada now than they did thirty years ago, when Ontario was styled, in a proclamation of the Privy Council, "that town." Still, special circumstances of any Canadian case such as would affect the interpretation of the law may not be present to the minds of the judiciary at Westminster. There seems to be really no good reason for any longer encountering the expense and trouble of the system in any case in which neither Imperial right nor any question between different colonies or members of different colonies is involved.—Goldwin Smith in Weekly Sun.

## A Serious Defect Claimed For Aylmer Street Sewer

**Mr. Wm. Langford Tells Board of Works It is Being Laid Too Shallow---Cannot Get Connection.**

### OTHER MATTERS DISCUSSED

The Board of Works of the City Council met Thursday. There were present, Mayor McWilliams, Chairman Ald. Geo. Duncan and Ald. McIntyre, Johnston and Morgan.

Dr. Grey asked the Board or two nine-inch sewer pipes, three feet long, at cost price to the city. This was granted.

Dr. Grey also asked for the sidewalk on Shenbrooke street, from Aylmer to the bridge, to be built outside the trees; if constructed inside it would run through the laws of a couple of residents. The board will consider this matter before laying the walk two months hence.

Mr. Roger addressed the board, and complained that spring water runs down alongside the sewer pipe and floods his garden to the destruction thereof. The engineer was instructed to report on this matter.

**Trunk Sewer too Shallow**

Mr. Wm. Langford complained that the new trunk sewer from Smith to Aylmer along G.T.R. track is laid too shallow; it is so low he cannot get connection with his small house to the east of the track. The sewer he said should have been laid three feet lower, in order to connect with his property and three or four other dwellings that might be built. The engineer reported that there was only one house—Mr. Langford's—along the route which cannot be connected with the sewer. He also offered that there are serious physical difficulties in the way of placing the sewer three feet deeper.

Mr. Langford claimed that the engineer had erred in his levels; he should be entitled the same sanitary privileges as any other citizen; besides, the difference in cost for laying the sewer three feet deeper would have been a mere bagatelle, and his house and others in prospect would have been served. The engineer's mistake was, continued Mr. Langford, he did not go far enough south to get a fall. He ridiculed the engineer's excuse that there was not sufficient room to throw the earth excavated had the sewer been laid deeper, owing to the close proximity of the railway track, and that he was afraid of said track caving in. Had the fall of the sewer been struck from the manhole near V. Eastwood's residence, it would have been deep enough to provide sanitary accommodation for the property east of the track between Antrim and Edinburgh streets. The people would not have voted money for this work, concluded Mr. Langford had thought any property along the route would have been ignored.

The Board promised to look into this matter.

**Sidewalk Construction**

Street Commissioner Evans reported that he would like to have theside walk on Mark street, south of Robertson, east side, laid inside the trees, owing to a big ditch in this locality. It was decided to run this pavement inside the trees from Robertson to James street.

**Sewer Pipe**

R. Hicks & Co., offered to supply the city with sewer pipe at 69 per cent. off list price, laid down on the streets as required. This figures to the city's advantage over what they have been paying, when cost of freight, cartage and loss by breakage, which the city now assures, is considered.

Ald. Johnston moved, seconded by the mayor,—That R. Hicks & Co.'s offer be accepted.—Carried.

**Change of Railway Curve**

Mr. Larmonth of the Street Railway Company, to change the curve north side of Charlotte, off George from seven feet to within four feet of the curve. This he claimed, would lessen the noise engendered by cars taking so short a curve as at present.

The committee did not think it wise to grant this privilege.

**Siding Asked For**

Mr. Larmonth also asked for permission to run a street railway siding into the Central Milling Company's property off George street, so as to connect with the C.P.R. for freight purposes.

The committee did not look favorably on this proposition, and decided to leave the matter to the whole council.

**Crossings Wanted**

Jas. Brown asked for two crossings to his two houses to be built on Sherbrooke street.—Granted.

**To Widen Street**

The clerk was authorized to write the commissioners, and ask permission to widen Water street, near the Colonial Weaving Co.'s property, for a distance of 522 feet, 10 feet 4 at its deepest point.

## EXCHANGE OF PULPITS IN THE INTERESTS OF SUNDAY SCHOOLS

To-morrow will be Sunday school day in the Methodist, Presbyterian and Baptist churches of the city, and in this consideration a general exchange of pulpits has been arranged, under the direction of the Ministerial Association. The following will be the arrangement for the morning services in the churches in the three denominations mentioned:

George street, Rev. J. G. Potter.
St. Paul's, Rev. J. G. Lewis.
Murray street, Rev. H. M. Manning.
Charlotte street, Rev. Dr. Torrance.
St. Andrew's, Rev. Dr. Orothers.
Park street, Rev. H. J. Keith.
Mark street, Rev. J. R. Webb.
Knox, Rev. A. H. Brace.

## Rev. P. W. Currie Inducted Into Peterborough Presbytery

**Ceremony at Warsaw on Thursday —Has Now Assumed His Duties There — Rev. H. J. Keith Preached the Sermon.**

### A SUPPER AND CONCERT

Examiner Special.

Warsaw, May 25th.—Rev. P. W. Currie, formerly of Sonya, Ont., was inducted into the Peterborough Presbytery here on Wednesday afternoon and has now assumed the duties of the pastor of the Warsaw Presbyterian church as successor to the Rev. W. L. Atkinson. The impressive ceremony was performed in the presence of a large congregation of parishioners in the church, and was conducted by Rev. H. J. Keith, of Knox church, Peterborough; Rev. S. S. Burns, moderator, of Lakefield; Rev. Mr. McClennan, Norwood, and the Rev. Mr. Thompson, of Hastings.

Rev. H. J. Keith delivered an impressive sermon before the induction service. His remarks were based upon the influences of the church and of the home life in moulding the character of men. The former, he advised, was most necessary in impressing upon the mind the religious aspects of life and upon the latter greatly depended the character of the individual. This was Mr. Keith's introduction to a Warsaw congregation and his remarks were listened to with great interest.

The induction service was conducted by Rev. S. S. Burns, of Lakefield, after which Rev. Mr. Currie was extended the hand of fellowship and formally appointed pastor of the Presbyterian church. This ceremony was followed by an address to the newly inducted minister by Rev. Mr. McClennan and Rev. Mr. Thompson addressed the congregation upon their duties to their pastor.

The afternoon meeting was concluded by addresses by Rev. G. Nickle, of the Methodist church and Rev. Mr. Steedman, pastor of the Baptist congregation, both of whom extended their greetings to Rev. Mr. Currie upon entering on his duties in Warsaw.

In the evening a supper was held in the town hall under the auspices of the Presbyterian church followed by an excellent programme consisting of the following numbers:—

Chairman's address—Mr. E. Hawthorne.
Anthem, by the choir.
Address—Rev. G. Nickle.
Duet—Misses Harrison and Bryce.
Address—Rev. Mr. Steedman.
Solo—Miss Bryce.
Addresses—Rev. P. W. Currie.
Solo—Miss Bryce.
Anthem by the choir.

## County Teachers Listen To Interesting Addresses

**Dr. Merchant, of London, and School Inspector Brown, Give Teachers Good Advice at Norwood Convention.**

### PROGRESSIVE TEACHERS

Examiner Special.

Norwood, May 22.—The Annual Convention of the Teachers' Association of Peterborough County, assembled in the Model School room at 1.30 p.m., with Mr. Pilkey in the chair.

The minutes of the last meeting were read and approved.

The chairman in his opening address spoke of Mr. Leighton's departure from the county and also alluded briefly to the status of the teacher. Some references were made to the recent departmental regulations.

The president appointed Inspectors Lees and Brown, Misses Oliver and Carter and Mr. Gordon, a Nominating Committee. Mr. Brown suggested that the committee also consider the supplementary reading for the year.

Dr. Merchant, principal of the London Normal School gave a very interesting address on Some Essentials of Method in their Application to the Teaching of Public School Subjects. Dr. Merchant spoke of the necessity of "Meaning" in everything we teach. Pupils have a desire to give meaning to their expressions. He next spoke of method, urged teachers to get a good idea of the subject before they teach it; get a fund of good information, and impart it in such a way as to appeal to the child's interest.

At this juncture the Convention took a few minutes recess.

Dr. Merchant continued his address on method. He spoke of the child's desire to re-construct his ideas and give expression. Sometimes these expressions are not always accurate, but they are the best the child can do and the inaccuracy is due to the false idea the child obtained. Less words, less things, but the art of expressing the connection between words and things should be the aim of the true teacher. In teaching the lower classes teachers were asked to use variety in their teaching. Dr. Merchant's address was listened to very attentively by the teachers.

Mr. Brown spoke on "Nineteenth Century Progress." He dwelt on the enlarged facilities of communication as sub-marine cables, telephones, telephones, telegraph, etc. Mr. Brown urged the teachers to keep pace with the times and the progress and have their pupils up to the mark in the different subjects on the school curriculum.

The Convention adjourned until to-morrow at 9 a.m.

## TESTS MADE AT WARSAW FACTORY

**Mr. Somerville There Yesterday—170 Tests of Milk Made**

On Wednesday, Mr. N. G. Somerville, was in Warsaw and made 170 tests at the cheese factory there. He is being assisted by Mr. D. E. Mackenzie, of Beaverton, but last night the latter became ill and Mr. Somerville's plans are somewhat delayed.

The latter paid some compliments to the Warsaw cheese maker for the clean manner in which the factory there was kept. It is one of the cleanest factories and one of the best-kept that he has visited, Mr. Somerville stated.

## ANOTHER LARDER LAKE STRIKE

New Liskeard, May 24. — Another strike has been made in the Larder Lake District. It is on the Lucky Boys property which adjoins the Feddick and Larder Lake Proprietary Company's properties. A vein was found exposed at the surface, on a ledge on the side of the hill, where the free gold could plainly be seen. This lead or dyke is about 40 feet in width and gold shows in many places.

## A SUCCESSFUL TRIP TO IDYL WYLD

**Salvation Army Excursion to Rice Lake a Success—Fine Weather for Early Outing.**

The trip of the Salvation Army to Idyl Wyld yesterday was a most enjoyable outing, according to all reports. The skies smiled as they have never done since last summer, a balmy wind refreshed the excursionists, the woods were clad in their May-est attire, and the river, fresh with the cool waters from the north, shone in the bright sunlight. It was an ideal day for an outing to the Lake and no prettier spot could have been chosen to enjoy the lovely weather.

The steamer Water Lily left the Wolfe street wharf shortly after 8 o'clock and picked up a barge at the street Railway wharf. Thus there was ample accommodation for the large number that sailed on the picnic. The destination was reached after a pleasant sail and everyone had to attend to the calls of the inner man before anything further was done. Games were played and the Band gave a delightful concert at three o'clock. The return trip was equally pleasant and the city was reached without any mishap. In fact nothing occurred to mar the day's pleasure. The Army people speak in favourable terms of the treatment accorded them by the crew of the Water Lily. Nothing but kindness from the crew and careful attention to the needs of the passengers did a great deal towards making the outing the success that it was. The boat performed well and and made the trip in rapid time. Adjt. Wiggins was on board to father the party and is greatly pleased with the day's outing.

# The Hound of the Baskervilles

## Another Adventure of Sherlock Holmes.

BY A. CONAN DOYLE.

Author of "The Green Flag" and "The Great Boer War"

Copyright (1900) by A. Conan Doyle.

(Will be continued next week.)

it put me in a most awkward position. I was at a loss what to say or what to do, and before I had made up my mind he picked up his cane and was gone.

But when I came to think the matter over my conscience reproached me bitterly for having on any pretext allowed him to go out of my sight. I imagined what my feelings would be if I had to return to you and to confess that some misfortune had occurred through my disregard for your instructions. I assure you my cheeks flushed at the very thought. It might not even now be too late to overtake him, so I set off at once in the direction of Merripit House.

I hurried along the road at the top of my speed without seeing anything of Sir Henry, until I came to the point where the moor path branches off. There, fearing that perhaps I had come in the wrong direction after all, I mounted a hill from which I could command a view—the same hill which is cut into the dark quarry. Thence I saw him at once. He was on the moor path, about a quarter of a mile off, and a lady was by his side who could only be Miss Stapleton. It was clear that there was already an understanding between them and that they had met by appointment. They were walking slowly along in deep conversation, and I saw her making quick little movements of her hands as if she were very earnest in what she was saying, while he listened intently, and once or twice shook his head in strong dissent. I stood among the rocks watching them, very much puzzled as to what I should do next. To follow them and break into their intimate conversation seemed to be an outrage, and yet my clear duty was never for an instant to let him out of my sight. To act the spy upon a friend was a hateful task. Still, I could see no better course than to observe him from the hill, and to clear my conscience by confessing to him afterwards what I had done. It is true that if any sudden danger had threatened him I was too far away to be of use, and yet I am sure that you will agree with me that the position was very difficult, and that there was nothing more which I could do.

Our friend, Sir Henry, and the lady had halted on the path and were standing deeply absorbed in their conversation, when I was suddenly aware that I was not the only witness of their interview. A wisp of green floating in the air caught my eye, and another glance showed me that it was carried on a stick by a man who was moving among the broken ground. It was Stapleton with his butterfly-net. He was very much closer to the pair than I was, and he appeared to be moving in their direction. At this instant Sir Henry suddenly drew Miss Stapleton to his side. His arm was round her, but it seemed to me that she was straining away from him with her face averted. He stooped his head to hers, and she raised one hand as if in protest. Next moment I saw them spring apart and turn hurriedly round. Stapleton was the cause of the interruption. He was running wildly towards them, his absurd net dangling behind him. He gesticulated and almost danced with excitement in front of the lovers. What the scene meant I could not imagine, but it seemed to me that Stapleton was abusing Sir Henry, who offered explanations, which became more angry as the other refused to accept them. The lady stood by in haughty silence. Finally Stapleton turned upon his heel and beckoned in a peremptory way to his sister, who, after an irresolute glance at Sir Henry, walked off by the side of her brother. The naturalist's angry gestures showed that the lady was included in his displeasure. The baronet stood for a minute looking after them, and then he walked slowly back the way that he had come, his head hanging, the very picture of dejection.

What all this meant I could not imagine, but I was deeply ashamed to have witnessed so intimate a scene without my friend's knowledge. I ran down the hill therefore and met the baronet at the bottom. His face was flushed with anger and his brows were wrinkled, like one who is at his wits' ends what to do.

"Hallo, Watson! Where have you been all the morning?" said he. "You don't mean to say that you came after me in spite of all?"

I explained everything to him: how I had found it impossible to remain behind, how I had followed him, and how I had witnessed all that had occurred. For an instant his eyes blazed at me, but my frankness disarmed his anger, and he broke at last into a rather rueful laugh.

"You would have thought the middle of that prairie a fairly safe place for a man to be private," said he, "but, by thunder, the whole country-side seems to have been out to see me do my wooing—and a mighty poor wooing at that! Where had you engaged a seat?"

"I was on that hill."

"Quite in the back row, eh? But her brother was well up to the front. Did you see him come out on us?"

"Yes, I did."

"Did he ever strike you as being crazy—this brother of hers?"

"I can't say that he ever did."

"I daresay not. I always thought him sane enough until to-day, but you can take it from me that either he or I ought to be in a strait-jacket. What's the matter with me, anyhow? You've lived near me for some weeks, Watson. Tell me straight, now! Is there anything that would prevent me from making a good husband to a woman that I loved?"

"I should say not."

"He can't object to my worldly position, so it must be myself that he has this down on. What has he against me? I never hurt man or woman in my life that I know of. And yet he would not so much as let me touch the tips of her fingers."

"Did he say so?"

"That, and a deal more. I tell you, Watson, I've only known her these few weeks, but from the first I just felt that she was made for me, and she, too—she was happy when she was with me, and that I'll swear. There's a light in a woman's eyes that speaks louder than words. But he has never let us get together, and it was only to-day for the first time that I saw a chance of having a few words with her alone. She was glad to meet me, but when she did, it was not love that she would talk about, and she wouldn't have let me talk about it either if she could have stopped it. She kept coming back to it that this was a place of danger, and that she would never be happy until I had left it. I told her that since I had seen her I was in no hurry to leave it, and that if she really wanted me to go the only way to work it was for her to arrange to go with me. With that I offered in as many words to marry her, but before she could answer down came this brother of hers, running at us with a face on him like a madman. He was just white with rage, and those light eyes of his were blazing with fury. What was I doing with the lady? How dared I offer her attentions which were distasteful to her? Did I think that because I was a baronet I could do what I liked? If he had not been her brother I should have known better how to answer him. As it was I told him that my feelings towards his sister were such as I was not ashamed of, and that I hoped that she might honor me by becoming my wife. That seemed to make the matter no better, so then I lost my temper too, and I answered him rather more hotly than I should perhaps, considering that she was standing by. So it ended by his going off with her, as you saw, and here am I as badly puzzled a man as any in this county. Just tell me what it all means, Watson, and I'll owe you more than ever I can hope to pay."

I tried one or two explanations, but, indeed, I was completely puzzled myself. Our friend's title, his fortune, his age, his character, and his appearance are all in his favor and I know nothing against him, unless it be this dark fate which runs in his family. That his advances should be rejected so brusquely without any reference to the lady's own wishes, and that the lady should accept the situation without protest is very amazing. However, our conjectures were set at rest by a visit from Stapleton himself that very afternoon. He had come to offer apologies for his rudeness of the morning, and after a long private interview with Sir Henry in his study, the upshot of their conversation was that the breach is quite healed, and that we are to dine at Merripit House next Friday as a sign of it.

"I don't say now that he isn't a crazy man," said Sir Henry; "I can't forget the look in his eyes when he ran at me this morning, but I must allow that no man could make a more handsome apology than he has done."

"Did he give any explanation of his conduct?"

"His sister is everything in his life, he says. That is natural enough, and I am glad that he should understand her value. They have always been together, and according to his account he has been a very lonely man with only her as a companion, so that the thought of losing her was really terrible to him. He had not understood, he said, that I was becoming attached to her, but when he saw with his own eyes that it was really so, and that she might be taken away from him, it gave him such a shock that for a time he was not responsible for what he said or did. He was very sorry for all that had passed, and he recognized how foolish and how selfish it was that he should imagine that he could hold a beautiful woman like his sister to himself for her whole life. If she had to leave him he had rather it was to a neighbor like myself than to anyone else. But in any case it was a blow to him, and it would take him some time before he could prepare himself to meet it. He would withdraw all opposition upon his part if I would promise for three months to let the matter rest and to be content with cultivating the lady's friendship during that time without claiming her love. This I promised, and so the matter rests."

So there is one of our small mysteries cleared up. It is something to have got rid of Stapleton and his sister. At the same time, Watson, I would not have you or Sir Henry forget the advice of the old Scotch lawyer, "Tak tent o' the auld man in the bog." I don't like that man, Watson, and I am not satisfied that it is best for Sir Henry to walk home across the moor. Can you not come to us? Or, better still, can you not arrange to return with us? Your room is always ready for you, as you know. Or failing that, I shall certainly come down myself to see you in the course of a day or two. Sir Henry is very anxious that you should stay, and I am sure that you will not refuse.

I have said nothing to you of the case, but I have my own views, and I am inclined to think that you will be interested to hear them. Stapleton is not the only person who has taken a very deep interest in Sir Henry's affairs. Twice in London we have had experiences which bear upon the matter, and there have been several other incidents which may be trivial or may be highly significant. Sir Henry has had his boots stolen, one new and the other old, and we have had an attempt made to set fire to his clothes. Apart from your own observations at Baskerville Hall, it would be well that you should hear the account of these events, so that you may be able to treat them in their proper relation. Pray, then, if you can manage it, come back with us. Sir Henry will be very glad to see you, and I shall be glad to see you both.

Yours ever,
SHERLOCK HOLMES.

## HEART TROUBLE CURED

In the rush, hurry and worry of modern times, we overwork the heart. Is it any wonder then that there comes a breakdown of this wonderful little engine, when such a continued strain is placed upon it day after day. There are many forms of heart trouble and the slightest derangement of this important organ is extremely dangerous. To strengthen the weak heart it is necessary to use a remedy that will act upon the heart tissue, restore and revitalize it and at the same time tone up and invigorate the nervous system, we have such a combination in

**MILBURN'S HEART AND NERVE PILLS**

Mrs. Ella Dingman, Morganston, Ont., writes of her experience with them: "It is with the greatest of pleasure that I recommend Milburn's Heart and Nerve Pills. I was troubled for a long time with my heart; I had weak and dizzy spells, could not rest at night, and I would have to sit up in bed the greater part of some nights, and it was absolutely impossible for me to lie on my left side. At last I got a box of Milburn's Heart and Nerve Pills and they did me so much good I got another box and they effected a complete cure. I have not been troubled with my heart since."

Price 50 cents per box or 3 boxes for $1.25 all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

ALL STEEL DOME

BOILER RIVET

**SUNSHINE FURNACE**

DIRECT DRAFT DAMPER

AUTOMATIC GAS DAMPER

The Sunshine is differently and better constructed than common furnaces. It's stronger, safer, more healthful

The dome, the two sections of the fire-pot and the frame of the ash-pit are all securely fastened together by our famous "cup joint." Three "cup joints" in all, you see.

All sections, you will notice, fit together perfectly, and are lined with a layer of asbestos cement, which unites them so firmly together that they become, in every purpose, one solid piece of metal. Can never spring or fall apart.

And that's not all! The top of the dome is fastened to the sides with cement and boiler rivets, making the Sunshine just as smoke, gas, heat and dust tight as a steam boiler. From a hygienic standpoint it takes precedence in the furnace world.

CUP JOINT

Notice, too, the Sunshine is equipped with an automatic gas damper. This damper automatically opens when the gas in the furnace reaches a certain pressure and allows it to escape up the chimney. Eliminates all danger of an explosion or gas escaping through the registers

CUP JOINT

Safest as well as most healthful, easiest managed, cleanest, greatest labor-saving and fuel-economizing furnace you can buy.

If your local dealer does not handle the Sunshine write direct to us for **free booklet.**

"My God, what's that, Watson?"

from the scaffold; but to me, sir, he was always the little curly-headed boy that I had nursed and played with, as an elder sister would. That was why he broke prison, sir. He knew that I was here and that we could not refuse to help him. When he dragged himself here one night, weary and starving, with the warders hard at his heels, what could we do? We took him in and fed him and cared for him. Then you returned, sir, and my brother thought he would be safer on the moor than anywhere else until the hue and cry was over, so he lay in hiding there. But every second night we made sure if he was still there by putting a light in the window, and if there was an answer my husband took out some bread and meat to him. Every day we hoped that he was gone, but as long as he was there we could not desert him. That is the whole truth, as I am an honest Christian woman, and you will see that if there is blame in the matter it does not lie with my husband, but with me, for whose sake he has done all that he has."

The woman's words came with an intense earnestness which carried conviction with them.

"Is this true, Barrymore?"

"Yes, Sir Henry. Every word of it."

"Well, I cannot blame you for standing by your own wife. Forget what I have said. Go to your room, you two and we shall talk further about this matter in the morning."

When they were gone we looked out of the window again. Sir Henry had flung it open, and the cold night wind beat in upon our faces. Far away in the black distance there still glowed that one tiny point of yellow light.

"I wonder be dares," said Sir Henry.

"It may be so placed as to be only visible from here."

"Very likely. How far do you think it is?"

"Out by the Cleft Tor, I think."

"Not more than a mile or two off."

"Hardly that."

"Well, it cannot be far if Barrymore had to carry out the food to it. And he is waiting, this villain, beside that candle. By thunder, Watson, I am going out to take that man!"

The same thought had crossed my own mind. It was not as if the Barrymores had taken us into their confidence. Their secret had been forced from them. The man was a danger to the community, an unmitigated scoundrel for whom there was neither pity nor excuse. We were only doing our duty in taking this chance of putting him back where he could do no harm. With his brutal and violent nature, others would have to pay the price if we held our hands. Any night, for example, our neighbors the Stapletons might be attacked by him, and it may have been the thought of this which made Sir Henry so keen upon the adventure.

"I will come," said I.

"Then get your revolver and put on

## *Revoking His Order.*

By HENRY MOORE.

Copyright, 1907, by P. C. Eastment.

The division superintendent on the western end of the K. and L. road had not risen from the ranks. If he had, he would have been more popular with the force under him. He had obtained his place through "influence," and nineteen times out of twenty such men are cordially hated for the best of reasons. He had many trainmen in hot water within a month, but in all appeals he was sustained. A division superintendent on his own ground is an autocrat. What he says goes. He is monarch of the rails in his territory. He is responsible only to headquarters.

The K. and L. had no use for women telegraphers. It had long been the rule of the road to turn all such applicants down in the curtest manner. In some way that seemed mysterious to the other operators on the division a young lady had taken charge of the office at Stapleton. The place was only a hamlet, and there was not much freight or passenger traffic, but there was the great bridge over the Big Blue river just to the west of it, and there was the deep cut extending for half a mile, in which several landslides had occurred, so in a way the post was an important one.

The agent and operator in question was Miss Carrie Williams, and she had been crowded in, so to speak, by one

BEGAN WAVING THE DANGER SIGNAL.

of the big stockholders who had helped the president out of a hole. She had learned telegraphy at a school, and this was her first place. A hundred miles down the line lived her widowed mother, and the girl was working for the support of both. When the operators came to understand all this, they "went slow" on her. Had she been a man they would have let her sink or swim. She made mistakes, and they covered them up. She became confused and tangled up, and they helped her to straighten things out. She got discouraged, and they flashed her words of sympathy and hope. They would have done nothing of the sort for a beginner of the male sex. He wouldn't have held his job beyond the first month.

It was a bit strange that Charles Morton, the new division superintendent, had been in power six months before he saw there was a woman on the line. Even his private operator had sheltered her. Then an accident to his train at her station brought the two face to face. The man was brusque and pompous in his authority, and he was provoked and impatient at his delay. He saw that the girl was a lady and that her office was well kept and that she understood her business, but even before he had addressed her he had made up his mind to have her out of that at the end of the month.

She was told plainly that his division had no use for her. He was not running a kindergarten. At the end of twenty days she would be replaced. He had no complaint or excuse to offer. In fact, he was not a man to make excuses. What astonished and piqued him a bit was the way the young lady received his orders. She was not in the least flustrated and lost none of her dignity. While treating him with the respect due his position, he somehow felt that there was a feeling of contempt for him in her demeanor. He took his departure a bit ashamed of himself and yet furious that the whole division had conspired against him.

Within an hour it was known the length of the division that Miss Williams had got the sack because she was a mere woman. She had the sympathy of all the operators, and more than one counseled her to appeal to headquarters. She thanked them for their kind words and said that she would be all ready to step out of the office when the new man arrived. The division superintendent should have saved his dignity, but the feeling that he had been outwitted kept him boiling hot, and within the next ten days he discharged five operators and struck terror to the hearts of all the rest.

"For inefficiency" was the report he made at headquarters, and that went in each case. The president of a railroad never sees reports of such trifling affairs and would not read them if they were placed under his eyes. It therefore followed that the president of the K. and L. knew nothing of what had happened and was going to happen at Stapleton. It might have altered the case if he had been appealed to, but the girl, knowing that she had been crowded out through no fault of her own, would make no sign.

Fifteen of the twenty days allowed her to finish her month had passed. It was early spring, and there were constant rains. The track gang was watching the big bridge and the deep cut, but the floods rolled under the one, and the banks of the other showed no signs of giving way. The Stapleton office was cut out of the circuit after the passage of the 7 o'clock train in the evening. Then the girl operator went to her boarding house for the night and resumed duty at 8 next morning. The office at Marion, the next one east, was run on the same schedule. At 6 o'clock in the evening of the fifteenth day the track gang came in and reported all safe. At 7 the passenger train whissed by without stopping, and ten minutes later the girl was ready to go home. As she stepped out into the rain and darkness she heard shouting down the tracks, and five minutes later an affrighted bobo appeared and called out:

"Say, now, me partner is buried under about 4,000,000 tons of dirt back dere in de cut!"

"Do you mean that one of the banks has caved in?" was asked.

"More'n an acre of it. It'll take a whole week to dig me partner out. Better git de telegraph workin'. If a train runs into dat heap, you won't find nuttin' but splinters left.'"

The girl turned and ran back to the office, and as soon as she could light a lamp she began calling for Marion. The through freight was due soon after 8. It must be notified and held. Her calls were not answered. The operator was off duty, as he had a right to be. There was no telephone service between the towns. The tramp had disappeared into the night, as if fearing that the railroad company would hold him responsible for the cave-in. The depot was a good half mile from the village. In fifteen minutes after the tramp's first report the girl was ready. With matches in her pocket and a red light in her hand, she was making her way down the tracks in the face of the wind and the rain. Yes, there had been a cave-in, and a bad one. For a space of a hundred feet the tracks had been buried ten feet deep.

The girl's only way was to clamber over the dirt and rocks and brush. Sometimes she was caught and held, and sometimes she met with a fall, and twice her lantern was extinguished and had to be relighted. She pushed ahead, however, until she reached the western end of the long bridge. It was standing stanchly. She saw the light of a locomotive a mile beyond and began waving the danger signal. By and by the train came to a stop almost at her feet. It wasn't the freight, but a special, and among the anxious men who left the coaches and came running along to make inquiries was the division superintendent. Cloaked and bedraggled as she was, the man did not recognise his discharged operator.

"How did it come about? Why didn't a man come to give warning?" he asked.

"A tramp told me of it, and there was no man to send," she replied.

"You must be from the village, and perhaps you can tell me where the girl operator boards. I must get into the station and try to raise Vincennes by telegraph."

Ten men followed the light of the girl's lantern over the great heap of debris and to the depot. The division superintendent was surprised when she unlocked the door and entered. He was more surprised when she laid aside her sodden hat and cloak and sat down to the key and began calling each way and finally received a response. He gave her no instructions. He simply listened and waited. She ordered a wrecking crew to the spot and then turned from the key to meet his eyes.

"I—aw—beg pardon," he said.

"I don't understand, sir," she replied.

"You're—aw—Miss Williams."

"Certainly."

"And two weeks ago I—I"—

"Discharged me for being a woman. I have five days yet, I believe. You will find everything in order when the day comes."

"But, Miss Williams, I was laboring under a misapprehension, it seems. You see"—

"I am a woman, sir, and there can be no misapprehension, and I bid you good night!"

Six weeks later the division superintendent stepped down and out. The president of the road had sat up to take notice, and the discharged girl was bossing things in one of the best offices on the line.

### A Vegetable Sea Rope.

The largest plant in the world is believed to be a gigantic seaweed, the nereocystis, which frequently grows to a height of more than 300 feet. The stem of the plant is as strong as an ordinary rope, and large quantities of it are dried and used as rope by the inhabitants of the south sea islands, where the curious vegetable ropes are found. The seaweed usually grows at a depth of from 200 to 300 feet. As soon as the plant takes root a pear shaped balloon is formed, which grows with the stem toward the surface of the water. This balloon frequently has a diameter of six feet or more. It has, of course, an upward tendency and therefore keeps the stem growing until it floats on top of the water. This enormous weed grows in such quantities that large meadow-like islands are formed, which frequently impede navigation. The ropes made from these stems are used for building purposes, and the balloons when dried make very serviceable vessels.

### Cruel.

Maud (before the laughing hyena's cage)—How provoking! Here we've been twenty minutes, and the hyena hasn't laughed once. Ella—Strange, and he's been eying your new hat too.

### Reasonable.

His Lordship—Whatever could you have been thinking of to steal the sheep? The Prisoner—I dunno, my lord; I must ha' been woolgatherin'.

## THE ODOROUS ONION.

A Word or Two in Favor of the Pungent Vegetable.

The onion need have no fears. Its position is secure. Born of the lily family, probably in Asia in the faroff centuries, it grows all over the world. It was well known to the ancient Greeks and Romans. It is mentioned in ancient Egyptian writings and in the Pentateuch. When the Israelites in the wilderness grew weary of manna, they sighed for the good things they had left behind, and they distressed Moses when they lifted their voices in weeping and cried: "We remember the fish which we did eat in Egypt freely, the cucumbers and the melons and the leeks and the onions and the garlic, but now our soul is dried away. There is nothing at all, besides this manna, before our eyes." It was not so much the fleshpots of Egypt that they sighed for as the succulent leek, the pungent onion, the odorous garlic. The onion is the Welsh national emblem. In Spain and Italy garlic, which is merely a condensed onion, enters into nearly all dishes of both the rich and poor. The onion thrives in Siberia and in Honduras. It flourishes on the Nile and on the Mississippi. It was a favorite with the Ptolemies of ancient Egypt, and it finds favor with the highest and the lowest in Macon and Charlotte. The lady of Shalott died of a broken heart because she had to give up either onions or her lover. Her lover was one of those finicky fellows who objected to the odor of onions, and she would not give up the shallot. The onion is all right. It never asks to conceal itself. It is about the only thing in hash in which one can have confidence.—

## DISPERSING A MOB.

Efficacy of a Fire Hose or a Stout Rawhide Whip.

"A good stout rawhide whip in the hands of a policeman would be one of the most effective riot breakers I can readily think of," said a police inspector. "There is nothing the average crowd of roughs fear more than a rawhide in the hands of an expert unless, indeed, it is a stream of water from a fire hose. Before the stinging lashes of a rawhide there is no crowd which would not cringe and fade away. Then where there are children in a mob a cop does not want to nail one of the little ones on the head with a night stick. A crack of the whip would be less cruel and quite as effective. It is usually the sharp crack of the lash that does the trick, as much so as the sting. In Russia the clout is used with more deadly effect than the rawhide or blacksnake whip could ever be used. Of course there is danger of putting out the eyes of some one with the cracker of the whip, but then, too, there is danger of breaking some heads when the night stick is applied.

"Did you ever see a crack driver from the rural district handle a long whip? He has it down so fine that he can flick a coin out of your fingers twelve feet away. A policeman could become equally proficient with practice. It would be just the wrinkle in many cases where there is a mob to handle. A whip and a fire hose would make a great battery. The fire in many a rioter has been extinguished by the cold stream from one of those two inch nozzles."

### Fear and the Hair.

That fear will cause the hair to stand on end has been known through the centuries, ever since a spirit passed before the face of Job's comforter, Eliphaz, the Temanite, and "the hair of my flesh stood up." At the execution of a horse stealer in 1825 the man's spiritual attendant noticed that when his hands were tied "his hair—long, lanky, weak iron gray hair—arose gradually and stood perfectly upright and so remained for some short time and then as gradually fell down." Cardinal Pacca saw Pius VII.'s hair stand erect from anger, and Ecclesiasticus records that "the talk of him that sweareth much maketh the hair stand upright."

### As Others Saw Him.

A day or two ago it fell out that an actor with a purpose was cinematographed on the stage and was vastly pleased with the result.

Said he gleefully to a prominent dramatic critic, "It was the most extraordinary experience I ever went through—actually to see myself acting."

"Now," said the prominent dramatic critic, "you understand what we have to put up with."—Pall Mall Gazette.

### Marriages.

Celibacy does not pay. A good marriage is the supreme human felicity, a tolerable marriage is as much as the tolerable majority of people deserve, but even a bad marriage is better than no marriage at all.—Sydney Bookfellow.

### Innuendo.

"Charley is so poetical. When I accepted him he said he felt like an immigrant entering a new world."

"Well, he was an immigrant."

"What do you mean?"

"Wasn't he just landed?"—Atlanta Constitution.

### Then They Mixed.

"Yaas, de beauty an' chivalry ob Smoketown mingled in de ballroom."

"Mingled, yo' say?"

"Mingled till 'bout 'leven o'clock. Den dey mixed."—Houston Chronicle.

Welsh mothers put a pair of tongs or a knife in the cradle to insure the safety of their children. The knife is also used for the same purpose in some parts of England.

### Know Him.

Beggar—Kind lady! I was not always like this. Lady—No, yesterday you had the other arm tied up.—Scotch.

## LARGEST BELL IN ENGLAND.

### How Big Ben Got Its Name—Story of Famous Striker.

Now that Parliament is again in session, the well-known light shines once more from the top of Big Ben's tower.

Strictly speaking, the title "Big Ben" is applicable only to the huge bell on which the hours are struck, but the name has been extended to the mammoth clock itself, and even, in the minds of some, to the tall and stately tower at Westminster, wherein the bell is hung.

The hammer that strikes the bell is operated by clockwork, and weighs six hundredweights, but then the sides of the bell are nearly nine inches thick, so that it can withstand the blows. It is hun, from massive girders, and four lesser bells are suspended round it. On these the quarter-hours are struck. The sides of the tower around the bells are open, so that the sounds have the freest course to the outside world. A few years ago the striking apparatus was renewed, and the bells were moved round so that the hammers should strike on a different part of their curving bodies.

**Frog In Its Throat.**

Big Ben is cracked, but the millions of people who hear his voice do not notice it, and he is not cracked so badly as to spoil his note—which is E natural. His predecessor was cracked also, and was taken down, hauled off to Messrs. Mears bell foundry at Whitechapel, melted, and re-cast. This was in 1858. He is now nearly eight feet high and nine and a half feet in diameter, and weighs about 13 1-2 tons.

**First Casting.**

Big Ben the first was cast by Messrs. Warner at Houghton-le-Spring, Durham, under the direction of the Rev. W. Taylor and Mr. E. Beckett Denison. Its composition was twenty-two parts of copper and seven of tin. The cost of the bell was £3,300. It had not long been hung before it gave evidence of cracking, and examination showed it to be porous and unsound. When it was recast it was made much less thick in the waist. The present Big Ben is said to be perfect in shape and tone. He weighs nearly two tons less than his predecessor, and the clapper that strikes him is only half the weight of the former hammer. He is called Big Ben after Sir Benjamin Hall, First Commissioner of Works at the time he was cast. The four lesser bells were cast by Warner in 1856.

**Its Dimensions and Size.**

Mr. Beckett Denison, in conjunction with Sir G. B. Airy, the Astronomer Royal, and Mr. Dent, designed the great clock of Big Ben for the then new Houses of Parliament. The dial plates are of white enamelled glass, and 21 feet in diameter. A space of a foot divides the minute marks and the figures showing the hours are two feet in length. The winding occupies about five hours.

For years Big Ben enjoyed the distinction of being the largest bell in England, but that honor seems now to have passed to Great Paul, in the city, for while the diameter is much the same, Paul stands a foot higher and he is about two tons heavier.

**Women Celebrities In Jail.**

As an outcome of the ultra-aggressive campaign inaugurated by the suffragettes, there have lately been confined in Holloway Gaol more feminine celebrities—of a sort—than that famous prison has ever before held. And this is "saying something," for "Cocoa Castle"—as its regular patrons love to dub it—has seen many such in days gone by.

Perhaps the most distinguished of them all was the Duchess of Sutherland, who "enjoyed" its "hospitality" in 1883. Her Grace "served" six weeks, living meanwhile in a "cell" bowered in choicest exotics, and faring sumptuously every day on a succession of dainty dishes sent in from Mr. Beale's well-known establishment in the Holloway Road.

Her "crime" consisted in tearing up, in an easily understandable fit of feminine pique, a legal document to which she had been given access by the judge of the Probate Court.

Another famous lady prisoner at Holloway was Mrs. Weldon, who was confined there in 1885 for libel. She made herself a general favorite, and wardresses and officials used to silently gather outside her cell at night, contrary, of course, to all regulations, in order to listen to her rendering, in her sweet soprano voice, of dainty operatic morsels.

These are but two. There are many, many others. Here was shut up for safety Mrs. Carey, wife of the notorious Irish informer, while the Invincibles, who knew she had been smuggled across to London, were searching high and low for her.

About the same time, too, there was confined there for a brief spell a mysterious foreign lady, about whom all the higher officials professed profound ignorance, although they treated her with the greatest deference. She was registered under the name of Mary Smith, though she could not speak a word of English, and after a short incarceration was released by special order of the Home Office.

Any Shirt is more comfortable than any ordinary shirt.

One reason is the care we take to fit the neckband properly.

Shaped to support the collar without riding on the throat or shoulder muscles — true to size exactly — buttonholes accurately placed — doubly sewn to stand wear and laundry-racking.

Every Shirt is made thruout with the same idea — to give you most for the money when you

## A RHEUMATIC WRECK

### After Hospital Treatment Failed Dr. Williams' Pink Pills Cured Him

"I suffered the greatest agony from rheumatism. Leading physicians prescribed many medicines, but with unsatisfactory results. I was compelled to go to an hospital, but even the treatment there failed. Then I took Dr. William's Pink Pills and to-day I am a well man."

These words were spoken by Clifford L. Forbes when interviewed at his home in Port Maitland, N.S. Mr. Forbes is a fisherman and had always been very healthy, until some three years ago while fishing off Newfoundland he was seized with a very severe attack of rheumatism. In his own words he says: "I was fishing on the Grand Banks in the spring of 1903 when I was stricken with rheumatism. I could not work or sleep, and the pain was almost unbearable. My case became so serious that I had to be landed and for weeks I lay in a Cape Breton hospital as helpless as a cripple. The hospital doctors prescribed different remedies, but they did not cure me. I then left the hospital and was taken home with rheumatism apparently completely fastened upon me. Day and night I suffered. Nothing I did for the trouble seemed to help me and I became despondent and downhearted. Then a friend advised me to try Dr. Williams' Pink Pills. I was skeptical, but my friend praised the pills so highly that I determined to try them, with the result you see to-day. I am fully cured and have not since had even a twinge of that dreaded affliction. I cannot say too much in favour of Dr. Williams' Pink Pills and I urge all rheumatic sufferers to try them."

Dr. Williams' Pink Pills cured Mr. Forbes because they struck straight at the root and cause of his crippling rheumatism. They don't act on the mere symptoms like ordinary medicine. They do only one thing, but they do it well—they actually make new blood. In that way they root out all common blood diseases like anaemia, headaches and backaches, rheumatism, sciatica, neuralgia, and the secret ailments of girls and women who suffer unspeakably when the rihness and regularity of their blood becomes disturbed. Dr. Williams' Pink Pills are sold by all dealers in medicine, or sent by mail at 50 cents a box or six boxes for $2.50 by writing The Dr. Williams' Medicine Company, Brockville, Ont.

## STRATHCONA TO-DAY.

### Veteran Canadian Railway Builder Called "Uncle Donald" By King

At half-past nine o'clock on the morning of November 7, 1885, at Craigellachie, British Columbia, an old man whose hair was snowy white, drove a golden spike into the cedar tie upon which the rails met from east and west.

The man was Donald Smith. The spike completed the Canadian Pacific. In the terrible five years of its building, from 1880 to 1885, he had changed from a strong, black-bearded, sturdy man to a white-haired veteran.

In the year following Mr. Smith was rewarded for his services with knighthood in the Order of St. Michael and St. George. His cousin Mr. Stephen, had already been recognized with a baronetcy, and both had been immortalized in the names of two of the greatest mountains of the Canadian Rockies, Mount Donald and Mount Stephen.

**Has Scarcely Altered.**

Since the completion of the Canadian Pacific Railway, Lord Strathcona's appearance has scarcely altered. At the age of eighty-four, says a writer in The World's Work, his eyes are as clear as they were thirty years ago. His form is slightly bent with age, but he still walks with firm and steady step. He talks freely and brightly on the topics of the day, though never committing himself on matters of state, and he always makes his visitor feel at ease from the moment he begins conversation to the time when he bids him a cheery "Good-by."

It is this sense of persistent kindliness that has won for him such a host of friends. Once you have experienced it you can well understand why the King and the Queen of England dispense with all formality where he is concerned—why they call him "Uncle Donald." You feel that he is "Uncle Donald" to you and to all people who come within the circle of his friendship. This characteristic sums up the man as he is to-day.

**A Valued Souvenir.**

There is one little feature which [illegible] about it, but which

Keep Your Liver

working. It's a lazy organ and needs to be stimulated occasionally, or it shirks its function. That coated tongue, sallow complexion, sick headache and pain under the shoulder blade are caused by an indolent liver. Liven it up by taking a short course of

Beecham's Pills

Sold Everywhere. In boxes 25 cents.

a visitor to Lord Strathcona cannot but notice. When indoors he always wears a little brown hat of silk, daintily crocheted, on the top of his head, to cover the place where the once abundant hair has disappeared.

Why he wears this little cap nobody seems to know, but there must be some reason of no ordinary nature, for it gives him a great deal of trouble, slipping over his head whenever he turns with a quick movement, as he often does when engaged in a conversation which interests him. He always balances it again carefully.

It may be some gift of the olden days, some memento of a faithful Indian friend during his long and lonely sojourn in the Canadian wilds, or it may be the work of his wife's hands. Certain it is that some interesting history attaches to it, and that Lord Strathcona sets a high value on he little square of worked silk.

Lord Strathcona sits close by his visitor, and sometimes lays his hand on your knee with a gesture of paternal friendliness. At other times he will lean back with folded arms, his bright, deep-set keen eyes twinkling with a merry light. The bushy, overarching white eyebrows but add to the kindliness of the man's whole countenance.

**A Hudson Bay Route.**

The Hudson Bay route as one of the great channels of the world's freight traffic is a possibility suggested by A. P. Low, the director of the Geological Survey of Canada, who has recently made an expedition through that region. The success of the western Canadian wheat fields depends, says Bradstreet's, on cheap transportation, preferably by water. The further population penetrates into upper Saskatchewan and Alberta the longer the rail hauls and consequently the slower its development.

All that is needed to open Hudson Bay to commercial uses is a line of rails to carry freight to one of its ports. At present the Hudson Bay Company and the Revillon Fur Company have ships that make its small trading ports a few times a year. On the score of distances this Hudson Bay route has much to offer. Regina, the capital of Saskatchewan and an important town on the Canadian Pacific Railway is just as near Churchill on Hudson Bay, the point proposed for a port, as it is to Fort William on Lake Superior, and a thousand miles shorter than the distance from Regina to Montreal at the head of sea navigation on the St. Lawrence.

The distance from Churchill to Liverpool is almost the same as that from Montreal to Liverpool. Hence there is a saving of distance of one thousand miles of rail or water carriage in favor of this northern route. Automobiling, it is said, has quickened the market for furs and made the quest of them even more zealous than usual this year. The whale fishery also supports two ships in Hudson Bay. Flour for use of dwellers at the ports on this waterway now reaches them from Winnipeg by way of Liverpool, but if steel rails were thrown across the plains to Churchill, it would open a direct trade route to the world. Large areas of wood pulp and merchantable spruce would be tapped; iron ores and copper bearing rocks have also been found in various places, besides a valuable mica mine.

The Outlook, one of the leading weeklies of London, largely read in Great Britain, says in a recent issue

"One could have better spared any educational buildings in the world than the part of McGill University burned down by two successive fires They were to scientific education what the Hospital for Sick Children in Toronto is to surgery. They were erected by the beneficence of men to whom both Canada and the Empire owe much, and in their equipment the minutiae of the best schools in America and Europe were studied. Oxford has long been sighing for the opportunity to equip herself with such an instrument of scientific teaching, but we have no such generous patrons in the older countries, and our Government does not take their place. It will take £150,000 or so to repair the loss, and though Montreal is rapidly becoming a city of millionaires, their utmost beneficence will hardly re-create the sentiment belonging to the physics, mining, engineering and chemistry schools lately given by eminent citizens. In this respect the fire—which it is thought was the work of an incendiary—is irreparable."

## NEW PRESIDENT APPOINTED.

### Dr. Falconer to Be Head of Toronto University.

The selection recently by the Board of Governor of Dr. Robert A. Falconer of Halifax for the position of president of the University of Toronto is an event of great importance to the whole educational world of Canada. The post has lacked a permanent appointment for several months, since the resignation and retirement of President Loudon, who had filled it for many years. During the interim Principal Hutton of University College has been acting president, a duty which he undertook on the understanding that he was not to be considered a candidate for the position of president.

Dr. Falconer was born in Prince Edward Island 40 years ago and educated first at Queen's Royal College, Trinidad, where he spent several years of his youth, and later in London, Leipzig, Berlin and Mareburg. After completing his studies in Britain and Germany, Mr. Falconer returned to Nova Scotia, and in 1892 he was lecturer in Greek exegetics in the Presbyterian College, Halifax. A few years later on the retirement of Principal Pollok he became head of the college, in which position he has remained ever since.

Dr. Falconer's scholarship and sympathies are said to be of the broadest character. He has an unusual capacity for work and possesses the personal qualities which make for leadership. His appointment has been received with unmixed satisfaction in Toronto, a fact due not only to his record as a teacher and administrator, but also because so eminent a Canadian could be secured for the position.

**Canadian Rational Sunday League.**

The manifesto of this league started in Toronto, has just been issued. Major W. H. Orchard is chairman, and J. Enoch Thompson secretary. The circular says: "The formation of this league has been forced upon us by the tyrannical Sunday laws recently enacted at Ottawa. This legislation was secured by professional agitators in the name of religion, and under sanction of this iniquitous law a religious persecution has commenced. Those who do not agree with the Lord's Day Alliance are to be converted to their views by fines and imprisonment. Like St. Paul before his conversion, who said. . . "and being exceeding mad against them I persecuted them even unto strange cities." How accurately this represents the attitude of the well paid agitators of the Lord's Day Alliance, who travel from one city to another, instituting legal proceedings, taking up collections and stirring up strife!

"True religion is honest and never aggressive and leaves everyone free to live his own life as his conscience dictates. The religion which requires police, fines and imprisonment to support it, that causes strife, hatred and malice, is not the Christian religion. We are unworthy the names of free men if we submit to these tyrannical laws.

"The objects of this league are to secure—The right to buy and sell refreshments on Sunday, intoxicating liquors excepted; the right to have popular lectures or similar recreations on Sunday where an admission fee may be charged; the right to have music in the parks, to open museums, picture galleries and reading rooms on Sunday; that selling a postage stamp, cigar, tobacco, newspapers or magazines on Sunday shall not be considered a crime, making the vendor liable to a fine or imprisonment. This clause is not intended to authorize the opening of news or cigar stores, but simply to permit druggists, hotels, etc., which are always open to incidentally oblige the public if they wish without incurring penalties.

"We shall continue the agitation until these objects are obtained, and invite the co-operation of all men and women who love freedom and hate injustice and oppression."

**Ore From Cobalt.**

Though it is still early to make any estimate of the amount of ore likely to be sent from the Cobalt camp this year, an authority on such subjects said that it would not run under ten million dollars in value. Neither did he think the value would go over fifteen millions. There is some talk of having a spur line of railway to connect with the Portage Bay district. It is claimed that a good route may be obtained by having a junction point a little north of Latchford and then run the line up through a valley where there will be little or no grade. Doubtless this proposed line will be numbered among the preliminary surveys to be made by the T. & N. O. commission this year.

**The Happy Family.**

Mrs. Scrappington (in the midst of her reading)—Here is an item which says that full grown rhinoceroses cost $12,000 apiece. Mr. Scrappington (meanly)—Eh-yah! And isn't it a pity that women can't wear them on their hats?—Smart Set.

Grippe or Influenza, whichever you like to call it, is one of the most weakening diseases known.

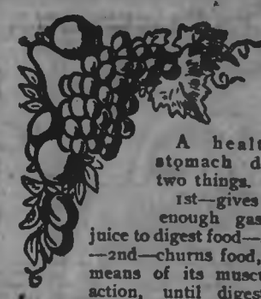
*Scott's Emulsion*, which is Cod Liver Oil and Hypophosphites in easily digested form, is the greatest strength-builder known to medical science.

It is so easily digested that it sinks into the system, making new blood and new fat, and strengthening nerves and muscles.

Use *Scott's Emulsion* after Influenza.

*Invaluable for Coughs and Colds.*

ALL DRUGGISTS; 50c. AND $1.00.



A Proven Cure For Indigestion

A healthy stomach does two things.

1st—gives up enough gastric juice to digest food—and

—2nd—churns food, by means of its muscular action, until digestive juice and food are thoroughly mixed.

An unhealthy stomach is either too weak to properly churn the food or it does not give up enough gastric juice to make digestion complete.

Then you have Indigestion—Heartburn—Distress after Eating—Sour Stomach—Headaches—and finally chronic Dyspepsia.

"Fruit-a-tives" cure Indigestion and Dyspepsia because they give you a healthy stomach.

"Fruit-a-tives" actually strengthen the muscles of the stomach—increase the power of the churning movement—and also enable the stomach to excrete sufficient gastric juice to completely digest every meal.

*Thousands have been cured of Indigestion and Dyspepsia by "Fruit-a-tives" alone.*

"Fruit-a-tives" also cure the Constipation and Biliousness with which so many Dyspeptics suffer.

"Fruit-a-tives" are intensified fruit juices, combined with tonics and antiseptics—and are an infallible cure for all Stomach Troubles. Try them. 50c. a box—6 for $2.50. At all dealers or from Fruit-a-tives Limited, Ottawa.

Fruit-a-tives

## SYNOPSIS OF CANADIAN NORTH-WEST

### HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing shold be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

## Synopsis Of Canadian North-West

### HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act, as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

## Department of Railways and Canals, Canada

### Trent Canal

### Holland River Division

SECTION NO 2.

### NOTICE TO CONTRACTORS

Sealed tenders addressed to Alex. J. Grant, Superintending Engineer, Trent Canal, Peterborough, and endorsed, "Tender for Trent Canal," will be received until 16 o'clock on Wednesday, the 29th May, 1907, for the works connected with the construction of Section No. 2, Holland River Division of the Canal.

Plans and specifications of the work can be seen on and after this date at the office of the Chief Engineer of the Department of Railways and Canals, Ottawa, at the office of the Superintending Engineer, Trent Canal, Peterborough, Ont., and at the office of A. T. Kerr, Division Engineer, Newmarket, Ont., at which places forms of tender may be obtained.

The lowest or any tender not necessarily accepted.

By order
L. K. JONES,
Secretary,
Department of Railways and Canals,
Ottawa, 7th May 1907.

Newspapers inserting this advertisement without authority from the Department will not be paid for it. 5d1t2

## FREE TO YOU—MY SISTER

FREE TO YOU AND EVERY SISTER SUFFERING FROM WOMEN'S AILMENTS.

I am a woman.
I know woman's sufferings.
I have found the cure.

I will mail, free of any charge, my home treatment with full instructions to any sufferer from women's ailments. I want to tell all women about this cure—you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhœa or Whites, Shortness, Discontinuance or Pulling of the Womb, Prolapse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths, also pains in the head; back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weaknesses peculiar to our sex.

I want to send you a complete 10 days' treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you should wish to continue, it will cost you only about 10 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer, if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all, old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhœa, Green Sickness and Painful or Irregular Menstruation in Young Ladies. Pimpleness and health always result from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all woman's diseases and makes women well, strong, plump and robust. Just send me your address, and the free ten days' treatment is yours, also the book. Write to-day, as you may not see this offer again. Address:

MRS. M. SUMMERS, Box H. 61 - - - - WINDSOR, Ont.

## STAGE FRIGHT.

**The Way Henry Miller Rendered a Well Studied Line.**

In Toronto, almost my first appearance on the stage, I was cast for the Earl of Shrewsbury in "Amy Robsart." The title sounded imposing, and I felt quite important, although I had but a single line to speak. In answer to Queen Elizabeth's command, "I charge thee, my Lord of Shrewsbury, arrest that man," I was called upon to reply, "Whom does your grace mean?"

My perturbation over that line was probably more serious than anything in my subsequent career. What emphasis to give, what intonation to use, what manner to assume, gave me greater concern than I felt later over an interpretation of Hamlet. I repeated the line a thousand times, stressing first one word and then another, using this inflection and that, and getting into it every grade and shade of meaning. With what result? So far as I could learn afterward, I did not speak it at all on the opening night. The leader of the orchestra was the first person I broached ou the subject.

"How did I speak my line?" I asked him after the play, longing for the encouragement none had vouchsafed to volunteer.

"I didn't hear you say anything at all," was his disheartening rejoinder. And neither did any one else whom I could discover.—Henry Miller in Bohemian.

## MISTAKEN OCCUPATIONS.

**Do Not Continue In a Pursuit For Which You Are Not Fitted.**

There is, in these alert days of competition, of quick opening and closing of places where bread may be earned and a path in which to go forward secured, no time for doing anything that one can't or that is of no moment when accomplished. Know for a certainty that never half the harm has come from a firm and dignified refusal to enter upon or to continue in a pursuit not fitted to one as from engaging in such pursuits. What loss the world would have sustained had Handel consented to become a lawyer, Turner to remain a barber, Claude Lorraine a pastry cook, Schiller a surgeon, Pascal a teacher of dead languages, as was intended by relatives. But, great as would have been the loss to the world, the loss to these men themselves would have been far greater.

Doubtless thousands of crimes which have ruined an incalculable number of lives could be traced to mistaken occupations. Joy and delight in one's work mean progress, and progress and its result and satisfaction mean a nobler life than stagnation and partial or entire failure could fashion. Doing the thing one can is working for morality and toward perfection on all the planes of life, physical, mental, spiritual.—Lida A. Churchill in the Delineator.

**"Flirting" With Brook Trout.**

If the farmer boy is more successful in his catch than the city fisherman it is because he realizes the advantage of keeping out of sight. Of course the supposition is that other conditions are equal. Familiarity with a stream often has much to do with the size of the string. Trout especially love to hide under wooden bridges, water soaked logs, branches, etc. They seem to realize that safety is found in such places. When the current will not take the worm to these spots one must resort to "flirting." This is done by holding the hook in the left hand and bending the pole until the tension is sufficient to throw the worm over the spot. Considerable practice is necessary to make the bait land exactly where it is wanted, but "flirting" is an art well worth acquiring.—Circle.

**Valorous.**

An old time lord mayor of London whose sporting experience was limited rode forth one day to join the city hunt in the fields about Marylebone. Placed by his escort under a tree, his lordship heard the hounds give tongue in the distance, and the sounds grew louder and louder till one of the city scouts shouted out, "The hare comes this way, my lord." The lord mayor rose to the occasion, and, drawing his sword, he exclaimed heroically: "Let him come! I thank my God I fear him not!"—Household Words.

**A Display of Tact.**

"Pa, what's tact?"

"I'll tell you. If Mr. Dullwich, our minister, should some day announce that he would resign unless we raised his salary he would not show tact, but if he hinted that he intended to remain here and preach to us all his life unless we gave him a raise he would exhibit tact in the highest degree. I hope you understand."

## FRENCH RED TAPE.

**A Professor, His Lobsters and Some Casks of Sea Water.**

Last year a professor in one of the Paris universities resolved to study the habits of lobsters in his laboratory. As they live in salt water, the first care of the professor was, of course, to procure a supply of this medium. The common mortal will probably consider it a most simple task—to provide a few barrels of sea water. This, however, is not so in France. Sea water contains salt, and the production of salt is a source of revenue. This made it necessary for the professor to first obtain the permission of the minister of finance before he could travel and transport the water. When his application reached the ministry, a subordinate official was directed to inquire into the standing of the petitioner. This involved considerable correspondence, which passed through numerous channels and finally reached the chief of the department, who now initiated another investigation in order to ascertain why a Parisian professor should be so anxious to lower the level of the Atlantic ocean. After several weeks the inspector made favorable report. Some days later the petitioner was notified of the favorable consideration of his request in the usual elaborate official language, accompanied by circulars giving extracts from the penal code relative to infringements of the salt monopoly.

Finally, after months of waiting, the professor was enabled to have some casks filled with salt water at a designated point on the seashore, of course under the supervision of another official, who duly issued a permit for the transportation of the liquid into the interior.

## COSTLY RAZORS.

**Some Gold Handled That Sell For $50. Handles of Silver and of Ivory.**

If a man were content to shave himself with a razor having a hard rubber handle, as indeed most men are, he could buy one with a blade of very excellent quality for a dollar, but there are razors far more expensive than this.

Thus there are sold razors with handles of 18 carat gold and of plain smooth finish that bring $50 each. A pair of such razors in a plain silver box can be bought for a hundred dollars.

But $50 is not the limit of what one may pay for a gold handled razor. If the handle were elaborately chased its cost might mount up to twice that, or $200 for a pair.

There are also sold, among those more expensive, silver handled razors which range in price from $6.50 to $30 each, $6.50 being the price for one with a plain silver handle, while those more costly have their handles more or less elaborately chased or carved.

A man who did not altogether like a hard rubber handled razor might find his fancy suited with one having a handle of ivory, and an ivory handled razor need not necessarily be expensive. A razor with a plain ivory handle can be bought for $2. Of course any carving would add to the cost.

Costly razors are usually sold for gifts.

**The Age of Marriage.**

The age of legal capacity to marry in England is much lower than in Italy.

DODD'S KIDNEY PILLS
FOR ALL KIDNEY DISEASES
CURES RHEUMATISM
BRIGHT'S DISEASE
DIABETES BACKACHE

The English law has adopted in this respect a law of Roman and even Athenian origin, by which the ages of fourteen and twelve were fixed as the marriageable ages of males and females, respectively. In Italy the age is fixed by the civil code at eighteen and fifteen. Formerly the age of spousals in England was as low as seven for both sexes, but such marriage was not considered perfect, for the parties might disagree to it when they arrived at the mature age of twelve or fourteen.

**Poets' Themes.**

The cynics of our time have whitewashed many of the vices. Poets like the earlier Swinburne practically praised lust as an expression of the love of life. Poets like Mr. Rudyard Kipling practically praised cruelty as an expression of the love of life. Poets like Mr. Henley and Mr. John Davidson have practically praised drunkenness, or violence, or obscenity as expressions of the love of life.—G. K. Chesterton in London News.

**Deaf Dogs Are Rare.**

People have been known to excuse watch dogs for dereliction of duty on the ground that the dogs might be hard of hearing. This excuse ought not to go. A veterinary surgeon of Cleveland remarked that in his thirty-five years' experience he had never heard of a deaf dog. His remark led to inquiries among two or three other veterinaries and not one had ever heard of a dog that couldn't hear. When a watch dog or any other dog doesn't hear a man that is prowling about the house it is because it doesn't want to hear. Horses are frequently treated by veterinaries for deafness, and even cats are hard of hearing occasionally, but deaf dogs seem to be unknown in Cleveland at least.—Cleveland Plain Dealer.

**A Surprise, All Right.**

"My husband has promised to allow me to choose what I want for my birthday."

"Oh, then there will be no surprises this year."

"Yes, there will. He will be surpriced enough when he gets the bill."

**Better Than Dying.**

Teacher—Now, children, remember the text, "Eat, drink and be merry, for tomorrow you die." Pupil—Please, teacher, in our family we don't. We all take castor oil next day.—Life.

**A Helping Hand.**

Rich Old Uncle—And remember, dear, that when I die all that I have goes to you. Niece—Thank you, uncle. Do let me give you more mince pie.—Harper's Weekly.

## BIRD SUPERSTITIONS.

**Queer Beliefs That Were Held by the Ancient Mariners.**

Birds as inhabitants of the air were naturally chosen by the ancients as oracles and augurs of future happenings. The sensitiveness to atmospheric changes shown by many birds aided in establishing these notions. The real indications often furnished by sea birds of a coming storm of calm were doubtless magnified by the anxious, superstitious sailor.

The custom of hanging the sea swallow so that the bill may point to the wind arose from the old time custom of suspending the bird by the feet, expecting it would renew its feathers as if alive.

Divination by the flight of birds was a favorite method in the olden times. Sailors watched their flight for indications of prosperous voyages and favoring winds. As they were thought to fly through the air to heaven, they easily became messengers of the will of the gods.

The albatross is believed by Jack tar to sleep on the winds. It was at one time thought that the petrel hatched its eggs under its wings.

The kingfisher was at one time kept in chests to keep away moths.

The fishhawk was esteemed a bringer of good luck; it boded good or evil as its cry was to the right or left.

There was an old superstition that gulls were never seen bleeding. Shooting stars were then supposed to be the half digested food of winter gulls.

## CLEOPATRA.

**The Story of Her Death From the Bite of an Asp.**

It is admitted that Cleopatra killed herself to avoid being exhibited at Rome in the triumph of Octavius, who had made war upon her and Antony because the latter had divorced his (Octavius') sister on the queen's account. But did she die from a snake's bite? It is better to think not. "If her death had been caused by any serpent, the small viper would rather have been chosen than the large asp, but the story is disproved by her having decked herself in the royal ornaments and being found dead without any marks or suspicion of poison on her body."

Death from a serpent's bite could not have been mistaken, and her vanity would not have allowed her to choose one which would have disfigured her in so frightful a manner.

Other poisons were well understood and easy of access, and no boy would have ventured to carry an asp in a basket of figs, some of which he even offered to the guards as he passed, and even Plutarch shows that the story of the asp was doubtful. Nor is the statue carried in Augustus' triumph, which had an asp upon it, any proof of his belief in it, since the snake was the emblem of Egyptian royalty. The statue (or the crown) of Cleopatra could not have been without one, and this was probably the origin of the whole story.

**His Smile.**

Old Hunks (sitting for his photograph)—What are you asking me to look pleasant for? Blame it, ain't I smiling? Photographer—Yes, sir; that's why I am asking you to try to look pleasant.—Chicago Tribune.

We are best of all led to men's principles by what they do.—Butler.

# BE BRIGHT—WELL—STRONG
# BUILD UP WITH FERROZONE

**Ferrozone Adds Vigor and Strength to the System, Purifies and Enriches the Blood, Vitalizes the Nerves and Assures Permanent Good Health.**

Let your fight for health begin now, before you feel any warning of physical collapse.

Your whole system needs a thorough cleansing. Likewise, the blood should be purified, made rich and nutritious.

The one cure for that tired, drooping feeling is Ferrozone, the acknowledged king of all tonic medicines.

To restore your appetite you need Ferrozone, certainly you do.

You need it to restore your nerves and to enrich your depleted blood.

The strongest reason why you need Ferrozone is because it will build up your run-down system and make you well.

It's because we know Ferrozone is absolutely certain to cure that we urge everyone in poor health to use it. If depressed, tired, nervous, sleepless, Ferrozone will make you cheery, bright and happy, because it will make you well.

**FERROZONE**
**A Good Appetizer.**

MR. AUBREY E. TEMPLEMAN, of Mechias, writes: "I have found the greatest satisfaction in using Ferrozone, and consider it is the best tonic made. I was all run down a few months ago, and in a very miserable state of health. I took a few boxes of Ferrozone, and was surprised at the result. Ferrozone drove away that dull, heavy feeling, and put my system in splendid order. I am never nervous or sleepless, and have a hearty appetite. This is all due to Ferrozone, which I recommend in the strongest way possible."

**FERROZONE**
**Gives Real Vigor.**

MRS. NORMAN MACADAM, of Bridgeport, writes: "I am in good health to-day as the result of Ferrozone. Before using Ferrozone I was tired and miserable, lacked energy and ambition. But Ferrozone altered all that. It has built up my system, and given me more real vigor than I ever had before. Ferrozone is a good tonic."

**Ferrozone Makes the Weak Strong—the Sick Well.**

Ferrozone is sold only in 50c boxes, containing 50 Ferrozone Tablets. Six boxes for $2.50. At all dealers or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

**The best part of a Grocery Store**

—to most folk—is the part where Mooney's Perfection Cream Sodas are stocked.

This is the part where clerks are busiest—and the most people come.

It seems as if EVERYBODY is eating these delightfully crisp, appetizing biscuits. 97

*The only firm in Canada operating Private Freight Cars.*

## TWO NEW HOME HINTS

### Conventional Carnation Design For an Artistic Bag.

### REVIVAL IN WORSTED WORK.

**Pleasing Scheme of Applying Stripe of Drawn Thread Work to Cushion Covers and Other Things—How the Work May Be Done.**

Those who like doing rather a coarse style of needlework will find the design of conventional carnations here illustrated very useful. It is designed for worsted work, the revival of which is so popular now, and might be done on a well woven, rather coarse holland. For the darkest parts black or very dark brown should be used, and the medium tones should be kept strictly as medium tones, only there might be

DESIGN FOR A BAG.

differences in color. For instance, the shaded part on the stalks, calyxes and leaves could be worked in a green, that on the flowers and buds in red and blue—not that one has heard of a blue carnation, but the design is quite conventional. The stitching on these parts might be "long and short," keeping a fairly straight edge. The black or dark brown should be in crewel stitch and the inclosed light spaces left plain. The border must have the same coloring as the flowers. A stiff mount is necessary for work of this style. The surrounding cord should repeat the medium toned colors.

One of the illustrations shows a capital idea for applying strips of drawn thread work to cushion covers, table centers, etc., so that they are easily detachable, and the ribbons run through them can be changed as often as may be wished. The strips are cut twice the width of the drawn thread design, which is worked so as to leave the same amount of plain linen above and below it. The plain edges are turned down and run together at the back of the work, thus forming a tubular strip through which the colored ribbon is run. The width, of course, varies according to the object it is intended to ornament. Odd strips of linen, so often left over from other work, can be utilized in this way, and they may be either white or colored, while strips of white linen can be applied to a colored ground, and vice versa, or the background and its ornamentation may be made to match. The chief advantage of this

GARNITURE FOR CUSHION COVER.

device is the ease with which the ribbon can be changed, so that any color can be used in order to harmonize with any scheme of decoration. Another recommendation is the simplicity with which the linen strips can be washed, as they need be only very lightly joined together at the back and thus easily undone. If further ornamentation should be desired, a wider margin could be left on each side of the drawn work and this margin featherstitched.

The strips can be arranged in various ways. They might be placed diagonally on the cushion square to form a lozenge or to cross at the corners after the manner of the old Oxford frame. In the latter case a feature could be made of the crossing (in the drawn thread pattern). They could be adapted to a circular background by using three strips only in triangle form. An open design should be used for the drawn thread, so as to show the ribbon underneath.

### DRUGGING CHILDREN

All so-called "soothing" syrups and most of the powders advertised to cure childhood ailments contain poisonous opiates and an overdose may kill the child. When the mother uses Baby's Own Tablets she has the guarantee of government analyst that this medicine contains no opiate or narcotic. They can be given with absolute safety to a new born babe. They cure indigestion, constipation, colic, diarrhoea and the other minor ailments of children. Mrs. G. Collins, Birkella, Man., says: "Baby's Own Tablets are the most satisfactory medicine that I have ever used for the minor ailments of children. I always keep the Tablets in the house." Sold by medicine dealers, or by mail, at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

### The Care of Flatirons.

Many people have been annoyed at finding their irons quite rusty after they have been put away a few days. The way to prevent this happening is, before you put them away, to rub a little warm grease over them and then wrap them up in brown paper. When you take them out to use, dip them into hot water that has had a small piece of soda dissolved in it, rub dry and then put them to heat in the usual way. When they are ready to be used on the ironing board, have a piece of brown paper with a little powdered bath brick on it and rub the surface of your iron with this. It seems rather a lengthy process, but it really does not take long to do, and housewives will be rewarded for the trouble they have taken by finding the irons delightfully smooth and easy to use, and when they are like this the ironing can be done twice as quickly.

## IN FASHION'S REALM.

### Blouses In Colors and Stripes Are to Be Popular.

### FRONT FRILLS AND RUFFLES.

**They Are Very Smart, but May Be Dispensed With If Not Becoming. Gown of Brown and Tan Checkered Voile—New Hats.**

There is just a chance this spring of the plain white shirt waist having to forfeit some of its popularity, for colored and striped blouses in both silks and wash materials are already seen at the most fashionable establishments.

Dark silk bodices to match the shade of the skirt are always more or less in vogue, but with some colors as black and dark gray, if the waist is the same shade as the skirt, the effect is too somber and like mourning, and yet a white blouse with a dark skirt is not especially smart, so that a little color in the bodice which can be also carried out in the hat looks most attractive.

A JAUNTY SHAPE IN STRAW.

As yet the colored and striped wash waists are made very simply, buttoning generally in front, with stiff linen collar and cuffs much on the regulation tailor made model that is always becoming, particularly to any one who requires a well fitted bodice.

The overelaborate lingerie blouses do not allow of being too carefully fitted and look much more suitable to young girls and all slight figures than when a tight boned and fitted silk lining is necessary. A tailor made waist can be of material sufficiently heavy to be well fitted to the figure and then tucked or plaited just enough to take away the very plain look of an inexpensive cloth. The frill or ruff down the center of the blouse is exceedingly smart at the moment, but can well be dispensed with if not becoming, jewel studs or even pretty pearl buttons being a sufficient finish.

A deep blue or old rose linen waist made simply with attached white collar and cuffs is extremely stylish with

A PRETTY SPRING SUIT.

a dark pepper and salt costume. The trimming on the walking hat may carry out the same color. White with just a narrow stripe of black is also attractive, and for light mourning a black cloth suit and a black and white striped waist are infinitely more effective than an all white bodice.

The plain blouses with their studs and separate collar and cuffs are unquestionably more complicated to carry out, but they are apt to look trim and fashionable much longer than the thin lingerie bodices, and, too, they give far more satisfactory wear.

A very pretty spring gown has a plaited skirt of brown and tan checkerboard voile. The short empire jacket is of plain brown cloth, with a neck emplecement of plaid, and the sleeves are of tan colored silk.

For the new hats colored straws abound in the loveliest shades, bright pinks and deep blues, especially cattier blue, and massed on them are flowers of corresponding tints. A lining of white straw on colored straws for serviceable hats is a new wrinkle, with the sole garniture a large taffeta bow or chou matching the straw.

### SUMMER FURNITURE.

**Novelties In Willowware Chiefly Designed For Verandas.**

The time for refurnishing the summer home or adding to its fitments is here again, and the assortment of novelties in cool, comfortable willowware seems unlimited, and willowware is essentially the furniture for summer, says the New York Tribune. It comes apparently in every shade from the daintiest lavender for the pretty guest room to beautiful greens for veranda use. A summer home could be fitted out almost completely with wicker novelties.

The favorite room in a certain country place is called the "siesta room." It is furnished entirely with soft brown willow furniture cushioned with tan linen. It has an inviting swing couch, hung before a deep French window on heavy iron chains painted brown. Among the other comfortable pieces of furniture are reading chairs, with wide arms and side pockets; low lounging chairs, with racks for glasses at the side; a luxurious East Indian couch and a high back settle. Odd little footstools and tables, a book rack and a lamp with a willow shade are among the other attractions of the room.

Brown is one of the best summer colors, particularly for verandas, as it does not fade or show the dust easily. Nothing is more attractive than a spacious veranda furnished completely in this color, with brown wicker furniture, tan cushions and brown and white jute rugs. With low easy chairs—single and double—a swinging couch with cushions galore, tables which will not blow over and magazine racks the happiness of the family is assured.

There are so many pretty things for summer homes that one wants them all. Appointments for the hall are particularly good—the two piece settle for the stairway nook, the hat strip with stained wooden pegs, the golf stick rack, a triangular affair, with a pocket for balls; the wicker mail box lined with leather and the little key cabinets.

For the living room and veranda there are various new pieces which the summer hostess should add to her establishment if it does not already possess them. A new work table with one deep center compartment and side pockets with covers is lined throughout with linen. Quaint English muffin racks, which are so handy for out of door serving; odd tables, light and portable, and a splendid selection of baskets are to be found in the shops. The baskets are as ornamental as they are useful, some of the high round ones being used effectively as jardinieres. Catch-alls for magazines, papers, pictures and fancy work are convenient accessories to any room. Paneled screens in unique styles, little smoking tables, drink tables and chafing dish cabinets are other convenient novelties.

An artistically shaped birdcage in brown, if not used for its original purpose, can be fitted with electric lights and hung on the veranda to give the appearance of a large wicker lantern.

For serving informal al fresco teas there is a little revolving two story tray affair which stands on the table proper.

A convenient porch equipment is a belfry made to stand all kinds of weather. This affair, resembling a grandfather's clock, should have its place in the porch corner to summon guests from the lawn or golf links to their meals.

### Dental Hints.

If you wish to have sound and pretty teeth, you should not only brush them three times a day, but after every meal and also use more than one toothbrush. You should have three of these. One should be rather hard, another should be moderately soft, while the third should be small and round, with a curve in the handle so as to get into every corner of the mouth, both behind and before the teeth.

The water that you use to wash your teeth with must be tepid and never quite cold, and you must rinse your mouth with the same. A drop or two of tincture of myrrh can be used in the rinsing.

The proper way to clean the teeth is to brush them from the gums to the crown of the tooth. In this way the particles of food that are lodged between the teeth will be dislodged. If the teeth are only brushed lengthwise, as is generally the case, the food, instead of being brushed out, will be more firmly lodged than ever.

### Some Good Nevers.

Never lean the back against anything that is cold.

Never begin a journey until after a good breakfast has been eaten.

Never fail to keep the back well covered, especially between the shoulder blades; also the chest well protected.

Never breathe with the mouth open in sleeping in a cold room, but establish a habit of breathing through the nose.

Never ride in an open carriage or near the open window of a train for a moment immediately after exercise of any kind. It is dangerous to health and even to life.

Never go from A warm atmosphere mild a cooler one without keeping the mouth closed, so that the air may be warmed in its passage through the nose before it reaches the lungs.

### FOR THE PARASOL.

**Bag In Which It May Be Placed When Not In Use.**

The mother who is wise is already looking round for the many things which will be required when the annual seaside holidays are to be real-

A PARASOL BAG.

ised. It is a good plan to put these articles on one side ready for use when the proper season arrives. One little article, which we illustrate here, will be found of considerable use, and it is so simply made that an hour will see the article complete. The bag, which, as will be seen, is for the reception of parasols, sticks, etc., may best be made out of stout crash or serge with a base of wash leather. A piece of strong ribbon will form a sling and the bow shown.

### A Case of Small Potatoes.

"It's dreadfully queer," said the housewife, "that the potatoes you bring should be so much bigger at the top of the sack than they are at the bottom."

"Mum," said the honest farmer, "it comes about this way: P'tatoes grow so fast that by the time I get a sack full the last ones is ever so much bigger than the fust ones."

# Malta-Vita

"The Perfect Food"

Same Big Package
Same High Quality

## Now 10 cts.

**Malta-Vita** "The Perfect Food," malt life, as its name implies, stands for that intense vitality that results from the daily use of a food skilfully prepared from the whole of the wheat, of which, after being cooked, each kernel has been subjected to the searching digestive action of the diastase and other enzymes of barley malt. This makes it a *"predigested"* food of highest nourishment value, which explains the remarkable results obtained in cases of nervous debility, deranged stomachs and constipation. Besides, it is the best food to eat.

"We have used several boxes of Malta-Vita and think it the finest food we have tried yet. Having used different kinds, we find Malta-Vita has a flavor which excels all others. We had almost despaired to find something our baby could eat without being distressed. He had, since birth, been a constant sufferer from constipation and a general derangement of the stomach and bowels. Since we began feeding him Malta-Vita he has improved wonderfully in health and is entirely cured of constipation. In fact, myself and husband realize a great benefit since using the food, as we have suffered from general debility. We find it gives life and tone to the entire system." Name given on request by Malta-Vita Pure Food Co.,

MALTA-VITA is a food with a "taste." It does not belong to the tasteless variety of "flaked foods" and too great credit cannot be claimed for Malta-Vita on account of the fact that it contains its own sweetening agent—maltose always being present in a proportion exceeding eight per cent and sometimes ten per cent. This is a healthy, digestible sugar, formed by the action of the malt diastase upon starch and it causes the stomach no inconvenience. This is not the case with flaked foods that are sweetened by cane sugar, beet sugar, maple sugar, boiled cider, glucose or grape sugar, as all these cause acidity in the stomach and are seriously injurious.

Corticelli
Band
Wash Silks
Corticelli
are used by artistic people everywhere.
Made from the best raw silk, dyed fast colour with Asiatic dyes in nearly 400 shades.

# The Piano Loved by Musicians

There are pianos, living on their past reputation. There are others that do not enjoy the same reputation in Canada that they are supposed to hold in other lands.

The New Scale Williams is no such piano. It is loved for itself.

The ravishing tone, in all its glorious sweetness, evenness and volume—the sensitive, sympathetic touch—the power and possibilities of this magnificent instrument—make it the delight of the artist, the proudest possession of the home.

The builders of the New Scale Williams make price the last consideration. It is solely a question of superiority at every stage of the work.

## The New Scale Williams Piano

is mechanically and architecturally perfect. Its creation from wood and metal is the work of master hands, directed by the deans of the art of piano building.

It is, beyond question, Canada's finest piano, and one of the world's masterpieces. It is the virtuoso's preference—the singer's greatest assistant—the choice of the teacher—the joy of the amateur.

Fill in the coupon below—take to your local dealer or send to us—and receive, absolutely free, several booklets issued by us—all beautifully illustrated and wonderfully interesting to anyone contemplating the purchase of a piano.

Our easy payment plan enables practically everyone to buy one of these superb instruments.

THE WILLIAMS PIANO CO. Limited, Oshawa, Ont.

Please send me, free of all cost, booklets descriptive of the New Scale Williams Piano and special easy payment offer.

# Old World Mail News Of The Week

INTERESTING ITEMS FROM ACROSS THE SEA.

## IRELAND

Alderman Thomas Holt, of Stoneholme Walshaw, Elton, Bury, Lanes, cotton manufacturer, left £95,183.

Prince Arthur of Connaught has joined the Royal Society of St. George, and has been elected an honourary vice-president.

The Prince of Wales laid the foundation stone of the new offices at Westminster of the Society for the Propagation of the Gospel.

Major-General de Hochepied, Larpent, a veteran of the Indian Mutiny, was buried with full military honours at Lexden Church, Colchester, recently.

Whilst Mr. Lewis William Reynolds, J.P., of Thelwell, near Warrington, was conversing with the stationmaster at Thelwell Station he fell down and died.

Mr. W. B. Luke, the Wilfesdden magistrate, finding the fine he imposed upon a labouring man exhausted his exchequer, gave him a shilling "for bread and cheese."

It was announced at Halesowen the other day that Viscountess Cobham had travelled 14,000 miles to fulfill her promise to lay the foundation stone of the new church of St. Margaret's at Hasbury.

It was stated at the inquest on an unknown man at Lambeth that there was found in his throat after death a piece of steak weighing an ounce and a half, and measuring three by one and a half inches.

Owing to disagreements among the members of the Ghent Rowing Club, the club will not this year defend its title as holder of the Henley Grand Challenge Cup. The cup will be returned to England.

The first contract for a tramway permanent way for Japan ever placed in Britain, has been secured, after keene competition, by Messrs Edgar Allen & Co., of Sheffield. Hitherto orders of this kind for Japan have been placed with American firms.

A man working on the roof of a hotel at Knighton, Radnorshire, passed through a trap-door in the ceiling of the attic, and in so doing discovered a tin box, which was found to contain an infant's body, wrapped in a newspaper dated 1889. It crumpled to dust on being touched.

A new method of bringing guilt home to dogs suspected of sheep worrying has been successfully adopted Burwash, Sussex. Mr. Jarvis had four sheep killed and several injured in one night. Dogs in the neighbourhood were given emetic, and one which vomited wool was promptly destroyed.

Bandmaster F. Ferguson, of the 1st King's Dragoon Guards, has been selected for the appointment of musical director of the bands of the Egyptian army. Besides the duties of superintending the work of the native bands, the holder of the appointment is honourary bandmaster to the Khedive.

The Beaconsfield Burial Board, which recently acquired a new cemetery, has received the following curious application: "Do you want any one for looking after the new cemetery and the digging of the graves? I will do everything in my power to make everybody comfortable and everybody satisfied."

Mr Leonard Gibbs, of Cuckfield, a well known sportsman, was obliged through ill-health to resign his position as school teacher, and the managers collected a sum of £150 for him. A few weeks ago £50 was handed to him. Within an hour after he had received the balance of £100 last week he died.

A bird was seen to fall in the yard of the works department at Deal Barracks, and proved to be a blue rock pigeon with an adder tightly coiled round it, and both were dead. The adder, which measured two feet, six inches, was twisted round the pigeon's neck and one wing, and the pigeon's beak gripped the snake's head.

A motor car belonging to a Liverpool merchant travelling from Stratford-on-Avon, when near Malpas, Cheshire, knocked down Miss Brassey, a relative of Lord Brassey, causing injuries which resulted in her death. It seems the lady sought to rescue a favourite dog from the approaching car, and though the driver slackened speed, she was caught by the mudguard.

The death has occurred at the age of 78 at Newcastle-under-Lyme, Staffordshire, of Sergeant-Major John Kelly. He was one of the defenders of Lucknow in 1857. Among the beseiged were his wife and two children. The children died from the privations of the siege. For services in the field Kelly had a number of medals and an annuity for distinguished service.

Mr James Carne, verger of the church of St. Columba, and parish clerk of St. Columb Minor, Cornwall, recently celebrated his 101st birthday. Three generations of the Carne family have held the same office for 167 years. Mr. Carne was a delicate youth. He is hale and active, and until seven years ago had no use for glasses. He detests tobacco, and makes only a glass of port as a tonic.

I understand, says a joker in one of the London weeklies, that in view of Mr. Asquith's budget proposals the millionaires of this country mean to form themselves into a sort of trade union and defence league. They will be able to insure against unemployment, and there will be a sick and burial fund. It is their intention also by means of simple literature—pamphlets and so on—setting forth the woes of millionairedom to appeal to the great heart of the public.

At an inquest at Watford on the body of Emma Mason, a widow, evidence showed that deceased strangled herself with a piece of tape after an ejectment order had been obtained against her. The summons and an empty purse were found on the table.

Sir Alexander Wilson, formerly Master Cutler of Sheffield, and chairman of Cammell, Laird & Co., one of the great Sheffield concerns, has just died, aged 70. Deceased was created a Baronet in 1897.

From the supplemental report of the County Licensing Committee for London, acting as the compensation authority, it appears that the total number of licenses recommended for extinction on payment of compensation in 1906 was 107. In 103 of this cases the parties interested had agreed to receive a total award of £226,216. In the four remaining cases the parties had not come to terms, and the matters were therefore sent to the Inland Revenue for decision.

Alderman E. W. Bowkett, of Birmingham, has died at Southsea, where he had been staying for the benefit of his health. He took a prominent part in politics, and was a member of the Management Committee of the Birmingham Liberal Unionist Association. He made the now famous loaves of bread which Mr. Chamberlain exhibited at Bingley Hall on the occasion of the great Tariff Reform demonstration. Ald. Bowkett was a magistrate, and about 70 years of age.

## SCOTLAND

The female turnkeys in Aberdeen Government hydropathic are now agitating for an eight hour day.

Lady Blythswood opened a new wing and other additions to the Samaritan Hospital, Glasgow, which has just been completed at a cost of 12,000 pounds.

All the families who are entitled to wear the Stewart tartan are to be admitted to the Clan Stewart Society, no matter what name they usually sign.

The death is announced of Rev. John MacRury, Skye, one of the most prominent ministers of the Church of Scotland in the West Highlands, and a noted Celtic scholar and authority.

Victoria Day, the 23rd of May, has been chosen as the day for the unveiling of the Sir Hector Macdonald national memorial at Dingwall. The Marquis of Tullibardine will perform the ceremony.

At the annual meeting of the Glasgow Choral and Orchestral Union it was reported that there was a deficit for the past year of £445, 4s, and 6d, which had been made good out of the reserve fund.

"I wonder if there will be any chance in heaven for a man like me," murmured Robert Mackay, a grant, and the Dumfriesshire police court orator, at Annan police court, when he was charged with begging. Provost Thompson — "Not, unless you change your manners."

The Rev. Donald MacLeod, D.D, of St. Columba's church, London, was married in Edinburgh recently to Caroline Manuel Potter, daughter of the late Mr. John Potter, of Dunayre, Tighnagbruaich, and 112 Fenchurch street, London. The wedding took place in St. Giles' cathedral.

The Historical Essay Prize founded by the Marquis of Lothian and open to the University of Oxford, has been gained by Mr. John Duncan Mackie, scholar, Jesus College, Oxford, and elder son of Mr. J. B. Mackie, of the Dunfermline Journal. The subject of the essay was Adrian IV.

At a meeting of the Presbytery of Arbroath an illuminated address was presented by the Presbytery to the Rev. James Chesar, Panbride, to mark the 60th year of his ordination as a minister of the Church of Scotland, of which period he has been 56 years a member of the Arbroath Presbytery.

At a presentation concert in the Greenhead Public Halls, Glasgow, Councillor Scott Gibson was presented with a cheque for 150 pounds subscribed by his admirers in Dalmarnock, as well as those among his former constituents in Woodside and Springburn. M. Angus Campbell presided and made the presentation.

Dumfries U. F. Presbytery recently passed a resolution congratulatulating the Rev. Mr. Andson, senior minister of Kirkmahoe, and the oldest clergyman in the south of Scotland, on the attainment of his 90th birthday. Mr. Andson is still able to go regularly about and is a frequent attender at the Presbytery.

A new history of the "Queen's Own Cameron Highlanders," is about to be written and Capt. Craig Brown, Cameron Highlanders, Dublin, will be pleased to have any information bearing upon the family of Sir Alan Cameron of Erracht, who raised the regiment, or on any other matters connected with the uniform, etc., etc., of the old 79th Regiment.

Dr. John McDougall, Greenock, died suddenly the other day. Dr. McDougall, who was aboit 65 years of age, was licensed in 1863. He was a highly esteemed medical practitioner and a fine type of citizen, widely respected. For over 20 years he acted with marked ability as police surgeon, and at one time was similarly connected with the Parochial Board.

An enthusiastic advocate of the back-to-the-land movement has had his ardour damped somewhat by learning that leeks are at present being sold in wholesale quantities in Glasgow at 4d per dozen bunches. As each bunch contains 13, this is at the rate of 39 for a penny, so that a man must grow the enormous number of 9,360 leeks before they fetch £1.

While cycling down a steep incline at Branxton, in the Cockburnspath district, Dr. Hunter, a well-known practitioner in the western portion of Berwickshire, was thrown heavily from his wheel by a rat which stanned to cross the road at the time. He sustained a severe cut in the leg besides some nasty bruises in the face, but after a time was able to continue his journey.

## ENGLAND

While three youths were rowing ashore on Thursday at Greencastle, Co. Down, their boat was over-turned, and one of them, named Geo. Benill, was downedr.

It is practically settled that the King will visit Ireland in the course of the summer. The visit will not be formal and official, and therefore he will not be the guest of the Lord Lieutenant.

The Very Rev. Dr. Griffith, rector of Ennis, has died after a prolonged illness. He had reached a good age, having been ordained so far back as 1851. He was rector of Ennis since 1883, and was Diocesan Treasurer in 1901.

At the meeting of the North Dublin District Council, a resolution was passed asking the Local Government Board to lodge a sum of money in the Bank of Ireland to the credit of the council in order that a large scheme of labourers' cottages might be put in hands immediately.

At Cushendall, Antrim, Chas. Delargy and Alexander Delargy, jr., were committed for trial charged with the murder of James McAuley at Altmore on Sunday, April 14. It was alleged that there had been a quarrel between the two families and that deceased was struck on the head with a coal hammer.

A marriage has been arranged between Hugh Fraser Malcolmson, of Loughlinstown, County Meath, second youngest son of Mrs. Malcolmson of Woodloch, County Waterford, and of the late George P. Malcolmson, and Muriel Georgina (Babs), youngest daughter of Gustavus Villiers Briscoe and Mrs. Briscoe, of Ballinter, County Meath.

Owing to an outbreak of spotted fever in Victoria Military Barracks, Belfast, the troops stationed there have, as a precautionary measure, been ordered to proceed immediately to Ballykinlar encampment, County Down. It appears that a private quartered in the barracks has been stricken with disease, while a second man is stated to have died.

Acting under a writ levari facias, dated April 23, at the suit of the Crown against Patrick Smyth, a secretary to D. J. Williams, Limited, Tullamore, the under-sheriff of King's County, Mr. R. G. Bull, visited the company's premises for the purpose of levying a sum of £65,000. He was met by Mr. Jeremiah Buckley, receiver for the debenture holders, who claimed the premises, etc. Under these circumstances the secretary was immediately placed under arrest.

Riotous scenes were witnessed on Carrick-on-Shannon in connection with the demonstration by the United Irish League against those who had stocked the grazing ranches at Rossmannon. The police had been largely reinforced, and met the crowd with drawn batons. A collision occurred, and the police were obliged to permit the mob to parade the town. Men taking droves of cattle to the grazing grounds were set upon by the mob, who drove the cattle pell-mell through the town back to the place they came from. Loud shouts of "The land for the people" being raised.

Some remarkable evidence was given before the Royal Commission on Irish Railways by Mr. W. T. Trench, who told how the derelict Birr and Parsonstown Railway had actually been stolen off the ground. It was twelve miles long and was worked by the Great Southern Company, the amount of capital being £60,000. When the Great Southern Company gave it up it fell into the hands of the mortgagees, who did not work it. The county collector seized some mails for arrears of rate, but failed to sell them. A good deal of pilfering went on, and the line gradually disappeared—rails, wires, gates—until nothing was left but the bed of the railway.

At the advanced age of 84 years, Dr. John Kells Ingram, formerly Senior Fellow and Vice-Provost of Trinity College, has passed away at his residence, 38 Upper Mount street. Dr. Kells Ingram was one of the most eminent scholars of his day: but if is safe to assert, adds the Freeman's Journal, Dublin, that he is best known by his composition of the stirring lyric, "The Memory of the Dead," better known to Irishmen throughout the world by its bold opening line, "Who fears to speak of '98?" The distinguished scholar has written other verses, which, perhaps, equal "The Memory of the Dead" from the poetic standpoint, but none of his compositions have achieved the same world-wide celebrity or are animated by the same lofty ideals of patriotism as the famous ballad which has thrilled in every part of the globe.

Dr. John Kells Ingram was born in County Donegal in 1823. He was the eldest son of the Rev. William Ingram. He received his early education at Newry school and subsequently at an unusually early age entered Trinity College, where he achieved distinction in almost every department of scholastic study. He gained all the honours of the university during the course of his remarkably successful career. He became a Fellow in the year previous to the outbreak of the famine. He was appointed Professor of Oratory and English Literature a few years previous to the outbreak of the famine. He was appointed Professor of Oratory and English Literature a few years subsequently in 1852. In 1866 he was Regius Professor of Greek, and he became Vice-Provost on the centenary of the historic movement which inspired his most patriotic poem.

## To-morrow In City's Churches

ST. PETER'S CATHEDRAL.—At St. Peter's Cathedral there will be three masses celebrated—at 8.30 a.m., low mass; 9.15 a.m., children's mass; 10.30 a.m., high mass; 7.00 p.m., Vespers with sermon.

# Result of Careless Shot

## Man Working in a Field on Victoria Day had Hoe Handle Splintered by Rifle Shot

### Miraculous Escape While He Was Working Yesterday Near the Otonabee River—Careless Youth Shot Across the River at Random

### HOE HANDLE WAS SPLIT

A hoe handle with a sliver severed from it, to-day tells the silent story of the miraculous escape yesterday, of a market gardener from serious injury or possibly death. He was working in his garden a short distance below the street car wharf on the Otonabee River when a bullet from a rifle in the hands of a careless youth on the Otonabee shore, struck the handle of the hoe he held in his hand. The wood was splintered about two inches below his hand and this was probably accountable for his escape. The bullet was turned aside and the gardener is to-day living to tell the tale.

Two young Peterborough men were operating the firearms on the opposite shore and several shots crossed the stream. One passed above a canoeist's head as he was sitting in the boat near the wharf. Their random shots simply terrorised all in the vicinity and several complaints have been made.

**A Dangerous Practice**

Descriptions of the youths have been furnished the police and it is probable that the shooting will be the cause for a police court case. The township officials are keeping a strict look-out for such practices. Firing off rifles at random and especially near the water is very dangerous as the bullets are liable to glance in any direction.

Last year several cattle along the shore were injured in this way and when such practices are going on canoeists are living in dread of being shot.

## RIFLE BALL GRAZED. THE HOE-HANDLE IN A GARDNER'S HAND

## A PROMISING ATHLETE WHO MADE A GOOD RECORD AT THE Y. M. C. A. MEET

MR. "ERNIE" WILSON

who won the mile and quarter mile race at Harriers' Meet yesterday, and took medal for second place in events of the Meet.

## GOOD NEWS FOR SCOTCHMEN; CARNEGIE WILL GIVE PENSIONS

Examiner Special.

London, May 25.—Andrew Carnegie has just announced his latest philanthropic plan, which provides for the repatriation and pensioning of all poor and aged Scots now living in Great Britain. Applicants for his bounty must be sixty years of age and indigent. They will be sent back to their former homes in Scotland at Mr. Carnegie's expense, and a pension of 15 shillings a week will be allowed.

## SIXTY DOZEN EGGS ONE DAY'S RECORD

Sixty dozen eggs in one day, is a pretty good record. That was the quantity used yesterday at McCollum's restaurant. The Knights of Columbus in the city, were responsible to a large extent for this large consumption of eggs. This is only one item; there was a correspondingly large quantity of other edibles consumed. It was, taken altogether, one of the busiest days in the history of this popular eating house.

## RECORD TRAFFIC ON THE RAILWAYS

Yesterday was a day of surprises for the railway companies. The cold weather of the past weeks had not prepared them for the great revival in passenger traffic experienced during this holiday season. It was thought that the travel would be light, but instead of this being the case, the two local railway officials report that the volume of traffic on Tuesday and yesterday was better than that of a years ago by a considerable margin. The station platforms at the arrival and departure of the trains on Thursday afternoon were crowded, and the officials state that the number of persons travelling this Victoria Day was a pleasant surprise to them. In spite of the somewhat unexpected nature of the rush, the trains were dispatched in good time, little or no delay being experienced, and the local railway officials are being complimented upon their success in handling the crowds.

## STRIKE QUESTION HAS NOT YET BEEN SETTLED

### None of Those on Strike Have Left the City

The leather workers who have been on strike for the past few weeks wish to state that, contrary to circulating rumours, the strike is still on, and that they are determined to fight to the finish. It was also rumoured that they had left the city, but this, the union states, is untrue. Only one leather worker left the city, and he has since returned.

## Had A Narrow Escape From A Watery Grave

### Fell Off Punt Into Little Lake 100 Feet From Shore—Companions Rescued Him.

### A POLICEMAN SAW IT

This morning a young lad named Girard, living at the intersection of Romaine and Crescent street, fell out of a punt in the little lake, and had a narrow escape from drowning. The accident occurred about one hundred feet from shore, and in deep water. With three other boys his own age, two of them being his cousins, he went out in the punt, which belonged to Mr. N. T. Leplante, grandfather of the boys. About one hundred feet from Crescent street young Girard fell into the water from the rear of the boat and sank twice. His companions yelled, and tried to grasp hold of him, which they did, with rare presence of mind, before the lad sank again. He caught the punt and held on until shore was reached.

Police Officer McDonald was an eye-witness of the event. He was waiting for a car when he heard the boys shout. Running to the shore he saw that the young lad had a firm grasp of the boat. He picked the boy out of the water when he reached the shore and the lad showed but little signs of his experience beyond a good ducking.

Children around the lake should be more cautious as a few minutes is as long as a child can last in the water.

## Accepts Invitation To Become Pastor Of The Charlotte Street Church

### ACCEPTS PASTORATE OF CHARLOTTE STREET METHODIST CHURCH

Rev. G. W. Henderson, of Port Hope, Will Be the Next Pastor of City Church.

### Rev. G. W. Henderson, of Port Hope, Intimates His Willingness to Become Pastor in June, 1908

### A SUCCESSFUL MINISTER

### Was President of London Conference—In Ministry Since 1875—A Delegate to Conference in England

Rev. G. W. Henderson, pastor of the Port Hope Methodist church will be the next pastor of the Charlotte street Methodist church, in this city. Subject to the action of the Stationing Committee of the Conference he has accepted the invitation extended him some weeks ago by the Official Board. Yesterday Dr. Morrison, the Recording Steward of the church, here, received a letter from him accepting the invitation.

Rev. Mr. Henderson has been pastor of but two churches in the Bay of Quinte Conference, Cambridge street church, Lindsay and Port Hope. He entered the Methodist Ministry in 1875 and travelled on such important circuits as London, (two churches,) Windsor, Sarnia, St. Marks. He was elected to the presidency of the London Conference in 1901, and the same year was a delegate to the Oecumenical Conference held in London, England. He has also been a representative to the General Conference for several years.

The Official Board of the Charlotte street church considers itself fortunate in securing Mr. Henderson's acceptance of the invitation to become the next pastor of that church. He is recognized as one of the most successful ministers in the Conference, and the churches of which he has been pastor have made good progress during his pastoral terms.

It is understood, of course, that the acceptance of the invitation is subject to the sanction of the Stationing Committee, the body which finally passes on these matters. It is not considered probable, however, that there will be any difficulty on that score.

## IS A RESTRICTION TO TRADE

### Board of Trade Wants Interswitching Charges In Force Prior to March 1st Restored

### RESOLUTION WAS PASSED

At the last meeting of the Board of Trade the question of interswitching charges was referred to the Railway Committee, with power to act. This committee met on Tuesday, and the following resolution was passed and a copy sent to the Secretary of the Board of Trade, Toronto: "Whereas, the interswitching charges now being collected in Peterborough by the railway companies are deemed excessive, and have the effect of restricting trade, be it

"Resolved, that it is the judgment of the Peterborough Board of Trade that the Board of Railway Commissioners should be petitioned to instruct the railway companies to reinstate the arrangement that was in force prior to March 1, 1907."

The resolution is signed by T. F. Matthews, Chairman of the Railways and Canals Committee, and Dr. M. A. Morrison, President of the Board of Trade.

In explanation, it may be stated that before March 1 the maximum charge for interswitching was $2 a car, while at the present time there is a charge of one cent a hundred pounds, and a minimum charge of $3 a car has been fixed. What the resolution asks is a return to the maximum standard charge of $2 a car.

## THE SINGLE MEN WON THE FOOTBALL MATCH

### Defeated Their Elder Brethren at Idyl Wyld.

Idyl Wild on Rice Lake, was also the scene of some sporting events yesterday, the most important of which was a football match between two Old Country teams from the city. The married men were lined up against the single and more lucky brethren, the latter carrying off the honours of the day by winning by 4 goals to 3. The married men put up the more scientific game and, according to reports, should easily have been the victors.

The following was the line up:

Married men.

Goal, Horton.
Backs, Gandy and Miles.
Half backs, E. Nash, Lane, Hedger.
Forwards, Thomas, Pearson, Gray, Greene, Richardson.

Single men:

Goal, Wigham.
Backs, French, Gadd.
Half backs, Watson, Ford, Bond.
Forwards, P. Nash, Pitchford, Oliver, Northcott, Leader.

Broken down systems, shattered nerves, and emaciated forms are rapidly restored by Miller's Compound Iron Pills. Sold by W. Madill.

## THE FESTIVAL OF SAINT GREGORY VII.

This is the festival of St. Gregory VII.

In 1074 he made the arrangement in virtue of which the Ember days of summer are kept during Pentecost week—this week. As they happen within the Easter octave they are called Le Jeune d'Allegresse — joyful fast.

## MR. LEES ELECTED TO THE PRESIDENCY

At Norwood on Thursday, Mr. R. Lees, County Public School Inspector, was elected president of the East Peterborough Teachers' Association for the ensuing year.

## VICTORIA DAY IN PETERBOROUGH WAS PLEASANTLY SPENT

### Citizens Enjoyed the Glorious "Queen's Weather" to the Full —Many Left City for the Day

### RAILWAYS' BIG TRAFFIC

### Local Sporting Events Well Patronized—Great Day for Water Craft —Many Visitors in the City.

The predictions that Victoria Day would be fine, proved correct; not even the "local showers," which the Observatory hinted at, came to interfere with the perfect sunshine of the day. It was "Queen's weather," in earnest, and was all the more appreciated because of the fact that it was hardly expected, after the style of weather that has been dished up lately.

Victoria Day, 1907, will be remembered as one of the ideal holidays, and Peterborough people enjoyed it to the full. The railways carried the largest number of passengers for May 24th in their history, and the other means of locomotion were equally popular. The great majority of those who left town on the railways went to Toronto, either to visit friends or to attend some one of the sporting events in the city for the holiday. But the traffic was not all out of the city, and it is doubtful if the number of persons who came into the city yesterday was not equal to that which left it to spend the day elsewhere. Every train coming in was crowded with passengers for Peterborough, while many others came by steamers. One of the factors contributing most largely to the influx of visitors was the gathering of the Knights of Columbus — between three and four hundred men coming from different parts of the province to take part in the monster initiation, which was held here under the auspices of the order.

The streets during the afternoon, and evening, especially, were crowded, and the street cars did a splendid business, many going to Jackson Park, even though the summer opening has not yet taken place. Those who were lovers of nature, found plenty to admire.

The different sporting events in the city, the Y.M.C.A. meet, and the baseball game in the morning, and the baseball game and matinee at the driving park in the afternoon, were well patronized, and the outcome in each case was satisfactory.

Yesterday was a great day for the boatmen. The fine weather tempted many to the water who, under less favourable circumstances, would have remained on shore, and the result was that practically every boat owner on the river was out, and it was impossible to hire a skiff or a canoe early in the afternoon.

Two good crowds saw at the Grand opera house the presentation of "The Hottest Coon in Dixie," and at night the roller hockey game, at the Charlotte street rink, attracted a large number.

Driving, too, was very popular yesterday, and the liverymen report a most successful day.

Taken, altogether, the holiday was a most delightful one. No one would have been greatly surprised if the weather conditions had been such as to deny them participation in out of door pleasures, and that it was so favourable in this respect was a genuine surprise, and a deliciously pleasant one.

*FOR SALE.*

***That well built brick house and lot situated at the corner of George and Dublin Streets, also excellent corner lot. This property is to be sold to wind up an estate, and all particulars may be had at 580 George Street.***

dtf

## EXHIBITION FOOTBALL GAME IN OMEMEE

### Quakers Played Good Ball At Times But Lacked Combination.

Examiner Special.

Omemee, May 25. — The important event in the celebration of Victoria Day in Omemee was the reception to the Trent Canal officials from Peterborough, including the superintendent of the canal and party. The plans were not exactly carried out as laid, owing to the fact that the steamer Sovereign was too high to pass under the overhead bridge on Pigeon River, a short distance from here.

The Pigeon River, too, was formally declared open by the officials as a tributary of the Trent Valley Canal.

A number of sports, including a football match, were run off during the day, so that Victoria Day here was royally celebrated.

## NORWOOD CELEBRATES THE HOLIDAY

### Big Field Day In Sports There—Keene Team Did Not Show Up.

Examiner Special.

Norwood, May 25.—More than 2000 people from the country assembled here yesterday to participate in the celebration of Victoria Day—yesterday. The weather was all that could be desired, and everything passed smoothly by. The sports were the chief attraction of the day, and these were somewhat spoiled owing to the fact that the Keene football team did not appear for the Midland League game with the locals.

The concert in the town hall in the evening was most liberally patronized and many had to be turned away from the doors.

## OPENING OF THE SEASON AT IDYL WYLD WAS A SUCCESS

Yesterday was a busy day at Idyl Wild, and for the first holiday of the season, and almost the first warm day of the year, this resort was exceedingly well patronized.

Mr. John Londerville, the new proprietor of the hotel, was a busy man, and those who visited the island yesterday have only words of praise for the service given. Over seventy-five persons were served with dinner at the hotel, and if the cuisine of yesterday is to be the standard maintained during the season, there is no doubt that Idyl Wild will be an exceedingly popular resort this year, and that there will be a large number of excursions to this point seems certain.

## OBITUARY.

### CLARE CALCUTT

Most sudden and unexpected was the death of Mr. Clare Calcutt, on Friday morning, at 6.30, at the residence of his father, Mr. H. Calcutt. Apparently in good health on Thursday, and attending to his duties all day, he took sick on Thursday evening, complaining of stomach trouble. He very soon lost consciousness, which he did not regain. Last winter the late Mr. Calcutt went through a serious sickness and had not been able to shake off its effects; the physician thought that death was due to this ailment.

Mr. Calcutt was the only son of his aged father, and 39 years of age. He was engaged as a captain of his father's steamship line, was in charge of several boats, and was in possession of a master's certificate. His quiet and kindly manner won him many friends.

On account of his father's infirmity and critical condition of health, the funeral was strictly private and took place this afternoon. Rev. E. A. Langfeldt, of whose church the late Mr. Calcutt was a member, officiated. The pall bearers were Captains White and Copperthwaite, Messrs. Alex. Young, Lagesame, Tobin, and Fred Holland.

### ADELLA TURCOTTE

The death of Adella Turcotte, wife of Mr. W. J. Bloom, occurred in Deseronto, Thursday, May 23rd, at 6 a.m. She was a daughter of Mr. Francis Turcotte, Cross street, Peterborough, and was 13 years of age, being born here. Her mother passed away five years ago, but the father, five brothers, and four sisters, still survive. There are Thomas and Albert in this city; Mrs. Fontaine and Mrs. Lazure, her sisters, also reside in Peterborough. The others dwell in outside cities.

The funeral was held to-day in Deseronto to the Roman Catholic Cemetery.

### MILBA D. DOUGHTY

The funeral of Milba D. Doughty, aged 11 months, was held this morning to the Little Lake Cemetery at 10.30 o'clock. The child died from enteritis, and was the daughter of Mr. R. H. Doughty.

## AN ILLUSTRATED SUNDAY SERVICE

An innovation will be introduced to-morrow night into the the service at the Presbyterian Church at Springville, when the pastor, Rev. Dr. Marsh, will give an illustrated service, limelight views being used to illustrate his sermon.

## WARSAW MAN CAPTURED FIVE FOXES

### He Intends To Go Into the Business of Raising Them for Their Skins.

Mr. Fred Calder of Warsaw, was the lucky capturer of five young foxes on Thursday afternoon, which he intends to raise himself. While out in the woods during this afternoon he saw them playing around the mouth of their den. He went home and secured a shovel and after a few minutes digging had the young Reynards in a sack.

Mr. Calder intends digging out a few more dens and will keep a fox farm this summer. He will feed them on woodchucks which are more plentiful than the foxes in that district.

**Insure Against Serious Colds**

Of the many forms of insurance probably that which protects you against the serious results of colds is the most valuable at this time of the year when so many are becoming victims of la grippe and pneumonia. By the prompt use of Dr. Chase's Syrup of Linseed and Turpentine you can keep the cough loose, prevent further development of the cold and cure it in a few days.

**WANT AND REAL ESTATE ADS.**

Get In The Best And Be In It Always

**Male And Female Help**

### What Do You Think of the Man

Who says he will pay rent no longer! Six weeks ago he bought from me a block of 8 Lots, ploughed and planted 7 Lots, has all material on the ground to build a house. He has already built a temporary Cottage which his sensible wife is quite satisfied to occupy pending completion of the home. The children are happy and free from many city dangers. The hens have occupied their coop and are supplying the wants of the family in their line. The big garden will soon supply many other wants. Ther is no rent to pay. The block of 8 Lots would now sell for $200 more than cost. The owner being a builder bought a second block to-day and with his 16 Lots to build upon the tenant of six weeks ago will very soon be a Landlord and an employer on the road to riches. If you are a good class of man I can start you in like manner. My Lots, my Prices and my Terms have no equals in Peterborough. Call without delay. Prices advance June 1st.

**T. NURLEY,**
22 Hunter Stre

### CANDID ADMISSION

Thus writes the Ottawa correspondent of the Conservative Toronto News:

As a severe critic of Mr. Frank Oliver in the past, your correspondent is bound to note that he is growing on the House. A conviction of the honesty of his intentions is gaining ground, and that counts for much.

A further study in motives would, we venture to assert, result, the Ottawa Free Press thinks, in similar admissions in regard to all the other members of the Laurier Cabinet. Mr. Oliver has been badged and slanged by every Tory paper and speaker from one end of Canada to the other; but having mapped out a course founded on practical experience of Canadian needs, especially those of the West, he has not swerved before the onslaught. Now comes the tardy admission from a Conservative newspaper that "the House"—meaning, of course, the Opposition—is becoming convinced of the honesty of Mr. Oliver's intentions and of his capacity to administer the important department of which he has charge.

In the same article the News correspondent says "it is to be noted that Mr. Lemieux has grown and that Mr. Fisher "has made an unusually good session of it," having an acting minister, got up the work of that great department of Public Works with remarkable thoroughness. He also refers to the good fortune of the Liberals in having three "unusually strong juniors," Messrs. A. K. Maclean, E. M. Macdonald and Carvell. "One must grudge these younger men to the ministerial benches," he says, and adds, "The last word thus is a sigh for the strengthening of the Opposition side."

### THE USUAL TACTICS

When our back door contemporary, the Review, is cornered in argument, or crowded to the ropes by the logic of facts, it adopts the practice of a certain class of lawyers—abuse the opposition side, or trails off into inconsequent red-herring twaddle. In spite of all the Review's special pleading, there is no excuse for handicapping the temperance people with, what they regard, as the iniquitous three-fifths clause of the local option law. There is no defence for the attitude and practice of the Whitney Government in regard to preaching non-political enforcement of the license law, and failing to the hilt to practice it. There is no excuse in the public interests in increasing the provincial expenditures, in the direction it is being done. Therefore, when the Examiner discusses these things, exposes the wrong doing, the Review can, apparently, do—at least, it does, nothing else than fall back upon abuse of Mr. Stratton. Now, if Mr. Stratton is, as the Review holds, dead; if he is a back number; if he is played out; if he is ruined, morally, politically, and all other ways; if he is as bad as the Review pictures him, why does it persist in resurrecting a man, so numerously defunct? If he is sure of nomination in either riding; if he has influence enough to push aside any aspiring candidate, he shows a good deal of vitality for a dead man, and the Review should be glad to have a corpse for an opponent in a political fight—a foeman worthy of its steel. Our evening contemporary may rest its soul in patience. Neither Mr. Finlay nor Mr. Hall are lying awake at nights worrying over Mr. Stratton's attitude. Mr. Stratton will regulate his own movements, and in so doing will not run foul of anybody in doing the decent thing. The Liberals in convention will nominate whom they please, without the, no doubt, valuable, but manifestly superfluous, assistance of the Review. Mr. Stratton has for twenty years stood the hard knocks of the Review, even if many of the blows have been aimed below the belt, and if our contemporary thinks he is now afraid, it is mistaken.

**Celluloid Starch**

Saves time, because it makes ironing easier. Saves linen, because it gives a better gloss with half the iron-rubbing. Saves bother, because it needs no cooking, just cold water. And it CAN'T stick. Buy it by name.

Saves Plenty

### INGRATITUDE

Many decent Conservatives in Peterborough city and county were pleased to note the stand taken by the Examiner in regard to the summary dismissal of Mr. Geo. W. Fitzgerald—as heartless a specimen of political "graft" as can be imagined—an example of the practice of the ruthless law of semi-barbaric days, when might was right—sacrificing a man with short stift, because of his infirmity, forgetful of all that he has been in the way of useful service to his political alien. If there had been any excuse on account of any regard for the public service which Mr. Fitzgerald represented, his son, who had been temporarily performing his duties, would have been a natural selection as a successor. He had done his father's duties well and shown himself to be a capable acting official. But that wouldn't do — his appointment would have been, in a way, a recognition of Mr. Fitzgerald's party services. The Conservative party owes a good deal to him on this head, but it still owes a great deal to his silence. If Mr. Fitzgerald should tell what he knows in regard to the last Provincial election in this riding, Mr. Bradburn and others would have a decidedly uncomfortable quarter of an hour.

### EDITORIAL NOTES

Hon. Mr. Whitney seems to exhibit a great deal of indignant zeal for Provincial Rights over a few carpents of scrub pine, but his zeal suffers a respite when the question of the provincial rights and duty to investigate the conditions that favour the appalling frequency of railway accidents, comes into especial prominence.

Now that the Normal School building is begun, it seems a pity that for the sake of the comparatively small additional expense, the Blackwell, and some other additional property, in the vicinity, was not procured. The building placed on such a site would be visible at a great distance and would not be hidden as will be the case on the present site. In that event the Normal School building would have been an ornament to Peterborough, like a city set on a hill that cannot be hid, and a guide would not have to be employed to direct outsiders and many citizens to the place where the Normal School is concealed. Mr. Bradburn took to himself no little credit for having procured the Normal School for Peterborough, but his credit balance on that account has been pretty well wiped out by his management of the location of the Normal School building.

Those unsightly pimples can be entirely removed by the use of Miller's Compound Iron Pills.

### ADVERTISING THE WEST

The amount of publicity which Western Canada is receiving in the magazines and periodicals of the United States is somewhat remarkable. Largely owing to the efforts of the Western Canada Immigration Association, of Winnipeg, articles dealing with the development of the Dominion's newer provinces have been, or will be, published in magazines in May, June and July, which aggregate a circulation of nearly 1,000,000 copies. Among them are such standard publications as The Review of Reviews, Outing, The World To-Day, Pearson's, Success, and, The Saturday Evening Post, the readers of which include all classes of the reading public of the United States. When such results have been achieved by the energetic secretary, Mr. Vanderhof, it is not surprising to be told that the Dominion Government has renewed its annual grant of $6,200 to the association or that the Grand Trunk Pacific Railway Company has donated $5,000 to the association.—Ottawa Free Press.

Why can't the Ontario Government which has a continent lying fallow, but rich with opportunities for the plow, the miner's pick or the lumberman's axe, take some systematic means of advertising New Ontario?

## SPENT HOLIDAY AT CLUB HOUSE

Anglin Club Members Spent Yesterday Building New Club Quarters Near Rice Lake.

Yesterday was a great day with the members of the C. G. E. Angling Club. On the steamer Rob Roy, the flagship of the Angling Club's fleet, a number of the members went to the site of the new club-house of the club, near the mouth of the Otonabee River, where they spent the day working on the new quarters of the club, and when night fell most satisfactory progress had been made with the new building, in which the members expect to spend many happy hours during the coming summer. The Rob Roy returned about 10 o'clock last night, but left this afternoon for the same destination with anglers who will finish the erection of the new club-house.

## DELIBERATE CASE OF GRAVE-ROBBING

Remarkable Experience of Well-known Forest Citizen Vouched for by Baptist Minister and Local Druggist

From Forest Free Press.

Forest, May 2nd, 1907.—The following facts, vouched for by Rev. C. C. Burrell, Baptist minister, and Ralph E. Scott, the well-known local druggist, is incontrovertible evidence that even when physicians have abandoned hope, there is still a way whereby the grave may be cheated of its prey.

John A. Galbraith is a well-to-do farmer, living in Plymouth township, about five miles from Forest. He is 5 feet 9 inches in height, and about 46 years of age. He enjoyed good health until early in 1906, when he had a severe attack of pleuro-pneumonia, which apparently broke up his whole system. In speaking of the case to the Forest Free Press, he said:—

"I did not seem able to gain any strength after the attack of pneumonia. One doctor said that tuberculosis had developed, that I could not recover, and advised me to settle all my affairs as quickly as possible. This was the condition I was in when my pastor, Rev. C. E. Burrell, of the Baptist Church, advised me to try Psychine, and procured for me a trial bottle. This was in May, 1906, and at that time I was reduced in weight to 120 pounds. The Psychine seemed to do good from the start, and I continued until I had used about $15 worth from Scott's drug store, Forest. I gained in weight at the rate of half a pound a day until I went up to 150 lbs., steadily regaining my strength and feeling better. I actually had to have my clothes enlarged, not through any corpulency but owing to a putting on of good solid flesh all over. I have resumed my work and have gone through this severe and sickly winter with nothing worse than an attack of grip, which my system was able to throw off without any serious results.

"I give this statement for the purpose of showing how Psychine has probably saved my life, and in the hope that others may be likewise benefitted by its use.

"J. A. GALBRAITH."

"Mr. J. A. Galbraith is a prominent member of my church, trusted by his neighbours and very highly respected throughout the entire community. His case has attracted very considerable attention. His was a pitiable case indeed; in the prime of life and with the brightest of prospects to be suddenly stricken down in the midst of it all. Visiting him after his physicians had pronounced his case hopeless (and indeed set the date at about which he would pass away) and observing pretty closely his condition, it occurred to me that Psychine, which I had used in my own family with wonderful results, might benefit him. I strongly recommended it to him, and he began its use. The result was truly wonderful. Almost immediately he began to improve and soon was able to be out again. He apparently regained his old health and was able to take up once again his old duties on his large farm and to perform them with comparative ease and comfort. The improvement was permanent, and he is to-day apparently just as well as ever. He gives all the credit for his recovery, under God, to Psychine.

"C. E. BURRELL,
"Baptist Pastor."

"I have read the statements made by Mr. J. A. Galbraith and Rev. C. E. Burrell regarding the results of the use of Psychine. I know both gentlemen personally and can heartily endorse all that they have said. Mr. Galbraith obtained his supply of Psychine at my drug store, saying from time to time that it had done him good. I took an interest in his case, and noted a steady improvement. Altogether I sold him about $15.00 worth. Psychine is having a big run here, and so far as I know is always used with beneficial results.

"RALPH E SCOTT.

"Forest, May 1st, 1907."

## ENLARGEMENT OF LAKE ST. SCHOOL

Permit Was Taken out For Work—Other Permits

A number of building permits have been taken out since the last list published, among them the most important being that for the enlarging of the Lake street Separate school. The estimated cost of the work is $9,000, and Messrs. Rutherford Bros., are the contractors. The total is now in the neighbourhood of $400,000. Following are the latest permits issued:

Anthony Fébion, verandahs at 543 Gilchrist street; estimated cost $100.

George Metcalfe, dwelling, Cedar street; estimated cost $1800.

Ontario Coal Company, coal shed, Aylmer street; estimated cost $450.

Thomas E. Rose, dwelling, Gladstone avenue, estimated cost $1000.

Ed. J. Dillon, repairs 530 Rogers street; estimated cost $200.

C. H. Moore, repairs 140 and 142 Hunter street east; estimated cost $1700.

Roman Catholic Episcopal Corporation, enlarging Lake street school; estimated cost $9,000; Rutherford Bros., contractors.

Warren Mallory, dwelling, Park street; estimated cost $900.

Mrs. S. R. Dundas, verandah, 155 Aylmer street; estimated cost $75.

## CASE OF FAMILY TROUBLE BEFORE THE MAGISTRATE

Usual Number of Holiday Drunks Faced His Worship

The holiday resulted in the usual number of drunks, and there were quite a few after the run yesterday. Of course there were many who had their fun and did not conflict with the law in that regard, but there were two who ornamented the prisoners' dock this morning, William Hamp and William Drummond. Both pleaded guilty of being drunk and disorderly, and were fined two dollars apiece. They are farm hands and work in Otonabee. Coming into the city to celebrate, they became tangled up, and were finally lodged in gaol.

There was also a case of a husband striking his wife, but they were willing to settle their difficulties, and His Worship allowed the husband to go free after he had paid the costs, which amounted to $3.75.

## WORKED 41 HOURS TO COMPLETE RUSH WORK

Remarkable Record of the Enterprise of Members of Local Firm

The staff of "My Valet" had a busy season before the holiday, and in order not to disappoint any of their patrons, whose work was required for Friday, they worked 41 hours steadily, and no one was disappointed. The promptness with which work is executed by the Messrs. Wesley, the proprietors of this business, is one of the most commendable features. In addition to the despatch with which work is turned out, there is the other feature of almost equal importance, the excellent quality of the work done. Since they opened this business, Messrs. Charles and Walter Wesley have built up a good trade by their expert work and businesslike methods, the gentlemen of the city apparently appreciating their method of doing business.

The Members of Otonabee Lodge, I. O. O. F., are ask to gather at the Hall on Sunday afternoon at 2 p. m., to attend the funeral of the late Bro. Fred Logan. Visiting members of the Order are also invited.

W. ROBERTS, N. G.
W. S. ROBINSON, R. S.

## MORE SHEEP KILLING BY DOGS

Report From North Monaghan States That Mr. Lillico's Flock Has Suffered

With the introduction of summer, sheep-killing by dogs has again sprung into prominence. The other day some hungry canines attacked the flock belonging to Mr. Richard Lillico of North Monaghan, and killed a couple of them.

The farmers are greatly agitated over the dog and sheep question, and they consider that the Farmers' Institute has not been any too soon to fight against the evils of sheep-killing by dogs.

This existing evil is one of the principal causes for the high prices of mutton and lamb. The farmers will not keep animals from which they are not in a position to make money.

Tisdill's bakers pay a little more for the ingredients that go into their cakes.

## STEAMER GOT CAUGHT AMONG THE LOGS

Passengers Delayed at Lakefield for More That Two Hours.

On Thursday afternoon the passengers on board the steamer Stoney Lake had a longer wait than they expected just after leaving the Lakefield wharf. A boom surrounding a drive of logs broke away as the steamer was passing, and the big boat was caught amongst them.

It was almost 4 o'clock before the boat was ready to proceed, and many of the Peterborough passengers returned home without visiting the lakes.

Style 461.

# GEOGRAPHY TREATED AT CONVENTION

**Literature and Science Were Also Among the Subjects—Closing Day of Teacher's Convention.**

## EXCELLENT ADDRESSES

The City Teachers' Institute Convention concluding session was held on Thursday afternoon, when the election of officers took place. Mr. J. E. Hodgson is the new president, Mr. M. J. McDonnell, vice-president, and Mr. Stubbs, secretary.

At the closing session a number of most interesting papers were read and addresses given.

**Thursday's Session**

Thursday morning's session was characterized by excellent addresses on "Geography" by Messrs. M. J. McDonnell, J. C. Smyth and Mr. Walkey, and an address on the "History and Development of the Science of Arithmetic with Applications," by Mr. R. N. Merritt, B.A.

Mr. McDonnell took the subject of "Geography," and, in opening, stated that geography was poorly taught, but that the subject was a good one if properly taught. Geography develops the features of imagination. From the various elements the child gains the world, and then the universe. The teacher must know the subject to have self-confidence and broad-mindedness. He thus stimulates the pupil. Fresh preparations are always required, as the subject changes continually.

Teachers must teach so that the pupil can make use of his information in after life. An excellent example of how to teach was illustrated by means of a river. The child learns, said Mr. McDonnell, by observing it, and thus discovers the characteristics of a river.

Every lesson in geography should be summarized. It is wise to have examples of iron, tea, etc., when teaching these subjects, and the pupil should help in making collections of these various things. Lantern slides and views are good for illustration. Mr. McDonnell advised the teachers not to use text books too soon, as it is only when the child can understand the matter that they are beneficial. Reviews, he said, must be frequent, and the teacher should be certain to distinguish between what is important and what is unimportant.

**Commercial Geography**

Mr. J. C. Smyth took up the subject of "Commercial Geography." This is a commercial age, he said, and everywhere this fact is evident. Commerce is not local, but includes the world, and it depends on the productions of countries. Therefore we should study the physical conditions that tend to produce the productions. Methods of transportation are required, so that railways and canals, etc., must be studied.

In teaching, the teacher must have a decided object in view. He must have preparation to develop the subject.

**Physical Geography**

Mr. Walkey next took the subject of "Physical Geography." The young child, he stated, must begin this subject. He has already considerable information on it, and the teacher must build upon what the child knows—to proceed from this known to unknown. The early lessons should be taken up from stories. The imagination must be made reasonably active; a child's curiosity and observations must be aroused.

It is a good idea, considered Mr. Walkey, for the teacher to take the class out into the fields and thus study the subject.

Maps are excellent to teach physical geography, and map-drawing is a great aid. A map should represent some part of the earth, and the child must be able to see the real living features in a map. A limit should be more or less elastic; it should not be fixed. A black globe is most useful, as the various features of a country can be thus represented on it. In physical geography the basis is position, climate and slope.

**Science of Arithmetic**

Mr. Meritt concluded the session with a picturesque address on the "History and Development of the Science of Arithmetic," especially regarding its modern tendencies. The teaching of a subject, he said, was learned by reviewing the mistakes of others found in history. He began at the old Roman methods of manipulating beads to represent numbers, and showed their peculiar methods of adding.

Our system, the Hindoo, made things more simple, but the result was a mere manipulation without having much meaning attached. Rules began to be made in rhymes, and the method became mechanical: the symbol came first, not the idea.

Pestalozzi changed this system by making the work objective; the idea came first, and the symbol later. He emphasized oral arithmetic before symbols were used.

A later idea in education, said the speaker, was that a child should know all the different manipulations of a number, before a new number was taught. This was stultifying. Children are able to grasp addition more readily than multiplication or ratio. The child's progress was, therefore, slow, and the work was thus monotonous. Now, the teacher aims to get at the psychical nature of number. He goes from the sensible objects to the abstract idea of number.

Fractions, Mr. Merritt considered were generally delayed too long in teaching. They should come in early, by using objects as illustrations, and they should begin in the counting stage, which will make the subject easier, when it is thoroughly taken up.

Mr. Merritt concluded by saying that methods will be much improved in the near future by the influence of the new Normal School, and particularly of the School of Education in connection with Toronto University.

**Concluding Session**

The first paper of the last session of the convention was on "Literature, and was given by Mr. Wm. Smith, principal of the Central School. Literature, he said, was perhaps the greatest subject as a medium of expression. Teachers should aim to have pupils read wholesome literature, suitable to the intellect and development of the child mind. They should make proper preparation of the lessons before coming before the class, and should not assign it as home work, nor yet take up too much at a time.

The character of the teacher, considered Mr. Smith made a great impression on the pupils. Literature develops towards high motives and the teacher must be one to bring them out. The teacher should also be able to make a clear analysis of what the poet wished to impart—the lesson he wished to teach. He should be able to grasp the thought of each sentence, and should also make comparisons between similar thoughts or ideas. The implied meaning of passages must be grasped and he should understand all the various words and phrases in a literary selection. A few of the more ordinary figures of speech should be taught and the more beautiful passages or literary gems should be committed to memory.

**Intermediate Literature**

"Intermediate Literature" was then taken up by Miss O'Connell.

Literature, she said, was a great character producing subject, as it produces culture of the highest quality. Each person should take out what he desires in literature, and what is adopted to his needs. Literature should begin early and develop to higher forms. The subject is but a criticism of life. The meaning of the words should also be carefully taken up. A child may not be able to grasp all the fine points when young, but he will appreciate them later.

In taking up a subject, Miss O'Connell advised the class to read the extract as a whole. The stanza should then be read in a similar way.

The class should be able to tell the story of the stanza and later give the subject. Miss O'Connell illustrated her remarks from "The Village Blacksmith."

**Primary Literature**

The subject of "Primary Literature was taken up by Miss Thomas in a capable manner. The study of Literature, she stated, should begin early. In language lessons, a good idea is to have the first stage of literature taught. Expression was one of the main features of handling literature, especially at this stage. A child can fairly well express his ideas, and here the teacher must be careful what his ideas are centred upon upon. Language can be helped by the use of phonics. Stories, simple, and such as arouse interest, should be told. The child desires to be like the ideal in the story, and the stories should be reproduced by the child. Conversations also are valuable on the different things that affect child life.

Pictures, said Miss Thomas, were excellent in developing language and producing ideals. The child should learn many useful lessons in truthfulness, etc., from little incidents and from stories. When language lessons are well handled they give a basis for future development in good literature.

**D&A Corsets**

They are the smartest models known to the Corset Manufacturer's art, science and sense having achieved a wonderful triumph.

Prices range from $1.00 to $6.00.

Will Improve Your Figure.

## AUCTION SALE

Of valuable Flour Mill, Water Power and Hotel property, under the powers of sale contained in two mortgages.

At the Clarendon Hotel, in the Village of Hastings, in the County of Northumberland, on Friday, the 31st day of May, 1907, at 10.30 o'clock, a.m.

The mill property, known as the "Trent Valley Flour Mills," consists of a large stone building three stories high, 45 feet by 54 feet, with four waterwheels and the right to use 300 horse power from the River Trent. There is also a flour store house, 44 feet by 24 feet, and two other store houses, one 24 1-2 feet by 48 1-2 feet and the other 49 feet by 24 1-2 feet, and there is a nice office building, 18 1-2 feet by 17 feet.

This property is along the shores of the River Trent and when the canal is completed, should greatly increase in value. The said property includes the following lots, namely, numbers 98, 99, 100, 101 and 153, according to Wilkin's plan of part of the Village of Hastings.

At the same time and place there will be offered for sale an undivided half interest or share in the Clarendon Hotel property, consisting of the large solid brick hotel building, three stories high, at the corner of Bridge and Front streets.

In this building are two stores, facing front street, one used as a barber's store and the other as a millinery store.

This is one of the finest hotel properties in Central Ontario and it does a large commercial and tourist business, and since the recent fire in Hastings, it is more valuable than ever.

This property consists of part of Lots Nos. 1 and 2 at the northeast corner of Bridge and Front streets, in the said Village of Hastings.

The owners of the other half share or interest in this hotel property are willing to sell so that the purchaser may acquire an absolute title to same.

There will also be offered for sale, at the same time and place, a large number of vacant lots in Hastings, suitable for business and residential buildings, and also an undivided one-third interest in a number of power or water lots along the River Trent in Hastings.

TERMS OF SALE—Ten per cent. of purchase money at time of sale, balance in 30 days without interest.

For further particulars apply to the undersigned.

The sale is subject to reserve bids.

Dated at Hastings, Ont., the 16th day of April, A. D. 1907.

L. F. CLARRY,
Solicitor for Mortgagees.

## TO HONOR DEAD HEROES.

**Monument to Strathcona Horse Unveiled at Montreal.**

Montreal, May 25.—Strathcona and Soldiers' Monument, erected in memory of Strathcona Horse and Canadians who perished in South Africa, was unveiled here yesterday by Chief Justice Fitzpatrick, administrator of Canada, acting in the absence from the country of Lord Grey, before a vast concourse of people, it being estimated that 100,000 either saw the ceremony or the subsequent march past, the reviewing point of three thousand soldiers.

A more imposing military display has never been witnessed in Montreal. Troops were drawn up in hollow square surrounding the monument. Judge Fitzpatrick's arrival was received by Principal Peterson of McGill, chairman of monument committee, and Col. Buchan, who commanded the troops.

Principal Peterson opened the proceedings by a short speech, in which he quoted an extract from a letter received from Lord Grey when he found that his visit to England would prevent his attendance at the unveiling of the monument: "Had I been at your unveiling ceremony I should, of course, have dwelt upon the fact that we went to war and had to go to war to obtain, equal rights for Britain and Boer, and that having won, we were not afraid to achieve our ideals. Result—Botha."

## SCORES LITTLE ENGLANDERS.

**Premier Whitney Says They Are Mental Dyspeptics.**

Toronto, May 25.—Speaking yesterday at the Victoria Day celebration of the Little England party in the old country, Premier Whitney expressed the opinion that they were suffering from mental dyspepsia. There were no such people in Canada and he believed that very few people in the country would listen for a moment to a proposal to separate from the old land. The people were ready as one man, he thought, to turn out in defence of the country, though fortunately such a sacrifice was not required at present.

"We must remember, however," he continued, "that we have on our boundaries a nation which is not friendly." The people of the United States, he added, had been taught from youth up to dislike everything British and there was little love for Britain or British institutions in that country.

Referring to the future of the Empire, the Premier said there was a great deal of speculation. The outlying portions were calling out for closer relations, but the difficulty was that Imperial statesmen did not seem to understand that Imperial questions must be considered in their relation to the whole Empire and not merely from the narrow home point of view.

## PARENTS WILL BENEFIT.

**School Books Will Be Substantially Reduced in Cost.**

Toronto, May 25.—The Canada Publishing Co., Ltd., was awarded the tender for the publication of school books by the Provincial Government Thursday, the prices for the set of five readers being in all 49 cents, as compared with $1.15 for the old issue.

In addition, 25 per cent. is allowed off all books, one or more, when bought direct from the publishers, and an extra ten per cent. on quantities of $250 worth and upwards.

It is estimated that should each child purchase one book a year in the schools the saving over the old prices will be $60,000 a year to the parents.

It is stated on excellent authority that this reduction is only the beginning of slashing reductions all along the line.

The Minister of Education is said to have a definite policy in this direction. The plan is to cheapen the cost of all the textbooks used in the schools and colleges of the province.

## MURDER TRIAL'S ENDING.

**One of Accused Suicides and Other Pleads Guilty.**

New York, May 25.—The trial of three alleged "black hand" men on the charge of murdering Gaetano Costa, a Brooklyn butcher, was abruptly closed yesterday. Rocco Panagiro, one of the men, committed suicide at the Raymond street jail by hanging.

Immediately after the opening of the Supreme Court, Genaro Esposito, another of the trio, withdrew his plea of not guilty and pleaded guilty to murder in the second degree. Then, upon recommendation of District Attorney Clark, Francesco Como, on trial jointly with the other two, was discharged for want of evidence.

## ROYAL BABY'S DECORATION.

**Heir to Spanish Throne Receives the Cross of Pelayo.**

Madrid, May 25.—The traditional ceremony conferring the Cross of Pelayo upon the Prince of the Asturias, the newly born heir to the throne of Spain, took place in the palace Thursday in the presence of the members of the royal family and a gathering of Government officials. The baby was invested with the cross by his father, the King.

After this ceremony a delegation from the Principality of the Asturias was received at the palace, and delivered a gift for the royal baby, consisting of one thousand golden doubloons, equal in value to $8,000.

**Railway Fireman Killed.**

Belleville, May 25.—Jacob Hennessay, a fireman on the C. O. Railway, was cut in two by a train near Bancroft. The train broke apart, and the shock is supposed to have thrown him under the wheels. Hennessay was 30 years old and unmarried. His home was in Trenton.

**Curzon in Demand.**

London, May 25.—The Unionists of Jarrow division of Durham have entered into competition with Rutland for the Parliamentary services of Lord Curzon of Kedleston.

Yesterday morning they forwarded him an invitation to contest Jarrow on the approaching retirement of Sir Charles Palmer, Liberal, who was born in 1822.

## MARKET REPORTS.

**Liverpool Wheat Futures Close Higher—Chicago Lower—Live Stock Markets—The Latest Quotations.**

Friday Evening, May 24.

Liverpool wheat futures closed to-day 3d higher than yesterday, and May corn ¼d to ½d lower.

Sheep—Receipts, 7000; steady to strong; lambs, $6.25 to $7.60; short sheep, $6.30 to $6.40; yearlings, $6.25 to $7.

## FRENCH DEPUTIES FIGHT.

**Altercation Between Councillor and Socialist in Chamber.**

Paris, May 25.—There was a violent scene in the lobby of the Chamber of Deputies Thursday as an outcome of an altercation between Alexander H. Blanc, socialist deputy, and M. Gent, one of the municipal councillors, which rapidly degenerated into a standup fight. The two men were separated with difficulty.

The trouble arose from rivalries engendered during the recent election.

**Litigation is Dropped.**

Winnipeg, May 25.—The West Kootenay Power and Light Co. and Lehman Corporation have settled all pending litigation. The company's appeal to the Privy Council is dropped, each party paying its own costs.

# "PE-RU-NA WAS SUCCESSFUL WHERE DOCTORS FAILED,"

**Writes Mr. Cholette After Taking Pe-ru-na.**

MR. MENESIPPE CHOLETTE.

Mr. Menesippe Cholette, Ste. Therese de Blainville, P. Q., writes:

*"I shall never be able to speak in terms high enough to express the entire confidence I have in Peruna.*

"There is nothing better to restore health. I took eight bottles.

"All the pains I had in the head and bowels, also the catarrh of the nose and stomach, as well as all other symptoms disappeared after I had taken the third bottle.

*"Peruna was successful where two doctors had failed.*

"Were I the first to testify in favor of this remedy, it might be thought that I exaggerate, but many testimonials before mine have pointed out the great virtue of this effective tonic.

"It would be unreasonable to undervalue a remedy which has snatched from premature death poor human beings who were beyond rescue by the doctors.

"This remedy has restored many a victim of incipient consumption and other diseases.

*"Peruna is the best remedy for all catarrhal diseases."*

WHEN the catarrh has become systemic,—that is, when it has been allowed to spread through the entire system, it is a difficult disease to cure.

Physicians do not always understand it and some of them do not care to treat it. Hence the inability of a great many patients to find a cure.

The correct thing to do for these cases is to make use of some internal, systemic catarrh remedy,—one that will reach every internal organ of the body and exercise a healing, strengthening and soothing effect upon the mucous membranes lining these various organs.

Such a remedy has been found in Peruna.

As Mr. Cholette states, his testimonial is not the first one written in behalf of Peruna, the remedy which brings permanent relief in all cases of systemic catarrh.

## THE RETURNS THANKS.

**His Only Desire That Russia May Live in Glory.**

St. Petersburg, May 25.—Emperor Nicholas, in reply to the message of the Council of the Empire, expressing its congratulations on his escape from death as a result of the recent terrorist plot, has telegraphed to that body as follows:

"I heartily thank the Council of the Empire for the expression of its sentiments. I am convinced that the council will be of real assistance to me in all its works. As for my life, it is not precious to me, provided Russia lives in glory, peace and prosperity."

**Postoffice for Cobalt.**

Cobalt, May 25.—Minister of Customs Patterson, Postmaster Coulter and C. A. McCool, M. P., arrived in town yesterday to look over Cobalt with a view to selecting a site for a new postoffice and giving Cobalt the much-needed improved postal service, which the demand of the camp and of the entire north country calls for. A customs office will be opened in Cobalt within two weeks. At present business has to be done in North Bay.

**Shaughnessy's Advice.**

London, May 25.—(C. A. P.)—The correspondent of The Mail has received a letter from Sir Thomas Shaughnessy, which contains the following: "See what can be done toward enabling intending investors to purchase small quantities of C. P. R. stock, open market, without paying undue price for splitting certificates."

**PILES** Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. **The Gas Stove.**

Do you find your gas stove a real economizer? If not, these may be some of the reasons:

Lighting burners before you are ready to use them.

Baking but one thing at a time.

Heating water or cooking in uncovered vessels.

Placing small vessels upon large burners.

Using large burners when small ones would do.

Not turning out the flame before removing food.

Not lowering the flames when food is already boiling.

**Lighting Up Baby's Face.**

# Log Jam Delayed The Stony Lake Contingent

**Some of the Difficulties Incidental to Trip to the Lakes—Victoria Day Trip.**

## MANY ENYOYED OUTING

The excursion on Victoria Day to Stony Lake via G.T.R. and steamer Stoney Lake, attracted, as usual, a goodly number of Peterborough citizens. Four passenger coaches containing two hundred excursionists left the railway station about 9 o'clock for Lakefield. Many of those on board were interested owners of summer cottages up the lakes, who were taking advantage of the first excursion of the season to inspect their island summer resorts after the long winter. In most cases the wives and other members of the family went along to assist in the usual house airing, and fixing up for the season, as well as in the planting of flower beds, and gardens.

Quite a large number of cottage owners had gone up to Lakefield on the noon train the day previous, intending to have their cottages opened in advance for their families and friends and to remain over until Monday evening. A big load of baggage was also taken along to make the preliminary housekeeping start for the season. This party, unfortunately, were subjected to considerable delay and disappointment. On arriving at the steamboat wharf, they found, much to their chagrin, that the whole of the channel at the mouth of the river was blocked with logs. It was apparent that the Stoney Lake could not possibly start out with such a blockade ahead of her and, in consequence, the feelings of the excursionists is better left undescribed. Capt. Young and crew were powerless, although they exerted all the means in their power to overcome the annoying situation. After waiting all afternoon, the blockade was finally broken about 6 o'clock, and the steamer was allowed to start with what remained of the party—many of whom, especially the ladies, having returned in disgust, by train to the city. Mr. Young naturally feels indignant over the matter and will demand an an immediate explanation from the lumber company responsible for the occurrence.

The Victoria Day party, however, encountered no such experience. They had a delightful all-day trip. The air on the lakes was a shade too cool for real enjoyment, but the weather was clear and fine, and the sun had a pleasant, warming, stimulating effect. The commodious steamer Stoney Lake was well crowded as she left her wharf, and the sail up Lake Katchewanook to Young's Point was of quite a bracing and tonic character. At the Point the passengers had an opportunity of seeing the important improvements made around the locks and the wharf; also the new iron bridge, which appears to work with simplicity and ease. Lock-master Young was observed wearing his official cap for the first time, which is not only quite an improvement on his former "Christie-stiff," but is also quite becoming. Mr. Young had the Union Jack and Canadian flag unfurled to the breeze over the new bridge in honour of Victoria Day.

After leaving the locks, many calls were made on the way up, the first being at Mr. Williamson's cottage, and the next on Mr. Roberts' at Clear Lake. A large number of the cottages were observed to be open and the cottagers busily engaged in fixing up for the season.

The Juniper Island store was visited by Mr. T. W. Robinson, who found everything as he had left it, except what damage the squirrels had done. He expects to open up by June 15. The Victoria House at McCracken's Landing is now fully open for guests, and Messrs. Freeman and Carveth speak quite encouragingly of their prospects for the season.

The spacious, new Burleigh Falls House is in full blossom, and the interior is in splendid readiness for a busy season. Mr. Darcy has made numerous improvements since last season, and is leaving "no stone unturned" to put his house on a par with the best lake resorts of the province.

Mount Julian Hotel is getting busy already. Mr. W. Thompson, the proprietor, is looking for a full house and full cottages this season. Many of the excursionists took dinner at the Mount Julian Hotel and were pleased with the bill of fare, although it had to be hurriedly prepared.

"Viamede" will be open on the 5th of June. Mr. Graham was seen at Lakefield and expects to be again crowded to the doors.

"Glenwood" looked inviting as usual, situated as it is in a commanding and picturesque portion of the lake. Mrs. Breese will have everything in shape about the 15th prox.

South Beach Hotel on Clear Lake, is preparing for a very busy season. A new annex is being erected which will give considerable more room. This favourite resort has become so popular that the accommodation has been found too small, notwithstanding the enlargements made each year. Mr. Brooks will have a busier season than ever.

The water in the lakes is very high yet. Quite a number of the wharves and landing places are under water but no reports of any depredations or serious damages of any kind are heard of. Mr. Aylesworth, the Government official, charged with inspecting the wharves and high water, who has been at the Victoria house for some days, came on board the Stoney Lake on the return trip on his way home to Belleville.

The excursionists were delighted with the eight hours sail and arrived back at Lakefield at 6.20 o'clock, where the train was waiting to convey them back to the city.

The Stoney Lake's obliging officers and crew are as obliging and attentive as ever. The commodious new steamer has been treated to a new coat of paint and looked every bit a trim excursion boat. She was well handled during the day, and no opportunity was lost in contributing to the pleasure of the excursionists.

# Leonard Dobson Captured The Howden Silver Trophy

**Made 12 Points Out of Possible 21—Ernest Wilson Finished Second in the Seven Events Contested—Harrier Athletic Meet a Success.**

## SILVER MEDALS DONATED

The handsome silver trophy donated by Mr. J. J. Howden for the best amateur athlete in the city was carried off yesterday by Leonard Dobson of the Y.M.C.A. The athletic meet was held under the supervision of the Harriers' Club of the Young Men's Christian Association, and proved to be a feature in sporting circles during the day in Peterborough.

By his victory yesterday morning, Dobson has become the first possessor of the Howden trophy, which he holds for one year. He obtained 12 points out of a possible 21, and led by four over his next opponent, Ernest Wilson. Ray Best and Ernest Bruce obtained an equal number of points, and are yet tied for third place in the first Harrier athletic meet in Peterborough. Besides the trophy so generously donated by Mr. Howden for the furtherance of amateur sport, Mr. V. Dingman, physical director of the Y.M.C.A., presented two handsome silver medals with gold centres, for second and third places respectively. One of these was, therefore, won by Wilson, and the other goes to the winner of the Best-Bruce additional events, to be decided in the near future.

The sports were held on Nicholls Oval in the morning, beginning at 9 o'clock and ending at 11.30. The weather conditions were ideal and a large number of spectators were present to watch the various events.

Dobson was always in the game, and, although he made but one first, he always added to his points. His record was three seconds, three thirds and one first. While Wilson made two firsts and two thirds.

The contestants were R Best, R Baker, E Bruce, W A Bailey, L Dobson, Elliot, Trude, Wallace, E Wilson and J. Watt.

One of the features of the meet was the hundred yards dash captured by Dick Baker in 12 seconds. Dobson and Wilson followed closely upon his heels, but he won by the fraction of a second. The quarter-mile was also closely contested between Best and Wilson. Bailey set the pace for three-quarters of the way, but he was soon run down by Best, who led to within 25 yards of the line, when Wilson forged ahead and finished a winner, with Best and Dobson following.

The mile race was run in much the same style, with the same three sprinters in the lead.

The time of the quarter-mile was 59 seconds, and for the mile, 5 mins. 41 secs.

The following is the order of the events and a list of the winners:

100 yards dash—1, Baker, 12 secs.; 2, Dobson; 3, Wilson.

Putting the Shot—Elliot, 33 ft. 6 in.; Dobson, 32 ft. 5 in.; Bruce, 31 ft. 10 in.

Running Hop, Step and Jump—Bruce, 34 ft. 2 in.; Dobson, 32 ft. 9 in.; Trude, 32 ft., 1 in.

Quarter-mile Race—Wilson, 59 secs.; Best, Dobson.

Running Broad Jump—Dobson, 16 ft. 5 1-2 in.; Bruce, 16 ft. 1 1-2 in.; Wilson, 15 ft.

Running High Jump—Bailey, 4 ft. 4 in.; Best, 4 ft. 3 in.

Mile Race—Wilson, 5 mins. 41 secs.; Best, Dobson.

Measurers—Dobbin and McLaren.

Timers—Redgrave and Huston.

The sports were ably managed by Messrs. Dingman and Redgrave, and they, together with the Harrier Club, have every reason to feel proud of the first annual athletic meet for the Howden silver trophy.

**Nurse Tells Of Eczema Cure**

Mrs. C. Stanley Jones, professional nurse, 283, Simcoe street, Toronto, writes: "In my occupation as nurse I have come across many cases in which Dr. Chase's Ointment has been used with extraordinary results. One case is that of a sixteen months old child who was cured of scald head and another that of a woman cured of eczema on the face after the doctors had given her up."

## GARBAGE BY-LAW TO BE TAKEN UP

**Council Will Deal With the Matter on Monday Night.**

There will be a meeting of the Committee of the Whole Council on Monday night, when the most important matter that will come up is the garbage bylaw, which will be submitted to the Council by the Property Committee, which has been dealing with the question for some time. It is now far enough advanced to be presented to the Council, and an interesting discussion may be expected.

### BIRTH

SARGEANT — In Peterborough, May 24th, 1907, the wife of Mr. E. O. Sargeant, 225 Dublin street, of a daughter.

# A BUSY DAY FOR CREW OF STEAMER WATER LILY

**Two Round Trips Between Peterboro' and Stony Lake During the Last Twenty-four Hours.**

The crew of the Water Lily has had a busy thirty-six hours. Yesterday this steamer took the Salvation Army Excursion to Idyl Wyld, returning to the city about 10 o'clock, and she left again at 10.40 to run her usual Saturday morning trip from Bice Lake. She arrived at her destination during the early hours of this morning, and brought the usual crowd to the city to-day. The crew would be up about all night, and to-night will be another late session.

# CULTIVATING EXPERTNESS

**The Limelight of Publicity Makes a Man Self-Conscious**

When a man takes himself for granted his ego is termed "self-consciousness." The men who make the Semi-ready tailoring have been so long under the light of publicity that the people know all about their system of making men's clothes by the cultivation of expert labour.

"It takes three years to teach a man who comes to us a journeyman," said the superintendent of the Semi-ready.

One may look at the joining on the back of a Semi-ready coat collar to see just how expert the workers become when thus divided into nets.

# WANTS CANDIDATE FOR OCEAN TRIP

**Reppesentative of Toronto Was Here After Nominations for Peterboro' Ladies.**

Mr. W. S. Robertson from the official staff of the Toronto World, is in Peterborough for the purpose of securing a couple of nominations for the ballot contest for the most popular eleven ladies of Ontario to be personally conducted on a month's free trip to London and Paris, commencing Aug. 1st.

Four ladies who poll the highest popularity vote will be elected from centres in Ontario where the World circulates outside of Hamilton and Toronto.

As Peterborough is one of the largest, and the outside contest just commencing, there should be no difficulty or doubt of sending in the famous free tour party a fair representative from this city to make one of the entourage party, to which all official courtesy will be extended during their sojourn in the two greatest cities of the world.

# NO STEAMER ON THE NORTH SHORE ROUTE

**Steamer Argyle Will Be Taken Off the Route and Will Ply the South Shore This Season.**

The steamer Argyle, which has for many years made regular trips between Port Hope and Toronto during the summer months, will no longer continue the route. During the present summer the trips on the north shore of Lake Ontario will be abandoned. The steamer has been chartered to a Buffalo firm and will ply on the south shore of the lake exclusively. Apparently the only boats plying between Port Hope and Toronto this summer will be the steamers of the Richelieu and Ontario line.

CANNED VEGETABLES SPECIALS.

We offer while they last, at any of our three stores, 200 dozen Cans Wellington Peas, 4 Cans for 25c.

E. F. MASON CO. Limited
3 Stores 3d-122

# BOTH RECOGNIZED A GOOD MEDIUM

**Both Finder and Loser Came to the Examiner to Restore Lost Property to Its Owner**

On Thursday evening, about 9.30 o'clock, a lady lost a gray valise between Dalhousie street and Charlotte street, from a democrat carriage, but did not miss it until she reached Smith street. The finder immediately brought the grip to the Examiner office and placed an ad. in the Examiner, "found." On Friday morning the loser came to the Examiner and placed an ad., "lost" —when the valise was handed over to the rightfull owner, much to her surprise. As a result, the Examiner was out the ads., both lost and found. The finder and the loser seemed to both know where to advertise their wants.

Lots of compliments are coming in about Tisdall's layer cakes. Take one home.

# HIGH-CLASS MOTOR CAR FOR $750

**Splendid Offer by Olds Motor Works—Twelve Horse Power Car at Special Price**

A twelve horse-power Oldsmobile for $750 is the remarkable offer made temporarily by the Olds Motor Works of Lansing, Mich., in an advertisement in another column of this issue. This company is the pioneer in the automobile business for machines of moderate price and unquestioned dependability, and there is reason to think that during the special sale there will be a great many of these machines sold. There is no duty to pay on them, since they are shipped direct from the Canadian factory at St. Catharines by Frederick Sager, the Canadian representative.

# WALTER MAGUIRE IS DOING GOOD WORK

**Former Peterborough Boy Who is Physical Director of Revelstoke Y.M.C.A.**

Mr. Walter Maguire, a Peterborough boy, who has made a success of his work in the Y.M.C.A., as indeed all the Peterborough boys have done, recently gave an exhibition in Revelstoke, B.C., where he is Physical Director, and the Mail-Herald, of that town, referring to it says:—

We congratulate the boys on their excellent work, and the instructor, W. Maguire, deserves the highest praise for his efforts in teaching and drilling the pupils in such a skilful and efficient manner, and bringing to a signal success one of the best local entertainments ever held in the city.

# Music and Drama

**A DELIGHTFUL CONCERT**

The concert by Mons. F. X. Mercier, takes place on Tuesday night in the Grand opera house, and is seldom that the people of Peterborough have such an opportunity of hearing such a talented artist. The Paris Figaro says he ranks only with Caruso and is one of the leading tenors in the world. At the special request of Mons. Mercier, Mrs. W. J. Morrow will contribute two pianoforte solos, as well as accompanying him. Mr. John King, who is always a favourite, will also take part and Miss Lavina Halligban, soprano, will be heard in solos. Mr. Tretheway, a Canadian violinist, who has recently returned from studying abroad, will also appear at the concert. Since his return, Mr. Tretheway has appeared in Toronto, where his playing has created a sensation in musical circles.

**THE HOTTEST COON IN DIXIE**

The holiday performance at the Grand was unworthy of the packed house that greeted it last night. It was a regular "coon" show with A. A. Copeland in the leading part.

The audience was not altogether favourably impressed with the performance although there were some some really good things presented. Rowland, the tramp juggler, was fine and has never been surpassed by similar artists in this city. The songs were rather good, but the plot itself was loose and not what the ordinary theatre goer likes. Mr. Copeland is a good actor and pleased the audience in his parts. It was not a good holiday performance.

# A CANADIAN BRANCH IS ESTABLISHED

**Paris Medicine Company to Open a Branch At Toronto.**

The Paris Medicine Co. of St. Louis, Mo., has recently opened, in Toronto, a branch laboratory and office for the preparation of their remedies, Laxative Bromo Quinine, Pazo Ointment and Dr. Porter's Antiseptic Healing Oil. The Canadian business of this firm has increased to such an extent that it has been considered desirable to open a Canadian branch. This branch will be fully equipped for the compounding of the remedies for which this firm has become famous.

If You Want the Best, it is Tisdall's Ice Cream.

# PLEASANT DAY AT GOLF LINKS

**Ladies' Served Tea in Afternoon At Club House—Many Interesting Matches.**

Practically the opening of the golf season took place yesterday, so far as Peterborough is concerned, and the links during the morning and afternoon were well patronised. A number of the gentlemen members of the club were in Toronto playing with the Lambton club, but the local links were popular with the ladies and a number of interesting matches were played. Tea was served by the ladies during the afternoon.

The approaching and putting prize was won by Miss Kingan, and the medal round by Miss P. Lundy.

That tired feeling will disappear, and you will be able to eat well and sleep well by using Miller's Compound Iron Pills. Sold by W. Madill.

# THE CELEBRATION AT MILLBROOK

**The Shamrocks Were Beaten in The Lacrosse Game—Other Events.**

**A GREAT CROWD PRESENT**

Examiner Special.

Millbrook, May 25.—Victoria Day was loyally celebrated in Millbrook yesterday. There was an unusually big crowd of visitors in town and the programme for the day seemed to be thoroughly enjoyed.

The festivities began at 12.30 p.m. with a big Calithumpian Parade by the "Kavan Comical Coons," headed by the Millbrook brass band. This was a most amusing feature and was witnessed by a large crowd.

In the afternoon a programme of sports was run off in the Agricultural Park, the feature being an exhibition lacrosse game between Millbrook and the Shamrocks of Peterborough. The home team won after a warmly contested game, by 2—0, scorint a goal in the first and second quarters. The Peterborough team were always in the running and had as much of the play as had Millbrook, but luck seemed to be against them and they could not find the nets. The game was a good exhibition and was witnessed by a large crowd. It was followed by an interesting programme of foot and bicycle races.

The Peterborough team lined up as follows:—

Goal, Boyle; point, White; cover, Devlin; 1st defence, Cameron; 2nd defence, Kelly; 3rd defence, Dorris; centre, Tucker; 3rd home, Saunders; 2nd home, J. McNicholl; 3rd home, Long; outside home, Robson; inside home, Barber.

In the evening a grand concert was held in the town hall with a large audence present. A very enjoyable programme was given by Prof. P. C. McKinnon, of London, Eng., violin soloist; Mr. Frank R. Clarke, of Peterborough, banjo soloist; Mr. C. E. Coleman, of Peterborough, comic singer; Dr. Dobbs, of Detroit, in Irish character songs, assisted by Mr. O. V. Pym, baritone soloist, and other local talent.

The success of the day must have been gratifying to the committee in charge which was composed of Messrs. W. A. Forsythe, T. Donnelly, J. C. Armstrong, W. J. Gillet.

# BAGS OF POTATOES WERE TOO LIGHT

**Farmers Fined for Selling Potatoes of Light Weight.**

Police Officer Newhall made a raid on the market this morning and as a result two farmers were brought up to the police court which was then in session, on the charge of selling potatoes of light weight. One of these was Alexander Dawson, the other Johnston Murphy. It was conceded that these men did not wiltully make their bags light but Magistrate Dumble thought that carelessness was as bad a crime as anything in some cases. Mr. Dawson said he has scales at home, but merely measured out the potatoes without weighing them. Mr. Murphy said that he had no scales, but he considered that he gave good measure. Mr. Kerr who appeared for the two farmers said that in the fall of the year there is considerable moisture in the potatoes but that in the spring they have become almost dry. Thus a pack of potatoes in the autumn will weigh more than the same pack in the following Spring. The bags were considerably lighter than they should have been. Mr. Dumble imposed a fine of two dollars each, but the fact that they had been in court for this careless offence was worse than any fine that might have been imposed.

Both parties said that they would rather have lost all the potatoes than have been guilty of this negligence. Mr. Dumble said that there were others who did this thing knowingly and it was a warning to others that the fine was imposed, besides it was contrary to the law.

# BIG GATHERING OF KNIGHTS

**Initation Ceremonies of the Knights of Columbus Yesterday—178 Candidates Iniated.**

**ATTEENDED MASS IN A BODY**

Yesterday was a red letter day for the Knights of Columbus, when the three councils of Lindsay, Belleville and Peterborough met here for the purpose of initiating a large number of candidates. Knights and candidates were present from all parts of Ontario, many coming Thursday night and the balance yesterday morning. A special train brought one hundred Knights from Toronto and Belleville and Lindsay division were well represented.

At nine a.m. the candidates and Knights gathered at the local Division's new club rooms and marched in a body to St. Peter's Cathedral. The parade was a very lengthy and most imposing one. At the Cathedral mass was celebrated by Rev. Father McColl and a special sermon was preached by Rev. Father Casey, of Lindsay.

Initiation ceremonies began at 11 o'clock in the morning and continued until 10 p.m. One hundred and seventy-eight candidates were initiated, three degrees being put on. In addition to the candidates there were 225 Knights present.

After the ceremony luncheon was served to the Knights, Mr. T. H. Hooper being the caterer for the occasion.

The local Knights did everything in their power to entertain the visitors and they went away with a high opinion of the hospitality of their Peterborough brethren.

NO MORE DANDRUFF

Newbro's Herpicide Destroys The Pestiferous Cause of Annoying Dandruff

Does yUr head itch? Is your coat or dress full of white flakes after dressing your hair? That's the effect of dandruff? Is your hair thinning? Are you beginning to get bald in spots? Are you already, in fact, rapidly becoming bald? If so, that is the effect of a measly little parasite that burrows in at the root of the hair and throws up the scalp in dandruff and eats off the hair at the root. Science's latest discovery is a destroyer of that pestiferous germ. That destroyer is contained in no other hair preparation on earth but Newbro's Herpicide. Try it, and be convinced. A delightful dressing.

# RIOTING REPORTED ON THE RAND

White Workers In Forty-Three Mines Quit Work

## STRUGGLE IS A BITTER ONE

General Riot Along the Reef—Workers Assaulted by Strikers—Barricades Torn Down at the Mines—Imperial Troops Called to the Scene—Miners Refused to Accept Deduction in Wages.

Johannesburg, May 25.—The new Transvaal Government has met with its first serious trouble in connection with a big strike of the white miners on the Rand. The workers in 43 of the leading mines are out, and the work is with difficulty being carried on by poor Dutch, who, however, may, in the long run benefit at the expense of the strikers, who the magnates declare will not be reinstated.

Rioting, arising from the strikers attacking the strike-breakers, has broken out at the Ferreira Mine and others. There has been some revolver shooting but little injury has been done. The situation has become sufficiently serious however, to induce the Government to summon regular troops. J. W. Smutz, Colonial Secretary in the new Government, and who held a Ministerial position under the Boers, has accordingly had the novel experience of calling British troops into action. Seven hundred cavalry and infantry have arrived.

There is much bitterness between the magnates and the miners and their supporters. The trouble began by the British miners refusing to accept a reduction in pay for contract piece work. The owners say that the men were earning an average of $5,000 each annually, and that a reduction was necessary. The miners and their sympathizers construe the employers' action as an attempt to increase the cheap labor of the Chinese and Dutch, and to augment their own profits. The disputed questions were recently submitted to Government commissioners, and many of the public condemn the miners for not awaiting the commission's decision before striking. Business here is seriously checked. The citizens are nervous and disposed to panic.

Johannesburg, May 25.—The strike situation reached a critical stage Thursday, and the men have been isolated. The white workers in 43 mines went out Wednesday because of the demand by the proprietors that they worked three drills a day instead of two, and the men from the mines in the east and central rand areas are joining the movement.

When the strikers left the Ferreira deep mine Thursday night they marched to the Robinson deep, tore down the barricades, and assaulted the men who had not gone on strike. A general riot ensued.

About one thousand imperial troops have arrived here, and will be sent along the reef.

The strikers do not appear to know that a Government commission is even now conducting an enquiry into the question of underground work generally.

### CAPTAIN'S FATAL MISTAKE.

Admiralty Court Fixes Blame For Loss of Steamer.

Hamburg, May 25.—The admiralty court has decided that the wreck of the Hamburg-American line steamer Prinzessin Victoria Luise near Kingston, Jamaica, Dec. 16 last, was due to Captain Brunswig's mistaking one light for another and maintaining full steam at a time when he should not have done so.

The decision of the court concludes with saying that Captain Brunswig neglected his duties as commander of the vessel by locking himself in his cabin and committing suicide after she ran on the rocks, instead of trying to save the ship and passengers, who, however, were all safely landed.

### FIVE MEN KILLED.

Ammonia Tank Explodes With Fatal Result—Many Injured.

Chicago, Ill., May 25.—Five men were killed and at least a dozen overcome by the explosion of an ammonia tank in one of Armour & Co.'s warehouses on Thursday night.

The building was full of workmen, and the deadly fumes, escaping from under high pressure, penetrated through every department in the building in such a short time that twenty of the men were overcome.

It was not until six hours after the explosion that the first body was recovered.

All of the dead and injured were foreigners.

### Drowned While Fishing.

St. John, N. B., May 25.—George Bolton was drowned yesterday while fishing on the lake a few miles out of town. With a companion, he had gone out in an old boat, which sank. His companion managed to swim ashore, but was unable to keep Bolton afloat.

Your digestion will be all the better, your blood all the cleaner, for a frequent glass of York Sarsaparilla. A beverage and a medicine, pungent, rich, aromatic and pure. Made of purest herbs and pure York Springs Water.

York Springs Sarsaparilla

is better—yet costs no more.

# ALMOST A BLOCKADE OF FREIGHT

Congestion of Freight At Montreal Becoming Serious.

## CANNOT KEEP DOCKS CLEAR

Shipping Is Badly Affected—Yards and and Wharves Are Full—Vessels Sent to Hochelaga to Unload — Railways Need More Rolling Stock—Went Accept Perishable Goods—Canal Carriers Gain.

Montreal, May 25.—Congestion of freight is a condition of serious aspect in Montreal at the present time. The congestion is in the yards of the railway companies and along its wharves affecting ocean and local goods. While the strike had some effect upon the situation the condition of congestion is largely due to the rapid increase of business, present facilities being inadequate to clear things.

The wharf is lined with freight to such an extent that some of the ships have been sent to Hochelaga in order to find room to unload. Meanwhile the freight is accumulating and shippers are at their wits' ends to keep some movement and prevent the matter from assuming the proportions of a blockade.

The congestion is a result of the troubles that existed last autumn when the companies found themselves without sufficient rolling stock to handle all that was offered. Now there is so much offering that the railway companies are wary of accepting perishable freight and there has been a noticeable decrease in produce received in Montreal although the canal carriers have gained through this, receipts from this source being heavier than usual.

### PRISONER BREAKS DOWN

When Confronted With Body of Victim He Confesses.

New York, May 25.—On being confronted last night with the corpse of Amelia Staffeldt, Henry Brecker, who was arrested Thursday on suspicion, broke down, according to the police, and confessed that he had witnessed the assault that preceded the murder of the 15-year-old Elmhurst girl.

The crime was done by a companion, the prisoner said. He asserted his own innocence.

Brecker's admission followed a "third degree" examination that proved his undoing. He had been taken to the undertaker's, where the body has lain since it was found in a little-frequented field adjoining the farm of the girl's father. There he was ordered first to look at the girl's dead body and then to place his right hand upon the cold forehead. Brecker shudderingly obeyed and the next moment collapsed.

Dragged to his feet and supported on either side by a detective, he was asked, "Did you kill the girl?" His reply, according to his captors, was: "Oh, my God, I did not do it, but the man who was with me did it. He killed the girl, and I ran down to the woods."

### O. J. C. SPRING MEETING.

Inferno Captures the Toronto Cup For Mr. Seagram.

Toronto, May 25.—The following are the results of Thursday's racing, at the Woodbine:

First race—Queen City Purse, 3 year olds and upwards, 3-4 mile—1, Avauntear, 7 to 10; 2 Ellicott, 5 to 1; 3 Gracchus, 40 to 1. Time, 1.13 1-2.

Second race—Loene Purse, 4 1-2 furlongs—1 Johnnie Blake, 7 to 10; 2 Larikin, 3 to 1; 3 Wastie, 50 to 1. Time, 55.

Third race—Alexandra Purse, 1 mile—1 Cobmoss, 4 to 1; 2 Ormonde's Right, 3 to 5; 3 Simon D., 6 to 1. Time, 1.38.

Fourth race, Liverpool Cup, 1 1-16 miles—Tourenne, 4 to 5; 2 Piokaroon, 8 to 1; 3 Gold Note, 30 to 1. Time—1.48 4-5.

Fifth race—Thorncliffe Purse, one and one-quarter miles—1 Fire Fly, 4 to 1; 2 John O'Grady, 5 to 2; 3 Healing Salve, 10 to 1. Time, 2.16 1-5.

Sixth race, Cobourg Purse, one mile, seventy yards—1 Chippewa, 13 to 5; 2 Nellie Burn, 8 to 5; 3 Matabon, 15 to 1. Time, 1.46.

Yesterday's results were:

First race—3-4 mile, maiden 3-year-olds and up—Meddlesome Boy, 1st; Prytania, 2nd; Loretta Mack, 3rd. Time, 1.15.

Second race—5-8 mile, 2-year-olds Victoria stakes—Johnnie Blake, 1st; Lawless, 2nd; Clell Turney, 3rd. Time, 1.00 3-5.

Third race—Maple Leaf stakes, 1 1-16 miles, 3-year-old fillies, foaled in Canada—Sea Wall, 1st; Kelpie, 2nd; Scotch Pebble, 3rd. Time, 1.50 1-5.

Fourth race—Toronto cup, 1 1-8 miles, 3-year-olds and up, $5,000 added—Inferno, 1st; Lotus Eater, 2nd; Minnie Adams, 3rd. Time, 1.52 3-5.

Fifth race—Woodbine Steeplechase, 2 1-2 miles, 4-year-olds and up—Picktime, 1st; Gold Run, 2nd; Richard Jr., 3rd. Time, 5.18 2-5.

Sixth race—3-4 mile, 4-year-olds and up, Ormonde purse, $400 added—Merry England, 1st; Charlie Eastman, 2nd; Gabrielle, 3rd. Time, 1.12 4-5.

Seventh race—3-4 mile, maiden 3-year-olds and up, $400 added—Monkey Puzzle, 1st; Willis Green, 2nd; Lyndhurst, 3rd. Time, 1.14 4-5.

### Chauffeur Is Indicted.

Ballston, N. Y., May 25.—Nicholas Moore, a chauffeur, was indicted yesterday for manslaughter in the second degree for having run down and killed James R. McDonnell with an automobile at Mechanicsville. Moore was running the machine of Charles P. Boland, a contractor, of Troy, when it killed McDonnell.

### Meeting of Canadian Indians.

Quebec, May 25.—The annual meeting of the Canadian Indians, which takes place at Kent House grounds at Montmorency Falls, is arousing a great amount of interest. Everything is now in readiness for the big meeting, which promises to eclipse everything in the sporting line for many years past.

# THE PREMIER VISITS IN FRANCE

Sir Wilfrid Laurier Will Discuss Tariff Questions.

## SEES PRESIDENT FALLIERES

Waiting for Colleagues to Begin Negotiations—Laurier Goes to Rome—Will Afterwards Submit Definite Proposals to France and Belgium—Winston Churchill Says Nothing Definite Was Done.

Paris, May 25.—The Canadian Premier, Sir Wilfrid Laurier, has arrived here from London, and is paying official visits. He called on Premier Clemenceau, Foreign Minister Pichon, and the British ambassador, Sir Francis Bertie, and was received in audience by President Fallieres yesterday.

The purpose of Sir Wilfrid's visit to the continent is to see if it is possible to negotiate and make mutually more advantageous tariff arrangements between Canada and France, Italy and Belgium. The subject, however, has not yet been broached at the French Foreign Office, as Sir Wilfrid desires the presence of Hon. W. S. Fielding, the Canadian Minister of Finance, and Hon. L. P. Brodeur, the Canadian Minister of Marine and Fisheries, who arrive here to-day. The plan is to proceed to Rome May 28, and see what can be accomplished there, returning to Paris about June 13, when formal propositions will be submitted to France and Belgium.

Premier Laurier will sail for home July 1.

London, May 25.—(C. A. P.)—In the House of Commons Winston Churchill stated that no definite scheme was laid before the conference for a proposed subsidized "all-red" mail route. The contracts would have to be examined in minute detail.

He also stated that a verbatim report of the conference would be issued at the end of this month.

### Anxious for Arrangement.

London, May 25.—(C. A. P.)—The Mail says the steel and iron industry in Germany is especially anxious for a fiscal arrangement with Canada, which the press generally advocates.

### SCHEME SHOULD GO THROUGH.

Sir W. Lyne Thinks Subsidy for All-Red Service Is Sure.

London, May 25.—(C. A. P.)—Sir W. Lyne, regarding the all-red service, demands steamers running 23 to 25 knots an hour.

"We should be able to provide a sufficient subsidy," he says, "to accomplish the object. Canada is prepared to pay over £200,000 and New Zealand at least £100,000, although Deakin did not commit himself as to any particular amount, but we will also be ready with our contribution, as at present we pay an oriental company £120,000 yearly and we are looking forward to having two good routes to Australia and two services weekly, one via Suez and the other via Canada."

### Removal of Embargo.

London, May 25.—In the debate on the importation of cattle Sir Edward Strachey, of the board of agriculture, said that the time might come when the embargo might be removed; but he could hold out no hope at present. It is not a question of protection versus free trade, but protection from disease.

### BOTH COUNTRIES BENEFIT.

Arrangements Between Britain and Germany Are for Mutual Good.

London, May 25.—Replying to a question in the House of Commons last night as to whether the most favored nation treatment did not entitle Great Britain to the concessions recently obtained by Germany from the United States, Foreign Secretary Grey said the concession relating to the work of special and secret agents, the policy of affording open hearings in reappraisement cases, and the recognition of certificates of chambers of commerce will be for the benefit of all countries.

### ENFORCE CRIMINAL CODE.

Crown Attorneys Neglect Cases Against Railway Employes.

Ottawa, May 25.—Dr. Mills of the railway commission expresses the opinion that crown attorneys are, as a rule, entirely too lax in neglecting to formulate and prosecute charges of manslaughter against railway employes or officials responsible for fatalities.

The prosecution in all cases depends upon the provincial authorities, the duties of the board ending after the facts have been brought to the attention of those whose duty it is to enforce the criminal code.

### Many Buildings Collapse.

Mexico City, Mex., May 25.—Six persons have been killed and seven injured in this city within the past 24 hours by collapsing buildings.

Thursday two children were buried under the ruins of a house on Constancia street. Thursday a building in course of construction in Sabine street fell, killing four workmen and injuring seven.

### Brave Veteran Dead.

St. John, N. B., May 25.—Hiram Wetmore, a veteran of the Crimean war, dropped dead here yesterday. During the war he saved the ship which he was on by picking up a live shell and throwing it overboard.

For this act of bravery the British Government awarded him a pension of £2 per month. He was of unusual physique.

### Demand for Flour Increases.

Winnipeg, Man., May 25.—The demand from the Far East for our Canadian flour is still on the increase. The Ogilvie Flour Mills Co. has closed a further contract for ten thousand sacks for July shipment from their Winnipeg mill to China. Recent sales have been made at advancing prices, and additional offers are under consideration.

### DEATH OF DR. LEWIS.

Member for Dufferin Suddenly Called Away.

Toronto, May 25.—With startling suddenness death came by heart disease to Dr. Lewis, M. P. P. for Dufferin County, at the Queen's Hotel yesterday morning about 4 o'clock.

Dr. Lewis had been in town for the week attending the races, and was accompanied by Mrs. Lewis. On Thursday evening he did not feel very well, and abandoned a visit to the theatre, which he had intended, with his wife and brother. He urged them to go, and retired. When they returned he was asleep.

About 4 o'clock his brother went into his room to see how he was, and found him just breathing, and in a few seconds he expired. Dr. Winnett, Sherbourne street, was hastily sent for, but found life extinct. He said it was plainly a case of heart failure.

The body was removed to Orangeville by the 5.15 train yesterday afternoon.

Frederick William Lewis was the son of Wellington and Ordelan Lewis, both of whom were English. Dr. Lewis was born March 30, 1855, and was educated at Athens High School, and at the Royal College of Physicians and Surgeons, Kingston. He was married Dec. 27, 1882, to Margaret Aifen of Orangeville.

Dr. Lewis unsuccessfully contested Wellington County for the House of Commons at the general election in 1896. He was elected to the Legislature in Dufferin in 1905, and has made himself well known in the three sessions held since. He was a ready speaker, somewhat bluff in style, and thoroughly outspoken.

### Candidates For Vacancy.

Orangeville, May 25.—There will doubtless be a contest for the vacant seat for Dufferin in the Legislature, though the county is regarded as a Conservative stronghold. The main fight, however, will be in the Conservative convention. Mayor McKeown and J. L. Island of Orangeville, W. A. Wansborough of Amaranth and John Best of Mulmur are the probable Conservative aspirants.

The Liberals will probably select from among the following: D. B. Brown, former license inspector, Orangeville; Fred Silk, president of the Liberal Association; Alexander Richardson, Grand Valley; John Park, Mono, and J. L. Williamson, Mulmur.

### SPENT IN CLOTHES.

Young Lady Pleads Guilty to Forgery and Goes to Penitentiary.

Chicago, May 25.—A despatch to The Tribune from Bloomington, Ill., says:

Dismissing her lawyer, Helen Dixon Thursday walked before the bar of the Circuit Court and pleaded guilty to the charge of embezzlement of $3,100 from the organ fund of the Gleaner Society of the Second Presbyterian Church and also the forgery of a note of $500.

The prisoner's demeanor was cool and self-possessed and there was no change when Judge Myers sentenced her to the penitentiary for an indeterminate term. She was taken to prison yesterday.

Miss Dixon was treasurer of the Gleaner Society and, it is understood, spent the money for clothes.

### FATAL CAR ACCIDENT.

Two Killed and Five Injured in Interurban Railway.

Grand Rapids, Mich., May 25.—Two men were killed in a collision between two cars on the Grand Rapids, Grand Haven and Muskegon Interurban Railway near Muskegon yesterday morning.

The Interurban is a single track road operated under a telephone despatching system. The regular passenger car left Muskegon for Grand Rapids shortly after five o'clock. At Celery Farm at 5.25 it met a westbound baggage and express car head on. Both cars were wrecked and the two motormen, enclosed in their narrow vestibules, were instantly killed.

Five passengers were injured, Stephen Worden perhaps fatally.

### Car Barns Destroyed.

Buffalo, N.Y., May 25.—The car barn of the Buffalo and Lake Erie Traction Company at Blaisdell was burned early together with 25 of their 28 cars. Loss estimated $100,000.

# Turf Club's Races Were Fast; Attended By Large Crowd

### Track Was Fast and Local Horses Finished Well---Ben Howard Easily Carried Off the Prize in Five Mile Race---Hazel Belle, City Queen and Godfrey's Pride Carried Off the Honours in the Three Different Races ---Mr. P. Clunan an Efficient Starter

The ideal weather which ushered in the holiday, was a chief factor in making the Peterborough Turf Club's speeding events, a gratifying success, but the races themselves were interesting and kept the large crowd on their feet all the time. The grand stand was filled with people, tier above tier, with quite a representation of the fair sex present. The track was in excellent shape, and as a result every heat was well contested, the finishes being invariably full of excitement. The club should feel satisfied with the results of their efforts as the crowd was, generally, pleased with the different events. They have a fast half-mile track, and good grounds, and it is rather strange that they do not find it possible to cater more extensively to the sporting public's desire to see good races.

The managing of the races fell to the lot of several gentlemen, who carried out everything without a hitch. Mr. Clunan, as starter, got the horses away without any difficulty, but the time between the heats might have been shortened somewhat. However, the crowd had no complaint to make on this score. Messrs. Charles Nixon and Jas. O'Shea officiated as judge of the course and timekeeper, for the events, respectively.

**Marathon Race**

The first event was a five mile run around the track for a gold watch. There were four entries, Ben Howard, Harry Quinlan, Fowler and Wood. Howard is another Hiawatha production and had no difficulty in outdistancing the pale faces. The race would have been a good one if there had been some one to run close with Howard, but he got away from the others, and maintained his lead for nine laps, finishing a quarter of a mile ahead of Wood. Quinlan and Fowler did not last for more than two miles, when they dropped out, Fowler going first. The time was 29.16, which is fairly good time.

**Free For All**

The free for all furnished some good heats with finishes between Harry Direct and Hazel Belle that left nothing to be desired in close running. Dr. Johnston's "Hazel Belle" won the race in three straights, Harry Direct not being in his best form. He broke several times at crucial moments, and Hazel Belle was gaining, while the black horse was getting his feet again. The race resulted as follows:

| Horse | Owner— | | | |
|---|---|---|---|---|
| Hazel Belle | — Dr. Johnston... | 1 | 1 | 1 |
| Harry Direct | — J. J. Cottingham..... ..... ... ..... ... ..... ... | 2 | 2 | 2 |
| Lady Gothard | — M. Connors... | 3 | 3 | 3 |

Time—1.11, 1.12 1-2, 1.12.

**The 2.30 Trot**

The heats were only half a mile. The 2.30 class furnished some fine racing between Little Girl belonging to J. Elmhirst, and Geo. Lipsett's City Queen. These two were seldom more than three lengths apart, and at the tape crossed with a fraction of a second's difference. W. Leith's Billy C. was also prominent in the two first heats, but did not enter in the third. City Queen was a favourite with the crowd and gave a good exhibition. First money went to City Queen; Little Girl, second.

**Named Race**

Only three horses entered this race. A little roan belonging to Mr. Godfrey and known as Godfrey's Pride, J. Kelleher's Black Mac and Wm. Leahy's bay horse. The race was won by Godfrey's Pride in three heats, Black Mac getting second money, and Mr. Leahy's bay coming in for third. The winner was strong at all stages, and although given a close run in every heat, still her driver was always master of the situation.

The time was 1.17 1-2, 1.18 and 1.16, the last heat being one of the best of the day.

**Notes**

The best feature of the day was the warm sun.

The street cars were on hand to get the crowd.

It is strange that ladies have a liking for the horses.

There were small pools going the grounds, 25 and 50 cents being the limits.

It was all over before 5.30. Mr. Clunan knows how to get the horses off.

A race between City Queen, Hazel Belle and Godfrey's Pride would be interesting.

# Peterborough Broke Even With Arctics Yesterday

### Lost the Morning Struggle by 7-4 Despite Burns' Masterly Pitching---Pulled Out the Second Game by a Batting Rally in the Sixth---Two Good Games

Without any parade or preliminary fuss and feathers the local baseball season was ushered in at the Riverside Park ball yards yesterday, when the Peterborough ball team broke even with the Arctics, of the Don Valley League, Toronto, in the first two of a series of three games for the Milbourne Cup. The visitors got away with the first game in the morning by a score of 7—4, but our gladiators got sweet, satisfying revenge at the afternoon session when after a glorious batting bee they walked off the field winners by the score of 17 to 10. Two big crowd of fans saw the contests and they were given their money's worth as both games were decidedly interesting.

**The Morning Game**

Dopey baserunning, some purple fielding and bad coaching lost the locals the morning game. Their Mr. Biffin did all he could to present us with the game but the men in the new blue and white uniforms politely refused to take it. Thus was his charity wasted. Mr. Biffin, it is true, did not allow many hits, only five being made off his delivery, but he gave six bases on balls and hit two which was about all that could be expected off one pitcher in a single game. His support was well nigh perfect, however, and Manager Johnston's bunch ran bases as if they had a bad attack of the "Charley horse."

Our Mr. Burns exhausted himself in causing the visitors to dint holes in the morning breese, fifteen of them failing to connect with his elusive slants and only four hits being made off him, but at that the locals persisted in presenting the visitors with the game. It was hard on the local's new twirler, but he made a most favourable impression on the fans and will be a big favourite this season.

The team with the frigid name broke into the run column early in the game. In the first chapter Avison and Lawless were passed and scored a moment after on Poulter's clean single over second. Another was added in the second when after Biffin and L. Cowle had fanned Sheridan threw to the grand stand after a pretty pick up of Moran's grounder. A passed ball allowed the visitor's catcher to cross the pan. The game was clinched in the lucky seventh when a combination of hits and errors resulted in three runs.

Biffin started the trouble by getting a base on balls and Moran, who was there with the stick all day, scored him with a neat single over second. Avison moved Moran along with a sacrifice and Cowle singled to left, the visitor's catcher scoring. An out and Johnston's miss of Clewlo's grounder sent Cowle across the plate. Poulter struck out ending the innings.

The visitor's last run was scored in the eighth when Halliburton was struck by pitcher, stole second and scored when Sheridan allowed Burridge's throw to get away from him.

Peterborough started their scoring in the second innings when with two gone Flaherty received one of Biffin's slants in the ribs. Burns, who ran for him, stole second and scored on Moran's wild throw to the middle sack.

Another came in the third, Burridge lead off with a nice single but Quinlan fanned, Sheridan got a walk and both runners stole. Then Callaghan supplied the needful hit, his effort being a beautiful single over second which scored Burridge and on which Sheridan, with proper coaching, should have scored, but he was held at third and an opportunity was thrown away.

We annexed another in the fourth, when Burns planted a beautiful four sacker among the willows along the bank of the raceway. Sheridan and Burridge both reached first afterward but were stranded there.

Our last tally came in the fifth when Callaghan was given a base on balls, stole second and third and scored when Halliburton dropped Moran's throw to cut him off.

The visitors had it over us in the fielding line in the first contest as the official score will show. Their Mr. Clewlo distinguished himself by getting his salary hooks on a high liner from Burn's bat that seemed to bear the through delivery tag. Lawson, the man with the frenzied finance name, who looks like Tom Longboat or a toothpick and who played first for the visitors, covered the bag in good style, while Halliburton cavorted around third in true pro style, covering all kinds of ground.

Burridge's work behind the bat was one of the features. He held Burns in good fashion and threw to second like a bullet. The visitors were evidently afraid of him and as a result the Arctics had only one stolen base to their credit. There was no particularly brilliant fielding stunt on the part of the Peterborough team, perhaps the prettiest being Sheridan's great throw inn the ninth inning when, after fumbling Avison's grounder, he shot the ball across the diamond like a bullet cutting off the runner.

W. Wareham's work as umpire was most satisfactory. The score follows:

| ARCTICS. | A. | B. | R. | H. | P. | O. | A. | E. |
|---|---|---|---|---|---|---|---|---|
| Avison, r.f.... ... .... | 2 | 1 | 0 | 0 | 0 | 0 | | |
| W. Cowle, c.f.... ... ... | 5 | 1 | 1 | 1 | 0 | 1 | | |
| Lawson, 1b... ... ... ... | 4 | 1 | 0 | 12 | 0 | 0 | | |
| Clewlo, 3b... ... ... ... | 4 | 0 | 0 | 3 | 0 | 0 | | |
| Poulter, s.s.... ... ... | 4 | 0 | 2 | 2 | 3 | 0 | | |
| Halliburton, 3b ... ... | 3 | 1 | 0 | 2 | 6 | 1 | | |
| Biffin, p ... ... ... ... | 3 | 1 | 0 | 1 | 5 | 0 | | |
| L. Cowle, l.f.... ... ... | 4 | 0 | 0 | 2 | 0 | 0 | | |
| Moran, c.... ... ... ... | 4 | 2 | 1 | 4 | 0 | 1 | | |
| | 33 | 7 | 4 | 27 | 14 | 3 | | |

| PETERBORO. | A. | B. | R. | H. | P. | O. | A. | E. |
|---|---|---|---|---|---|---|---|---|
| Sheridan, 3b... ... ... | 4 | 0 | 0 | 1 | 1 | 3 | | |
| Callaghan, l.f.... ... | 3 | 1 | 1 | 0 | 0 | 0 | | |
| Bellegham, 1b... ... ... | 5 | 0 | 0 | 7 | 0 | 0 | | |
| Johnston, s.s.... ... ... | 5 | 0 | 0 | 0 | 1 | 2 | | |
| Burns, p.... ... ... ... | 5 | 1 | 0 | 0 | 4 | 1 | | |
| Flaherty, c.f.... ... ... | 3 | 1 | 0 | 2 | 0 | 0 | | |
| Parnell, 2b... ... ... ... | 4 | 0 | 1 | 1 | 0 | 0 | | |
| Burridge, c.... ... ... | 3 | 1 | 1 | 15 | 0 | 0 | | |

| | 33 | 4 | 5 | 27 | 6 | 6 | | |

Summary:

Earned runs, Peterborough 2, Arctics 2. Home runs, Burns. Two-base hit, Poulter. First base on balls, off Burns 3; off Biffin 6. Struck out, by Burns 15; by Biffin 4. Hit by pitcher, by Burns 3; by Biffin 3. First base on errors, Arctics 3; Peterborough 1. Left on bases, Peterborough 10; Arctics 5. Sacrifice hits, Callaghan, Avison, Cowle. Umpire—Wareham.

By innings:

| | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| Artics... ... ... ... | 3 | 1 | 0 | 0 | 0 | 0 | 3 | 1 | 0 | —7 |
| Peterboro ... ... | 0 | 1 | 1 | 1 | 1 | 0 | 0 | 0 | | —4 |

**Sweet Revenge Was Ours**

The afternoon session developed into a slugging bee, in which the locals had all the best of it. Quinlan occupied the box for Peterborough and pitched fine ball. The visitors found him safely eleven times, but he kept the hits well scattered with the exception of a couple of innings.

Anstey, one of the best of the Arctic's string of twirlers, had a decidedly bad afternoon. The locals got to him in proper manner in the sixth and what they didn't do to him in that chapter wasn't worth doing. He was hammered to all corners of the lot for six hits, of which Quinlan got two, and with a couple of errors ten runs crossed the plate. They might have been batting yet if the scorers hadn't got writers' cramp and begged for mercy. It was a wild night at sea for Anstey but he took it in good style.

The feature of the game was undoubtedly the batting of the locals. Quinlan was the star, getting three hits, including a triple and a double. The three sacker came with the bases full and in the same innings he drove out a single which sent two more runs across the rubber. Flaherty also got away with three nice singles, while Parnell and Bellegham both had a beautiful three bagger and a single to their credit. Moran was the Arctics' best performer with the stick, landing on the ball for four safeties, one of them for two bases. Haliburton duplicated Burns' feat of the morning, driving the ball into the raceway for a homer, bringing Moran in ahead of him. Longboat Lawson also had three hits to his credit.

Up to the time of the balloon ascension on the part of the enterprising Mr. Anstey honours had been a little in favour of the visitors, Peterborough was the first to score, getting a brace of runs in the second on Burns' single over second and Flaherty's hit by pitcher, coupled with good base running. The visitors landed one in the half, Clewlo reached first on Burns' lurid throw to first off his grounder and scored on Lawson's safe drive to left centre.

Peterborough were blanked in their half, while the visitors got three, Moran singled and then came Halliburton's corkining homer to the raceway, scoring two runs. Poulter was safe on Parnell's fumble of his grounder and scored on Lawson's hit to centre.

Peterborough tied the score in the fourth on hits by Burns and Flaherty. With two gone Quinlan hit a rigging double to left, but Sheridan's best was a grounder to the pitcher.

In the fifth the Arctics landed two more again taking the lead. The runs were scored on hits by Moran and Poulter and infield errors.

Peterborough broke up the game in the sixth. Parnell started the fun with a hit over third, Burridge followed suit and Quinlan's pretty single to left scored both runners. Sheridan hit scoring Quinlan. Callaghan and Bellegham were safe on errors by short and pitcher filling the bases. Sheridan was nipped at the plate on Johnston's grounder to Anstey. Burns sacrificed scoring Callaghan. Flaherty singled to left scoring Bellegham and Johnston. Parnell was safe on Poulter's error and Burridge drew a base, filling all the hassocks. Quinlan drove a corking three bagger along the first base line, bringing in three runs and scored a moment later on Clewlo's fumble of Sheridan's grounder. Callaghan ended the agony with a grounder to second.

Things continued to come our way in the seventh. Bellegham, the first batter up, drove out a superb three bagger to deep centre, the longest hit of the day. Johnston's hit brought him across the pan. Flaherty hit safely and both scored on Parnell's hit along the right field foul line for three bases. The visitors got four in the eighth, Quinlan letting up with the game well in hand. Cowle, Avison and Gibson singled and Moran got a double which netted four counters.

The Arctics had enough at the end of the eighth and the game was stopped at that stage.

Mr. Wilson gave satisfaction as umpire.

Following is the summary:

| PETERBORO. | A. | B. | R. | H. | P. | O. | A. | E. |
|---|---|---|---|---|---|---|---|---|
| Sheridan, r.f., c.f. ... | 6 | 0 | 2 | 2 | 1 | 1 | | |
| Callaghan, l.f.... ... | 8 | 1 | 1 | 1 | 0 | 0 | | |

| Arctics... ... ... ... | 0 | 1 | 3 | 0 | 2 | 0 | 0 | 4 | —10 | |

**Notes of the Game**

Flaherty was hurt twice yesterday by being hit by pitcher. In the morning he received an in shoot in the ribs and in the afternoon he got another which struck him on the cheek.

Talk about you fanning bees, Burns struck out 15 men and Quinlan 14 during the day.

Burns' homer in the morning was a beautiful drive over the left fielder's head.

# SOCCER MATCH PLAYED AT WARSAW

### Lakefield and Dummer Kickers Play Tie Game.

Examiner Special

Warsaw, May 25. — On Thursday evening the Lakefield football team drove to Warsaw and played the local eleven a tie game, the score being one all at the finish. Both goals were tallied in the first half of the match, with the visitors in the lead. The teams were about as evenly matched as the score indicates. They both played good football and some pretty combination rushes were conspicuous. For the home team, Kidd, Bell, Darling and Wellsbank starred, while Pammett, Quinn and Johnston played good ball for Lakefield.

The line-up was as follows:

Lakefield — Goal, Jas. Garvey; backs, Pammett, Bidpath; half-backs, Roe, Quinlan, Jos. Garvey; forwards, Quinlan, Wheeler, Johnston, Quinn, Murduff.

Warsaw — Goal, Parker; backs, McDonald, Dalton; half-backs, Ogston, Kidd, Payne, Darling, Robinson, Bell, Wellbanks, Carveth.

Referee—B. T. Huston, Peterborough.

Sick headaches are cured by Miller's Granules. Sold by W. Madill.

# MIDLAND LEAGUE GAMES YESTERDAY

### Oshawa and Campbellford Were the Winners in Football Games Played on the Holiday.

Two games were played yesterday in the intermediate series of the Midland Football League when, at Port Hope, the home team was beaten by Oshawa by a very one-sided score of 7-2, which gives the district to Oshawa, the score on the round being 11-2. Hutters was the referee.

At Campbellford the home team was also victorious, defeating Warkworth by 4-0 in the first game of the district. McLaughlin refereed.

Additional Sport on Page Sixteen.

The Mark That Tells

Pen-Angle—trade-mark (in red) on every Pen-Angle garment, tells you it will fit and won't shrink,—your own dealer so guarantees it. Underwear thus trademarked is softer, warmer, more flexible, better wearing.

BETTER UNDERWEAR

Put New Blood Into the Arteries

AND THE FEELING OF WEAKNESS AND FATIGUE WILL GIVE WAY TO HEALTH AND VIGOR

Dr. Chase's Nerve Food

At this time of year nothing is of such great value to the human system as new rich red blood. Feelings of languor and depression, headaches, sleeplessness, irritability, impaired digestion, nervousness — these all tell of thin, watery blood and a run down system.

Dr. Chase's Nerve Food is above all else a blood building restorative which puts new blood into the arteries and by so doing lays the foundation for health and vigour.

It sharpens up the appetite, and strengthens the nerves, which control the flow of digestive fluids, forms new firm flesh and tissues, and gives vigour to thee vital organs of the body.

Mr. Fred H. Gould, Purdy, Hastings Co., Ont., writes: "I was troubled with nervous headaches, which at times were very painful and caused much suffering. It has been thoroughly cured by the use of Dr. Chase's Nerve Food. I can recommend this treatment most highly and believe that as a general system builder it has no equal.

Mrs. W. Chappel, Barrie, Ont., writes, "I have used Dr. Chase's Nerve Food as a means of building up the nervous system and of improving the health generally and I have also found it a good remedy for female troubles.

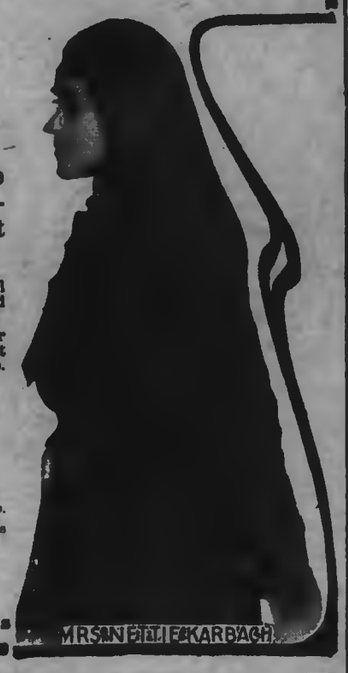
"We have used Dr. Chase's Ointment as a household remedy for all kinds of sores and cuts and think it is a splendid ointment."

You can be sure that Dr. Chase's Nerve Food is doing you good because each dose goes to the formation of a certain amount of pure, rich, red, blood. It cures by the building up process, and its cures are, therefore, thorough and lasting; 50 cents a box; 6 for $2.50, at all dealers; or Edmanson, Bates & Co., Toronto.

HEALTHY HAIR FOR ALL

BY USING

NEWBRO'S HERPICIDE



It is now possible for Everyone to have Healthy and Rich Looking Hair, by using Newbro's Herpicide, the ORIGINAL Remedy that "Kills the Dandruff Germ."

The presence of the dandruff germ in the scalp causes first, dull brittle and lusterless hair, with later, dandruff, itching scalp and falling Hair.

All of these disagreeable symptoms will disappear, and the hair grow as nature intended, if the dandruff germ is destroyed and kept out of the scalp. Don't wait for chronic baldness for it is incurable. Herpicide stops itching of the scalp, almost instantly.

"I cannot speak too highly of Newbro's Herpicide, it keeps my hair and scalp in excellent condition."
(Signed)—MRS. NETTIE KARBACH
Omaha, Nebr.

Two Sizes—50c and $1 at Drug Store. Send 10c in stamps to The Herpicide Co. Dept. L, Windsor, Ont., for a sample. Be sure you get Herpicide. Applications at prominent barber shops.

Mr. Williamson will lead the class in the studies for personal workers at the Y.M.C.A. on Sunday morning at ten o'clock.

**Lectured in Keene**

Last night Rev. Dr. Marsh lectured in the Presbyterian Church at Keene before a large audience, on astronomical subjects.

**Immigrant Train**

Yesterday morning at 7.40 another immigrant train, containing four passenger and two baggage cars passed through the city.

**Lawn Tennis Tea**

The third lawn tennis tea will be held on Monday evening at 6 o'clock at the Oval. All the members are requested to be present.

**Piano Tuning.**

Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. Phones, Bell, 199 A; Maobine, 199.

**At St. Joseph's Church**

A Redemptorist Father from Toronto will conduct the services morning and evening in St. Joseph's Church, Douro, on Sunday, May 26.

**"With Those That Murmured"**

Mr. Wilfrid Shiner will lead the Saturday Bible Club to-night in their study on the Conversations of Jesus—"With those who Murmured."

**Nordheimer Pianos**

Catalogues and full information regarding Nordheimer Pianos, at McDermid & Jury's drug store. It will pay to see these pianos before purchasing. 1mill

**Main Burst**

A water main on McDonel street, near the corner of Downie, burst last night, and quite a stream found its way down the ditches to the creek. The burst was repaired this forenoon.

**A Reminder**

Of the Auction sale of the six Crowe lots on Bonnecord street, second to no lots in the city for building purposes. Sale takes place on Tuesday evening at 6.30 o'clock on the premises. 2d122-3517

**That Soiled Suit**

That suit, with soils and spots on it, will take on all the freshness of a new suit if sent to "My Valet"—cleaned, pressed and repaired, ready for the summer. Wesley Bros., 204 Charlotte street.

**Improvements to Church**

The congregation of the Springville Presbyterian Church intends making considerable improvements to the church in the near future. These improvements will include a re-arrangement of the sheds.

**Stop Limping**

Have your feet attended to. Corns extracted without pain. Ingrowing toe-nails cured. Bunyons and all diseases of the foot successfully treated. See W. Claygome, foot doctor, Room 25, Oriental Hotel. 6d118

**Harwood Excursion**

The steamer Monarch arrived at the Wolfe street wharf yesterday morning with a large excursion from Harwood, Gore's Landing and river ports. She left in the evening at 5 o'clock for the south.

**Rev. Dr. Sinclair Expected**

It is expected that Rev. Dr. Sinclair, who has recently returned from Germany, will be the speaker at the evangelistic meeting for men at the Y.M.C.A. on Sunday at four o'clock. All men are invited.

**Appointed Administrator**

The Trusts and Guarantee Company, Limited, Toronto, has been appointed administrator of the estate of Henry B. Williams, who died in the States, leaving money in banks in Toronto. All his relatives live in England.

**Completing Steamer**

The steamer Otonabee, after lying at the Wolfe street wharf during Thursday, while her new boiler was being installed, was towed back to the East City wharf, where she will be completed.

**The Truth About the Baby**

Carriage business is that the Peterborough Bookstore's bold stroke of twenty per cent. off all carriages has caused a rush for best choice. Only twenty little equipages now left to dispute their claims with eager mothers, at the one-fifth off in discount. A. H. Stratton & Co.

**Campbell's Varnish Stains**

Campbell's Varnish Stains are guaranteed by the makers to give perfect satisfaction for refinishing Furniture, Floors and Interior Woodwork. The Peterborough Hardware Company is authorized to refund purchasing price in every case where the goods fail to give perfect results.

**Sunday School Day**

In conection with the Sunday School Day services, Rev. H. J. Keith, will preach in the morning at the Park street church, and the pastor at night, when the Y.M.C.A. duo will render a number, and in addition a solo will be given by a little girl, who has given much promise.

**Last Day For the Jilted Lover**

This poor fellow was a victim of French red tape. See the great moving pictures at Scott's Colosseum, 432 George street, this is the last day to see the Jilted Lover, and A Difficult Arrest. These two pictures have been seen by hundreds and everyone says they are two of the finest pictures we have shown, so come early and enjoy a good laugh. Matinees 2 to 5; evening 7 to 10. Admission 5 cents. Complete change of programme Monday.

**Auction Sale of Pompadour Island, Stony Lake**

There will be offered for sale by public auction about the beginning of June, the whole portion of Pompadour Island, Stony Lake, situated in the rear of the Loch and Thomas cottages, comprising over three-quarters of the 14 acres of the island, on which are a number of beautiful building sites. Interested parties will have a good chance to inspect this property on trips running about the 24th of May. For information apply to Dumble & Johnston, or R. E. Wood. 3d120.

**City Office, 287 Water Street**

## VICS WON THE HOCKEY MATCH

**Beat the Kenoras on the Rollers Last Night in a Good Game.**

The roller hockey match at the Charlotte street rink last night attracted a large portion of the holiday crowd and proved decidedly interesting. The Victorias won from the Kenoras after a hard fought contest by three goals to two. At half time the score was a tie, each team having scored twice. In the second half the Victorias succeeded in shooting one past Fortune, winning the game. All the players showed good form and succeeded in making the game fast and exciting. Clancy scored twice and Agnew once for the winners, while the losers' goals were scored by McDonald and Staunton.

Mr. S. J. Sheridan gave every satisfaction as referee.

The teams were as follows:

| | |
|---|---|
| Kenoras | Victorias |
| Goal | |
| Fortune | Little |
| Point | |
| J. Seymour | Gibbs |
| Forwards | |
| McDonald | Clancy |
| Staunton | Agnew |
| A. Seymour | Miller |

Miss Irwin vs. Miss E. Munroe.
Miss Clementi vs. Miss J. Cameron.
Miss G. Hall vs. Miss Anderson.
Miss D. Hall vs. Miss F. Cameron.
Miss Edwards vs. Miss Agnes Hall
Miss P. Lundy vs. Miss B. Moore.
Miss L. Pearse vs. Mrs. Matthews
Miss Rogers vs. Mrs. Coulthard
Miss Fair vs. Mrs. W. H. Hill.
Miss B. Morrow vs. Mrs. Ritchie.
Miss H. Davidson vs. Miss Kingan.
Miss L. Davidson vs. Mrs. R. Hall.
Mrs. McClellan vs. Miss G. Morrow.
Miss Mary Rush vs. Miss Halliday.

# LOCAL CRICKETERS WON GAME

**Defeated Warkworth Yesterday By An Innings and One Run.**

The Peterborough Cricket Team went to Warkworth for their first game of the season yesterday, and won from the team representing that village, by one run and an innings. Play was commenced about twelve o'clock, with Warkworth at bat. Two wickets went down in short order for two runs, due to Hill's fine bowling, and by the time adjournment was made for luncheon he had secured three more. Play was resumed at 2 p.m., and the side was retired after an hour's play, for a total of 59 runs, Marsland and B. Thompson sharing the honours for the highest score, each having nine.

Peterborough then went to bat and chalked up a total of 103 runs, 62 of which were contributed by Hill, whose magnificent batting won applause from the spectators time and time again. The next score was made by Roe, who was the only other man to reach double figures.

Warkworth went in again and were retired easily for 47 runs. Roe did some fine bowling this innings, getting 8 tickets for 13 runs. Peterborough now lacked four runs to win, with an innings to spare, so Roe and Hill went in to bat, making the required runs and one over. The team speak in the highest terms of the treatment accorded the players by the Warkworth Club. Following is the score.

**Warkworth First Innings**

Gilray, W., b Hill, 2.
Robertson, c Hall, b Hill, 7.
Humphries, c Greer, b Hill, 0.
Curtis, c Greer, b Hill, 7.
Marsland, b Hill, 9.
Tait, c Hill, b Roe, 6.
Thompson, c Greer, b Roe, 9.
Weatherston, b Hill, 3.
Curtis, b Hill, 0.
Grieve, not out, 1.
Darkins, b Hill, 2.
Byes, 3.
Leg byes, 10.
Total, 59.

**Peterborough First Innings**

Clark, b Marsland, 6.
Edwards, b Curtis, 1.
Roe, b Curtis, 10.
Hill, c Gilray, b Curtis, 62.
Cameron, c Marsland, b Curtis, 4.
Lorekin, b Tait, 7.
Duggan, b Curtis, 4.
Hall, c Marsland, b Curtis, 2.
Greer, c and b Gilray, 6.
Moore, not out, 4.
Wood, c Marsland, b Gilray, 0.
Byes, 3.
Total, 168.

**Warkworth Second Innings**

Grieve, b Greer, 1.
Marsland, b Roe, 1.
Robertson, b Roe, 1.
Curtis, b Roe, 4.
Tait, b Ross, 0.
Gilray, c and b Roe, 13.
Thompson, b Roe, 3.
Humphries, b Roe, 5.
Weatherston, b Roe, 11.
B. Curtis, not out, 4.
Dawkins, c Moore, b Clarke, 1.
Byes, 2.
Wides, 1.
Total, 47.

**Peterborough Second Innings**

Roe, not out, 8.
Hall, not out, 1.

Peterborough thus won by an innings and one run.

## MEETING OF THE CITY LEAGUE TO-NIGHT

**An Effort Will Be Made To Get the Organization Underway.**

Those interested in the formation of a City Baseball League are asked to remember the meeting to be held at the Oriental to-night.

# BUY LUCKY BOYS

**LARDER LAKE.**
**6 CENTS PER SHARE.**

REMEMBER we sold 2,500,000 shares of Blue Bell in 25 days at 10 cents per share. We have 1,000,000 shares of Lucky Boys at 6 cents per share. It won't last long.

This will probably be the last opportunity to purchase Larder Lake shares of inside properties at such a low price.

We recently made a most successful flotation of the wonderful Blue Bell Gold Mines, Limited. We offered to investors half of the capital stock, amounting to 2,500,000 shares, at 10 cents per share. We stated to our clients and investors in general that the shares of Blue Bell were a great purchase, and that the amount offered would be fully subscribed. Our predictions in this respect were fulfilled—the full amount of shares offered have been subscribed for. We have had to return money and turn back many applications. Some of our clients and many investors were very much disappointed at not being able to obtain these shares.

We now offer what we believe to be an investment equally as inviting and one that also is as good an investment and which we believe will prove equally as profitable. The **LUCKY BOYS** shares at **6 cents per share** will come within the reach of many more investors on account of the price and also on account of not so large an amount of money being required to be invested therein in order to obtain some of the shares. We will say with every confidence that the One Million shares of Lucky Boys which we now offer will be largely over-subscribed.

We want to serve every investor the same and advise all who want to make a safe, profitable investment, and one that will make you many times the amount that you invest, to **PLACE YOUR RESERVATIONS AT ONCE.** We will file all reservations in the order received, whether received by mail, telephone or telegraph, and will hold all such reservations for a sufficient length of time to enable the remittance for same to reach us.

The Lucky Boys claims were staked last summer and were well selected. Gold-bearing quartz is found upon each and every claim. Some of the claims adjoin the famous Reddick claims; others adjoin the well-known Proprietary Gold Fields Company, and others adjoin the wonderful Blue Bell properties. We can advise investors truthfully that there are no better claims in the Larder Lake gold fields than those of the Lucky Boys. We do not believe it is necessary for us to go into as much detail regarding Larder Lake, its possibilities and resources, as we have heretofore done in our advertisements pertaining thereto. All Canada must have heard of Larder Lake—the new Eldorado of northern Ontario—and of its wonderful gold deposits.

Our own expert miners and mining engineers who are now in the field are sending out reports to us almost daily of the great gold finds that are being made and of the wonderful extent of the gold veins and their remarkable widths. Mining men of experience and mining engineers of reputation and standing declare that there is nothing in the world that has ever been known to excel what is found there in the great lodes that lie open and are exposed to the surface, many feet in width and extending for miles.

The gold which is found at Larder Lake is most marvellously and equally distributed throughout the quartz. Of course it is only guess work at this time for anyone to say what quantity of gold will be taken out within the next year or two, but it is safe, from present indications, to count upon many millions. Cobalt is a wonder and has made a number of millionaires in the past three or four years, but the number of millionaires that will be made in Larder Lake gold district within the next year will be many times that which Cobalt has produced. There are many men to-day who have not more than several hundred dollars, or perhaps less, who will possess within the next year as many hundred thousands as they have hundreds of dollars to-day. The production of gold last year exceeded **FOUR HUNDRED MILLION DOLLARS.** Somebody got this money. Most of it went to the people in ordinary circumstances. By investors placing their money in Larder Lake **NOW,** they will reap great profits. Many millions will be returned to those who have the courage and the judgment to invest their money now in Larder Lake. The secret of profitable investment in mining is the careful selection of a brokerage house which will first go to the pains and expense of finding out for an absolute certainty if the proposition they offer is reliable and has merit, and **LAW & COMPANY HAVE DONE THIS** and our facilities are such as to keep in close touch and know the actual conditions surrounding the properties which we advertise and recommend. We do not claim to have the only gold property in the Larder Lake district, or the only one that has merit. We do not claim that we are the only brokerage firm that is honest and reliable. We do not caution you not to buy other shares or of other brokers. We are not trying to build up our own reputation upon the ruination of others, but by upright, straight-forward business methods.

**WE DO CLAIM,** however, that we are sincere in what we offer—that we are honest and reliable, and that we have used every method and have obtained reliable information from the Larder Lake district as to its being a substantial gold field. We are satisfied that the Lucky Boys property is a good, safe investment, and one that will prove highly profitable. We know that the gold is on the Lucky Boys property, and we know that it is a very easy and a very simple matter to extract the same—that it is free milling ore, and that all that will be required is to place the machinery upon the properties, and we believe the results therefrom will pay millions of dollars in dividends to stockholders.

## 6 CENTS PER SHARE

Remember that we have but **ONE MILLION** shares of the Lucky Boys to offer at 6 cents per share. This is not half the number we offered in Blue Bell, and does not represent a total investment of one-fourth the amount to bring about an over-subscription.

We therefore urge **IMMEDIATE ACTION** by all those that failed to be in time to secure Blue Bell, and we further advise that investors should have no hesitation whatever; that Lucky Boys is absolutely as good an investment in every way as any Larder Lake mining company, regardless of price, location or results obtained.

The Directors, Officers and Management of the Lucky Boys are among the most successful mining men in Northern Ontario—men whose standing and reputation are beyond reproach—and every investor may feel assured that their interests will be looked after by these gentlemen properly and in a thorough and businesslike manner.

The entire country is waking up to the wonderful opportunities offered in the Larder Lake gold district. The opportunities offered now to make safe and enormously profitable investments will have passed within a very short time. Men representing millions are in the field looking over properties and purchasing. The opportunity offered now of buying Lucky Boys at six cents per share will undoubtedly be the last chance that investors will have of getting in on the very rock bottom, in the very heart of the wonderful Larder Lake district. It should be remembered that these properties are just as valuable and have just as good showing and with as much gold in sight, and are in every other way as good as the properties of other companies whose shares are selling to-day at $1.00 and $1.50 per share. We sincerely believe, and have every reason to make the assertion that Lucky Boys, which can be purchased to-day at six cents, will in a very short time be selling at $1.00 or more.

## DAVE BELLAND WON RACE AT BROCKVILLE

**Defeated "Reddy" Taylor in 100 Yards Race**

Examiner Special.

Brockville, May 25.—In a 100-yard foot race, held here yesterday, Dave Belland of Quebec, formerly of Peterborough, won from "Reddy" Taylor in ten seconds.

## RECEPTION TO CANAL OFFICIALS

**Celebration in Omemee Yesterday—Pigeon River Formally Opened.**

Omemee, May 25.—One of the features of Victoria Day here was the exhibition football match between a team from the Quakers of Peterborough, and Omemee. The game, according to the referee, resulted in a win for the home team by four goals to three, but a large number of spectators claimed that the result should have been a tie, three all. One of Omemee's counters was shot on goal when their umpire was enjoying a nap, and when he noticed the ball behind the stakes he called it a goal. The ball, however, passed over about three feet above the tapes. The Quaker team consisted of Laing, Sellmshaw, Dick Evans, Dingman, Archibald, Hamilton, Gniff, Dowell, Crough, Brodie and Light. Evans.

The Quakers had much the better of the play, and had their combination been better and their shooting more accurate, would have doubled the score on Omemee.

## PETERBOROUGH TEAM WERE ENTERTAINED

**Golf Team Played Match With Lambton Club on Latter's Links Yesterday.**

Yesterday a team representing the Peterborough Golf Club spent a delightful day in Toronto as guests of the Lambton Golf Club, playing a match on the latter's rinks in the afternoon. The Toronto team won by six up. The score being as follows:

| Peterborough. | Lambton. |
|---|---|
| Stuart, 1 | Austin, 0. |
| Burnett, 0 | Rodger, 1. |
| McDonald, 0 | McMaster, 1. |
| Stratton, 0 | Bright, 1. |
| Campbell, 0 | Cromarty, 1. |
| Matthews, 0 | Hart, 1. |
| Allen, 0 | Bertram, 1. |
| Wallace, 0 | McDougall, 1. |

Stratton sells dainty wall paper cheap.

## FOOTBALL

Oshawa defeated the Port Hope Intermediates in a Midland League game in Port Hope yesterday by the score of 7—2. Oshawa has, therefore, won the round by 11 goals to 2.

• • • •

Campbellford trimmed Warkworth yesterday on the former's grounds by 4—0 in a league game.

• • • •

Seaforth tied the Fall River team in their exhibition game yesterday. The score was 2 all.

**The Chinaman and You.**

His compass points south.
In saluting you he puts on his hat.
Walking with you, he keeps out of step.
He shakes his own hand instead of yours.
He says east-south instead of south-east.
To be polite, he asks your age and income.
He throws away the flesh of the melon and eats its seeds.
His women often wear trousers, while he often wears a gown.
He presents coffins to his friends as you present cigars or books.—Minneapolis Journal.

**Size of Molecules.**

Lord Kelvin has estimated that in a drop of water, if it were magnified to the size of the earth, the molecules would range in size from a grain of small shot to a baseball. This will give some idea of the minute form of the molecule.

Hamilton papers will be inclined to say that Toronto is at least consistent. Its boast of an ocean port is founded upon direct shipments of

# A Destructive Fire In Manufacturing Works

## Peter Hamilton Agricultural Works Visited by a $10,000 Blaze on Saturday Evening---Difficult Fire for the Brigade to Conquer

At twenty minutes to six o'clock on Saturday evening a disastrous fire broke out in the paint shop of the Peter Hamilton Agricultural Works, which, while confined entirely to that department, did a great deal of damage before being gotten under control. The paint shop and wood-working room, which are at the top of the southwest portion of the building, were, as a result, completely gutted, and for a time it looked as if the entire plant would be wiped out. Only the good work of the fire brigade averted the catastrophe, as the building is of a nature to spread a fire very rapidly, the floors being saturated with grease, while in the portion of the plant immediately north of where the fire broke out is a storeroom containing benzine, turpentine and other inflammable substances. If the flames had reached this part of the building it would have been almost impossible to have saved the whole structure.

**The Origin**

Just how the fire originated is unknown, but the theory is advanced, and generally accepted, that it was carried by a spark from the cupola of the moulding shop. At any rate, it is certain that the blaze began in the roof of the paint shop. Shortly after half past five, passers-by on George street noticed smoke curling out from under the roof of the building in front, and an alarm was sent in from the nearest box, which is just outside the company's office, at the corner of King and George streets.

**A Hard Fire to Handle**

The brigade responded quickly and found that they were called upon to fight one of the worst fires they have encountered in some years. The inflammable nature of some of the contents of the paint shop caused the flames to spread with frightful rapidity.

The brigade first attempted to fight the fire from inside the building, but soon discovered that they could not do much in this way. A line of hose was carried upstairs, but it was found impossible to reach the fire, which was blazing in the attic above the paint shop. There was no opening into the attic, and the smoke and fumes were so bad that the fire fighters were driven back and sought to strike at the blaze in another way.

**Fighting From Hoist**

The elevator at the outside of the building, used to lower goods from the third storey, was next called into use. A number of the brigade with a line of hose was hoisted up to the door of the third storey, and attempted to quench the flames from that vantage ground. The same difficulty was experienced here. It was impossible to get at the heart of the fire, there being a roof with no opening between, and the smoke was so bad that some of the firemen were nearly suffocated. A number used the new smoke masks, but they did not prove to be of much service.

Baffled in this attempt, the firemen returned to terra firma, and from them on fought the fire from the ground. By this time the flames had burst through the roof of the paint shop, and long tongues of flame shot from the windows. Clouds of heavy, black smoke hung over the neighbourhood, and the scene was one of most vivid interest to the hundreds of people who filled the surrounding streets. At this stage it looked as if the doom of the building was assured. The flames were beginning to make their way into the storeroom, and the paint shop was a mass of flames from end to end.

**Five Streams in Use**

The firemen were not beaten, however. They had five streams playing on the flames, three in front from hydrants on George street and two more from a hydrant on Water street. While at first these seemed to have little effect upon the flames, they soon began to do their work. Tons of water were hurled into the blaze, and the other departments of the building were saved. After the three streams had been used in front for some time, the deluge set was put on, two sets of hose being joined together with a Siamese coupling. This powerful stream was not long in doing useful work. It was kept playing on the storeroom for some time until all danger of the fire reaching there was averted, and then it was turned on to the flaming paint shop, which the other streams had been attacking in the meantime. A line of hose was taken on to the roof of the sheds at the south of the building and used to good effect through the windows there.

**Under Control**

This deluge of water soon had its effect, and at 6.30 o'clock, when the roof of the paint shop fell in with a crash, the fire was practically under control. Half an hour later all danger was over, although for some time afterwards the firemen kept flooding the third storey with water.

At 10 o'clock there was a slight flame in the gable at the front of the building, which was quickly extinguished by the firemen, a section of whom remained on guard all night to see that there was no danger of the fire breaking out again.

**Fireman Injured**

The blaze was a decidedly unlucky one for the firemen, as two of the brigade received painful injuries. Fireman Arthur Ringer had a ligament in his ankle torn almost in two while on the way to the fire. He was standing on the step of the hose wagon and his injury was caused by a jolt, sustained as the wagon passed over a crossing at full speed. When the scene of the fire was reached he found that it was almost impossible for him to walk, and he was at once removed to his home on Reid street. The injury is a painful, but not serious one.

**Struck by Nozzle**

The other member of the brigade injured was Fireman Wm. Metheral, who was struck on the head by the nozzle of a hose as it was being taken down from the hoist. A deep and painful cut was inflicted on his head, and medical assistance was rendered necessary. After having five stitches put in the wound he returned to the fire and formed one of the section which remained on guard all night.

**The Damage**

It is impossible to accurately estimate the damage done by the fire, but Mr. Peter Hamilton informed the Examiner this morning that he was of the opinion that it would not exceed $10,000. The loss is fully covered by insurance in the Millers' and Manufacturers', Metropolitan and Phoenix Fire Insurance Companies.

The blaze will not interfere to any great extent with the operations of the plant, and it is expected that this year's supply of binders will be gotten out without trouble. The men are at work this morning in every other department of the building except the machine shop, the belt in which was damaged by water and cannot be used. The firm have ordered another from Toronto, and it is expected to arrive to-day, in which case this department will be running as usual.

A number of the company's men were at work this morning clearing away the debris of the paint shop. The work of re-building will be rushed ahead as rapidly as possible, and it is expected that in a short time the entire works will be running as usual.

**Chief Rutherford's Comment**

Commenting on the fire to an Examiner reporter, Chief Rutherford said that the report that the members of the brigade were not entirely under his control was without foundation. His men were doing as they were ordered, but some of the employees of the company were also at work, not under his orders.

Chief Rutherford also referred to the defective ladder equipment with which the brigade is provided. They had not a ladder which was of any use in reaching the paint shop, in which the fire was, and thus the flames were able to make rapid headway. He stated that if the brigade had had a ladder which would have enabled them to reach the windows of the paint shop they would have been in a position to fight the fire from there, and it would not have made the progress it did.

This afternoon all the departments are at work, and every effort is being made to overcome the trouble with a minimum of interruption of business.

# Charles Sellars Struck By G. T. R. Engine Near Omemee

## Left Leg Completely Severed Below the Knee—Freight Train From Midland to Belleville with Two Engines — Sellars is Over Seventy Years of Age.

## HE IS SAID TO BE DEAF

Charles Sellars an old man of 70 years was struck by the front engine of a G.T.R. double header yesterday afternoon shortly after one o'clock, the wheels severing his left leg just below the knee. The accident happened a few miles this side of Omemee and the wonder is that the man escaped with his life. As it is he is in a serious condition, the full extent of his wounds not being fully known.

**Is Rather Deaf**

Sellars was walking along the track and the train approached from behind. He did not pay any attention to the whistle and it is said that he is deaf which would account for his seeming carelessness. The engineer expected that he would step out of danger's way and did not realize Sellars' peril until it was too late, a curve having hidden the man from view. He tried to stop the train immediately, but its momentum carried it on, and the old man was struck and thrown to the ground with the results just stated.

**Hurried to Peterborough**

The front engine was detached from the train and made a rapid run to this city with the injured man. The Dan Spence ambulance was called to the station and Mr. Sellars was removed to the Nicholls Hospital where the shattered stub was dressed and the patient given every care. He is badly bruised in different parts of the body and it is thought that there may be internal injuries. He had very little to say and is not known in this city as far as can be learned. It is thought that he is a pedlar, but this is only a surmise from his rather foreign appearance.

**The Train**

The train was a heavy freight of grain and was drawn by two engines Nos. 277 and 257. The trip was from Midland to Belleville where the main line would be utilized for conveyance to Montreal. The engineer is very much troubled over the accident but, of course, he never expected the man to remain on the track.

It was supposed that the man being a German, Mr. B. Laster would be able to discover some particulars. But, though he tried in four languages, Russian, Yiddish, Polish and English, owing to the man's extreme deafness, little or nothing could be learned. The same process was repeated in writing, but the wounded man was unable to read. However, a paper was found on his person, requesting that if "anything happened" to the bearer, his daughter, Mrs. Springler of Arnprior, be communicated with. Another paper asked that the old man should be helped on his way to Lindsay and Fenelon Falls.

Inquiry at the hospital reveals that the injured man is progressing favourably.

WARM WEATHER IS THE ONLY SALVATION

A Peterborough gentleman, who has been on a visit through the fruit district in the Niagara Peninsula, returned to the city last night, and reports that up to the present time no damage has been done to the fruit. If warm weather as experienced at once, he believes there will be a good fruit crop, but the present is the crucial time. Everything is just ready now for the warm weather, and if it is long delayed the results to the fruit crop of that section will likely be disastrous. The people, there, however, are hopeful, and are confident that the warm weather will come when it is needed.

# TRUMPET BAND MAY BE FORMED

## Mr. Walter Hughes Proposes to Institute Trumpeters Besides the Regular Buglers

There is a strong probability that a Trumpet Band will be formed in the city before long. Mr. Walter Hughes, the newly-appointed instructor of the Bugle Band, is interested in the matter, and has ordered a trumpet from Toronto through the J. M. Greene Company. He expects it here in a few days, when the buglers may have a chance to inspect it.

The formation of a Trumpet Band would add to the efficiency of the Bugle Band, as the music is better and more calls can be played with a trumpet. It is not difficult to play, this instrument if one has already mastered the bugle, and, with a little practice, the band would soon be in good shape. To those that like martial music, a trumpet band will be an added pleasure and will delight the sidewalk crowds in the turnouts and parades.

Mr. Hughes has had an extensive experience in band music and bugling, and is rounding the Bugle Band into shape. It is hoped that the boys will take up the work and master the trumpet, and in six weeks there should be a good Trumpet Band in the city. This instrument is largely used by cavalry squadrons, especially in the United States, where many excellent bands are found.

**Nurse Tells Of Eczema Cure**

Mrs. C. Stanley Jones, professional nurse, 283, Simcoe street, Toronto, writes: "In my occupation as nurse I have come across many cases in which Dr. Chase's Ointment has been used with extraordinary results. One case is that of a sixteen months old child who was cured of scald head and another that of a woman cured of eczema on the face after the doctors had given her up."

**What Do You Think of the Man**

Who says he will pay rent no longer? Six weeks ago he bought from me a block of 8 Lots, ploughed and planted 7 Lots, has all material on the ground to build a house. He has already built a temporary Cottage which his sensible wife is quite satisfied to occupy pending completion of the home. The children are happy and free from many city dangers. The hens have occupied their coop and are supplying the wants of the family in their line. The big garden will soon supply many other wants. There is no rent to pay. The block of 8 Lots would now sell for $200 more than cost. The owner being a builder bought a second block to-day and with his 16 Lots to build upon the tenant of six weeks ago will very soon be a Landlord and an employer on the road to riches. If you are a good class of man I can start you in like manner. My Lots, my Prices and my Terms have no equals in Peterborough. Call without delay. Prices advance June 1st.

**T. HURLEY,**

228 Hunter Stre

**Quit Paying RENT**

Quit paying rent and come and secure one of our Nice Homes, we have many to choose from, prices from $750 to $10,000, lots of lots in all parts of the city. A few Thousand Dollars of private funds to loan.

## CHOOSING A PART

In an excellently timely and appropriate sermon to the members of the Sons of England Benevolent Society last night, Rev. Canon Davidson preached of home and some duties, conditions and responsibilities, not only home in a mere domestic sense, but in a broader, national sense. He particularly enjoined Englishmen making a home in Canada, to do so in full reality—to manfully assume all responsibility of Canadian citizenship, such as duty to their new home involved; to be first of all, loyal to their new home, which they could do consistently with a loyal and loving memory for, and loyalty to, England the mother of homes. Englishmen and other Mother Country people, coming to Canada to make a new home, if they wish to realize the highest benefit of their new relationship, have two choices, or, rather, perhaps, a two-fold choice, to make—first, that of religious, or church affiliation, and, secondly, of political affiliation. They cannot come to the highest level of citizenship without a practical recognition, profession and practice, of the duties of religion. They cannot be loyal to their flag without being loyal to the Christian obligations the flag of the three-ply Cross imposes. The second choice, or part of the choice, relates to the matter of political citizenship, the choice of a party with which to associate in the discharge of the political duties of his new citizenship. If he desires to connect and associate himself with the party whose spirit is responsible for the advanced conditions of civilization, citizenship and opportunity he has entered upon, he will choose the Liberal party. The essence and spirit of Liberalism as a principle, are continual advancement and improvement in the direction of human well-being and enfranchisement; to make stepping stones of dead conditions that may have well served their day, to higher planes of achievement and possession, to aspire to the highest development of human freedom, consistent with order and the safety of the State. It recognizes, in creed and practice, the civil equality of all men. The essence and spirit of Conservatism are everlasting equilibrium of social and civil conditions, and unending civil and social status quo, a sharp distinction between the classes and the masses—the master and man spirit. Of course, the essential spirit of both Liberalism and and Conservativism, as suggested, are both modified by conditions and environments and, necessities. Liberalism—as its Latin ancestry—liber, free—indicates, signifies freedom, with bounds made wide. Conservatism, as its Latin ancestry— con, servare—indicates, signifies thoroughly keeping, fully retaining present and — logically, past conditions in state and society, and the "bounds of freedom" made narrow. Conservativeism in Canada found its nomenclature deficient, lacking in breadth, incongruous in the broader, freer atmosphere of the new world. Sir John Macdonald with the astucious audacity which marked his great statesmanship, recognized the wanting element, and in ambitious endeavour to mix oil and water, prefixed the title "Liberal" to "Conservative," thus creating the name Liberal-Conservative, and thus admitting the necessity of strengthening and giving respectability to a party name by associating with it a title representing attributes which the original title did not, nor does yet, represent. Liberalism holds the safe middle way between Radicalism and Toryism, the extremes of political sentiment, but in many ways fulfilling the saying that extremes meet. If a new arrival in Canada desires to attain the full stature of civil manhood, he will naturally associate himself with a party which represents in aim and attainment the medium of reaching theoretically ideal political relations and results.

**YOU ARE SICK!**

You're uneasy, restless, without appetite. Still worse, you are thin and fagged out. Work must be done, but where is the strength coming from? Make your blood nutritious and you'll have lots of strength.

Your only hope is Ferrozone, the great food tonic.

**FERROZONE**

It's a blood maker, blood purifier, blood enricher. It brings sharp appetite, digests and converts all you eat into nourishment.

Ferrozone makes muscle, tissue, nerve. It strengthens in a week, builds up anyone in a month. Think of it. You'll live longer and feel better by using Ferrozone. Avoid substitutes.

Price 50c per box or six for $2.50, at all dealers, or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

## ROUND MEN IN THE SQUARE HOLE

A despatch from Latchford, New Ontario, states that there is much adverse criticism caused in that vicinity and throughout New Ontario by the Government appointment "of men fresh from the School of Science to the posts of fire rangers." It is added that "many of them knowing nothing of the bush are sent out with guides"—presumably to prevent them being lost. If there is anything which needs some experience and a good deal of it, and some knowledge, and a good deal to, of woodcraft, it is the position of fire ranger. The spoils system is, no doubt, responsible for the success of political pull, in putting callow youngsters, out for a summer holiday, to perform duties, upon whose efficient discharge depends the safety of thousands of dollars worth of timber. Necessarily these young men know nothing of the duties demanded of them, and stand to be worse than useless, in that they take the place of capable men, who would be of some service. It would be better to equip these fire rangers with a belt about their necks in case of their being lost—it would be cheaper than employing guides to look after them.

## EDITORIAL NOTES

Conservative Governments do not shine as nation builders. Under a Conservative Government mis-government, we had in 1885 a little rebellion in the Northwest; under a Conservative Government's mis-government, we have in 1907, a portion of Ontario threatening secession. "Be just, and fear not" — either rebellion or secession.

The Mail and Empire evidently does not look for an early general election. Else it would not lapse into the heresy of expressing approval of anything whatever in connection with the Laurier Government. It permits itself to say:

> eux refuses to permit U. S. fuses to permit United States publishers to express their papers to Canada and to mail them here at the old rate. And the P. M. G. is right. The scheme would be a nullification of the new treaty."

Canada has been invited to take part in an international exposition at Tokio, Japan, in 1912. Here's a chance to show the Mikado's land something of the potentialities of Canada in the way of feeding the Japs. While twenty-five Japans, territorially, could be placed upon Canada, without covering it completely, Japan has forty millions of people, compared with Canada's six millions. Either one of the great wheat-growing provinces, Alberta or Saskatchewan, is three times as large in area as Japan. Some maps or charts to show the wheat capacity of these provinces, would be an object lesson to the Japanese, profitable to Canada.

***A SPECIAL MEETING of Court Chemong No. 530, I. O. F. will be held this evening in the S. O. E. Hall, Hunter St., at 8 O'Clock to make arrangements for the funeral of our late brother, C. Beauclere.***

## CHAIRMAN WANTS COMPULSORY SEWERS

### Board of Health Did Not Have a Quorum This Morning

There was no quorum of the Board of Health this morning, and consequently there was no business transacted.

There were present Chairman W. Eyres, the Mayor, and Mr. A. Parker. Although it was not possible to do business the chairman referred to a number of terraces on McDonel street, which he thought should be connected with the sewer. A section of the sewer, he said, passed the property in question, and he thought that the council should be asked to pass a bylaw extending the area of compulsory sewer connection, so as to include these houses.

The Mayor said that he did not think it possible to do this. The Board had already asked that an area taking in the central portion of the city should be included, and this has been done.

**ITS MERIT IS PROVED**

RECORD OF A GREAT MEDICINE

A Prominent Montreal Woman Tells How Lydia E. Pinkham's Vegetable Compound Completely Cure Her.

The great good Lydia E. Pinkham's Vegetable Compound is doing among the women of America is attracting the attention of many leading scientists, and thinking people generally.

Mrs. M. A. C. Letellier

The following letter is only one of many thousands which are on file in the Pinkham office, and go to prove beyond question that Lydia E. Pinkham's Vegetable Compound must be a remedy of great merit, otherwise it could not produce such marvelous results among sick and ailing women:

"Dear Mrs. Pinkham:—

"Soon after my marriage my health began to decline, My appetite failed me: I was unable to sleep, and I became very nervous and had shooting pains through the abdomen and pelvic organs, with bearing-down pains and constant headaches, causing me much misery. The monthly periods became more and more painful, and I became a burden and expense to my family instead of a help and pleasure. Lydia E. Pinkham's Vegetable Compound cured me within three months. Soon after I began using it I felt a change for the better, and at the time of my next period I noticed a great difference, and the pain gradually diminished until I was well. I am stronger and look better than I did before I was married, and there is great rejoicing in the house over the wonders your medicine worked." Mrs. M. A. C. Letellier, 732 Cadieux St., Montreal, Quebec.

If you have suppressed or painful periods, weakness of the stomach, indigestion, bloating, pelvic catarrh, nervous prostration, dizziness, faintness, "don't-care" and "want-to-be-left-alone" feeling, excitability, backache or the blues, these are sure indications of female weakness, or some derangement of the organs. In such cases there is one tried and true remedy—Lydia E. Pinkham's Vegetable Compound.

## M'NAMARA PROPERTY FOR THE PICNIC

### T. A. S. Excursion Will be Held to This Fine Lot on West Side of the River

At the last regular meeting of the T. A. S. the question of the annual picnic was again discussed, and it was decided to accept Mr. M. A. McNamara's offer of the free use of 40 acres of his property for the picnic, instead of the grounds that were used last year. This lot is on the Monaghan side of the river, not much more than three miles from the city, and is a very desirable place for a day's outing. It is considered to be much better than the other grounds, being prettier and more suitable for athletics. It extends along the Otonabee an eighth of a mile, and is more adapted for a large crowd. Mr. McNamara's kindness is appreciated by the society.

A number of the members of the Grounds Committee will visit the place on Tuesday evening, and the remainder will go down on Saturday afternoon. They intend to do the initial work of getting the grounds in the best of condition, so that it will not be left until too late. The sports this year will be more numerous than heretofore; there will be a spacious dancing pavilion erected, and it was also decided to provide a hot dinner, and there will be a number of tables built for this purpose.

The last thing that is needed to make the coming excursion "the greatest and only" is fine weather, and it is hoped that Old Sol will be wearing his brightest smile that day.

Tisdall's bakers pay a little more for the ingredients that go into their cakes.

## 21 LOCKAGES IN ONE DAY AT LOCKS

### On the Holiday a Record Was Established for the Month of May

Twenty-one lockages in a day constitutes a record for the month of May at the Peterborough locks. This was the number of lockages made at this lock on May 24th and comes within three of breaking the record for lockages in any one day at this lock. Mr. Collins had a busy day, the work commencing early in the morning and continuing until late at night.

## THE WEATHER

The rainfall yesterday totalled .45 of an inch, and although it may have been needed, some bright warm weather is still more necessary. Almost every night the thermometer gets perilously near the freezing point, and it would not be surprising if it goes below it tonight should the wind go down and the clouds disperse. Yesterday's highest was 57 degrees.

Mr. H. R Schutter, advance agent of the "A Royal Slave Company," is registered at the National.

**At Annual Convention Held in Norwood, County School Inspector Was Chosen Presiding Officer.**

## INTERESTING ADDRESSES

Norwood, May 25. — On Wednesday evening a large number of teachers and friends of education had the privilege of listening to a very interesting address on "The Man of To-morrow," by Dr. Merchant, of London, Normal.

The evening's enjoyment was added to by a solo by Mrs. Harold Howson, an instrumental duet by Misses Birt and Foster, a solo by Miss Una Duffield and an instrumental by Miss Fleda Howson.

The teachers attending the different sessions of the convention were Miss A. White, Westwood; Miss A. Thompson, Asphodel; Miss G. Carter, Asphodel; Miss H. Fowlds Birdsall's; Miss L. Kelly, Chase's Corners; Miss C. Dewart, Rockdale; Miss B. Wilson, Belmont; Miss L. McMillan, Miss E. Wynn, Miss A. Payne, Douro; Mr. G. Welbanks and Miss M. Foley, Warsaw; Miss F. Foster, South Dummer, Miss S. Hamilton, North Monaghan; Miss J. Weir, and Miss E. Ivey, Harvey; Miss R. Spence, Indian River; Mr. C. Pilkey, Keene; Miss Lees, Miss Melaney, Miss M. Carter, Miss A. Oliver, Miss M. Edgar, Mr. J. Parker and Miss A. Elmhirst, Otonabee; Mrs. A. Caddy, Bridgenorth; Mr. M. Graham, Miss S. Weir, Smith; Miss Milne, Selwyn; Mr. Gordon and Miss Kennealey, Lakefield; Miss Steele, Mr. Doherty, Asphodel; Miss A. Petrie, Prenveveau; Miss J. Logan and Miss Peacock, Belmont, Miss E. Coons, Round Lake; Mr. C. Hay, Cordova Mines Miss K. Baskin, Cottesloe. Miss E. Dewart, Clarina; Miss A. Ross, Centre Dummer; Miss J. Allan, Young's Point; Mr. G. Priddle, Misses Ireleaven, Buchanan, Warren, Kelly and Day, Havelock; Mr. Smithson, Misses Kirkpatrick, Waters, MacLachlna and Brighty, Norwood.

The Thursday morning session opened with the president in the chair. The Nominating Committee reported as follows:

President—Inspector Lees.
Vice-Pres.—Mr. J. Gordon.
Sec.-Treas.—Miss M. Kirkpatrick.
Auditors—Miss Waters and Miss MacLachlan.
Executive — Misses Duff, Hamilton, Carter and Mr. J. Parker.

The report was adopted.

Miss Kelly of Havelock, then taught a very instructive lesson in phonics, in which she made use of several expedients to secure interest and attention in which she was highly successful.

After a short discussion Mr. Gordon gave his report on the O. E. A., in the course of which he spoke of the pleasure of listening to the British Ambassador to the United States Mr. Bryce; also to Prof. Goldwin Smith. He spoke of the change made in the minimum salary in rural schools, on account of the indignation of trustees all over the province at having to pay such high salaries, etc.

The organization of Teachers' Union was discussed as to rules, regulations, provisions, and officers, etc. After this he reported the address given by Dr. Merchant of London Normal, which was very much on the same lines as the address given by him at the convention on Wednesday afternoon.

The report of the Advisory Council was short as they had not accomplished much yet.

Mr. Gordon's report was well received and displayed careful preparation.

It was then moved by Mr. Lees, and seconded by Miss Kennealey, that Miss Carter give her report of the O. E. A., in order to finish that subject during the forenoon session.—Carried.

Miss Carter gave a full but concise report of the remainder of the spring meeting of the O. E. A. She spoke of an address on "Personality," by Mr. Winship, Boston; and also of Embree's report, which had been referred to.

The motion, urging the use of the Bible as a text book, although many spoke in favour of it when put to the O.A.E., was lost.

Miss Carter's share of the work of reporting the deliberations of the O.A.E. was well done.

Moved by Mr. Smithson, that we appoint a committee of five to report in regard to the Provincial Teachers' Organization, seconded by Mr. Graham.—Carried.

The committee appointed was as follows: Messrs. Gordon, Priddle, and Brown, and Misses Brighty and Hamilton.

Some time was then taken up in the discussion of the resolutions passed by the O.A.E. at their meeting in 1907. This discussion resulted in the following motion: Moved by Mr. Lees, seconded by Miss M. Kirkpatrick, that the resolutions be left in the hands of the Executive to be dealt with and reported to the O.A.E.—Carried.

The afternoon session began at 1.30 o'clock.

Mr. G. Priddle of Havelock gave his paper on "Uniform Promotions." He stated that as many inexperienced and incapable teachers were employed, therefore the necessity of such, but not so necessary if teachers are experienced, earnest and capable. Examinations show the result of teachers' work, and give dignity to school work. They stimulate more earnest work by pupils, and display his capability and progress.

Examinations do not necessarily encourage sham, or dishonest or hurried preparation, as this can invariably be detected by the examiner, and marked accordingly. Mr. Priddle's paper was ably written. His plea for the introduction of uniform examinations was strongly urged

Quite a lengthy discussion followed, in which Mr. Davidson, principal of the High School, spoke strongly against them — that, as principal of Public Schools for several years and having to do with so many Public School pupils, he considered a wise, judicious and experienced teacher better without them.

No action was taken in the matter.

Miss Mackenzie gave a paper on colour work in the Public School, which was full of useful information and highly appreciated by those who had the privilege of listening to it.

Inspector Lees then gave information as to the distribution of the Government grant, and spoke of the advisability of having libraries in rural schools, and of the use and care of the books.

The Central School baseball team of Peterborough played a match with the Public School here on Thursday afternoon. The game resulted in a victory for the Centrals, the score being 9-8. The Peterborough boys being very much longer than their opponents, this was greatly in their favour. B. Huycke acted as umpire to the satisfaction of both teams.

Miss E. Leighton of Mudoc is a guest of Miss Fanny Squire.

Mrs. H. Williams of Havelock was visiting Mrs. Weir on Thursday.

Mr. T. Hawthorne of Peterborough is spending a few days in town.

Mrs. Priddle of Havelock was in town Thursday.

Mrs. Barlow of Havelock was a guest of Miss Kirkpatrick on Wednesday.

Mrs. P. W. Reynolds left on Tuesday to visit friends in Chicago.

Mrs. E. Levis and Mrs. J. Cuthbertson returned Wednesday to their home in Alton, Ill.

On Monday, Mr. H. B. Spotton, Inspector, visited the High School.

On Saturday, May 25, at 2.30, a baseball game between Campbellford juniors and the Norwood High School team will be played on the Norwood Exhibition grounds. The High School team won the game on Saturday, May 18, and no doubt this will prove an interesting match.

## Pains in the Back Over the Kidneys

TELL OF DISEASED KIDNEYS AND THE PROVEN CURE FOR THIS DREADFULLY PAINFUL AILMENT IS

## DR. CHASE'S KIDNEY-LIVER PILLS

When kidney disease does not arise from exposure to a draft or chilling of the body it is usually developed gradually as a result of liver and bowel disorders.

It is because of the intimate and dependent relations of the liver, kidneys and bowels, that Dr. Chase's Kidney-Liver Pills cure diseases of the Kidneys when mere kidney medicines fail.

By quickening the action of the liver and bowels this treatment immediately lessens the work of the kidneys, and at the same time restores their natural vigour. In this way the most serious and complicated diseases of the kidneys are thoroughly cured.

Miss Della McDermott, 373 Main street, Moncton, N.B., writes:

"For some time my mother could not walk across the floor, or stoop over because the pains in her back just over the kidneys were so severe. She had severe headaches, backache, spells of blindness and dizziness, and tried many remedies without obtaining any relief. The doctors of our town said that the trouble was due to the turn of life.

"A lady friend advised mother to try Dr. Chase's Kidney-Liver Pills, and by the time she had used two boxes of this great medicine she was perfectly cured and the old trouble has never returned."

Mr. J. Edwards of Colborne, Ont., and who is employed by the Kennedy and Davis Milling Company, Lindsay, Ont., states: "I have been taking Dr. Chase's Kidney-Liver Pills for some time and can positively say they are the best medicine I have ever used. I was troubled very much with my kidneys, and had dreadful pains in my back, which increased by leaning over.

"I can testify to the exceptional merits of Dr. Chase's Kidney-Liver Pills, because they have cured me, and shall gladly recommend them to anyone inquiring about them.

Dr. Chase's Kidney-Liver Pills regulate the action of the liver, kidneys and bowels. One pill a dose; 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

## "PATRIOT" WRITES ABOUT THE FLAGS

**Wants to Know Who is to Blame For not Having Flags Over Civic Buildings**

To the Editor of the Examiner.

Dear Sir,—I do not know who is to blame, whether it is our Mayor, or probably one of our paid officials, but it was remarked by a number of our patriotic citizens that no flags were flying over our civic buildings on Friday—a fact that was also noticed by several of our visitors. By the way, I noticed that Messrs. John Butcher, St. John's; "Daddy" Taylor, John Irwin and several others occupying similar positions, did not forget to unfurl their banners to the breeze, the old flag, "the flag that for a thousand years has braved the battle and the breeze." If necessary, let our aldermen appoint a man, on salary, to attend to important items like this, and not let us be pulled down again.

We own a flag; see that it goes up next holiday.

As you know, Mr. Editor, it only takes 15 minutes to wait a quarter of an hour; the salaries are going on just the same, and, as we now have a new fire alarm, the police have no necessity to get out of breath rushing to ring the general fire alarm. Let them take a half day off, study our prominent holidays, and, after this, see that the old flag flies.

As you are aware, one of the members of the fire department formerly attended to the flying of the flag, but, since the brigade has been moved west, I suppose it is a case of what is everybody's business is nobody's business.

I earnestly hope that the Mayor will see that it does not happen again.

Yours,
PATRIOT.

JEWELLER and OPTICIAN
Issuer of Marriage Licenses.

# Lakefield Lady Injured On Saturday Morning

### Mrs. (Rev.) W. A. McKenzie Thrown From Carriage—Wheel Came Off Axle—Little Girl Was With Her.

### IS IMPROVED TO-DAY

On Saturday morning Mrs. (Rev.) W. A. McKenzie of the Grove Preparatory School, Lakefield, met with a serious accident while driving to the village. She had her little daughter driving with her, and when opposite Strickland's canoe works, a wheel dropped from the axle, throwing the occupants of the carriage into the street with such force that Mrs. McKenzie suffered concussion of the brain. The little girl fortunately escaped with a severe shaking up. A telephone message from Lakefield this morning gave the information that Mrs. McKenzie was considerably improved and that it was not anticipated that her injuries would prove serious.

# LIVED IN THE COUNTY ALMOST A CENTURY; DIED TO-DAY

Lakefield, May 27. — The death occurred here this morning of Mrs. James Sage, who is believed to be the oldest resident of the county of Peterborough. Had she lived until September she would have been 99 years of age. The deceased had only been ill about two weeks, her general health up to that time having been remarkably good for a lady of her years. Mrs. Sage was a great great grandmother, and had a son 74 years of age. Her maiden name was Eleanor Adams, and she was born in Kingston in 1808, and early in life was married to Mr. Sage, shortly afterwards moving to Smith to a farm bought by Mr. Sage.

The deceased lady leaves to mourn her loss a family of six sons and two daughters.

# NUMBER OF HOMES ON THE DECREASE

### Deplorable State of Affairs Pointed Out by Rev. Canon Davidson—Sermon to the Sons of England.

### CHILD LIFE IS BANISHED

In speaking of the duties of home life in his sermon last night to the Sons of England Order, Rev. Canon Davidson of St. John's Church made the rather startling observation that the number of homes existing was fewer than in the past, both in the Old Country and in Canada. Hotels and boarding-houses have been taking their place, and are becoming more filled than ever. He also deeply regretted to see that the inclination of the young men and young women to become the owners of homes was on the decrease, and that the inclination of too many was to banish children from the home life.

Rev. Canon Davidson's sermon on this important subject was delivered to a large congregation, including about seventy members of the Sons of England Order, who marched to St. John's Church on the occasion of their annual church parade. The address was based upon "Piety in the Home," and was especially directed to members of the fraternal society in attendance. The musical portion of the service was composed of most appropriate hymns and a beautiful anthem effectively rendered. The front of the pulpit, draped with the British flag, with the emblem of the Order of the S. O. E., inscribed in the Cross of St. George appealed to the patriotic sympathies of the members in attendance.

Rev. Canon Davidson based his remarks on the passage of Scripture, "Learn first to show piety at home" found in the fifth chapter of First Timothy and the fourth verse. These words, he began, were a motto from which to speak to Englishmen and the sons of Englishmen of one of the greatest English institutions — the institution of the home, including its pleasures, its duties and its religion.

The speaker also referred to the too prevalent practice of drawing persons from the homes to work in the churches. The people are often taken away from their families on this account and this was a tendency to be resisted. Children should be given a happy time at home so that they will not be compelled to seek pleasures elsewhere.

Canon Davidson deplored the growing tendency to fewer homes and spoke of the attractions of the hotels and boarding houses which so often allure families and thus break up happy homes. The tendency to banish children from the home was deplorable, and this tendency appears to be on the increase.

In conclusion the speaker exhorted all Englishmen to become active in perpetuating the robust qualities of character which have made England great. Sons of England should be men of character united for their mutual benefit and for the betterment of the world. He strongly deprecated the policy of men belonging to several fraternal societies which kept them away from their homes too much, but advised them to belong to one, at least, for benefit in times of sickness.

Homes should be kept as beautiful as possible. The inmates should be loving, reverent and God serving. God's name and house should be honoured so that the happy homes of this life will prepare us for the eternal one in the presence of the Father.

At the conclusion of the service the choir sang "God Save the King."

There was a large choir in attendance, 15 members of which were born in England. The concluding voluntaries on the organ were "Home, Sweet Home" and the Adolph Hesse setting for the organ of "God Save the King."

**Insure Against Serious Colds**

Of the many forms of insurance probably that which protects you against the serious results of colds is the most valuable at this time of the year when so many are becoming victims of la grippe and pneumonia. By the prompt use of Dr. Chase's Syrup of Linseed and Turpentine you can keep the cough loose, prevent further development of the cold and cure it in a few days.

# AFTERMATH OF VICTORIA DAY SQUABBLE

### Cicero de LePlante Was Charged With Having Assaulted Isidore Goselin, Sr.

Cicero de LePlante was charged with having assaulted Mr. Isidore Goselin on May 24th, but the case was dismissed by Magistrate Dumble. It seems that Mr. Goselin had tied his horse on Mr. LePlante's property, but he thought Mr. Arnsby had rented it. Mr. N. T. LePlante, owner of the property explained that he had let the lot to Mr. Arnsby, but did not intend him to have all of it. The lot in question is three cornered, and bounded by the G.T.R. track to Belleville on the west; George street, extended, on the East, and is just north of Romaine street. Cicero said that the horse must not remain where it was and started to unloosen it, but Mr. Goselin tried to prevent him.

This is the cause of the trouble which was given a thorough airing this morning. Mr. Dumble considered that there had been an assault committed strictly speaking, but thought that Mr. Goselin being the older, should have exercised better judgment and not have continued in the quarrel.

Mr. Gordon appeared for the plaintiff and Mr. C de LePlante for defendant.

One drunk cashed up two dollars, and Wm. Clancy did likewise for the privilege of riding his wheel on the sidewalk.

# ANGLERS' EXPERIENCE AN UNPLEASANT ONE

### Two of the C. G. E. Anglers' Club Plunge Through Mud and Water

The C. G. E. Angling Club went down the river on the Rob Roy on Saturday night and on their return voyage, which began last night, were waylaid at Rose's bridge, until after midnight. No amount of whistling would cause the caretaker of the bridge to turn the swing until after midnight and the entreaties of the fishermen were in vain. The Lord's Day Act was kept, and the anglers remained below.

Two of the number, however, one of whom is a prominent city official, and the other a city photographer, had evidently made promises to be home on Sunday night and did not care to break them. When all their arguments had failed to move the operator of the swing these two braved the stormy elements and the threatening sky and came home on foot, a distance of about seven miles, through mud and water, along one of the worst roads in Otonabee.

Their arrival at their homes, with their clothes soaked in mud and water was heralded with a good deal of surprise, but their explanations of the same must have been a good deal more surprising.

# WEEK'S MEETINGS IN THE PARK STREET CHURCH

The following meetings are announced for Park Street Baptist Church this week:

Monday—B. Y. P. U., in charge of Miss Everson and Mr. Chas. Barrie.

Tuesday—Ladies' Auxiliary at 3 p.m. Mrs. M. Mowry in the chair.

Wednesday—A Public meeting, with the pastor in charge.

Thursday — Annual roll call of the church. Roll, with social and covenant.

Friday — Meeting of the Building Committee.

# ANNUAL MEETING OF S. S. ASSOCIATION

To-night the annual meeting of the City Sunday School Association will be held in the Y.M.C.A. The election of officers will take place at this meeting and an address will be given by Rev. B. W. Merrill, general superintendent of Baptist Sunday Schools. The president of the Association this year is Mr. Rich. Love and the secretary, Mr. M. W. Matchett.

# GREATNESS OF THE EMPIRE

### Theme of a Patriotic Sermon Preached in St. Luke's Church at Yesterday Morning's Service

### SOME INTERESTING FACTS

Yesterday at the morning service in St. Luke's, great prominence was given to the significance of the Empire Day movement and Rev. E. A. Langfeldt preached an inspiring sermon on the greatness of the British Empire, and on the necessity of good citizenship. The pulpit and prayer desks were decorated with two large Canadian flags to signify the patriotic character of the service. The Sunday School children attended the service and listened with marked attention to the sermon. A special service had been prepared by the rector and special hymns were sung. The special lessons were read by Mr. J. J. Turner, Jr. The sermon dealt exclusively with the true elements of patriotism. Referring to the long and beneficient reign of the late beloved Queen Victoria, whose life and work Empire Day was instituted to commemorate, Mr. Langfeldt defined the word "Patriot," as meaning, "one whose ruling passion is the love of his country," and "patriotism" is love and zeal for one's country." To impart to the youth of the British Empire these sentiments, Empire Day was instituted, combined with the giving of thanks to Almighty God for His goodness toward the British nation, and the fervent prayer that He may bestow upon its citizens strength and wisdom to be enabled to fulfill their destinies aright.

In the Empire Day celebration is involved the subordination of selfish or class interests to those of the state and of the community, and the inculcation on the minds of all British subjects of the honourable obligation resting upon them of preparing themselves, each in his or her sphere, for the due fulfillment of the duties and responsibilities attached to the high privilege of being subjects of the mightiest empire the world has ever known.

True citizenship, Mr. Langfeldt said, depends upon the moral character of the people, and this determines the position which such a nation shall occupy in the world. It would be useless to increase the army and navy, and to give them the best appliances of war, if the men are ignorant of the meaning of the terms loyalty, obedience, self-sacrifice, courage and devotion to duty. The same thing applies to the avocations of peace. The country may possess richly endowed universities, colleges and schools; its factories may be supplied with the best machinery, but if its citizens in all walks of life are self-seekers, devoid of honesty, careless of the general weal, idle and profligate, ruin will soon overtake such a country.

Empire Day endeavours to instil into the minds of the people a higher standard of private and public conduct and a more quickened sense of the calls of civic duty; a fuller understanding of Nelson's famous battle signal, "England expects that every man will do his duty." Therefore this day deserves the support of the people. The only hope lies in the education of the young. A higher sense of public duty can only take possession of the nation through the teaching received by the rising generation in their school days, and such patriotic teaching Empire Day endeavours to give. The objects of Empire Day can be best accomplished by the support of parents and teachers to instil into the minds of the young the importance of certain virtues which in the past have been neglected, namely, unselfishness, respect and obedience to lawful authority. Without these virtues no people can become permanently great.

There is a lamentable lack not only of the sense of civic duty, but of discipline abroad amongst all classes. Lack of discipline in youth leads to self-indulgence in later years, creating idle, selfish pleasure-seekers amongst the richer and tramps, loafers and corner boys amongst the poorer classes. No nation can be strong which declines to be united by the fortifying cement of discipline.

The modern mother and the modern instructors of youth are not without blame in this matter. Discipline is the foundation upon which must be built the virtues which distinguish a great race: the fear of God, industry, self-reliance, obedience to legitimate authority, self-sacrifice, respect, endurance, courage, unselfish regard for the right and need of others.

Liberty and freedom are indispensible in the building up of the character of such people, but let the liberty and freedom never degenerate into indiscipline and license.

We cannot hope to engraft the civic virtues on an indisciplined race. Let our first endeavour be to restore a reasonable discipline to the home and the school, and then we may hope to instil that sensible loyalty to king and country, that sense of duty to the state and the community, that love for our fellow creatures, which shall enable the subjects of King Edward VII to think not only impartially, but nobly and intelligently, thus rendering them worthy of the vast privileges and responsibilities to which, in the providence of God, they have been called.

# MUSICAL SERVICE AT CHARLOTTE ST. CHURCH

The following was the musical service rendered in the Charlotte street Methodist church yesterday:—

Morning—Anthem, "Splendor of Thy Glory"; solo, "He Knows", Mr. Roger Manning; offertory duet, "Father all Glorious," Miss Belleghem and Mr. Mackie.

Evening — Anthem, "Stand Up, Stand Up"; offertory solo, "Prayer," by Miss Belleghem. The music was more than usually attractive and appropriate.

# CHANGES IN THE NEW FIRE HALL

### Fire, Water and Light Committee Decides Upon Alterations

The Fire, Water and Light Committee of the City Council held a meeting on Friday morning at the new fire hall when they met the executive of the fire brigade to consider the changes in the hall proposed by Ald. Morgan and the members of the fire brigade.

Objection had been made by the firemen to the position of the poles connecting the sleeping rooms and the ground floor. It was pointed out that an accident might easily occur to a firemen by dropping at the feet of the horses as they come out in answer to an alarm.

The committee decided to remedy the matter by using one pole instead of two and placing it in the centre of the hall.

It was decided to enlarge the portion of the hall in which the book and ladder wagon is kept by placing the stable farther back. This will make the place large enough to accommodate the new hook and ladder truck ordered by the committee.

The doors leading from the stables will be made double instead of single.

**In St. Andrew's Church**

Rev. Dr. Sinclair was the preacher in St. Andrew's church last night. The usual meetings will be held there this week—Christian Endeavour Society to-night and prayer meeting on Wednesday night.

# MEMBERS OF THE SODALITY AT CHURCH

**Occupied Centre of St. Peter's Cathedral Last Night—An Impressive Ceremony**

At vespers, as the evening service is called at St. Peter's cathedral, there was a very beautiful and impressive ceremony performed by the members of the Sodality, last night. This society is composed entirely of the young ladies of the congregation and has now almost reached its highest possible membership.

There were three hundred or more present last evening, and they occupied the centre of the church. There was also a large number of the congregation in the remaining seats.

The occasion of the members of the Sodality attending in a body was to renew their vows of consecration to the Blessed Virgin. Miss M. Dunnard read the prayer, and the words of the formal part of the act of consecration. The ladies repeated it, each holding a burning candle in her hand. Then then sang a hymn, "Mother, Dearest; Mother Fairest." It was certainly an impressive ceremony and one which affected the whole congregation.

His Lordship Bishop O'Connor, before the close of vespers addressed a few remarks to the Sodality expressing his pleasure at the sight of so many young women taking part in the beautiful ceremony. They could have no better model for a good life than the Mother of Christ, excepting Christ Himself, and he hoped that they would remain true to their determination to follow in her footsteps as closely as possible.

His Lordship asked them to try and escape the manners and customs of the women of the world to-day. A lady's highest ambition should be for the ideal life, that which ensures the most happiness, and that is a life of devotion to God in no matter what path they may travel. Modesty, purity, humility, charity and the other virtues should be the gems in a woman's crown, but, alas! there are too few of them thus equipped. His Lordship gave some homely, practical advice and urged the ladies to live for the purpose of doing good and being good, and their lives would not be in vain.

Rev. Father O'Leary preached the regular sermon. The music by the choir was sung in a splendid manner and added to the beauty of the service.

# MASS MEETING OF S. S. CHILDREN

**Workers, Teachers and Children Assembled in a Body to Hear an Address by Rev. B. W. Merrill**

## KEEP SAPLINGS STRAIGHT

The Sunday School mass meeting held in St. Paul's church yesterday afternoon was not as largely attended as it might have been, but there was nevertheless a large assemblage present. The teachers and workers were well represented but many of the children were absent. It was the intention to have all the Sunday School children in the city attend the meeting and had they done so the church would have been more than filled.

Aiming at the development of the spiritual natures of the children, the meeting was for an excellent purpose, and Rev. B. W. Merrill, who conducted the service touched their hearts in a simple, yet effective manner. Those who assisted were Rev. J. R. Webb, Rev. Dr. Torrance and Mr. Richard Lees. Miss Davies sang an appropriate solo in her usual finished style and was accompanied by Mr. John Crane, organist of St. Paul's.

**The Service**

Rev. Mr. Merrill commenced the service by having all the children learn the following verse:—

"Jesus take this heart of mine,
Make it pure and wholly Thine.
Thou hast bled and died for me,
I will henceforth live for Thee."

Rev. Mr. Merrill rather earnestly questioned and conversed with the children than lectured to them. They told him that the names of all Christians are entered in the Book of Life, and that we must love, trust, obey and serve Him that we may have a good record registered there. The speaker gave four reason's why every person should lead a good life. First, because it is the right thing to do; second, it is the easy thing to do; third, it is the safe thing, and fourth, it is the happy thing to do.

Rev. Mr. Merrill spoke earnestly to the children and urged them to follow Christ from early childhood so that they may grow stronger in the faith as they advanced in years, as the tree becomes straight after years of conflict with the strong winds.

**Without Colds no Lung Trouble**

A person may be predisposed to consumption by heredity; he may be in unsanitary surroundings and breathe impure air; but the beginning of trouble is always a neglected cold. In thousands of Canadian homes Dr. Chase's Syrup of Linseed and Turpentine is kept at hand as a sure cure for coughs and colds and a protection against disease of the lungs.

# DEAN FARTHING TO PREACH HERE

**Rector of St. George's Kingston, will Conduct Services in St. John's Church Next Sunday**

Next Sunday Very Rev. Dean Farthing, rector of St. George's cathedral, Kingston, will be in the city, and will conduct all the services in St. John's church. Rev. Canon Davidson will be in Kingston, taking the services in the Cathedral. Dean Farthing is well known in Peterborough, and is one of the most eloquent preachers in the Canadian Anglican church. He is procurator of the General Synod of Canada.

## POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post-Card Column.

Dear Sir,—I found some of my electric lamps and fixtures out of order. On getting a man to make repairs, it was found that defective igloots—I don't know what they were called—were used, and speedily gave out, and that improper and dangerous centimeters were made. The expert who made my repairs said it was lucky that my house was not set on fire. Is there such an official as an inspector of electric wiring? If there is, he certainly isn't on to his job. If there isn't any such a person, one should be appointed. In a matter where bad work makes us liable to be burned in our beds, there is more need for expert inspection than there is for an anti-spitting bylaw.

Yours, etc.,
HOUSEHOLDER.

**Meeting Withdrawn**

The meeting of the Epworth League of Mark street Methodist church has been withdrawn to-night, in view of the Convention being held in the Y. M.C.A.

# JAS. BELLEGHEM WAS FOUND GUILTY

**Magistrate Dumble Adjudged Him Guilty of Robbing Miss Haggarty of Her Purse on May 18th**

## CONFLICTING EVIDENCE

"Jas Belleghem, I find you guilty of the charge of robbing Miss Haggarty of her purse on Saturday evening, May 18th at 9.45 o'clock. Have you anything to say?"

Magistrate Dumble addressed the above words to the prisoner at this morning's court after an enlargement of one week. Mr. Belleghem replied, "No sir, all I can say is that I am an innocent man."

His Worship then reviewed the case from the evidence taken in the hearing of last week. He said that Belleghem's actions on the night in question were suspicious. He was at the corner of Park and Hunter streets when the theft took place. He said he heard a women's cry but did not answer it. He also ran in the direction Miss Haggarty said the thief had taken. She had also given an exact discription of him except his face which she did not see and lastly he ran up Stewart street without any apparent justification. In his evidence he said he was returning to go out for a walk with his wife.

"A most unreasonable thing," said His Worship, "that the mother of three children should want to go for a walk at 10 o'clock on Saturday evening. I have tried to allow myself to come to a conclusion consistent with the prisoner's innocence, but I cannot. The proof is conclusive and I find him guilty. As prisoner has never been convicted and has a wife and three small children and is respectably connected, I adjudge that he must make restitution to Miss Haggarty and pay all the costs of prosecution; on doing this I will allow him to go on suspended sentence in the hope that this may be the only criminal offence he will ever commit."

The costs amounted to eleven dollars.

# THE DELEGATES TO GIVE REPORTS

**Annual Meeting of Diocesan W. A. to be Reported on at St. Luke's—Other Meetings**

The following meetings will be held this week in St. Luke's Church:

To-night a meeting of the Men's Guild will be held. A large attendance is requested, as arrangements will be made for an excursion.

The Brotherhood of St. Andrew will meet to-morrow evening at 8 o'clock.

The closing meeting of the W. A. will be held on Thursday at 2.30 p.m., when the delegates to the recent Diocesan meeting will give their reports.

The annual entertainment and box sale of the Mission Band will be held next Friday evening in the Sunday school room.

## HAIR TELLS CHARACTER

**Color of Hair Said to Indicate a Person's Temperament**

Many people believe that blonde or light hair denotes affection, and dark hair, constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, innoculated a rabbit with dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of those dangerous germs it is necessary to apply Newbro's Herpicide. "Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. The Market Drug Store. Two sizes—50c and $1.

# OLD AGE

**Depends Not Upon Years, but Upon Vital Force**

At a recent convention of physicians there was a good deal of discussion in regard to old age, and the usefulness of persons over 60 years old. Some at 50 years call themselves old and really appear so, while others at 70 years seem active, vigorous and young.

It was the opinion that it was not years, but the loss of vital force that make a person old. Weakened digestion, thin blood and poor circulation, soon start functional powers and vitality on the wane, and then the symptoms of old age quickly appear as the system then has not the power to replace waste fast enough.

Mr. McDermid of McDermid and Jury, our well-known druggists, says: "That tired feeling may be warded off and overcome and we wish every person in Peterborough who feels old whether they are old not, who try our cod liver preparation, Vinol. We know that it has vital properties which repairs worn tissues, checks the natural decline, and replaces weakness with strength—it is an ideal body builder for old persons."

This is because Vinol is a genuine cod liver preparation, containing all the medicinal curative and strength-making elements of cod-liver oil taken direct from fresh cod livers, with tonic iron added. We will return your money if it does not do exactly what we claim for it. McDermid and Jury, also at the Market Drug Store, the Ormond & Walsh old stand.

## WEDDING BELLS

**McMASTER-HOBAN**

Examiner Special.

*Toronto, May 27.*—A wedding of interest to Peterborough people took place in St. Mary's Church, this city, on the morning of May 23rd, when Miss Nellie Hoban, daughter of Mr. John Hoban, of Peterborough, was married to Mr. Lawrence McMaster, son of Mr. Hugh McMaster, Ottawa, formerly of the Martin & Orme Piano Works, Ottawa, now of the Otto-Higel *Piano Works, Toronto.* The happy couple left on the noon train for Niagara Falls and Buffalo, where they will spend a couple of weeks, and on their return will reside at 106 Euclid avenue, Toronto. The many friends of the bride and groom wish them every success.

*THE J. C. TURNBULL CO. announces that Miss Schaefer, the expert demonstrator will be in their store all this week and will be pleased to demonstrate the many excellent features of the popular C. B. C. CORSETS. Consultation and fitting free. No obligation to buy.* id-123

## MIDDLE TERRIBLE FIND IN A TRUNK

### Landlady Discovers Body In Strangers's Trunk.

### BELIEVED TO BE A PRIEST

**Was Left as Security for Rent by Two Lodgers—When Opened Disclosed Badly Decomposed Corpse—Bound Together With Leather Strap—Murdered Man Was About Sixty Years of Age.**

New York, May 27.—Three weeks ago Mrs. Annia Sherer rented one of her six rooms in a West 37th street tenement to two strangers. Last Wednesday the rent was not forthcoming, but her lodgers, two Greeks, told her that she was amply secured by their well-filled trunks. Next morning the men disappeared and yesterday the trunk was broken open. To the horror of Mrs. Sherer, it was found to contain the badly decomposed body of a man, believed to have been a priest of the Greek Church.

The body was in a kneeling position, with the head bound against the knees by a heavy strap. The murdered man must have been about 60 years of age. A long flowing beard he wore was streaked with grey, but his bushy hair was black.

An undershirt and a cuff were all the body had on, but on top of it had been thrown three coats of clerical cut, and several other articles of clothing. The police think it possible that the body was shipped here by express from Chicago.

### CHARGED WITH GRAFT.

**Millionaires Pay Enormous Sum For Release on Bail.**

San Francisco, May 27.—The grand jury on Saturday indicted six millionaires, on charges of bribery and attempted bribery, and returned additional indictments against Abraham Ruef and Mayor E. E. Schmitz.

Frank C. Drum, Eugent De Sabia, John Martin, Abraham Ruef and Mayor Schmitz were indicted on 14 counts each, charging that they jointly bribed 14 of the 18 supervisory in the sum of $750 each, to fix the gas rate for 1906 at 85 cents instead of 75 cents.

C. H. Umbson, C. E. Green, W. I. Brobeck and Ruef were indicted on 14 counts, each charging that they jointly attempted to bribe 14 supervisers in the sum of $1,000 each, to vote a trolley franchise to the Parkside Transit Co.

Judge Coffey fixed bail at $1,000 on each of the 126 counts contained in the second indictments.

The grand jury adjourned until June 10, when investigation of alleged bribery by officers of the Nome Telephone Co., and by other persons, will be resumed.

**Chicago Forger Caught.**

Montreal, May 27.—John R. Wilmot, a native of Chicago, was arrested on a charge of forging a note for $5,500 which he passed on a Chicago bank. He admitted his guilt.

A large sum of money was found on him.

**Bricklayers' Strike Ends.**

Ottawa, May 27.—The strike of bricklayers and masons ended Saturday, and a two-year agreement was signed, by which the men undertake to work for 47 cents an hour for the first year, and after that for 50 cents.

On the House of Commons job, for which William McGillivray has charge of, and the museum one, under George Goodwin, the men will go back at 45 cents an hour until those buildings are finished. This is, of course, due to the fact that these jobs were tendered on much sooner than others, and the contract prices would not allow the increases. After they are through, the rule as elsewhere, for 47 cents, will, of course, prevail.

**Many Injured In Riot.**

New York, May 27.—A dozen or more persons were injured yesterday in a serious riot of longshoremen on strike. The trouble started outside the South Brooklyn docks.

A number of negro strikebreakers, as they left their work, marched through the Italian quarter, singing. Shots were fired at them from a window, and then scores of Italian strikers rushed from saloons and houses.

Four negroes were arrested, two in a serious condition from stab wounds.

IMPOSSIBLE TO STOOP OR BEND

SEVERAL DOCTORS COULD DO NO GOOD.

PAIN IN BACK AND KIDNEYS.

People often say, "How are we to know when the kidneys are out of order?"

The location of the kidneys, close as it is to the small of the back, which is not affected materially by other organs, renders the detection of kidney trouble a simple matter.

The note of warning comes from the back. Backache is the signal sent out by the kidneys the minute they become overtaxed. Those who heed the warning when it first comes, usually have but little trouble. The danger lies in delay. A few doses of

Doan's Kidney Pills

taken in time, often saves years of suffering, and in many cases life itself.

They stimulate the action of the kidneys, enabling them to perform their duty perfectly.

Miss S. C. Fye, Beam Scoum, N.S., writes: "For the past three years I have been troubled with a very bad pain in my back and kidneys. It was so bad it was impossible for me to stoop or bend. I had several doctors attend me, but found no relief until I picked up one of your Egyptian Dream Books, and found out about your remarkable remedy, Doan's Kidney Pills. I procured two boxes and their action surprised me, for they completely cured me. I don't think they have an equal for kidney trouble."

Doan's Kidney Pills are 50 cents per box or 3 boxes for $1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

DODD'S KIDNEY PILLS FOR ALL KIDNEY DISEASES CURES RHEUMATISM BRIGHT'S DISEASE BACKACHE DIABETES

## FLAMES CLAIM TOLL ON SATURDAY

### DISASTROUS FIRES OCCURRED

**Fredericton and Truro Were Sufferers—An Historic Church Destroyed**

Fredericton, N. B., May 27.—Emack Bros., taxidermists, lost their factory at St. Mary's Ferry Saturday. It was burned to the ground. A strong northwest wind carried the sparks towards the river, otherwise the whole village would have probably been wiped out, as it is practically without fire protection. The loss is $5,000 to $6,000. Among the mounted game specimens destroyed was a large black bear belonging to the Crown Lands Office museum.

**Church Destroyed.**

Truro, N. S., May 27.—A building with a history closely connected with Presbyterianism in Nova Scotia was destroyed by fire yesterday. Fifty years ago there was erected in Truro a rectangular structure devoted to instruction in theology by the pioneers of the Presbyterian Church. Last night the building was a wreck, and a property loss of upwards of $20,000 is the result. The fire caught in the roof near the kitchen chimney.

**Whole Building Destroyed.**

Redvers, Sask., May 27.—Fire broke out Saturday in Groff's Building. The building comprised large general store, rented and occupied by R. Curle, and 13 rooms upstairs rented by two families. The building was totally destroyed, and the loss will be $14,000.

### FATAL FIRE IN BOSTON.

**Three Lives Lost In Blaze at Woodworks.**

Boston, May 27.—Three men lost their lives in a fire which broke out in the heart of the woodworking district along the east Boston waterfront Saturday afternoon. They were Patrick Rourke, a member of the firm of Johnson & Rourke; James Varaso and Tony Rose. The loss is placed at $10,000.

**Two Firemen Injured.**

New York, May 27.—Fire in the four-storey building of the Manhattan Brass Co., at 332 East 28th street, resulted in the injury of two firemen, and caused damages estimated at $100,000.

**Eight Burned to Death.**

San Jose, Calif., May 27.—At least eight persons were burned to death Saturday by a fire that destroyed the Union Lodging house.

Firemen are now digging out the bodies as rapidly as the still smouldering runs will permit.

### MOTHER'S PRESENTMENT.

**Hastened Home to Find Her Boy Was Drowned.**

Chatham, May 27.—Robert Jermyn, aged 11 years, son of Mr. and Mrs. J. A. Jermyn, East Park street, was drowned in the Thames River here some time between 4.30 and 5 o'clock Saturday afternoon while fishing from a rowboat.

His mother, before being made aware of the death of her son, had a presentment of evil, and was on the way to the scene in a buggy, and arrived there as the body was recovered.

**C. E. Kaulbach Dead.**

Halifax, N. S., May 27.—Charles Edwin Kaulbach, ex-M. P. for Lunenburg, died suddenly Saturday afternoon of heart failure, 74 years of age. He represented Lunenburg in the Dominion Parliament, with the exception of one term, from 1878 to 1904. He was the richest man in Lunenburg County, being extensively interested in shipping.

**Broken Wheel Causes Wreck.**

Guelph, May 27.—As an eastbound freight was passing Mosboro at four o'clock yesterday morning a wheel broke on a coal car next the tender. The result was that the car spread the rail, and seven cars following left the track. After some hours' work the cars were replaced on the track by auxiliaries from Stratford and Toronto.

**Sultan of Morocco Yields.**

Paris, May 27.—A despatch was received at the Foreign Office yesterday from the French Minister at Tangier, M. Regiault, announcing that the representative of the Sultan of Morocco had promised to accede to all the French demands for satisfaction in connection with the recent murder of Dr. Mauchamp.

**Earthquake Causes Panic.**

Reggio, Italy, May 27.—An undulatory earth shock lasting several seconds was felt here on Saturday.

Because of the fears engendered by the activity of the volcanoes of Stromboli and Mount Etna, the inhabitants of the district were thrown into a state of panic.

**Big Strike Threatened.**

Pittsburg, May 27.—Demands for a slight wage increase and an eight-hour day are made in a statement issued Saturday by the blast furnace workers throughout the country. A strike of 25,000 men is threatened on July 1, unless the matter is amicably settled.

## TORNADO IN TEXAS DOES DAMAGE

### Terrific Wind Claims Twelve Lives and Injured Scores.

### MANY HOUSES ARE WRECKED

**Was Accompanied by Electrical Storm—Cut Swath 200 Yards Wide—Strewed Ground With Dead Animals—Many Buildings Destroyed—Stone Cellars Saved Many Lives—Entirely Devastated.**

Willispoint, Texas, May 27.—A tornado struck the eastern portion of Willispoint on Saturday, cutting a swath 200 yards wide, killing three persons and injuring many others. Everything is confusion and everybody is engaged in aiding the injured and clearing the debris.

The storm came from the southwest. Dead horses, cattle and fowls are scattered along its path.

The reason so few were killed is attributed to the timely use of storm cellars. In many cases houses were torn to kindling wood, while the owners escaped harm in cellars.

Fort Worth, Texas, May 27.—A severe rain and electrical storm swept over northern Texas Saturday night, causing much damage to property and some loss of life.

Near Denton, eight members of the Wardlaw family were injured, one fatally, when the home was overturned by the wind. Scores of barns and other small buildings were destroyed. Many farm animals were killed.

**Six Killed, Many Injured.**

Emory, Texas, May 27.—A tornado bore down on Emory Saturday evening from the southwest, but suddenly veered to the west, circled the town, killing six persons and injuring 40 or 50.

Emory is well provided with stone cellars, and to this fact is due the small number of dead.

Every building on the county poor farm was demolished, as well as several residences. The greatest destruction, however, occurred in the negro settlement. Many of those injured may die.

**Twenty-Five Houses Wrecked.**

Gainsville, Texas, May 27.—A tornado struck Gribble Springs Saturday, wrecking 25 houses, killing two persons, and injuring a score.

The tornado devastated growing land about two miles wide and several miles long.

**Blizzard In Dakota.**

Sturgis, S. D., May 27.—After three days and nights of steady rain, snow fell Saturday afternoon, culminating in a blizzard last night.

The Black Hills country is thoroughly drenched, streams are overflowing. Many bridges are gone and travel through the country is almost impossible.

**Terrific Storm at Nixon.**

London, May 27.—A report reached here last night that heavy windstorm last evening done considerable damage at the Village of Nixon, 11 miles from Simcoe.

Houses were unroofed, trees blown down and fences scattered, but no one was injured.

A heavy thunderstorm followed.

Communication with the place could not be obtained, the wires probably being down.

**Machinists Return to Work.**

Guelph, May 27.—The strike committee of the local I. M. U. held a conference with the Grundy Stove Co. Saturday, with the result that the men's demand for an increase of five per cent. was conceded, and they will go back to work on Monday.

The Guelph Stove Co. will try the open shop, and are bringing in non-union men for that purpose, while the union men are determined to fight to the end.

Belfast, May 27.—A great demonstration of the Ulster Unionists Saturday night unanimously condemned Mr. Birrell's Irish bill, which was characterized as "settling nothing and unsettling everything."

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

THE RECORD ADMIRAL FURNACE

Is fitted with the improved Record Triangular Grate—the most perfect furnace grate on the market. Of the four triangular grate bars, each bar is operated by the use of a handle applied to either of the two centre bars. To remove this handle after shaking is impossible until the grate bar has been returned to its original position, flat and in place, without any of the cogs sticking up. The result is that the bars are always flat under the fire and that it is impossible for lumps of coal to drop through and be wasted. The Record Triangular Grate can be entirely removed from without without lying on stomach or bothering with a light. 104

## Latest News Of Various Sports

# Melbourne Cup Won By Peterborough Ball Club

### Locals Won Deciding Game on Saturday Afternoon by a Garrison Finish---Burridge's Hit in the Ninth Brought in Two Runs and Gave Peterborough a Well Earned Victory

Harry Burridge and his little bat broke up the game between Peterborough and the Arctics on Saturday afternoon, when in the last innings with the score 7—6 against the locals and men on the second end third cushions he drove out a pretty single to right field scoring both men and winning the contest. It was the most exciting finish seen in a ball game in Peterborough for some time and there was the greatest enthusiasm among the good sized crowd of bugs that had gathered at the Riverside Park to see the deciding game for the possession of the silver trophy donated by Mrs. Milbourne. The teams had broken even on the holiday and thus everything depended upon Saturday's game. It was a contest fully as exciting as had been expected and there wasn't a dull moment.

**A Great Finish**

When the locals went into bat at the beginning of the ninth they were one behind and that one looked as big as a house in view of the excellent pitching being done by Harding who did the slab work for the visitors in the final game. At this critical moment the Arctics' infield which had been playing sterling ball all through the series blew up and before they came back to earth the locals had the game packed up in their bat bag. Johnston led off with a grounder to Haliburton and that gentleman evidently had every intention of ending our shortstop's career short right there. Fortunately, for us, however, Longboat Lawson more generous and dropped the throw, and right here we want to pause to express our thanks to Mr. Lawson. Callaghan was the next club swinger and he also disturbed the grass in the region guarded by their Mr. Haliburton. The enterprising third baseman gathered it in all right, but, the mental arithmetic problem of which he wanted to get out was too much for him and while he debated the problem our athletes settled the question by both reaching their respective destinations in safety. Haliburton threw to first as Callaghan reached there, and our Mr. Johnston was mean enough to take advantage of the ball's presence at the other side of the diamond, to go down to third. Then Callaghan proceeded to steal second on the first ball pitched. The situation was thus when Burridge came to the plate with his Louisville slugger. By this time every man in the crowd was on his feet and the rooting was of a nature such as has not been heard in Peterborough since the good old days when Ian McCabe meant more to Peterborough fans than Christy Matthewson does to the followers of the Giants. Two balls and a strike were called upon Burridge, and then he found one to his liking, and slashed out a prettily placed single over first, on which Callaghan and Johnston scored without trouble, and a great game was over.

**Best of the Three**

Saturday's contest was the best of the three games played, and was greatly enjoyed by the fans present. It was a pitchers' battle between Flaherty and Harding in which the local boy had something on his opponent. Flaherty pitched under great disadvantages. He was hit twice with the ball on Friday and his ribs were so sore that he could hardly swing his arm. At that he pitched a great game, only allowing six hits, while he did not issue a single pass, and fanned twelve men. Harding did not have the same control, but he was somewhat of a mystery to the locals who only found him safely six times. The Toronto slab artist, however, issued three bases on balls and they were costly.

The fielding on both sides was, for the most part, clean and fast, the locals showing an improvement in this respect over their work of the other two games. There was nothing of a sensational nature in the fielding, although pretty catches were made by Burns, Callaghan, Sheridan and Cowle. The Arctics' infield, with the exception of the last innings, played snappy ball, Haliburton and Poulter making some pretty stops and throws. Wally Parnell at second for Peterborough had a busy afternoon. Chris Graham was back at first for the locals and played a fine game considering that it was his first appearance of the season.

**Peterborough Scored First**

Peterborough broke into the scoring in the first innings. Burridge lead off with a pretty two bagger and advanced to third when Quinlan hit to second. Quinlan was safe on fielder's choice. A wild pitch let Burridge cross the plate. Burns was there with a hit, driving one past second for two bases, which scored Quinlan, and counting himself when Clewlo threw wild to third. Parnell struck out and Flaherty ground 1 to second. Sheridan planted a pretty single in right field, but it was wasted as Graham's grounder was taken care of by Clewlo.

The Arctics evened things up in the second when Moran's single, errors by Parnell, Johnston and Graham, and two infield outs netted three runs for the visitors.

There was no further scoring until the fifth when Peterborough once more took the lead. Burridge and Quinlan, with two down, were both given bases on balls. They worked in a pretty double steal, and then Burns once more supplied the necessary hit, a pretty single to right, which scored both runners. Corney was out in attempting to make second on the hit.

Up to this stage the visitors had only one hit off Flaherty. Haliburton singled in the sixth but it was wasted. There was a change in the seventh, however, when the visitors leaned on Flaherty's stants for four hits, doubles by Lawson and Moran, and singles by Harding and Cowle, which, with errors, by Sheridan and Burridge, gave the visitors four runs and a lead of two.

Harding was pitching great ball and the chances of the locals did not look too rosy. Peterborough managed to get one in the eighth. Haliburton allowed Quinlan's grounder to get away from him, and Flaherty's fielder's choice and Sheridan's hit allowed him to score. There were two on the bases when Graham came to bat, but his best was a grounder to Haliburton on which Flaherty was forced at third.

It looked as if the last chance was gone, but one of the best things about baseball is its glorious uncertainty, and this was strikingly exemplified in Saturday's contest. The visitors were blanked in their last, going out on flies to Burns and Quinlan and a grounder to Parnell.

Then, in Peterborough's half came the great finish as related above. The crowd simply went wild with delight and Burridge nearly had his arm wrung off when he came back from first, after making the winning hit. The game had been pulled out of the fire when it seemed that it was lost, and it was no wonder that the fans went crazy when it was all over.

W Wareham again handled the indicator giving every satisfaction to both teams, and to the crowd generally.

Following is the story of the game in statistical form:—

| PETERBORO | A.B. | R. | H. | P.O. | A. | E. |
|---|---|---|---|---|---|---|
| Burridge, c ... ... ... | 4 | 2 | 3 | 12 | 0 | 1 |
| Quinlan, 3b... ... ... | 3 | 3 | 0 | 1 | 1 | 0 |

| Hits... ... ... ...0 | 1 | 0 | 0 | 0 | 1 | 4 | 0 | 0—6 | |

Two base hits, Burridge, Burns, Moran, Lawson. Struck out, by Flaherty, 13; by Harding 4. Bases on balls, off Flaherty 0; off Harding 3. Left on bases, Peterborough 5; Arctics 4. Sacrifice hit, Haliburton. Umpire, Wareham.

**TO BE DYSPEPTIC IS TO BE MISERABLE**

Hopeless, Confused and Depressed in Mind. Forgetful, Irresolute, Drowsy, Languid and Useless.

This disease assumes so many forms that there is scarcely a complaint which it may not resemble in one way or another. Among the most prominent symptoms are constipation, sour stomach, variable appetite, heartburn, water-brash, gas in the stomach and bowels, distress after eating, etc.

**BURDOCK BLOOD BITTERS**

is a positive cure for dyspepsia, and all diseases of the stomach, liver, bowels or blood. It stimulates secretion of the saliva and gastric juices to facilitate digestion, removes acidity, purifies the blood and tones the entire system to full health and vigor.

Mrs. M. A. McNeil, Brock Village, N.S., writes: "I suffered from dyspepsia, loss of appetite and bad blood. I tried everything I could get but to no purpose; then finally started to use Burdock Blood Bitters. From the first day I felt the good effects of the medicine. I can eat anything now without any ill after effects and am strong and well again."

Price $1.00 per bottle or 6 bottles for $5.00.

# LAWN BOWLERS ELECTED THEIR SKIPS

### Next Meeting of Club on May 29th—Grounds Open June 1st

At the meeting of the Peterborough Lawn Bowling Club held on Wednesday night of last week, the skips for the year 1907 were elected, and some other matters of business transacted. The skips for the year will be the lowing:—

Dr. Greer, Dr. McKinnon, Dr. McClelland, E Cox, S T Medd, G H Giroux, R M Waddell, W McIlroy, W F Johnston, W E Talbot, J McIntyre, Robt. Kerr, T E Pratt, D Belleghem, J E A Fitzgerald, E Runnels, R G Cotterel, Dr. Marshall, J H Ferguson, Dr. Boucher, A H Stratton, W O'Brien, W M Laing, W Aitchison.

Unattached skips—D H Moore, Dr. Burnham, T F Matthews and W G Ferguson.

The above skips are requested to hand in the names of their vice-skips to the secretary on or before the 29th inst. If they fail to do this the vice-skips will be appointed by the Management Committee. The next meeting of the club will be held on Wednesday, May 29th.

The members of the club will be interested to know that the bowling grounds will be open for playing on the first day of June.

# INTERESTING GAMES IN INTERMEDIATE LEAGUE

To-night if the weather permits, two games in the Intermediate City League will be played. The Lilies and Karenots will meet on the Oval, and the West Ends play the Lakeviews on the Driving Park.

The West Ends will be represented as follows:

J. McNern, c; W. Butcher p; L. Dobson, 1b; B. Halpin, 2b; Rose, ss; Max Cameron, 3b; Grange, lf; C. Dobson, cf; and N. Moore, rf.

The Lakeviews have the following team:

Mahoney, p; Menzies, c; Wilson, 1b; Carron, 2b; Holland, 3b; Theobald, ss; Doherty, lf; McGill, cf; Houston, rf.

Fred Craig will handle the indicator. The games should be interesting and well worth watching. The umpires are requested to enforce the general rules and also the special rules of the league. They must be certain that only the players that were entered by each team are playing and shall not allow a game to proceed if this is not the case. Rowdyism should be cut out and in this way there will be better conduct on the field.

Stratton sells dainty wall paper cheap.

**SPRINTING**

McBurney, of Havelock, who finished fourth in the Examiner Road race last year won the mile race in Norwood on the 24th of May. Victor Lees, of Peterborough, finished second in the race.

**PILES** Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. 35c. at all dealers or EDMANSON, BATES & Co., Toronto.

Have your feet attended to. Corns extracted without pain. Ingrowing toe-nails cured. Bunyons and all diseases of the foot successfully treated. See W. Claygone, foot doctor, Room 25, Oriental Hotel. 6d118

**Lively Runaway**

Miniocio Bros'. horse had a lively dash on Aylmer and Hunter streets on Saturday. There was no great damage done. A young boy was driving, and held on very manfully for his years.

**The Curse of Drink**

Unavailing repentance after an act of hasty revenge; also the wonderful feats of cavalry horses. See these two wonderful moving pictures at Scott's Coliseum, 432 George street. Matinees, 2 to 5; evening 7 to 10; admission 5 cents.

**Seats Reserved**

The diagram of parlour car, which is attached to local Canadian Pacific train leaving Peterborough at 8 a. m., for Toronto, is now held by W. McIlroy, city passenger agent. Seats on the parlour car can now be reserved on application to him. 6d123

**The Truth About the Baby**

Carriage business is that the Peterborough Bookstore's bold stroke of twenty per cent. off all carriages has caused a rush for best choice. Only twenty little squibgages now left to dispute their claims with eager mothers, at the one-fifth off in discount. A. H. Stratton & Co.

**All Saints' Meetings**

The following meetings will be held this week in All Saints' church—Monday, 7.30, Girls' Guild; 8 p.m., St. Andrew's Brotherhood; Tuesday, 2.30, W.A.; Wednesday, 8, Cottage Meeting at the home of Mrs. Morrie, Lansdowne street; Thursday, 7.45, evening service; 8.30 choir practice; Friday, 7.30, Boys' Brigade.

Those here from Midland were Mr. Hopkins, Mr. Clarke, Misses Bell and Gladys and Master Ray Preston and Miss Neakins. The Lindsay guests were Mr. and Mrs. F. C. and Master Ralph Mark.

Mr. Albert E. Taylor has left today for Winnipeg to report himself to the Archbishop of Rupert's Land for work in his diocese during the summer. Mr. Taylor is taking an honour course in Arts at Toronto University, and studies theology at Wycliffe College. Last night he assisted Rev. E. A. Lungfeldt by reading the lessons, and some parts of the Liturgy.

## PETERBOROUGH MAN IS VICE-PRESIDENT

**Mr. T. J. Begley is Elected 3rd Vice-President of Labour Education in Hamilton**

A movement is on foot to establish a branch of the Independent Labour Party in Peterborough, and a representative of the Labour Education Association of Ontario, will be in the city shortly to effect the organization.

The annual meeting of this association was held in Hamilton on Friday, and was attendedd by Mr. T. J. Begley as the representative from Peterborough. Mr. Begley was honoured with election to the third vice-presidency of the association. Kingston was selected as the next place of meeting though Peterborough was in the running, but the limestone City won out.

A number of matters of importance to those interested in labour were discussed at the convention.

## THE CITY DIRECTORIES HAVE ARRIVED

**Mr. Morrey, of Ingersoll, Here Disposing of Them—Began This Afternoon**

The directories for the City of Peterborough for 1907, have been published and reached the city today from Ingersoll. Mr. E. James Morrey arrived here this morning, and this afternoon began distributing the books.

They were published by the Union Publishing Company of Ingersoll, which does an extensive business in this line throughout the province, covering about ten cities and larger towns.

Mr. Morrey will remain in the city for some time disposing of the directories. They sell at $2.50 each.

## CONTRACT GIVEN TO A PETERBOROUGH MAN

**Mr. D. Conroy Will Construct New Dam at Buckhorn—Contract Price $56,000**

Mr. D. Conroy has been awarded the contract for the erection of the new bridge and dam at Buckhorn. It is understood that the contract price for the work is $56,000. Work will be commenced in the near future.

## LOCAL YOUNG MEN BUY GASOLINE LAUNCH

**It is Known as the "Aletha"—Purchased in Toronto**

On Saturday evening a gasoline launch arrived in the city from Toronto and an hour afterwards in was in operation on the Little Lake. It was purchased by Messrs. E. T. Carr, E. J. Searight, I. D. Moore, and C. H. Williamson. It is a 25 foot launch, with a five h. p. engine, and is handsomely fitted up for pleasure. It is called the "Aletha."

**BIRTH**

MORPHET. — At 378 Hunter street west, on Saturday, May 18th, 1907, the wife of Mr. H. W. Morphet of a daughter.

HUSTON. — On Tuesday, May 21, 1907, the wife of Mr. Alex. Huston, Otonabee, of a son.

**MARY BEAMAN**

The remains of Mary Beaman, who died on Saturday, were conveyed to Manvers this morning, and will be interred to-morrow. The deceased was 78 years of age, and the wife of the late William Beaman, who passed away 12 years ago.

The deceased leaves five children, two of them, Edward, of the C. P. R., and Mrs. Tully, residing in this city.

**CHARLES BEAUCLERE**

This morning after a lingering illness Mr. Charles Beauclere passed away at the residence of his brother-in-law, Mr. Charles Adams, East City. The deceased had been ailing for some months. He was 32 years of age and had been a resident of Peterborough for a number of years.

He leaves to mourn his loss his wife, who is a daughter of Mr. Jos. Ball, and two young sons. Deceased was a member of St. Luke's church. Funeral on Wednesday at 2.30 p.m.

## SURVEYORS OFF TO NORTH TO-MORROW

**Mr. J. W. Fitzgerald Leaves for Township Survey in New Ontario**

Mr. J. W. FitzGerald will leave to-morrow morning for New Ontario to commence work upon the surveying of new townships to the north of where he and his party left off last year. He will be accompanied by Messrs. Ed. FitzGerald and W. Grady. The start is made somewhat later than last spring, the delay being caused by the backward weather. The party will not return until well on into the fall, by which time they will have traversed hundreds of miles of wild tracts of country where the foot of the white man has seldom trodden.

## A RUNAWAY EQUINE RACED LAKEFIELD TRAIN

**Novel Incident at Noon To-day—Stopped at the Bridge**

A runaway horse on Aylmer street performed the unparalleled feat at noon to-day of racing the Lakefield train from McDonel street to the bridge across the Otonabee. The equine broke away on Aylmer street and, with the harness still on his back, raced north as far as McDonel street. He was turned west there, but his career was blocked by the passing of the train. Nothing daunted, he turned northward, and actually raced the train as far as the river. At one time he succeeded in out-distancing it, but waited until it drew alongside again.

The race was watched by scores of persons to whom the incident was a novel one.

## Roller Rink

**ROLLER HOCKEY**
—ON—
**MAY 24th**

The first Roller Hockey Match for the season will be played at the Roller Rink on the evening of May 24th. There will be skating before and after the game. The rink will open at 7.30, skating till 8.30, then first half will be played, there will be skating at half time; then the last half will be played and after that there will be skating until 10.30. The band will be in attendance. Don't miss this game as it will be worth seeing.

## Danger in Farming.

"Dollar Wheat" is fine for farmers, but they take long chances with their health in getting the wheat. Bad weather, lifting, straining, wrenched backs, lay the foundation for Rheumatism and Kidney Trouble. There is a farmer, out Markham way, who was so busy making money that he did not realize he was making ill-health at the same time. He had headaches; often his back hurt so badly he could hardly stand, often the urine was highly colored and scalding. But he thought he was only "working too hard." One day he caught cold. The next day he had Rheumatism. This Markham farmer suffered 7 years with Rheumatism until chance brought a friend who told him about **Bu-Ju**. They relieved the excruciating pain, and cured him in three months.

MARKHAM, ONT.

"I had suffered almost continually for seven years with Kidney Trouble; could scarcely walk and was unable to attend to my farm duties. After taking the first few pills I felt much relieved, and after taking half a box was able to do a full day's work. I know one box of Bu-Ju saved me $40.00 Doctor's bill, and think they are the finest Pill made." JAMES ABBOTT.

**Bu-Ju**
The Gentle Kidney Pill

We will refund your money if Bu-Ju Gentle Kidney Pills fail. 50c. a large box. At all druggists, or sent on receipt of price.

The Clarke Chemical Co. Ltd., Windsor, Ont.

# Practical Plebiscite To Be Taken On Garbage By-law

**Citizen's Opinions Will be Taken Into Consideration by the Aldermen—Proposed By-law Published Below—Measure to Provide for Systemrtic Removal of Garbage.**

## CRITICISM IS INVITED

More than two hours were spent at the meeting of the Committee of the Whole last night on the Garbage bylaw question. Each clause was read separately and discussed and a number of changes suggested but the bylaw has not yet been recommended for the council. The chief questions of dispute were whether the bylaw should be made general, or whether those who desired might attend to the disposal of their garbage privately, providing such disposal was made satisfactory to the Sanitary Inspector.

The cost to those who had garbage to dispose of was also a question discussed at length, when different opinions were advanced.

The committee decided to have the bylaw, satisfactory to them, published and give the citizens affected an opportunity of considering its various clauses before it was recommended by the committee.

The members present were Mayor McWilliams, Ald. Bradburn, Stevenson, Morrow, Leary, Tovey, Phelan, Duncan, Elliott, McIntyre, Wilson, Morgan, Johnston.

The following is a copy of the bylaw as it now stands:—

A bylaw to provide for establishing, maintaining and regulating a system for the collection and disposal of ashes, refuse and garbage.

1. Upon the approval by resolution of the Council the Mayor and Clerk are hereby authorized to enter into a contract under the seal of the Corporation for the collection, removal and disposal of ashes, garbage, crockery, tins and metals, grass, weeds, branches of trees, boots and shoes, waste paper and all kinds of refuse except manure, night soil and building material.

2. The person, firm or corporation with whom such contract is entered into (hereinafter called the contractor) shall remove all such ashes, garbage and refuse at the times and in the manner herein provided for and shall dispose of the same at such places as may be designated in the contract or at such other places as may be designated by the Sanitary Inspector.

3. The contractor shall furnish the number of wagons, horses and men specified in the contract and keep the same constantly employed in the work and shall carry out all work under the direction of the Sanitary Inspector. In case the number of men, horses or wagons furnished by the contractor under the terms of the contract is found by the Sanitary Inspector to be insufficent for the work the Corporation shall furnish such additional assistance as may be found necessary.

4. Collections shall be made from all premises within the city limits according to the following schedule:

(a) From all factories, hotels, hospitals and fruit stores, three times each week.

(b) From all stores and shops within the fire limits, twice each week.

(c) From all residences, rooms, offices, stores and other premises not otherwise provided for, once each week.

(d) From residences in outlying districts as hereinafter defined once each fortnight.

5. Outlying districts shall include the following portions of the city.

(a) All east of Concession street.

(b) All north of Smith street and east of the river.

(c) All south of Romaine street.

(d) All north of Smith street and north and west of the Lakefield branch of the Grand Trunk Railway.

6. Every owner, lessee or occupant of premises herein referred to shall provide boxes or barrels of convenient dimensions and shall place therein from day to day all ashes, garbage and refuse and shall keep the same conveniently placed for collection but not upon the public highway.

7. In case the occupant of any premises has neglected to place the boxes or barrels which he is required to provide for the ashes, garbage and refuse in a proper place on the day appointed the contractor or his employees shall call at such house while on their route and shall warn the occupants and if the neglect is repeated the contractor shall report the same to the Inspector.

8. The wagons or carts to be supplied by the contractor shall be single horse dump-carts constructed in such a manner as to be secure against leakage and to be securely covered, and to be of at least sufficient size to contain a cubic yard. All horses used in the work shall be strong and in good condition.

9. The contractor and the men employed in such work shall follow such routes as shall be laid out by the Inspector and shall follow all instructions issued by him. The work of each route shall be completed daily and the men employed in the work shall be civil and shall render every facilty for the citizens and the proper execution of the work. The occupants such premises shall be informed of the day and about the hour that the wagon will call and the route shall be passed over with such regularity that the occupants may know when their respective premises will be visited.

10. The contractor shall remove regularly all garbage and other refuse from the lanes and alleys on the route.

11. The contractor shall handle all boxes and barrels with due care and after thoroughly removing their contents shall place them where taken from. He shall not overload any wagon, nor allow any of the contents to fall on the street, and shall carefully gather up any refuse which may have been spilled on the ground.

12. The word premises under this Bylaw, shall be deemed to mean and include one tenant only, where any property or building is subdivided, and in possession of two or more owners, lessees or occupants, then each of them shall be deemed to be owner, lessee or occupant of premises within the meaning of this Bylaw.

13. Every owner, lessee or occupant of premises shall pay towards the cost of the collection and disposal of such ashes, refuse and garbage, as aforesaid, according to the following schedule:

(a) Hotels, fruit stores, hospitals and factories, other than those employing more than fifty persons, the sum of 45 cents per month.

(b) Stores and shops within the fire limits the sum of 30 cents per month.

(c) Residences and all other premises not specially provided for, 15 cents per month.

(d) Stores and shops not within the fire limits, and boarding houses having more than five boarders, others than members of the family, 25 cents per month.

(e) Offices and rooms not used for meals, 10 cents per month.

(f) Residences in outlying districts 10 cents per month.

(g) Factories employing over 50 persons such sums as may be fixed by the sanitary inspector with the approval of the health committee of the city council, having regard to the quantity of the refuse removed.

14. The expense of the collection and disposal of ashes, refuse and garbage from each and every premises as defined in this bylaw, except those referred to in sub-section g, of section 13, shall to the extent of the respective charges stated in paragraph 13 hereof be placed upon the collector's roll during each year, and shall be collected in like manner and with all other municipal taxes. The amount to be paid under subsection g, of said section 13, shall be collected from the firms or corporations against whom the same are charged by the sanitary inspector and in default of payment the same may be collected by action at law. Provided that the expense of the collection and disposal of ashes, refuse and garbage for the present year only shall not be placed on the collector's roll for this year, but that the sanitary inspector be required to make out a list of all the parties served and the amounts collectable from each for the service; and that accounts be made out, and delivered to the parties, such accounts to be payable to the tax collector of the city of Peterborough on or before November 15th, 1907, and that any amount not paid by that date be collected by action at law.

15. In the event of the corporation at any time deciding by resolution of the council to carry on the collection and disposal of garbage, as herein provided, by men employed under the direction of the officers of the corporation, instead of under contract, the provisions hereinbefore made with regard to the contractor and his employees, shall apply to the officers of the corporation appointed to direct such work, and the men employed by them therefor.

16. The sanitary inspector is hereby authorized and required to do all things which he is required or empowered to do under the provisions of this bylaw, and shall be responsible for the proper carrying out of the system provided for. In the event of it appearing during the carrying out of the said system, that there is any matter or thing requiring to be dealt with, as to which no provision has been made by this Bylaw, or as to which the terms of this Bylaw are not clear, the sanitary inspector is hereby authorized to take such steps as are in his judgment advisable, and to report the matter at the first opportunity to the Health Committee of the city council.

17. Any person guilty of a violation of this bylaw, shall on conviction thereof be liable to a fine not exceeding $50 and costs, and in default of payment thereof the said fine and costs may be levied by distress and sale of the goods of the offender, and in case of there being no distress, or no sufficient distress, out of which the same can be levied, the said offender may be committed to the common gaol of the County of Peterborough for any period not exceeding six months, unless the fine inflicted, and costs, if any, including the costs of distress, and of the committal and conveyance of the offender to the said gaol are sooner paid.

# Annual Meeting Of City Sunday School Teachers

**Mr. R. Lees Re-elected President---Inspiring and Helpful Address by Rev. B. W. Merrell at Y. M. C. A. Last Night**

The annual meeting of the City Sunday School Teachers' Association was held last evening in the Y.M.C.A. and was attended by a large gathering, representative of the various Sunday schools of the city. The president, Mr. Rich. Lees, was in the chair, and the meeting was a profitable and interesting one. The chief business transacted was the election of officers, Mr. Lees being re-elected to the office of president. A feature of the evening was the presence of Rev. B. W. Merrill, Superintendent of Baptist Sunday Schools for the Ontario and Quebec Convention, who gave a splendid and helpful address on Sunday school work, followed by an interesting conference, in the course of which many questions were answered in a manner such as could not fail to be profitable to those present.

After the opening exercises, Mr. A. J. Johnston was elected secretary pro tem. in the enforced absence of the secretary, Mr. M. W. Matchett.

The following Nominating Committee was selected: Messrs. Sheriff Hall, Rev. J. G. Lewis, and Rev. A. H. Brace.

Mr. Lees, the president, gave a short address, calling attention to the work done in the past year. During the year several matters had come up, to which he wished to refer. Among these was the Provincial Sunday School Association, in which, he thought, the local association did not take enough interest. There should have been between twenty and thirty delegates from Peterborough at the annual convention, while there were only two present. He hoped that next autumn Peterborough would be more fully represented. They should look forward to having the convention here.

During the winter the association had made an effort to do a little teachers' instruction work, taking up Adams' Primer. About fifteen members of the association had been faithful attendants of the class, but he did not think that this was encouraging.

**Officers Elected**

The Nominating Committee reported the following officers elected:—

President—Mr. R. Lees.

First Vice-Pres. — Mr. T. G. Gillespie.

Second Vice-Pres. — Dr. Morrison.

Secretary—Mr. M. W. Matchett.

Treasurer—Mr. A. J. Johnston.

Executive—The officers, with the ministers and superintendents of the various denominations.

The president referred to the Forward Movement, and asked for assistance from the Peterborough Association.

**Rev. Mr. Merrell's Address**

Rev. Mr. Merrill, in beginning his address, stated that he preferred the name, "Bible School of the Church," instead of Sunday school, because it indicated that it was a direct part of the church work. He thought that many churches laid a good deal more stress upon the preaching in the church than the teaching in the Sunday school. "How many churches," he asked, "in choosing a pastor, pay any attention to the fact of whether he is a Sunday school man or not?"

The term "Bible School" indicated in the clearest possible manner the mission of this department. It was an educational institution and it required qualified teachers and approved methods. There was a vast difference between teaching and talking. Talking was never necessarily teaching. If there was no learning there was no teaching. Teachers should guard against the danger of supposing that they are teaching, while in reality they are only talking.

The term indicated the real purpose of the institution. It was the Bible School, the Bible was its single text book. The Bible was studied with a definite end in view. The Public School was mainly a school of instruction. The Bible School, a school of character-building.

The term "Bible School" also indicates what ought to be the real aim of the institution. The Sunday School should never be apart from the church. It ought to be the church, not a part of the church. The aim of every Sunday School should be to have every member of every family enrolled in the Bible School. He was preaching, not so much for a new name for the Sunday School, but for a better conception of its mission and scope. There was no bigger work in the world than Sunday School work.

The address was followed by a general conference on Sunday School work. The gathering asked questions from printed slips, supplied by Mr. Merrill, and they were answered by the speaker. This feature was a most profitable one and of great benefit to the Sunday School workers present.

# A MOST GRATIFYING SUCCESS

**Mr. R. N. Jolliffe's Alliston Choral Society Gave Delightful Concert in That Town**

## WORK IS APPRECIATED

The success of Mr. R. N. Jolliffe in his profession as a singer and teacher, is being learned with satisfaction by his Peterborough friends, more especially because of the fact that it was in this city that he embarked upon a career in which he has won eminent success. A recent issue of the Alliston Herald gives a report of a concert given in that town by the Alliston Choral Society, an organization which has been trained by Mr. Jolliffe. In this concert Mr. Jolliffe and the Society was assisted by Miss Pearl O'Neil, elocutionist. Referring to the work of the local vocalists and of Mr. Jolliffe, the Herald says:

"The concert going people of Alliston and vicinity were treated to a most enjoyable entertainment on Friday evening, when the Alliston Choral Society gave a splendid concert in the town hall. The Society, which includes about 80 voices, gave splendid choruses in a manner that reflected the highest credit both on the members and on the leader, Mr R. N. Jolliffe, who has been training the society for some weeks. The choice of songs was most happy, embracing the patriotic, sentimental, humorous and lullaby."

"Mr. R. N. Jolliffe gave three solos, each of them being enthusiastically encored. Mr. Jolliffe possesses a voice, rich, strong and sympathetic and deserves the golden opinions he has won during his visits to Alliston. His singing of "The Penitent," was particularly appreciated."

The Toronto Globe of Saturday also refers to the event, and says:

The Alliston Choral Society, numbering about 80 voices, gave a highly successful concert in that town last week. The programme was a miscellaneous one and the various choruses—nine in all—were rendered in a most creditable manner. The Bridal Chorus from Cowen's "Rose Maiden," and Sullivan's "O, Hush Thee, My Baby," being sung with especially fine effect in tone, quality, attack and shading. The chorus, which is under the leadership of Mr. R. N. Jolliffe, of Toronto, was assisted by Miss Pearl O'Neil, Toronto, the well known reader, and Mr. Jolliffe, baritone, who met with his usual success in several solos.

COLONIAL BRASS

As a Wedding Gift a piece of Colonial Brass will be "something out of the ordinary."

A splendid range to choose from in Candlestick, Vases, Fern Pots, Trays and Candelabra.

Prices $2.00 to $20.00.

## SYNOPSIS OF CANADIAN NORTH-WEST

HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

## Synopsis Of Canadian North-West

HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land is situate.

Homestead Duties.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act, as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

Application for patent should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.

Children for adoption.
Information requested. The informant's name kept strictly private.

# Paying the Price.

*By Louise J. Strong.*

Copyright, 1907, by P. C. Eastment.

As Ordway dodged through the stream of traffic at the crossing merry greetings saluted him from a crowded auto car that just missed him as it chugged by. He bowed gravely to the smiling occupants, observing that She was of the number, and then he passed on to the business appointment that had prevented his being in the party. It was an appointment that he might have easily evaded, but he felt the need of time to consider an astonishing revelation which had been made to him that morning.

"Because I think it has gone far enough, or too far for that matter, and to save you the pain of a refusal I tell you this open secret," the informer had declared magnanimously, "for it is an open secret in our crowd, where all have conspired to keep it from you, that Miss Annabelle Mills before she met you wagered a box of gloves with the girls that she would bring you to the point of proposal—you, the hitherto invulnerable—in three months."

Ordway had taken the blow without flinching. He had thanked the considerate revealer of secrets without comment, to the mystification of that individual, who felt cheated of his anticipated sensation. It was instinctive self defense in Ordway, who knew Cathcart's interest in one of the fair wagerers and suspected the magnanimity was but an effort to help her to win. But he could not doubt the truth of the communication in the face of the evidence given.

His reflections were exceedingly bitter as he plunged along in an absorption that drove all thoughts of business from his mind. He had been an easy victim; he had not resisted, but had succumbed almost at once to the wiles of the beauty. From the moment of meeting she had stood to him for all that is lovely, charming and

"I ASK YOU TO MARRY ME."

true in woman, and he had early acknowledged to himself the desire to win her if possible and the determination to endeavor to do so. And he had soon become aware of the fact, incredible as it had seemed to him, that she was not wholly averse to the winning. He had at last felt sure of that beyond peradventure, and his heart had thrilled with the inspiring certainty of success, a success that he regarded with reverent gratitude and vows of greater worthiness. The sly raillery from their common associates upon his evident and entire subjugation he had taken as a matter of course, to be borne with the equanimity of the victor, never dreaming they were scouting him as an easy, an amusing victim nor suspecting that her adorable yielding was insincere.

He had come to love her with all his power to love woman. Losing her, he would go through life alone, and the wound of her falsity would never heal. He had given his all for the furtherance of a vulgar wager, had yielded the soul of his manhood a puppet in a game. In the just anger that presently surged over him, for the moment searing his pain, he felt that she was little better than a murderess. She had known from the first. He had not tried to conceal his love. She had deliberately lured him on to the wrecking of all that was best in him. She was unworthy of the slightest respect. He wondered that he could have so loved one so utterly false. But some inner consciousness cried out at this harsh judgment of her. As he thought over all that their intimate association had shown him of her character it seemed impossible that she could be the frivolous, cold hearted coquette which the situation declared her to be, and yet—and yet— With a weary sigh, he abandoned the effort to understand.

But the hurt remained and deepened as he recalled his appointment with her for that evening, an appointment which meant that the hour had come for the asking and answering of the question more important to him than life itself. And, by the look in her sweet eyes, when she granted him permission to come, he had left assured that she understood and did not repel him.

Did it mean for her but the crowning of her mean victory? Well, she should have the poor gratification of winning the senseless wager! It mattered little to him—nothing mattered to him now. He tried numbly to outline a future that would take him to distant lands and new associations, where he would strive to forget and also strive to regain his faith in humanity. Some time he might perhaps feel scorn of himself that he could not scorn her openly and fling her puerile duplicity in her face.

As he neared her house he saw with surprise that it was lighted up, and as he entered the hall he heard familiar voices and laughter. She was in haste then to flaunt her victory and had assembled her confederates in readiness. He set his teeth and resisted the impulse to retreat, to leave her vainly waiting, the butt of her triumphant allies. The humiliation through which it seemed she designed to drag him ought surely to be the deathblow to his love. For that, if for no other reason, he would endure it.

He waited for her in the library, formulating his speech in the fewest words possible and the least expression of sentiment that would give her the victory for which she had demeaned herself.

"I am taking you from your friends," he began as she entered. "I will keep you but a moment. I wish to ask you"—

She came to him swiftly with raised hand.

"Hush!" she entreated. "Say nothing. I have a confession to make, and then I want you to go away quietly and leave town tonight, that none of them may know that you have been here. It is the last—but I have not—you cannot understand until I have"—she faltered, her shame dyed face drooping. "Before I met you I—the girl—I—I can scarcely voice the shameless—you had been represented as one singularly indifferent to—to—one who had never been interested enough in any woman to sue for her favor—it was predicted that you never could be brought to the point of offering yourself—to"—she stammered pitifully and caught her breath—"I was challenged to try my power, with exultant prophecy of failure, and it led—to—to a silly wager. I accepted the dare—all this before I had seen you—when I met you"—*again she faltered*—"I tried to withdraw—I was derided and goaded constantly with—no, I have no excuse to offer—I am utterly ashamed of myself and despise myself as heartily as you must now you know—and I have failed. They came unexpectedly tonight, the last night of the wager, to gloat over my failure. Go now and try to have some pity for a silly girl who did not realize what she was"—

He caught her hands, interrupting eagerly. "You have not failed, for I now make you an offer of my hand. I ask you to marry me."

She twisted her imprisoned hands and cried brokenly:

"I thank you for your generosity—but you cannot mean it—you cannot have even respect for one"—

"I mean it from my heart," he broke in, something in her manner, her humble face and trembling tones sweeping away everything but his love for her and restoring his faith and trust in her. "From the moment I met you I have had no thought but to win you to"—

"Think of what I am guilty," she whispered *tearfully*, with a *shy* glance that made his heart leap.

"I can think of nothing but that you are—you have been sincere, that you love"—

There was a rush and commotion in the hall, with calls for her and an impatient rap upon the door; then it burst open, disclosing the crowd, and a girl cried, "How unfair of you, Annabelle, to summon him here at the last moment to wring a"—

"Come in, all of you," Annabelle interrupted gayly, slipping her hand in *Ordway's, her radiant eyes seeking his*, "come in and congratulate me. Mr. Ordway is going to buy my gloves in the future."

### Exit George.

The time was approaching midnight. The old gentleman was listening from a coign of vantage at the head of the stairs. He had been there in his stocking feet for as long as thirty-two minutes. The young man was lingering at the front door with the old gent's daughter. As a lingerer he was a success, and he was aided and abetted by the girl. This also the old gent knew as well as several other interesting things. That's why he became tired of listening at the head of the stairs. At last he heard a shuffling of feet.

"It's so hard to say good night, darling," the young man said to the girl, who believed every word he uttered, as they always do before matrimony gets in its baleful work.

"Don't say it, George!" sang out the old man. "Wait about five minutes and say good morning!"

It was then the impediment in George's speech was removed, and, with at least four and a half minutes to spare, the girl closed the front door, and George trotted along home.—Strand Magazine.

### Another Office.

An apt and witty retort was that made to the colonel of a regiment on one occasion by an old Quaker aunt, to whom he was complaining. He was an unpopular officer filled with a sense of his own importance and most overbearing in his manner to his inferior officers, who disliked him heartily in return and in consequence shirked their duties whenever opportunity offered.

"I have a most unsatisfactory set of men under me," complained the young man, *standing before the little old* Quaker lady in a pompous attitude. "I am practically forced to do all the work which should be done by them a great part of the time. I am my own major, my own lieutenant, my own ensign, my own sergeant."

He stopped and frowned down upon his listener.

"And thee is thine own trumpeter also, William, I fear," said the old lady, with a twinkle in her eye.

### Changing Brands of Tobacco.

"In tobacco used for pipes it is quite a usual thing for smokers to change their brand every two years or so," said a dealer in such things. "though, on the other hand, there are some men who never change. This changing is in many cases simply a habit, but one which has been acquired in a curious way.

"The men who make such changes declare they have simply got tired of the old brand, whereas, as a matter of fact, it is often a case where the brand has deteriorated in quality. It used to be a common thing for some manufacturers to put out a new brand of smoking tobacco so good that it could not be sold at a profit at the price asked. This speedily boomed the brand to phenomenal popularity, and then slowly, so slowly that it would not be noticed for a long time, the manufacturer would proceed to get his money back by using inferior stock in the brand.

"Fortunes were made in this way, and many a man who finally gave up his favorite brand never knew anything except that he had grown tired of it. Many men who changed often for this cause, however, now make it a point to change regularly."—Philadelphia Record.

She is the girl who is not "too bright and too good" to be able to find joy and pleasure all over the world.

She is the girl who appreciates the fact that she cannot always have the first choice of everything in the world.

She is the girl who is not aggressive and does not find joy in inciting aggressive people.

She is the girl who has tact enough not to say the very thing that will cause the skeleton in her friend's closet to rattle its bones.

She is the girl who when you invite her to any place compliments you by looking her best.

She is the girl who makes this world a pleasant place because she is so pleasant herself.

### What Empire Means.

"What is the goal? What is it that we, who call ourselves Imperialists, really have in our minds when we talk of 'the consolidation of the Empire,' or 'Imperial unity,' and so forth? It is, I take it, nothing less than this: that the several States of the Empire, however independent in their local affairs, however dissimilar in some of their institutions, should yet constitute for certain purposes one body politic; that in their relation to the rest of the world they should appear, and be a single power, speaking with one voice, acting and ranking as one great unit in the Society of States.

"It is the colonies, in this instance, or at any rate some of them, who are making the running. And that is all to the good. If the Canadian Government still regard any proposals for organized and permanent consultation between the states of the Empire, as calculated to 'interfere with the working of responsible government,' it is better that Mr. Deakin and Sir Joseph Ward should convince them that this is not the case than that any Englishman should attempt so to convince them."—*Lord Milner, in The National Review.*

### Dr. Oronhyatekha's Grave.

Extraordinary precautions have been taken to guard the body of the late *Dr. Oronhyatekha from grave*-robbers. The grave is made as secure as possible with cement concrete built around the shell in the grave. Suspicious persons were seen lurking around the mortuary in the Deseronto cemetery for nights after the body was taken there. Reports have been circulated that medical students wished to get the head of the late chief.

HEART TROUBLE CURED

In the rush, hurry and worry of modern times, we overwork the heart. Is it any wonder then that there comes a breakdown of this wonderful little engine, when such a continued strain is placed upon it day after day. There are many forms of heart trouble and the slightest derangement of this important organ is extremely dangerous. To strengthen the weak heart it is necessary to use a remedy that will act upon the heart tissue, restore and revitalize it and at the same time tone up and invigorate the nervous system, we have such a combination in

MILBURN'S HEART AND NERVE PILLS

Mrs. Ella Dingman, Morganston, Ont., writes of her experience with them: "It is with the greatest of pleasure that I recommend Milburn's Heart and Nerve Pills. I was troubled for a long time with my heart; I had weak and dizzy spells, could not rest at night, and I would have to sit up in bed the greater part of some nights, and it was absolutely impossible for me to lie on my left side. At last I got a box of Milburn's Heart and Nerve Pills and they did me so much good I got another box and they effected a complete cure. I have not been troubled with my heart since."

Price 50 cents per box or 3 boxes for $1.25 all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

### POLICE OF LONDON.

German Experts Who Investigate Their System Loud In Praises.

A special German police mission has been visiting Scotland Yard to compare the London detective and police methods with those of Berlin.

The visitors have been given every opportunity for an insight into Metropolitan police methods, and have been personally conducted by experienced detectives over all parts of London.

As the outcome of their investigations the German delegates have declared London to be "the best policed city in the world."

Berlin is known as "a city of police," for officialdom there is in full control, so Scotland Yard authorities accept this opinion as one of the greatest compliments ever paid them.

The German visitors were shown all over New Scotland Yard, and taken at night to the "sights" of the West End and down into the East End slums.

In the lowest lodging houses and criminal haunts they saw for themselves how very quietly and expeditiously the London policeman works.

Marvelous System.

Our marvelous system of traffic control aroused their admiration, and they were astonished to find how popular the police are, in spite of their authority.

"The power of the police in Germany is far greater than yours, but their success is not so great," said one of the German visitors in discussing his experiences.

"You can hardly accomplish anything in Berlin without consulting our police and obtaining their permission.

"The district police inspector has to pass and sign your insurance papers, and if you engage or discharge a servant you have to supply a German police with name, grade, nationality and religion.

"In London the police are far less officious, and the relations between them and the people they protect seem to be most cordial."

During the last few years the London police have provided hints for the chief cities of the world. Special missions have come from France, Russia, Switzerland, Spain and the United States, and in each case the visitors have admitted the superiority of English police methods.

### Hoist With His Own Petard.

A woman recently applied to a sewing machine company for a machine to be used on trial. The agent set her down as one who had no intention of really buying, so he sent her a second hand machine, made by another company, that they had somehow managed to secure in trade.

"That," said he, "will be good enough for her to do her sewing on, and that is all she wants it for."

At the end of two weeks the woman called at the office.

"That machine," she said, "is a treasure. It runs easily, and the tucking, shirring and hemstitching are perfectly beautiful. All the women in our building say they never saw anything so nice. They are going to sell their old machines and buy new ones like it. I am going to get a new one too. There are eleven of us who want to buy. Since that is quite a large order, we thought you might be able to get the machines for us at a discount."

The agent nearly collapsed. He tried to induce the woman to look with favor upon the machines made by his own firm, but her affections were fastened upon the sample that he had so fatuously provided. So in order to secure any commission for himself he had to fill an order of eleven machines made by a rival concern.—New York Post.

### Cleaning Steel Knives.

How do you clean your steel knives in the old way on a knife board?

Suppose you try the German fashion, which is much simpler than the ordinary manner and saves a good deal of work.

Take the cork from a big bottle of some sort and dip it into knife powder that has been moistened a little with water. Place the knife flat on the kitchen table and rub it with the cork. In an incredibly short time the knife will be clean and beautifully polished and will only require to be rubbed off on a cloth.

### A Straight Tip.

Geck (who has already wearied the guests with many songs)—Now I will sing you one more song and then go home. Lady—Pardon me, but do you attach much importance to the order of your programme?

HEALTH

Beecham's Pills are the "ounce of prevention" that saves many a dollar for cure. Keep disease from getting in, and it will never lay you out.

The safeguards against all life's common ills are: A Sound Stomach, Healthy Kidneys, Regular Bowels and Pure Blood.

Hundreds of thousands—both men and women—keep healthy by using

## HOUSEHOLD DONTS.

Don't leave a lamp lighted while absent from the house.

Never leave matches, medicine, poison, a gun or revolver in reach of children.

Never place pans, jars, basins or other vessels upon stairs or any article that can possibly catch a descending foot.

Never, even for a minute, set a vessel of scalding water on the floor. Many children's lives are lost through this carelessness.

Never leave a door open in such a way that any person moving about in the dark can possibly strike against it. Close or open against a wall.

Never at any time leave a hassock or other small furnishings in the middle of the floor. Chairs, especially rockers, should be set back at night where no person rising can trip or hurt the feet on them.

## FOOTGEAR NOTES.

**Newest Wrinkles in Footwear For Milady's Spring Outfit.**

Fancy styles are so much the rule in footwear that they have ceased to be remarkable. Even the plain sensible styles of walking shoes are garnished with all sorts of fancy perforations.

Tan boots have been generally worn all winter with short walking skirts and have proved so comfortable as well as pretty that the style bids fair to hold good all spring.

The Cuban heel is the ruling one for general wear, the extremely high narrow heel being confined to dress slippers. Short vamps are the rule, as the majority of women looking down on their feet have an idea that short vamps make the foot look smaller. Never was there a greater mistake. The effect really produced is in nine cases out of ten to make the foot seem broad and ungainly.

Ribbon ties and the flat stiff ribbon bows are still in evidence. There are

NEW ETON JACKET—5634.

many variations of other kinds of low shoes. The elongation of the vamps into crossed straps that close with buttons or buckles and modifications of the colonial types are some of these.

White kid uppers both with tan and black patent leather foxing are very smart and much more durable than they appear to be, since the uppers clean easily, a preparation being made for the purpose.

The simple Eton jacket is always in demand, and the one pictured comes under this very desirable head. As illustrated, it is of panama cloth trimmed with wide soutache braid.

## AN ENGLISH RECIPE.

**A Delicious Cake Named For the Prince of Wales.**

One cupful of sugar, half a cupful of butter, two cupfuls of flour, two eggs, a cupful of sour milk, a teaspoonful of baking soda, two teaspoonfuls of New Orleans molasses, spices to taste. Bake in a quick oven.

One cupful of sugar, a cupful of milk, four ounces of butter, two whole eggs, one yolk and the grated rind of a lemon.

Stir the butter and sugar to a light cream, add the lemon and the egg (one at a time), stirring a few moments between each addition.

Add alternately the milk and prepared flour, making a soft dough. Roll out on a floured board a quarter of an inch thick, and with a tin cutter cut into rounds. Cut a small piece from the center of each in the form of a ring.

Drop into hot fat and fry until a golden color. Remove the crullers with a cake turner, place them for a few moments on blotting or coarse brown paper, remove to a dish and dust with powdered sugar.

Saves Time

Celluloid Starch needs no cooking—just cold water and 'tis ready. 'Won't stick, yet gives a better gloss, with less iron-rubbing, than any starch you know. Its price is little. Your dealer sells it. Try it this week. 204

## FRILLS AND FURBELOWS.

**The Flower Trimmed Hat—The Riding Habit Up to Date.**

Flower trimmed hats are very popular. Some of the most girlish models have crowns entirely of flowers, with ostrich feathers at the sides to give height and character. Even ferns, stiff as they are, are seen on some of the imported hats. The fronds are tied into bunches with old fashioned garden flowers and appear on hats designed for country wear.

It is well to have the boy's small belongings in sets that match. Tan shoes, tan belt and a tan strap for the

GOWN OF LIBERTY FOULARD—5341, 5635.

hat should go together and with black shoes a patent leather belt, black necktie, etc.

Princess braid passementeries are the latest novelties in trimming and resemble the princess lace in makeup; hence the name.

The riding habit coat which is partly tight fitting, single breasted and fastened with visible buttons is very much in style. It has long, small sleeves, rounded fronts and plaits at the back about an inch below the waist line. For a woman who prefers her street suit tight fitting there is no better choice offered than this style.

The liberty foulards are among the handsomest goods of the season. The one shown here has figures of white on a pale blue ground. It is trimmed with black velvet ribbon and worn with a chemisette of cream colored lace.

JUDIC CHOLLET.

## PRACTICAL HINTS.

**As to the Small Boy's Clothes—Dainty Cotton Fabrics.**

In making clothes for a small boy fussiness is the thing to be avoided. Simplicity is the height of good form for the little man as well as for the big one. It is upon material, cut and finish that his clothes depend for their effect. Even from the time his first short dresses are donned the tailor made effect should be apparent.

A good scheme is to procure a suit from a thoroughly up to date children's outfitter and then copy it carefully at

LINEN MORNING FROCK—5637, 5622.

home. After the first experience it is easy to get along. The pattern should be so perfect that no further fitting is necessary.

The printed silk mulls are beautiful this season, and the embroidered batistes and swisses defy description. The all white embroidered swiss is always modish and serviceable. Some of the flower figured swisses are most artistic. A tiny wreath of flowers tied with a minute bowknot is a favorite design in both swiss and batiste.

The dimities, organdies and, in fact, all the old favorites are prettier than ever this season and will be used quite as extensively as of yore. A snuff colored spider cloth is a novelty that promises to become a favorite. It is very sheer, although not transparent, and is of exquisite sheen.

Browns are fairly rampant in the season's millinery, and many of the best Parisian model hats for street wear are of brown straw. One of the prettiest is of brown straw with shaded brown and yellow feathers and brown velvet ribbon.

The picture shows a gown for morning wear in striped linen which is as pretty as it is comfortable.

JUDIC CHOLLET.

**Coffee.**

The farther north the more injurious to the human system is the use of coffee. Greenlanders have found it necessary to prohibit its use by the young.

RED ROSE TEA "IS GOOD TEA"

*The More Particular You Are, The Better You Will Like It.*

The fine quality of Red Rose is most appreciated by those who are the most particular.

Notice the clear, amber color in the cup and the delightful fragrance when poured from the teapot.

Will you try a package today? Ask your grocer to send you one!

## WRINKLES OF FASHION.

**Hand Painted Lace the Vogue—Spring Millinery Notes.**

Hand painted lace is the last cry in Paris. It is made of coarse net with muslin flowers appliqued in design and hand painted in natural colors.

Large hats are raised at one side or at the back, and masses of tulle, malines or ribbon and flowers fill in the angle.

All the popular spring flowers are used upon the spring hats. One very lovely helmet shaped hat is wound with heliotrope silk, while at the side there is a shower bouquet of violets falling upon the hair, with a few chiffon loops and ends. It is inexpensive, but becoming and beautiful.

Crochet buttons of silk and linen are extremely smart and are to be had in

A SMART SPRING COSTUME—5634, 5407.

all colorings. Buttons of tortoise and other shells, enriched with gold or mock jewels, are fetching.

One of the new hats is of tobacco brown with a wide brim. At the back there is a cascade of brown feathers.

The uncurled feather, looking wild to the unaccustomed eye, graces many a hat, and the feather that stands up straight, all uncurled and shaded at the tip, is also seen. Truly there is an assortment in the feathers of today.

Checked suitings are very smart this season. In the cut is one that combines an attractive little Eton coat with one of the favorite skirts that are tucked in clusters.

JUDIC CHOLLET.

**Good Looks in the Kitchen.**

"I'm never going to marry until I can afford to keep my wife out of the kitchen," said a bachelor the other day, "because as soon as a woman does housework she loses her good looks."

There is a vestige of truth in the above statement, but there are countless little ways in which you can preserve your beauty even while doing the hardest part of the housework with your own hands.

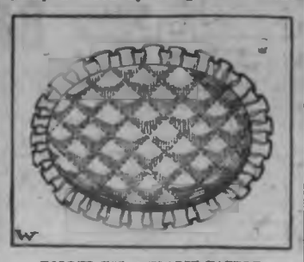
Do you sit as much as possible at your work? The woman who stands to polish silver or to peel the potatoes is not deserving of sympathy when her feet ache.

When ironing, stand on a soft, thick rug and you will notice that your feet do not become nearly so quickly tired.

Keep your hands out of hot water. This can and must be done. It is for this that the dish mop and the rubber gloves were invented, and you can take advantage of them at a very small cost. Do not plunge your hands recklessly into the dishwater. Hours each day spent in hot water will cause them to become swollen and red.

**For the Teapot.**

Every one who has ever poured out tea knows how painful it is to catch hold suddenly of a very hot teapot handle, an experience which may sometimes result in the dropping of the teapot and the breaking of a cup and saucer. This discomfort can be easily avoided by using a neat little



HOLDER FOR A TEAPOT HANDLE.

handle holder of the kind shown in the accompanying sketch. It can be made in spare moments from almost any odd remnant of material and may be circular, square or oval in shape, but perhaps the latter is the most useful and convenient. Two pieces of material should be cut out in the shape required and, after having been padded, should be sewn together and quilted. A frill of pretty colored ribbon may then be attached all round the edge to finish it off.

**To Preserve Flowers.**

Flowers can be preserved for several months by dipping them carefully as soon as gathered in perfectly limpid gum water. After allowing them to drain for a few minutes arrange them in a vase. The gum forms a complete coating on the stems and keeps their form and color long after they have become dry. Many people like to have bunches of bright colored autumn leaves in their rooms. They are easily preserved so as not to decay under the influence of the air in the following simple manner: Melt some spermaceti in a tin or earthenware bowl and when it is liquid, but not too hot dip in the leaves. Then lay them out on a smooth surface to dry. The leaves must be thoroughly coated, but not too thickly.

**Torn Wall Paper.**

When a hole has been made in the wall paper in moving a piece of furniture, if one has no paper like the one on the wall a judicious use of water colors will work wonders. The torn paper should be first straightened as neatly as possible and glued down. Then touch up the vacant spaces and the seams with paints the color of the paper at that place, says Home Chat. The break will be almost invisible if the water colors are used carefully. Tiny tubes of water color paints can be bought at any artists' supplies shop.

**An Eye Precaution.**

Don't rub the eyes after going through a cloud of dust, for this action has a tendency to irritate the eyeball by working fine pieces of metal, dirt, etc., into the corner. If particles in the eyes cause discomfort or pain, close the lid and let the water that constantly bathes the eyeballs have a chance to wash out the foreign matter.

## GIANT SHIP LAUNCHED.

**Christening Ceremony Performed by Lady Breadalbane.**

With the launch of H. M. S. Indomitable at Glasgow, another mighty weapon of destruction has been added to the British navy.

The Indomitable is the largest and most powerful cruiser in the world. She belongs to the new class which has been attracting the attention of naval experts in every country. By the imperative orders of the Admiralty, absolute secrecy has been preserved about the details of her construction.

Certain facts are known, however. She has eight 12-in. guns. Her 41,000 horse-power will give her speed

CHRISTENING THE INDOMITABLE.

of 25 knots. This means that she has greater gun power and a higher speed than any battleship afloat. With her powerful armor, she will be a match for every battleship in existence, except perhaps one of our own Dreadnoughts.

Owing to the flood tide the ceremony of launching had to be performed hurriedly by the Marchioness of Breadalbane, half-an-hour earlier than was expected. The titanic bulk of steel glided into the water before most of the invited party had reached the launching stage. At the luncheon which subsequently took place, Sir William Pearce, chairman of the Fairfield Co., who built the great ship, declared that she must remain a mystery until her trials had taken place.

The Indomitable is of 17,250 tons displacement. Her cost is approximately £1,744,000. During the next fortnight our navy will be further strengthened by the launch of her two sister cruisers, equal in speed and gun power.

### A Strange Mode of Life.

In a railway carriage, perched on a cliff overhanging the Severn, near Bridguorth, England, lives Henry Hudson, a man who has traveled extensively, published more than one novel and written for scientific magazines. He adopted his strange mode of life partly from a love of nature. He builds coracles, which he sends to Norway, and has invented socks made from wood, which are being considered by the British military authorities.

Better digestion and a sweeter stomach follow quick upon the daily use of York Springs Potash Water. Sparkling, zestful, wholesome and without marked flavor. Try it for your dyspepsia. At good bars and from all merchants who discriminate.

## MAPLE SUGAR FOR WORLD.

**Canada Produces 10,000,000 Pounds of This Commodity Every Season.**

The season of maple sugar making has now closed, and the year's harvest is pretty well on the market, for it is a product that passes almost immediately from the producer to the retailer, and then into the hands of the consumer.

Canada is the principal maple sugar producer of the world, her harvest being about one-half of the entire output. In quantity that harvest amounts annually to about eighteen million pounds, possessing a value of $1,800,000. The Province of Quebec leads in this industry with an average yield of 13,000,000 pounds. Ontario is second, but far behind, with 4,000,000 pounds; about 300,000 pounds are made in the Maritime Provinces, but practically none in any other parts of Canada.

### Dependent on the Weather.

This industry is very largely dependent on weather conditions. When favorable there is a large flow of sap, and if properly handled the farmer is well paid for his investment of labor and capital. The season just closed was a long but rather broken one, having been interrupted by heavy snowfalls and severe frost. However, on the whole a fair quantity was made of very good quality.

### How to Obtain It.

But the point of interest just now to city people is how to obtain pure maple sugar and maple syrup?

The adulterating of these articles is rampant, as is shown by the results of the analyses made last year by the officers of the Department of Inland Revenue. In all 26 samples of sugar were analyzed and only 11 were found to be genuine, 3 doubtful and 12 were adulterated. The record with respect to maple syrup was worst still. Here 85 samples were examined, 22 were found to be genuine, pure maple syrup, 2 were pronounced doubtful, in 8 cases adulteration was declared, and 53 were upon analysis found to be adulterated. The highest percentage of adulterated samples was secured in Toronto and in Montreal.

No doubt pure syrup and sugar are to be had in Montreal, probably the best guarantee the purchaser can have of genuineness being the name and address of the maker on the label on the can of syrup or on the package of sugar. But large quantities of adulterated sugar are being sold. The writer purchased in three different uptown groceries cakes of sugar said by the sellers to be absolutely pure, and yet each one was so adulterated that the presence of ordinary brown cane sugar could be detected by the taste.

### A Wholesome Delicacy.

Maple sugar is a luxury enjoyed by almost everyone, for perhaps no other form of sweet is quite so pleasant, and certainly none are more wholesome. Good maple sugar is, therefore, always in demand, and always commands a high price, but the consumer objects to paying fifteen cents a pound for a mixture of so-called maple sugar, of which a large part is common brown cane sugar worth three or four cents a pound. The result of all this is to give the maple sugar trade a bad name, and in the end it will tell both on producer and trader, for the public will learn to let maple sugar alone.

### Duty of the Department.

But there is a law to meet these cases, and it is the duty of the Inland Revenue Department to enforce it. In the first place means are provided for the protection of the merchant and jobber, the "Adulteration of Foods Act" gives a form of warranty to be signed, and forwarded with each shipment of syrup or sugar by the producer or manufacturer, who actually cans and labels the goods, so that in case an officer of the Inland Revenue Department purchases a can of syrup or a cake of sugar for analysis, and finds the same to be adulterated, the merchant or jobber can hand to this officer the "form of warranty" signed by the manufacturer, and he (the merchant) is thereby released from all responsibility. Should the merchant not hold the form of warranty he is liable to a fine should the goods be found to be adulterated.

Pure maple sugar or pure maple syrup means the product of the maple tree, and nothing else, and he who sells a compound calling it pure maple is liable to a fine, unless protected by a warranty so that the adulterator can be found.

It is permissible to sell a "compound," but it must be sold as such. A can of syrup, part of maple and part of cane sugar, must bear the word, "compound," and such word must be placed on the face of the label in as conspicuous type as are printed the other words of the label.

Now it would be well for maple sugar fanciers in Canada, and they are found in every household, if this 'Adulteration of Foods Act" was better enforced, and in the end it would be well for the honest trade in maple sugar and maple syrup.

## CANADIAN CAMPING SONG.

A white tent pitched by a glassy lake,
Well under a shady tree,
Or by rippling rills from the grand old hills,
Is the summer home for me.
I fear no blaze of the noontide rays,
For the woodland glades are mine,
The fragrant air, and that perfume rare,
The odor of forest pine.

The wild woods, the wild woods,
The wild woods give me;
The wild woods of Canada,
The boundless and free!

A cooling plunge at the break of day,
A paddle, a row, or sail,
With always a fish for a mid-day dish
And plenty of Adam's ale.
With rod or gun, or in hammock swung,
We glide through the pleasant days;
When darkness falls on our canvas walls,
We kindle the camp-fire's blaze.

From out the gloom sails the silv'ry moon,
O'er forests dark and still,
Now far, now near, ever sad and clear,
Comes the plaint of whip-poor-will;
With song and laugh, and with kindly chaff,
We startle the birds above,
Then rest tired heads on our cedar beds,
To dream of the ones we love.

## ANCIENT CORNISH CASTLE.

**Scene of Spirited Defence By Lady During Tudor Wars.**

One of the most interesting edifices in Great Britain is Place Castle, Fowey, in south-east Cornwall. It links the far-away past with the present in the double bonds of ancient stone and ancient family. Erected at the beginning of the 13th century Place Castle has always been the residence of the Treffry family.

The most famous story connected with it is that of its defence by Elizabeth Treffry in 1457. It was the time of the Wars of the Roses, and Thomas Treffry was away with most of his

PLACE CASTLE.

men-at-arms supporting the cause of Lancaster.

The French Monarch, Charles VII., who had long desired to take Fowey, thought the opportunity had come and sent eight ships against the Cornish town. The attack was made one dark night, and had all the elements of a surprise. But Elizabeth Treffry was equal to the occasion. Taking command, she ordered the beacons to be lit and the drums to be beaten, calling to arms all who could bear them. Then, like another Joan of Arc, in breastplate and helmet, she rallied her men, and directed the fire upon the French troops. When the latter made a close hand-to-hand attack the brave Elizabeth headed the repelling party, and, after a stiff fight, the enemy, badly beaten, made off to their ships and sailed away. When Thomas Treffry returned he added an embattled tower to his stronghold, and named it after his wife, to be an everlasting memorial of her bravery.

Place Castle has been several times rebuilt, and was restored and enlarged in the early years of the 19th century. But it still retains many of its ancient features. The fine hall, built of porphyry, has a splendid carved oak ceiling, considered one of the finest in the kingdom. There is also some interesting work of the Tudor period, including beautiful bay windows and oriels, rich panelling, and carved shields of arms. Place Castle is rightly considered the glory of Fowey.

## A BUTTERFLY FARM.

**Young Englishman's Novel Enterprise—His Finest Specimens.**

In ancient Bexley, whose population is much less than that of some of the suburbs of London, is to be found one of the most remarkable examples of modern enterprise. Six years ago a certain young man put this terse question to himself: "Bookkeeping or butterfly breeding?" He arrived at the decision that the latter offered a quicker and more congenial way to fortune than clerking, and thereupon, says the Boys' Own Paper, commenced to build up the butterfly farm to be seen at Bexley to-day.

Altogether Mr. Newman has about 200 different species of butterflies and moths on his farm in all stages and conditions. The most costly butterfly among them is the purple emperor, or king of the forest, so named because it is usually to be found flying over the top of oak trees, and consequently is most difficult to catch. A male specimen of this insect is worth 4s. and a female, 5s.

The prices of the ova, larvae and pupae, which Mr. Newman sells, vary, of course, according to the species. For instance, a dozen of the ova of the drinker, a very common moth, can be purchased for 3d., while the same quantity of the comma butterfly would cost six times that amount. Then, again, a dozen of the larvae of the small tortoise shell cost but 4d., while a dozen rannock sprawlers could not be purchased for less than 25s. The pupae are sold at so much each, the prices ranging from 1 1-2d. for a painted lady, satin moth or scalloped hook tip to 1s. 9d. for a scarce burnished brass.

Mr. Newman's customers are almost as varied as his species. Schoolboys are enthusiastic collectors of caterpillars, which they like to breed themselves.

### He Was the Third.

"He's your first cousin," said Mrs. Dimling to six-year-old Freddy, alluding to a new baby of whom Freddy was very fond.

"Oh, no," replied Freddy. "I had two cousins before he was born."

### What Is Charm?

A woman may be ever so beautiful to look upon, but if she hasn't a charm of manner, a cordial, frank, endearing personality, the pretty eyes and soft, transparent complexion count for little. There is danger in spending too much time on the external appearances and neglecting what is most essential of all—a well groomed mind and a sunny disposition. We admire beauty of form and features, we delight to look upon a white, perfect hand, and we find enjoyment in stately womanliness, but the things that bring friendship and affection are sweetness of character and a cheerful, love compelling temperament.

## DODGING A ROGUE ELEPHANT.

**Indian Official's Game of Hide and Seek With a Big Beast.**

S. M. Fraser, chief commissioner of Coorg and resident in Mysore, met with an adventure in Coorg near the Canara border during his recent tour.

Mr. Fraser, accompanied by Mr. Harris, assistant commissioner; Mr. McCarthy and Mr. Halier, were riding along a narrow zigzag path through an almost impenetrable jungle, when, says The London Standard, he heard an elephant moving parallel with them. Mr. McCarthy rode to the next bend to see if the coast was clear. At the moment Mr. McCarthy turned the bend a tusker came out on the path above him, and without a moment's hesitation gave the usual squeal and charged.

Shouting "Ride!" Mr. McCarthy galloped down the path, and with this flying start, passed Mr. Fraser, who had not got up much pace, not fully realizing the danger. The rest of the party disappeared around the next bend. Mr. Fraser turned into an opening in the jungle, only to find it a trap of impenetrable growth on all sides. The rogue elephant was within a few yards of the horse's tail.

Without an instant's hesitation, throwing an arm around a tree while passing, he let the horse gallop from under him, fell to the ground on all all fours, flung himself to one side clear of the charging elephant's path, and then, springing to his feet, took refuge behind a larger tree some paces away.

No sooner did the elephant miss his man than he pulled up, turned around and proceeded slowly to hunt for him. Mr. Fraser in the meantime moved silently around the tree, keeping it between himself and the elephant. Fortunately after some minutes the elephant moved off and disappeared. Mr. Fraser emerged from his place of concealment, not damaged in any way. The whole party was unarmed.

### India and the Opium Traffic.

A writer in The Morning Post, of Delhi, India, discusses the recent Chinese edict on the opium traffic. He doubts the efficacy of the edict.

He has, he tells us, seen the evil effects of opium for many years in China, and would be the last to advocate the continuance of the present Indian trade in it, should the evil habit ever really be got under control; "but till undeniable evidence of this is really to hand, the only step for our Government to take is to attempt to find a solution of the problem of what is to be done with the land and the people in whole districts of India, if—and when—the day shuld come when opium-smoking in China is really almost 'a thing of the past.' But this, bearing in mind the little progress that up-to-date Japan has been able to effect amongst the small Chinese population of Formosa, despite all her zealous endeavors and efficient methods in the period of ten years, seems to the writer at the best but a pleasant dream, at the worst a Mandarin attempt to play a political confidence trick on a too innocent and confiding British Prime Minister."

### Mastering a Tiger.

"In a cage near the room in which I lived while in Khiva," says Mr. Langdon Warner in The Century Magazine, "was a tiger from the Oxus swamps. He had taken a dislike to me, and every time I passed his cage he got up and paced angrily towards me, snarling. Into the cage of this beast, at the command of the prince, a Turkoman stepped, armed with a short thick stick as big round as his wrist. With this stick he struck the tiger's nose as he made for him, and then, with the palm out and eyes fixed he walked slowly up to the shrinking beast, and stroked his face and flank. The tiger took the man's hand in his open mouth. Keeping that hand perfectly still, with the other the Turkoman tickled the tiger's jowl and scratched his ear till, with a yawn and a pleased snarl, the big cat rolled over on his back. The man then sank to his knees, always keeping his hands in motion over the glossy fur, and with his foot drew towards him a collar attached to a chain. This he snapped round the beast's neck, and rising to his feet, laid hold of the chain and dragged the tiger out. This was only the second time that the cage had been entered. As soon as the tiger was outside he espied the watching party of photographers and started for them, but came up short on the collar. If he had chosen to use his weight and strength no four of them could have held him. But, as it was, the Turkoman found little difficulty with him, and held him, snarling, until the camera finished its work."

### Enlarging Life.

I am quite clear that one of our worst failures is at the point where, having resolved like angels, we drop back into the old matter of fact life and do just what we did before, because we have always done it and because everybody does it and because our fathers and mothers did it, all of which may be the very reason why we should not do it. There is no station of life and no place of one's home where, if he wants to enlarge his life in caring for people outside himself, he may not start on a career of enlargement which shall extend indefinitely. And the man who enters upon infinite purposes lives the infinite life.—Phillips Brooks.

### What He Was Looking For.

Sir Robert Ball, the noted astronomer, is fond of telling the following story against himself. Sir Robert was engaged to lecture on his own subject in a remote part of Ireland, but on his arrival at the little station he walked up and down the platform looking vainly for the expected conveyance. Finally, when all the other passengers had dispersed and driven off, a typically Irish servant came up to him with: "Maybe you're Sir Robert Ball?" On receiving an affirmative reply, the man broke out, apologetically, "Oh, sure, your honor, I am sorry to have kept you waiting, but I was told to look out for an intellectual-looking gentleman!"

### Proof Positive.

The policeman had shot a fleeing prisoner.

"It was an accident," he explained to his superior.

"What proof have you of that?"

"Why, I hit him, didn't I?" rejoined the accused with an air of finality.—Philadelphia Ledger.

**The Time to Act is NOW**

As long as death is **certain** and its coming is **uncertain,** every man with responsibility must admit that the time to act is **now.** In its 35 years of history the **SUN LIFE ASSURANCE COMPANY OF CANADA** has paid its policy-holders **$15,099,223.87,** because they acted on the idea that the time to act is **now.** This vast sum would have been vastly greater had it included the patronage of men with equal means, in equal health, with equal needs, who failed to apply the truth that the time to act is **now.**

**SUN LIFE ASSURANCE COMPANY OF CANADA**

has done untold good, has brought untold comfort to the needy, as it has faithfully discharged its accruing obligations, but it has no way of helping the man who does not come to realize that the time to act is **now.** Let us show you what can be done to-day.

## Test Gin Pills at Our Expense

A CURE—OR MONEY BACK

We don't ask you to buy GIN PILLS but to try them. We simply want you to see for yourself what GIN PILLS will do for you. A cent for a post card is the only expense. Simply write us, mentioning this paper, and saying you want a free sample of GIN PILLS. If you are satisfied that GIN PILLS are doing you good, get a box at your dealer's, on our guarantee that they will continue to help you. Take GIN PILLS regularly and faithfully, and they will cure you of Backache, Rheumatism, Sciatica, and every trace of Kidney and Bladder Trouble. If you are not perfectly satisfied—you have only to return the empty box and your dealer will promptly refund the money.

We know that we have, in GIN PILLS, the greatest cure in the world for Kidney and Bladder Troubles, and Rheumatism. No other medicine in the world is so widely known and so highly praised.

Starrat, Ont., Feb. 26, 1906.

Enclosed please find $1.00 for two boxes of your "Gin Pills" as I am nearly out. The drug store at Burks Falls, where I got my supply, was burned down a couple of weeks ago, and I do not know where to get them except by writing to you. Hoping you will please send them by return mail as I am nearly out and can't do without them.

Yours truly,
JOHN BLACKMORE, Postmaster.

Don't put it off. Write us to-day and let us send you the free sample of GIN PILLS to try. The Bole Drug Co., Winnipeg. 50c box—6 for $2.50. 85

THE STANDARD BRED STALLION

"QUEEN'S BARON"
2.15¼
Sired by Baron Bell, 2114; Dam Queen of the West 2114. Queen's Baron obtained his record of 2.15¼ at Williamsport, Penn. in a 7 heat winning race.

Queen's Baron is the most fashionable bred stallion in Canada or the United States. For tabulated pedigree and history, ask for cards. Horsemen have now an opportunity for the first time of breeding to a standard bred horse with a record below 30. He traces to all the greater producers of speed—his sires, G. Sires and G. G. Sires have all been winners. Look him up and judge for yourself.

FOR PUBLIC SERVICE AT
DR. T. JOHNSTON'S Veterinary Infirmary, Chambers St., Peterborough
TERMS—To insure a Foal $15.00, payable 1st February, 1908. Mares must be returned to the horse regularly or they will be charged for insurance whether in Foal or not. Good pasture provided for mares from a distance.

Sheep and Lambs—Receipts, about 3000 market strong to 10c higher; sheep, $3.50 to $6.50; lambs, $4.10 to $8.50; yearlings $6 to $7.

## SOUGHT AID FROM JAPAN.

### Hindoo Agitators Were on Their Way to Tokio.

Lahore, British India, May 28.—Those who have been attributing the unrest in India to the victory of the Japanese over the Russians find confirmation in their belief in documents found in the possession of a Hindoo lawyer and a companion, arrested here in connection with the recent riot at Rawalpindi.

The documents show that the men taken into custody were on their way to Tokio to solicit intervention in behalf of a native revolt against British rule.

NERVOUS DEBILITY

—muscular weakness—all wasting blood and nerve disease—yield quickly to the tonics contained in Mira Tablets.

They increase the red corpuscles in the blood and oxygenize the system. Most helpful in many forms of female weakness, anaemia, pain in the back, loss of memory—and other evils attendant on a debilitated condition of the body.

At druggists'—50c. a box—6 for $2.50—or from The Chemists' Co. of Canada, Limited, Hamilton—Toronto. *Note the trademark—*

## MEAT PRICES MAY SOAR.

### Chicago Packers Refuse to Stand Loss on Condemned Cattle.

Chicago, May 28.—Meat prices in Chicago may jump skyward this week. The packers notified the commission firms that beginning yesterday they no longer would stand the loss on condemned cattle, and in order to protect themselves they had found it necessary to refuse payment on "cow stuff" until it had passed the Government inspectors.

Commission men declare it is the intention of the packers to enforce the rule with regard to "cow stuff" now in the hope that similar action may be taken later with reference to their purchases of sheep and hogs.

Some of the leading commission firms and shippers have communicated with the secretary of agriculture at Washington with regard to the new action on the part of the packers, and it is said assurances have been given that any attempt to delay payments on live stock, as threatened by the packers, would result in the withdrawal of the inspection service.

## DR. LEWIS INTERRED.

### Many Evidences of Respect to Memory of Late M.P.P.

Orangeville, May 28.—The funeral of the late Frederick W. Lewis, M. P.P., took place yesterday. The town had been crowded with distinguished visitors to pay their last respects to the late member and business was entirely suspended during the afternoon.

The funeral was held under the auspices of the Orange order. The town and county councils attended in a body and the Masonic fraternity was also largely represented.

The Ontario Government was represented by Dr. Pyne and Hon. Speaker Thomas Crawford. Other members of the Legislature present included: John Fisher, M.P.P., Brant; James Tucker, West Wellington; James S. Duff, West Simcoe; John Smith, M. P.P. for Peel, and his late opponent, Samuel Charters; Richard Bedin, M. P. for Peel. The medical men were represented by Dr. Bruce Smith, provincial inspector.

## CHEESE WAS TOO GREEN.

### Canadian Agent at Manchester Reports Low Prices.

Ottawa, May 28.—F. B. McNamara, commercial agent at Manchester, in a report to the Department of Trade and Commerce, notes the prevalence of low prices for cheese sales of Canadian product, having been made at sixpence. He observes that the reputation of Canadian cheese suffered somewhat last year from being shipped too green, and warns exporters that it is necessary that cheese should be adequately ripened before shipment.

Dr. Ruddick, the dairy commissioner, has been impressing the same fact upon Canadian cheesemakers.

Mr. McNamara also reports that the severe frosts of May have killed the damson crop in Cheshire and that the outlook for fruit throughout the United Kingdom is very poor indeed.

## GOVERNOR'S NARROW ESCAPE.

### Yacht Took Fire at Sea—Had to Take to the Boats.

Vancouver, B. C., May 28.—Lieut.-Governor Dunsmuir narrowly escaped death on Friday through the burning of his yacht in Queen Charlotte Sound. Mr. Dunsmuir was returning from a fishing expedition with his son-in-law, Major Audain, and three guests, when the yacht, the Thistle, was discovered to be on fire. Those on board, including a crew of thirteen, all took to the boats, and the yacht burned to the water's edge. Five hundred gallons of gasoline in the hold exploded. After traveling 32 miles in the boats the shipwrecked party were sighted by a southbound steamer, which landed them at Vancouver at noon Sunday. The Thistle was valued at $50,000.

## TRAIN NEARLY WRECKED.

### Rail and Rocks Placed on Track Near Buffalo, N. Y.

Buffalo, N.Y., May 28.—An attempt was made to wreck Erie passenger train No. 6 at a point a mile and a half east of Alden. This is the Erie's fast night train from Buffalo to New York, and it had a full load of passengers. A heavy 40 foot rail was placed across the eastbound track and bolstered up by huge stones.

The train was composed of Pullman sleeping cars and heavy day coaches, and could not have been going more than 25 or 35 miles an hour when the headlight showed the rail lying directly across the track. Engineer Wolfe shut off steam and applied the emergency brakes.

The engine pilot was smashed to pieces.

## POISONED BY GAS.

### Vesuvius Gives Forth Noxious Vapor Killing One Man.

Naples, May 28.—At Boscotresasse, on the southern declivity of Mount Vesuvius, a fissure suddenly opened Sunday, from which a flow of poisonous gas escaped.

A peasant, who imprudently approached the fissure, was killed, and nine others, who rushed to his rescue and fell asphyxiated, were saved with difficulty.

### Laurier In Paris.

Paris, May 28.—Premier Laurier, received a deputation from the British Chamber of Commerce, and expressed pleasure at the foundation of a Canadian section by the chamber. Laurier will be entertained unofficially by the chamber on his return from Italy in June.

## PLANNING BIG STRIKE.

### Social Democrats In Russia Plot to Tie-Up Railways Again.

St. Petersburg, May 28.—Searches of the lodging of Social-Democratic deputies are now of almost daily occurrence here. The authorities have clues to several branches of the Social-Democratic organization, which have been conducting a special propaganda.

Officials of the secret police Sunday visited the apartments of Deputy Prikodko, Constitutional Democrat of Tchernigoff, and found documents showing that a railroad men's organization is making preparations for another general transportation strike at the proper moment. As soon as the investigation is completed the public prosecutor will demand the suspension of M. Prikodko, who is a railroad worker, in order to place him on trial.

A number of Socialist Democratic deputies who have been holding congress in London have arrived at Helsingfors to prepare for the return of the other deputies to Russia by way of Finland. They found that the Finnish police, under instructions from the Senate, were everywhere demanding the passports of those bound for the Russian frontier, making the repatriation of deputies most difficult.

## O. J. C. SPRING MEETING.

Toronto, May 28.—Very few people were at the Woodbine yesterday, owing to the bitterly cold weather. Following are the results:

First race—3-4 mile, 3 year olds and up, $400 added—1 Sir Edward; 2 Ralbert; 3 Reside. Time 1.13 4-5.

Second race—5-8 mile, 2 year olds, Stockwell Purse, $400 added—1 Inspector Purvis; 2 Columbia Lad; 3 Maxton. Time 1.03 3-5.

Third race—3-4 mile, 3 year olds, (Canadian-bred), $500 added—1 Ayrwater; 2 Halfcaste; 3 Skipper. Time 1.15 4-5.

Fourth race—Scarboro Steeplechase Handicap, 2 miles, 4 year olds and up, $600 added—1 Gold Run; 2 Mooksie; 3 Picktime. Time 4.28 4-5.

Fifth race—1 1-8 miles, 3 year olds, Woodstock Plate, $2,000 added—1 Main Chance; 2 J. R. Laughrey; 3 Lord Boanerges. Time 1.56.

Sixth race—1 1-16 miles, 3 year olds and up, selling, $400 added—1 Edwin H.; 2 Demon; 3 Secret. Time 1.50 2-5

### Murder Trial To-day.

Parry Sound, Ont., May 28.—The Spring Assizes opened here yesterday Justice Teetzel presiding. The trial of the Italians, Frank Capelle and Quincey Marano, for murder, will begin to-day. George H. Blackstock, K. C., is the crown prosecutor. The prisoners will be defended by F. H. Kee of Port Arthur.

This is the case in which William Dow was stabbed whilst interfering in behalf of a woman who was assaulted at McCormack's farm house, near White Stone, last Christmas.

### Mill Hands Go Out.

St. John, N.B., May 28.—All the men of the Miramichi lumber mills struck yesterday when the owners refused to increase their pay to $2 per day.

There were no unions, but the men agreed to stand firm. The mills here were tied up several hours and some owners gave in and the men returned. Others are still out.

### Accidentally Kills Himself.

Pittsburg, Pa., May 28.—Harry D. Sellers, 20 years old, accidentally shot and killed himself at the home of his parents, in the east end on Sunday, while cleaning a revolver.

### Killed by Locomotive Explosion.

Erie, Pa., May 28.—A Lake Shore locomotive on a freight train blew up 16 miles east of here yesterday. Fireman Samuel Honecker of Buffalo was instantly killed.

### Woman and Son Arrested.

Halifax, May 28.—Mrs. Wentzell, widow of Henry Wentzell, who died under very suspicious circumstances a week ago, was arrested yesterday at her home in Auburndale, Lunenburg County, charge with slaying her husband.

A son is also in jail awaiting a hearing on the charge of manslaughter in connection with the father's death.

### Ian MacLaren Buried.

Liverpool, May 28.—An immense crowd attended the funeral yesterday of Dr. John Watson (Ian MacLaren) who died at Mount Pleasant May 3.

There was an impressive service at the Sefton Park Presbyterian church, where the embalmed body had rested since its arrival here May 21 from the United States.

The Rev. Alexander Connell, Dr. Sykes, and the Bishop of Liverpool, Dr. Chavasse, participated in the services. The church was crowded with representatives of all denominations and the route to the Smithdown road cemetery was lined with thousands of people, who uncovered their heads as the procession passed.

### Canada's Cool April.

Evidence that April, 1907, has been an unusual month all over Canada, is shown in the report which has just been issued.

In British Columbia gentle spring was two or three weeks behind her usual time, while in the western provinces the month closed with winter still doing business. In parts of the western provinces the precipitation was twice the average, but it was composed almost exclusively of snow.

April temperatures were below average all over Canada. In the western provinces the difference from average was 6 to 13 degrees; in northern Ontario it was 7 to 11, and in southern Ontario 4 to 6 below average.

## TO SAVE TIMBER WOODS.

### Old Settler's Method of Solving Reforestry Question.

The subject of re-foresting cut-over land is becoming one of the most important that can be discussed in Ontario, and it is attracting increasing attention. An Old Settler who has given this matter considerable attention writes: For many years past I have been trying to impress on the authorities the fact that the question of re-forestry is simply a matter of burning all the evergreen brush and tops cut in the process of getting out logs and lumber. There have been two chief obstacles in the way of accomplishing this object. The first is that I have neither time, eloquence nor literary ability to handle the most important subject of the day. The other, and the principal one, is that every man connected with the lumber business, from the millionaire limit-owners down to the cook's mate in a lumber camp, ridicules the idea.

The fact that tens of thousands of acres of land, practically worthless for agricultural purposes, but specially adapted to supply the world with pine, hemlock and spruce, are now a bare and barren waste, owing to simple negligence and greed, is of no importance whatever to these men. It would take two more men in every gang of log-makers to burn the brush as it was cut. This would add from 10 to 15 per cent. to the cost of getting out logs, and what is the interest of the next generation, or, for that matter, of the present owners ten or twelve years hence, to an extra present cost of 10 per cent?

**Lumbermen Not Wholly Responsible.**

It may be quite true that the lumbermen are not solely responsible for the waste I have referred to. If the late Ontario Government, when the price of lumber advanced, had insisted on clean work in the woods, instead of raising the dues on each thousand of lumber, millions of dollars' worth of lumber might have been saved. It would hardly be fair, however, to blame either the late or the present Government for not doing a thing that they could not be supposed to know anything about, and which, so far as I know, was only advocated by one man in the province, but there is now an opportunity such as may not occur again, for the present Government to try the experiment.

**Try It In Algonquin Park.**

The Algonquin Park consists of a large block of land, now mostly in a state of nature. Part, or perhaps the whole of it may be under license, but the Government has power to arrange that, and to do so without injuriously affecting the right of the first holders, if any.

Let the licenses be granted subject to the condition that no brush shall be left on the ground, and give the only practical and common sense system of re-forestry a fair chance.

In the meantime allow me to repeat for the hundredth time, that the Ontario woods will re-forest themselves if you do not interfere with them, and that an additional expenditure of about 75 cents per thousand feet board measure in burning brush and limbs would do away with nine-tenths of the damage to forests by fire. And lastly, that burning the brush and limbs, especially of evergreen timber, is all there is of the re-forestry question.

## TO BE REAR-ADMIRAL.

### Captain Kingsmill Promoted to Command of Home Fleet.

Captain Kingsmill, son of former Judge Kingsmill, of Toronto, has been promoted to the command of the home fleet, special service division, at Devonport. Captain Kingsmill was in command of the battleship Dominion, which met with an accident while visiting Canada last year. The present action of the Admiralty indicates that this mishap is not to stand in the way of Captain Kingsmill's advancement. He will become rear-admiral next year and available for still further promotion.

### The Mohammedan Oath.

Of all the many forms of taking the oath used in the courts perhaps the most picturesque is that which the Mohammedan is required to take. It is a silent ceremony. The son of Islam places his right hand flat upon the Koran and puts the other on his forehead; then he brings his forehead down to and in contact with the book. He then raises himself and looks up steadfastly for some seconds. The officer of the court should then—though he sometimes forgets this—ask the Mohammedan, "Are you bound by the ceremony you have performed to speak the truth?" and the answer is, "I am." In India the ceremony has been abolished in favor of an affirmation.

SUNSHINE FURNACE
BURNS COAL OR WOOD

The Sunshine is a good, "all round" furnace. Burns, with equal facility, either coal or wood. Coke, too, if you prefer it.

And so perfect is the combustion of the Sunshine that it extracts every unit of heat from the fuel.

What's left in the ash-pan is not worth sifting.

Sunshine consumes less fuel, too.

Because its perfect system of dampers prevent the escape of the hot air up the chimney—compels it to come out through the registers.

You pay for heating the inside—not the outside—of your house when you buy the Sunshine.

If your local dealer does not handle this most economical furnace write direct to us for FREE BOOKLET.

# A COSTLY FIRE WAS AT SASKATOON

**Flames Destroy Big Warehouse In Western City, Yesterday.**

## LOSS ESTIMATED AT $50,000

**Much Valuable Merchandise Entirely Wiped Out—Building Was Packed With Goods Owing to Recent Freight Blockade — Insurance Carried Is Very Small—Sparks From Engines the Cause.**

Saskatoon, May 28.—The warehouse on First avenue, belonging to J. F. Cairns, and stocked with merchandise of all kinds, to the value of $40,000 to $50,000, was wiped out completely yesterday afternoon, together with its contents. A spark from a C. N. R. engine is accepted as the cause. A big crowd watched the greedy flames eat up the costly fuel that has been piling away since the break of the freight blockade. The building was filled to the limit, and this morning G. F. Mayne, in charge, sent word not to send anything more, as he had no room for it. The building and contents were only partly covered by insurance. At the most the insurance will not be over $15,000, and may not be more than $10,000.

It is estimated at the store that nearly 20 cars of goods were in the burned building. Albert Cudney, teamster for G. W. A. Potter, was in the yard when the flames started, and he declared that if he had had a little assistance he could easily have mastered the fire. The flames spread very rapidly, and were soon beyond control. There were a lot of sparks from the engine, he said, for the grass was set on fire on both sides of the storehouse.

**Arnprior Block Destroyed.**

Arnprior, May 28.—About 4 o'clock yesterday morning the Tierney Block was partially destroyed by fire which started in B. F. Hoag's grocery store, and spread to P. T. Deganai's tailoring establishment and the C. P. R. telegraph and ticket office.

### KILLED BY A TIGER.

**Youngster Fatally Mauled By One That Escaped From Circus.**

Twin Falls, Idaho, May 28.—The funeral of four-year-old Ruth Rosell, who was killed by a Royal Bengal tiger, which escaped from its cage at the performance of the Sells-Floto circus here Saturday afternoon, will be held to-day. Mrs. Rosell, the mother of the child, who was knocked down and badly shaken by the tiger, is overcome with grief and the shock of her experience.

The tiger charged into the crowd, killing the little girl and a Shetland pony, and mauled several other spectators and ponies before it was shot and killed by a man in the audience. For a few moments there was a panic in the menagerie, and women screamed and fainted. The elephants tugged at their chains and trumpeted wildly, and there was great commotion until the tiger rolled over dead in front of the main entrance.

### CLASSES ARE LOCATED.

**Centres At Which Agricultural Work Is Being Instituted.**

Toronto, May 28.—The six high schools in which the Provincial Government has decided to establish agricultural classes are: Collingwood, Galt, Essex Centre, Perth, Morrisburg and Lindsay.

The teachers have not yet been chosen, but will be graduates of the Ontario College of Agriculture at Guelph, and will all be experts.

In addition to the schools, offices will be opened in the towns mentioned, where farmers may get any information they may desire with respect to their business. This will be supplied by the teachers, who will spend an hour or two after school in giving out information to the farmers of their district.

### NEW MINES DEPARTMENT.

**Mr. A. P. Low Appointed Deputy Minister.**

Ottawa, May 28.—At Saturday's Cabinet meeting A. P. Low, director and deputy head of the Geological Survey, was appointed Deputy Minister of the new Department of Mines, created by the act passed last session. Dr. Haanel, Superintendant of Mines, was appointed director of the mines branch, and Mr. John Marshall, accountant of the Geological Survey, was appointed accountant of the new department. The position of director of the Geological Survey branch will not be filled at present, Mr. Low combining with the duties of Deputy Minister the work of director

# AN AWFUL TRAGEDY AT BRIGHT

**Son Kills His Aged Mother Then Takes Own Life.**

## VICTIM WAS CHLOROFORMED

**Double Tragedy In Village Near Woodstock — Miss McKie Attacked While Asleep and Poisoned—Murderer Then Takes Dose Himself —Loved Mother, Feared His Suicide Would Kill Her.**

Woodstock, May 28.—A double tragedy, which occurred on Friday evening last in the Village of Bright, 16 miles northeast of here, has been discovered, involving the lives of Miss Jennie McKie, aged 71, and her son, William McKie, aged 47, formerly a well-known school teacher of Oxford County. The lifeless bodies were found in Miss McKie's home, in the village, while a half-filled bottle of chloroform revealed the means employed.

The facts, as known, are as follows: William McKie, for the last 15 years a successful druggist of Kalamazoo, Michigan, reached home for the only time since first leaving it, Friday evening last at 5 p.m., via the G.T.R. He was seen to go to his home, and John McKie, a brother of the murdered woman, and his wife were at the house, staying for supper. They noticed nothing peculiar in his manner or appearance. Neither he nor his mother were seen alive again.

Miss McKie was found in bed, evidently having been drugged while asleep. William McKie, the murderer, was found in a half-dressed condition, with a handkerchief, which had been soaked with the liquid, in one hand, and a six-ounce bottle of chloroform half-empty in the other.

The discovery was made late Saturday afternoon by David Waugh, a baker, who called at the house on his rounds. He immediately told others, who notified the authorities. Coroner Dr. Hotson of Innerkip and Crown Attorney Ball of this city investigated the affair, and deemed an inquest unnecessary, in view of the circumstances.

No motive has been established whatsoever. Miss McKie, the mother, was never married. The father of the murderer is said to have been a Russian military deserter. Little is known of him, however.

The funeral takes place to-day to Chesterfield Cemetery.

### TO PEN FOR FIVE YEARS.

**C. P. R. Conductor Sentenced For Criminal Assault.**

Ottawa, May 28.—William C. McComb of Montreal, aged 33, a C. P. R. Pullman and tourist car conductor, was santenced at the Pembroke assizes to five years in the penitentiary by Chief Justice Falconbridge for an assault committed on Jan. 29 on Gerda Anderson, a young Swedish girl, who was traveling on his train.

A feature of the trial was the commendable work of the C. P. R. Co. in aiding the prosecution to have the charge thoroughly investigated. Realizing to the full the necessity that young women traveling under care of their officers must have absolute protection, the authorities brought to Pembroke, at the expense of the road, all the witnesses from a distance.

They brought the sister and brother-in-law from Seattle with the complainant and Dr. Blanchard and an interpreter from Winnipeg, as well as bringing other passengers who were on the train from points in the west.

They gave the crown all the assistance in their power.

### FIRE WALL COLLAPSED.

**John Irwin Crushed While Clearing Debris—Several Close Calls.**

Peterboro, May 28.—John Irwin, an employe of the Peter Hamilton Co., while clearing away debris on the third floor of the paint building, which was destroyed by fire on Saturday, was killed yesterday by a fire wall giving away and carrying Irwin and several other employes to the floor below, where they were almost buried by the falling brick.

Irwin had his skull fractured, and died two hours later. He was 46 years old, and leaves a wife and five children.

Several others had close calls, but none seriously injured.

**Fire Bug Arrested.**

Cedenaburg, May 28—Julius Dishaw of Raymondville, was locked up in the St. Lawrence State Insane Asylum yesterday, charged with having poured oil through his house and barns and then setting them on fire several nights ago while his family slept

# OFFICERS MURDERED IN CHINA

**Rebellion Breaks Out At Wongtung In China.**

## MISSION STATION DESTROYED

**Revolutionists Joined by Natives of Neighboring Provinces — Anti-European Riots — Missionaries Flee—Officials Assassinated — Residences Looted and Burned—Warships Sent to the Scene.**

Swatow, Province of Kwantung, China, May 28.—A rebellion has broken out at Wongtung, in the Uping district of the Chinchu Prefecture. All the civil and military officials at Wongtung have been assassinated and their yamens burned. The local revolutionists, who were joined by natives of the neighboring provinces, concentrated for their attack on the officials without being molested by the populace.

The military commander here has mustered the station guards and started for the scene of the outbreak.

Steps are being taken by the police here to prevent excesses. The Chinese bankers have organized a steam launch patrol of the coast to prevent piratical attacks on the part of the marauders from the seaward.

**Admiral Li Going to the Scene.**

Canton, China, May 28.—Admiral Li, with the Kwantaih and Meefoo, on board which are detachments of troops, is proceeding to the scene of the rising in the Uping district.

**German Mission Station Destroyed.**

Berlin, May 28.—According to despatches received here from Shanghai and Hong Kong, native rioters have destroyed the German mission station at Lienchow, near Pakhoi. The missionaries escaped. The German gunboat Iltis, reinforced by twenty marines from the gunboat Tsing Tau, has left Hong Kong for Pakhoi, and it is expected that a British gunboat will also be sent to that port.

According to advices received by the German Cable Co. from Shanghai, disturbances have also broken out at Pakhoi, and the situation there, as well as at Lienchow, is apparently serious.

Chinchu, or Tsinenchu, is a maritime district of China, comprising parts of the Provinces of Kwangtung and Fokien on the southeast coast. It is inhabited by a hardy and industrious people, who furnish the majority of the men who form the crews of the Chinese Imperial and commercial navies. Swatow, from which the news of the rebellion comes, is situated in about the centre of the Chinchu district and is a treaty port of China on the Hangkiang River, about five miles from the open sea and 225 miles from Canton.

Inquiries at the foreign missionary departments of the Presbyterian and Methodist churches here yesterday morning elicited the information that they had no Canadian missionaries stationed within hundreds of miles of the district in which the rebellion has broken out.

### TO SUPPORT HOLY SEE.

**Canada Will Not Provide Any New Revenue—Church Union.**

London, May 28.—(C. A. P.)—The general assembly of the Church of Scotland, in view of the many difficulties, has decided to refer the question of the union of Scottish churches to a committee. It complained that Scotland only contributed £3 per parish to mission work in Canada.

Ed. McLaren addressed the United Free Church Assembly.

The statement regarding the provision of new revenue for the Holy See by Canada and the United States is authoritatively denied. It is stated the story is one of many designed to persuade Catholics in the old world that the Holy See does not need their support.

### BULL FIGHTS TWO MEN.

**Both Might Have Been Killed But for Collie Dog.**

Wallaceburg, May 28.—S. L. Mann, liveryman, of this place, was seriously injured yesterday. He was milking some cows on his farm about a mile out of town, when he was attacked by a bull.

He struggled with the infuriated animal until John Hall, from an adjoining farm, arrived on the scene. The bull then turned on Hall, and would likely have killed both men were it not for a collie dog that Mr. Hall brought with him.

Mann is terribly bruised, but may recover, while Hall's injuries are not serious.

**Dr. Fell Appointed Sherm.**

Gore Bay, May 28.—Dr. J. Howard Fell of Gore Bay has been appointed sheriff of Manitoulin, in succession to the late Sheriff Jackson.

Dr. Fell is a prominent dentist here, and was Conservative candidate for the Legislature in 1898.

**Dams Burst on Danube.**

Buda-Pesth, Hungary, May 28.—The bursting of the dams on the Danube has caused disastrous floods in the neighborhood of Rudolsgnad.

In Torontal County, 260 houses have collapsed. Troops are succoring the distressed inhabitants.

**Douglass To Go Free?**

Orangeville, May 28.—The Douglass case is fixed for preliminary hearing to-morrow before Police Magistrate Pattullo. The crown attorney is somewhat reticent as to whether he is going ahead or not, but there is reason to believe that no evidence will be offered, and that Douglass will never be prosecuted.

No witnesses have been subpoenaed, nor is there any subpoenas issued. It remains to be seen what reason will be given for the course.

**Buffalo Freight Handlers Win.**

Buffalo, N.Y., May 28.—The strike of inside freight handlers on the docks was finally settled last night. All the men will return to work to-day at 30 cents an hour, the scale for which they struck.

### NORWAY'S RULER IN PARIS.

**King Haakon and Royal Consort Receive Ovation at French Capital.**

Paris, May 28.—The City of Paris was in holiday attire yesterday, in honor of the visit of King Haakon and Queen Maud of Norway, who arrived here on their way to England to visit the Queen's parents. All the public buildings and hotels, and many private residences, flew the Norwegian flag, intertwined with the tri-color of France.

They were received in state at the Bois de Boulogne railroad station by President Fallieres, the presidents of the Senate and of the Chamber of Deputies, the Cabinet Ministers, the military governor of Paris, prefect of police and others, while massed bands played the Norwegian national anthem and the "Marseillaise."

Their Majesties were accorded a most cordial reception, the sight of little Prince Olaf arousing special enthusiasm.

Queen Maud afterwards took Prince Olaf to the Hotel Bristol, to see her mother, Queen Alexandra, who arrived here Sunday night, incognito.

President Fallieres last night gave a dinner of 300 covers at the Elysee Palace, in honor of the Norwegian King.

### CREW WERE ALL SAVED.

**Barge Total Loss But Steamer May Be Saved.**

Detroit, May 28.—The steamer C. F. Bielman and her consort, the barge McLachlan, bound from Duluth to Cleveland with iron ore, ran on a reef in Lake Huron a mile and a half off Port Austin early yesterday in a heavy snowstorm.

The Post Austin life-savers succeeded in bringing ashore the crews, their last trip being made yesterday afternoon in a danegrous sea. There are hopes of saving the steamer, but the barge is thought to be a total wreck.

**Steamer Ashore—Crew Saved.**

Sydney, N. S., May 28.—The steamer Bericasia, from St. John's, Nfld., for Bridgewater, N. S., went ashore at Louisburg Sunday night. The crew were saved.

**Eleven of Crew Drowned.**

Montevideo, May 28.—The Norwegian barque Nagpere, 1,177 tons, Captain Gjeruldson, has been wrecked in a storm, and is a total loss. Eleven members of her crew were drowned.

The Nagpere had cleared from River Platte for Kaipara. She left Pensacola March 22 for South American ports.

### IRISH QUESTION POSTPONED.

**Premier Campbell-Bannerman Disappoints Expectant House.**

London, May 28.—In anticipation of Premier Campbell-Bannerman's promised announcement on the subject of the Irish Council bill and other Government measures, a large crowd assembled in the House of Commons yesterday, but the Premier was not ready to divulge the Government's program.

When the questions relating to the Irish bill were taken up the Premier asked that they be postponed for a week, when he would answer them, and outline the course proposed by the Government in connection with the other business of the session.

The Chief Secretary for Ireland, Mr. Birrell, occupied his usual seat in the House.

**Eight Inches of Snow.**

Sault Ste. Marie, May 28.—All points in the upper peninsula and Northern Ontario report a heavy fall of snow. Up to yesterday afternoon a fall of eight inches had been recorded, with no sign of abating. Shipping is tied up and it is impossible to see any distance. A high northwest wind is blowing from Lake Superior.

## LIVELY HONEYMOON FOR JUNE BRIDES; STORMY WEATHER FOR WEDDING MONTH

### Irl Hicks, in His Forecasts for Coming Month Predicts Stormy Weather---Disturbances Never Before Experienced in June

### IRL HICKS HIT MAY WEATHER; STUDY HIS JUNE FORECAST

Irl Hicks is not regarded, among some of the weather prophets, as a reliable weather forecaster, but it must be admitted that his promises of storms and unseasonably cold and backward weather for the month of May have been fully realized. In view of this fact, his prophecies for the coming month will be read with interest. He states that the conditions point to the probability of a continuation of the stormy weather which has been experienced during the month which will close on Friday. In the last issue of Words and Works, his official organ, he has the following to say in reference to the weather prospects for the month of June:

Carefully reviewing our forecasts for June, in our almanac for 1907, we do not feel that we could state our views of storm and weather probabilities any more clearly, notwithstanding these forecasts were written and put into type in the summer of 1906. Hence we give the June forecasts substantially as they appear in our almanac for this year.

The storm diagrams for June show an array of astronomical perturbing causes we have never before had occasion to consider on record in the month of June. All the planets in the solar system, with the exception of Uranus and Neptune, are represented in the storm diagram, and these two outermost planets are within a few hours of conjunction and opposition with the the Sun, Earth and each other at the end of June. While it may be that these many causes will compensate or counterbalance the effects of each other, we believe that phenomenal perturbations will reach some sort of crisis in Earth and sky.

A regular storm period extends from the 2nd to the 7th. It is central on the 4th, with the Moon on the celestial equator on the 5th. The crisis of this period will fall on and next to that date. It will be preceded by marked rise of temperature, with rapid and decided fall of the barometer, and the culmination will come in sudden and severe thunder storms, cloudbursts, hail, wind, and possible tornadoes. This probability will cause no alarm to those who have ready an accessible, safe refuge. Such people will go fearlessly about their business, keeping watch on their barometers and the clouds. If their homes are crumble and scattered into kindling wood, we shall read of them that "they saw it coming, hastened into their tornado houses, and no one was hurt." These remarks are intended to apply in all cases and times of tornadic danger—the present month of June especially.

A reactionary storm period is central on the 9th, 10th and 11th. The new Moon is on the 10th, in the midst of the magnetic crisis that falls annually on and about June the 11th. This period will bring excessive warmth, very low barometer, abnormal humidity and violent thunder and wind storms. Earthquakes will be reported in many quarters of the globe, within three days of noon on the 10th. June thunder clouds will break in hail storms and cloudbursts in many localities during this period. Rising barometer, west winds and change to much colder will spread eastwardly over the country from the 11th to 14th.

The third regular storm period will prove one of the most decided times of turmoil in June. It is central on the 15th and will come to its culminating stages during Sunday, the 16th, to Tuesday, the 18th. A low reading of your barometer at this time will be an admonition of danger, which no one should ignore, especially those who live in the tornado and flood regions. Who can claim that he doesn't—eh? Storms at this and other June periods will frequently reverse their usual courses and move in unlooked for directions. Let no one, under any circumstances take shelter under green trees during these vicious thunder storms in June. Look for an excess of lightning, some of which will be dangerous, but most of which will be harmless and sublime. The lightning of an on-coming thunder storm is a different proposition from the harmless sheet lightning which blazes all around the heavens in the June nights.

A reactionary storm period falls centrally on the 20th, 21st and 22nd. The June solstice and the Mercury disturbances are central together on the 21st. The moon passes over the celestial equator working southward on the 20th. On and touching that day look for sudden and very decided rise of temperature, with corresponding fall of the barometer—beginning of course, in the western sections — followed quickly by phenomenal lightning and thunder, with violent wind in many localities. Solstice cloud bursts and local floods may be put down as certainties for this storm period. The Jupiter, Saturn and Mars periods all being in full strength during this solstice month, water spouts, cloud bursts and destructive local downpours of rain in widely separated sections, will hardly prevent a hurtful scarcity of diffused and general rains over intervening sections of our own and other continents. While the humidity of the atmospheres will rush into violent vortices and deluge some localities, threatening clouds with thunder and wind will not bring a sufficiency of rainfall to other wide sections. This we predict, will be one of the very marked characteristics of this month and this season. The Mars influence will prolong in any section the conditions which exist at its beginning. This fact will practically localize our forecasts for May and early June.

The fifth regular storm period has its centre on the 27th, reaching from the 25th to the 29th. The moon is full and in perigree on the 25th and at extreme south declination on the 26th. Low barometer and other storm conditions will appear at the very beginning of this period and solstice storms of rain, wind and thunder will continue daily through the greater part of the same, especially over central to eastern parts of the country. Another marked seismic period will fall from about the 24th to the 27th, most notably on the 25th and 26th. The lines of seismic and volcanic force will follow the sun and moon hence will pass diagonally across the equator, having their poles of perturbation in the northern and southern hemispheres. Heavy storms about the 25th to 28th will bring no danger or alarm to you and yours—if you are ready for them. The probabilities are that the heaviest and most general rains in June will fall during this closing period of the month. The Mercury period will be at its culmination, with an array of astronomic causes seldom seen. We must confess that things are unusually problematical during the combined Jupiter and Saturn periods, especially in this month, but we shall expect much that is out of the ordinary. Sunspots, auroral displays, magnetic earth currents, volcanic outbreaks and all related phenomena will be at a maximum.

## ELECTED PRESIDENT OF ASSOCIATION OF THE CITY TEACHERS

MR. J. E. HODGSON

Who was honoured by election to the Presidency of the City Teachers' Association at the recent convention

## LIGHTNING STRUCK A BARN IN DOURO

### Mr. John O'Leary's Barn Had Narrow Escape from Destruction on Sunday Night

Examiner Special.

Douro, May 27.—During the storm of Sunday night the barn of Mr. John O'Leary, who lives about three miles south of the Douro post office, in Otonabee, was struck, and several rafters in the roof were displaced, and the boards splintered. Fortunately the barn was not set on fire, and the only damage done was that mentioned.

## SCANDALOUS ACTIONS AIRED IN COURT

### Neighbours, on a Street Not Far From the C.G.E. at Variance With Each Other—Heap Much Bad Language

### A SPECIAL OFFICER NEEDED

There were certainly doings at the police court this morning. Perhaps the worst was one that revealed a condition of affairs that, if true, is a disgrace to the women connected with it. The real cause of the trouble was a son of one of the women calling the other, who lives next door, insulting names. People in general and more often womankind, take offence where they would show better judgment by completly ignoring the remarks. In this case the woman offended did not allow the boy's rude conduct to pass unnoticed and even brought the case to court. In the evidence received there were speeches aired that not even the lowest of women would be thought guilty of, and to think that this occurred in our own community, and by supposed respectable women, passed reason. And yet that was what the evidence showed, and Magistrate Dumble disgusted with the whole affair dismissed the case as there was not sufficient evidence to show which was the more guilty of the two. It was suggested that several policemen be detailed to this street, if all of it is as bad as what the incident would lead one to believe.

And now as to the money that offenders had to hand to the city treasurer:

Arthur Blodgett, re dog tax, $2.

George Minorgan, riding a bicycle on the sidewalk, $2.

Geo. Moffatt, drunk in a public place. $2.

Kenneth Shook, wheel on sidewalk, $2.

Harry Wood, wheel on sidewalk, $2.

The famous Mrs. Richards, who was a regular visitor at the Tuesday court, has absented herself of late and there has as a result been nothing very amusing since she deserted the court. Her dog has received a tag and she must believe that everything is settled, but there still remains the coats of her many hearings which the court will not likely receive.

Augustus Dundas refused to go to the House of Refuge and as a result was given three months in gaol. Gusty had too much pride to submit to go to the poor house, and preferred confinement in the gaol.

A case in which the Kingan Hardware Company were the plaintiffs, was heard but the defendant was allowed to go free as the charge was not substantiated. He was accused of obtaining money under false pretences but the charge did not hold.

## WEDDING BELLS

### WIKLUND-SABIN

WIKLUND — SABIN — In Montreal, on Saturday, May, 25, 1907, at St. George's Cathedral, by the Rev. J. A. Elliott, curate, S. Alfred Wiklund of Chicago, to Ada G. Sabin, Peterborough.

## HALF AN INCH OF SNOW AND ONE DEGREE OF FROST LAST NIGHT

Half an inch of snow and one degree of frost is the official record of the weather for last night. To-day is the 28th of May, and this morning when the early risers wakened it was to find the ground covered with snow and the weather cold enough for a winter overcoat. A G.T.R. train, coming into the city about 7 o'clock this morning from Midland, was covered with snow, so that it would seem that other places in the north have fared even worse than Peterborough.

Reports from surrounding townships give the information that considerable snow fell last night, and the farmers are, in many cases, disheartened at the prospect. For weeks they have been hoping against hope that each cold spell would be the last, only to waken the next morning to find the conditions a little worse than they were before, if that were possible.

The crisis seems to have been reached now, and it can only be a matter of a few days now before it will be decided whether the crops this year will be a failure or otherwise.

The weather prospects, as given out by the Observatory, are that there is no immediate probability of a change for the better. However, if misery likes company, we are in no danger of becoming lonesome. From all parts of the world, and of Canada, come similar reports of unseasonable weather. La Presse, Montreal, has a picture of a fisherman angling for trout in a lake near Levis, through two feet of ice, on May 20. He caught 21, of the total weight of 30 pounds.

## KILLED BY FALLING WALL WHILE WORKING IN RUINS OF THE FIRE

### John Irwin Met with Tragic Death Yesterday—Skull Fractured at Peter Hamilton Agricultural Works.

### DIED TWO HOURS AFTER

Saturday evening's fire at the Peter Hamilton Agricultural Works was serious enough in itself, but no one anticipated that it would be speedily followed by the loss of a human life. Unfortunately, such has proved to be the case. Yesterday afternoon, John Irwin, an employee of the firm, met death while engaged in clearing away the debris from the gutted paint shop.

Irwin, in company with a number of other men, was at work on the third storey near the wall between the paint shop and the storeroom. The strong wind that was blowing gradually weakened the wall, and about 4.30 o'clock the western portion collapsed and fell in towards the workmen. Mr. James Hamilton was coming up the back stairway, when he saw the wall beginning to fall. He shouted a warning to the workman, and all of them except Irwin and another workman, named Wm. Laing, escaped without injury.

Irwin was stooping over to pick up his wheel-barrow when the crash came, and was struck on the head by one of the flying bricks, dropping unconscious on the floor of the paint shop. The portion of the wall which fell crashed through the floor into the room beneath, carrying Laing with it and that he was not killed or seriously injured was a miracle. His arm was hurt and he was badly shaken up, but was otherwise uninjured.

Irwin did not fall through the floor, but it was seen at once that he was very seriously injured. He was removed to Nicholls Hospital, where he was attended by Dr. Greer. He never regained consciousness, and passed away two hours after the accident. Death was due to a fracture of the skull and hemmorrhage of the brain.

Coroner Gray was notified, and, after hearing the particulars, decided that an inquest was not necessary.

The late John Irwin was very well and favourably known in Peterborough, and the intelligence of his tragically sudden death was received with a general feeling of sadness and regret. He had lived in and around Peterborough all his life. He was 46 years of age, and is survived by a wife, two sons and three daughters. They are Mrs. Kennedy, Myrtle and Violet, and Norman, at home, and John in Welland. His mother, three sisters and two brothers reside in Buffalo.

The funeral will take place tomorrow afternoon at 3.30 o'clock from his late residence, corner of Bethune and King streets, to the Little Lake Cemetery. Rev. A. H. Brace will conduct the service.

## DRAIN ALONG G. T. R. IS BEING FILLED UP

### City Should Take Some Steps to Prevent This Being Done.

It is stated that the drain which runs along the Lakefield line of the G.T.R. and on the edge of Mr. Bogue's property between Edinburgh and Aylmer streets, is being filled in by Mr. Bogue. The city should look into the matter at once, as, with the drain filled in, there would be a bad flood next spring. There is no immediate danger, but the filling in of the trench should be prevented, if possible. Already a portion of it has been closed up.

## "Seed-time Shall Not Fail" Say Scriptures; But Farmers Anxious

### Taken as a Whole Situation in Peterborough County Is Not So Bad, Though There Is Some Anxiety.

### HAY WILL BE SCARCE

### Spring Crops Though, Will be All Right if Warm Weather Comes Soon—A General Forecast.

The extraordinary lack of warm weather not to say the presence of extremely cold weather conditions, and in some places a superbundance of cold rains is having a marked effect on the agricultural operations in this county. A spring in which conditions worse equally discouraging to those prevailing this year is not in the recollection of the oldest settler in Peterborough County. The persistently cold weather has had a depressing effect on the spirits of those engaged in agricultural pursuits, and the situation seems to be getting worse instead of better.

With commendable optimism, however, the farmers of Peterborough county refuse to believe that the conditions will not improve speedily, and reports gathered by the Examiner today, from various points in the county indicate that the farmers are hopeful, and that they do not regard the situation as hopeless by any means.

Its an ill wind that blows no good, however, and there is one feature of the situation which gives a more hopeful view.

The fruit people are rather pleased than otherwise with the delay of spring. Apple men, especially are pleased that the flowering of the trees has been held off until a time when there is no chance of their being nipped by frosts. Scientific growers, it is said, have been experimenting for years with a view to effecting what this cool weather has done most thoroughly, namely, the postponing of the blossoming. Many orchards are stated to have contracted their season's output already at good prices, so secure does the prospect appear.

With a view of giving its readers a general idea of the situation as it stands at present in this county, the Examiner sent requests to its country representatives to state the present condition, and the prospects. The interests of Peterborough as a city are bound up so closely with those of the farming community surrounding it, that anything which affects the prosperity of the agriculturists must necessarily react upon business of the city.

In view of this fact, therefore, it will be learned with pleasure that taken as a whole the reports received are hopeful.

## DISCOUNTED FORGED NOTE HERE

### Centreton Man Must Face Charge of Forgery at Cobourg at Assizes

### LOCAL MAN IS INTERESTED

Examiner Special.

Toronto, May 28.—James H. Drinkwater, of Centreton, whose arrest was ordered by Judge Winchester in open court last week on the charge of having forged the name of his uncle Frederick Wait, to a note for $400, which was discounted by The Dominion Bank at Peterborough, was today handed over to the police magistrate at Cobourg. An employee, of the Dominion Bank at Peterborough, Mr. L. H. Osler, appeared in court and stated that the note had been discounted at the Bank, but he had no idea it was a forgery. The magistrate at Cobourg will deal with the case.

Mr. John Crane, manager of the Dominion Bank here, stated to the Examiner this afternoon that the note was not discounted here, and that he knows nothing of it.

## LIFT LOCK OPENED BY "BOB HALL"

### Government Tug First Boat to go Through This Season

This afternoon the Peterborough Lift Lock was opened to navigation, the first boat to go through being the "Bob Hall," the new Government tug, built this spring, which went through the lock at four o'clock, on her way to Gamebridge. The tug will lie over at Lindsay for a few days before proceeding on her way up the canal, as far as Holland Landing. She will be the first boat to go over the new lock at Kirkfield, as well as the first over the Peterborough lock this season. The lock at Kirkfield will not be officially declared open until later in the season but the boats of the Government will use it in the meantime.

## A BACKWARD GROWTH AT STONY LAKE

### Mr. Geo. Cochrane Cannot Remember A Similar Season

Mr. Geo. Cochrane, County Constable, came down from Stony Lake last night, after spending the past few days at his cottage, and states that the growth around the rocks has not been so backward for years. The buds on the trees have not yet unfolded their leaves to the breeze, a circumstance which Mr. Cochrane cannot remember of existing during his past experience at the lake at this advanced stage of the season. Coming down the lake last evening the passengers on board the Stoney Lake sought the warm fire below, and not one could be seen on the upper deck.

## OLD FIRE HALL TOWER COMING DOWN TO-DAY

### Mr. Jas. Rose Began Work There This Morning.

Ald. McIntyre got permission from the Committee of the Whole last night to have the tower of the old fire hall taken down, and to-day Mr. James Rose began the work. The stable and brick walls will all be removed in the course of the next two weeks and the ancient tower, which has stood on the city buildings for over a quarter of a century will soon be down and forgotten.

You'll like them — Tindall's spiced buns—fresh this morning.

## OTONABEE EARMERS FEAR A SHORTAGE OF FODDER

Examiner Special.

Keene, May 28.—There was a fall of snow here last night, and a slight frost, though not enough of either to do any appreciable damage to the crops. The spring is regarded as a very backward one, but the farmers of Otonabee are not discouraged. Hay will be a poor crop, and, in view of the fact they many farmers have had to feed hay to their cattle this spring much later than usual, the crop of last season has been pretty well cleared out, and the prospects are that the price will be very high this year.

So far as grain is concerned it is not anticipated that so far much damage has been done.

## IF THE WARM WEATHER COMES ALL WILL BE WELL.

Examiner Special.

Bridgenorth, May 28.—Smith farmers seen here to-day state that if the weather will only come in warm now they will be satisfied. Spring crops are above the ground, and the grain sown late is coming along just as well as that put in the ground early in the spring.

There is comparatively little fruit grown in this township, but those who are in the fruit culture business are not worrying.

## ENNISMORE FARMERS SATISFIED WITH CHANCES

Examiner Special.

Ennismore, May 28.—A prominent farmer of Ennismore to-day reported that in spite of the snow of last night and the cold of the whole spring the conditions were fair. The

(Continued on page 10)

## FATAL ENDING TO SUNDAY'S ACCIDENT; TWO MINOR INDUSTRIAL ACCIDENTS

### THE INJURIES PROVED TOO SEVERE

#### And Chas. Sellars Struck by Train on Sunday Passed Away This Morning

Charles Sellars who was struck by a G.T.R. engine near Omemee passed away this morning at 4 o'clock from the shock received in the accident. He was walking on the tracks three miles east of Omemee on Sunday, when he was hit by the engine and his left leg severed bleow the knee. It was thought that his condition was better than it really was, but death asserted itself today. The deceased was unknown in this city, and in fact was apparently a foreigner. He was over 70 years of age. A paper found on him asked that if "anything happened" to the bearer, his daughter, Mrs. Springler of Arnprior, be communicated with. The remains will be expressed to Eganville to-night.

### PAINFUL ACCIDENT AT C.G.E. WORKS

#### Youth Named Keegan Had His Fingers Jammed This Morning

A young lad named Keegan employed at the C.G.E., met with a painful accident this morning in which the little finger of his left hand was badly crushed. He was pushing a heavy truck along in the machine shop when a swinging door struck his hand almost severing his little finger. It was dressed in the shop and a physician who was called pronounced it nothing more than severely crushed.

OPERETTA

To be given by the girls of St. Mary's Convent School on Friday Evening, next, in the hall of St. Peter's School. Reserved seats at Jas. Lynch's Drug Store, 50c and 35c. Rush seats may be obtained at the hall for 25c.

3d124

### ARM FRACTURED AT THE CORDAGE WORKS

#### Wm. Hubel Met With Painful Accident While at Work To-day

Mr. Wm. Hubel, an employee of the Cordage Company, met with an unfortunate accident while working in one of the large breakers in the preparation room this morning. Mr. Hubel was feeding the raw material to the machine when in some manner his arm caught and in a twinkling received a compound fracture. The Dan Spence ambulance was called and the injured man was taken to the Nicholls Hospital. Mr. Hubel resides at No. 5 Perry street and it will be some time before he will be able to resume his work.

**WANT AND REAL ESTATE ADS.**

Call at our New Office and get full particulars and list your property with us. One door outh of the Colloseum. Open until nine every evening. Phone 54

**What Do You Think of the Man**

Who says he will pay rent no longer! Six weeks ago he bought from me a block of 8 Lots, ploughed and planted 7 Lots, has all material on the ground to build a house. He has already built a temporary Cottage which his sensible wife is quite satisfied to occupy pending completion of the home. The children are happy and free from many city dangers. The hens have occupied their coop and are supplying the wants of the family in their line. The big garden will soon supply many other wants. There is no rent to pay. The block of 8 Lots would now sell for $200 more than cost. The owner being a builder bought a second block to-day and with his 16 Lots to build upon the tenant of six weeks ago will very soon be a Landlord and an employer on the road to riches. If you are a good class of man I can start you in like manner. My Lots, my Prices and my Terms have no equals in Peterborough. Call without delay. Prices advance June 1st.

**T. HURLEY,**

### THE GARBAGE BY-LAW.

In the interests of the public health and the convenience of citizens the City Council is considering the passage of a bylaw providing for a general and systematic collection and removal of the matter accumulating in connection with mercantile, manufacturing and domestic operations. It is claimed by those who have studied the matter that the cost will be less than is now paid every year by citizens for the removal of such refuse with the added advantage of having premises at all times clean and wholesome. Wishing to be guided by public opinion on the subject the council invite comment and expression of opinion on the merits of the bylaw which is published in extenso in another column. The Examiner, therefore, will give space to short letters on the subject during the coming week—the letters must be brief, preferably of post-card calibre, and to the point. It stands to reason that city refuse collected in a systematic manner can be dealt with much more satisfactorily than by the present hap-hazard way of doing it.

### THE BRITISH SPIRIT

Hon. Thomas Bert, Premier of Victoria, one of the members of the Australian Federation, scores the British people for forgetting that Botha, a few short years ago, was an enemy of the Empire, and fighting bravely against it. He said there were a number of wooden legs, armless men, and sorrowing widows, crying out for revenge, instead of congratulation. This is quite an unworthy and un-British spirit. A Briton fights bravely and does his best to win. If he loses—the rare event—he shakes hands, and holds no grudge. If he wins, he forgets, and is magnanimous to bury his dead, with all his grudges, on the field of victory. It is this spirit, carried into practice, that has made Britain the greatest, and only successful colonizing power of the world, the accepted model of the highest development of civilization. Revenge is a barbario virtue. It needs only a small spirit to cherish spite. It needs a great spirit to fight, and forgive. If Britain had followed the subjugation of the Boers by a policy of repression and penalty—very like kicking a man when he is down — the conquering of the Transvaal and Orange River would have to be done over again, with the sword of the soldier, instead of the permanent victory of the pen of the diplomat. There would have been a rankling spirit and a running fight for years with a sullen and spiteful enemy. The Boers are, after all, British kin, of the same Saxon strain that mingles with the Angle in the veins of the British people. The policy of conciliation has, in centuries past, made "good of bad, and friends of foes." The Roman Empire, great as it was in its short day, was builded upon blood, and it fell. The British Empire is builded on a surer foundation, its base being the spirit of the Great Corner Stone, and it will not fall. So long as this spirit is applied, so long will the Empire remain and flourish. Nothing short of divine affiliation in the work of empire-building, can account for a little speck of soil, a little cluster of islands, in the North Atlantic, dominating the world, as Britain does dominate it, in civilization, in commerce, in intellectual greatness, and moral movements. If the revengeful spirit of Premier Bert of Victoria, had been to the fore in the past centuries, the splashes of red, broad and frequent, that mark the footholds of British Empire, in all parts of the world, would never have been painted, and Greater Britain, as it is to-day, would never have been known. Because Britain has beaten the swords and spears used in her wars of conquest or regeneration into ploughshares, and into pruning books, she lives, as she lives to-day, and will continue to live and flourish. Such a forecast needs no power of divination—it is a simple statement of cause and effect.

The contract prices for the new school readers are much lower than the prices formerly prevailing, but it is to be borne in mind, says the Hamilton Times, that there will be a very large expense connected with the production of the books, the cost of which the Government must bear. And it comes out of the people.

### EDITORIAL NOTES

Sir Wilfrid Laurier will visit Switzerland about the first of June. He won't find anything there in the form of scenery to surpass our own Canadian Rockies, which a noted traveller described as "Thirteen Switzerlands rolled into one." When he speaks at the Dominion Day banquet in London on July 1st, he can do a good deal to popularize our magnificent scenery in the far west.

Mr. McLean, M.P., of the Toronto World, speaking at the West York bye-election nominations on Saturday, justified his opposition to Mr. Williams, the Independent Conservative candidate, on the alleged ground that Mr. Whitney was "legislating for the people," but he failed to round out his sentence by the fact that they were administering for the spoilsmen.

### CLAIMS OF NEW ONTARIO

It is not necessary that we should regard the talk of secession in New Ontario in the light of a threat. We know that it will not secede, and that very fact ought to dispose us to treat its claims with justice and liberality. In an article in the Sault [illegible] published by Mr. Charles N. Smith, M.P.P., it is said that the feeling in favour of secession is strong and widespread. The chief grievances are five. First, the taking from the newer part of Ontario the chief revenues which make up the receipts of Ontario, the spending of these moneys in old Ontario, and leaving New Ontario's interests neglected. Secondly, unfair discrimination in favour of the lumberman as against the settler. Thirdly, the unjust mining laws that have been passed. Fourthly, the general neglect of the wants of New Ontario, in many respects; and, fifthly, the filling of important offices by the importation of people from the older part of the province.

The Express does not advocate secession. It does say that the grievances are real, and ought to be considered by the Government and by the Legislature, and by the people of Old Ontario. The most liberal treatment is due to those who are doing the pioneer work of the province and a fair presentation of their claims will be more effective than the fear of secession. — Toronto Star.

### SIR ROBERT BALL.

**Famous Astronomer and How He Met His Match In Wit.**

Sir Robert Ball, the famous English astronomer, who recently attended the arbitration congress and the dedication of the Carnegie institute, was born in Dublin in 1840 and is a graduate of Trinity College, Dublin. He is now professor of astronomy at Cambridge University and was knighted for his scientific achievements in 1886. Sir Robert has figured it out that radium proves the earth to be 500,000,000 years old. An editor once told of an incident at a dinner he attended with Sir Robert at Stratford. At the end of the dinner Sir

SIR ROBERT BALL.

Robert's eyes twinkled, and he said to the landlady of the quaint Stratford inn:

"Madam, I am going to give you a lesson in astronomy. Have you ever heard of the great platonic year, when everything must return to its first condition? Listen, madam. In 26,000 years we shall all be here again, on the same day and at the same hour, eating a dinner precisely like this one. Will you give us credit till then?"

"Gladly," the landlady replied. "It is just 26,000 years since you were here before, though, and you left without paying then. Settle the old bill, and I'll trust you with the new."

### PICNIC PARTY HELD UP.

**Accused of Being Spies and Confined In a Cave.**

A remarkable incident occurred in Basutoland recently. A picnic party decided to make a trip into the Basutoland country, which they entered by a pass known as the Uahl Ingubo on the Natal frontier, and encamped for the night in a cave in the Drakensberg. Proceeding on their journey the following day they asked a native to direct them to a cave in which they could take their mid-day meal. The Basuto appears to have given information of their presence, for towards evening the party was intercepted by a number of natives. The old man who appeared to be in charge carried a gun. The Europeans were then arrested, accused of being "white men's spies," and taken to a place which had the appearance of a mountain stronghold beneath an overhanging [illegible] turned astray, and the headman, telling them that they would not be allowed to re-enter Natal, signified that they would have to continue without their horses and would have to carry their saddles. After a night spent under surveillance in a cave, the Basutos maintaining a close watch upon their captives, the party made their escape by means of a stratagem, in which they were assisted by their Basuto guide, who helped them to capture the horses and led them back to the pass to which they had entered. After a furious ride in the darkness, the precipitous nature of the country leading to several exciting adventures, the party reached the Natal side early the morning after their escape, thoroughly spent and unnerved.

**A Turkish Edict.**

A hatti sherif is an edict signed by the sultan of Turkey himself. It usually concludes with the words, "Let my order be executed according to its form and meaning."

**Hard Water.**

Hard water is best softened by the simple process of boiling it for some minutes. This forces the gas and air out of it and causes the carbonate of lime to be at once deposited on the sides of the kettle or boiler in the form of "fur." After being boiled water should stand until quite cold.

**Henry VIII. and Anne Boleyn.**

When Henry VIII. was writing love letters to Anne Boleyn he declared, "The longer the days the more distant is the sun, and so it is with me and my sun."

**Rest For the Feet.**

A cushion for the feet will be found exceedingly restful after a day's shopping or sightseeing. Take off the shoes, lie down on a couch, with a cushion under the ankles, allowing the feet to hang over it. This rests the heel. To rest the ball of the foot the best way is to lie flat on one's face, with the feet on the cushion.

**A Record In Meanness.**

A London thief holds the record for meanness. He stole the purse of a doctor who was trying to aid a man that had been run over by a heavy cart and lay dying in the street.

**Cleopatra's Pearls.**

Who has not heard of Cleopatra's wondrous pearls, one of which at a banquet given in Antony's honor she dissolved in vinegar? Either this story is fictitious or vinegar was evidently different in those days from the present day kind, which will not melt pearls.

**English Scarlet Flowers.**

There are only two scarlet flowers native in England, the poppy and the scarlet pimpernel, and both these flourish best on dry and sunny spots. Nearly all other scarlet flowers are imported.

**Perpetual Sunshine.**

Perpetual sunshine occurs on the coast of Peru, where, although it may be misty occasionally, the blue sky is always visible through this whitish veil. Perpetual sunshine when the sun is above the horizon also exists in the Sahara, the great desert of Africa, and in the other rainless regions of the earth.

**East Indian Potentates.**

Only three native potentates of British India are entitled to a salute of twenty-one guns—namely, the maharajah of Baroda (Gaekwar), the nisam of Haidarabad and the maharajah of Mysore.

**The Black Prince.**

Edward, prince of Wales, surnamed the Black Prince, was so called from the color of his armor. He was the eldest son of Edward III., born in 1330 and died in 1376, before his father, leaving two sons, the elder of whom, Richard, was the successor of Edward III.

**Honey.**

For those with weakened digestive powers honey is said to be a very desirable food. If a person is very tired —"too exhausted to eat"—a few tastes of honey will act like magic.

**Musical Staircase.**

A staircase has been invented which plays tunes as it is walked up and down upon. A series of pins is pressed by the feet and plays gongs and drums, while others are connected with collapsible chambers, which blow various instruments.

**Jardin des Plantes.**

The Paris Jardin des Plantes owes its origin to a florist who in the time of Henry IV. grew all sorts of native and imported plants to sell flowers as models to the manufacturers of embroideries and laces.

**Salad Dressing.**

A very delicious salad dressing for those who do not like the taste of oil is: One beaten egg and a teaspoonful each of sugar, salt and mustard rubbed smooth. Add eight teaspoonfuls of vinegar and cook in a double boiler to a thick custard. After taking from the fire thin to the proper consistency with cream.

## Latest News Of Various Sports

### FALL RIVER TEAM HERE TO-DAY

**Ready for Their Game To-morrow Evening at Seven O'clock**

The champion Pan-American football team arrived in the city today and to-morrow evening they meet the senior Quakers on Riverside Park. The Fall River team hold the New England championship for 7 consecutive years and have the reputation for being the best Association football eleven in the United States. They were the only team on the continent to defeat the famous Corinthians last year, winning from them by the score 3—1. They defeated the Toronto Scots 3—0 at the Buffalo Exposition, a few years ago and are the possessors of silver trophies and medals galore.

The Peterborough Quaker team which is composed of players from all over the city, are champions of the Midland League. Last year they played a dozen games without a single defeat and are the possessors of three silver cups. They will have their strongest line up for the match to-morrow evening.

### MANAGER MURPHY HERE WITH HIS TEAM

**There are 24 Members in the Party—Cold Weather a Drawback**

The Pan-American Football Club arrived in the city to-day at noon by the Grand Trunk from Toronto, and are now staying at the Oriental. The party consists of 24 men under the management of Mr. Murphy, who has twenty football players to choose from.

Mr. Murphy is a typical sporting man and a genial fellow who has taken charge of the tour of the Fall River team for the love of the game. His team has had a great record during the past seven years.

In their Canadian tour the team has met with poor weather and on this account their trip has not been as enjoyable as they expected. They play the Westmounts of Montreal on Saturday next, when their tour is concluded.

The line up of the teams tomorrow night will probably be:

| Fall River. | Quakers. |
|---|---|
| Goal. | |
| Healey | Maddden |
| Backs. | |
| Donnelly | Doris |
| Mercer or Greenwood | Evans |
| Halves. | |
| Cyr, Capt. | DeForge |
| Dalton | Fitzgerald |
| Greenwood | Archibald |
| Forwards. | |
| Ford | R Best |
| Hamilton | Doherty |
| G Gauthier | Huston |
| Adams | Crough Capt. |
| L Gauthier | Baker |

Lots of compliments are coming in about Tisdall's layer cakes. Take one home.

### HARRIERS' CLUB TO HOLD WEEKLY RUN

**Members Are Reminded of the Meeting To-morrow Night**

The Harrier Club of the Y.M.C.A. will hold their regular weekly run on Wednesday night, leaving the Association building at about 8.15. As a night will probably be selected for a paper chase, a full attendance of the members of the club is requested. Any man wishing to join the club will also be made welcome.

### HAVELOCK CLAIMS TEAM HAD RINGERS

**Norwood Imported Players from Peterborough, According to Defeated Team**

Examiner Special.

Havelock, May 28.—The Havelock baseball team journeyed to Norwood on Friday, May 24th, where they had been billed to play against Norwood, but found to their surprise that it was a team from Peterborough whom they had to play against. Of course the game ended in favour of the Peterborough boys, the would-be Norwood team.

### KARNOTS HAVE A GOOD LEAD

**Five Runs Ahead in Their Game With The Lilies—Lakeviews Tied the West Ends**

In spite of the inclement weather last night the two city league games were held and proved to be very interesting. The West Ends and Lakeviews played a tie game at the Driving Park the final score being two all. On the oval the Karnots downed the Lilies who were not in their best form by 6 runs to 1. Both games were well contested and the former particularly a close one. The line-up was:

Karnots—Long, p; Carton, c; Laing, 1b; Craig, 2b; Gaele, ss; Ray, 3b; Conroy, rf; Johnston, cf; Borndaile, lf.

Lilies—Barclty, p; Hillier, c; Price, 3b; Simmons, 2b; Foley, 1b; J Simmons, ss; Ryan, rf; Connors, cf; Pilling, lf.

Mr. Stacey umpired in a satisfactory manner.

Fred Heaslip, scorer.

The Karnots feel confident of maintaining their lead but the Lilies think that they can yet win out with Ryan on the slab. There was not a kick registered against either umpire which speaks well for the efficiency of their work.

At the Driving Park the West Enders played great ball. Butcher had 6 strike-outs and Mahoney for Lakeviews had 5. Fred Craig officiated as umpire and S. Shaughnessy scorer. The other halves of the games will be played on Wednesday evening at the same places.

The teams playing on the Driving Park lined up as follows:

West Ends — Halpin rf; McNern c; L Dobson 1b, Grage lf; B Halpin 2b; Rose ss; Cameron 3b; C Dobson cf; Butcher p.

Lakeviews — McGill cf; Doherty lf; Houston rf; Theobald ss; T Carson 2b; F Holland 3b; Menzies c; Mahoney p; Wilson 1b.

**FOOTBALL**

The Executive Committee of the Peterborough Quaker Football Club is requested to meet at the Examiner office this evening at 7.15 to make final arrangements about the match for to-morrow night.

**CHINA HALL CO.,** New Premises Next to H. LeBrun & Co. **394 George St.**

## ENNISMORE TO CELEBRATE VICTORY OF WELLINGTON

The great annual picnic of Ennismore will be held in Tara Grove on Tuesday, June 18th. The committee in charge of the affair fixed the date for Thursday, June 20th, not knowing at the time that the annual Douro picnic had been scheduled for that date. In consequence, the date of the Ennismore picnic has been advanced to June 18th. This is a very significant date. On June 18th, 1815, that great Irishman, the Duke of Wellington, won his great victory, giving that great Frenchman, Napoleon, his Waterloo. This victory will be commemorated, if not in intention, in fact, by the great Ennismore picnic, which will be held on the 92nd anniversary of Wellington's win, and will be, in the matter of picnics, a victory over any other picnic ever held in Ennismore or elsewhere. The committee in charge are busy with the completest arrangements for making the annual Ennismore picnic of 1907 the greatest and best in the annals of the Island township.

## NEWSPAPER TOLD FATHER OF DEATH OF HIS INFANT CHILD

That the Examiner, sent through His Majesty's Mail is a more rapid means of communication than the telegraph wires is a demonstrated fact. Mr. Fred Bissonette had the misfortune to lose his child last week. A telegram was sent to him in the Muskoka district, where he was working, fifteen miles from the nearest post office, Rostoute, and forty-five from a railway station, Powassan. The telegram was not delivered, but the copy of the Examiner, published on Thursday, reached Mr. Bissonette on Saturday, and from it he learned of the death of his little child. He left yesterday, and arrived in Peterborough to-day, too late, of course, to attend the funeral of his little one, but he stated to-day that had it not been for the Examiner he would not have known yet of his bereavement.

## Improvements Planned At Little Lake Cemetery

**Vault Will Probably be Placed Beneath the Chapel—It Will be Used for Funeral Services.**

**A DECIDED IMPROVEMENT**

It is understood that a number of improvements to the Little Lake Lake Cemetery are contemplated, and it is expected that within a short time work will be commenced on them. The plan, it is stated is to move the vault from its present location and place it under the chapel, and put a new foundation under the building.

If this is carried out, the bodies as they are brought to the cemetery for burial will be placed in the chapel, and the services will be held there, instead of at the grave-side, as at present. By a mechanical arrangement the corpse will be gradually lowered during the service, into the vault, and at the conclusion of the service, will be hid to view. After the service and the mourners have left the building, the coffin will be buried.

This method is used in the larger cities and its advantages over the present arrangement are so apparent that it would be superfluous to refer to them. During the cold months, especially, it is dangerous to stand bareheaded, around the grave, and if the arrangement suggested is carried out, it would prove to be a great improvement.

It is expected that the sale of the land now occupied by the vaults, for lots would just about realize enough to pay the cost of the improvements suggested, and if this is the case, it would seem that the directors would be quite justified in taking this step.

It is probable that, in any event, the matter will be discussed seriously in a short time.

## STRATHCONAS TO PLAY HERE ON SATURDAY

It is likely that the Strathconas of Toronto will play Manager Johnston's aggregation on Saturday afternoon. The Straths have about the fastest amateur team in Toronto and will make things decidedly interesting for Peterborough. The locals are playing great ball, however, as they showed in the series with the Arctics, and will not go down without a struggle.

There is a chance that Haliburton and Poulter, third baseman and shortstop, respectively, of the Arctics, may be seen in Peterborough uniforms this season. Both men want to stay in Peterborough if they can secure positions. They would be valuable additions to the locals, as both men are fast, clever fielders, as well as good stickers.

## INTERMEDIATE BASEBALL LEAGUE MEETING TO-NIGHT

**Meeting Called at the Y. M. C. A.—Several Things to be Discussed**

Mr. Jas. Lang, President of the Intermediate Baseball League, has called a meeting for to-night at 8 o'clock sharp. Several matters have to be dealt with including a protest from the Excelsiors. The entry fee must be handed in at the meeting, and several other topics will be discussed.

**LACROSSE**

Bills are out announcing a lacrosse game to be played in Orillia on Monday, June 3rd, between J. C. Miller's Australian team and Beaverton. The G.T.R. will sell return tickets at single fare for this game, which is represented to be the only one the team will play before leaving for Australia.

**Violent Form of Itching Piles**

Rev. S. A. Dupraw, Methodist Minister at Belleville, Ont., writes: "I was troubled with itching and bleeding piles for years, and they ultimately attained a very violent form. Large lumps or abscesses gathered and I suffered great pain. A single box of Dr. Chase's Ointment cured me and saved me from a very dangerous and painful operation. The lumps and swellings disappeared and I am an entirely different man.

Take home a treat of Rex Chocolates to-night from Tisdall's.

**A Gentle Roast**

The Examiner has to thank the Quaker Oats Company for a carton of "Quaker Wheat Berries"—toasted wheat, a new and deliciously crisp and wholesome cereal food, ready for consumption — roasted, in vacuum, with all the nutriment and flavour of "No. 1 hard" Northern wheat.

JEWELLER and OPTICIAN
Issuer of Marriage Licenses.

# GATES FOR AYLMER STREET CROSSING

**Ald. Morrow Considers This Dangerous Spot—George Street Extension and the G. T. R.**

## OSP ITAL QUESTION COMING

The application of the Street Railway Company to construct a siding from their George street line into the building of the Central Milling Company, which was presented to the Board of Works last week, came up for discussion last night at the meeting of the Committee of the Whole. The Mayor pointed out that when the Street Railway Co. got the franchise to use the streets, they got power to carry freight as well as passengers. The company only desire to carry freight at night, and, according to their agreement, may carry it between the hours of 10 p.m. and 6 a.m.

Ald. Bradburn believed that it was the intention of the company to extend their line to Lakefield and Young's Point, so that they may make use of the request, if granted, to carry freight from the C. P. R. station to those points. If he were assured that this was their intention he would not object to them doing so, but he would object to the company carrying freight to various places in the city, where numerous sidings would have to be constructed.

A number of the other aldermen were of the same opinion, but the committee declined to take action in the matter until something more is learned with respect to rights.

Moved by Ald. Bradburn and Lenry, that the matter be left to the City Solicitor until the rights of the city are defined.—Carried.

The session of the Committee of the Whole Council was confined chiefly last night to the discussion of Ald. Elliott's garbage bylaw. After this question, a number of minor matters of some importance were taken up, which were covered by motions.

In connection with the trouble between the city and Grand Trunk over the crossing of the latter's track with the George street extension, it was moved by Ald. Duncan and Wilson, that the City Solicitor be requested to apply to the Railway Commission for permission to have the extension of George street cross the Grand Trunk tracks.—Carried.

**Aylmer Street Crossing**

Moved by Ald. Morrow, and Wilson, that the City Clerk be instructed to write the C. P. R. Company, requesting them to have gates installed at their crossing on Aylmer street.—Carried.

Mr. Fred Dorey waited on the committee, requesting the ground floor of the old fireball for an automobile display room. The question of the disposal of the fireball will be taken up next week.

**Isolation Hospital**

The Mayor stated that the Isolation Hospital question was one which had to be taken up in the near future, and advised the aldermen to consider it before the next meeting.

Ald. Johnston, chairman of the Fire, Water and Light Committee, reported that Engineer Wainwright was the holder of a third-class engineer's certificate, which showed him to be capable of attending to the fire engine of the city.

The committee then adjourned.

# RACOON CAPTURED ON AYLMER STREET

**Came Into City with "The Hottest Coon in Dixie" and Got Lost**

In these advanced times it seldom occurs that the untamed animals of the woods find their way into the heart of a city. But such was the case on the morning of the 24th of May when a wild racoon was found up a tree at the corner of Sherbrooke and Aylmer streets. The discoverers were Mr. Ortmiller, of the Peter-Decorating Company, and Mr. Gauthier, who happened to be passing that corner about 7.30 in the morning. With the assistance of a number of boys the racoon was shaken from the tree but after falling about 30 feet it rapidly climbed another. The second time it was brought to earth it was captured by Mr. Gauthier and taken to his home.

How the animal made its way so far into the city is a mystery. One explanation advanced by a wag is that it came with the "Hottest Coons in Dixie" and escaped from the car at the station.

## GOT HIS HAIR BACK

**Was Perfectly Bald When He Started to Use Newbro's Herpicide**

Frederick Manuell, Maryland block, Butte, Mont., bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead, and in 20 days he had hair all over his head. On July 2 he writes, "And to-day my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause, and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and, finally, baldness, so that, with the cause gone, the effect cannot remain. Stops falling hair at once, and a new growth starts.

Sold by leading druggists. Send 10c in stamps for sample to the Herpicide Co., Detroit, Mich. The Market Drug Store, Two sizes—50c and $1.

# Music and Drama

**"A ROYAL SLAVE"**

The large number of strikingly handsome gowns worn in the production of "A Royal Slave," which will be seen at the Grand Opera House on Friday, May 31st, is the occasion of much comment in every city where the play has been seen this season. It is interesting to hear the gasp of admiration and envy with which the ladies of the audience invariably greet each entrance of the women upon the stage.

Miss Eunice Murdock, as the Countess Ines, carries off the honours in this matter of sumptuous costuming. She appears in six handsome gowns, each one a triumph of the tailor's art. The climax is reached in the last act, when she appears in a tight-fitting gown of black velvet, displaying her magnificent figure to admirable advantage, while a novel girdle in the form of a monster, twining serpent, with its head protruding above the bodice of the gown in front, and its length encircling the waist and depending at the side of the skirt, causes the masculine portion of the audience to sit up and take notice. The body of the serpent is literally covered with spangles, five thousand in number. With the bright lights of the theatre reflected from these glittering, quivering, vibrant spangles, the sight is one not soon forgotten.

Little Fairy, as Annette, the dancing girl, is likewise well supplied with gorgeous gowns, appearing in a different one in each act. It is interesting to note that each of Fairy's dresses is covered with spangles, always in harmonious keeping with the colour of the gown. As she wears one of these bespangled, resplendent gowns when she gives the Spanish dance, which is one of the features of the play, the effect can be easily imagined.

The other members of the company are all appropriately and richly garbed. Inasmuch as the play deals with a royal family in the days of Castilian magnificence at Emperor Maximilian's court, it can be understood that the costuming of the production is one of the most important features.

# MANY STRANGERS ENJOYED THE TEA

**A Good Attendance at Strangers' Tea on Sunday at Y. M. C. A.**

One of the most enjoyable and friendship-promoting Strangers' Teas was that held at the Y.M.C.A. on Sunday evening last. Mr. R E Harding presided. Strangers were introduced from many points of the compass, including a large number from different parts of England and Ireland; also from Kingston, Montreal, Quebec, Grand Rapids, Mich., Millbrook; and Manitoba, in the West, and St. John's, Newfoundland, on the east. The tea was provided by the ladies of Murray street Baptist church. Mrs. R E. Harding was convenor of the Committee.

**To-night, at the Grand Opera House, Mons. F. Mercier, one of the Greatest Tenors living appears. He will be assisted by Mrs. W. J. Morrow, Piano Soloist and accompainst; Miss Lavina Hallighan, Soprano; Mr. John King, Basso and the Celebrated Violinist Mr. James Trethewey.**

## POST CARD CORRESPONDENCE.

In this column will be published communications upon post cards only. It will remain open for the use of readers, who are invited to contribute suggestions, inquiries or replies. Anything of a scurrilous personal nature will be prohibited.

Editor Post-Card Column.

I notice a number of dogs running at large without tags still, and would like to know what action is being taken in reference to them. I was driving yesterday when two big dogs, neither of which wore tags jumped at my horse's head. If dogs are out without the necessary tags, it seems to me the police should be instructed to take them in. It appears that some dog-owners have to buy tags, while others are immune from the bylaw.

Yours, etc.,
"FAIR PLAY."

Editor Post-Card Column.

It is a good thing that the minstrel show came to the city on the holiday, if it was for nothing more than to give the citizens a band concert, since our city band, the band that gets the citizens' money, did not favour us.

CITIZEN.

To the Editor,—

Sir, — On Sunday afternoon a rough-acting gang of about twenty half-grown rowdies gathered on the corner of Concession street and McFarlane, yelling, swearing and insulting ladies; also frightening the horses as they were driven by. Some Sunday afternoons ball games are indulged in. On some other evenings of the week the same gang are a nuisance to the neighbourhood and passers by.

May I ask, can we have some police protection on Concession street, East City?

RATEPAYER.

# OLD BOYS TO HOLD A RE-UNION

**Graduates of Grove School, Lakefield, will Gather in September at the Old School**

Speech day and closing exercises in connection with the Grove School, Lakefield, will be held on Tuesday, June 25th, and in this connection it is interesting to note that the Old Boys of the school, who number among them many men who now occupy prominent positions throughout Canada, are preparing to hold a re-union at the school some time during the coming summer.

# CHINESE RESTAURANT OPEN TO-MORROW

**C. Q. Woo Will Open New Eating House to the Public Wednesday Morning**

To-morrow at 11.30 C. Q. Woo, the proprietor of the new Chinese restaurant, located at the corner of King and George streets will open his new eating house for business. Mr. Woo has the premises nicely fitted up, and promises that the service will will be of the best. It will be handy to drop into Mr. Woo's places for a supper after the opera.

The Chinese Tea Room is a particularly dainty place, with a distinctively Chinese flavour. But in it other things are served besides tea. An ideal ice cream room is likely to become a favourite down town resort in the day time or during the evening walk around.

# "EMPIRE DAY" IN EAST CITY SCHOOL

**Interesting Services Were Conducted There Yesterday by Rev. E. A. Langfeldt**

Yesterday afternoon, Empire Day was celebrated by the children of the Ashburnham public school. They assembled in the Kindergarten and began the celebration with the singing of patriotic songs. Rev. E. A. Langfeldt spoke to them on their duties as children of the British Empire, and the opportunities that were within their reach. The future of the Empire depended upon the character of the uprising generation.

After the address, they sang Kipling's new hymn, "Land of our birth, we pledge to thee," and the National Anthem. With three cheers for the King, Mr. Kelly, and Rev. Mr. Langfeldt, the ceremony came to a close.

# SHERWOOD CAMP TO ATTEND CHURCH

**Members of Woodmen of the World Will go to St. Luke's on Sunday, June 23rd**

The members of Sherwood Camp, W. O. W., will have their annual church parade to St. Luke's church, on Sunday evening, June 23rd, when Rev. E. A. Langfeldt will preach the sermon.

# NO LONGER MEMBER OF THIS CONFERENCE

**Rev. Dr. Crothers Off to Attend Meeting of Hamilton Conference, of Which He is Now a Member**

Rev. Dr. Crothers left this morning for Berlin, to attend the sessions of the Hamilton Conference, which opens there this week. Dr. Crothers has been transferred to this Conference and yesterday ceased to be a member of the Bay of Quinte Conference. He will assume the pastorate of the Methodist church, St. Catharines, after July 1st.

**Nurse Tells Of Eczema Cure**

Mrs. C. Stanley Jones, professional nurse, 283, Simcoe street, Toronto, writes: "In my occupation as nurse I have come across many cases in which Dr. Chase's Ointment has been used with extraordinary results. One case is that of a sixteen months old child who was cured of scald head and another that of a woman cured of eczema on the face after the doctors had given 'her up.'"

# TWELVE TRAINLOADS OF GRAIN ON SUNDAY

**Heavy Traffic Between Midland and Belleville of Winter Stored Grain**

On Sunday the freight traffic on the G.T.R. was unusually heavy. No less than twelve trains passed through the city laden with grain from Midland for Eastern ports. This grain has been stored in the huge elevators at Fort William and Port Arthur and some of the vessels are busily engaged in bringing it across the lake. The grain is trans-shipped at Midland and brought overland to Belleville where it is continued on its way to Montreal and other cities. Were the Trent Canal in a completed state the grain would be carried on barges from the Western towns instead of by rail. This would result in increased work at the different canal locks and would be utilizing the great waterway, as was intended.

# "SEED TIME SHALL NOT FAIL" SAYS SCRIPTURES BUT FARMERS ANXIOUS

Continued from 7th page.

high wind which prevailed all last night prevented frost, and while the hills this morning were covered with snow, it is not regarded as serious. Ennismore farmers are proverbially optimistic, and have by no means given up hope yet.

## HAY IS AFFECTED IN DOURO IF THE REPORT

Examiner Special.

Douro, May 28.—With a few exceptions the farmers of Douro are satisfied with the conditions. It is true that there has been little or no growth in the ground as yet, but the spring grain has not been injured, and hopes are entertained that the warm weather will be here any time now. Complaints are being made that the hay will be affected.

## DUMMER HAD FROST; BARLEY WAS TOUCHED

Examiner Special.

Warsaw, May 28.—The frost of last night, it is feared played havoc with the barley, which is now several inches out of the ground. The farmers are not too well pleased at the prospects, and conditions generally are reported to be considerably disturbing to the farmers.

The ground this morning had a coating of snow.

# Will Pave George Street And Eliminate The Poles

**This Question Was Considered Last Night by Committee of the Whole—Application of Bell Telephone Company to Place Conduits Underground to be Re-opened.**

## WELCOME INTELLIGENCE

The intelligence that the City Council are seriously considering laying permanent pavements on George street will be welcome news to many. Last night, at the meeting of the Committee of the Whole, the question arose, but the aldermen considered that before such a move were made, the poles should come off George street, and with them the network of wires. Until this was accomplished they believed it to be impracticable to lay the pavements, which have for a number of years been hinted at.

A resolution was passed last night to the effect that the Bell Telephone Co. be notified of the intentions of the Council in this regard. The application, so long and so often discussed last year, embodying the request of the Bell Telephone Co. to lay their wires in conduits, will, therefore, be again taken up in the near future.

It will be remembered that the only difference between the Council and the company last year, which materially affected the end sought for, was the length of time during which the latter should have the franchise of the streets for their conduits. The company wanted a permanent franchise, and the Council desired to make it limited.

The wires entering the G. N. W. telegraph office on George street will, the committee understood, be laid in conduits down Chambers street at the request of the Council.

The following was the resolution passed:

Moved by Ald. Morrow and Bradburn, that the Bell Telephone Co. be notified that it is the intention of the Council to lay permanent pavements on George street, and that the Council wish to know whether they desire to proceed with the application of last year to place their wires underground before such work is undertaken.—Carried.

# Havelock Child's Narrow Escape From Poisoning

**Drank Gillet's Lye and Was With Difficulty Saved — Mother Set Mixture Down and Child Drank It.**

## WAS A VERY CLOSE SHAVE

Examiner Special.

Havelock, May 28.—The only child of Mr. and Mrs. E. Middleton, of this town had a very narrow escape from death recently, and, in fact, is not out of danger yet, by any means. It appears that on Friday last Mrs. Middleton was using Gillet's Lye, in some washing operations, and the youngster got hold of the cup containing the mixture, and, child-like, drank considerable of the liquid before its mother could take it away.

The little one's mouth and stomach were very badly burned by the lye, and for a time its condition was very serious. Dr. Crawford was called at once, and used prompt means of neutralizing the effects of the poison, and it is hoped that in a short time the little one will be out of danger.

# Remarkable Activity In Building In The West

**Many New Residences Are Being Erected in Western Portion of the City.**

## MANY FINE RESIDENCES

"Westward the Star of Empire takes its way," is locally fulfilled by the great activity in building operations in the western part of the city. In no other quarter has there been a more rapid growth of good houses than in the area west of Park and between Bolivar streeet and Homewood avenue inclusive. The Elias Burnham plot between King and Charlotte streets, two short years ago a pasture, has now the western half well filled with several streets of new houses of good style and size. The same applies to the plot between Gilmour and Charlotte streets, known as the "Priest's Field," or "Vatican Park," a few years ago houseless. On the north side of Charlotte and on the south side of Gilmour streets there are only one or two lots on each street not built upon.

Further north, Hunter street, Belmont avenue and Homewood avenue, have shared, continuous, except in name, in the house building movement. From Park street to the boundary there is not one vacant lot on the north side, if we count in the five new residences to be built.

Tisdall's bakers pay a little more for the ingredients that go into their cakes.

# A LARGE DOCKET AT HIGH COURT

**Opens To-morrow Afternoon at 10 O'Clock—Hill Versus Gow Again —Other Cases.**

## CHANCELLOR BOYD PRESIDES

To-morrow afternoon at one o'clock, the County High Court of Justice, opens in Peterborough, before His Honour Chancellor Boyd. The docket is a rather lengthy one, with six cases on file. The first on the list is one in which Charles Gow and Robert Hill are again litigants with respect to the conveyance of land which the plaintiff claims was done with the intention to defraud him. The late John F. Gow will be represented by the executors of the will:

The following is a list of the various cases:—

Hill vs. Gow. — In this case the plaintiff is Robert D. Hill, and the defendants, Charles and John F. Gow, Christopher John Darling and William John Moore, executors of the last will and testament of John F. Gow.

The plaintiff states that on or about the 8th day of April, 1906, he recovered judgment against the defendant, Charles Gow, in the High Court of Justice for the sum of $653.52 damages and costs, and on the same day a writ of execution against the goods and chattels, lands, and tenements of the defendant was issued upon the said judgment and placed in the hands of the Sheriffff of Peterborough county for execution.

The said writ of fieri facias has ever since been in the hands of the Sheriff for execution. At this time the defendant resided in Dummer township. The action was entered for trial at a sitting of the High Court held in Peterborough in April, 1906, when a verdict was rendered in favour of the defendant with a stay of proceedings for 30 days.

The plaintiff claims that at the time the action was entered, the defendant was the owner of the east half of lot No. 13 in the 4th concession of Dummer. The plaintiff charges the defendant with having, for the alleged and pretended consideration of $1500 executed a deed whereby he purported to convey the lands above referred to, to John F. Gow. The deed was dated April 14, 1906. The lot in question is valued at $2500 or thereabouts. The plaintiff claims that by reason of this fraudulent conveyance he is unable to realise the judgment he obtained and as a result is being defeated and defrauded in collecting his claim against the defendant.

John F. Gow died July 21st, 1906, having first made his last will and testament, whereof he appointed the said defendants, Christopher John Darling and William John Moore, executors. The plaintiff charges that the above conveyance was fraudulent and void and should be set aside.

**Statement of Defence**

The defendants, Christopher John Darling and William John Moore, admit the judgment of plaintiff, against Charles Gow for $653.52, and also admit the conveyance by Chas. Gow to the late Jno. F. Gow, but claim that they had no knowledge of any facts that would tend to throw any doubt on the validity of the said conveyance.

R. E. Wood, solicitor for plaintiff, and Roger, Bennet and Goodwill for defendants.

**Canadian Cordage Co. vs. C. A. Core**

This action arises out of the sale of a 1600-foot 2 1-8 inch cable by the plaintiffs to the defendant, who is an oil driller in Ontario, the amount claimed for the cable being $466.55. The defendant has refused to pay this amount or any part thereof, although repeatedly requested to do so. The plaintiffs claim the above sum and the costs of the action.

The defendant claims that the cable was defective and did not fulfill the conditions given when it was purchased.

Hall, Medd and Davidson are the solicitors for the plaintiffs, and A. T. Bowles (Leamington) for the defendant.

**Ontario Bank vs. McDonald**

In this case the defendant is an hotel-keeper residing in the village of Hanmer, Nipissing district, and it is alleged by the plaintiffs that he was indebted to Alexander Elliott of Peterborough to the extent of $305.08 for liquors purchased from Mr. Elliott. On February 13, 1907, Alex. Elliott assigned to the plaintiffs the said sum of $305.08, and the plaintiffs claim this amount from the defendant.

The defendant claims that any indebtedness to Alex. Elliott was settled by the giving of notes, one of which, for $113.83, was paid in March, 1907; the second will be paid as soon as presented for payment, and the third will be paid as soon as it matures. The defendant asks that the action be dismissed with costs.

Hall and Hayes, solicitors for the plaintiff. Cluny and Buchanan (Sudbury) for defendant.

**Peterborough Hydraulic Power Company vs. McAllister**

The plaintiffs claim that in September, 1902, an indenture of lease was executed with the defendants, in which the Power Co. leased the Otonabee mills in Ashburnham to the defendants for a term of ten years from January 1, 1903, at the rent of $3,000 per annum, payable quarterly in advance. It is further claimed that in December, 1906, the defendants notified the plaintiffs as follows: "We have already sent you a cheque for $750, rent due to date for the Otonabee mills, and now hand you the keys of the buildings and give you up the possession of the premises, as arranged." The plaintiffs refused to accept the keys, claiming that they knew of no arrangement as referred to above. They ask for $750, rent due the first day of January, 1907, and interest until judgment.

The defendants deny the allegations of the plaintiffs in toto. The Ontario Bank is a third party in the case.

Dennistoun, Peck and Kerr, solicitors for the plaintiffs, and O'Connell and Gordon for the defendant.

Stratton sells dainty wall paper cheap.

# News Of The City And District.

Weather To-day—Westerly to southerly winds, falling to light, fair at night. Wednesday—Warmer.

### Weekly Drill

To-night the regular weekly drill of the 57th Regiment will be held.

### Found

The Chief of Police has a spectacle case which he found in front of the Murray street Baptist church.

### Trustee Board

To-night the Trustee Board of the Mark street Methodist church will meet to transact important business.

### Court of Division

The Court of Revision will hold a meeting this evening for the purpose of hearing appeals against assessment.

### Fire Water And Light Committee

The Fire, Water and Light Committee of the City Council will meet to-night. Routine business it to be taken up.

### Piano Tuning.

Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. Phones, Bell, 199 A; Machine, 199.

### Chimney Fire

A chimney fire on George street, immediately south of the Southern Hotel, caused a little excitement yesterday on account of the high wind.

### The New Tug

The new Government tug, Bob Hall, made a trip down to Smithson's Landing on Saturday, with Superintendent J. H. McClellan, on board.

### Nordheimer Pianos

Catalogues and full information regarding Nordheimer Pianos, at McDermid & Jury's drug store. It will pay to see these pianos before purchasing. 1m111

### Hogs Purchased To-day

Messrs. Thornton and Howden purchased about fifty hogs at the market to-day for the Matthews Co. Hogs are now ranging in price from $6.75 to $7.00.

### Bridge Opened

A gang of men is engaged in opening the C.P.R. swing bridge over the canal. The rails and bolts are being taken up and everything being put in readiness for the summer's navigation.

### That Soiled Suit

That suit, with soils and spots on it, will take on all the freshness of a new suit if sent to "My Valet"—cleaned, pressed and repaired, ready for the summer. Wesley Bros., 204 Charlotte street.

### The New Steamer

Work is progressing rapidly on the Otonabee Navigation Company's steamer "Otonabee." The boiler is in position and the smokestack up. The new craft will have a very saucy and trim appearance.

### Stop Limping

Have your feet attended to. Corns extracted without pain. Ingrowing toe-nails cured. Bunyons and all diseases of the foot successfully treated. See W. Claygone, foot doctor, Room 25, Oriental Hotel. 6d118

### Carpenters' Meeting

The local branch of the Amalgamated Carpenters and Joiners will meet on Wednesday night, when the branch officers for the quarter will be elected. The meeting will be held in the Orange Hall, Simcoe street.

### "Lectured on the Skies"

Last night a large audience gathered at the Springville Presbyterian church on the occasion of the illustrated lecture by Rev. Dr. Marsh, on "A Trip to the Skies." The lecture, needless to say was thoroughly enjoyed.

### Seats Reserved

The diagram of parlour car, which is attached to local Canadian Pacific train leaving Peterborough at 8 a.m., for Toronto, is now held by W. McIlroy, city passenger agent. Seats on the parlour car can now be reserved on application to him. 6d123

To Keep the Skin in Health
AVOID PORE-CLOGGING POWDERS, AND CURE ALL SKIN IRRITATIONS AND ERUPTIONS WITH
Dr. Chase's Ointment

It is quite possible that, while you know of Dr. Chase'b Ointment as a cure for eczema psoriasis and the most severe forms of itching skin disease, you may have overlooked its value as a beautifier of the skin.

There are minor forms of skin trouble, such as rough, red, skin, chafing, chapping, pimples, blackheads, blotches, irritation, or poisoning from the clothing, etc., which disfigure and form a starting point for serious trouble.

A few applications of Dr. Chase's Ointment at such times not only remove these blemishes, but also restore the health and beauty of the skin, and positively prevent further development.

Miss C. Stanley-Jones, professional masseuse and nurse, 283 Simcoe street, Toronto, Ont., writes: "In my occupation as a nurse I have come across many cases in which Dr. Chase's Ointment has been used with extraordinary results. One case I recall was that of a child of sixteen months, who was in a bad way with scaly head. It was a really nasty case, causing the child to suffer very much and to be very troublesome. I persuaded the mother to use Dr. Chase's Ointment, and in ten days the child was entirely cured.

"Another case was that of a lady who was greatly troubled with eczema on the face. The doctor was dosing her with medicine, which was doing no good. In this case cure was effected in seven days with only one box of Dr. Chase's Ointment. Both of these cures were lasting."

Dr. Chase's Ointment is delightfully pure and creamy, is pleasant to use, and is rapidly absorbed. It acts as a food for the skin, making it soft, smooth and velvety. By its soothing, antiseptic and healing properties it allays inflammation, relieves itching, and heals sores, wounds and ulcers; 60 cents a box, all dealers, or Edmanson, Bates & Co., Toronto.

### Colonel Young Here

Colonel Young of Kingston was in the city last night and to-day inspecting the cavalry stores.

### Absolutely Pure

We shall have a small quantity of pure maple syrup which we are selling at a reduced price. Only one dollar per gallon, while it lasts. S. A. OKE, both phones, 17, 576 George street.

### Meeting To-night

The regular meeting of the C. M. B. A., will be held in their hall on George street to-night, at eight o'clock. All members are requested to be present as Grand Secretary Baben will be present and speak in the interests of the Society. P. J. Hickey, president. 1d

### The Truth About the Baby

Carriage business is that the Peterborough Bookstore's bold stroke of twenty per cent. off all carriages has caused a rush for best choice. Only twenty little equipages now left to dispute their claims with eager mothers, at the one-fifth off in discount. A. H. Stratton & Co.

### Those Wonderful Horses

Don't fail to visit Scott's Colosseum, 432 George street, and see the wonderful feats these horses do; seeing is believing. Also see the Curse of Drink; these two great moving pictures for the one price of admission, 5 cents. Matanee 2 to 5; evening 7 to 10. Thursday, new programme, "The Teddy Bears."

### Sale of C. B. McAllister's Property

Remember the sale of the beautiful home and building lots of Mr. C. B. McAllister, East City. This is one of the best bargains in real estate that has been before the public in years. At the same will be sold the stable equipment, including buggies, cutters, harness, etc., also two gasoline launches. The sale of the household furniture has been postponed until a date to be announced later. Parties intending to purchase any of the properties may view same previous to the sale, which takes place on Friday, May 31, at 2 o'clock sharp.

JOHN HAGGART,
2d Auctioneer.

### A Bug on Time

Mr. William Mines last year on the 29th of May left at the Examiner office samples of new potatoes large enough for the table. While he cannot at the same date this year show new potatoes of edible size—though he has them as large as walnuts—he is still up to the record, in spite of the weather. He left with the Examiner last night a real live potato bug that was found selecting a site for a nest underneath a potato leaf growing in his garden.

Corn, Peas and Beans 4 Tins for 25c.
Choice Dairy Butter, 25c. a lb.
Creamery Butter, 28c. a lb.
R. A. DUTTON - - Phones 304

# Personal Mention

Miss Mary Armstrong spent the holidays in Havelock.

Miss C. Whittaker, East City, spent the holiday in Toronto.

Miss Gertie Hutchinson has returned home after a few days visit with friends in Toronto.

Dr. J. M. Parks, of Hamilton, spent the holiday the guest of Miss Marie Ketcheson, 159 Rubidge street.

Mrs. David Hogg and Miss Ethel returned home to Havelock last night after spending the holidays in Peterborough.

Mrs. Geo. Worboy returned home last night after spending the holidays with her sister, Mrs. Waymarke of Havelock.

Mr. and Mrs. Gabriels and Mr. and Mrs. O'Keefe, of Los Angeles, Cal., are in the city, guests of Miss O'Keefe, 784 Water street.

Miss Sadie E. Staunton, professional nurse, Peterborough, who has been attending Mrs. W. H. Moffatt, has returned home.—Picton News.

Mrs. Frank Reid and little daughter, who have been visiting with Mrs. Reid, Wescott street for a few days, returned to Toronto last evening.

Mr. Thomas Cunningham, formerly of Peterborough, has returned to Orillia after spending a week with his parents and friends of this city.

Mr. Harry Baldwin, of Toronto, returned home this morning, after spending the Empire Day holiday in Peterborough—chiefly at Stony Lake.

Miss Eva Bryant, of the Peterborough Business College, has returned to the city after a most pleasant visit with friends in Toronto and Uxbridge.

Mr. A. Ringer, the fireman, who was injured while on his way to Saturday evening's fire at the Peter Hamilton Agricultural Works, is able to be around again.

Mr. David S. Kidd and Mr. Ernest Taylor, of Toronto, returned home today after spending a few days with Mr. Taylor's grand-parents, Mr. and Mrs. Wm. Taylor, of the Customs House.

Mr. Percy Wilson, who for a number of years has been employed as clerk in Mr. Geo. Gobeen's store, leaves to-morrow morning for Buffalo, where he has secured a similar position.

Messrs. Marcier of Paris and Trethewey of London, Eng., are registered at the National.

# DECEASED WAS RELATED TO MR. BURNHAM

### Former Post Office Inspector Died in Toronto—Came Originally From This District

The Toronto Globe of to-day has reference to the death in that city of Mr. George Burnham, a first cousin of Mr. J. H. Burnham of this city. It says: The death occurred yesterday at his home, 76 Grosvenor street, of Mr. George Burnham, until some eight years ago Assistant Postoffice Inspector for the Toronto district. Mr. Burnham had been in failing health for some time, but his death yesterday was unexpected. Deceased was about 60 years of age, and leaves a grown-up family. For over a quarter of a century the late Mr. Burnham was connected with the Postoffice Department, coming originally from the Peterborough district. The arrangements for the funeral will be made later.

# Wheat Reports Generally Indicate A Fair Crop

### Broomhall's Weekly Crop Summary Give Indications of Poor Conditions in Europe.

### UNSEASONABLE WEATHER

(J. R. Heintz & Co. Special.)

Liverpool, May 28. — Broomhall's weekly foreign crop report says:—United Kingdom — There is some apprehension expressed regarding the outlook for the crop, as the weather is unseasonably cold.

France—The outlook on the whole is good, although the crop is backward as a result of unseasonable weather.

Germany—The weather is very variable. There are some claims made of further impairment to the crops, while others report improvement.

Hungary—There are continued complaints heard as a result of the hot weather, with prospects poor.

Roumania — Reports confirm good local showers, although more are needed. The weather is cold and unsettled.

Bulgaria and Turkey — The outlook for the crops is bad.

Russia.—There is nothing new regarding the outlook for the crops in the southern belt; in the east some improvement is noted.

Italy and North Africa—The crop outlook on the whole is favourable.

Spain—The crop outlook is favourable, although rain is wanted.

# BETTER WEATHER CONDITIONS PREDICTED FOR THE FUTURE

To-day Rev. Dr. Marsh informed the Examiner, in response to an inquiry, that there was nothing startling in his observation of the sun or heavens. He could see nothing there to explain the present unseasonable conditions. The storm of yesterday was general, extending on this continent from Florid to the northern Arctic regions. His belief was that in a short time there would be an improvement in the weather conditions.

# CANADIAN MISSIONARIES IN CHINA WILL BE SAFE

Friends of missionaries from this city in China need have no fears for their safety during the present troubles there. The seat of the disturbances, Kwangtung, is on the extreme eastern coast of China and well to the south, while the Methodist missionaries, among whom are Rev. H. D. and Mrs. Robertson, the latter formerly Miss Viewa Hunter, are far inland and considerably north of the disturbed portion of the empire. About 350 miles south of Swatow, in North Honan, there are five missionaries of the Presbyterian Church, including Miss Agnes Dickson of Fenelon Falls, and formerly general secretary of the Y. W. C. A. at Peterborough. These, however, are considered sufficiently far removed from the seat of the trouble to ensure their safety.

# REV. MR. HENDERSON'S SUCCESSOR NAMED

### Rev. J. J. Rae, a Former Pastor of the Charlotte St. Church Likely to go to Port Hope in 1908

Examiner Special.

Port Hope, May 28.—The successor to Rev. G. W. Henderson, as pastor of the Methodist church here will in all probability be Rev. J. J. Rae, at present stationed at Picton. At a meeting of the Official Board of the Methodist church held last night, a decision was reached to extend an invitation to Mr. Rae, and assurances have been received that he will likely accept it.

Rev. J. J. Rae was formerly pastor at Peterborough, filling a term in the Charlotte street church.

## OBITUARY.

### MRS. JOHN R. BURNS

The funeral of Mary Waters, wife of Mr. Jno. R. Burns, took place on Sunday, May 26, from their residence 241 McDonel street, and was largely attended. The late Mrs. Burns leaves to mourn her loss her husband, one son and four daughters, Miss May, Mrs. Wm. Whaley, Miss Agnes, John and Miss Margaret, all of this city. Other immediate relatives who survive are two sisters and one brother, John of Tustin, Mich.; Mrs. Mahoney of Ohio, and Miss Lizzie of Rochester.

Mr. Burns and family wish to thank all those who so kindly contributed floral offerings, which were most numerous and beautiful, showing the esteem in which Mrs. Burns, who was a life long resident of Peterborough, was held. The funeral ceremonies were conducted in the cathedral and at the grave, by Rev. Father O'Leary. The bereaved family have the sincere sympathy of the community.

### Strenuous.

Mother (returning suddenly) — Gracious, children, what have you been doing? Why, the room looks like a hurricane had struck it, and Willie looks like he had been through a thrashing machine!

Tommy—Please, mamma, we have been playing Russian douma, and Willie was the czar.—Chicago News.

### Unappreciative.

"Your husband says that when he is angry he always counts ten before speaking," said one woman.

"Yes," answered the other, "I wish he'd stop it. Since he got dyspepsia home seems nothing but a class in arithmetic."—Bohemian Magazine.

### Overruled.

The Maid—And do you make love to every girl you meet the same as you do to me?

Young Lawyer—My dear young lady, it is unprofessional to ask a question that would tend to incriminate the witness.—St. Louis Post-Dispatch.

### Skin Like Armor Plate.

When she is in a freakish mood, nature seems to revel in making human beings who are a constant mystery to their fellow creatures. Such a man is Herr Schwartz, the "armor plated man," who is such a puzzle to the doctors of Europe. Herr Schwartz has for some years been undergoing an ossification of the whole of his body and is rapidly developing into the hardness and immobility of a statue. His back has now become rigid, the muscles standing out hard and immovable. In fact, he seems to be enveloped in a kind of armor plating, consisting of surface bone as hard as stone. He is no longer able to move his jaws and is compelled to take food in a liquid form through a tube, some of his teeth having been removed for the purpose. And yet this osseous man enjoys excellent health and not long ago was married to a charming young Berlin woman.—Boston Post.

PILES Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. # Meershaum Company May Locate Big Factory Here

**$6,000,000 American Company Looking for a Location for Canadian Factory to Manufacture Products**

**WOULD EMPLOY 100 MEN**

A factory to employ at the commencement, about 100 men and to manufacture meerschaum products may be established in Peterborough. Mr. Edward D. Tittmann, the New York representative of the Meerschaum Co., of America, has written the Examiner giving the information that his company is anxious to secure a site for one of the numerous factories to be established in thee near future at different points, and correspondence is invited. He states that the Company is capitalized at $6,000,000, and in his letter he announces that the Company is trying to locate advantageous sites for a number of factories in which the products of the Company's mines in New Mexico are to be turned into commercial articles, including pipes, cigar and cigarette holders, insulating devices for electrical apparatus, etc. William J. Seidenburg, formerly of the American Tobacco Company, is President of the Meerschaum Company, which has offices at 25 Broad street, New York. The Company is capitalized at $6,000,000. Each of its factories, it is expected, will employ about one hundred men. The Company's decision to erect numerous factories was reached when the reports of United States Consuls, George N. Ifft and U. J. Ledoux were made public, announcing that the supply of meerschaum in the Turkish mines was practically exhausted, thus giving the Meerschaum Company a monopoly of these products.

# Action Against Gow Was Dismissed With Costs

**Robert Hill, of Dummer, Loses for First Time in Case Against Gow—Action to Set Aside Conveyance of Land Did Not Hold Good.**

**FIRST CASE CONCLUDED**

The first case in the non-jury sittings of the High Court of Justice, which opened this afternoon at 1 o'clock before Chancellor Boyd, was that of Hill versus Gow. This is an action to set aside the conveyance of land belonging to Chas. Gow, to his father, which the plaintiff claims was done to defraud him out of a judgment of $653.52, which he received in the High Court of Justice in April, 1906.

The members of the bar present were Messrs. F. D. Kerr, G. Gordon, S. T. Medd, J. W. Bennet, E. L. Goodwill, R. E. Wood, G. Watson, K.C., Toronto; Chas. Dunbar, of Guelph; John Green, L. M. Hayes, and W. E. Middleton of Toronto.

In the initial case on the docket the plaintiff's solicitor was Mr. R. E. Wood, assisted by Mr. W. E. Middleton of Toronto, and for the defence, Messrs. Roger, Bennet and Goodwill, assisted by Mr. G. Watson, K.C., noted.

After hearing the evidence for the prosecution, Chancellor Boyd considered that the examination of Mr. Dennistoun was sufficient to disestablish the claim, and the action was set aside with the costs, subsequent to the examination of Mr. Dennistoun in March.

The first witness called for the plaintiff was Miss Beatrice Gow, sister of Chas. Gow, and to Mr. Middleton she testified that her brother left home in July last on the morning after her father's funeral, and that she did not know where he was. She knew of the conveyance of the land in question, which took place in the month of March previous to her father's death. She heard her brother and father talk of the sale of the land, but did not hear that it was for the purpose of keeping the money out of the hands of Hill.

To Mr. Watson she repeated that she had no knowledge of the whereabouts of her brother. Her brother's farm adjoined her father's land, and both places were worked jointly. Her brother Charles, she said, had no debts.

**A. J. McIntyre**

Mr. McIntyre, contractor, stated that he had inspected the driving shed and stables on the Gow farm, and that the present value was $400. He made the inspection a short time ago and stated that the buildings were three or four years of age. He also inspected a log barn, and also other buildings on the Gow farm. The estimated value of the log barn was $290.

This evidence, together with the examination of Mr. R. M. Dennistoun in connection with the sale of the land, whist was read by Mr. Middleton, concluded the evidence for the plaintiff.

Chancellor Boyd considered that there was no evidence advanced which showed an intention to defraud, and, so long as the father gave the son the value of the land to pay his legal expenses or any other debts he may have had, there was no reason to come against the father. The action was thus dismissed with costs, which accrued subsequent to Mr. Dennistoun's examination, Chancellor Boyd considering that the examination was sufficient to warrant that action.

# WILL BE TRIED AT COBOURG

**If the Judge There Decides it Necessary—The Drinkwater Case**

**LOCAL WITNESS PRESENT**

The following Toronto despatch in regard to the Drinkwater case will be read with interest here. Mr. R. A. Elliott, of this city, is one of the witnesses in the case, which arises out of a business transaction between him and Jas. Drinkwater, the defendant in the case:

James Drinkwater, who was on remand in the Police Court to-day on a charge of forgery, will be sent to the Magistrate at Cobourg, there to have the case adjudged.

"If the Magistrate at Cobourg," said Col. Denison, "thinks there is enough evidence to commit for trial, he may do so."

Mr. Osler, the manager of the Dominion Bank at Cobourg, said that a note for $400, signed jointly by Drinkwater and his uncle, Frank Wait, was sent forward for collection by Robt. A. Elliott, in whose favour it was drawn.

"Was it paid?" asked the Magistrate.

"No; it did not fall due. It was withdrawn."

Mr. Elliott said that he withdrew the note before it was due because he had been given a chattel mortgage to cover the amount of the note.

"Were you told that it was a forgery?"

"No."

"Did you have any idea that it was a forgery?"

"None in the world. I did not hear that there was any suspicion of forgery until two or three weeks later."

Frank Wait again denied emphatically that he had ever signed a note jointly with Drinkwater.

# THE WARSAW LADIES ARE PROGRESSIVE

**A Ladies' Basketball Team Was Organized—Officers Have Been Elected**

Examiner Special.

Warsaw, May 29.—A number of the young ladies of the village met on Wednesday evening for the purpose of organizing a basketball club. After considering the matter, it was decided to form a club, and the following officers were elected:

Hon. Pres.—Mrs. A. F. Choate.
President—Miss M. Morgan.
Secretary—Miss M. Foley.
Treasurer—Miss A. Coffe.

Grounds have been secured from Mr. Richard Dean, and practice will be commenced this week.

# DEEP INTEREST IN DAIRY SHOW

**Toronto People Alive to the Benefits Which it Will Confer, and Are Working Hard**

**MR. MONTEITH OPPOSED**

The Canadian Dairyman, of this week refers to the coming Dairy Show to be held in Toronto, and to the activity being displayed in the project by the Toronto people. It says:—

The citizens of Toronto and the dairy farmers of York county appear to be thoroughly aroused over the proposal to hold a national dairy show in Toronto next January. Notices were sent out last week calling a mass meeting of representative business men of the city, of members of the York County and Township Councils, and of York dairy farmers, to be held in Toronto, Tuesday afternoon, May 28, to discuss arrangements for the show. The meeting was called jointly by the Toronto Board of Trade, the Toronto Milk Producers' Association, the Toronto Milk Dealers' Association and the Toronto Agricultural Society.

In the notices sent out calling the meeting, it was stated that the estimated expense of the show is about $7,000, of which sum over $4,000 has been subscribed, not counting gate receipts. The object in the calling of the meeting was to take steps to raise from two to three thousand dollars to enable the show to be held in Toronto next January. On Wednesday of last week, a meeting of the Toronto Agricultural Society was held, at which the project was warmly endorsed and a committee appointed to act with the other organizations in securing the show for Toronto.

**Depends on Hon. Mr. Monteith**

Whether or not the show will be held still rests largely with Hon. Nelson Monteith. The exhibition will not be conducted unless the Eastern and Western Ontario Dairymen's Associations give it their support. These associations, drawing government grants as they do, will hardly feel free to join in holding the show if the Minister of Agriculture continues to refuse to support it. It is hoped, however, that if the interest manifested in the show is such that sufficient funds can be raised to enable the show to be held without there being danger of a deficit and without the dairy supply firms being given undue prominence, that Hon. Mr. Monteith will decide that the movement deserves support and that he will consent to assist it this year by arranging to introduce educational features. It is understood that a strong deputation from Toronto and vicinity may wait on Hon. Mr. Monteith shortly to ascertain his views and that if he will agree to recognize the movement, that there is every reason to believe that arrangements for the exhibition will be proceeded with immediately.

# STEAMER "AJAX" THE FIRST DOWN

**Brought Down Scowload of Wood Over the Lift Lock—Big Traffic Expected**

The tug Ajax had the distinction of being the first steamer to come down over the lift lock this year. This morning, with a scowload of wood for Mr. J. E. A. Fitzgerald, who owns the steamer, she came down the canal from Lakefield and passed over the lock.

It is probable that this season there will be a considerable traffic in wood from the northern lakes to Peterborough. The steamer Ajax was bought by Mr. Fitzgerald for the purpose of being used in this trade.

# FUNERAL OF THE LATE JOHN IRWIN TO-DAY

**Largely Attended by Friends and Co-workers—Many Floral Offerings**

The funeral of the late John Irwin, whose unfortunate death occurred as a result of injuries received at the burned Hamilton building, took place this afternoon at 3.30 o'clock from the family residence at the corner of Bethune and King streets. Rev. A. H. Bruce conducted the obsequies at the home and by the graveside. The chief mourners were the bereaved wife, Mrs. John Irwin, and the following children: Mrs. W. Kennedy, Miss Myrtle and Miss Violet, John and Norman. There were also William and John Irwin and Mr. Geo. Shouldice, uncles of the deceased.

The Hamilton Manufacturing Company's works were closed this afternoon to enable the workmen to attend the funeral of their late fellow-workman. The floral offerings were very beautiful, among them being remembrances from the I.O.O.F. and the C.O.F. The pall-bearers were selected from the shop, and were as follows: Messrs. John Brownlee, James Mulholland, John Law, Chas. McBrien, Jas. Collinson and Robt. Mulligan.

# A SOUVENIR MEDAL WAS FOUND

**Interesting Discovery Made on the Nicholls Homestead in Smith Township—A Brock Medal**

**IT COMMEMORATES VICTORY**

This afternoon Mrs. Wm. Nicholls of Smith township was in the city and showed the Examiner something in the nature of a curiosity in the shape of a coin medal. It was issued in 1816 to commemorate the victory of Brock, at Queenston, Ontario. On one side of the medal is a coat of arms and the inscription, "Sir Isaac Brock, the Hero of Upper Canada," and on the reverse side, "Success to Commerce, and Peace to the World."

Mr. Nicholls found the medal while digging in a field on the Nicholls homestead, and it was found on the site where a house once stood. The supposition is that Mr. Nicholls' great, great grand-father, who lived in the house, many years since destroyed, at the time of the battle of Queenston Heights, had the medal, and that it was lost by him. It is a great curiosity, few if any of them being in existence at the present time.

**Nurse Tells Of Eczema Cure**

Mrs. C. Stanley Jones, professional nurse, 283, Simcoe street, Toronto, writes: "In my occupation as nurse I have come across many cases in which Dr. Chase's Ointment has been used with extraordinary results. One case is that of a sixteen months old child who was cured of scald head and another that of a woman cured of eczema on the face after the doctors had given her up."

**What Do You Think of the Man**

Who says he will pay rent no longer? Six weeks ago he bought from me a block of 8 Lots, ploughed and planted 7 Lots, has all material on the ground to build a house. He has already built a temporary Cottage which his sensible wife is quite satisfied to occupy pending completion of the home. The children are happy and free from many city dangers. The hens have occupied their coop and are supplying the wants of the family in their line. The big garden will soon supply many other wants. There is no rent to pay. The block of 8 Lots would now sell for $200 more than cost. The owner being a builder bought a second block to-day and with his 16 Lots to build upon the tenant of six weeks ago will very soon be a Landlord and an employer on the road to riches. If you are a good class of man I can start you in like manner. My Lots, my Prices and my Terms have no equals in Peterborough. Call without delay. Prices advance June 1st.

## THE LURE OF THE CITY

Many of our newly-arrived immigrants have developed a high form of civilization They have overcome the nomadic habit of primitive peoples, and become intensely gregarious. It is stated that they are walking, unemployed, about the streets of Toronto, by the thousands, and won't go upon farms, where the services of men are greatly needed. It is not understandable that men will prefer to starve in cities to going into a life of plenty—of food, of way—and plenty of work, and pure air, and besides an opportunity to rise above perpetual, but possibly, respectable pauperism. In the country, moreover, there is a spirit of brotherhood and an interest in fellow man, that in large population centres, seems to be displaced by the Ishmaelitic motto, "Every man for himself." The "O, it was pitiful, near a whole city full" of Tom Hood, finds its spirit realised in every large city. Starvation and superfluity, fasting and feasting, poverty and opulence, are continual contrasts, that attract no attention -- they seem to be the normal conditions. In the city, the battle is to the strong and the race to the swift. The failures in life have no chance, and still the wide fields, green with grass, the beautiful trees, the clear sky, and a living for everyone, willing to work, has no lure for the poor and unemployed of the cities. They seem to prefer to starve in heaps, to feasting alone in the bountiful country. London has seven millions of people. Canada has a hundred million acres calling for cultivation. Yet wild horses could not drag these out of the dust, and fog, and dirt, and grime, of the greatest capital in the world. "Back to the land," has no force to the city dwellers, though they be idle, and starving. Thus is come to pass the words of the Master, "the poor ye have always with you."

## EDITORIAL NOTES

Mr. Balfour, the British Opposition leader, says:—"I am a Free Trader, but in favour of adopting methods by which we can deal with hostile tariffs." This is rather a round-about way of spelling retaliation.

When one recalls the pitiful objections and pessimistic opinions expressed by Mr. Whitney and his followers of the then Opposition to the Ross Government's proposal to build the Provincial Railway, it is a surprise that they take any credit for the great success that the enterprise has met with.

The Kingston cadets have started on their hundred and seventy mile march to the Petawawa camp. We have no doubt, remarks the Toronto Star, that these spirited young men know a great deal about tactics and mathematics and fortification, and such, but do they know enough, under the circumstances, to rub the heel of each sock with brown soap and so save themselves sore feet?

A garrison parade on Halifax Common entirely composed of Canadian troops, the Ottawa Free Press thinks, must have made the old-timers down there realize that Canada is getting a big country now and that its growth is bringing with it responsibilities which are being loyally shouldered. It should put an end to the gibes of some of the Jingo-Imperialists, both in Canada and in Great Britain who assert that Canada is doing nothing for the defence of the Empire.

A Montreal newspaper correspondent must need more money for coal this cool weather, when he wires such palpably invented rubbish as the following: "According to a Montreal despatch, there is a serious conflict of opinion between Mr. Lemieux and Mr. Bureau. Mr. Lemieux favours Mr. Fielding as successor to Sir Wilfrid Laurier, while Mr. Bureau is outspoken for Mr. Aylesworth." With a little more effort the correspondent could have had a cable from Sir Wilfrid announcing his resignation of the premiership.

A policy that kills is a fiscal policy that permits a band of industrial brigands, like the Steel Corporation in the United States, if what is told of them is true, to monopolize the manufacture of steel rails, and impair the quality, for purposes of extra profit. These defective rails cause accidents, that, in turn, cost the lives of travellers by hundreds. No man has a right to make profits at the expense of another without an equivalent. Naturally, no corporation has a right to make profit at the expense of human lives, for whose loss no equivalent can be found.

## BRAVE WORDS AND TRUE

The following is an extract from the speech of Chief Justice Fitzpatrick, representing, as administrator, the absent Governor-General, delivered on the occasion of the unveiling of the Strathcona Memorial in Montreal, a few days ago. It has the true, imperial ring, and is much on the lines of an article in the Examiner, of yesterday:

"We are not here to celebrate a victory, to commemorate the memory of the dead, to extol martial prowess or generosity of the living. This monument will tell the generations that are to come after us, that Canadians volunteered for service in South Africa to affirm a great principle; that the Empire is one and indissoluble; that our sovereign can command the willing allegiance and the loyal service of all those who live under the British flag; that we owe something more to our country, as Lord Roseberry puts it, than rates and taxes.

I might paraphrase Wordsworth. It will teach our successors that in the hour of danger there is to be no parleying, that there is to be but one breath, and that we are all one from shore to shore.

"In thus addressing you I have no desire to masquerade under the garb of a jingo. My loyalty is founded on reason. I believe in the British Empire because I have enjoyed the benefits of British citizenship. Where can you find a more perfect constitution than that under which we live? No change can be an improvement; any change must be for the worse. There is no system under which citizens exercise more direct control over that legislation which regulates our daily life than that administration of public affairs with which it is concerned. In a word, it may be said that our constitution guarantees in effect, and not merely in name, to all—irrespective of creed, religion or colour—life, liberty and the pursuit of happiness. For the benefits we enjoy, should we not be prepared to make some sacrifices, and to realize that they can be preserved by loyal service, personal devotion and the spirit of self sacrifice.

"There have been before to-day," as Goldwin Smith once said, "vast aggregations of territory, the Roman Empire, the Assyrian Empire, the Empire of Alexander, the Empire of Charlemagne and the Empire of Napoleon, conceived in human pride, and founded on human ambition, and they have passed across the page of history through the inevitable process of decay to a common grave. "Shall this be the fate of the British Empire? Will the dream of Macaulay be realized, and will the historic New Zealander, sit on London Bridge and deplore the disappearance of the greatest of all the world's great capitals? I do not believe that this is the fate that awaits us, so long as we realize that the principles of truth, justice and liberty, are not only the surest but the only foundations upon which men can build permanently.

"It has been said that stones and mortar are the defences of the weak, but that the defences of the strong are men. This is specially true of Canada. Men are required to defend our frontiers and to develop our resources, but above and beyond all things to maintain our institutions; men who are imbued with the idea that our every hope of the future depends upon our having to work out our destiny on this continent under the protection of the one free flag of the world."

## CHANGES AMONG BATTERY OFFICERS

**Lieut. Hall Promoted to Rank of Captain —T. W. McDonough, Lieutenant**

In the latest list of militia appointments and promotions appears the following of local interest:

10th Brigade, Field Artillery, 24th Field Battery, to be Captain, Lieut. G. R. Hall, vice Capt. H. Ritchie, transferred to corps reserve.

To be Lieutenant, provisionally, Thomas William McDonough, gentleman, vice G. R. Hall, promoted. Dated March 28, 1907.

## ANCIENT FORESTERS TO ATTEND CHURCH

**Rev. H. J. Keith Will Preach to Members of Court Stanley on June 23rd**

The regular meeting of Court Stanley, A.O.F., was held last night in the S.O.E. hall. There was a good attendance of members. The Chief Ranger, Bro. T. Hendry, was in the chair. Four candidates were duly initiated into the mysteries of Forestry, and one member admitted by clearance card. The committee appointed at the last meeting, to make arrangements for the annual church parade, reported that they had arranged with Rev. Mr. Keith to attend Knox Church on Sunday evening, June 23, in a body, when Rev. H. J. Keith will deliver a special address. The Chief Ranger declared the office of Junior Woodward vacant, as Bro. White has left the city. Bro. Chas. Parks was duly elected to fill same for the balance of the term.

## TENDERS WANTED

Tenders will be received by the undersigned up to 2 o'clock p.m. on Friday, the 7th day of June, 1907, for the purchase of debentures of School Section No. 6, Asphodel, to the amount of $1,600, bearing interest at the rate of 5 per cent. per annum, and repayable in ten equal annual instalments of $207.21, at the Union Bank of Canada, Norwood, the first of which is due and payable on the 31st day of December, 1907.

The highest or any tender not necessarily accepted.

EDWARD FITZPATRICK,
Secretary-Treasurer,
3d125-3556 Norwood.

## KANSAS EDITOR VISITING HERE

**Mr. Jos. B. Giroux Here After Absence of 23 Years**

Mr. Joseph G. Giroux, of Kensington, Kansas, until recently editor and proprietor of the Kensington Republican, is in the city on a visit to his brother, Mr. G. H. Giroux, after an absence of 23 years, the greater portion of which has been spent in the Southern States. Mr. Giroux will spend about a month or six weeks visiting his relatives in Canada and in the Northern States, going as far west as St. Paul, Minn., before he returns to his Kansas home.

## COURT OF REVISION MET LAST NIGHT

**Large Number of Complaints Against Sidewalk Assessment**

The Court of Revision met last night and considered a large number of appeals against assessment for sidewalks. A long list of complaints was disposed of before the Court adjourned, to meet again on Friday night of this week. There were present last night Mr. Wm. Langford, Chairman, and Mr. A. E. Dixon.

MDE. JOSEPH BEAUDOIN.

## CATARRH OF STOMACH RELIEVED BY PE-RU-NA.

Mde. Joseph Beaudoin, 59 Rue St. Olivier, Quebec, P. Q., Can., writes:

"Peruna is wonderful for indigestion. I eat whatever I want and no longer feel any oppression.

*"Having had dyspepsia for a long time and having tried various other remedies, I decided to try Peruna and with the fourth bottle of it I was perfectly cured.*

"For this reason I recommend it to all those who are suffering with that terrible malady, dyspepsia.

"I hope that all who are afflicted in this way will take Peruna as I did."

The experience of Mde. Beaudoin ought to be sufficient proof to any one of the value of Peruna in cases of catarrhal dyspepsia. If you suffer from stomach catarrh in any of its various forms, give Peruna a fair trial, avoiding in the meantime all such indiscretions in diet as would tend to retard a cure, and you will soon be rewarded by a normal appetite and healthy digestion.

# Tramp Tried To Frighten Three Boys On C.P.R. Tracks

**Held Them Up as an Official and Then Produced a Pencil Case That Gleamed Like a Knife—One of the Boys Fled—The Others Faced the Man.**

## LEFT CITY ON THE BUMPERS

An incident occurred the other evening in the vicinity of the Shovel Factory which should lead young people to be careful after dark, and particularly young girls who are walking alone. Three boys were on their way home at nine o'clock or a little later when they were accosted by a young man apparently about 24 years old. At first he stopped them and demanded their names, stating that he was a C.P.R. official. The boys were at once wise to him and said that it was none of his business. The stranger said that he would see whether it was or not. He then made a motion to his inside pocket and took out a gleaming pen-oil case that looked very much like a knife. One of the lads took to his his heels at this stage of the game but the others faced the man to see it to the end.

The stranger held the glittering case in his hand for a minute or two and looked straight at the two remaining boys. He then laughed outright and said, "Well, you're two game kids anyway, I was just trying you to see if I could frighten you. Come on and sit down till I talk to you." Much relieved the boys did as they were directed for they were really scared. The "bum," as he really was, then began to tell the lads a short history of his travels and doings on the road. He proved to be a real "good head" and soon had the boys at their ease. He took out a revolver which he was carrying in his hip pocket and showed it to them. The boy who had run away returned at this time with a whole gang, for he had told them that the tramp had drawn a knife.

The stranger soon had them all laughing and interested in the recital of his varied experiences and further said that he was going to Toronto on the next freight. Soon after a freight going west on the C.P.R. puffed out of the station and all the boys ran down to the street light on Park street to see if the tramp was between the cars. When the train had nearly passed the bunch the stanger leaned out from his position on the bumpars and waved his hand to the boys, and thus he left the city before he got into any trouble.

He was of medium height, wore a rubber collar and seemed to be a good sort of a fellow.

This might be a warning to young folks to be careful of their hours as they are never sure of whom they are going to come in contact with. Not only strangers but even city fellows are none too particular in their actions to passing ladies and young women. Such fellows can only be avoided by being on the streets only at a seasonable hour. Parents should be careful to see that their children are in the home at the proper time and they will not meet with any questionable characters.

# OVER EIGHTY AND HAD MEASLES

**An Old Lady in the South End Says That She Has Just Recovered From a Virulent Attack of This Disease**

## IS GROWING YOUNG AGAIN

When one has passed safely through life and reached an age of more than four score yeaers it is generally supposed that he or she has suffered almost every bodily ill in the category of diseases to which human life is subject. However, there often arises an exception to this and there is an old lady living in the south end who is just around again after a rather severe attack of measles. This old lady has long since reached her allotted span of life and is yet as sprightly as many who are years her junior. She is well known in this city and her many friends were surprised and rather amused that she should fall a victim to an ailment which but few people pass through early youth without being attacked with. But surprises are happening every day and it may be that this lady is renewing her youth, like the eagle and is about to enter upon her second life.

This old lady considers that this illness was quite a novelty and in telling her friends about it said that she had been a sick woman for about ten days passing through the three stages of the disease. The visible signs were quite apparent, her hands, face and body being covered with the little red patches. She has not said, whether it is her second illness from measles or not, but it is probable that this is the first attack. She has entirely recovered and regained her usual health and it is hoped will be spared for many years to come, escaping, however, the many ailments of youth as teething, croup, and mumps.

# THE STATIONING COMMITTEE

**Rev. J. C. Lewis Will Go to Bowmanville to Represent Peterborough District on This Committee at Conference**

Next Monday morning Rev. J. C. Lewis, the chairman of the Peterborough District of the Methodist church will go to Bowmanville to attend the annual conference. The Stationing Committee, of which Mr. Lewis, by reason of his occupying the position of chairman of the District, is a member, meets on Monday, and the Ministerial session on Wednesday. Rev. G. R. Clare, of Millbrook is the other representative of the district on the Stationing Committee. The general sessions of Conference, open to both the ministers and lay delegates. The ministers here will be away two Sundays.

# REGULAR REGIMENTAL DRILL LAST NIGHT

**Manoeuvres Confined to Drill Hall—March-out in Two Weeks**

The regular weekly drill of the 57th Regiment was held last night and on account of the frigid temperature was confined to company and arm drill in the armouries. There were no orders issued last night but at the close of drill the Colonel advised the men to turn out regularly to shooting practice in order to qualify for their efficiency pay.

It is expected that a week from next Tuesday the regiment will hold another march out.

# A Modern Hose Wagon To Be Purchased By City

**Similar to Those in Use in New York City—Fire, Water and Light Committee Decided on That Step Last Night.**

## ALARM SYSTEM DISCUSSED

The Fire, Water and Light Committee of the City Council last night decided to recommend that the Council purchase a combined chemical and hose wagon from Mr. Geo. Fitzgerald at a cost of $550. The new wagon is of the most modern design and is similar to those in use in New York City. The committee felt that when they were purchasing a wagon they should get one that would compare favourably with those in use in other places that are considered progressive, rather than get something that might be somewhat better than Peterborough has had, but which would not be considered modern by larger cities. Therefore they decided upon the wagon as shown in the cut furnished by Mr. Fitzgerald, in preference to the one first considered.

On motion of Ald. Morgan, seconded by Ald. Bradburn, it was decided to take action as stated above.

One of the primary objects in calling last night's meeting of the committee was to consider the programme for the formal opening of the new firehall, which is expected to take place as soon as alterations now being made in the hall are completed. Messrs. J. Metheral and J. Gibbs, of the Executive of the Fire Brigade, were present to talk the matter over with the committee, and stated that the subject had not been discussed by the members of the brigade. It was decided to leave the matter in the hands of the firemen to arrange the programme for the opening. They will take the matter up at their next regular meeting, which will be held on Tuesday evening next. After this meeting the firemen will report to the committee the programme they have decided upon, and the aldermen will take steps to see that it is carried out to the satisfaction of the brigade.

About the only other business that was taken up by the committee last night was a discussion over the alarm system, particularly the tap bells in the firemen's houses, over which there have been some complaints made.

Ald. Bradburn thought that it would be possible for someone at the firehall, after the box number had been rung in, to press the button at the hall, say fifteen or twenty times, which would give the firemen a better chance to hear the alarm in the day time, when they are not at home.

The committee seemed to be of the opinion that if the tap bells were not working right that the five-inch gongs should be installed. The foreman of the firehall has ordered one of these gongs, and it was decided to wait until this has arrived before taking any action in the matter.

There were present last night Ald. Johnston, chairman; Ald. Morgan, Bradburn and Duncan.

# Reported Failure Of A Member Of Coates Bros

**Mr. Henry Coates, Who Was to Have Established Immense Carpet Works Here, in Difficulty.**

## BILL OF SEQUESTRATION

A Scotch paper just to hand gives some interesting information concerning the affairs of Mr. Henry Coates, the gentleman who, it was hoped, would establish, in Peterborough, a branch of the works of Messrs. Coates Brothers' carpet factory. The item referred to may serve as a solution of the mystery as to why the proposed works were not established here. It says: The Perth correspondent of the Dundee Courier reports that the affairs of Mr. Henry Coates (a member of the firm of Messrs. Coates Brothers, carpet manufacturers, Perth and Paisley) have become involved to such an extent that application has been made for sequestration to the Bill Chamber, Edinburgh. Mr. Coates, it is stated, has interest only to a very limited extent in the carpet manufacturing business, and as the failure is a personal one, it is not expected that the affairs of the company will be affected. Mr. Coates was one of the foremost citizens of Perth, being actively connected with many philanthropic institutions and associations, and after the resignation of Mr. Robert Wallace, K.C., he was asked, but declined, to allow himself to be nominated as the next Liberal candidate. He is the second son of Mr. Andrew Coates, Pit oulloch, Perth, and was born in Arbroath, where his father was then representing Messrs. J. and P. Coates.

# W. A. Bailey Thinks Things Are Badly Out Of Joint

**And Writes a Letter to the Mayor and Complains of the Blundering Newspapers—Mr. Neville Also is Challenged.**

## HE HAS A GRIEVANCE

The Mayor of Peterborough.

Worshipful Sir, — Although perhaps troubling you unnecessarily, I must draw your attention to enclosed cutting from the Examiner, showing how we are served by our press. If a schoolboy made such a blunder he would merit punishment.

Yours obediently,
W. A. BAILEY.

W. A. Bailey spends a good deal of time writing letters to the press, to the Mayor, and to anyone, in fact, whose actions he does not approve of. Yesterday the Mayor handed the Examiner the letter given above, written by Mr. Bailey. The clipping he refers to was that giving a short description of the opening of the Belfast Exhibition. He does not specify just what is wrong with it, and neither the Mayor nor the Examiner can find out. But it appears that the Examiner is not the only object of Mr. Bailey's attention. Mr. Harry Neville of Cavan, whose excellent letter in reply to statements made by a dissatisfied Englishman was published in these columns a short time ago received a delicate attention. That letter did not suit Mr. Bailey, and he came out with a challenge to the writer. Mr. Neville writes the following letter to the Examiner in reference to it:

To the Editor of the Examiner.

Dear Sir,—I thank you for the courtesy extended to me by publishing my letter, and trust that my experience, having been made public, may, in a measure, remove the bad impressions likely to be produced on English immigrants by statements such as were made by Mr. Pitcher, and as are now made in a communication (which I enclose for publication) I have just received from a Mr. Bailey. My earnest desire is that these impressions may be entirely wiped out.

Peterborough, Ont.,
May 21, 1907.

Dear Sir,—Since you make public your views about the Englishmen who are dissatisfied in this country, and take upon yourself to apologize to the farmers of Canada, perhaps you will not think it out of the way to receive the following challenge: "I will forfeit $50 if I do not prove, before some respected authority, that Englishmen here are systematically defrauded, ill-treated, and compelled to work as slaves. Of course, I know that the reason for the charges against the farmers, being published, is that the factory employers want cheap labour."

W. A. BAILEY.

With regard to Mr. Bailey and his challenge. In the first place, I do not know the gentleman, but if he be the one I have heard of, then he is not unknown in this neighbourhood.

On that point I make no further comment.

In the second place, he says he can prove that "Englishmen here are systematically defrauded." I must pause here and point out that this is a question for a civil action, for a court of law to decide upon, between himself and any particular farmers he may choose to publicly accuse of fraud.

When he takes this course he may rest assured of my interest in the result of the action, as I fancy he will find that he has got himself into water many degrees hotter than any in which one would care to take a bath, even in the coldest weather.

There may, of course, be an exception (as there are to all rules), but if Mr. Bailey cares to read my letter again he will see that I referred to farmers in Cavan, they being the only people in the country that I have as yet the pleasure of knowing.

Passing from this portion of this sweeping charge, we come to this: "Englishmen are systematically ill-treated and compelled to work as slaves."

I do not know Mr. Bailey's nationality, but surely he cannot be an Englishman, or he would never have forgotten the song we all learnt, forgotten the song we all learned in our earliest school days — "Rule, Britannia," and which ends up something after this fashion, "Britons never, never, never (not even in Canada) shall be slaves." Perhaps Mr. B. may have heard of it, for it is pretty well known by now, and I can assure him that no Englishman with any spirit in him would allow himself to be ill-treated and worked like a slave, and he must also not forget that the law exists, and is as fairly administered here as in England, and probably much fairer, too.

As to the last part of this peculiar challenge, may I, dear sir, leave the instructions contained therein to you, and the factory employers, to deal with, as it is a matter of which I have no knowledge, though I should have thought that employers and employees were perfectly free agents in the matter of whom they employed, or for whom they worked. Anyway, they are on the farms around Cavan, but possibly conditions are different in Peterborough factories.

May I trouble you to return this "challenge" when you have leisure, as it may yet serve some other purpose besides being a sort of curiosity in its way.

Again thanking you, I remain, dear sir,

Very faithfully yours,
H. NEVILLE.

Cavan, Ont., May 25, 1907.

# RELIABLE INFORMATION

**About a Reliable Medicine**

We want the people of Peterborough to know that we believe the most valuable cod liver preparation—the best tonic reconstructor, health restorer and strength creator, known to medicine to-day is Vinol.

Vinol is not a patent medicine as everything it contains is named on the label of every bottle. We guarantee Vinol contains besides tonic iron all of the medicinal, curative and body building elements of cod liver oil actually taken from fresh cods' liver but without a drop of the useless oil to clog the system, upset the stomach and retard its work. This is why Vinol is so far superior to old fashioned cod liver oil and emulsions.

Vinol is actually guaranteed by over five thousand leading druggists of America to create health and strength for old people, weak, sickly, women and children, nursing mothers and after a severe sickness, and for hacking coughs, chronic colds, bronchitis and all throat and lung troubles.

Try Vinol on our guarantee. McDermid and Jury, also at the Market Drug Store, the Ormond and Walsh old stand.

# INSPECTORS PRAISED THE LOCAL BRIGADE

**Fire Inspectors Here Yesterday and Looked Over Scene of Recent Blaze**

Yesterday afternoon Messrs. C. D Cory of Toronto, and Arthur Barry, of Montreal, Fire Insurance Inspectors, arrived in the city, and visited the scene of Saturday's big fire at the Peter Hamilton foundry.

In an interview with the above-mentioned gentlemen, the former informed the Examiner last night, that he considered the work of the local brigade to be very commendable under the existing circumstances.

The firemen, he stated, must have had a most difficult task in conquering the flames.

From his inspection Mr. Cory considered that the fire must have been an unusually hot one, as it consumed a great deal of hard wood. He complimented Chief Rutherford on his skill in confining the blaze to the southern and upper portion of the building.

Mr. Cory was informed that the brigade was short of ladders and he hoped the city would, from an economical point of view provide the proper equipment in ladders for such an excellent brigade.

The interruption in business, said the inspector, were worse than the fire, and especially at this season of the year, when the building was most needed for manufacturing purposes.

Mr. Cory could not state exactly the origin of the fire but believed it must have originated either from a spark blowing in an open window or among the combustibles in the paint shop. He strongly recommended the use of tin-sheeted doors, which, if properly made and not painted, could not be improved upon as a fire check. The bright tin radiates the heat and will not expand like metal.

Mr. Barry, of the Phoenix Assurance Company, also added words of praise for the work of the local brigade, which he considered to be a skilful one. The two gentlemen left the city this morning for their homes.

# CROPS ON COUNTY FARM DOING WELL

**Board of Management of House of Refuge Finds Matters in Connection with the House of Refuge in Good Shape**

The Board of Management of the County House of Refuge met yesterday at the House for the purpose of authorizing the completion of the improvements to the grounds, the building of a wire fence in front of the premise and the proper disposing of sewerage. The work will be done with the horses and help of the institution as much as possible.

The spring crop of about 35 acres is all in and most of it up and looking well. Ten acres of fall wheat looks splendid and the young clover sown last year has come through fairly well.

The young stock such as calves and pigs are progressing satisfactorily. There are eight cows to milk this summer. The potatoes are planted and the mangold ground is ready, as is also the other root ground.

There are 10 men and 6 women in the house at present as inmates. They are all well excepting one old lady and one old man, who are somewhat prostrated from old age, but the Board is loud in its praises of the manner in which the matron, Mrs. Beavis, is taking care of the inmates. The old people seem satisfied and pleased to do any little work they can on the farm.

# A. W. M'PHERSON ON THE HOSPITAL STAFF

**Appointed on the Staff of the Sick Children's Hospital, Toronto, and Commences Duties June 1st**

The trustees of the Hospital for Sick Children in Toronto have made the appointments for the house staff for the year beginning June 1st, 1907, and Peterborough persons will be interested to learn that A. W. McPherson, formerly of Peterborough, is given appointment, entering that institution on June 1st.

# ENTERTAINMENT BY ST. LUKE'S MISSION BAND

The annual box sale and entertainment of St. Luke's Mission Band will be held on Friday, May 31st, in the school room, when an interesting evening's entertainment is promised. Mrs. W. J. Scott, the president, has provided an excellent programme.

# MISS THOMPSON IS NOMINATED

**As a Candidate for World's Trip to Europe From This District**

For the Toronto World's Free Trip to London and Paris contest, Miss Birdie Thompson, of R. J. Soden's Bookstore, has been chosen as candidate to represent Peterborough, and, as she is the only one in the field for this district, her election may be considered a foregone conclusion. Miss Thompson is well known and a general favourite with the Peterborough public, and (will without doubt receive a generous support from her many friends and well-wishers.

## MRS. MARY GREGOVICH

**Of Philipsburg Montana. Tells How She Was Cured of Dandruff**

Mrs. Mary Gregovich of Philipsburg, Montana, under date of November 26, 1899, writes: "I had typhoid fever this summer, consequently was losing my hair terribly, and my head in places was perfectly bald. Newbro's Herpicide had just come into use in Philipsburg, and the doctor strongly recommended it to me. After three or four applications my hair stopped falling out, and is coming in again quite thick. I used to be troubled greatly with dandruff, of which I am now quite cured." Kill the dandruff germ with Herpicide.

**An Ideal Summer Resort**

To the seeker of health, rest, recreation or enjoyment, combined with simplicity and alluring beauties of nature, Muskoka gives the sojourner a charming vacation, not soon forgotten. Here the pleasure-seeker may vary each day of a long vacation by skimming over the water and rambling over rocks, and through wooded dells, abounding with health-giving air. Every lover of nature can find rest and refreshment in beautiful Muskoka.

Call at Grand Trunk Ticket Office and the agent will cheerfully help you.

# Music and Drama

A rather small audience was present last night at the concert in the Grand Opera House, at which Mons. F. X. Mercier was the central musical attraction. No doubt the unseasonable weather, which engenders disgust and discouragement and distaste for everything, largely accounted for the thin attendance. The excellent programme prepared for the occasion was, however, faithfully and artistically presented, to the delight of the audience. Mrs. W. J. Morrow, whose musical prominence and interest were influential in securing the presence of Mr. Mercier, deserves great credit for her efforts to promote the development of a taste for the higher qualities of music.

The concert opened with a group of Chopin pianoforte selections, performed in a finished and brilliant manner by Mrs. Morrow, whose work seems, at every hearing, to gain in executive and interpretative excellence. He second number, a Valse de Concert, by Weiniawski, was given in a very delightful manner, marked by charming airiness and daintiness. But, sparkling and graceful as was her solo performance, perhaps her most excellent work was done in the accompaniments, performed so faultlessly and with so great taste and sympathy. Mr. Mercier is a tenor robusto of beautiful quality of voice, subject to admirable control and employed with perfect method. His first number, Granier's "Hosanna," was sung with great fire and spirit, but with a just appreciation of its devotional elan, and afforded an admirable vehicle for the display of vocal qualities and artistic sense of the highest order. He was enthusiastically recalled, and responded with a very pretty sentimental ditty, of contrasting character, which received a justice which showed Mons. Mercier's catholicity of capability and musical equipment. For his second listed number — aria and recitative from the "Queen of Sheba," a De Koven composition of lighter vein, was substituted, and "Nina, Gitana", sung with admirable fluency and effect, earning for him a hearty recall, which was rewarded with a splendid presentation of "La Marseillaise," sung in a manner which explains how this grand national song so stirs the heart of a Frenchman. Mr. Mercier, by his work that night, justified all that has been said of his claim to rank with the leading living tenors. He has a grand voice, and knows how to sing. Mr. John King, the popular local basso, essayed a Handel number—"Why Do the Nations Rage?"—and sung it with so much acceptance as to be recalled, responding with "Under the Lattice." His second number was a rather good performance of Schumann's "Two Grenadiers." Miss Lavina Hallihan, a fine soprano, for her first number, chose a rather ambitious selection, the "Jewel Song," from Faust. She overcame its vocal difficulties with a facility which gives promise of creditable advance in her art. She also was encored, and sang "In May" with fine appreciation. However, better adapted to her voice was her second song, Arditi's dainty "Dalay." Miss Hallihan sang this with charming piquancy and sweet effect, doing it very creditable justice. Her naturally rich soprano, if developed by study, has splendid promise. Mr. James Tretheway of Toronto, the violinist, performed a selection by Hubay in a brilliant manner. His tone was, at times, beautifully clear and pure. His first number earned a warm recall, satisfied by an artistic performance of an arrangement of Scotch airs. His second number was a trio group—D'Ambrosio's Canzonetta, Thome's "L'Extase," and a Brahms-Joachim Hungarian Dance, played with sprightliness and spirit. The programme concluded with "God Save the King," sung by Mons. Mercier as a solo—a solo, for so entranced was the audience by his grand singing and interpretation of the National Anthem, that no one ventured to interrupt the delight by joining in the familiar refrain. One never hears this great hymn sung as a solo, and last night its performance was both a patriotic and artistic delight.

The pianoforte used by Mrs. Morrow with such splendid effect, both in solo and accompaniment, was a Heintzman.

# NEW FAST TRAIN FOR THE C. P. R.

**A New Transcontinental Service, Cutting Time Down by Twelve Hours, Arranged for This Summer**

The C.P.R. have decided to add a new, fast train to their transcontinental service, making three instead of two trains on Monday, Wednesday and Friday. The new train will be faster by 12 hours than either of the Imperial trains that now leave Montreal morning and evening for the West. It will cover the distance from Montreal to Winnipeg in 65 hours.

The Spirit of Bombatso.....
Rider Haggard
Whispering Smith.....Spearman
Our Lady of the Beeches.....
Von Hutten
Medical Annual, 1907.....

# FLOWERY FIGURES OF INTEREST

**Messrs. Jordan Bros. Have an Immense Supply of Plants and Flowers at Their Greenhouses**

**75,000 TOMATO PLANTS**

A visit to Messrs. Jordan Bros.' green-houses on Argyle street yesterday afternoon gave a representative of the Examiner the first real glimpse of summer that he has had this season. The contrast between the rather dreary aspect outside and long glass houses filled with the blooming plants was, indeed, a most pleasing one, and the scribe left the premises not only with a better conception of the immensity of the business being carried on by the firm, but also with more optimistic views regarding the coming of summer than he had had on entering.

Messrs. Jordan Bros. are never idle, and are constantly adding to the plant, with its result that the establishment is a surprisingly large one, comprising six green-houses that are simply crowded with flowers and and plants of all descriptions. For example, in one of these houses there are no less than 75,000 tomato plants waiting for the market. The firm have 5,000 boxes of flowering plants of all kinds ready to be transplanted.

The lover of the beautiful carnation will be glad to learn that there is little danger of his not being able to secure his favourite flower. The firm have 5,000 plants in bloom, and are able to cut between 400 and 500 blooms each day. In the green-house also are 10,000 vines, suitable for filling hanging baskets and urns. These are always in demand, and the firm have a plentiful supply. Neither is there any lack of geraniums, which the public will quite understand, when they realize that Messrs. Jordan Bros. have 5,000 plants in pots for sale, as well as 3,000 silver leaf geraniums to be used in borderings for flower beds. They have an apparently inexhaustible supply of salvias, fuschias, foliage, plants, etc., which are very popular.

There are also plenty of begonias, cannas and caladiums. Ready for planting in the fall the firm have 4,000 carnations plants, 4,000 chrysanthemums and 500 violets, so that there should not be any shortage in these lines. They have purchased some additional land south of the green-houses, and here the carnations will be planted.

It may be interesting to the public to know that the bedding of the parks by Messrs. Jordan Bros. requires no less than 10,000 plants, which gives some idea of the immensity of the business which they are carrying on.

# P. P. HOME DONATIONS FOR APRIL AND MAY

The Board of Management of the P. P. Home gratefully acknowledge the following donations for April and May:

Mrs. Hugh Davidson, clothing.
Mrs. (Dr.) Burnham, Toronto papers.
Mrs. J. B. McWilliams, chairs, clothing.
Mrs. McGill, reading matter.
Mrs. A. M. Harmer, reading matter.
Mrs. Halliday, clothing.
Mrs. Eardley-Wilmot, cakes.
Miss Lendrum, clothing.
Mrs. W. H. Moore, clothing.
Miss Nicholls, clothing.
Mrs. T. W. Robinson, clothing.
Miss Cameron, reading matter.
Mrs. Jackson, reading matter.
Miss Faur, reading matter.

# MARKET CLERK'S WHEEL WAS STOLEN

**Taken From Sidewalk in Front of Toronto Savings and Loan**

The bicycle snatcher has been getting in his work during the past few days, and seems to have taken the place of the dog destroyer. Reports state that several have had their wheels stolen. Last night Mr. W. A. Mollmoyle, market clerk lost a Brantford red painted bicycle, and has as yet received no traces of it.

His son left it against the pavement in front of the Toronto Savings and Loan Co., and on returning five minutes later it had disappeared. The police were notified of the theft and if the wheel is not returned there may be trouble.

# THEY ENTERTAINED THE MUSICIANS

**Mr. and Mrs. H. LeBrun Were Host and Hostess at Delightful After-Concert Party Last Night**

At the conclusion of the delightful concert last night, Mr. H. LeBrun, in pursuance of his well-known hospitable instincts, and Mrs. LeBrun, entertained Mons. Mercier, and the concert company, at supper, at their residence, Simcoe street west. The evening was spent in a most happy manner. Mons. Mercier, whose liberality in singing, corresponds with his ability, sang many songs. Mr. and Mrs. LeBrun were carried back to the happy days of the past by the singing of the dear old French chansons, so deeply interwoven with the life of the people of Quebec. As may be fancied, Mons. Mercier did fill justice to the old French-Canadian songs, and Mr. LeBrun acknowledges deriving valuable pointers from his splendid singing of "La Marseillaise." On the whole a delightful evening was spent. The guests by their entertainment, amply repaid Mr. and Mrs. LeBrun's open-handed and graceful hospitality.

# REGIMENT INSPECTION IS DELAYED

**Will Not Be Held Until After the Trip to St. Kitts**

The inspection of the 57th Regiment, Peterborough Rangers, will not be held until after the Battalion returns from St. Catharines on July 1st. Arrangements were being made to have the inspection before this but owing to the fact that Colonel Young, D. O. A., for No. 3 district, who will inspect the 57th regiment, going to camp, it had to be postponed.

Col. Young will inspect the Battalion, and Colonel Gordon, Kingston, the companies.

# MORE BUILDING PERMITS TAKEN OUT

**The Latest List Issued at the City Clerk's Office**

The building permits are not going out as rapidly as at first, but still a large number are being issued, and from present indications the total for the year will be very large.

Following is the list since Saturday last:

Mrs. J. Haggart, three house terrace on Lansdowne street; estimated cost $3200.

M. A. McNamara, double house on Townsend street; estimated cost $900.

W. H. Baker, three houses on Thomas street, estimated cost of each $2700.

W. S. Clark, kitchen, 633 Rogers street, estimated cost $50.

R. C. Braund, alterations to store, 53 and 55 Park street, estimated cost $225.

George Curtis, dwelling, Edinburgh street; estimated cost $1200.

Bradburn estate, alterations to 342 George street, estimated cost $200.

Robert Pollock, verandah, 90 Burnham street, estimated cost $50.

***FOR SALE.***

## MR. ANDERSON BROUGHT HERE

**Member for East Peterborough in the Legislature, Now in the Nicholls Hospital Here**

Last night Mr. William Anderson, M.P.P., for East Peterborough, who has been confined to the Cottage Hospital in Toronto, for some time, suffering from anaemia, was brought to Peterborough, and taken to the Nicholls Hospital. His physician today reported that his patient was very weak, and that, while the case was not considered as being immediately dangerous, he had been sick for a considerable time, and that he was in a somewhat serious condition.

Hopes, however, are entertained that with his removal to Peterborough and his return to more familiar surroundings his condition of health will improve.

## PRESENTATION OF THE OFFICERS' JEWELS

**Interesting Meeting of Court Chemong, I.O.F. Will be Held To-morrow**

The regular monthly meeting of Court Chemong, No. 530, Independent Order of Foresters, which will be held in the S. O. E. Hall, Hunter street, on Thursday evening, May 30th, promises to be of unusual interest and a good attendance of the members is looked for. Besides a number of new candidates secured by Bro. A. Bradshaw, D.S.C.R., for initiation, there will also be a presentation made to the Court of a set of officers' sashes, by Bro. G. W. Brown, D.H.C.R., on behalf of the High Court of Eastern Ontario, in recognition of their interest in increasing the membership. The Court will no doubt be pleased to have the sashes for the annual church service, which takes place on Sunday evening, June 16th, when the members and their visiting brethren will assemble at the S.O.E. Hall, and then proceed to the George street Methodist church for divine worship.

## THE ESSENTIAL TRAIN ORDER LOST

**Important Document Required At Myrtle Enquiry, Is Missing.**

**COOK SENT UP FOR TRIAL**

**Assize Court to Fix Responsibility for Railway Disaster at Myrtle—Counsel Objects to Whole Proceedings—Says the Company Should Be Indicted — Despatcher Had No Time to Copy the Order.**

Whitby, May 29.—The trial of Conductor J. F. Cook and Engineer Kyle, implicated in the recent Myrtle accident, when two trainmen were killed, began before Police Magistrate Harper yesterday morning.

Objection was taken by Mr. Robinette against the whole proceedings, in that under section 252 of the criminal code there is ample provision to prosecute the Canadian Pacific railway, instead of their employes.

Coroner Dr. Mellow, examined, admitted that train order which was put in as exhibit at inquest, could not be found.

After adjournment Mr. Birney of the Hotel Myrtle, where the inquest was held, told of the burning of some papers in the furnace after the concluding sessions of the coroner's inquest, amongst which probably was the missing train order.

Under objection the magistrate had Conductor Cook's evidence at the inquest read.

Station Agent Harrison told how he was busy trimming lamps and turning switches during the precious time before the fateful arrival of Cook's train, so that the despatcher did not get time to copy the order that would have avoided the accident.

On hearing the engine driver Hugh Kyle's evidence was read under the same objections as in Cook's case, Magistrate Harper dismissed Kyle, but committed Cook for trial at the fall sessions, accepting $500 bail.

### TORPEDO ON TRACK.

**Street Car Blown Up—Two Men Badly Injured.**

Chicago, May 29.—Two men were badly injured by broken glass and a score of others sustained slight injuries yesterday when a street car on the Calumet Electric Railway was blown from the tracks by a torpedo at 93rd street and South Chicago avenue.

The explosion lifted the car from the tracks throwing it into the roadway.

A rumor which found considerable credence was that the torpedo was planted with the original design of blowing up prospective passengers on the gambling boat City of Traverse, whose landing place is about a block away, the theory advanced being that it was planted either by religious fanatics or by rivals of the City of Traverse crowd.

### ROBBED ART GALLERY.

**Valuable Pictures Stolen Under Very Nose of the Police.**

London, May 29.—Almost under the noses of the police who were guarding the Royal Academy pictures now on exhibition in Burlington House, one of the private galleries in Bond street, just around the corner, was swept clean of its pictures during the night. The thieves got away with 55 canvasses without leaving a clue to their identity.

The pictures belonged to an artist who was to have opened an exhibition of them yesterday.

El Paso, Texas, May 29.—In spite of the fact that a similar charge was investigated and dismissed by a jury some time ago, another complaint has been filed with U. S. District Attorney Llewellyn of New Mexico, that a tribe of Indians in that territory are given to the worship of an enormous serpent, to which is fed the new-born babes of Pueblo village, in which it is housed, and carefully tended and guarded.

### Resolution Condemning Terrorism.

St. Petersburg, May 29.—Advantage was taken yesterday of the absence of Conservative leaders from the Lower House of Parliament to bring up the resolution condemning terrorism, and the House decided, by 219 to 146 votes, to table indefinitely the whole discussion; which is one of the most burning questions before Parliament.

## WAS MURDERED FOR HIS MONEY

**Aged Priest Had $2,000 in His Possession.**

**WAS NOT REVOLUTIONIST**

**Father Vartarian Kept Aloof From Secret Societies—Robbery the Motive For the Crime—Three Men Suspected Whose Arrest Is Imminent—Victim Well-Known All Through United States.**

New York, May 29.—With the police of a score of cities searching the Armenian colonies in their jurisdiction, and every available man on Captain McCafferty's staff working in New York City, it is expected that the three men suspected of the murder of Father Kaspar Vartarian, whose body was found in a trunk on Sunday, will soon be in custody.

It is believed now that Father Kaspar was murdered in Hoboken. The last time he was seen alive in Manhattan he was walking towards the West 42nd street ferry with a man answering Ermoylan's description and a woman.

Robbery is now considered the sole motive for the crime. Deliberate, atrocious murder for the sake of two thousand or more dollars the miserly, itinerant, begging priest carried is the sole theory on which the police are now working or have been working from the start, as a matter of fact. Vartarian was too cautious to involve himself with any of the Armenian revolutionary societies who carry on continuous intrigue against the Turkish Government.

Friends said Monday that he must have had about $2,000 in his possession when he was killed, for he could not be induced to entrust his hoardings to any bank. When he got too much money to safely carry he would send it home.

### HAD FINANCIAL WORRY.

**Reason For Double Tragedy At Bright Found.**

Woodstock, May 29.—It is now almost an established fact that the tragedy at Bright Village, in which William McKie, the druggist of Kalamazoo, Mich., who returned unexpectedly and killed his aged mother, and then suicided, was the result of financial difficulties.

McKie only bought a single-fare ticket, was in a very non-communicative frame of mind when he arrived, and burned all the late letters which he had written to his mother, and which might have told of his uneasiness over the growing seriousness of his position relative to the mine speculations.

He had lost all his mother's money as well as his own, had mortgaged the home, and was in the hole with his business for nearly two thousand dollars, and had contracted large loans from friends in Kalamazoo, which he never hoped to recover from.

It was the Rapid Mining Company of Boise, Idaho, that McKie was connected with, he having been a director and vice-president. He had gotten friends to invest in the stock also.

### Almost Choked to Death.

St. Catharines, May 29.—Neil McCann of Merritton had a narrow escape from death. He had been eating some corned beef, and a good particle became lodged in the oesophagus.

Dr. Herod of Thorold was called in and succeeded in probably saving his life by forcing the obstacle out of the throat.

### To Live With Mrs. Wm. Thaw.

New York, May 29.—Mrs. Evelyn Nesbit Thaw has, with her mother-in-law, Mrs. William Thaw, taken up her home in a house in Park avenue, near Fifty-ninth street.

There the two women will remain in seclusion for the summer.

### Bribers Employing Police.

San Francisco, May 29.—Assistant District Attorney Heney said yesterday that it had been discovered that the police force was being used in an attempt to reach prospective jurors and witnesses in the prosecution of alleged bribers.

## BURNS TO COMPETE IN LONG RACE

**Former Peterborough Runner, Now in Calgary, Coming to Ottawa to Run in Y. M. C. A. Race**

The Ottawa Citizen of yesterday contained a reference to Art. Burns, a famous long distance runner, who a few years ago lived in Peterborough, and gave evidence of his ability to win long-distance events here. The Citizen says:

Art. Burns, Ottawa's famous long distance runner, is practically certain of coming back to the capital to compete in the big five mile race that is to be run in connection with the annual sports of the Y.M.C.A., of Canada, at the Summer Carnival, in July. Burns is now at Calgary, where he has been winning new laurels and has written for information concerning the race that Ottawa is to have as the feature of the big athletic event. Tom Longboat, Adam Henry, Lebar, Petch, Shipman and other runners from Toronto and Montreal, are to compete, as well as Eddie Williams, Harold Nutting, Romeo Gorouard, Jack McKenzie and other local men. Burns has not been defeated since he left Ottawa and his next race will be at Victoria in June.

Burns has been away for two years and will be welcomed back by his many friends in the capital. He will run under Calgary colours, and will return to the west immediately after the carnival. Burns is one of Canada's cracks, and will be among the favourites in the big event.

## FALL RIVER TEAM AT PRACTICE

**Lovers of Football Should Not Miss the Big Game To-night**

The "Pans" had a good workout last night and this morning on Riverside Park in preparation for their second last Canadian game this evening against the Quakers. The Fall River team are certainly clever performers. They use their heads, in both senses of the word, and play great association football.

Manager Murphy has collected a superb aggregation of kickers, who have probably obtained a reputation unparalleled by any on the continent. The team is accompanied by Harold Crook, secretary of the New England League, and Herbert Ashworth, president of the Fall River Junior League.

The twenty players with the team, are, with the exception of two men, native born Americans, who learned the game in Massachusetts.

The "Pans" leave the city to-morrow morning by Grand Trunk for Montreal, where they meet the Westmounts on Saturday. That will be their final game in Canada, and on Sunday morning leave for their homes and their fair friends in Fall River city.

The players are requested to be on the Riverside grounds, East City, this evening at 6.45 o'clock, as the game begins sharp at 7 o'clock. Mr. J. E. Sullivan, secretary of the Midland League, will handle the ball. A slight change of the Quaker line-up was made by the Executive Committee last night from that published yesterday. Their team will be:—

Goal—McFadden.

Backs—Doris, Evans.

Half-backs — R. Best, Fitzgerald, Archibald.

Forwards—Coleman, E. Best, Huston, Grough, Baker.

## MEETING OF INTERMEDIATE BASEBALL LEAGUE

**Adjourned Until Thursday Evening—Protest Was Not Dealt With**

A meeting of the Intermediate Baseball League was called at the Y. M.C.A. last night, but two of the teams were not represented which shows all the interest they have in the league. The Strathconas, Excelsiors, Karnots and West Ends were present and each team paid their admission fee. These teams were strongly indignant with the two renegade teams and thought they should display more live interest in the affairs of the league. To show that they will not allow such conduct to continue, a resolution was passed that another meeting be called and those teams not represented will be excluded from the league. A protest was received from the Excelsiors stating that Kendry and Weatherstone played in the last game contrary to the first law of the league. This matter of each team doing as they see fit should not be tolerated, as there will be nothing but protests and confusion through all the games. The Strathconas knew that the two men objected to had not been accepted and they might have anticipated trouble. All the other teams have good men whom they would like to enter now and if it is fair to one it is surely fair to all. Something definite should be done at the next meeting and a regular rule set for such happenings.

The Lakeviews have since handed in their subscription to the Secretary-Treasurer, Mr. F. D. Craig.

Makers Berlin

## STRATHCONAS HERE ON SATURDAY

**Local Fans May Look Forward to a Good Game**

The Peterborough fans will be given an opportunity of seeing another good ball game on Saturday afternoon at Riverside Park when the speedy Strathconas of Toronto will be here to meet the locals. Word was received from the Queen City bunch today that they will be on hand with their strongest team and expect to show the Arctics up by beating Peterborough. The locals will have something to say before they go down to defeat however, and a great game may be looked forward to by the local fandom.

## CLUBS WERE ASSIGNED THEIR PLAYING GROUNDS

**Meeting Held on Nicholls Oval—Two Tennis Clubs Represented**

A meeting of the various Clubs playing on the Nicholls Oval was held on the grounds on Monday evening to decide the places apportioned to the different clubs. The Nicholls Oval and the St. John's A.Y.P.A. Tennis Clubs, and the Cricket Club were represented. The two former decided to play on the north-east side of the oval, each getting space for 4 courts. The Cricket Club will play on the ground to the east of these.

Those present were Mr. C. E. Sisson, Mrs. Devey, Miss Dawson, Mr. N. Lee, Mr. J. S. Bell, Mr. C Hill and Mr. H. Hall.

## A GAME ARRANGED WITH ST. ANDREW'S

**Some Good Ball Games Are in Sight for the Locals**

The Peterborough baseball club has made arrangements with the St Andrew's, of Toronto, for a game here on Saturday, June 8th. The St. Andrew's nine is a very strong one and will make the locals go all the way to win out.

It is probable that a game will be played here on Saturday between the Strathconas of Toronto and Peterborough. The Straths, have about as fast an amateur team as there is in Toronto and a good game may be looked forward to.

## WILL GO TO OMEMEE ON SATURDAY AFTERNOON

**Intermediate Quaker Team's Attention Called—Practice To-morrow Evening**

The Peterborough Quaker Intermediate team will go to Omemee on Saturday afternoon instead of on Friday evening. This change was made from a request of the Omemee Club as a number of their players can not get off on Friday evening. The Quakers will probably go by 'bus, leaving the city Saturday afternoon at one o'clock. The game will be called for 4 o'clock.

The team will practice to-morrow evening on the Exhibition Grounds.

### FOOTBALL

Campbellford will play Warkworth in the Intermediate Midland Football League game on Saturday in Warkworth.

• • • •

Last night at Warkworth a game in the Intermediate series of the Midland Football League, between the home team and Hastings, and Warkworth was the winner, the score being 5-0 in a good, clean game, no player being ruled off during the whole game. Mr. Cox of Campbellford acted as referee.

### BASEBALL

The remaining parts of the games in the Intermediate League, that were played on Monday, will be finished to-night. The same umpires are requested to be on hand and enforce clean ball.

### BOWLING

A meeting of the Peterborough Lawn Bowling Club will be held in the Dominion Bank Chambers this evening at 8 o'clock. The rinks will be chosen at to-night's meeting.

### CRICKET

A full practice of the Cricket Club is called for 6.30 at the Nicholls Oval. All members of the club are asked to be on hand for this practice.

### A Close Call

To-day a gentleman from Smith township had a rather exciting few minutes. He and his equipage came in contact with a street car and there was a momentary mix-up resulting in a trifling damage to the harness. It was nevertheless a pretty close call.

## LAID PLANS FOR THE 10TH CAMP

**Outing for Boys of the Y. M. C. A. This Year Promises to be the Best in History of the Association**

**COMMITTEE ARRANGING IT**

At a meeting of the Boys' Committee of the Y.M.C.A. held last evening, plans were outlined for the Tenth Annual Boys' Camp to be held at Sandy Point, Clear Lake, from July 11th to 25th. The arrangements for the comfort and enjoyment of the boys have steadily improved from year to year, and this year they will well nigh reach perfection.

Many new features of interest will be introduced, which will be referred to in the announcement, soon to be issued. The cost of the two weeeks' outing will be $6.00 or $4.00 for a single week; this will include transportation, food, boats, etc., also the tour on the Stony Lake before the close of the camp. To add to the sleeping accommodation, all the tents will have wooden floors in order to keep off the dampness.

The camp will be in charge of Messrs. Dingman and Williamson, assisted by a group of capable leaders. Mr. Dingman will be a tower of strength to the camp, as it is three years since a physical director has been in attendance.

The confidence the parents have in the leaders was voiced by a prominent business man yesterday, whose son attends the camp this year for the third time, when he said, "I do not worry about him because you give him better care than I could do."

The boys are making a special effort just now to secure funds for the camp lot, and ask the co-operation of friends in the plans they have suggested to attain this desired object. The Tenth Camp will no doubt be the best ever held.

## THE BAND WILL GIVE A BENEFIT CONCERT

**Salvation Army Will Help an Unfortunate Comrade by Concert To-morrow Night**

To-morrow night the Salvation Army Band will give a benefit concert in the Barracks, the proceeds of the concert to be devoted to the fund for helping a member of the band who has been ill and who has had considerable sickness in his family. This act of consideration on the part of the bandsmen deserves, and will no doubt receive, generous support.

Put the Blood in Condition

BY THE RESTORATIVE BLOOD-FORMING PROPERTIES OF

Dr. Chase's Nerve Food

It is weakness that causes most of our sufferings — weakness of the heart, weakness of the stomach, weakness of the liver, kidneys and bowels.

The result is feeling of langour and depression, and impaired action of the vital organs, headaches, indigestion, spells of dizziness and weakness, sleeplessness, irritability, and a general rundown condition of the system.

Put the blood in good condition by the use of Dr. Chase's Nerve Food, and you have a foundation for health to build on. Weakness and disease will give way to new strength and vigor, and angour and discouragement will yield to no hope and happiness.

Mr. Fergus Conn, Lily Oak, Ont., writes:—"As a result of the severe winter and an attack of la grippe, I was all run down this spring. I soon improved very much by using Dr. Chase's Nerve Food. My appetite is better than it has been for years, and though sixty years of age I am able to do a man's work on the farm following a team. I believe that I owe my good health to the use of Dr. Chase's Nerve Food."

Mrs. Geo. Battie, Carr's Brook, Colchester Co., N.S., writes: — "Last spring I was very much run down, felt tired all the time and did not seem to have life or energy enough to do my work. Three boxes of Dr. Chase's Nerve Food did me a world of good and made work a pleasure to me. I have not had occasion to use any medicine since, and have recommended Dr. Chase's Nerve Food to all my friends.

"We always keep Dr. Chase's Kidney-Liver Pills in the house to be used for constipation, pains in the back and stomach troubles."

By means of good blood only can Nature make weak people strong, and Chase's Nerve Food is composed of the most powerful blood-forming elements known to medical science. Every dose is bound to be of some benefit to you; 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. 10

# News Of The City And District.

Weather To-day and on Thursday—Light to moderate, variable winds, fair and warmer.

### At Their Cottage

The Bates family from New York have occupied their handsome cottage on Jacobs' Island for the season.

### Board of Works

The Board of Works Committee of the City Council will meet to-night, when routine business will be taken up.

### Rubber Pads

The best thing out for horses' feet. $1.00 a pair. F. L. Robinson, Vet. Surgeon, agent for Canadian and American pads. 2d-wa-1w.

### Piano Tuning.

Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonel street. Phones, Bell, 199 A; Machine, 199.

### President to Speak

At the prayer meeting in the Charlotte street church to-night Mr. Horsley, president of the Epworth League, will give an address.

### Trustees Meet

Last night there was a meeting of the Trustee Board of the Mark street Methodist church. Nothing of public interest was done at it, however.

### Nordheimer Pianos

Catalogues and full information regarding Nordheimer Pianos, at McDermid & Jury's drug store. It will pay to see these pianos before purchasing. 1m111

### That Soiled Suit

That suit, with soils and spots on it, will take on all the freshness of a new suit if sent to "My Valet"—cleaned, pressed and repaired, ready for the summer. Wesley Bros., 204 Charlotte street.

### Further Enlargement

The only case that was on the books at the Police Court to-day was that of young Rowland, who is charged with having assaulted Charles Stevens. The case was enlarged for one week.

### Minstrel Show

The dates for the Minstrel show, to be given as a benefit to the Lacrosse Club, have been arranged. It will be held in the Grand Opera House on Tuesday and Wednesday, June 11th and 12th.

### Seats Reserved

The diagram of parlour car, which is attached to local Canadian Pacific train leaving Peterborough at 8 a. m., for Toronto, is now held by W. Mollroy, city passenger agent. Seats on the parlour car can now be reserved on application to him. 6d123

### Absolutely Pure

We shall have a small quantity of pure maple syrup which we are selling at a reduced price. Only one dollar per gallon, while it lasts. S. A. OKE, both phones, 17, 376 George street.

### Business Meeting

The members of St. Luke's W. A. are reminded of the monthly business meeting to be held to-morrow afternoon at 2.30. Reports will be submitted by the delegates to the annual W. A. meeting recently held in Toronto. This is also the closing meeting of the season. Refreshments will be served after the meeting.

### The Truth About the Baby

Carriage business is that the Peterborough Bookstore's bold stroke of twenty per cent. off all carriages has caused a rush for the best choice. Only twenty little equipages now left to dispute their claims with eager mothers, at the one-fifth off in discount. A. H. Stinston & Co.

### Call at the Oriental

Why suffer with your feet when you can get instant relief and a permanent cure, from corns, bunions, ingrowing toe-nails, and all diseases of the feet. Satisfaction guaranteed. W. Claygone, foot specialist, room 25, Oriental Hotel. Engagements also made for special treatment at your own home. Look after your foot, NOW.

### New Time Table

A new time table has been issues by the C.P.R., and will go into effect early in June. It is understood that the trains will all leave earlier than at the present time, the noon express reaching Peterborough at 11.14 in future, and the afternoon express will also be earlier. The time table will be announced in a few days.

### Terrible Railroad Wreck

Hundreds killed! Last day to see this thrilling series of moving pictures, this afternoon and evening. And also the wonderful Cavalry Horses. Something extraordinary. Remember, extra change Thursday: new programme, "The Teddy Bears in the Enchanted Forest." Bring the children to Scott's Colliseum. Admission—5 cents. Matinee, 2 to 5; evening, 7 to 10.

### Where Are You Going Too Spend the Summer?

Many over-worked, tired business and professional man would "take to the woods" for their vacation if they knew definitely where to go, the localities which furnish the best hunting, fishing and touring; now to go, and what to take, and the cost of the trip.

This all takes time, and the busy man of to-day has none too much time to devote to his vacation. To those undecided we might suggest Muskoka, Huntsville, Lake of Bays, Temagami, or Algonquin Park.

Call at Grand Trunk Ticket Office and ask for illustrated literature to help you to decide.

### Sale of C. B. McAllister's Property

Remember the sale of the beautiful home and building lots of Mr. C. B. McAllister, East City. This is one of the best bargains in real estate that has been before the public in years. At the same will be sold the stable equipment, including buggies, cutters, harness, etc., also two gasoline launches. The sale of the household furniture has been postponed until a date to be announced later. Parties intending to purchase any of the properties may view same previous to the sale, which takes place on Friday, May 31, at 2 o'clock sharp.

JOHN HAGGART,
2d Auctioneer.

## Personal Mention

Clothiers and Furnishers to Men Who Know.

409-411 GEORGE STREET, PETERBOROUGH

## HOW ZAM-BUK SAVED A GIRL'S ARM

The great healing and antiseptic power of Zam-Buk, the favourite household balm and salve, is well illustrated by the following occurrence. Miss Saddington of Huntsville, Ont., is the subject, and she says: "I had a scalded arm which 'went the wrong way,' and began to swell very badly. The pain from it was terrible and when I went to the doctor he said that it was blood poison. For ten months I was very bad with it. I tried all sorts of remedies but could not get relief, to say nothing of cure.

"One day in the house of a friend Zam-Buk was recommended to me. On my friend's recommendation I applied some Zam-Buk that same night. To my delight when I awakened next morning my arm was much better. I therefore continued with the treatment regularly. In three weeks the arm was quite well and I have never felt any trace of pain from it since. It is now some months since it was cured, so that it is evident the cure was permanent.

Since that time my friend's husband cut his arm. This wound also turned to blood poison. Zam-Buk was applied and in this case also a complete cure was effected."

Zam-Buk is just as effective when used for cuts, burns, sores, skin eruptions, pimples, boils, bad legs, varicose ulcers, eczema, etc. Just put it on to that cut or scratch, or blister, or sore, and note how quickly it takes out the soreness and heals! All druggists and stores sell at 50 cents a box, or from the Zam-Buk Co., Toronto, for price, 6 boxes for $2.50. There is nothing just as good.

## MR. DAVIES' PUPILS' SPLENDID RECITAL

### Young Musicians Delight Their Friends —Recital at Davies' Home

### VERY CAREFUL TEACHING

A recital given by Mr. Alfred Davies' pupils of the piano, assisted by several of Miss Helen Davies' pupils, was an unqualified success. The spacious drawing room and hall proved inadequate for the large number of the friends of those taking part and every available position was occupied. The programme was an extensive one but so varied that monotony was never thought of.

The pupils were, with one exception, juniors, and have not, as yet, appeared in a public place, the most of them being quite young. The numbers were tastefully selected and the pupils invariably gave an interpretation that left nothing to be desired. The result of their studies was a surprise to their friends, who expressed their pleasure to their capable teachers, who must have taken great pains with the children in bringing them to the excellence they have already attained.

The individual selections reflected credit on the pupils themselves, while the numbers collectively demonstrated that the methods of the teachers are practical and thorough. Rather difficult passages were taken by the juniors with ease and expression was a feature of every number.

The programme consisted of the following:

Heller, piano solo ... ... Avalanche
Miss Amy Wise.
Selected, piano solo..... ..... ..... .....
Master Gordon Matthews.
Ludovic, piano solo...Tarantelle in E Minor
Miss Kathleen Kincaid.
Behr, piano solo... ...Blondette Polka
Miss Lily Noble.
Beethoven, piano solo...Sonatina in G
Miss Odee Dutton.
Mascheroni, song... The Lake of Love
Mrs. W. A. Mowry.
Lichner, piano solo... ..... .....Home
Miss Flossie Hall.
Blake, piano solo, Bride of the Wind, March
Miss Madeleine Morrison.
Lange, piano solo.... ...Evening Song
Miss Minnie Squair.
Roeckel, song ... ...A Summer Shower
Master Rob Langford.
Cramer, piano solo... ...Le Desiderio
Miss Mabel Hooper.
Pieczonka, piano solo...Tarantella in A Minor
Miss Ruby Clegg.
Lange, piano solo... ... ...Water Sprite
Miss Genevieve Sanderson.
Massenet, piano solo... ...Aragonaise
Miss Lila Tully.
A. L. Brown, piano solo, On Loch Lomond
Miss Gladys Cameron.
Voss, piano solo ... .... L'Innocence
Miss English.
Heller, piano solo ...Tarantella in A Flat
Miss Georgie Gumpricht.
Herold, piano duet, Overture to the Opera Zampa
Misses Katherine Burnett and Miss Frances Routley.
Selected, song..... ... ... ... ..... ... ...
Mr. K. Shook.
Schumann, piano solo...Nachtstucke No. 3, Op. 23
Miss Helen Howson.
Mendelssohn, piano solo... ...Spinning Song
Miss Muriel Gladman.
Durand, piano solo... ... Waltz in A Flat
Miss Kate Manning.
Raff, piano solo...Tambourine Op. 204 No. 6
Miss Gertrude McCollum.
Sidney Smith, piano solo...Le Harpe Eolienne
Miss Katheryne Burnett.
God Save the King.

Particular mention might be made of the piano duet of the "Overture from Zampa," played by Misses K. Burnett and Frances Routley. It was splendidly rendered and was one of the best selections. Miss Helen Howson's number, and Miss Burnett's closing piano solo, were typical of Mr. Davies' teaching and of course clearly demonstrated the natural talent of these young ladies. Many of those performing at the musicale will be heard at the next public recital given under Mr. Davies' direction.

## A JOINT FUNERAL WAS CONDUCTED

### Members of Court Chemong, I. O. F., and Otonabee Lodge, of Oddfellows, Buried Late Charles Beauclere

The funeral of the late Charles Beauclere took place this afternoon from the residence of his brother-in-law, Mr. Chas. Adams, East City, under joint Oddfellow and Forestery auspices. The deceased was a member of Otonabee Lodge of Oddfellows and of Court Chemong, I.O.F., and representatives from both of these societies attended the funeral. The service at the house was conducted by Rev. E. A. Langfeldt, rector of St. Luke's church, of which deceased was a member.

The pall bearers were Messrs. Goodenough, Weber and Murdoff, of Otonabee Lodge, and Messrs. Geo. McKee, F. C. Rook and J. W. Byers, of Court Chemong. Mr. Wm. Miles, C.R., and Mr. A. Allison, P.C.R., of Court Chemong, and W. H. Roberts, N.G.; E. G. Poole, V.G., and W. G. Freeborn, P.G., took part in the service.

## ANNUAL ROLL CALL ON THURSDAY NIGHT

The annual roll call of the Park street Baptist church, will be held to-morrow night. Tea will be served commencing at 6.30, and this will be followed by the roll call at 8 o'clock and the covenant service. Rev A. E. Brace, the pastor, will preside, and each member is expected to respond to his name with a Scripture quotation. To-night a preparatory service will be held.
